SPENDING MORE MONEY

The majority block of the city council, on advice of the city attorney, voted today to spend more of the city's money to fight their political battles for them when they instructed the attorney to fight the injunction granted by Judge Barker.

The injunction restrains them from paying attorney's fees and court costs of the recent recall case on the grounds that the services were rendered for the sole purpose of contesting the litigation in the individual and personal interest of the three councilmen for the purpose of retaining their offices as members of the city council.

This position was taken by the Times and has been maintained since the case first started. Our contention has been and still is, that the city as a corporate body has no interest in the recall action. We grant the three councilmen a right to defend themselves in every court of the land—provided they pay their own bills. But we do not willingly grant to any man or set of men a right to draw checks on the city to pay bills that they should stand for personally.

The mere fact that these men have the city's bank card in their disposal, and that the three constitute a majority of the city council and can pass for payment of these bills, does not make it either legally or morally right for them to pay them out of city funds.

The petitioners asking the recall election are paying their own bills—and yet they have as much right in one sense of the word, to ask the city to pay them as the individual members of the council have. That money was raised by taxation for specific purposes, and it is solely needed for those purposes. An attempt of any of this money for such purposes only serves to further justify the original action asking their recall.

Musical Comedy At High School

On Friday night, April 29th, at 8 p. m. the P. T. A. will present "See You Later," a delightful musical comedy, at the high school auditorium.

Under the capable direction of Miss Opal Hall, representing the Thrift Producing Company of Greensboro, N. C., one of the most attractive young men, young ladies and little tots are fast working into shape the big hit musical comedy. We consider our own city's fortune in having Miss Hall with gratification and delight in working with the splendid talent of our city. Needless to say, the best dramatic and musical talent in the city is taking part in this popular new musical hit.

Too much cannot be said about the ridiculously funny laugh producing parts in the play taken by our own Mattie Brown, Myrtle Jones and McKee Elwell. We have seen these folks behind the footlights before and their presence along with any play would be enough to make it successful. In saying this we are not discounting one bit the wonderful dramatic ability of the more serious parts taken by such well-known local artists as Harry McFerrin, Wensado Brown, Paul Garber, Christine Reeves and Claude Daley.

There are numerous choruses of attractive girls arrayed in snappy costumes fitting around the stage to catchy dance tunes.

Those in the mixed chorus are Barbara Weaver, Ethel Clark, Inez Dawson, Grace Rodick, Eddie Clark, C. B. Martin, Roscoe Bass, and Francis Roberts.

Last but by no means least are the unique choruses by the juvenile talent of our city.

Ticket committees are reporting very satisfactory sales and indications are that "See You Later" will show to a packed auditorium.

COMMISSIONERS APPOINTED TO HANDLE RELIEF

City Council Names New Organization To Act As Central Committee

The City Relief Commission, a semi-official committee for directing all relief work in the city, was appointed by the city council Tuesday night. O. R. Perry, F. M. Smith, R. F. Sappington, W. W. McFarland, Mrs. W. D. Dornier and Mrs. J. M. Lee were appointed on the commission.

The commission was brought into existence at the request of Dr. A. P. Vaughn, representing the ministerial association; Dr. W. A. Davidson, president of the chamber of commerce; and O. R. Perry, representing the United Charities organization. These gentlemen appeared before the council and explained the need of such a commission to handle all charity and relief work of the city.

The new organization is non-sectarian and non-political in nature, and its purpose will be to direct all charity and relief work of the city as a central committee, appointing sub-committees from all civic, fraternal and church organizations.

O. R. Perry made the suggestion that the commission would take the place of all other charity organizations now operating in the city, and that the United Charities organization of which he and Mrs. W. H. Yates have been active leaders would give way to the new body.

The first meeting of the commission has been called for Friday evening, April 22 at the chamber of commerce rooms at the city hall at 8 o'clock.

It was agreed that the chairman of the city council would fill any vacancies in the commission that might occur from time to time.

May 21 Last Day To Pay Poll Tax; Many Are Still Unpaid

ACCORDING to advice received by Tax Collector D. F. Canfield from Attorney General Cary Landis, Saturday, May 21, will be the last day for the payment of poll taxes for voters to qualify to participate in the primary election on June 7.

There have been very few poll taxes paid to date, Mr. Canfield says. Out of approximately 2,500 registered voters, only about 400 have paid their poll taxes so far, he says and he suggests that all voters get to this matter at the earliest possible date and not leave it until the last minute as is usually the case.

The last day to register for the primary election is Saturday, April 30 and the registration books are open every day, except Sunday, at the Supervisor of Registration W. L. Long in the court house.

County Committee Passes Resolution Giving Unanimous Endorsement

Gov. Franklin D. Roosevelt of New York was unanimously endorsed for the Presidency of the United States by the Highlands County Democratic Executive Committee at their meeting Tuesday afternoon. The endorsement was made following the introduction of a resolution by the committee who vacated the chair for the purpose. The resolution was passed without a dissenting vote and read:

Whereas it is necessary to elect a president for the United States next November and whereas several Democrats have been mentioned as probable candidates for the presidency on the Democratic ticket, and further, whereas it is essential that the Democrats nominate a man who is well qualified to serve as president of this great government, and one who understands the needs of the American people and will use his best endeavor to relieve the economic depression now existing throughout the entire country, therefore be it

The Democratic committee also decided to hold a picnic at barbecue at Venus, Sunbury and Avon Park and Sebring, the latter to be a joint affair to be held some between the two cities. Commissioners Bills for Recall Discuss New Road

Negotiating For Right of Way To Rebuild Road Eight North

The right of way for the rebuilding of the road between Sebring and Avon Park occupied the attention of the county commissioners at their meeting Monday. From the reports submitted it appeared that a large portion of the right of way was owned by private parties, given especially in the center and on the north end of the nine mile stretch. At the south or Sebring end progress has not been so rapid and commissioners thought some of the property owners were asking excessive amounts. In several instances the proposed new route cuts across lots and the board conceded the owners should have some compensation, but disliked the idea of being "held up."

Negotiations will be continued looking toward the co-operation of all property owners along state road 8, north, in order that the state road department may start the rebuilding program as soon as possible. The county has the right of way before the work will be started. When finished the road will be expected to rank with the best in the state and will be of great value to all property bordering on or adjacent to it.

The new route will eliminate a number of curves entirely and flattening the road much safer for travel. The right of way will be considerably wider than at present and the work will be done to conform with Federal specifications in order that the road will be entitled to Federal aid. The future plans are under way to have the Federal government designate the road as a through route to West Palm Beach through the scenic Highlands as a Federal highway.

He was accompanied by Harry Fitzgerald, editor and John Hall, advertising manager of Florida Fishing.

ORDER STOPS PAYMENT BY CITY COUNCIL

City Attorney Will Answer and Ask Injunction Be Dissolved

Circuit Judge W. J. Barker granted an injunction Friday morning restraining the mayor and the city council from paying F. T. Haskins and J. N. Ball, for services as attorney and court reporter in the recent recall case.

The action was brought by Harry Dilley, following the approval by the city council Tuesday night of a bill from Haskins for \$500 for legal services. The bill was approved and \$250 was ordered paid immediately. At a former meeting the council voted to pay J. N. Ball \$100 on his fee as court reporter, and \$250 to Harry Dilley on a bill secured by the council to appeal the case to the supreme court.

The checks for the amounts were prepared but Mayor M. E. Covington refused to sign them. A special meeting of the council was called for this afternoon to consider the matter, presumably to devise some way of paying the money without the mayor's signature. However, before the meeting was held the mayor and councilmen were served with the restraining order, and instead of the expected discussion of the bills, the council voted to instruct City Attorney S. C. Pardee to defend them in court.

The city attorney stated that he would file an answer and motion to dissolve the injunction. The only point involved, he said, was whether or not the city had authority to employ additional counsel.

The restraining order reads: "It is ordered, the judge and decreed that the defendants, the City of Avon Park, its officers, servants, agents, and employees, and M. E. Covington, mayor of said city of Avon Park, and the city council of the City of Avon Park, be and they are each and every of them restrained and enjoined from paying, either by check or otherwise, any of the funds of the City of Avon Park to F. T. Haskins or J. N. Ball for services rendered as attorney or as court reporter in the case of State of Florida, ex rel Oscar E. Wolf versus City Council of the City of Avon Park, or for services rendered or to be rendered in said litigation."

The order also sets forth in said opinion of the court that the laws in this respect were being disregarded, and the clerk was instructed to bring this to the attention of the mayor.

Locals Lose Game To Okechobee, 4-3

Okechobee took a 4-3 decision from Avon Park Thursday afternoon. The locals journeyed over to the lake minus the services of four regulars, but in spite of the handicap put up a first class game.

Bass pitched shut-out ball until the sixth inning, and his mates had a 2 to nothing lead going into the sixth, but a walk, a single, an error and a home run by Sherman gave Okechobee three runs. They made another in the seventh, which was enough to win. Avon Park scored in the second, fourth and eighth, but with men on bases in nearly every inning were unable to put over the necessary runs.

The score: B. E. H. E. Avon Park 010 100 010-3 7 3 'Chobee 000 005 100-4 7 1

Beautification Meeting April 30

Semi-Annual State Conference
To Be Held at
Sanford

Groveland, April 20.—More beautiful towns, cities and communities; attractive highways; preservation of natural scenic spots are some of the suggestions to be discussed at the Eighteenth Semi-Annual Conference on Beautification to be held in Sanford April 30, under the auspices of the Beautification Committee of the Florida State Chamber of Commerce.

Under the direction of J. Ray Arnold, of this city, the State Chamber Committee has developed a state-wide plan whereby all organizations, civic and commercial, as well as individual citizens may combine their efforts to take advantage of Florida's inherent possibilities for Beautification.

Men and women of Florida who for years have been engaged in practical Beautification projects, will discuss what they have done and the results they have obtained. Business men of Florida will point out the intrinsic as well as aesthetic value of beautification.

"We feel a genuine state-wide consciousness in the interest of beautification," said Chairman Arnold in discussing the plan for an organized county-wide unit, which has for its objective a systematic beautification.

In advancing the organization of a county unit, a vehicle is provided where by chambers of commerce, service clubs, school groups and particularly the public schools, and the individual, may carry out a unified plan. This will take advantage of the respective beautification possibilities of the several communities and sections," continued Chairman Arnold. "From one end of the state to the other the Beautification Committee has had enthusiastic response to its suggestion. A number of municipalities have already reported their progress and organization set up. While progress is slow, it will be permanent and productive of emphasizing what can be done through practical, systematic plans of planning."

Through the office of the State Chamber the Committee is issuing an invitation to every person in Florida who is interested in Beautification to attend this one-day conference and participate in its program.

The personnel of the Beautification Committee, sponsoring this eighteenth semi-annual event, follows:

J. Ray Arnold, Chairman, Groveland; Mrs. Joseph B. Elmer, Orlando Beach; H. Harold Hume, Glen St. Marys; Mrs. Jack Pryor, Haines City; Mrs. A. B. Whitman, Orlando; Lorenzo A. Wilson, Jacksonville; Mrs. S. B. Bohrer, Miami Beach; J. D. Ingraham, Jacksonville; Mr. Russell A. Field, Cocoa; Mrs. M. L. Stanley, Daytona Beach; Mrs. W. S. Jennings, Jacksonville. Mrs. Jennings is immediate past chairman of the group.

How to play Bridge AUCION CONTRACT

ARTICLE No. 24

In the play of the hands at Auction and Contract there are numerous opportunities to make good plays, but the most important one of all is the winning of the trick that scores game or saves it. For example, suppose the declarer is playing spades and it is easily possible to make three odd but there is no apparent way to score game. This is the time for the declarer to do some deep thinking and endeavor to figure out some way to make game.

Sometimes this can be done by mentally placing certain high cards in the opponents' hands in such a way that game is possible. At other times it can only be done by letting the opponents have the lead in the hope that they will make a mistake and thus give the declarer his only chance for game. That is what is meant by getting the trick that scores game.

On the other hand, suppose your

opponents are playing the hand at auction and it is up to you to save game. You can figure out how to take three tricks but cannot see any hope for the fourth trick. Then you should figure out in your mind what card your partner must hold to make that extra trick and play accordingly. You will be surprised how often you will be there and therefore save the game.

It is on close hands of this type that the good player shows his advantage. The all-important trick of every hand is the one that either makes game or saves it. It is the trick that you must concentrate all your thought on every hand. The following hand is given as an illustration of the dealer's failure to observe this rule and of the big loss resulting.

Musical Given By Congregational Sunday School

(By MRS. HERBERT RECK)

The Musical sponsored by the United Congregational Sunday School Monday evening was one of the most enjoyable programs ever presented to the music lovers of Avon Park. The seating capacity of the Church was taxed to its utmost and enthusiastically proved that Music of the Higher Standard is needed and appreciated in our community in this day of modern jazz.

Each participant deserves the highest praise, for from the opening numbers "Qui Vive" and "The June Bug Dance," piano duets, brilliantly rendered by Mrs. Ruth Marie Sharp of Washington, D. C. and Mrs. J. P. Garber, the audience was held spellbound.

Especially so by Mrs. Marion Eymann of Sebring sung in French and German proved not only the quality of her voice but exhibited the technical knowledge and control necessary to render selections from the opera "Mignon." She later sang "The Bird and the Rose" and "The Little Duet" in English and the sweetness of her voice impressed all, as had the brilliancy of her first number.

The trumpet solos by Miss Madeleine Bigle, also of Sebring, were a rare treat and her popularity as a soloist was readily noted by the spontaneous applause she received each time she appeared on the stage. Her numbers were "The Bird and the Rose," "The Sweet By and By" and "The Carnival of Venice." "Way down upon the Swanee River."

Mrs. Louisa Chesner, the popular baritone of Frostproof, had claimed by all the bridge rendered each of his selections in his usual gracious manner, filling his listeners with the same love of song and enthusiasm he exhibited in his first selection "I Love Life." This was followed by "Honey Dats," "All 'Tm Wearing Awa" and "The Little Red Wagon."

Miss Martha Marsh, violinist, interpreting the "Scene de Ballet" by Berit in such a brilliant and skillful manner called for the words of praise from all in the audience.

The accordion solo "Selected" by Miss Kate Hadel of Wauchula was another most popular number on the program and there were expressions of regret that her appearance was not more frequent.

Those who were so generous in their time and talents, the participants on the program were from other cities and while Rev. Vaughn the pastor of the church thanked them both individually and collectively on behalf of the Sunday school, we feel sure that each member of the audience would give their word of praise and appreciation for the generosity of these musicians and assure them that a hearty welcome awaits them in Avon Park at all times.

Dr. Vaughn expressed the appreciation of the Sunday school for the beautiful floral decorations and to Mrs. Ruth Marie Sharp and Mrs. J. B. Garber, Sunday school superintendent, for relieving the Sunday school of any expense in arranging the evening's program.

A silver offering of nearly \$25.00 was received which will be used in purchasing new song books for the Sunday school.

POCKETS OF THE TAXPAYERS

Taxes are many and taxes are high. Certainly every one is ready to admit that. The problem is one for the people who are voters to solve.

HOWEVER, until such solution is found let us assist you in filling the pocket from which the tax money must come—at least for the present.

Sunday School Lesson

FOR APRIL 24, 1932.

SUBJECT: Abram's Generosity to Lot.

GOLDEN TEXT: "In honor preferring one another." Rom. 12:10.

LESSON TEXT: Genesis 13:5-15.

TIME AND PLACE OF LESSON: About 1900 B. C.; Canaan.

INTRODUCTION: "It was possible to become rich in Abraham's day, even as it is now, but of course the conditions were different. There were no great stock markets where men could gamble for their wealth. There were no great monopolies of industry. Some men in those days became rich by conquest, but not all the wealthy obtained their riches in that way. It could be by honest, faithful planning, patient toil, and careful guarding of what was accumulated. Lot was a wealthy man, for God says of him that he was 'perfect and upright, and one that feared God and eschewed evil.' He had 7,000 sheep, 3,000 camels, 1,000 oxen, and 500 asses, and a very great household. Abraham was another man of the same type. He seems to have been born with good business judgment. When he struck out for himself in a strange country, he prospered until the record says of him that he 'was very rich in cattle, in silver, and in gold.' His stock of gold and silver would be obtained by transactions with the commercial caravans that passed through his territory needing the products of his herds."

Then today's lesson begins. "And Lot also, which was with Abram, had flocks, and herds, and tents." Lot was the son of Abram's dead brother, Haran, and Abram's nephew. Haran was then 75 years old and had no children. No doubt he had treated Lot as a son. Each of them had large flocks of sheep, cattle and camels. Abram and Lot each had a band of overseers and herdmen, with their families. They had kept their flocks separate, though using the same pastures.

"And the land was not able to bear them, that they might dwell together: for their substance was great, so that they could not dwell together. And there was a strife between the herdmen of Abram's cattle and the herdmen of Lot's cattle; and the Canaanite and the Perizzite dwelled then in the land." The grazing land not only had to support the flocks of Abram and Lot, but also of the older residents. "The Canaanites and the Perizzites who dwelled there and would enjoy a quarrel between Abram and Lot. Those were some of the tribes which Joshua drove out of the land nearly five hundred years later. The quarrels among the herdmen were over the pastures and the wells of water for their stock."

In quarrels between children of neighboring families, if the causes of the quarrels are not removed, the quarrels will continue. So, "Abram said unto Lot, Let there be no strife, I pray thee, between me and thee, and between my herdmen and thy herdmen; for we be brethren. Is not the whole land before thee? separate thyself. I pray thee, from me: if thou wilt take the left hand, then I will go to the right; or if thou depart to the right hand, then I will go to the left."

"Quarrels between kinsmen are especially deplorable and are likely to be more bitter than other quarrels. They should be quelled at the very beginning, and the best of all ways is Abram's way of frank and friendly discussion, face to face. Abram knew that he and Lot would in time take up the quarrel of their servants. How few there are now, in the sunlight of the gospel, who are Abram's equals in magnanimity, generosity, and piety. "Who for Jehovah's sake, and for the sake of brotherhood, will suffer any earthly loss to avoid strife? Members of the same family, neighbors, members of the same church. "These certainly be brethren, and disputes among them are particularly shameful."

"Then Lot chose him all the plain of Jordan; and Lot journeyed east; and they separated themselves the one from the other. Abram dwelled in the land of Canaan, and Lot dwelled in the cities of the plain, and pitched his tent toward Sodom. But the men of Sodom were wicked and sinners before the Lord exceedingly." For the sake of worldly goods Lot chose a home among enemies of God, which resulted in a disgraced family and destruction of his own happiness."

Abram gave up his rights to avoid a quarrel, but God said to him, "Lift up now thine eyes, and look from the place where thou art northward, and southward, and eastward, and westward; For all the land which thou seest, to thee will I give it, and to thy seed for ever." It is better to trust God and do right. Be careful when you select your life work not to "pitch your tent toward Sodom."

The county is a big corporation; each taxpayer is a stockholder. You are hiring a man to manage an important department, and I am applying for the job. It is with pleasure I call the attention of the people of Highlands County to the following facts:

FIRST—During my administration of more than seven years the schools of our county have been wonderfully improved and developed until they now rank among the best and most efficient schools in the state.

SECOND—In spite of boom times, bank failures, and the financial depression we have kept our schools open, and the running expenses of the school system paid.

THIRD—By the strictest economy and the pursuance of the very best business methods in every department of the schools and in the purchasing of school supplies we have been able during my administration not only to accomplish the above facts, but also to pay off the bonded indebtedness inherited from old DeSoto County. The Board will close the present school year out of debt, and with a small balance in the treasury.

FOURTH—Last year the school taxes were greatly reduced, and I have already recommended to the Board that we will be in position when we make out our budget in June to make another considerable reduction in school millage for next year.

During my entire administration I have had only one purpose in view—to conscientiously administer the affairs of this office to the advantage of the people of Highlands County.

I greatly appreciate the splendid help and co-operation that you have given me all over the county in making my administration a success, and I assure you that your further support and co-operation will be greatly appreciated.

"That the City of Avon Park has a legal and proper department or city attorney, whose duty it is and was to defend the City of Avon Park in any litigation in which it is a party, and that the City Council was without authority to employ or engage said F. T. Haskins as attorney in said litigation to defend the said majority bloc composed as aforesaid of S. J. Pendleton, J. L. Masters and I. H. Ford, and the likewise to incur an indebtedness for such purpose, to said J. N. "That the alleged indebtednesses of the said F. T. Haskins and J. N. E. Covington or S. J. Pendleton to execute said checks or pay said funds out on the date of the presentation of this bill.

"Complaint would further show unto the Court that he has no other adequate remedy at law, and that this bill is brought to avoid a multiplicity of lawsuits growing out of the facts complained of.

Avon Park Takes One Sided Game From the Firemen

Sebring's "fumbling Firemen" were victims here Sunday to the onslaught of Avon Park batsmen, who hit for 24 safeties and piled up 21 scores. Sebring made ten runs in the melee from 12 hits and 2 errors. Sebring was credited with 9 errors.

The batting honors were pretty well distributed among the locals who lambasted three Sebring hurlers with no favors shown any of them.

Pollard, starting the game, got along well for two innings, but was touched in the third for two runs and was hit all over the lot in the fourth for six counts. He was relieved by Dimberline who was greeted by Durrh Martin for a home run on the first pitched ball. Dimberline lasted until the sixth and during his stay in the box allowed nine hits and seven runs. Whitehouse went to the relief, but fared little better, allowing six runs in the two innings he worked.

D. Martin, Armistead, Bass, C. Martin, Dilley, and Landress led the hitting with three or more each. Besides his home run, D. Martin hit a triple and two singles, while Armistead made a triple and four singles out of seven times at bat.

For Sebring, Jack Parker hit a homer in the first, scoring one run ahead of him. His team mates limbered up as the game progressed, and Hal Long, Stiles, Gearing and Tulk accounted for most of the scoring by the Firemen.

Here and There About Avon Park

By W. M. Heberling

VOLUME IV.—NUMBER 10.

AVON PARK, FLORIDA, FRIDAY, APRIL 29, 1932.

PROMINENT AVON CITIZEN PASSES AWAY

W. A. Marshall Dies at Age
of 66, After Eventful
Life

Avon Park sustained a severe loss in the death this week of W. A. Marshall, one of the city's most influential and useful citizens. A man of energy and ability, and abundantly endowed with those qualities which make for leadership, he was active in business and civic affairs of the community as long as his health permitted. What a pity that he could not have been spared at a time when such leadership is so sorely needed!

The county commissioners are working hard to help the state road department get going on the reconstruction of state road 8 between Avon Park and Sebring. They have gone the limit in everything they can do to further the project and now it is up to the department. The hope expressed by County Commissioner John Hood that the work may be started soon and finished this summer when work will be needed by many of our people is shared by all. There would be no better time to build it than now, when the payroll work is much to the laboring men and provide a stimulus to business generally.

O. R. Perry has been selected to head the new city relief commission, and we can think of no man in the city better qualified to fill this responsible position. Mr. Perry has devoted much time in the past to looking after relief of those in need, and probably has a better insight into local conditions than any other man on the commission. To him and Mrs. W. H. Yates, who has served faithfully with him in United Charities work, should be given much commendation for the splendid work carried on by that organization.

Cacti In Park Now In Bloom

C. S. Donaldson, superintendent of parks, is active these days with the Mail and especially the Cactus Park and reports that some columnar cacti are now in bloom every night, in the Mail between the City Hall and Lake Verona. These are white trumpets a foot long, flaring out in saucer size. There are quite a number of these plants (Cereus Gaudichaudii), but only one is in bloom. Some more large sizes have just been purchased in the colored quarters.

There has just been received from California, for the Avon Park public cactus park, a giant Yucca cactus (Cylindropuntia) that in about thirty years has become sixty feet high and have branches extending out ten feet or more, like a pine tree. COMMISSIONERS GIVE GUARANTEE FOR RIGHT WAY

Resolution Makes Possible
Early Contract For Building
State Road 8

Right of way for state road 8 between Avon Park and Sebring was guaranteed by the county commissioners in special session Tuesday, removing the only obstacle to an early start on construction of this road. The right of way was guaranteed to the state road department by the passage of a resolution in which the county agrees to secure remaining right of way necessary for the road.

Under the agreement the state road department can begin advertisement immediately for bids on the construction and let a contract at its next meeting, provided the county's proposal meets the requirements of the board. A delegation from the board is expected to go to Tallahassee in a few days and to the importance of an early start in order to get the road built this summer.

The commissioners are anxious to get immediate action on this work, so that the road can be built during the summer months and thus serve to fill in during the dull period of the winter. The board's action in guaranteeing the right of way, the hope is to get the road department to advertise for bids immediately and let a contract at next month's meeting. If we can get the work started by the end of the fruit season, many who otherwise would be out of employment will have an opportunity to get steady work for several months. Another advantage would be to get the road finished before another tourist season, so that there will be as little inconvenience as possible to the traveling public," said Mr. Hood.
