TAX COLLECTION IN COUNTY MORE THAN LAST YEAR

Approximately \$31,000 Was Collected During Month of November

Tax collections this year are far ahead of last year, approximately \$31,000 having been paid in since the first of November, according to figures supplied by Tax Collector Mrs. Ruth Biss Hylton yesterday afternoon.

The cash and checks have been coming in so fast the past two or three days it was impossible for Mrs. Hylton to give an exact statement on the amount taken in as there were a number of letters containing checks and money orders that had arrived in the last mail that had not been opened yet, but bank deposits for Tuesday were \$19,550.15.

The interesting part of the unusually large collection is that most of the hundreds of payments were in small amounts ranging from 71 cents up to the largest which was \$1,415.80, none of the larger tax payers being paid as yet.

Mrs. Hylton stated that she expects some of the larger checks in within a few days, but the hundreds of small checks are pouring in faster than receipts can be mailed out speaks well for the confidence the property owners have in the future of Florida and the soundness of their investment.

A conservative estimate of the total collections since the first of the month on real estate is \$27,400 and there has been collected in other forms of taxes approximately \$3,554.06. The greater part of the money collected, however, has come in within the last few days.

Veterans Will Get Pension Checks While In Hospital

LAKELAND, Nov. 28. (Special) —Veterans who are being given hospital treatment will have their care of in the home at Bay Pines or other government institutions, will personally receive their entire pension or compensation checks while they have dependents, it was made known today by Congressman J. Harbin Peterson.

The Congressman said regulations had just been issued putting the new plan into effect, and that it would undoubtedly have the effect of preventing considerable worry to veterans entering the hospital in having their payments apportioned to their wives or other dependents.

Under the former system, a veteran with dependents was automatically reduced to \$6 or \$15 per month when he entered the hospital, or some of the smaller amounts being paid where he was receiving a pension for disabilities not connected with his war service, and the larger amount when the veteran receives compensation for service-connected disabilities. In order for the wife to receive the remainder of the pension, it was necessary to go through considerable red tape in legally proving the marriage and other factors concerning any previous marriages.

This caused considerable trouble and worry to the veterans, particularly those hospitalized for the first time and who did not have such evidence already on file with the veterans administration.

The veteran receives the full amount of his check under the new system and can then send his wife or dependents whatever he desires. Veterans without dependents, however, will still be reduced to \$6 or \$15, the government taking the position it should not pay them the full amount where no dependents are involved, and still provide hospital or domiciliary care. Where a veteran is estranged from his wife, she is entitled to appointment, but the regular routine of proving relationship must be followed. This also applies where the veteran does not have the custody of his children.

Mr. Peterson has handled scores of such appointment cases in the past for veterans and the new system undoubtedly would reduce the red tape and simplify matters considerably.

Outlines Problems Confronting Next Legislature To Newspaper Men

Ocala, Nov. 28. — (FNS) — Speaking before the Florida State Press Association here last week, Senator Wm. C. Hodges, President-elect of the 1935 Senate termed "a matter of grave concern" the problems that face the next state legislature.

He advanced the suggestion that Governor and a conference, prior to the opening of the legislative session, of advisory committees to deal with four major subjects: finance and taxation, liquor control, the question of matching Federal funds for relief, and the problem now facing municipalities which has been caused by the loss of revenue through tax exemption of homeowners.

"When all of this is done and divergent views finally converge toward settled thoughts, the State Bar association should be asked to assist in drawing bills along this line for submission to the next legislature," said Senator Hodges.

In suggesting a committee to study out the financial problem the Senator said: "Those who act on this advisory committee should be drawn from big business and little business, someone representing the large utilities, someone the small merchant or home owner, the large land owner and small land owner, a committee truly representative of every interest, with the Governor of the state sitting in as a representative of all the people."

He declared that if the tax assessors and legislators work in concert and set up a new financial structure as a basis for action, there will be money enough for all departments of government, the public schools, institutions of higher learning and all other state institutions with ample left over for not only old age pension law, but pensions for school teachers and pensions for mothers with children.

Senator Hodges paid high tribute to Governor Dave Shoemaker, naming the chief executive a good governor who has borne the trials and troubles of his office with more than passing good humor and with a real desire to be helpful to all the people.

"I want the press to know now," he said, "that there is no foundation for the rumor going the round that there is anything other than the closest relations between the governor and myself, and I expect to co-operate with him, just as I hope he will co-operate with the legislature at the next session."

Thanksgiving Union Service Was Well Attended Sunday

The Congregational church was filled to capacity Sunday evening for the Union Thanksgiving service sponsored by the Baptist, Methodist and Congregational churches. The Ladies Glee Club, under the able direction of W. H. Yates, furnished the music which was much appreciated by all present.

An excellent program was rendered with all participating exhibitors taking part in the service were Rev. A. P. Vaughn, Rev. Loys Frink and Rev. J. B. Reid.

The Glee Club is practicing every Monday night in preparation for the Candle Light Service to be given at the Methodist church on Sunday, December 23.

A program of music will be given at the homecoming of the veterans attending the Homecoming at the University of Florida at Gainesville, Saturday, December 1, from Avon Park: Mr. and Mrs. S. C. Parfitt, Miss Dorothy Hodges, Miss Billie Smith, Miss Virginia Hunt, Miss Carol Booth, Miss Sara Lucy Trent, Miss Lucille Langford, Miss Patsy Loomis, Miss Sara Smith of Orlando, Miss Dorothy Roberts, Francis Roberts, Robert Roberts, Paul Baldwin, H. Trent, H. L. Bishop, and Harry Hancock.

LITTLE PEN-O-GRAMS

Avon Park W. O. W. Held Large Meeting, Initiation Monday

Avon Park Camp No. 410, W. O. W. was held to visiting camps in District No. 3 on Monday night, the occasion being the first anniversary of the reorganization of the local camp.

A large class of candidates was introduced and the ritualistic work was conferred by officers of Camp No. 78, Lakeland with District Superintendent George W. Pitts as presiding officer. The exemplification of secret work was by Co. K Uniformed Rank, assigned to Camp No. 78, Lakeland.

Speakers of the evening were: George W. Pitts, District Superintendent, Tampa, Herbert E. Beers, Past Consul of Florida, D. H. Odum, Secretary, Camp No. 588, Frostproof, Ivey Kiser and others.

The address of welcome was by Joseph Bennett, Consul Commander of the local camp.

The meeting officially closed the campaign for membership in which two teams participated, the red team captained by Ed. Gough and the blues by Harry Hardin.

The election of officers will be held at the next meeting to be held on December 10, at which time there will be a large class for initiation. District Superintendent Pitts complimented the camp on having the largest percentage of increase in membership in the district.

Fire Fighting Parade By CCC Boys Saturday

The personnel of the CCC camp at Sebring will parade here Saturday afternoon in connection with the annual fire fighting contest, the opening of "Forest Fire Prevention Week" as proclaimed by Gov. David Sholtz. The parade will be held at the next meeting to be held at the Methodist church, next Tuesday. The morning session will convene at 10 o'clock and afternoon session at two. Luncheon will be served at the Jacaranda Hotel at 12:30.

Mrs. Buford Goss of Lake Wales was sole and several state officers of the organization will be present. Those who include Mrs. T. V. Moore, state president, and Mrs. J. C. Kellum, vice president at large. The musical numbers on the entertainment program will be in charge of Mrs. Paul Garber.

Orange Festival To Be In January

Winter Haven, Nov. 28. — (FNS) — J. B. Guthrie, general manager of the Florida Orange Festival, has announced that the seventh annual fair will be staged in Winter Haven the last week in January 1935.

The festival will be bigger and better than ever, with more exhibits and more amusement features than ever before presented, according to Mr. Guthrie.

Twenty-three C.C.C. Camps Will Parade Throughout State

In cooperation with Governor Sholtz' proclamation designating December 2-8 as Forest Fire Prevention Week, twenty-three C.C.C. camps in the state will parade during that week, according to information released by State Forester Harry Lee Baker today.

Eleven of those C.C.C. camps are directed by the Florida Forest Service, nine by the U. S. Forest Service, and three by the National Park Service. At least three thousand C.C.C. enrollees will march in parade formation approximately twenty cities throughout the state. Those tentatively included Tallahassee, Miami City, Bunnell, Jacksonville, Lake, Sebring, Sarasota, Lakeland, Mulberry, Gainesville, Panama City, Panama, and a few other unselected cities.

Two hundred floats, individually prepared by these C.C.C. camps, will parade the state, and include a display of modern forest fire-fighting equipment. It is anticipated that the Army personnel in each C.C.C. camp will depict their part in the general reforestation program by an appropriate float.

The line of march in each parade will include a display of modern forest fire-fighting equipment, a cycle escort, band and camp bands, truck floats, C.C.C. boys in parade formation displaying fire-fighting equipment, and the fire trucks ordinarily used by the Florida Forest Service in fire suppression. Watch your local press for the exact time and date of the parade of the C.C.C. camp which is working in the forests adjacent to your city.

Woman's Clubs Hold Sectional Meeting Here Next Tuesday

The annual meeting of Section Nine of the Florida Federation of Women's Clubs will be held at the Methodist church, next Tuesday. The morning session will convene at 10 o'clock and afternoon session at two. Luncheon will be served at the Jacaranda Hotel at 12:30.

AT BAPTIST CHURCH SUNDAY

Dr. James H. Thayer of Coral Gables will fill the pulpit at the First Baptist church here on Sunday, both morning and evening.

Examination For Postmaster Here Has Been Ordered

To fill the vacancy in the position of postmaster in this city, the United States Civil Service Commission has announced, at the request of the Postmaster General, an examination.

To be eligible for the examination, an applicant must be a citizen of the United States, must reside within the delivery of this post office, must have no record for at least one year next preceding the date for close of receipt of applications, must be in good physical condition, and within the prescribed age limit. Both men and women are admitted.

Under the terms of the Executive order, the Civil Service Commission will certify to the Postmaster General the names of the highest three qualified eligibles, if as many as three are qualified, from which the Postmaster General may select one for nomination by the President. Confirmation by the Senate is the final action.

Applications will not be received to assemble in an examination room for scholastic tests, but will be rated on their education and business experience, and fitness for the position. The Civil Service Commission will make inquiry among representative local business and professional men and women concerning the experience, ability, and character of each applicant, and the evidence thus secured will be considered in extending the ratings to be assigned to the applicants.

The commission states that presidential postmasters are not in the classified civil service and that its duties in connection with appointments to such positions are to hold examinations and to certify the results to the Postmaster General. The act was passed on Thanksgiving Day.

In addition to the try-out men, the act carries the double-barred cross, international emblem of the fight against tuberculosis, the season's greeting and the date, 1934. The seal of this year, is done in red, blue and green and is said by authorities to be one of the most artistic ever put out.

Local Flier Unhurt In Plane Crash At Wauchula Sunday

Due to engine failure, Firman Church of this city crashed in his Fairchild plane while making exhibition flights at Wauchula Sunday afternoon. Church had made several flights and was taking off again when the engine failed after he attained an altitude of 75 feet. The plane lost flying speed and crashed into the ground, wrecking the left engine and the landing gear. Church was unhurt and the damage to the plane is estimated at about \$300.

HIGHLANDS COUNTY LEADING EXHIBITOR

Fifteen Counties To Exhibit At State Fair In Tampa January 29th

Tampa, Nov. 28. — Highlands county, located in one of Florida's richest agricultural districts, will make a bid for supremacy in citrus production this year, Louis Alamey, county agricultural agent, has notified P. T. Stricker, general manager of the Florida Fair, which opens here on January 29th.

County Agent Alamey has made a reservation for 60 feet of space, the maximum frontage allowed any county participating in the state-wide competition for the premium money which involves many thousands of dollars. The Highlands exhibit this year will include every product in the county with a particularly elaborate display of every specie of citrus fruit. The coming fair will mark the first time that Highlands has ever attempted to seriously compete with Imperial Polk and Fertile Manatee for the big honors.

Not only will Highlands county make a greater display of its citrus agriculture, but it will, using twice as much exhibit space as the State Fair than ever before, but the entire design of the exhibition will be changed to permit the presentation of statistical facts regarding Highlands county. Contracts have already been awarded for the construction of the display.

Other counties besides Highlands exhibiting this year will include Alachua, DeSoto, Hardee, Hernando, Hillsborough, Lake, Leon, Levy, Manatee, Marion, Okaloosa, Pasco, Pinellas, and Polk. Communities exhibiting will include Lake Maggiore, Duval and Pinet City.

Premium money offered by the State Fair this year totals many thousands of dollars, much of which will be paid to the premium winning counties. Over \$250,000 have been paid out to Florida agricultural exhibitors in the annual competitions during the last 10 years, records show.

In addition of the above attractions, the Highlands county would be participating in Tampa's Pan-American Exposition which is to be held in connection with the Florida State Fair and Gatorville Carnival, according to advices received here by Mrs. Dorothy Godard, Florida's flying Ambassador.

One huge exhibition building, bordering Tampa's levee, is to be devoted exclusively to the Pan-American Exposition.

Christmas Seal Sale Started In State This Week

The 1934 Christmas seal which went to thousands of Floridians on Thanksgiving Day carried the picture of the Little Red Bird. This seal is being sold in the post office to the first sanatorium in the United States built by the late Dr. Edward Livingston Trudeau at Sebring, Fla., in 1896.

The seal this year was designed by Herman B. Giesen, of Cincinnati, Ohio, and is the first commercial seal to be sponsored by the National Tuberculosis Association and its affiliated groups. The one room cottage Mr. Giesen has devoted, marking the beginning of the sanatorium movement in the United States. Today there are approximately 600 sanatoria in the United States.

There are 2,600 affiliated tuberculosis associations who look to the Christmas seal sale as their support. The seal was on sale on Thanksgiving Day.

In addition to the try-out men, the act carries the double-barred cross, international emblem of the fight against tuberculosis, the season's greeting and the date, 1934. The seal of this year, is done in red, blue and green and is said by authorities to be one of the most artistic ever put out.

FERA Asking For Reading Matter

Reading matter of all kinds is being sought by the FERA for distribution throughout the county. Mrs. T. M. Mitchell, county extension director, stated this week. Books, magazines and newspapers are asked. Mrs. Mitchell said that the FERA is looking for community games and recreation for adults. It is also planned to sponsor a community Christmas tree and carols for boys and girls. The FERA is also looking for the best decorated store windows.

FERA PLANNING CANNING PLANT OPERATION HERE

Would Form Organization to Lease Avon Florida Citrus Plant

Plans looking towards the opening of the canning plant owned by the Avon Florida Citrus Corp. under the auspices of the FERA were under discussion this week at several meetings. Last Friday night, C. K. Dodd, state director of the Department of Self Help Co-operatives of the FERA and H. E. Keller, county administrator for the FERA met with representative group of citizens and explained the plan. At this time a committee to study the plan was named, their on this committee being: J. B. Coen, E. G. Todd, H. E. Keller, Dr. W. A. Davidson, Fred Smith, M. K. Radcliffe, W. T. Coates and C. H. Walker.

At a meeting of this committee Monday night J. B. Coen was elected chairman and H. E. Keller, secretary. The plan was explained Tuesday afternoon to members of the board of governors of the chamber of commerce, the executive committee of the Highlands Post, American Legion and to the city council and each body passed a resolution endorsing the idea.

Briefly, the plan calls for the renting of the canning plant by a cooperative organization to can grapefruit juice, the resultant product being exchanged or bartered for other commodities made by other cooperative organizations throughout the county. The operation of the plant would receive their regular FERA allotment, for example two days a week, until the plant would be in full operation and the balance of the week's work, four days, would be set up on the books for each worker as a book credit against which they would draw what they needed, like shoes, mattresses and other commodities. The initial capital for putting the plant into operation would be supplied by the Federal government and there would be little other cash in evidence, the most of the transaction being on a barter basis.

No definite action has been taken, awaiting a report of the committee as to the sense of the committee on the project.

Episcopal Guild Gives Chinese Dinner Tuesday

Rated as not only a successful benefit but also as one of the most charming and artistic "parties" given in Avon Park was the Chinese Dinner in the Episcopal Parish House on Tuesday evening sponsored by St. Margaret's Episcopal Guild. The joint chairman, Miss M. E. Covington and Mrs. Harcourt Johnson.

Decorations for the occasion were made out in a most delightful manner to the smallest detail. The whole room seemed transformed into a Chinese garden, with the plants and flowers in red and yellow, and a number of red-colored lanterns in Chinese script. Tables were covered with Chinese newspapers and centered with bowls of hibiscus and yellow chrysanthemums. Favors consisted of small bunches of luncheon and a pair chopsticks at each place.

A capacity number of guests enjoyed a delicious menu of chicken and rice, salad, sweetmeats, and orange tart. The luncheon was served as a special treat to Occidental table, coffee was served instead of tea.

The dinner was a very interesting talk on the customs and language of China was given by Miss Lee from her fund of knowledge and many years of experience in China.

The Misses Peggy Lacey, Mary Marquardt, and Margaret Loomis were as attractive waitresses in Chinese costume.

This dinner was the first of a series of "Round-the-World Dinners" being sponsored by the Episcopal Guilds during the coming season. The next in order will be an English dinner to be given on Thursday evening, December 11th, at 6:30 o'clock. Reservations for this dinner should be made early with Mrs. Robert Fairbanks and Mrs. R. England. The public is invited to attend, but attendance is limited to those holding tickets since the unusual type of menu planned for these dinners makes it difficult for the ladies to know in advance how many they will serve.

TAX COLLECTION IN COUNTY MORE THAN LAST YEAR

Approximately \$31,000 Was
Collected During Month
of November

Tax collections this year are far ahead of last year, approximately \$31,000 having been collected during the first of November, according to figures supplied by Tax Collector Mrs. Ruth Bass Hyton yesterday afternoon.

The cash and checks have been coming in so fast the past two or three days it was impossible for Mrs. Hyton to give an exact statement on the amount taken in as there were a number of letters containing checks and money orders that had arrived in the last mail that had not been opened yet, but bank deposits for Tuesday were \$10,550.15.

The interesting part of the unusually large collection is that most of the hundreds of payments were in small amounts running from 74 cents up to the largest which was \$1,115.80, none of the larger tax payors having paid as yet.

Mrs. Hyton stated that she expects some of the larger checks in within a few days, but the hundreds of small checks that are pouring in faster than receipts can be mailed out speaks well for the confidence the property owners have in the future of Florida and the soundness of their investment.

A conservative estimate of the total collections since the first of the month on real estate is \$27,400, and there has been collected in other forms of taxes approximately \$3,264.00. The greater part of the money collected however has come in within the last few days.

Veterans Will Get Pension Checks While In Hospital

LAKELAND, Nov. 28. (Special)—Veterans who are being given hospital treatment or taken care of in the home at Bay Pines, or other government institutions, will personally receive their entire pension or compensation checks where they have dependents. It was made known today by Congressman J. Hardin Peterson. The Congressman said regulations had just been issued putting the new law into effect, and that it would undoubtedly have the effect of preventing considerable worry to veterans entering the hospital in having their payments apportioned to their wives or other dependents.

Under the former system, a veteran with dependents was automatically reduced to \$6 or \$15 per month when he entered the hospital or home, the smaller amount being paid where he was receiving a pension for disabilities not connected with his war service, and the larger amount where the veteran receives compensation for service-connected disabilities. In order for the wife to receive the remainder of the amount, it was necessary to go through considerable red tape in legally proving the marriage and other factors concerning any previous marriages.

This caused considerable trouble and worry to the veterans, particularly those hospitalized for the first time and who did not have such evidence already on file with the veterans administration.

The veteran receives the full amount of his compensation under the new system and can then send his wife or dependents whatever he desires. Veterans without dependents, however, will not be reduced to \$6 or \$15, the government making the position it should not pay them the full amount where no dependents are involved, and still provide hospital or domiciliary care. Where a veteran is entrained from his wife, she is entitled to apportionment of the regular routine of proving relationship must be followed. This also applies where the veteran does not have the custody of his children.

Mr. Peterson has handled scores of such apportionment cases in the past for veterans and said the new system undoubtedly would reduce the red tape and simplify matters considerably.

Outlines Problems Confronting
Next Legislature To
Newspaper Men

Ocala, Nov. 28.—(FNS)—Speaking before the Florida State Press Association here last week, Senator Wm. C. Hodges, President-elect of the 1935 Senate, termed "a matter of grave concern" the problems that face the next state legislature.

He advanced the suggestion that the Governor call a conference, prior to the opening of the legislative session, of advisory committees to deal with four major subjects: finance and taxation, liquor control, the question of matching Federal funds for relief, and the problem now facing municipalities which has been caused by the loss of revenue through tax exemption of homesteads.

"When all of this is done and divergent views finally converge toward settled thoughts, the State Bar association should be asked to assist in drawing bills along this line for submission to the next legislature," said Senator Hodges.

In suggesting a committee to study our tax and finance problem the Senator said: "Those who act on this advisory committee should be drawn from both business and little business, someone representing the large utilities, someone the small merchant or home owner, the large land owner and small land owner, a committee truly representative of every interest, with the Governor of the state sitting in as representative of all the people."

He declared that if the tax assessors and legislators work in concert and set up a new financial structure as it should be set up there will be money enough for all departments of government, the public schools, institutions of higher learning and all other state institutions with ample left over for not only old age pension law, but pensions for school teachers and pensions for mothers who have lost the breadwinner of the family by death or infirmity.

Senator Hodges paid high tribute to Governor David Sholtz, terming the chief executive a good governor who has borne the brunt of the troubles of his office with more than passing good humor and with a real desire to be helpful to all the people.

To Lease Avon Florida
Citrus Plant

Plans looking towards the opening of the canning plant owned by the Avon Florida Citrus Plant, under the auspices of the FERA were under discussion this week at several meetings. Last Friday night C. H. Bold, state director of the Department of Self Help Co-operation of the FERA and H. E. Keller, county administrator for the FERA, with a representative group of citizens, explained the plan.

At a meeting of this committee Monday night J. B. Coen was elected chairman and H. E. Keller, secretary. The plan was explained Tuesday afternoon to members of the board of supervisors of the Highlands County, Fla., and to the city council of Sebring.

The plan calls for the renting of the canning plant by a cooperative organization to can grapefruit juice, the resultant product being exchanged or bartered for other commodities made by other cooperative organizations throughout the country.

The workers at the plant would receive their regular FERA allotment for a sample two days a week and the plant would be in full operation and the balance of the week's work, four days, would be set aside for the local workers as a book credit against which they would draw what they needed, like shoes, mattresses and other necessities.

TAX COLLECTION IN COUNTY MORE THAN LAST YEAR

Approximately \$31,000 Was
Collected During Month
of November

Tax collections this year are far ahead of last year, approximately \$31,000 having been paid in since the first of November, according to figures supplied by Tax Collector Mrs. Ruth Hays Hylton yesterday afternoon.

The cash and checks have been coming in so fast the past two or three days it was impossible for Mrs. Hylton to give an exact statement on the amount taken in as there were a number of letters containing checks and money orders that had arrived in the last mail but which deposits for Tuesday were \$10,559.13.

The interesting part of the unusually large collection is that most of the hundreds of payments were in small amounts ranging from 74 cents up to the largest which was \$1,118.80, none of the larger tax payers having paid as yet.

Mrs. Hylton stated that she expects some of the larger checks in within a few days, but the hundreds of small checks that are pouring in faster than receipts can be mailed out speaks well for the confidence the property owners have in the future of Florida and the soundness of their investment.

A conservative estimate of the total collections since the first of the month on real estate is \$27,400 and there has been collected in other forms of taxes approximately \$3,654.00. The greater part of the money collected however, has come in within the last few days.

Veterans Will Get Pension Checks While In Hospital

LAKELAND, Nov. 28. (Special)—Veterans who are being given hospital treatment or taken care of in the home or in any other government institutions, will personally receive their entire pension or compensation checks while they have dependents in the hospital, it was made known today by Congressman J. Hardin Peterson. The Congressman said regulations had just been issued putting the new law into effect, and that it would undoubtedly have the effect of preventing considerable worry to veterans entering the hospital in having their payments apportioned to their wives or other dependents.

Under the former system, a veteran with dependents was automatically reduced to \$60 or \$15 per month when he entered the hospital or home, the smaller amount being paid where he was receiving a pension for disabilities not connected with his war service, and a larger amount where the veteran receives compensation for service-connected disabilities. In order for the wife to receive the remainder of the pension, it was necessary to go through considerable red tape in legally proving the marriage and other facts concerning any previous marriages. This caused considerable trouble and worry to the veterans, particularly those hospitalized, who had first time and who did not have such evidence already on file with the veterans administration.

The veteran receives the full amount of his check under the new system and can then send his wife or dependents whatever he desires. Veterans without dependents, however, will still be reduced to \$60 or \$15, the government taking the position it should not pay them. The full amount where no dependents are involved, and still provide hospital or other care, where a veteran is extruded from his wife, she is entitled to apportionment but the regular routine of proving relationship must be followed. The new law also applies where the veteran does not have the custody of his children.

Mr. Peterson has handled scores of such apportionment cases in the past for veterans and said the new system undoubtedly would reduce the red tape and simplify matters considerably.

HODGES ADDRESSES STATE PRESS ASS'N.

Outlines Problems Confronting
Next Legislature To
Newspaper Men

Ocala, Nov. 28.—(FNS)—Speaking before the Florida State Press Association here last night, Senator Wm. C. Hodges, President-elect of the 1935 Senate termed "a matter of grave concern" the problems that face the next state legislature. He advanced the suggestion that the Governor call a conference prior to the opening of the legislative session, of advisory committee to deal with the most important subjects: finance and taxation, liquor control, the question of matching Federal funds for relief, and the problem now facing municipalities which has been caused by the loss of revenue through tax exemption of homesteads.

"When all of this is done and divergent views finally converge toward settled thoughts, the State must be able to present a united front in drawing bills along this line for submission to the next legislature," said Senator Hodges. In suggesting a committee to study our tax and finance problem the Senator said: "Those who act on this advisory committee must be drawn from big business and little business, someone representing the large utilities, someone the small merchant or home owner, a large land owner and small land owner, a committee truly representative of every interest, with the Governor of the state sitting in as a representative of all the people."

He declared that if the tax assessors and legislators work in concert and set up a new financial structure as it should be set up there will be money enough for all departments of government, the public schools, institutions of higher learning and all other state institutions with ample left over for not only old age pension law, but pensions for school teachers and pensions for mothers who have lost the breadwinner of the family by death or misfortune.

Senator Hodges paid high tribute to Governor David Sholtz, terming the chief executive "a great man who has borne the trials and tribulations of his office with more than passing good humor and with a real desire to be helpful to all the people."

"I want the press to know now," he said, "that there is no foundation for the rumor going the round that there is anything other than the friendliest of relations between the governor and myself, and I expect to co-operate with him, just as I have with his predecessor, with the legislature at the next session."

Thanksgiving Union Service Was Well Attended Sunday

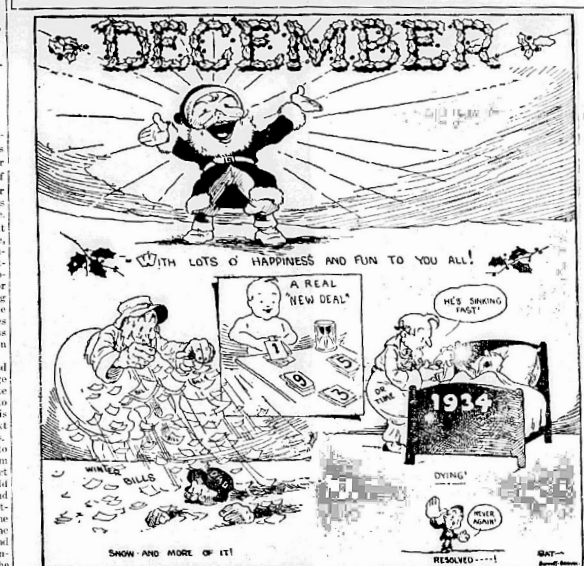

The Congregational church was filled to capacity Sunday evening for the Union Thanksgiving service, sponsored by the Methodist, Methodist and Congregational churches. The Ladies Glee Club, under the able direction of W. P. Kater, sang the music which was much appreciated by all present. An excellent program was rendered with all participating exhibiting talent and direction. Miss Peters taking part in the service were Rev. A. P. Vaughn, Rev. L. Frank and Rev. J. B. Reid. The Glee Club is practicing every Monday night in preparation for the Candle Light Service to be given at the Methodist church on Sunday, December 23. A program of merit is assured and a large attendance is expected.

LITTLE PEN-O-GRAMS

Avon Park W. O. W. Held Large Meeting, Initiation Monday

Avon Park Camp No. 419, W. O. W. was host to visiting camps in District No. 3 on Monday night, the occasion being the first annual meeting of the reorganization of the local camp.

A large class of candidates was introduced and the ritualistic work was conferred by State Forester Harry Lee Baker today. Camp No. 78, Lakeland with District Superintendent George W. Pitts as presiding officer. The exemplification of secret work was by Co. K. Uniform Rank, assisted by Camp No. 78, Lakeland.

Speakers of the evening were: George W. Pitts, District Superintendent, Tampa; Herbert B. Beers, Head Council of Florida, St. Petersburg; and V. P. Miller, Secretary Delegate and State Manager, Lakeland. Victrola music was furnished by the orchestra of the local camp. The address of welcome was by Joseph Beardsley, Consul Commander of the local camp.

The meeting officially closed the campaign for membership in which two towns participated, the red team captained by Ed. Gough and the blues by Harvey Harlan. The election of officers will be held at the next meeting to be held on December 19, at which time there will be a large class for initiation. District Superintendent Pitts complimented the camp on having the largest percentage of increase in membership in the district.

Fire Fighting Parade By CCC Boys Saturday

The personnel of the CCC camp at Sebring will parade here Saturday afternoon in connection with a county wide program for the opening of "Forest Fire Prevention Week" as proclaimed by Gov. David Sholtz. The parade will be held first in Sebring at 3 o'clock and then will move to Avon Park. Besides the CCC boys there will be local fire fighting equipment, all attending to show the waste caused by forest fires and how they can be prevented and fought.

Orange Festival To Be In January

Winter Haven, Nov. 28.—(FNS)—B. Guthrie, general manager of the Florida Orange Festival, has announced that the seventh annual fair will be staged in Winter Haven the last week in January 1935. The festival will be bigger and better than ever, with more exhibits and more amusement features than ever before presented, according to Mr. Guthrie.

Twenty-three C.C.C. Camps Will Parade Throughtout State

In cooperation with Governor Sholtz' proclamation designating December 28 as Forest Fire Prevention Week, twenty-three C.C.C. camps in the state will parade during that week, according to information released by State Forester Harry Lee Baker today.

Eleven of these C.C.C. camps are directed by the Florida Forest Service, nine by the U. S. Forest Service, and three by the National Park Service. At least three hundred C.C.C. enrollees will march in parade formation in approximately twenty cities throughout the state. These tentatively include Tallahassee, Lake City, Blountstown, Marianna, Pensacola, Panama, Jacksonville, Miami, Sebring, Sanford, Lakeland, St. Petersburg, Gainesville, Panama City, Ocala, and Orlando.

The parade will include fire trucks, fire fighting equipment, and a display of modern forest firefighting equipment. It is anticipated that the Army personnel in each C.C.C. camp will depict their part in the general forest protection program by an appropriate feat. The line of march in each parade will include a display of these C.C.C. enrollees, a motor cycle escort, band and camp band, truck-bus, C.C.C. boys in parade formation displaying fire fighting equipment, and the fire trucks ordinarily used by the Florida Forest Service in fire suppression. Each year local papers for the exact time and date of the parade of the C.C.C. camp which is working in the forests adjacent to your city.

Local Flier Unhurt In Plane Crash At Wauchula Sunday

Due to engine failure, Francis Church of this city crashed in his Fairchild plane while making exhibition flights at Wauchula Sunday afternoon. Church had made several flights and was taking off again when the engine failed after he attained an altitude of 75 feet. The plane lost flying speed and crashed into the ground, wrecking the left wing and the landing gear. Church was unhurt and the damage to the plane is estimated at about \$300.

HIGHLANDS COUNTY LEADING EXHIBITOR

Fifteen Counties To Exhibit
At State Fair In Tampa
January 29th

Tampa, Nov. 28.—(FNS)—Highlands county, located in one of Florida's richest agricultural districts, will make a bid for supremacy in citrus products at the State Fair, which opens here on January 29th. County Agent Almyer has made a reservation for 60 feet of space, the maximum frontage allowed every species of citrus fruit. The coming fair will mark the first time that Highlands has ever attempted to seriously compete with Imperial Park and Fertile Manate for the high honors.

Not only will Highlands county make a greater display of its citrus and agricultural wealth, using twice as much exhibit space as the State Fair, than any other county, but the entire display of this exhibition will be designed to permit the exhibition of a full line of products, including Highland County products. The county has already been awarded for the construction of the display. Other counties besides Highlands exhibiting this year will include Alachua, DeSoto, Hernando, Hillsborough, Lake, Leon, Levy, Manatee, Marion, Oklawaha, Pasco, Pinellas, and Polk. Commodities exhibiting will include Lake Mac, Ladino, Ruskin and Plant City.

Premium money offered by the State Fair this year totals many thousands of dollars, much of which will be paid to the premium winning counties. Over \$250,000 have been paid out to Florida agriculturalists exhibiting in the annual fair, during the last 10 years, records show.

In addition of the above attractions at least a dozen southern states will be exhibiting in Tampa. The Pan-American Exposition which is to be held in connection with the Florida State Fair and General Fair, according to advice received here by Mrs. Dorothy Galloway, Florida's Acting Ambassador, the exhibition is to be a very successful one. FERA PLANNING CANNING PLANT OPERATION HERE

Would Form Organization
to Lease Avon Florida
Citrus Plant

Plans looking towards the opening of the canning plant owned by the Avon Florida Citrus Corp. under the auspices of the FERA were under discussion this week at several meetings. Last Friday night C. K. Dodd, state director of the Department of Self Help Co-operatives of the FERA and H. E. Keller, county administrator for the FERA met with a representative group of citizens and explained the plan. At this time a committee to study the plan was named, those in this committee being: J. B. Coen, E. G. Todd, H. E. Keller, Dr. W. A. Dyer, Fred Smith, M. K. Radcliffe, W. T. Coates and C. H. Walker.

At a meeting of this committee Monday afternoon, December 3, a cooperative organization to be elected chairman and H. E. Keller, secretary. The plan was explained Tuesday afternoon to members of the board of governors of the chamber of commerce, the executive committee of Highlands Post, American Legion and to the city council. The plan was explained Tuesday afternoon to members of the board of governors of the chamber of commerce, the executive committee of Highlands Post, American Legion and to the city council.

Briefly, the plan calls for the renting of the canning plant by a cooperative organization to can grapefruit juice, the resultant product being exchanged or bartered for other commodities made by other cooperative organizations throughout the county. The workers at the plant would receive the same FERA allotment, for example two days a week, until the plant would be in full operation and the balance of the need for Federal government would be set up on the books for each worker as a book credit against which they would draw what they needed. The plan also calls for other commodities. The initial capital for putting the plant into operation would be supplied by the Federal government, and there would be little other cash in evidence, the most of the transactions being on a barter basis. No definite action has been taken, awaiting a report of the committee as to the sense of the community on the project.

WOODS FIRES

With the recent dry weather woods fires have been very prevalent all over the State and this section has had more than its share of them. Some are set deliberately by arsonists under the mistaken idea that burning woods is of value to the grass and makes for better pasturage. A number of fires have been caused by a carelessly thrown cigarette or a camp fire not extinguished before leaving.

The state loses millions of dollars every year from these fires. Timber, especially young growth is destroyed; game, both young and old, is caught in the flames and perishes; the smoke from the fires is a menace to driving on the highways; the blackened landscape is a blot on the beauty of the state and an eyesore to visitors and this together with the smoke nuisance brings in a great deal of harsh criticism and has driven some influential tourists from the state.

In order to help combat the fire hazard Governor David Sholtz has designated the following as Fire Prevention Week, December 2 to 8, 1934.

WHEREAS, it is a source of much concern to the State that thousands of woods fires are permitted to burn vast areas in Florida annually, making driving on our highways dangerous by reason of the smoke, and devastating miles of landscape to the detriment and appointment of our winter residents and visitors. These wastes fires consume natural resources to the value of millions of dollars, thereby depriving many of our industries of the raw materials necessary to their existence and jeopardizing the livelihood of thousands of our citizens; and

WHEREAS, if the best economic and industrial future of Florida is to be assured, it is high time that our citizenry be awakened to an appreciation of the importance of our forestland resources and a realization of the far-reaching effects of forest fire.

NOW, THEREFORE, I, David Sholtz, Governor of the State of Florida, do hereby designate and proclaim the week beginning Sunday, December 2, as

A FOREST FIRE PREVENTION WEEK
and urge all State, county and city officials and employees, all civic, patriotic, women's, juvenile and similar organizations and every individual to cooperate in campaigns to enlighten the public concerning the importance of forestland resources and the prevention of forest fires.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Florida to be affixed at Tallahassee, the Capital, this 15th day of November, A. D. 1934.

(State Seal)

Dave Sholtz, Governor.

Attest: R. A. Gray, Secretary of State.

All citizens are urged to do all in their

power to aid in the prevention of forest fires. The county and state are doing all in their power to combat them and the best way is to see that none get started. The old adage "an ounce of prevention is worth a pound of cure" is very true in the case of forest fires.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE
Shawnee, Oklahoma

I've attended a lot of good Press Conventions but the one we pulled off in Ocala last week was the best yet. From the standpoint of attendance it surprised everybody. Believe it or not, there were more newspaper men present than politicians, probably due to the fact that it occurred after, and not before, an election.

President Charley Helfenstein did a masterful job in arranging a long-up program and the whole affair was a brilliant success. Secretary Herman Smith, of the Marion County Chamber of Commerce, assisted by Shorty Davidson of Silver Springs, provided plenty of high class entertainment which included dinners, banquets, "Seeing Silver Springs," speed boat trips down the river, a visit to the Riptide Institute and dancing until—

As for speakers, we had 'em before, after and in between meals and they talked to us on every subject from huffers on the highway to the Ten Commandments. All of 'em were good but one of 'em was better.

J. Francis Cooper, of the State Agricultural Extension Division, told us such a glowing story of Florida's agricultural future that most of the fellows were ready to trade their newspapers for a farm before he was half through.

Then a fellow named Stephen Field got up and hung holes around the heads of bankers until he had the town running down our checks and our hearts went out in sympathy to these poor misunderstood and abused friends of humanity.

Scott Loftin, of the American Bar Association, talked to us about crime and the newspaper. He seemed to be pretty much upset over the fact that a lot of publishers were giving the criminals more space than they were the lawyers.

Senator Wm. C. Holmes got up on top of his table and tried to talk the rest of us under one. He outlined some of the problems confronting the next legislature and scattered germs for enough editorials to meet publishers' needs for the next six months.

Karl Lehmann, Secretary of the Seminole County Chamber of Commerce, made the same speech he's been making for the last fifteen years and got the same enthusiastic applause. Karl thinks why change your act as long as it continues to click. Among other things, he stated that the population of Florida would double in the next ten years which must have been downright discouraging to adherents of birth control.

Walter Hays, of Orlando, made a bully talk about huffers on the highways and said no guy should be elected to the legislature unless he could prove himself a good "fencer."

Walter Hawkins, Federal Ornithologist for Florida told us about eagles, especially blue ones. He said they were protected and that we'd better quit shooting 'em at the zoo.

The Annual Board of the convention was staged by a Club named the Chastity Band, a Director of the National Editorial Association. He stepped into the ring just when most of the customers were ready to ask for their money back or a rain check and made a speech that had everybody sitting on the edge of their chairs and holding their breath. He was a kind of circus clown, a whirlwind and an Encyclopedia Britannica. As an orator he had William Jennings Bryan lashed to the mast and could make Billy Sunday look like a deaf mute. He talked about everything in general and nothing in particular and put so much punch, pep and personality into it that every present unimpairedly agreed it was the best speech they ever heard in their lives.

Duval County Paves Way To Consolidate City and County

Jacksonville, Nov. 28.—(FNS)—

Passage of the constitutional amendment in the recent general election, which paved the way for the enactment of necessary legislation to enable the citizens of Duval to hold a referendum vote on the consolidation of the city and county, resulted in the organization of the City-County Consolidation League in Jacksonville last week.

The league was organized by a large group of representative citizens. C. D. Towles, prominent attorney, was elected president. Mrs. Thorton, George H. Bolger and Charles L. Gaines were named vice presidents; C. Harrison Mann, secretary; and T. T. Phillips, treasurer.

The league will carry out the work of forming a city-county governmental plan to be presented for approval of the 1935 Florida Legislature and subsequent referendum vote in Duval county. Another function of the league will be to give information to citizens of the city and county concerning the details of the plan to be worked out.

The Mighty "Tucko 111" who will appear here Monday afternoon and night with the Famous Robbin's Circus. The show grounds are on East Main street opposite Lake Verona.

Bubbles Johnson Introduces "Star Fly" at Circus

Among the interesting circus features is Miss Bubbles Johnson, one of the two hundred performers who appear with the Famous Robbin's Big 3 Ring Trained Wild Animal Circus which will exhibit in Avon Park on Monday, December 3, at the grounds near Verona Service Station. The mammoth Tent city will be erected early in the morning of "Circus day" and the rat-tat-tat of the stake drivers, the rattle of chains, the roaring of wild animals, will again herald the first circus of the season.

An army of funny clowns have prepared some of the funniest and mirth provoking jokes and antics of the present season—to bring to you young and old, the circus clown's one ambition in life, and it takes the clowns of Robbin's Big Circus to do the job.

Animal Trainers will positively appear in the specially constructed mammoth steel arena, twice the size of the most famous circus arenas, fighting African lions.

There will also be performing elephants, tigers, ponies, dogs, cats, rator back hops, and in fact practically every kind of wild and domestic animals known to Circusdom.

Comfortable seats provided for all patrons, where you can see and hear everything without obstruction. Two complete performances will be given, afternoon starting promptly at 2:15 P. M. Night at 8:00 P. M.

GLORIFYING LEFT-OVERS

The old biblical injunction to gather up the fragments, that nothing be lost, is still a good one, but almost always the question arises: "How can we make the fragments interesting and attractive?" Here are some delicious ways to do it.

Take 2 cups dried turkey meat, 4 slices bacon, diced and broiled, 1 No. 1 can mushroom, 1 No. 1 can tomatoes, 2 tablespoons shredded onions, 3 cups shredded celery, 1 No. 1 can bean sprouts, 1 No. 1 can lima beans, 4 tablespoons soy sauce, 2 tablespoons flour, salt and pepper, and 1 cup beef stock.

Melt the bacon, draining 2 tablespoons fat. Add the onion and celery, and brown in the fat. Add the mushrooms, bean sprouts and lima beans, and stir. There is not enough liquid just to cover the vegetables, add a little hot water. Cover and simmer until vegetables are tender. Thicken with the flour which has been stirred to a paste with a little cold water. Add the bean sprouts and lima beans which have been sliced very thin. Brown sauce and salt. Blend thoroughly. Then add the bacon, turkey and the mushrooms. The flavor of this dish is improved if it is allowed to stand several hours and then is reheated just before serving. Steam rice of cool white rice in boiling water until tender. When ready to serve, put a mound of rice on each plate, cover with chop suey. Five toasted almonds or chopped cashew nuts make an excellent garnish. Fried noodles may accompany this dish. The recipe serves six.

Glaze oranges.

Peel and quarter navel oranges. Simmer in a sirup made by cooking 1 cup sugar with 3 cups water 5 minutes. When quite tender and almost clear, remove and drain the quarters. Serve turkey on platter with olives and oranges alternated with it as a garnish with sprigs of watercress between.

Orange and Cranberry Relish.

On platter arrange slices of oranges 1/2 to 1 inch thick. In center of each slice place cube of cranberry jelly. Garnish with sprig of mint or parsley.

Contents of Spack of Dust.

A spack of dust which is barely visible contains millions of molecules, each of which consists of two more atoms, and each atom has one or more electrons, revolving round it in one of many orbits.

No More of That

COUNTY AGENTS' COLUMN

With the advent of cooler weather more growers are becoming interested in the proper killing and curing of work and other meat. Those who have seen the exhibits of home cured meat in many of the homes in the various sections of Florida as well as at the State Fair at Tampa, realize that it is possible to put up a high quality meat in this state if proper procedure is followed. One of the prime requisites for cured meat is to have some chilled as soon as possible after slaughtering.

Several years ago the Japanese discovered a method by means of which they could determine the sex of unborn chicks of a physical examination, even made before the chicks were 24 days old. We have learned the technique from the Japanese, and the demonstration, on Dec. 6 at Avon Park will doubtless be largely attended.

Dairymen may have their herds tested for Bangs disease by officials representing the United States Department of Agriculture and the Florida Department of Agriculture. Those animals are condemned and then paid for under provision of the A.A.A. Any dairymen desiring to take advantage of this must contact this office or Mr. Cole, Bureau of Animal Industry who is stationed at Jacksonville.

The Highlands County Poultry Association have about perfected plans for marketing of eggs which will give a considerable advance in price to the poultrymen. P. C. Payne is chairman of the committee handling this matter.

Bonds Forfeited In Police Court Monday Morning

Drunk and disorderly cases predominated in police court Monday morning and the city treasury was helped by the addition of forfeited bonds. None of the defendants appeared for trial except Van Porter whose trial was set for Monday at 1:30 p.m. and \$1000 charges of being drunk and disorderly.

Those failing to appear for the morning sessions were: John H. Brown, Mary Bode, said to be a police madam and Eddie Clark. All were under drunk and disorderly charges.

Civil Service Examinations

The United States Civil Service Commission has announced open competitive examinations as follows:

Field examiner, \$2,500, claims examiner, \$2,000 a year, United States Employees' Compensation Commission. Appropriate experience, or experience and legal education, required. Closing date, December 22, 1934.

The salaries named are subject to a deduction of not to exceed 5 percent during the fiscal year ending June 30, 1935, as a measure of economy, and also to a deduction of 1/2 percent toward a retirement annuity.

All states except Iowa, Vermont, Virginia, Maryland, and the District of Columbia have protested less than their quota of appointments in the competitive examinations.

Full information may be obtained from G. C. Duly, Secretary of the United States Civil Service Board of Examiners, at the post office in this city.

President's Ball To Be Given Again

Miami, Nov. 29.—The President's Ball, which was given at the Roosevelt Hotel, ball room, as a means for financially aiding the Georgia Warm Springs Foundation for the care of infantile paralysis, has again secured President Roosevelt's consent to be held for a similar occasion. The ball, scheduled for January 20, 1935, the fifty-third birthday of the President, will be given at the Roosevelt Hotel.

Last year more than a million dollars was raised for the Georgia Warm Springs Foundation. The fund to be raised at the next birthday ball would be \$2,000,000. The President stipulated that 50 percent of the collection fund be for the national headquarters and 50 percent for local committees and doctors for the care of infantile paralysis victims in their own communities. The remaining 30 percent would be expended for research work. The trustees of Georgia Warm Springs Foundation concurred with the recommendations made by the President.

State Press Asso. To Meet In Sebring

The Florida State Press Association at their closing session of the fifty-fifth annual convention held in Ocala last Friday and Saturday voted to hold their fall meeting next year in Sebring. The spring meeting will consist of a short session in Jacksonville with an adjourned session in New Orleans in conjunction with the annual convention of the National Editorial Association.

R. H. Berg, of Melbourne, was elected president of the association for 1935. J. L. E. Sellers, of Chipley, was named first vice-president; George Barry, of Winter Haven, second vice-president; I. M. McAlpin, of Plant City, treasurer; and Russell Kay, of Tampa, was re-elected secretary. President Berg succeeds C. P. Helfenstein of Live Oak.

EDITORIAL

One of the best organizations for a young girl or boy to belong to is the Boy and Girl Scouts. There are quite a few of our school boys who belong to this organization and there are a few girls, too. However the membership of the girls has fallen off. Now, you girls who were members, should continue the work for it is the best training you can get. You have a good leader who will not join again and make it a grand success. Those who take Home Economics should go on with the Girl Scout work because you'll find that it will help you improve your work in school and in the future. The boys seem to be accomplishing a lot. Let's hope that they will keep going and never let it drop.

SENIOR

Lorey Mae Bachand, Reporter
Our neighbors, the Juniors, "are shouting jubilee" this morning. They carried off the contest with flying honors, but we remain calm and impassive through it all as befits our station and rank. We can afford to look over their wild antics as childish and below the dignity of more settled and experienced Seniors. So much for them. Our teachers seem to be getting fond of essays. First Mr. Funderburk demands a five page composition and then a twelve page one. Miss Bryant retaliates by asking for a two page one on Monday and a four page one on Tuesday. Heaven help us by the end of the week!

We have a certain boy in our class who likes apples very much indeed, so much in fact, that he takes a poor little innocent Senior girl to satisfy his appetite. This little girl has a very big temper. Maybe you know who it is! We have an old school mate home coming Thursday—Miss Sally Moore, very much liked by her class. May we all get to see her. In two weeks more the old auditorium will be opened up for a Senior class play once again. Our actors and actresses are getting along fine and predict a grand play. So be sure to come out. Those actors and actresses you love so well who played in "O Kay" last year will perform for you again. Don't miss it.

SOPHOMORES

"Oh, My Stars" We Sophomores are waiting patiently for the Senior class play, and from what we hear it is going to be well worth the money. Since Bill Windham (a sophomore) is the hero we just can't miss it. Seniors, we wish you luck and we hope you make as big a success of this play as you did of "Oh, My Stars." The contest is coming. Who's ahead, anyhow? Don't you Seniors and Juniors know better than to keep us in suspense? Please, let us hear the results before we die of curiosity. You know they say, "curiosity killed the cat." How do we know but what it might kill a sophomore?

At last we have our Latin notebook that Miss Pearson ordered. They look very interesting.

SNOOPERS

Why doesn't Earl B. quit coming up to basket ball court every night and escorting little Nell home?—Isn't she old enough to walk by herself?—It is quite confusing Lauretta, one day we see J. C. walking home with you then we see Virgil. Now which is it?—Our confirmed bachelor, Ralph, has been walking home with a Sophomore girl last Wednesday afternoon—What red headed boy does Irene Dyer like?—Why did a certain boy named Fred go to the drinking fountain so much last Wednesday afternoon?—An ex-graduate who is home on a visit was loitering in the halls—Is it true, Helen has a date with Nelson for Thanksgiving?—Hub Boys, have you seen the Barbara from Highlands Lakes?—Well, take a look and is she cute?—Who was Virginia parked with around the lake Wednesday night?—We saw Cyril sitting with Dorothy Mc in the show one last night week—Helen Cannon likes Georgia Crankers so we hear—Phil L. is taking up his brother's habits—Hazel R. went riding with him Saturday night. Now WHO was in the back?—Bill and Josephine L. and J. S. and Corinne Pate. We wonder if all the girls who went to Gainesville last week had a good time?

JOKES

Mr. Jones—"What, make it your neighbor's new car?"
Old Lady—"rather vague about such things" "I think I heard him say it was a Wov."

Prison Chaplain—Any last request, my poor man?"
Condemned Man ("in electric chair")—"Yes, please, I'd like to see a lot if you will just hold my hand until I'm gone."

Mrs. Heim—"Suspiciously" "see you have put all the best tomatoes on top."
Grocer—"Yes, we do that to save you the trouble of hunting through the box for them."

Firman—"When we reach that turn in the road I'm going to kiss you."
Patsy—"Isn't that going a bit too far?"

Frances—"You seem very quiet tonight dear. Are you sure that you love me?"
Richard—"Love you. Good heavens do you know that your dog bit a piece out of my leg while we were saying good-night last night and I never noticed it until I got home."

Sara Lucy—"Does the moon effect the tide?"
Fuzzy—"No, only the untied."

Mrs. Langford—"One thing about Zelda, she's outspoken."
Mr. Langford—"Not by anyone that I know."

Betty B.—(who has been served with a wing of chicken)—Mother, can't I have another piece? This is nothing but hinges.

JUNIORS

The Juniors actually won in the magazine selling contest—we are glad I'll say! The Juniors certainly put on a lot of work, and we're rather proud of our dozen juniors. We are a little class, but extremely powerful. We recently appreciate the cooperation of the public in helping us by buying subscriptions from us and hope we will have the pleasure of selling to you later on.

Mr. Funderburk is certainly a fine history teacher. We are all very fond of him. He is extremely thorough in the lessons and the work we take up. There is only one thing we don't like, even though it helps us wonderfully. That is the book reports he makes us get. If you remember correctly, we also have to make reports in English for Miss Bryant. That makes it doubly hard for the poor hard working Juniors and Seniors. I will take time off here to mention some of our old class mates who have entered into matrimony—two of them especially—Myrtle Turner Tyne married Jack Tyne of Sebring one day last week, and we heartily wish her much happiness and hope she will think of her old Home Economics class when she starts preparing the meals. Mrs. Leon Gobeys has been married for quite a while now. She was Miss Reba West before her marriage. Denzil Hunt married a sweet little girl in Terre Haute, Ind., where he now lives.

We hear the Seniors talking about their rings and pins. We will next year be interested in such things, so we won't waste any time talking about them now.

FRESHMAN

The Freshman boys haven't been very active this week. I guess they've been thinking too much about Thursday. The girls

are playing basketball and learning how to cook. Coach has decided that his Algebra students are not progressing as rapidly as they should be. He has decided to give us a test twice a month, the highest grade that you can make from each test being fifty. We wonder how this is going to work.

Frances Skipper's team won over Glenn Schumacher's team Friday, 13-12, and Monday 4-2. Our next two captains are Clarence Wilde and Walter Sherertz.

The high school pupils are putting on a play. The name sounds rather exciting and I am sure you will want to see it. It's "Oh, My Stars." The same people played in "O'Day." The play will be given one week from next Friday. It is to be held at the school auditorium. It is for the benefit of the students of the Senior class. If you will please come I am sure you will enjoy the play. At the same time you will be helping the Senior class.

We have just received our report cards. "Nearly everyone was given high marks. Our History is getting very hard so that it requires everyone to study a little harder."

HOME ECONOMICS

Since this is the first time this column has appeared in the school news, we think you will be interested in knowing some of the work we have been doing this term.

We are a little late in expressing our gratitude to Mr. Ware of Badcock Furniture Co., for explaining to us the various types of furniture, springs, mattresses, rugs, linoleum, stoves, and refrigerators. This information was a great help to all the girls because we were studying our unit on "Housing and Furnishing."

Our gratitude also goes to the Avon Park Motor Co. for awarding us the \$5.00 prize in their community improvements contest. We have subscribed to several magazines with the money.

We thank Mr. Alsmeyer, the county agent, for his kindness in demonstrating how to plant cuttings and his information about various kinds of plants. Mr. Alsmeyer has agreed to take the Home Economics class on a tour through the mall in January. He says that the majority of children don't appreciate the value of the mall and he is going to point out some of the interesting plants that grow there.

Last week, to the delight of most of the girls, we started our laboratory work. Our first lesson was on cocoa and Miss Thomas said we did very well, but wait until we start making biscuits or pumpkin pie.

The Home Economics Classes are putting on a drive for Octagon soap wrappers. The first period class and half of the eighth grade are contesting against the third period class and the remainder of the eighth grades. The names of the teams respectively, are "Suds" and "Bubbles." The captain of the first is Irene Dyer and second team's captain is Jane Hart. The losing team will have a party to the winners. We hope to receive enough wrappers to get a set of badly needed silver. Any donations will be gratefully received.

Fay Goshin, Barbara Betts.

In all my wanderings o'er plain and sea
The sweetest spot on earth to me
Is one I saw at twilight in June
There the whole world seemed in tune.

The rees so sweet had scented the air
And the rushing brook just had
to be there
The mountains behind me and the
dell swaying pines
Seemed to be binding to music
divine.

And then when the dusk faded in
to the night
And my camp fire was burning
ever so bright
Up through the trees and into the
sky
A beautiful moon went sailing on
high.

And oft when I'm weary and laden
with care
I think of this place and long to
be there.
For God's Divine Presence I feel
everywhere
And all of my burdens vanish in
air.
