"Listen To Leon" Is Well Received

"Listen To Leon" presented by the Dramatic club at the high school auditorium Monday night was well received by an appreciative audience. The play was directed by Ann Abrams as a benefit for the boy and girl scouts of Avon Park, and sponsored by the Rotary club. The net proceeds were divided between the two organizations.

The three-act farce developed some amusing situations as Leon Bryan, played by Heber Weller, got into one predicament after another and as promptly lied himself out of each. Guy F. Smith as Colonel Bryan, his understanding and sympathetic uncle was ever willing to forgive each breach of the truth. Barbara Wever and Eleanor Bryant took the leading feminine roles and handled them pleasingly. Mrs. Lucile Shockley as Babe, the stepdaughter of the younger Bryan was willing to play along with "papa" provided she got her man, which she did in the end. Holland Stebbins as Archie Darby, the rather dense Englishman, provided good comedy, Mrs. Dorothy Bass as Nellie, the maid, and Joe Bass as Guiseppe, the valet, rounded out the excellent cast.

Christmas Seals Go On Sale This Week

"If the death rate from tuberculosis for 1917 for Florida were in effect today, over six hundred additional persons would have died during the past year alone who are now carrying on their daily activities," it was announced by Mrs. William A. Davidson, president of Avon Park Woman's Club, upon receipt of a letter from Mrs. M. L. Stanley, president of the Florida Tuberculosis and Health association, Jacksonville. The letter reads in part:

"This year we must not lose the gains we have made. It is expected that five per cent of our people are able to and will gladly support this work which has done so much to protect the health of Florida's citizens from tuberculosis. Their gifts ranging from a few dollars to a few cents will enable Highlands county to reach its goal which has been set for $175.

The letters containing the Christmas Seals will be sent through the mail to the citizens of Highlands county this week.

Rufus Dunn Hurt When Hit By Car

Rufus Dunn suffered injuries about the head and body Sunday afternoon when he was hit by a passing car near Slaughter's filling station. He was struck from the rear and carried or knocked about 17 steps officers reported. He was taken to a Sebring hospital for treatment and is reported to be recovering without serious consequences.

Marion Baldree was arrested Sunday afternoon by Officer W. H. McCarthy in connection with the accident. He was released on bond Monday, and will have a hearing before Justice of the Peace J. M. Alderman next Monday.

Sherman To Open Store In Marianna

Chas. S. Sherman, who for the past two years has operated a ready-to-wear store in Avon Park, will engage in a similar business in Marianna in West Florida, where he will manage Fleet's Department store opening there today, according to announcement in the Marianna Floridian. Fleet's have operated in Live Oak for the past 28 years and also have a store in Tallahassee. Several years ago Fleet's had a store in Sebring which Mr. Sherman managed prior to coming to Avon Park.

Thanksgiving Lively With Fist Fights

Thanksgiving day was a lively one in Avon Park. The annual Sebring-Avon Park football game brought out a large crowd of fans, and overzealous rooters said it with fists in a number of scraps. None of them were of serious nature, however, and Bill Bryant of Sebring was the only one to fall afoul of the law. He was arrested at the game for overindulgence in the cup that cheers and put away for safe keeping. He paid schedule of $5 and costs before Justice of the Peace J. M. Alderman.

SEBRING HIGH WINS TURKEY DAY GAME FROM AVON 18-0

Red Devils Lose Hard-fought Game as Graddy and Fulton Star for Sebring in Annual Football Classic.

A hard charging Blue and White eleven from Sebring took the 1932 football title of Highlands county back to the county seat Thursday afternoon after administering an 18 to nothing defeat to the Red Devils of Avon Park High.

Ray Graddy, fleet footed halfback of the visitors, thrice crossed the coveted goal line, twice after circling an Avon Park end, and once on a pass, all three attempts at placement being blocked by the fighting Avon line.

The first score came in the opening quarter after Howard Skipper, Sebring center had blocked Maddox' attempt to punt and Butler, Sebring guard recovered on the Red Devil's 20-yard line. A weak side buck netted the Blue & White five yards then Fulton tossed to Graddy who stepped over the goal line for the first score. The entire Avon Park line smeared Fulton when he attempted to run with the ball for extra point.

The third quarter saw the second Sebring score. Fulton's 29-yard pass to Bogle put the ball on the Avon 10-yard line where on the second play, Graddy circled his own left end for the touchdown. Smith crashed through the line to block Fulton's attempted place kick.

A fumble by Wells put Sebring into position for their third score. Fulton kicked to the Avon back who fumbled on his own 13-yard stripe, temporarily downed the ball and then started to run. Referee McEwen invoked a 5-yard penalty on the Red Devils. Maddox was forced to kick from behind his own goal line and the ball went out of bounds on his own 10-yard stripe. Howard hit the line for three yards and again the ball was given to the fleet Ray Graddy who ran away from two Avon Park backfield men and circled his own right end for the third score. Smith again blocked the attempted place kick.

Sauls, Butler and "Pineapple" Greene were outstanding in the Sebring line. Smith's fine work at center greatly aided in the Avon defensive work, Captain Ebi's vicious tackling brought many a flying Sebring back to earth with a thud while Maddox was the most consistent ground gainer and figured in most of the three first downs which Avon Park made.

The visitors outgained the Red Devils from scrimmage, counting nine first downs to three.

Captain Jim Fulton of Sebring was the most consistent ground gainer for the county seat boys, reeling off a total of 78 yards from scrimmage in addition to tossing two complete forward passes and one time, kicking 60 yards and over the Avon goal line.

The Game.

Fulton of Sebring kicked off to Maddox on his own 10-yard stripe and he returned 10 yards where Bogle made the tackle. Hunt hit center for two yards where Sauls got him. Maddox picked up a yard at right guard. Maddox faked a kick and got half a yard at guard where Butler made the tackle. Maddox kicked out of bounds on the Sebring 32.

Ebi stopped Waldron for a yard loss at the line. Fulton picked up a yard at left tackle. Graddy got three at right end before Maddox got him. Crawford replaced Howard for Sebring. Sebring drew a 5-yard penalty. Fulton kicked to Hunt who was downed on his own 15.

Hunt made a yard at left end. Douglas and Butler got Wells at right tackle after he had advanced a yard. Maddox kicked out of bounds on his own 48. On the first play, Crawford fumbled and Ebi recovered on the 50-yard stripe.

Maddox picked up a yard at center where Sauls made the tackle. Wells hit right tackle and Butler and Douglas stopped him without gain. Maddox broke thru center for five before Skipper halted him. Maddox kicked out of bounds on the Sebring 31.

Waldron got four at guard. Graddy added two more. Graddy was stopped by the Avon forward wall for no gain. Fulton failed to puncture the Avon line and kicked to Wells who returned five yards to his own 47.

Referee drew a five-yard offside

Chamber Commerce To Provide Program For Radio Broadcast

A special meeting of the board of directors of the chamber of commerce Wednesday afternoon accepted an invitation extended by the Florida Public Service company to put on a radio broadcast advertising Avon Park over WDBO at Orlando, and set the date of the broadcast for December 6th, provided that date is acceptable to the studio.

Dr. W. A. Davison was selected by the directors to arrange the 30-minute program which will be put on the air. The broadcast is sponsored by the Public Service company and is without cost to Avon Park and other Ridge cities which have been invited to participate. The hour has not yet been set, but it will be in the early part of the evening.

LEGION TO SURVEY FOR CHILD WELFARE WORK

Local Committee Will Attend Arcadia Meeting to Plan State-wide Survey

An exhaustive study of child welfare work and needs in this state has been undertaken by the Florida Department of the American Legion, as a direct outgrowth of its well-known work for crippled children. The survey will determine what is being done by the various counties and incorporated communities, and indicate, no doubt, what is being neglected or under-emphasized.

Sixth district members of the Department Child Welfare committee, with committee members from local posts and units of the district will hold a special meeting at Arcadia Sunday, November 27. The meeting will be in the form of a luncheon at the Arcadia House at 12:30. Neal Trent, local child welfare chairman of the Highlands post, R. T. Fairey and likely several others will attend from Avon Park.

At this meeting details of the plan for conducting the Legion's state-wide survey on child welfare, will be presented. The survey which is now under way in all other districts of the department is as important to the children of Florida as was the crippled children survey which the Legion so successfully handled four years ago.

Department Child Welfare Chairman A. Rice King, of Jacksonville, and Mrs. Bertha Steitz, field worker for the survey, will be the speakers at the luncheon. Dr. Jack Holton, Sarasota, district child welfare chairman will preside.

The Legion, aided by the Auxiliary, in each county seat will secure answers to three sets of questions on the country's welfare work, covering that for dependent, delinquent and handicapped children. In each community where there is a post, a list of inquiries on local child welfare work will be filled out to supplement the information secured from the counties.

When assembled and compiled the completed questionnaires will constitute, it is claimed, the most comprehensive survey of the child welfare situation ever made in Florida. The questions are so understandable and pointed that they can not fail to give local posts and units an impressive picture of child welfare work in general, as well as in their own counties and towns.

The project is being carried out under direction of A. Rice King, past department commander of the Legion, who is department child welfare chairman. Closely associated with Mr. King is Judge W. S. Criswell of Jacksonville, child welfare chairman of the 40-8, who was child welfare chairman of the Legion at the time the crippled children program was initiated, while the Legion's department commander, G. B. Knowles of Bradenton, and Mrs. Rupert Smith of Arcadia, department Auxiliary president, are lending their full support.

Mrs. William Steitz of Lakeland, a past department child welfare chairman in the auxiliary, past president of the Florida State Conference of Social Work and present chairman of Corrections and Institutions in the Florida Federation of Women's Club, is covering the state as field worker for the survey.

She was in Avon Park and Sebring today conferring with Legion and Auxiliary officials in connection with the survey.

CAN'T COMPROMISE DELINQUENT TAXES —SUPREME COURT

Decision Handed Down In September In Case From Dade County; Affects All Taxpayers In the State.

Of importance to all taxpayers in the state is a decision of the supreme court relating to delinquent taxes. The decision was handed down in September in a Dade county case and was brought to light by the city attorney of Tampa last week. In its issue of Sunday, the Tampa Tribune said:

"The Florida supreme court, in deciding a Dade county tax appeal case last September, blocked the legislature from authorizing cities or counties to accept compromises on delinquent taxes, City Attorney McMullen announced yesterday.

"The court held that where one property owner has paid taxes at the full rate, city and county governments are automatically prohibited from permitting other property owners to settle at a lower rate.

"The decision was handed down Sept. 17 and its purport, according to McMullen, has been overlooked by various organizations of delinquent taxpayers, whose organizers have been promising their members to go before the next legislature and get bills passed permitting settlement of back taxes anywhere from 10 to 50 cents on the dollar.

Text of Decision.

"The text of the decision, all justices concurring, follows:

"'Where the statute providing for the collection of a particular tax is valid and taxes from some have been collected under it, the legislature is without power to unconstitutionally discriminate against and deny the equal protection of the laws to the class of taxpayers, who have already paid such tax while the statute was in force by arbitrarily remitting or wiping out by repeal of the statute or otherwise the liability of those, who have by their delinquency, evaded or postponed payment for the time being.'

Flatters Delinquents' Hopes.

"The plain language of the opinion, McMullen said, not only flattens the hopes of the group of delinquent taxpayers, who have been persuaded by organizers that legislation can be passed authorizing compromises, but assures property owners, who have paid their taxes, that their rights will be protected against legislative discrimination.

"These sporadic groups of delinquent taxpayers, many of whom have been openly advocating 'tax strikes,' have never had the slightest chance of getting compromises,' McMullen stated. 'It was merely a question of time until the supreme court stepped in to protect the other taxpayers, who have dug down into their pockets to pay their bills.'

"The city attorney is using the supreme court opinion in answering letters from taxpayers regarding further delays in settling their delinquent taxes."

H. J. Sachsenmaier of Philadelphia, Pa., a prominent grove owner at Avon Park was a business visitor in the county the first of the week.

Court Refuses To Confirm Sale of Bank Building

Circuit Judge George Whitehurst at Fort Myers today denied petition of Receiver E. J. Etheredge for an order authorizing him to accept J. C. Barrow's offer for the purchase of the Highlands Bank & Trust Company's building in Sebring.

Hearing on the petition was held before Judge Whitehurst Friday afternoon. L. D. Guess, a depositor of the defunct bank, who brought action to restrain the sale, was present with his attorney, R. R. Rhudy, C. F. Saunders was the only other depositor present. On being questioned by the judge it is stated that both depositors objected to the sale.

Receiver Etheredge was represented by P. A. Naylor, The Mortgage Company of Maryland, holders of a substantial mortgage on the building, was represented by F. T. Haskins, who filed a petition in which his clients guaranteed to pay all taxes up to date on the building.

In Sebring, it was stated that the mortgage company would probably proceed to foreclose on the building.

SPANISH WAR VETERANS MEETING HELD SUNDAY

West Coast Council Held Conference With Many Camps Represented

The regular monthly meeting of the West Coast Council of Spanish War Veterans was held at the Municipal pier, Sebring, on Sunday the 20th. Six camps were represented, with a total attendance from camps and Auxiliaries of about 80. Lunch of chicen pilau, roast pork, salads, sandwiches, etc., was served at 12:30. Prior to the lunch, Mrs. Bert Bassage of R. P. Hobson Auxiliary, Sebring, advised the gathering that this was the birthday of State Comander Frank P. Burch, and on behalf of their Auxiliary, presented him with a beautiful birthday cake.

The business session followed with L. D. Lacey of St. Petersburg presiding. Comrade Hilton of St. Petersburg, secretary. Comrade Bert Bassage of Sebring made the address of Welcome, in the absence of Mayor W. B. Crawford, who was detained on account of the funeral of Mrs. Schumacher. He spoke of the sadness of the occasion and the circumstances surrounding her departure. Members stood at attention for ten seconds in honor of her memory and resolutions of respect and sympathy were ordered prepared.

State Commander Frank Burch addressed the meeting telling of many matters of interest to all veterans. The Past Comander of Kentucky, now living at Zephyr Hills was introduced and spoke to the meeting, stating that he expected to place his membership here. The members in attendence from the new Camps at Wauchula and Zephyr Hills were introduced and welcomed.

An interesting diversion was created by the removal of State Comander Burch "under arrest", and during his absence a wonderful birthday cake, gift of the camp and auxiliary from St. Petersburg was brought into the room and on his return, after his hearing and trial by Judge Advocate Hilton he was sentenced to eat the birthday cake for his misdeeds. Comrade Frank Burks, contact officer at the Lake City Hospital, gave an interesting account of the work being done for all veterans there.

A vote of thanks was given the Richmond P. Hobson Camp and Auxiliary for their entertainment and the meeting adjourned to meet at Wauchula on the third Sunday in January.

Israel Johnson Gets $250 Fine For Carrying Gun

Israel Johnson, negro chauffeur for A. C. West, was fined $250 and costs or six months in the county jail by Justice of the Peace J. M. Alderman Wednesday, following conviction Monday of carrying concealed weapons.

Johnson was arrested in the quarters about two weeks ago, and charged with carrying concealed weapons, following an argument with white men, in which he is alleged to have threatened the men. They left and reported to Officer W. A. Roberts, who arrested Johnson and took his gun from him. The gun was in evidence at court.

Attorney S. C. Pardee representing Johnson, presented his defense on grounds of illegal arrest. Pardee charged that Roberts did not have knowledge beyond a reasonable doubt that Johnson had the gun at the time, and claimed that he should have taken a warrant for the negro. Acting County Attorney T. A. McNicholas represented the state.

Following the sentence Wednesday, defense counsel gave notice to the court of his intention to appeal the ease to the circuit court, and posted a $300 appeal bond.

Hunting Party Brings Back Three Deer From Glades

A hunting party composed of seven Avonians returned early Thanksgiving morning from the Everglades after a successful hunt in which they bagged three deer and fourteen turkeys.

Those in the party were J. Kyle Williams, Lawler Wells, Floyd Johnson, Howard Maddox, Chas. D. Sherman, Wylie Sauls and W. R. England. They left here last Friday and crossed the Indian reservation southeast of Immokalee in the cypress at the edge of the glades, where they camped Sunday. They put in a day and a half hunting and were well pleased with their trip.

They traveled in two cars and a truck, and left the two cars at the edge of the cypress. Returning they found their gas tanks drained dry, and were delayed while the truck made its way to Immokalee to get gas for the homeward journey.

Intermediate Girls Class First Baptist Church Organized

The first year intermediate girls of the Baptist church met at the home of their teacher, Mrs. S. J. Pendleton, Saturday afternoon, November 12th and elected officers and organized the class.

The girls chose as their class name, "Always Ready." The class motto is "Ready to Serve for Our Master."

Johnnie Saggus was elected president; Johnnie Mae Smith, vice-president; Evelyn Martin, secretary; and Dorothy McNicholas, reporter. Lucille Bishop was named program chairman, and Margaret Townsend, personal service chairman.

Activities were discussed and work outlined and begun for the next few months. The girls are enthusiastic and the membership is looking forward to a bigger and better class.

After an hour's pleasant work, delightful refreshments of sandwiches, pickles, cake and hot chocolate were served.

A cordial invitation is extended to every unaffiliated 12 year old girl in the city to join the class.

There will be a monthly business and social meeting at the home of the teacher.

Substituted Tire Causes Auto Wreck

Col. F. N. K. Bailey received several broken ribs and Mrs. Bailey was bruised in a wreck Sunday at Brunswick, Ga., when their car in which they were returning to Sebring overturned due to a tire blowing out. Miss Thelma Bailey was slightly bruised but otherwise uninjured.

Col. Bailey and family had made a short visit to North Carolina and on their way back stopped for the night at Brunswick, when, it is stated, a badly used tire was substituted for a good tire on their car. Who did this is not known and it was not noticed when they left Sunday morning to proceed homeward.

The old tire blew out and the car overturned but with only slight damage to the top and after it was righted the party proceeded home in it.

FARMER – CARSON CONTEST FOR CLERK COMES TO COURT

Farmer Files Petition Asking For Vote Recount; Alleges Irregularities In All Precincts In the County.

The contest between L. T. Farmer, incumbent, and W. Z. Carson for the office of clerk of the circuit court and which has been rumored as pending since the election, came out into the open Tuesday with the filing of a recount petition by Mr. Farmer's attorneys. The petition is very lengthy and alleges all manner of irregularities on the part of the election clerks and inspectors in every precinct in the county and states that a recount will reveal that Mr. Farmer is duly elected. The petition makes no mention of any disqualifications of Mr. Carson due to failure to file an expense account in the primary.

Following the usual preamble, which is addressed to Judge W. J. Barker of this circuit, the petition cites the returns of the canvassing board which met November 14 and then continues as follows:

"And further your Petitioner would show unto this Honorable Court that by reason of and as a result of many irregularities and errors permitted and committed by the several boards of clerks and inspectors in the holding of said election and by reason of many irregularities and inaccuracies permitted and committed by said several boards of clerks and inspectors in counting the votes cast in said election for candidate for the said office of Clerk of the Circuit Court in and for the County of Highlands and State of Florida, and the returns thereof so made as aforesaid to the County Canvassing Board of said County, all of which will hereafter appear, the said purported majority or plurality reported by the County Canvassing Board is in truth and in fact erroneous, and your Petitioner avers that the said W. Z. Carson did not receive the aforesaid majority or plurality of votes, but, on the contrary, in truth and in fact, your petitioner actually received a majority of all of the votes cast in the said general election held the 8th day of November, A. D. 1932 for the said office of the Clerk of the Circuit Court in and for the County and State aforesaid, as will appear upon a correct recount of all of the said votes cast at the said general election for the said office."

After more legal phraseology the petition gets down to the "meat" of the allegations and the basis of the argument and recites the following allegations regarding the election officials in the various precincts in the county, and the allegations regarding each precinct, 11 in all, being similar in each case. The petition charges:

"That in election Precinct No. ___ of the said county, the board of Inspectors and Clerks appointed to hold said election, failed and neglected to perform their duty as inspectors and clerks in this:

"(a) The said Clerks and Inspectors failed to perform their duty in that many ballots having the name of a person other than the name of W. Z. Carson written thereon were counted by the said clerks and inspectors as and for votes for the said W. Z. Carson.

"(b) The said clerks and inspectors further failed to perform their duty in that they erroneously and irregularly counted, as ballots cast in favor of the said W. Z. Carson, many ballots on which his name was written, but on which there was no "X" mark opposite his name, either to the right or the left thereof.

"(c) That the said clerks and inspectors further failed to perform their duty in that the said clerks and inspectors counted as ballots cast in favor of the said W. Z. Carson, many ballots upon which the name of the said W. Z. Carson was written, but on which ballots the "X" mark was so placed as to leave it uncertain whether the said "X" mark was opposite the name of your Petitioner or opposite the name of said W. Z. Carson.

"(d) That the said clerks and inspectors further failed to perform their duty in that many ballots were counted as cast in favor of the said W. Z. Carson on

Bet old man Einstein would be happy and grateful if some one would come along and explain the Einstein theory to him.

We could think of any number of things to get excited about before we got around to worrying about "beer by Christmas."

Let us hope hunters will be sportsmen and not hogs. It is not necessary to exterminate the game this season. Leave some for next season—and the other fellow.

The average citizen, who has to pay his debts and does not wish to do otherwise, can see no earthly reason why cancellation of foreign debts by the United States should even be considered.

Luscious ripe strawberries, fresh from the vine, were on the menu for Thanksgiving in many South Florida homes and eating places. It is cause for thanksgiving to live in a section where that is possible.

Everybody in the country wants economy in government. Until it strikes the office one holds, or affects the salary of a relative or friend. As everybody either holds an office or has a relative or friend holding one, the difficulty in effecting economies is not hard to locate.

Some people are surprised that, notwithstanding election results, prosperity seems a bit timid about coming around the corner. Give the boys who were elected a little time. Even John Martin admitted that it would take about 60 days after his election before he could begin saving the people millions.

One thing that has been established is the deep devotion of Mrs. Robins to her distinguished husband. "I would have given my hat to have known where he was," the lady is quoted as having said. Not every wife would give up her hat for her husband—unless, perhaps, it was last season's hat.

So far as reported, William Upshaw, prohibition candidate for President, received a popular vote of only 32,684. It seems that consistent prohibitionists would have rallied to their standard in far greater numbers, instead of wasting their votes on the two major parties, neither of which represented their views.

Numerous hunting parties left home several days before the opening of the season, but of course, that was solely to get en rapport with the denizens of the forest, or perhaps to hold "communion with Nature in her visible forms." Equally of course, not a gun was fired before midnight Sunday, the 20th. Now you tell one.

Amy Johnson broke her husband's record in a flight from London to Cape Town, thereby, in our opinion, doing well but not wisely. We doubt that hubby will approve of Amy beating his time. Few husbands would. Men want their wives smart, but not quite as smart as they are. The wise woman, will, despite her private opinion, make hubby think she is looking up to him, but never expecting quite to reach his heights.

People who are unwilling to face the facts but prefer to hide their heads in the sand, frequently declare that our young people are no worse than those of former generations. That statement can always bring applause from the unthinking. Cold-blooded statistics, however, prove that in the past eight months 32,287 persons under 20 years of age have run afoul of the law, most of them for serious crimes, some for most horrible deeds. It is a record that should make every parent think, and resolve that his children shall not, through any fault or neglect of his, swell the ranks of youthful criminals, more numerous now than ever before in the country's history.

We who live in Florida have reason to observe this Thanksgiving day. Conditions are not all we could wish, but if we paused to take stock of our blessings, a long list could be enumerated. We will not freeze in Florida; no one with any energy or resourcefulness will suffer for food. The best months of the year are just ahead of us: A fine citrus crop is just beginning to move, and berries, truck and various products will soon be bringing in returns to the growers. There is an improvement in the industrial situation, many hands that were idle being busy with seasonal labor. No part of the world is more favored in climatic and other natural conditions. We are better off economically than most parts of the country. The outlook is far from discouraging. We are thankful.

There is more money wasted in worthless, foolish advertising perhaps than in any other item of business operation. Men of average intelligence in most things seem to go hopelessly hay-wire under the spell of some smooth talker with an advertising scheme. Florida is over-run with fakers of this class at this season, and merchants are almost every day asked to take space in some directory, imitation newspaper, or other medium that has no more standing than the circulars that litter up the streets and lawns, and constitute a public nuisance. Any medium that has to be given away has absolutely no advertising value. Successful business men have long accepted the fact that only publications of established paid circulation bring satisfactory returns for space purchased, and it is really a reflection on a man's business judgment to note his advertising in cheap schemes, promoted mostly by irresponsible fly-by-nights.

TOO LATE TO CLASSIFY.

By RUSSELL KAY

And now the State Game Department announces that the limit for any one man is a BUCK a day. Well, I know a lot of hunters who would be dogoned glad to get that, but wait, while the state permits us to gather in a buck if we can find it, they ain't as kind hearted and generous as you might think, for the announcement further states that if a game warden catches anybody with DOE they can take it away from 'em.

Well, any guy with a little dough now days ain't sayin' anything about it, but it ain't the game warden he's afraid of, it's the tax collector. This stunt of the state takin' your doe is an old Spanish Custom, they been doin' it for years, but in spite of all the effort to conserve 'em, we got less dough around loose to-day than ever before.

I can remember awhile back when a guy would go out and shoot a hundred bucks and nobody would think anything about it, but now days if a fellow shoots one buck he's a ring-tailed tooter and wants his picture on the front page.

But if you want to go out hunting BEAR why there's no law against that, but on the other hand if you go BARE and can't prove you're HUNTING, why you are a nudist and they'll put you in jail. You know there was a time when most of our BRUIN was out in the woods, but now days you'll find BREWIN' everywhere, but it's not as easy to get a BEAR on 'em now as it used to be.

But you know game wardens have a hard time, they are supposed to keep a check on the nimrods, but sometimes they'll track down a guy with a shot-gun and a license and find he's goin' to a weddin'.

Then this duck hunting business is funny, one guy will get up before breakfast and sit in a blind all day for a couple of shots, while another fellow will stay in camp and take a couple of shots an' go blind.

Then when you start out on a hunting trip you usually stop at the corner grocery and pick up a few cans of beans, then you drive on out to Tony's place and get some corn, then you make sure you got a can-opener for the beans and a bottle opener for the corn. Some guys insist on corn-meal for breakfast, while others won't sit down to any meal until they've had their corn.

Some guys always hunt with dogs, but on the other hand some fellows aren't particular and will go hunting with anybody. But a man really needs good DOGS if he's gonna do much hunting, if you get the POINT.

Every season someone gets shot and loses his life because he didn't know the gun was loaded, while others get half shot and lose their will because they didn't know the dice were loaded.

The first thing a hunter does before he starts out is go down to the hardware store and get a supply of shells, but you can't count on getting a bird from each shell. There'll be a lot of empty shells in the woods when the season's over, that the birds didn't have anything to do with.

But just the same, hunting is a great GAME, if you can find any.

And a news dispatch informs us that there was a six legged lamb born up in Georgia the other day, which only goes to prove that Nature can be depended on to meet any emergency. A lamb really needs six legs to keep up with the Modern Mary.

And this is the season when a lot of bright columnists get out their fingers and start countin' how many days until Christmas, and they always emphasize the SHOPPING days, that's all very nice, but if you ask me, the big question with most folks is how many PAY days.

After all, it wasn't so much a question as to whether the country might go to the dogs, as it was whether it was going to stay there.—Arcadia Arcadian.

There are some businessmen who have confidence in the future of Frostproof and they are backing their confidence with their money. Mike Kahn of Sebring is opening a clothing store here in the near future and J. H. Wardlaw is putting a stock of men's furnishings in connection with his pressing club.—Frostproof News.

Seaboard Announces Lower Rail and Water Rates To Northern Points

The announcement of T. F. Sharpless, Commercial Agent, Seaboard Air Line Railway, Lake Wales, is of particular importance and interest to the citrus industry of Florida, in that effective on December 17th further and downward rate adjustments are being made to Eastern Atlantic Port cities, ranging from four percent to 14 percent. As example of further saving, in which the growers, packing house interests and marketing agencies will participate, the saving in the prerar charge of 360 boxes from Orlando to New York will approximate $40.00 and from Winter Haven to New York $35.50; from Orlando to Philadelphia $23.00, and from Winter Haven to Philadelphia about $20.00.

In order to determine the extent of these reductions from other origins, pending receipt of the tariff providing for these adjustments, the rate from Orlando and points from which the present rates are the same as from Orlando there will be published rail-and-water rate of 74c cwt. to Baltimore, Philadelphia and New York, and 82c cwt. to Boston and Providence; from points from which the present rates are less than present Orlando rates, then such rates from Orlando will be observed as minimum. In order to arrive at what the rates are to be from other origins, the difference between the present rates from Orlando and other origins will be added to the new rates named from Orlando; for example, there is a difference of 1c cwt. in the rate from Orlando versus Winter Haven, therefore, in order to determine the new rate from Winter Haven to New York, 1c cwt. would be added to the new rate from Orlando of 74c cwt., meaning a rate of 75c cwt. from Winter Haven, plus usual emergency charge of 1c cwt.

These adjustments are in a measure experimental, are being issued to meet truck-and-water competition, and will expire March 31st, 19'3, unless sooner cancelled, changed or extended. These rates will apply on shipments loaded in railroad owned ventilated box cars with minimum of 360 boxes, will not be subject to diversion or reconsignment rules, and will apply only via the following routes:

To Baltimore and Philadelphia, via rail to Jacksonville, thence Merchants & Miners Transportation company.

To New York, via rail to Jacksonville, thence Clyde Steamship Co.; also via rail to Savannah, thence Ocean Steamship Co.

To Boston and Providence, via rail to Jacksonville, thence Merchants & Miners Transportation Co. or Clyde Steamship Co.; also via rail to Savannah, thence Ocean Steamship company.

All restrictions as to marine insurance and other items applicable in connection with the present rates will be continued in connection with rates herein referred to.

The adjustment in rates to these Eastern Atlantic Port cities follows closely on the heels of Mr. Sharpless' announcement of September 26th of very heavy reductions in rates having been made, approximating 25 percent and 35 percent, to the so-called Groups 1 and 2 in the Southeastern territory, embracing destinations throughout the States of South Carolina, Georgia and Alabama and portions of North Carolina, Tennessee, Mississippi and Louisiana, and with additional announcement of Mr. Sharpless on November 4th as to the same reductions to the so-called Groups 1 and 2 to apply on citrus fruit when loaded in refrigerator equipment. Reductions to these destinations went into effect October 23rd and November 12th, respectively, and further amplifies the desire of the rail lines to cooperate in order to assist the citrus industry in marketing their products to the best advantage possible. The citrus interests are taking advantage of these reductions and are using the rail service, which offers many advantages as compared with other forms of transportation and, above all, retains control as it relates to systematic and economic marketing of Florida's very important products to where it really belongs.

U. S. Marine Corps Is Seeking Recruits

The United State Marine recruiting station, first floor City Hall, Tampa, Fla., under the command of Sergeant Edward I. Newman has announced that a limited number of vacancies for this branch of service will be filled during the months of December and January.

Careful selections will be made in filling these vacancies as the duties of the Marine Corps are varied and required men who can learn to familiarize themselves with all the various features of the military service ashore and afloat.

Applications by mail or in person of high school graduates of good character between the ages of 18 and 30 will be consideration.

Nominations Made DeSoto City Caucus

Paul VanderSchouw was nominated for the office of Mayor of DeSoto City without opposition at a caucus held by citizens. The regular city election is to be held on December 6. Bernard Etheredge withdrew from the race upon the nomination of VanderSchouw leaving the merchant unopposed. He will fill out the unexpired two years which remain from the term of Frank P. Burch.

H. E. Galloway was renominated for the position of Town Clerk without opposition. This nomination is for the full three year term.

The meeting was presided over by Mr. Charles R. Tysen who acted as chairman. There was a large attendance.

Red Cross Roll Call Starts Saturday

The annual Red Cross Roll Call will start throughout the county Saturday and continue until the desired quota is realized. C. E. Crabtree has been appointed Roll Call chairman for Avon Park and will have a committee to assist him in the membership drive.

Reviewing activities of the Red Cross organzation, P. A. Naylor, county chairman, stated that during the present era of relief work, the local chapter has shipped into Highlands county 725 barrels of flour and 3,200 yards of cloth and has ordered 600 pairs of overalls, the total value being approximately $6,000.

Scout News

The meeting opened with the usual opening ceremonies. The roll was called and the dues taken up. We have received an invitation to a Field Meet in Lakeland but we don't know whether we will accept it or not. A few Scouts are hoping to attend the Flaming Arrow council camp during Christmas vacation but it will be practically impossible for the troop to attend.

The Patrol stunts were put on. The Patrol meeting reports were given.

The rules for the contest between the Patrols was explained. We drilled for a while. A game of "Steal The Bacon" was played. The meeting closed by repeating the Scout Law. We invite the public to attend our meetings.

Venus Will Stage A Community Fair

A very enthusiastic meeting was held at Venus Friday night and plans made for the holding of a community fair on Friday, February 24, 1933. The exhibits will consist of everything that can be grown and raised in that section of the county and the entire community is being interested to make the affair a great success. The fair will be held at the school house and dinner will be served on the grounds at noon.

Officers were elected as follows, manager, E. J. Peters; president, Richard Stabs and Cleve Poole secretary.

There are now about 3¾ million acres of Florida's area set aside as breeding ground for game and other wild life. This represents about 10 percent of the state's area.

Send your home-town newspaper as a Christmas present to some friend who is interested in the community.

Developing A Vocabulary

Everyone likes to hear a fluent speaker talk, one who has command of a large number of words and doesn't have to stop and search for a word to express his thoughts. We all admire any one who posesses this accomplishment; yet so few of us try to improve our own vocabulary.

There are several ways to increase your vocabulary. In reading, whenever you find a word that you are not sure of its meaning, jot it down on a slip of paper. Perhaps you know its meaning but are not sure of the pronunciation, and unless you can pronounce a word correctly it is of very little value in a conversation. The only thing that can make one appear more ridiculous than to mispronounce is to use a word of the wrong meaning. When you are through with your reading find your words in a dictionary.

Study the meaning and pronunciation until you are familiar with them. Study them until they are yours, until they are at your tongue's tip. If you will do this every time you read you will be amazed at how rapidly you will learn new words. It will give you a self assurance you have never before possessed.

Senior News

Tonight's the big night—so far ar Harry and Virginia are concerned. In case you don't know what we mean, they're giving their graduation exercises in music. This should be good as Harry and Virginia are considered among the very best in town.

The board is giving us Thursday off to eat turkey and Friday to recuperate. We surely are having a lot of holidays this term. We're getting to be rather spoiled on account of 'em, too.

Miss Bryant went home to Gainesville for the past week end.

Seniors attending the big game Friday (sure, it was a big game, didn't we win it) were: Grace Schweigart, Honey Sue Roberts, Marcus Covington, Ethel Hixon, Verna Heim, Mary Turner, Gwendolyn Wever and Harry Hancock. Senior boys in uniform were: Leroy Delaney, Albin Ebi, Nelson Smith, W. H. Prescott, Sherard Johnston. The game seems to have had a bad effect on our cheer leader, Mary Turner, as she hasn't been to school since. The report is that she has a very, very bad cold.

Juniors

All I see, hear, or dream about is "Heart Trouble." The play is progressing rather well and it looks as though we'll be well able to give a good performance on the night of December 2.

All the members of the class are working spiendidly toward our aim—the best junior play possible and we're asking you to judge whether they've succeeded or not on the night the play is produced. We believe you'll agree that it was the best or very nearly so.

And listen, folks, we've got some good news and hope you'll be very interested. It was decided this morning that we should change our prices from ten and thirty-five to ten and twenty-five. Don't forget that the admission to see and hear "Heart Trouble" is just ten and twenty-five cents.

Can you imagine W. A. Maddox as a capable sound minded father of three children? Or Lucile Langford as W. A.'s daughter who is very socially inclined?

Or Billy Wilbur as a small town drug clerk very much bent on proving that Robert Roberts, a sleek golf pro, is a "louse?"

Oh, its a grand story and so lifelike you won't realize that it is a play. We hope to please you so come Friday night, December 2, and hear all about "Heart Trouble."

"Jus' Gossip"

Well, well, folks. I think our football boys should have a big hand this week, because they did beat Frostproof. Well I should say!

Now, let's see! What else of any importance has happened or is going to? I jus' don't know a single thing but from the looks of some of these high school kids you can jus' see how they're longing for Thanksgiving and are they going to eat! Well I bet some of them will have to be carried to the game on stretchers, if they go at all, 'cause they've eaten so much!

Miss Bryant is giving diagnostic tests this week and I guess she will be giving us pitiful looks when she finds out how dumb we really are.

We have a few wonders around this school such as:

Why certain girls can make such cute remarks in chemistry class.

Why some senior boys try to be so kiddish.

Why Sebring boys seem to rush girls off their feet.

Why some people love to tell Prof. everything that happens.

Well, so long folks. We'll be seeing you.

—Jus' Two Kids.

Sophomores

This is a very busy week. We reporters have our hands full.

Our class, this week, has received news from some of our old class mates of last year.

John Jackson, who has moved to Orlando, and Earl James of Pompano, both wrote us letters which we were glad to get, indeed. We wouldn't mind hearing some more either about them.

I think everyone in the school is looking forward to the football game Thursday afternoon. Here's to you, boys. May you give those Sebring boys the rub down.

All of us students seem to be having a terrible time with bad colds.

—Myrtle Turner.

Freshmen

Last week our class had a "Who's Who" contest. The following were given the honor of:

Prettiest girl—Madge Atchley.

Best looking boy—Corbett Howell.

Cutest girl—Clarice Thomas.

Cutest boy—Jimmy Lee.

Most popular girl—Sarah Lucy Trent.

Most popular boy—Billie Martin.

Most studious girl—Hazel Wilkerson.

Most studious boy—Brents Durrance.

Best all round girl—Virginia Gough.

Best all round boy—Bobbie Harris.

Most athletic girl—Linda Wingate.

Most athletic boy—Billie Martin.

We have been having plenty of tests lately and were trying to bring our class standard up to an "A." Can it be done?

The Critic's Column

Oh, yes, and ha, ha! We did get some jokes last week.

Talking about a high forehead showing plenty of brains, a certain teacher must have plenty of sense (brains.)

The name of the Junior class play is "Heart Trouble." What a name! Mr. Funderburk is going to have heart trouble if it doesn't go over December 2.

It's funny but it's true. Why is it that when a new boy comes to town, all of the girls go crazy over him for about a week and then drop him? Do they learn him or does he learn them? They really don't have to look for new boys, (or we for girls,) because there are plenty here now. Why don't we live in our own town?

7-B News

Hello, folks! Here we are again, thinking of what a fine time we are going to have Thanksgiving day. We're all expecting to have a good time and we hope we all will.

We had a program in our room this morning instead of going to chapel. Cylatte Strawn gave a reading. Lonnie Mae Folsom sang a song. Peggy Lacey said a verse, then the program ended.

Next week I think Mildred Allen, Virgal Still and Peggy Lacey are to give a program in chapel.

Sports

Friday the Avon Park Red Devils trampled the Frostproof Bull Pups to a 46-0 score. James Davis, Bullpup coach, used to be a backfield star for the Red Devils, but his team just was not good enough. This was only the second game Avon Park has won this year, but at that, they took fifth place in the Ridge conference race.

Charles Kempton made a spectacular run in the last quarter when he returned the ball fifty yards on the kick off.

A touchdown was made by each man in the Red Devil backfield and by two ends besides.

7-A News

Another holiday and Friday too! We hear that our classmate, Edward Touchton may journey up to Riverside in Gainesville, Georgia, this week-end to visit his brother who is a student there. Some folks have all the luck!

Wednesday is the last day of the third month and we are swamped with tests as usual.

Our hopes are dwindling in regard to the P. T. A. prize. With several of our members out of school on account of sickness, we are afraid we will miss the coveted honor (and fifty cents that goes with it) this month.

Salt Sickness Checked.

Salt sickness recently appeared in a herd of grade Herefords owned by E. F. Wolfe, St. Johns county farmer. County Agent Loonis Blitch was called on, and a salt sick mineral mixture recently worked out by the Florida Experiment Station was placed before the herd. Much improvement was noticed in a short time, Mr. Wolfe reports.

Four More Fine Pictures at New Circle Theatre

Starting with the Thanksgiving Day attraction, "The Big Broadcast" which will be shown for three nights, Thursday, Friday and Saturday, four exceptionally fine pictures will feature the programs of the New Circle Theatre, according to announcement by Manager Chas. Morrison today.

The "Big Broadcast" brings to the screen an unusual array of radio favorites together with a host of screen stars. Bing Crosby, Kate Smith, Burns and Allen, the Mills Bros., the Street Singer and too many others to mention, will be seen in person. No matinee will be held Thanksgiving Day as Manager Morrison and his staff are whole-heartedly supporting the Avon Park-Sebring football game that afternoon. But Charlie hopes for a big crowd after the thrills of the game are over.

Next Sunday and Monday, with matinee Sunday at 3:30, "Night after Night" with Geo. Raft, screen sensation, said confidentially to be the logical successor to Valentino, in the leading role, aided by Mae West, Allison Skipworth and Constance Cummings, will hold forth. Tuesday and Wednesday will witness the screenings of "Hollywood Speaks" featuring Pat O'Brien and Genevive Tobin in a typical Hollywood "behind the scenes" picture. The "punch picture" of the week will be "Too Busy to Work" starring Will Rogers scheduled for showing Thursday, Friday and Saturday December 1, 2, 3.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blocks up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

To have thrilled old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist substitutes. 25c at all stores. © 1931, C. M. Co.
