Here and There About Avon Park

By W. M. Hetherington

This weather brings out all kinds of new similes. It's as hot as this and as hot as that, but the best yet was the fellow the other night who said he was "sweating like a negro writing a letter."

On next Thursday night the Avalon theatre is putting on a benefit program for the school band. Proceeds of ticket sales by the band and other organizations will go towards a fund for the purchase of uniforms. This worth-while movement should have the encouragement of everybody. Manager Kistler of the Avalon is very generously donating the profits—and more—of his theatre for one night and if the people will respond to the ticket sales with the same degree of generosity, the benefit should prove a success—and the kids will get their new suits.

That long-delayed hearing on the quo warranto proceedings has been promised according to word of the city attorney, but it is thought unlikely that a date will be set until after the summer recess. The suit is better known as the "city limits reduction suit, and if successful will cut out of the present city large acreages of groves and undeveloped lands. The owners of this property contend that they receive no benefits from the city and are unjustly taxed. Whatever the outcome of the case, it should be speeded up to the point where a decision can be rendered by the court before the next session of the legislature, which convenes next April. Then if corrective legislation is necessary or desired, it could be secured. Otherwise, the whole thing would have to lay over two years for another term of the legislature.

It seems to us that the county democratic executive committee hit the nail squarely on the head, when it went on record as endorsing the national democratic platform, urged the adoption by state democrats of a like platform and condemned the existing rules that allow republicans to participate in the the democratic primary—which is purely a party affair. By this action, the committee means no affront to our republican friends of the county. But the time has come, when in order to preserve party principles, the line must be drawn—and the county committee is the proper organization through which the start should be made. Heretofore, individual democrats throughout the state have been bemoaning the lack of party regularity and loyalty, but as individuals have been unable to do anything about it. It is proper that the county committees should take on themselves the task of setting the democratic house in order. If enough county committees will take the same action and go before the state democratic committee and demand this same kind of action, then something can and will be done about it.

Mayor Saus He Will Not Stop Public Card Playing

Complaints that card playing in the Mall should be stopped will meet with no official action by the Mayor, he stated in the following letter to the Times:

July 7, 1932

TO THE PUBLIC:

I have frequently been asked why me are allowed to play cards in the Mall.

In reply, I wish to point out that most of the towns in Florida having any tourists, not only permitting any tourists, not only permits card playing in public but usually provide the facilitites whereby visitors may amuse themselves.

During the summer months in our city, and more especially during the present months when employment in scarce, it is a problem to keep our youths profitibly occupied, and as far as I am concered I think they are better engaged playing cards for amusement in the Mall, under public supervision than gambling in some vacant building or otherwise engaged in mischief.

In this connection I wish to point out that card playing is permitted only in Park No. 6; that no small children are permitted to play, and card playing is not permitted on Sunday.

Therefore, as long as these men conduct themselves properly and do not gamble, they will be permitted to continue with their card playing.

Respectfully,
M. E. Covington,
Mayor.

COUNTY COMMITTEE ENDORSES PLATFORM

Resolution Calls For Adoption of State Platform and New Primary Rules

Endorsing the platfrom of the National Democratic convention and pledging full support thereto, the County Democratic Executive committee passed resolutions Wednesday asking that the state convention build and adopt a platform in keeping with the national platform. These resolutions will be carried to the meeting of the state democratic executive committee in Jacksonville, July 22, by Dr. E. J. Etheredge, state committeeman from Highlands county, who was instructed to put forth his efforts and exercise his influence to bring about this forward step.

The resolution condemned the existing rules which permit members of other political parties to participate in Democratic primaries, and called upon the Highlands county committeeman to work towards the adoption of such rules as will effect this reform.

Full text of the resolution follows:

"RESOLVED, that the National Democratic Convention be commended upon the platform adopted at the Chicago Convention, and that this Committee record itself as unqualifiedly approve the same and pledging its individual members to full support thereof:

"RESOLVED FURTHER, that this Committee firmly believes that it is necessary for the well being of the Democratic party in the State of Florida that the State Convention build and adopt a platform in keeping with the National Platform and with progressive democracy in the State of Florida; and to that end we instruct our State Committeeman, Dr. E. J. Etheredge, to put forth his efforts and exercise his influence to bring about this forward step.

"RESOLVE FURTHER, that we condemn the existing rules which permit members of other political parties to participate in our primaries. We invite into our ranks honorable members of other parties who have become converted to Democratic policies and principles, but we denounce the participation in our primaries of those members of other political parties who do not concur in or adopt our political faith and tenets, or intend after such participation to abide the result or support our nominees, from president to constable.

That this unfair and unjust condition may be eradicated, and that only Democrats may participate in party affairs, we call upon our State Committeeman, Dr. Etheredge, to exercise his abilities and influence towards the adoption of such rules and legislation as will effect this reform.

RESOLVED further that a copy of these resolutions be given our State Committeeman, and that he may transmit these views to the State Convention."

No Names Except Nominees To Appear On Election Ballot

Because they failed to nominate candidates for county offices in the primary, Republican candidates who may run for office in the general election cannot have their names printed on the general election ballot. No person running as an independent candidate can have his name printed on the ballot. This means that either Republican or independent candidates will be compelled to have their names written in if they desire to run in the general election.

The above is from an opinion of Attorney General Cary D. Landis, in answer to a wire from Highlands county, and sets the matter straight. His wire:

"Under provisions of chapter 14657, acts of 1931, if Republicans failed to nominate candidate in the primary they cannot now provide a candidate. No person can get name on general election ballot as independent candidate. Only those nominated in primary or those nominated by political party not required to hold primary can get names on general election ballot. Republican party is required by law to nominate candidate by primary election.

June Weather As Reported By Lance

Weather reports for June show the hottest day of the month was the 24th, when the government thermometer at the Armory recorded an even 96. June 4th was the coolest with a minimum recording of 67. The mean maximum was 90.03. The mean minimum was 71.23. The mean was 80.63. These figures are furnished by Capt. Mark W. Lance, U. S. co-operative observer.

There was plenty of rain to cool the air during the month. The total rainfall was 9.29 inches. The heaviest rain, 2 inches, fell on the 2nd of June. The prevailing winds were Southeast.

COUNTY DEMOCRATIC COMMITTEE MEETING

Will Refund Part of Fees To Candidates Who Failed To Qualify

Candidates who paid their qualification fees, but failed to get their names on the ballot through technicalities were refunded their county committee assessments by the county Democratic executive committee in session in Sebring Wednesday. Those to receive this refund will be W. Z. Carson, who was a candidate for clerk of the circuit court, but whose failure to file expense statement put him out of the running in the primary, and P. A. Correll and J. W. Leaphart, both of DeSoto City, who were candidates for constable for districts 2 and 3.

This county assessment is two percent of the salary of the office, the total assessment being five percent of which three went to the state and the county committee has no control over this and it will probably not be returned. All candidates have had one percent refunded and the total amount returned to Mr. Carson will be $80, the total of his county assessment. The other $120 of the qualification fee went to the state committee.

The action was taken on motion of Dr. E. J. Etheredge, who vacated the chair for the purpose. He said that the county executive committee should make it a point to notify all candidates, or see that they were so notified of all legal requirements as to qualifying for the primaries, and urged that provision be made for notifying candidates in the next election.

The committee certified the nominees of the Democratic primary as turned in by the county canvassing board, and elected T. C. Hobbs as the Democratic nominee for school board from the Avon Park district. Mr. Hobbs failed to file an expense statement, his name was not on the ballot. As there was no other qualified candidate and to prevent the office from becoming vacant, the committee unanimously chose Mr. Hobbs as the Democratic nominee.

The committee refused to take any action on the alleged disqualification of W. C. Lundy, of Venus, nominee for constable. Threatened contest over his nomination failed to develop and he was named the nominee.

Election of Officers.

In the election of officers, Dr. E. J. Etheredge of DeSoto City, was unanimously re-elected as president. L. L. Henderson, Lake Placid, was elected vice-president to succeed J. W. Rogers. T. A. McNicholas, Avon Park, was re-elected secretary-treasurer.

The new board consists of the above members and J. S. Bennett, Avon Park; W. S. Pearce, Bassenger; Emory Gray, Suniland; M. E. Lanier, Brighton; M. A. Miller, Venus; E. L. Green and Paul Vinson, Sebring; and C. H. Shackleford, Hicoria.

J. W. Rogers, Sebring, retiring committeeman from Sebring was elected congressional committeeman from this district.

Story Hour Well Attended.

Thirty-eight children were in attendance at the story hour on Tuesday morning and twenty answered the roll at the Thursday morning class. As has been previously announced, the classes meet each Tuesday and Thursday morning at nine thirty o'clock with no charge whatever and is an hour spent, not only pleasantly but very worthwhile by those in attendance. Mrs. Daisy TenEyck is in charge of the programs and is well experienced and most capable along this line.

BENEFIT SHOW FOR BAND UNIFORM FUND

Ticket Sales Will Be Conducted By Band and Other Organizations

Next Thursday's program at the Avalon theatre will be given as a benefit to the school band, the proceeds to go to the uniform fund. Tickets will be sold by the band, Parent-Teachers association, Boy Scouts and Girl Scouts and the band will get the benefit of all tickets sold by these organizations.

"When a Feller Needs a Friend," A special feature picture, with an appeal to the family and children, has been seclected by Manager H. R. Kistler for this occasion. The picture stars Jackie Cooper and Chic Sales, two favorites of the screen. Sales plays a part specially suited to him, similar to the old soldier part he played so well in "The Star Witness," and Jackie Cooper who will be remembered for his excellent work in "The Champ" and "Skippy," gives another splendid performance.

Mr. Kistler has also booked a special comedy, "Dogs is Dogs," for this program. The comedy is one of the Our Gang series and stars the famous group of kids that are always known as Our Gang.

In order to give the children an incentive to sell tickets the theatre is giving the following prizes for those who sell the most tickets

To the boy who sells the most adult tickets—a two weeks pass to the Avalon Theatre.

To the girl who sells the most tickets—a two weeks pass to the Avalon Theatre.

To the boy who is second in the sale of tickets—one weeks pass.

To the girl who is second—one weeks pass.

Every boy or girl who sells five or more adult tickets will be given a pass to "When a Feller Needs a Friend".

Mayor Thanks Boys For Lawful Observance of 4th

In a letter addressed to the "Little Gentlemen" of Avon Park, Mayor Covington expresses public thanks for their cooperation in helping to enforce the law prohibiting use of fireworks, and in appreciation has appointed a committee to put on a fireworks display during the Christmas holidays.

His letter follows:

To The Boys of Avon Park.
Little Gentlemen:

I wish to publicly thank you for the splendid co-operation you gave me in enforcing the ordinance prohibiting the use and discharge of firecrackers, etc., here on the Fourth of July. If only a finger of one child was saved, let alone a life, from the terrible tentatus germ, the prohibition of the use of fireworks was well justified.

In appreciation of this co-operation I am now appointing a Committee for the purpose of putting on a Fire Works display here on Lake Verona during the Christmas holidays. The following named will please organize for the purpose of soliciting funds, and making arrangements for a Public Display at Christmas time:

J. S. Pendleton, chairman, President City Council.

Dr. W. A. Davison, President Chamber of Commerce.

Mrs. W. A. Davison, President Woman's Club.

E. G. Todd, representing Rotary.

Lee Hagood, representing Business and Professional Woman's Club.

Mrs. Ruth Bass Hylton, representative Social and Park Committee of Chamber of Commerce.

Col. C. R. Head, representing City Council.

Mrs. C. P. Thayer, City at Large.

Hoping the committee will respond en masse to the call of the Chairman, I am.

Respectfully,
M. E. COVINGTON,
Mayor.

P. S.—We are fortunate in the selection of Mr. Pendleton as Chairman, as he can secure the fireworks for us at wholesale price, thus enabling us to get twice as much for the same money as we otherwise could.

Baptist Men To Be Guests of Pastor and Wife Tonight

The men of the First Baptist church will be guests of Rev. and Mrs. W. K. McClure at a dinner in the basement of the church Friday evening at 7 o'clock.

The gathering will be addressed after dinner by Mr. Huey of Lake Wales, district leader for the Bartow district of the Baptist brotherhood.

Assisting in serving will be Mrs. B. F. Martin, Mrs. R. B. Smith, Mrs. J. M. Lee and Mrs. B. M. Fussell.

J. M. LEE'S CAMPAIGN MANAGER STATEMENT

Calls On Democrats To Go Down the Line From President To Constable

Calling upon all the J. M. Lee county organizations to reaffirm their faith in the Democratic doctrine of popular government, and prepare for the November campaign in behalf of the Democratic party, Gilbert Freeman, campaign manager for J. M. Lee, nominated for comptroller, has issued a statement urging every county or community club within the Lee organization to get its house in order immediately and tender its services to the state democratic committee.

"Democracy of the nation stands on the threshhold of a great future today," he said. "Florida's popular choice is our national standard bearer, while within the state, a remarkable outpouring of the people has brought into the picture a ticket that should appeal to the men and women who have long fought the battles in the shadows of Jefferson, Jackson and Wilson.

"I am appealing to every club or organization within the Lee for Comptroller circle to hold a get-together meeting immediately; put the house in order; reconsecrate your organization to the cause of the greatest good for the greatest number; and put your services at the disposal of the state Democratic Executive Committee.

"There is no rock upon which to split the time. The will of the people stands recorded before us and Florida Democracy is already united upon a ticket without a weak spot.

"Let us go down the line—from president to constable."

Bishop Placed 4th In Judging Contest

Walker Beasley, Ralph Heim and H. L. Bishop made the Future Farmer Judging team from Avon Park to the State Contest at Gainesville June 28 to 30. H. L. Bishop was placed fourth high in judging Jersey cows, Hereford heifers, aberry horses, sheep, and Rhode Island hens. Ralph Heim and H. L. represented the Avon Park chapter of the Future Farmes at the State Convention.

Virgil Surrency, J. A. Butler, and Riherd Greene from Sebring took part in the judging. J. A. Butler scored 96 and one-eighth in judging the beef animals. Riherd Greene was placed second in judging sheep, horses. hogs, and beef animals and will represent the state of Florida in judging at the American Royal Livestock Show at Kansas City, Mo. in the fall. All expenses of this trip are paid. The Sebring team was placed seventh of the 37 full teams in the entire contest. The cup was won by the Sanford Future Farmers. Edgar Lee Greene and J. A. Butler were the delegates to the state convention. Others making the trip were Arlin King and Willard Pollard.

Scout News

Assistant Scout Master Max Brunk of Sebring called the Scout meeting to order last Monday afternoon at the Armory by having the Scouts repeat the scout oath. The Scouts were assembled out on the ball park where a few games were played, after which a business meeting was held. The name agreed on for the camp out on Josephine was Camp Grits.

Plans were discussed for the field day. We enlisted a new member, Howard Wray. Drills were practiced. The meeting closed by repeating the Scout Law.

Firemen Commended For Work at Florida State Fire College

A letter from the Florida State Firemen's association was read at the city council meeting Tuesday night, commending Fire Chief W H. McCarthy and Fireman Hernee Mock for their work at the first college at Daytona Beach. Certificates showing completion of their courses were also received and will be presented to the firemen at the next council meeting.

A letter from Rev. W. P. S. Lander, director of Camp Wing-Mann was read, expressing appreciation to the city for courtesies extended, and co-operation in making the camp a success.

City Clerk Francis Shockley reported the collection of $3690.89 for the month of June. The city attorney's report was slightly less, but both departments showed increases over the previous month's collections.

Past due bills came in for a lengthy discussion, and the clerk was instructed to commence paying all bills incurred prior to January 1st, giving old bills preference over current bills.

Councilman DeLaney asked for a special meeting in the near future to confer with a special representative of the American LaFrance company to arrange for refinancing the $17,000 due on city fire trucks.

City Attorney S. C. Pardee reported that the quo warranto suit—better known as the city limits suit—had been set down for oral argument before the Supreme court, the date of the hearing to be determined later.

Chic Sale and Cooper Co-Star In Benefit Picture

He can't go out on the lot to play baseball with the other kids. He can't join them in their mud battles, their races, their games and parties. If there's a fight, he always gets the worst of it for his crippled leg has made him a moral coward.

This is the stirring characterization played by Jackie Cooper in "When a Feller Needs a Friend," with the popular child actor and Charles "Chic" Sale in co-starring roles. The feature will be presented at the Avalon theatre next Thursday as a special benefit for the band uniform fund. The various adventures of Limpy, a boy whose appearance makes him an outcast, and his final fight to overcome a disastrous inferiority complex make this a picture which it is said will bring laughs and tears to parents and children alike.

Makes Man of Him.

Whereas the boy's parents, with the best intentions in the world, blunderingly aid in his self-abasement, the old family friend played by Sale, has a keener conception of what will make a man out of Limpy. It is his effort to teach the boy to protect himself from the taunts of the small-town bullies which eventually brings about the picture's dramatic climax in which Limpy proves his mettle.

As the amusing conductor of an antiquated horse-car, Sale has a role which is reported to provide the story with many of its laughs while further hilarity results from the rollicking adventures of the old man and the youngster whose wide difference in age does not prevent them from being the best of comrades.

Highlights of Plot.

Highlights of the plot include a sham battle in which Limpy proves himself a helpless coward; a secret fishing expedition on which "Chic" Sale reveals some amazing "fish stories"; the quarrel between Sale and Limpy's parents because the old man refuses to mollycoddle the crippled youngster; the dramatic scene in which rowdies attempt to stone the old conductor; the episode in which Limpy first asserts himself, and finally, the spectacular fight by which Limpy regains his self-respect and overcomes his inferiority complex.

The picture is based on William Johnston's novel, "Limpy." Supporting roles are filled by Ralph Graves, Dorothy Peterson, Andy Shuford, Helen Parrish, Donald Haines, Gus Leonard and Oscar Apfel. The production was directed by Harry Pollard who scored with "Shipmates" and "The Prodigal."

Nazarene Pastor Back From Trip

Rev. Charles E. Deware, pastor of the Church of the Nazarene returned to his charge last week, after a very pleasant visit with friends and relatives. Rev. Deware states he is more than glad to get back to Avon Park.

CURTIS BRIGHT TO PAY DELINQUENT TAXES

A. R. Updike Is Named As Enumerator For This County

If a resolution passed by the county commissioners at their meeting Tuesday receives the approval of Comptroller Ernest Amos, Highlands county will be the richer by $6,800 in delinquent taxes and a fine school house. The Curtis Bright company of Brighton owe approximately $11,800 in taxes for the years 1929, 1930 and 1931 and they also own the school house at Brighton which cost them over $11,000 to build. They propose to deed this school house to the county together with the two acres of land on which it stands and pay the county the balance in cash. They are not asking for nor will they receive any discount on the delinquent taxes and the proposal was approved by the commissioners. The present value of the school house is estimated to be $5,000.

The commissioners Tuesday named A. R. Updike as county enumerator for the agricultural and industrial census which is required by state law. The work starts at once or as soon as the necessary forms and instructions are received from Commissioner of Agriculture Nathan Mayo and the work is paid for by the state.

A proposal made by L. D. Stewart, agricultural instructor in the county high schools, that the commissioners offer two scholarships was taken under advisement. According to the state law the commissioners may give one scholarship in agriculture to the University at Gainesville and one in home economics to the State College for Women at Tallahassee, the scholarships to cover the board of the students winning the awards by competitive examination. The total cost was estimated to be about $360 per year.

The commissioners postponed the meeting of the equalization board to hear complainants on tax assessments until Monday, August 1. Tax Assessor Cyril Baldwin was not ready to present his books to the board Monday as advertised, it was stated.

Legion Juniors Are Registered

The Junior base ball team sponcered by Highlands Post American Legion has been registered with State Athletic Officer Harvey Woods, and is now awaiting its schedule of games that will be played with teams in this district. Other teams registered in the district are at Fort Myers, Bradenton, Sebring, while others were expected to be entered.

The local Juniors have played two practice games with Sebring, breaking even on the series with one won and one lost.

Boys whose names have been registered as eligible to play on the Legion team are: John Mathis, Denzil Hunt, Ellis Elder, Grady Tomlinson, James Harris, Joe Lee Elder, Junior Stebbins, Cecil Wilcox, Ralph Windham, H. L. Bishop, Chas. Carter, Elmer Bryant, D. J. Hart, Walker Beasley and Russell McMillen.

Chas. D. Sherman is manager and coach of the team.

Girl Scouts Are Making Progress

The Girl Scouts of Avon Park are now recognized by national headquarters as troop one of Avon Park. The girls have adopted the name Pine Cone for the troop.

Dorothy McNicholas and Jane Hartt, who are at camp, won buttons for beginners in swimming.

The scoutmistress announced last meeting that there would be a prize given to the first second class scout. The second test is a hard one, and we will have to work.

At the next meeting we are going to start signalling. That is very interesting work and we are anxious to take it up.

There is now a contest on between the patrols. Each person can gain four points each meeting, by being present, by being on time, by bringing dues, and by having no corrections after having been inspected. We are trying to see which patrol can win the most points.

There is no doubt but that Florida will be safely in the Democratic column next November. Fortunately, there is no occasion for religious prejudice to enter into the campaign this year. Say what you will, that was the cause of Florida's defection in 1928.

We voted for "Old Joe" Sears, but we recognize that Jacksonville's Mayor Alsop is one of Florida's big assets. As a booster for this State he is facile princeps, e pluribus unum, and various other things, and we are sure he will go on boosting notwithstanding this little political set-back.

A suggestion has been made that all but 200 laws be annulled, and that no new law be enacted until an old one has been repealed, thus keeping the laws in force never exceeding 200 in number. That's 20 times the number once given for the regulation of all humanity, and if those ten were observed there would be little need for any others.

It's a mystery how we got along in expressing ourselves until we contacted this word "contact." We do not go to see, or meet, or interview, or solicit, or confer with, a person nowadays. We contact him. Life is one contact after another, and poor old overworked "contact" has to stand the brunt of carrying on most of our conversational contacts.

"Let's make a clean sweep," was the idea hammered into the people by the outs who wanted the job of the ins. And the people, restless and seeking change, accepted the suggestion in large part. And in many instances showed as much sense as a merchant shouting "Let's make a clean sweep," and sweeping out his valuable goods along with the litter and trash.

Whether one agrees with the declarations of the Democratic platform, it is at least a clear-cut and understandable statement of principles. On the other hand, the Republicans present such a vague, whishy-washy, ambiguous, straddling document that if one should try to vote in accord with it he could have no clear idea of what he would be voting for.

Al Smith could have been the biggest and the most popular man in the country if he had gone over to the convention before the result of the fourth ballot was announced, and asked that Roosevelt's nomination be made unanimous. But the opportunity was lost, and Smith took a long step toward political oblivion, even though he may yet seek to reinstate himself in the party's good graces. No one ever got much by sulking—a politician least of all.

The most satisfactory platform and the strongest ticket the Democrats have put out in decades. If they do not win this time they might as well disband the party.

THE STATE

By JUDGE JOHN W. DODGE

FAMILY WELFARE ESSENTIAL.

We are all inclined to think too much in the aggregate. Everything appears to us as a whole—we never see the various parts which make up the "one tremendous whole." Thus it is as we think of "The State."

What is "The State"? It is a large mass of individuals, forming a society of people, which organizes into a form of government, and prescribes rules of conduct.

In the order of things, a State is always a result of much which antedated it. The individual preceded the family; the family preceded the State; society is but a collection of individuals; the individuals form the government, and prescribe the rules of conduct.

Herbert Spencer, the great English political philosopher and economist once said: "Whereas the State is rendered possible only by the bringing up of children, it follows that the duties of the parent demand closer attention than those of the citizen—the goodness of a society ultimately depends on the nature of its citizens; and, since the nature of its citizens is more modifiable by early training than by anything else, we must conclude that the welfare of the family underlies the welfare of Society."

The family is, therefore, the first and fundamental basis of the State. It is the original first group of individuals, and so ordained by the eternal laws of God—absolutely unalterable.

The State, nations, civilization and mankind, each rise or fall, progress or decay, survive or perish as the families so do.

Each family, in their individual contacts with one another, in thought, action, conduct and aspirations, exerting a most potent influence upon one another, and especially upon the young and impressionable children in their early training,—each family is a foundation stone upon which is erected The State.

The strength of The State lies in the character strength of the family—the weakness of The State lies in the character weakness of the family.

The State will decay when the family morality, intelligence and religion are low—each member of society will then seek only his own welfare—all will suffer—bestiality will prevail.

Only by preserving and building up the family can we preserve and build up The State. Florida wants homes and families where there is morality, intelligence and religion. Therein will lie her greatness and nobility.

Echoes of the State Press

THERE'S LIFE IN DEMOCRACY.

What a grand and glorious thing it is to be a Democrat! What other organization, licked as many times in the past two generations as the Democratic party, would have the stamina, the pep, the vigor, the vitality to stage an all night meeting of 1,200 delegates and then to get together the following evening and name the winning ticket for the presidency? No other, we trow. Perhaps a convention of wild cats would have had the fighting ability of that crowd of Democrats, but certainly it would not have had the political sense. A wonderful demonstration of inherent force and right. You can't kill an organization that stands for so much for human good as the Democratic party. False leaders, foul followers, defeats, disaster, none of them can take from the members of the unterrified Democracy that faith in humankind, and in the righteousness of their cause that keeps the Democrats of the Nation a militant, fighting force, always ready for a scrap, whether it be against a political enemy, for or against an idea, or with other members of the party. Truly, when two or three Democrats are gathered together, there is a scrap, even in the midst of them.

What makes it so? We won't know. Probably the doctrine of individualism, that keeps any Democrat from ever being harnessed and running along in line with thousands of his kind. And come to think of it, there is no such thing as "his kind" for no two democrats are just alike. That's the beauty of being a Democrat. But just why they're that way, we don't know. Perhaps the Polk County Democratic platform had a glimpse of the truth when it said, in April, "That Democrats are more interested in the rights of People, than in the rights of Property."

At any rate the Democratic party is a great institution and it is a grand and glorious thing to be a Democrat. 'Rah for Roosevelt! 'Rah for Garner! 'Rah for the Democratic Party!—Lake Wales Highlander.

SUBJECT: The Call of Moses.
GOLDEN TEXT: "Certainly I will be with thee." Exodus 3: 12.
LESSON TEXT: Exodus 3: 10-16; 4: 10-12.

INTRODUCTION:

Moses lived 120 years, divided into three periods of 40 years each. The first period covered his birth and concealment on the bank of the river Nile; his discovery by the daughter of King Pharaoh, who at the suggestion of his sister, Miriam, placed him in the care of his real mother as a nurse in the employ of the princess; then came the adoption of Moses into the family of Pharaoh's daughter and into the royal household and the schools of Egypt wherein he became "learned in all the wisdom of the Egyptians and was mighty in words and deeds."

Moses' first work among his people was a failure. It happened thus, "When Moses was grown, he went out unto his brethren, and looked on their burdens; and he spied an Egyptian smiting a Hebrew, one of his brethren. He slew the Egyptian, and hid him in the sand."

The next day Moses saw two Hebrews contending and criticized the one who acted wrong, and he said to Moses, "Who made thee a prince and a judge over us? intendest thou to kill me, as thou didst the Egyptian?"

"Then Moses fled from the face of Pharaoh, and dwelt in the land of Midian," which adjoins the Red Sea. The priest of Midian was Reuel, or Jethro, with whom Moses resided, and one of whose daughters (Zipporah), he married, and lived his life of a shepherd for forty years.

"Now Moses kept the flock of Jethro his father-in-law, the priest of Midian: and he led the flock to the back side of the desert even to Horeb. Behold, the bush burned with fire, and the bush was not consumed, and Moses said, I will now turn aside, and see this great sight, why the bush is not burnt." And God said, "I am the God of thy father, the God of Abraham, the God of Isaac, and the God of Jacob."

"Come now therefore, and I will send thee unto Pharaoh, that thou mayest bring forth my people the children of Israel out of Egypt. And Moses said unto God, "Who am I that I should go unto Pharaoh, and that I should bring forth the children of Israel out of Egypt?"

Moses was now about 80 years old, and half that time had been spent in the solitudes of the desert.

God said to Moses, "Certainly I will be with thee; and this shall be a token unto thee, that I have sent thee: when thou hast brought forth the people out of Egypt, ye shall serve God upon this mountain."

This sign of proof was not furnished immediately, but was to come as (or after) the work was done.

But Moses said to God, "Behold, when I come unto the children of Israel, and shall say unto them, the God of your fathers hath sent me unto you; and they shall say to me, what is his name? what shall I say unto them?"

There are many gods in the heathen worship, and each had a name. The people would believe Moses more readily, if he could tell them God's name.

"And God said unto Moses, I Am That I Am; Thus shalt thou say unto the children of Israel, I Am hath sent me unto you." * * * And God told Moses to say, "The Lord God of your fathers the God of Abraham, the God of Isaac, and the God of Jacob, hath sent me unto you: this is my name for ever, and this is my memorial unto all generations."

It is difficult for us to understand these things. Once Jesus was being questioned by the Jews, (John 8:58) and Jesus said unto them, "Before Abraham was, I am."

Moses continued to make excuses and said, "O my Lord, I am not eloquent, but I am slow of speech and of a slow tongue." But God answered him, "Who hath made man's mouth? or who maketh the dumb, or deaf, or the seeing, or the blind? have not I the Lord? Now therefore go, and I will be with thy mouth, and teach thee what thou shalt say."

In killing the Egyptian slave driver, Moses forgot that vengeance was God's and not his. It seldom pays to hurry God in his work. It is said that a desert is a great school teacher.

Most of us have a desert in our lives where, like Moses, John the Baptist, Jesus of Nazareth or Saul of Tarsus, we may retire for solitary study of God and our own lives. In those desert places we hear the calls to serve our fellow men and God.

UNIQUE CLUB BOOSTS FLORIDA'S CLIMATE

Three Score and Ten Club Wants Booth at the World's Fair

DeLand, July 6.—One of the most unique organizations in Florida, if not in the world, is the Three-Score-And-Ten-Club, of Miami, with headquarters in room 222 Venetian Building in that city. The membership of the club is made up of men and women who have celebrated their 70th birthday, and today it has many members ranging in age from 70 to 98, all active and in good health, thanks to the revivifying climate of Florida, in which each member lives, some of them all the time and others during the winter months.

The club, through Mrs. Lucinda F. Scott, its mascot, has made application to Earl W. Brown, manager of the Florida exhibit at the Century of Progress exposition to be held at Chicago next year, for a booth in the Florida building in which to maintain a secretary and a welcoming committee, the duties of which will be the entertainment of club members from all parts of the United States, Canada, Cuba and Mexico, who may attend the big show. In addition to requesting space for a registration booth and a small room in which to entertain the members of the club, Mrs. Scott suggests that if Mr. Brown will furnish opportunity, the members will do their part in the matter of entertaining the thousands of interested men and women expected to visit the Florida exhibit during the life of the world's fair.

Mr. Brown has assured Mrs. Scott that the Florida commission will do everything in its power to furnish the members of the famous Three - Score - And - Ten - Club the space desired if it is possible to do so.

"It would be a wonderful advertisement for Florida to be able to show to the rest of the world a group of men and women ranging in age from 70 to 98 years, all hale and hearty and enjoying life to the fullest, as a result of life in the climate of Florida," said Mr. Brown, "and the members of the club may rest assured that their request for space will be given every consideration."

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food don't digest. It just decays in the bowels. Gas blocks up your stomach. You have a thick, bad taste and your breath is foul. Add often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Insist on substituting. 25c at all stores. © 1931, C. M. Co.

ONE HELD FOR MURDER OF LAKE WALES MAN

Lake Wales Attorney Charged With Killing Former Mayor

Emmett Donnelly, Lake Wales attorney, charged with the murder of former Mayor Joe Beal, of that city, was transferred yesterday from the Orange county jail at Orlando to the Polk county jail at Bartow as the result of a habeas corpus writ application by his attorney, Luke Johnson. Donnelly had been held for 24 hours in Orlando, after his arrest Tuesday at his Lake Wales office. Officers had kept secret the place to which he had been taken.

Johnson alleged in his application for the writ that the arrest charging Donnelly with murder and with having procured the murder, was on insufficient evidence.

Hearing Postponed.

State Attorney Rogers, who has been ill, could not appear and Johnson, content that his client was accessible for conference, did not seek to push the case. Judge Harry G. Taylor, acting in chambers, adjourned the hearing but said if Rogers could not appear in a few days he would name a special prosecutor for the writ application hearing.

Donnelly said he had not been "third degreed" and had been treated with consideration by the arresting officers, Deputy Sheriff Bob Parker and Chief of Police Darty.

Friends Rally To Aid.

Influential friends have come to the aid of Donnelly, who is a former district attorney in Milwaukee and former captain of artillery in the World war.

So far as is known the state attorney's case is based mainly on the fact that Donnelly carried a $20,000 life insurance policy on Beal with double indemnity in case of violent death.

It developed yesterday that Beal had carried two policies of $2500 each on his life for his wife's benefit, each of which is thought to carry double indemnity and in addition one of $1000 without this clause.

Beal was murdered on the back porch of his Lake Wales home on Saturday night, June 25, when some unknown assailant fired a charge of buckshot through the screen at close range, killing Beal instantly.

JACKSONVILLE TO HAVE LOWER ELECTRIC RATES

Its Municipally Owned Plant Helps In Lowering of Taxes

Reduction of more than half a million dollars in operating expense, lower rates to consumers and over a million and a half dollars profit to be used towards the lowering of taxes is forecast for the Jacksonville municipally owned light and power plant for the coming year, according to the Times-Union of that city yesterday. The rate reduction is expected to save $210,000 to consumers, it was stated. The new schedule of rates is to cover household, cooking and will also include a new electric refrigeration rate.

Jacksonville is famed from coast to coast for its low rates and the excellence of their plant and the service rendered. Large profits from the plant each year and in the lowering of taxes and its low commercial rate is a big lure to industry to locate there.

According to the Times-Union, it is proposed to eliminate the seven cents a kilowatt hour rate and substitute therefor a sliding rate beginning with six cents. Under its provisions, six cents would be charged for the first 40 kilowatts, five cents for the next 35 and all over 75 kilwatts would cost at the rate of three cents a kilowatt.

The utilities commissioner pointed out that the household rate, which will be charged to everyone, will save an average of $1 for each 100 kilowatts of current used.

There was also announced a new sliding rate for electric refrigeration and the new cooking rate schedule would call for six cents for the first 35 kilowatts, five for the next 40 kilowatts and three cents for every kilowatt over 75.

Placid Missionary Society Met Friday

Lake Placid July 5.—The Woman's Missionary Society of the Baptist church met at the church on Friday afternoon where an interesting program was rendered in charge of the president, Mrs. E. A. Bowers. The subject for discussion was "Our Debt to the Jews." Several members took part, giving talks on the subject. At the close of the business session refreshments of sandwiches and punch were served. Those present were: Mrs. L. L. Henderson, Mrs. F. H. Lewis, Mrs. J. C. Smith, Mrs. J. T. Bowers, Mrs. G. L. Pendarvis, Mrs. E. A. Bowers, Mrs. E. B. O'Neal, Mrs. A. D. Roberts, Mrs. W. O. Lee and Mrs. Powell of Hicoria.

FIREMEN SPLIT HOLIDAY GAMES WITH AVON PARK

Fourth of July Bombardment Ends With 43 Runs Being Scored In Two Contests

The second half of the Orange Belt league was opened auspiciously last week end, and in a befitting demeanor, both Avon Park and Sebring teams set off their own little batch of fireworks to split the Sunday-Monday contests.

Just 43 runs and 57 safeties were recorded in the 18 innings of more or less baseball which fans were treated with. The independence of every batsman on both squads was forcefully demonstrated against all kinds of hurling. In the Sunday game, which the Metros copped by a 12 to five score, the Avonians counted just 16 safe blows while the Firemen were garnering eight.

It was a case of "come into my parlor" when the Metros called on the Firemen next day and were welcomed with 15 runs and 18 hits and sent home on the short end of a 15 to 11 score.

Roscoe Bass hurled the Sunday game. Roscoe had a bad inning or two, but Dimberline, Pollard and the Sebring infield had about nine, and when the Metros had gotten tired running the bases in the sixth frame they had all been to bat at least once and six runs were hung up on the scoreboard.

In the aforementioned frame, Roscoe Bass collected a triple and double in his two times up.

To Hal Long went the batting honors of the Firemen while Bass, Milton and Martin were high men for Avon Park.

Monday Game.

There were plenty of fireworks in the holiday contest. Thompson started on the mound for the Metros and was relieved in favor of Bass in the sixth. Roscoe was greeted with plenty of trouble in his opening frame for seven runs scored before the final out was made.

Likewise, Max Long, Sebring's starting hurler, was given a warm reception by the Avon batsmen. They hammered Max in the opening round for two runs on two hits and a walk while in the third they got to him for six runs off five hits, a walk and an error. Hicks relieved him in this frame and continued until the fifth when Whitehouse took over the mound duties. Tommy fared well, holding the visitors well in hand while his mates went to work on the offerings of Bass.

Hoyt Ewing and Hal Long were high men for the Firemen while Pugh, Armistead and C. B. Martin led the Avon attack.

Bowling Green Takes One - Sided Game From Metros, 14 to 0

Bowling Green came over Thursday afternoon and took a lop-sided game from the Metros 14 to nothing. The Growers outhit, outfielded and outran the local aggregation to such an extent that any report of the game would fail to do it justice.

Elder, making his first start for the Metros fared badly from the start, when the Growers slammed four line drives through the infield, which coupled with a walk and an error, netted them four runs. The second inning was quiet, but the fireworks started again in the third for three more runs and a conglomeration of errors, wild pitches, walks and hits accounted for four more in the fourth. From then on the Growers scored one more in the sixth, another in the seventh and added one for good measure in the ninth.

Meanwhile, the Growers were playing stellar ball in the field, Murphy, dimuitive short-stop and Albritton, elongated second baseman were snagging line drives that should have gone for hits and romping back into the outfield to catch everything and anything that offered. Murphy booted one roller and B. Albritton made one bad throw to second for the only two errors the Growers made, neither of which were costly.

Behind this superb support, Albritton pitched easily and was touched for only seven hits, well scattered. Two double plays helped to cut down the Metros chances.

For the Growers, Moore and Keen hit doubles, and Moore, Addison and H. Albritton hit triples, while Murphy's triple was cut to a single when he failed to touch second.

C. B. Martin and McCampbell were the best for the Metros, each getting two singles in the game.

WOODMAN CIRCLE TO CONVENE ON TUESDAY

Sebring To Entertain District Convention In All-Day Session

Orange Blossom Grove of the Woodman Circle, will be hosts to the district convention which convenes here on Tuesday for an all day session and elaborate plans are being made for the entertainment of the visitors who are expected from many towns in this section of the state.

Miss Myrtle Olis Crump, Tampa, national assistant attendant and state manager, will be an honor guest. Other distinguished officers in attendance will be Mrs. Ruby Latham, Avon Park, state junior supervisor and district manager, who is making plans for the meeting, and Mrs. Mildred W. Boone, Fort Pierce, state vice-president and district manager. Mrs. Latham will welcome the visitors to Sebring and Mrs. Boone will respond.

An outstanding feature of the meeting will be the initiation of a class of candidates, secured during the recent three-month membership campaign, honoring the society's national secretary, Mrs. Dora Alexander Talley, Omaha, Nebr., for her more than 20 years of service. Miss Crump, assisted by the Sebring degree team, will preside over the initiation.

The program will also include drills by the team and talks by national and state officers. Luncheon will be served at 1 o'clock in the dining room of the Nancesowee hotel.

A large attendance is expected, as members have been invited from: Avon Park, Wauchula, Punta Gorda, Ft. Ogden, Brownsville, Ft. Myers, Sebring, Nocatee, Sarasota, Palmetto, Terra Ceia, Ellentown and Manatee.

Miss Helen Keller was recently awarded an honorary degree by the University of Glasgow, Scotland.

Exceptionally Fine Pictures Scheduled For the New Circle

In appreciation for the splendid business accorded his playhouse, so far this summer season, Manager Charlie Morrison of the New Circle, "Sebring's Friendly Theatre," has exerted special efforts to book particularly outstanding pictures for the rest of the season. Starting with the current attraction, "The Huddle," starring Ramon Navarro with a big cast including Madge Evans, Una Merkel and a group of All-American football stars which includes Dale Van Sickel, former University of Florida star in a big role, Charlie announces the following pictures for next week.

Sunday and Monday, with matinee Sunday at 3:30, "Girl Crazy" with Wheeler and Woolsey and Dot Lee, Eddie Quillan and Mitzi Green, a riot of fun and laughter; Tuesday and Wednesday, "Big Timer" with Ben Lyon and Constance Cummings, a splendid offering to chase away the summer blues. Next Thursday, Friday and Saturday, with matinee Saturday at 3:30, "Raiders of Sunnybrook Farm" with Ralph Bellamy and Marion Nixon and a big cast in Kate Douglas Wiggin's immortal story that he is said to be one of the finest, sweetest and most charming pictures yet shown here. Other pictures soon to be shown here include: "Cohens and Kelly's in Hollywood" with Charlie Murray and Geo. Sidney; "The Rich Are Always With Us" with Ruth Chatterton and Geo. Brent; Joe E. Brown in "The Tenderfoot"; Jean Harlow and Chester Morris in "Red Headed Woman"; Edmund Lowe in "Attorney for the Defense" and many others that will assure local stay at homes the best in film fare for the summer.

Plans are already underway to insure the booking of the best pictures available for next season, which starts Sept. 1st. The big blower fans have been completely overhauled, recently, and Charlie guarantees his New Circle theatre to be "Cool, Clean and Comfortable." It is hoped that local theatre goers will turn out in sufficient numbers to insure keeping the theatre open all week, all summer.
