

HOME TRADE IS VITAL TO TOWN

Through Home Channels Builds Up Success of Community.

The chief argument in favor of home trade is the fact that it not only rebounds to the benefit of all residing in the adjacent territory which is a part of every community but pays in dollars and cents. Every dollar sent away to build up business in some big city is just that much taken away from the resources of the home community.

If people will only figure up the incidental costs and conveniences occasioned by sending out of town for anything that can be purchased in their home town they will readily see that it pays to trade at home. It is customary to ignore such items, but they are there just the same and are part of the cost of the goods that are purchased in that manner. For instance, the cost of a trip to the city, hotel bill, time wasted away from employment, goods brought home that are not really needed, higher prices actually paid for the goods on account of the big city store, and many other charges which are not means cost and must be charged against the purchases if one is honest with oneself.

In case of mail order purchases there are money order and postage fees, express or freight charges, time wasted and delay in waiting for the goods, annoyance of exchanging the goods that do not fit the bill, or that do not measure up to the grade expected—and these and many other charges of like nature should honestly be figured up against the purchases. If this is done and quality of goods compared it will be found that it is a case of trying to lift oneself by one's bootstraps. There is no easy figure that they can be supplied by the experienced business man of Avon Park.

Perhaps nothing is studied any closer than the retailing of merchandise and you can safely figure that your live home merchant is working hard to secure the best merchandise to place before his customers at the lowest possible figure consistent with sound business principles. And in this day of keen competition there are few business men who do not run down to the danger line in fixing prices that will attract trade and meet competition anywhere.

It is only necessary to use common sense in dealing with these problems. And in this day of business, and if there were big profits to be made that condition would not last for ever. Getting for business is carefully searched out, and competition has reduced everything to the level of lowest possible prices.

On another page of the Times will be found the special advertisement of business men of Avon Park who are interested in getting the facts of the value of home trade before the people.

Hillsboro County Protests To Sholtz About Race Money

Tampa, Feb. 28.—(FNS)—In a letter to Governor Dave Sholtz, Hillsboro county commissioners registered a vigorous protest to any new allocation of this season's state race track revenue.

This action was taken when information was received from Tallahassee that disbursement of the funds might be held up until after the legislature meets in April.

In the letter of protest the commissioners state that they have budgeted the anticipated share of state racing money and would find themselves in a very embarrassing position if the funds were withheld. The Hillsboro county budget for the current year anticipates \$13,000.00 from race track revenue which is appropriated to the road and bridge fund.

Chairman Walter Donovan of the state racing commission recently stated that each county would realize close to \$10,000.00 from the race track fund this year according to commissioner Fernandez on whose motion the letter of objection was written to Governor Sholtz.

Florida Municipal League urging carriers to maintain summer rates, boost Florida's summer travel.

Season Tickets For Red Bird Home Games Now on Sale

Baseball fans can see the entire series of nine home games of the Columbus Red Birds here for the small sum of three dollars and this will include the game with the St. Louis Cardinals in which it is expected the Dean boys, Dizzy and Daisie, will take part. The Rotary Club is making a drive on the sale of these tickets and \$500 worth must be sold by the middle of the month.

Plans for the ticket drive were made at the Rotary Club luncheon Wednesday when several speakers urged the need of local cooperation in return for the splendid publicity that the Red Birds have given Avon Park. Tickets can be obtained from any member of the Rotary Club and from other citizens and a liberal support is urged.

Screen Pictures At Congregational Church Sunday

Screen pictures of life and customs and work of the people of Japan will be shown Sunday evening at 7:30 at the Congregational church. These subjects now being studied by some of the grades in the public schools. The slides are from the state university, and a large number of them usual will be shown. Japan's present move toward the control of China will be discussed. The morning service, 11 o'clock. Dr. Vaughn will speak by request on the text, "As your servant was busy here and there, the Man was busy." This is the first of the present series of topics which members of the audience have banded in as matters which they wished to be discussed, and they are welcomed as showing subjects in which hearers generally are interested.

Sees Scenic Highland For The First Time

On Wednesday Mrs. W. M. Reck enjoyed a very delightful visit with a former college classmate, William McSwine of Pittsburgh, Pa., who called on her way from St. Petersburg to visit Bok Tower. Mr. Swine is retired and spends six months of each year in Florida, on the coast principally, as he is an ardent fisherman. This is his first glimpse of the Scenic Highlands, and like all others, he was carried away with the natural beauty of the region, so different from the low coast sections, the only part many northerners see of the state.

W.O.W. Members and Friends Enjoy Supper

A community singing will be held at Brickell Hall on Sunday afternoon March 10 from 2:30 to 6 o'clock. Everyone is cordially invited to attend.

Spanish War Vets And Auxiliary To Meet Sunday

Members of the W. O. W. and their friends enjoyed a plate lunch supper Monday evening in the Brickell Building. Several state officers of the fraternity were present including State Manager V. P. Miller of Lakeland, District Manager George W. Pitts of Tampa and Head Council H. R. Boers of St. Petersburg.

There will be a meeting of the camp on Monday, March 11 at which all members are urged to be present.

Spanish War Vets And Auxiliary To Meet Sunday

Richard W. Hobson Camp, U. S. W. V. and the Auxiliary will meet Sunday at the home of Mr. and Mrs. Ruben Johnston at Highland Lakes. A covered dish luncheon will be followed by the business session and a large attendance is expected.

Two Arrested For Speeding

James Berry, colored, and the driver of the Standard Buick truck were both arrested Wednesday noon and charged with speeding near the school house. Both were given ten dollar fines by Mayor M. E. Covington.

Girl Scouts Cake Walk. The Girl Scouts are planning a cake walk for Saturday evening at the grandstands in the M. B. event is scheduled to start at 7 o'clock and the prize will be given to the winner.

LITTLE PEN-O-GRAMS

ORANGE PRICES DROP: SHIPMENTS FALL OFF

Grapefruit Also Down But Prices Slightly Above Last Year

Tampa, Fla., Feb. 28.—A review and summary of Florida citrus sales in the auction markets for the week, ending February 22nd, follows:

Florida rail and boat shipments the preceding week (ending Feb. 16) dropped 25 cars, there being a total of 1474 cars shipped of which 1066 were oranges, 386 grapefruit and 82 tangerines; 732 cars of the total, or 53 percent, were moved by boat.

Total Florida citrus sales in all auction markets this week reached 794 cars compared with 836 last week, with oranges continuing on an average of 535 cars averaging \$2.39 per box, decreasing 19 cents and declining six cents per box compared with sales last week. For the corresponding week last year oranges averaged \$2.47 a box and for the same week two years ago, \$2.33 a box.

Grapefruit sales for the week equaled 196 cars at an average of \$2.91 per box, decreasing nine cents and advancing four cents per box compared to last week. For the same week last year grapefruit averaged \$2.25 a box and for the corresponding week two years ago, \$2.00 a box.

Tangerine sales this week totaled 63 cars averaging \$1.40 a four fifths bushel box, a decrease of 14 cars and an advance of eight cents per box. For the corresponding week last year tangerines averaged \$1.16 and for the same week two years ago dropped to \$1.06.

Bond Committee Met and Organized

The bond adjustment and reassessment committee named last week by the city council met Tuesday evening at the city hall and completed their organization. E. P. Loomis was elected permanent chairman and Francis Shockley, city clerk, will act as secretary to the committee.

Five sub-committees were named and will proceed with the work in the immediate future.

Will Entertain West Coast Council

The West Coast Council of the U. S. W. V. will be entertained on the third Sunday in March at Lake Byrd Lodge by Richmond P. Hobson Camp and the Auxiliary. A large number of visitors from the southern part of the state is expected to be in attendance.

W. Hauptmann Spoke At Rotary Luncheon Wednesday Noon

"Individualism and Progress" was the subject of W. Hauptmann's short but pithy talk at the Rotary Club luncheon at the Jaccaranda Hotel Wednesday noon. All human progress has been on the backs of individuals, he said, socialistic and similar doctrines notwithstanding. All nature works individually, he said, there are millions of trees but there are no two alike.

Individualism selects the types able to be leaders and each individual is entitled to the rewards for their own work and God. Al mightily ordered it so, Mr. Hauptmann contended. You can equalize down but not up. Edison, although he died a millionaire, gave more to the world than he received, in the way of the electric light and other inventions, the speaker added.

There has been no progress for several years, Mr. Hauptmann said and there will not be any progress while socialistic ideas last as there can be no progress from handouts. He predicted the coming of new leader who will lead this country back to glory on the back of individualism.

The Rotarians also formulated plans for the selling of tickets for the Red Bird baseball games here next month.

Visitors at the luncheon were: A. Harrison, Pal River, Mass.; Tom Gray, Little Rock, Ark.; Mark Underberg, Tampa, Col. F. N. K. Bailey of Sebring and W. C. Beckett, Mayor M. E. Covington, 11, Ford, Jack Head and Francis Shockley of Avon Park.

Local Legislation Must Be Advertised

State Representative J. E. Sims wishes to advise the citizens of Highlands County that he will be glad to cooperate with them in any local or special legislation which may deem necessary to put before the coming legislature. He wishes to call attention to Section 1, Chapter 13791, Acts of 1929, Laws of Florida, which provides that notice required to obtain local or special legislation shall be by publishing the same in some newspaper published in the county or counties where the matter or thing to be effected by such legislation shall be situated, one time at least thirty days before introduction of the proposed law into the Legislature. Said notice shall state the substance of the contemplated law as required in Sec. 21, Article 111 of the State Constitution.

Climate data on North Florida ready, covering 10 year period. Free from Jax. U. S. Weather Bureau.

Florida's Wauchula was residence 40 years ago of Mrs. William Webb who brought twins, triplets and, lastly, quadruplets into the world, says Jacksonville's Times-Union.

WILL ADVERTISE FOR SPRING TOURISTS

Seaboard Will Tell Northerners About Delightful Spring Climate Here

A big advertising campaign in eastern metropolitan newspapers, emphasizing the attractions of Florida in March and April, will be started this week by the Seaboard Air Line railway, C. J. Ward, traveling passenger agent, announced this week. Hotel operators have been asked and are co-operating in the campaign.

"March and April will find other thousands of people coming to Florida if they are properly acquainted with conditions down here in the spring through judicious advertising in the communities which send the bulk of the tourist trade to Florida," Phillips said. "To date the Seaboard's passenger traffic to Florida is 20 percent greater than last season and all south-bound trains are loaded. It is an astonishing record. The advertising, to be run in New York, Brooklyn, Boston, New York, Philadelphia and Washington, will be a constant reminder until April 1st that spring, with cold weather still lingering in the east, is the ideal season in Florida. Thousands of dollars will be expended in this effort to keep people coming and May and June a most profitable investment."

One evidence of the fact that tourists are staying longer this winter is shown by the records of southbound crack trains in February. Mr. Ward said that they are bringing more people, while north-bound trains are carrying fewer people.

"That means," he said, "that they are still here."

Fire on Main Street Sunday Afternoon

Prompt action by Fire Chief W. McCarthy and the department prevented what might have been a serious fire about two o'clock Sunday afternoon in the alley in the rear of the Penn Cured Wood and some old shingles piled against the building caught fire from some unknown reason and was blazing merrily when the fire department arrived. The rear door and window frames of the Wolf store were the center of the conflagration, otherwise the loss was slight.

V. C. Tillis of Tampa was here the past weekend, visiting his father who is seriously ill at the home of his daughter, Mrs. S. E. Booth.

C. Victor Smith and Frank H. Thompson of Sebring attended the funeral of Rev. C. R. "Jugon" at Orlando Tuesday. Mr. Macon was a resident of Wauchula, and was killed in an automobile accident.

Cut Board Motor Boat Champions Tuning Up Here

The song of the out board motor racing boat has been in the air this week and Lake Tulane has been the scene of some fast driving. Dick Neal and Tom Cooper of Kansas City are the enthusiasts and are the guests of Mr. and Mrs. S. Francis before making the rounds of the races in the state, the first of which is scheduled for Miami on Saturday and Sunday.

Mr. Cooper is a nephew of Mr. Francis and Mr. Neal is a boat designer and both have achieved championship honors in the racing line. They carry five boats and seven motors with them and are tuning up here in preparation for the races. The Fokers are more mahogany racing shells and together with the motors are carried on a specially built trailer.

Avon Park Artists Win Recognition at Orlando Exposition

Three Avon Park artists exhibited their work at the Central Florida Exposition at Orlando recently and carried off the blue ribbons. They were E. N. Griffith, L. B. Farnell and L. H. Parks.

Mr. Farnell won three blue ribbons and one original and three copies in watercolor; Mr. Parks won three blue and a red ribbon and also a blue ribbon for a group of four watercolors. Mr. Griffith, in the professional oil painting class, won an honorable mention for his collection.

There has been some interest manifested in the organization of an Art Association in Avon Park to be affiliated with the Florida Art Association and foster and build up the artistic talent of which there is a great deal here. It is hoped that the formation of such an association can be announced at an early date.

Federal Baby Bonds Now on Sale Here

Baby bonds, the latest means devised by the federal government for raising money for their multitudinous expenditures, are now on sale at the post office, Postmaster O. L. A. Crockett announced. They run about three and a third percent on the investment, a \$25 bond selling for \$14.75. Denominations are \$5, \$10, \$25, \$50, \$100 and \$250 and maturities are 10, 15 and 20 years.

Mr. Head advised that postal savings account can be transferred from one bank to another without a loss of interest. They are being a big success in the cities.

O. E. S. Benefit Bridge. Leigh Chapter, O. E. S., are sponsoring a benefit bridge on Thursday, March 7 at the home of Mrs. Ruben Johnston, Highland Lakes, at 2:30 p. m.

Marble and Jack Contest Friday

All children interested in the marble and jack contests are asked to see Mrs. Charles E. Smith as early as possible. The first jack contest will take place on Friday, March 8 and the marble tournament on Saturday, March 9 at 3:30 p. m.

A contest set may be found on the playground each afternoon now. Everyone is invited to enjoy a game.

Ridge Singers To Convene Here On Sunday Afternoon

The Ridge Singing convention, composed of singers from every city in the Scenic Highlands, will be held in the Auditorium of First Methodist church, Avon Park, Sunday afternoon, March 3, at 2 o'clock with a brief program of general music. They will follow quartets, duets and choruses, all of it being sacred music, either vocal or instrumental.

Guided to Meet. St. Margaret's Guild of the Church of the Redeemer will hold its regular business meeting in the Park House on Shrove Tuesday at 3 p. m. instead of on Wednesday.

Mr. and Mrs. Henry F. Sachseman attended the funeral of Mr. Sachseman's brother, Will, in Miami last week. The deceased was a resident of Wauchula, and was well known in sporting circles.

RED BIRDS HAVE TWENTY SIGNED

Other Contracts Expected to Be Signed Before Team Arrives In Avon Park for Spring Training.

With 28 players on the Red Bird roster for 1935, President George M. Trautman was able to announce today that 20 are now under contract. This means that only 8 of the present crop are on the wrong side of the fence and there is every reason to believe that all but two of the balance will be signed before the team goes South in early March. Trautman, along with other club executives, does not regard a team as a sold-out until the first workout gets under way.

The two players on the doubtful list are both first basemen—Don Harst and Eddie Morgan. These two former big leaguers are not satisfied with the drop to American Association baseball, believing they are still of big league calibre and are disinclined to play ball for the top salary the A. A. permits. It is possible that both of them will be sold or traded within the very near future.

Outfielders Chuck Fulle and boulder and pitcher Ed Grover, Donald Cox, Dick Newsome, Tom Judd are the others who have yet to come to terms. All but Grover and Newsome are expected to be signed by the club. Judd has deferred his contract formalities until such time as the Columbus Club irons out his difficulties.

There has been some interest manifested in the organization of an Art Association in Avon Park to be affiliated with the Florida Art Association and foster and build up the artistic talent of which there is a great deal here. It is hoped that the formation of such an association can be announced at an early date.

The five outfielders who have already come to terms are Manager Trautman, first baseman, and Stuart Martin at shortstop, while the entire catching staff composed of Henry Larson, Bruce Ogorowski and Mike Ogorowski, and the contract. The new signed include Jim Winford, Bob King, Morton Cooper, Richard Eiston, Joe Sims, Jim Mooney, Red Lynn, John Chambers and Del Wetherell.

According to President Trautman, the Red Birds expect not only to sign a strong team in the field, but also to attract better attendance for 1935 than they have during the past two years. "There is great interest in baseball in Ohio this year," Trautman reports. "In recent years and we confidently expect stronger support from the Ohio fans under a way here on April 16."

C. H. Walker Named On Citrus Institute Advisory Committee

Davenport, Fla., Feb. 27. Members of the Florida Citrus Institute advisory committee, as selected to date, were announced by the Institute today as follows:

W. H. Mouser, Orlando, representing the Associated Citrus Growers and Shippers of Florida; C. H. Walker, Bartow, representing the President's Association of the Florida Citrus Exchange; A. F. Pickard, Lakeland, representing the Committee of Fifty, and Jack W. Simmons, Tallahassee, representing interests allied to the citrus industry.

The charter of the Institute provides for an advisory committee of five, elected by and representing the various groups in the industry. A fifth member of this committee is yet to be selected and the Institute's executive committee, consisting of Lorenzo A. Wilson, Jacksonville, Edward Ball, Jacksonville, and Earl W. Brown, Deland, is considering the suggestion that the fifth place be filled through selection of a representative of shippers not affiliated with any of the organized groups.

The approval of the members of the advisory committee will be required for any contract entered into by the Institute with regard to the expenditure of funds for advertising and publicity.

Mr. and Mrs. L. C. Gage of McLeansboro, Ill., and Mr. and Mrs. A. R. Sillman and Stan Van Nelson of Evansville, Ind., were the guests of Mr. and Mrs. Fred Stevens last week.

LEGAL NOTICES

NOTICE OF APPLICATION FOR TAX DEED

Avon Florida Citrus Corporation, a Florida corporation, Complainant, vs. W. H. Davies and Mrs. W. H. Davies, his wife, Defendants.—Bill To Foreclose.

PROCEED BY PUBLICATION

In the Name of the State of Florida, To: W. H. Davies and Mrs. W. H. Davies, his wife, herein called defendants.

WHEREAS it appears from the sworn Bill of Complaint filed in the above cause by the Avon Florida Citrus Corporation as complainant, that said defendants are residents of the State of Florida, and that their address and place of residence is Rural Route No. 4, City of Poland, State of Ohio.

NOW, THEREFORE, you, W. H. DAVIES and MRS. W. H. DAVIES, his wife, defendants, are commanded to be and appear before the Judge of the Circuit Court in and for Highlands County, Florida, at the Court House on the 4th day of March, 1935, the same being a legal sales day of this Court, and there appear and to answer the complainant's Bill of Complaint filed in the above cause which reads, to-wit:

foreclose Mortgage and Operation Contract upon the following described property in Highlands County, Florida, to-wit:

Grove numbered One Hundred Eighty-Nine (189) in Lakewood Subdivision in Section Sixteen (16), Township Thirty-Three (33) South, Range Twenty-Eight (28) East, according to map or plat thereof recorded in Plat Book 1, pages 5 and 6 of the public records of Highlands County, Florida, together with tenements, hereditaments and appurtenances therein belonging.

and said Bill of Complaint further prays for an accounting between the complainant and defendant and that failure to pay any indebtedness found to be due by the defendants upon said Operation Contract and Mortgage that the property be sold by order of this court and the proceeds from said sale applied to the payment of said indebtedness and that the defendants after said sale is made be barred and enjoined from claiming any right, title and interest in and to said property or any part thereof, and that a receiver be appointed to care for, preserve and protect said property pending the outcome of said litigation, and that the court may deem proper in this cause, and that the said defendants, in no wise to omit under penalty of the Bill of Complaint being taken as confessed against you.

Witness the Honorable W. J. Barker, Judge of the above styled cause, and the seal of said Court at Sebring, Florida, this 6th day of February, A. D. 1935.

Citrus May Get Trade Preference With Canada

Davenport, Fla., Feb. 28.—Provisional inclusion of citrus fruits in the proposed reciprocal trade treaty between the United States and Canada combined with effective advertising in Canada was foreseen by Florida Citrus Institute officials today as opening a promising market to growers and shippers of Florida fruit.

Dispatches from Washington state that negotiations are under way between the United States and Canada looking toward a trade treaty under which certain non-competitive products of each could be exported to the other at a lessened customs duty or free of customs charges.

The present Canadian customs duty on citrus fruits is 80¢ per standard box, being the same on oranges, grapefruit and tangerines. This duty has greatly restricted use of American fruit in Canada. It is not known whether citrus fruits, if included in the treaty now under negotiation, would be subjected to a duty lower than that now in effect or be placed on the Canadian free list.

Colonel H. F. Miller, director of organization of the Florida Citrus Institute, pointed out today, however, that, regardless of the lower duty or absence of duty, the Canadian market for Florida fruit could not be developed without effective and sustained advertising and publicity.

"The people of Canada never have been large consumers of citrus fruit," Colonel Miller added, "Canada therefore is virgin territory which can be opened up to Florida citrus growers. Florida's chances of getting a substantial part of this prospective new market depends altogether upon whether Florida growers and shippers are willing to cooperate in an advertising and publicity campaign such as proposed by the Florida Citrus Institute."

In the Name of the State of Florida, To: Defendant James M. Holcombe.

It being made to appear to the Court that the defendant James M. Holcombe is a non-resident of the State of Florida, and whose residence and place of address is Ashburn, Turner County, Georgia, and that there is one in the State of Florida service of summons upon whom would bind the said James M. Holcombe, and that the said defendant is over the age of twenty-one years;

FORD SALESMEN GET SPECIAL TRAINING COURSE

A new course of training for all Ford salesmen, over six hundred in number, has been put into effect by the Ford Motor Company. This intensive sales training course includes all features of Ford V-8 passenger cars and trucks as well as exclusive Ford policies and the many mechanical features which the Ford Motor Company has been responsible for through its Research Department. Moving pictures, sound slide films, easyway chassis and actual road demonstration methods are part of the course.

"Through this special sales training course the public will be given a better understanding of the many new features of the Ford V-8," said Mr. Ray Allen, manager of the Jacksonville branch, Ford Motor Company. "The public must depend largely upon the salesmen's statements when purchasing an automobile, especially a new car," he added, "and it is our intention that all Ford salesmen will be in a position to make authentic statements about our products, based upon actual knowledge of Ford V-8 cars and trucks and upon a background of Ford methods and business principles." Purchasers of the new Ford V-8 are urged to discover that this car may be driven immediately at a speed of fifty miles per hour instead of the usual slow process of breaking in a new motor. Another enlightening feature of the new Ford V-8 is that due to the directed air flow ventilation which cools the engine, reduces heat and conserves the oil. It is necessary to change oil only at two thousand mile intervals.

enabling us to meet the public demand for immediate delivery of all body types. A check on our sales shows that the public appreciates the extra dollar value built in to the new Ford V-8. Features, such as safety glass all around without extra cost, built in luggage compartment, comfort zone riding, accomplished by extending the spring base to 123 inches so that the passengers ride cradled between the axles, big 6.00 x 16" air-balloons tires with extra wide tread to match body—all without extra cost. Features, which have attracted many new purchasers while the streamline beauty of the Ford V-8, its extra roominess

SEBRING BLUE STREAKS

JUNIORS START PRACTICING FOR "SPRING FEVER"

The members of the Junior Class have decided on their play and practice for this week. Much worrying and learning of parts will be the main feature of that class until the final night arrives.

The play to be given is "Spring Fever," a comedy in three acts written by Ray Hodge. The title seems to suit the season admirably. Those who take part are Herbert Hicks, Jr., Betty Brooks, Zella Langford, Hazel Wilkerson, Earl Barwick, Russ Edwards, Richard Bennett, Bessie Garrett, Helen Twiss and Archie Hayes. The class will present the play the nineteenth of March.

8-A NEWS

Our attendance has fallen off quite a bit lately. Most of us have been having bad colds or the flu. We have also seen a number of the members that attended Sunday school.

Everybody in our room is going to bring flowers to be sold to the mother, Mrs. Sherman, who is very ill with pneumonia. She is better today and we hope that she continues to improve.

For the last two weeks we have been studying in health about character building and ways to improve our homes. We all thought that the study of health was about the body, but we decided that it was as important to have clean healthy minds as clean healthy bodies. For the next several days we will study about Community Cooperation for Health.

We are glad to have Mr. Smith back at school. Mr. Smith has been away for two weeks, and Miss Tolman, Betty Sherman's aunt, took his place. We all enjoyed having Miss Tolman teach.

We have finished the last of the three math tests that we have had this month. We are studying about the different kinds of taxes, what the taxes are spent for, and what is done with the money that is taken in from taxes.

We all enjoyed the one-half holiday Friday, which was Nanceo-wood day in Sebring. Most of us went to go. The floats and the costumes in the parade were very pretty.

We have been having two teams play basketball. The Lions and the Tigers. Little Lou DeLaney is the captain of the Lions who won over the Tigers last Thursday in a game of dodge ball.

Thursday afternoon we took half of our play period for our Valentine box. Odessa Bishop, La Verne Portner and Ariel Foster made the box which was very pretty. We drew names the day before so that we would be sure that every one received a valentine. A good time was had by all. So-long until next week.

World's only open-air aquarium will be dedicated at Key West, Feb. 17, Dr. Robert O. Van Deusen of Philadelphia, president. Nearly 1000 varieties of gorgeous water-circled tropical fish will share water carnival for Key West's tourists. Key West's annual flower show will open on February 20, lasting a week.

Nearly a million and a half forest tree seedlings, for 1935 planting have been sold by Florida's Forest Service nursery at Olathe.

LEGAL NOTICES

NOTICE TO CREDITORS
In Court of County Judge, Highlands County, State of Florida, is the Estate of Marcena Sherman Ricker, Deceased.

To all creditors, legal heirs, distributees, and all persons having claims or demands against said estate:

You, and each of you, are hereby notified and required to present any claims and demands which you or either of you may have against the estate of Marcena Sherman Ricker, deceased, late of Monroe County, New York, to the undersigned, at his office in the County Courtroom in Sebring, Highlands County, Florida, within twelve months from the date hereof.

Dated August 16th, A. D. 1934.

Lee-Lee

Interesting facts—Are Martha Weaver and Allie Lee running a race to see who can put out the most on foul? It certainly looks so! Why does Larry Mae insist that her news writing isn't any good when everyone knows that it is the best? Why do the boys think the basketball girls will have to give them a party? From the looks of things the girls will get one from them. Wonder why Otto didn't want to show off his cap and gown last week? It really looked good on him!

Who could the writer of "Luna-Centime" be? It has me guessing! Does Henna really like to tease Archie Hayes? How and why does Henna answer every question he gets in history? We wonder if we'll even see the day when he'll miss her! We notice Carmen has a new penmanship. Was this for the Ball, Carmen? My greatest interest of the week is Report Cards. Is it yours?

Who could a certain Senior girl enjoys them writing? She's writing one of 2,000 words now. What a essayist! Do you know Mary has a habit of stumbling her toe when she comes out of science class? A word we hear a lot is "Sugar," this comes from Sara Lucy. By the way, wasn't someone like that in the Snappers once?

SOPHOMORES

I wish I were a poet. I always get that feeling when it is nice weather, and right now I can hear the birds singing, just as if they didn't have a care in the world. The clouds are floating around in the sky. Come on Lauretta, get down to earth! You've worked too hard! Tomorrow besides our having test in History, is report card day. OOH LA LA! Such marks as we'll get.

In Biology we have been taking up such subjects as ventilation, respiration, etc.

"Tonight is the night! Sebring is either going to be trimmed by us or we're going to be trimmed by Sebring. Then tomorrow night is an arm-brawl. Both games are really important and it's a feather in our cap if we don't win. Here's hoping that the Blue Streaks will be looking like streaks after the game tonight."

"Travels with a donkey" is quite interesting but not as interesting as "Silas Marner." There's a story that can't be beat but by any old love story magazine or most of a other kind. George Elmer makes you live the parts and you can see the places she describes. We've been talking about giving a short story of it in chapter. "Two" is quite funny, and I imagine you all would enjoy it immensely.

8-B NEWS

Some of our boys have started to play basketball in the diamond hall. In basketball, Walter Sherrett's team won over Clarence Wild's team 6-1. We had a good time playing basket ball. The remaining part of the boys in our room chose up and played diamond ball.

Well, if it keeps on being warm more people will come out to see the basketball games. The boys have two more games to play.

Glenn Kemp, who has been sick for a week or two, returned to school Monday. It won't be long before we can go swimming without freezing to death.

Florida's population increased 7.3 per cent in past four years.

Fort Meade And Avon Park Split Games; Girls Win

The Avon Park Red Devils again lost a hard fought game last Wednesday night. It was a good game, but the Avon Park boys were playing a losing game from the first. It was an ineligible game and Ft. Meade was using players from their town team. Even their coach played with them. The Red Devils had two "Stars," J. B. and Durth Martin, who are known all around Avon Park for their accurate shooting for the Red Devils in the past years.

Ft. Meade took the lead in the first quarter sinking two long shots. This was followed by Martin and Avon Park sinking a beautiful shot from the top. On the next play, Windham was fouled and received one shot, which he made good, making the score 4 to 3. In the second quarter Ft. Meade ran in three more up to 8 points, while 2 were added to Avon Park's. The first half ended with the score 8 to 5 in favor of Ft. Meade.

In the third quarter, the Red Devils threatened night and waging a hard battle they came out victorious with a score of 16-7.

The first half was very slow and draggy but nevertheless the girls were just warming up, and at the beginning of the third quarter they began to sink some goals. One forward was out of the game in the last two minutes of the game.

The Red Devils will play Sebring here on March 5.

AVON PARK GIRLS AGAIN VICTORS—16 to 7
The girls met the Ft. Meade girls Wednesday night and waging a hard battle they came out victorious with a score of 16-7.

The first half was very slow and draggy but nevertheless the girls were just warming up, and at the beginning of the third quarter they began to sink some goals. One forward was out of the game in the last two minutes of the game.

The Red Devils will play Sebring here on March 5.

JOKES

Fred—A thief entered my store last night and took everything but a box of soap.
Judge—The dirty crook.

Mr. Smith—What are you crying for?
Dixie—You told me to stand in the corner for the present—and you haven't given me the present.

A barber had used his clippers in cutting Nancy's hair. "Mother, I guess my neck wasn't clean because that man used his vacuum cleaner on it."

It is said that at the surrender of Lee at Appomattox General Lee came to the scene clad in all the regalia of the Southern Army, but General Grant was dressed in his simple Union suit.

Highland County's beautiful Hammock Park is recipient of \$25,000 donation from John A. Roebuck, for maintenance until area is conveyed to State.

County, Florida, for the purpose of satisfying said decree, the following described property, to-wit: Highlands County, Florida, to-wit:

Graves numbered One Hundred Fifty-Three (153), One Hundred Fifty-Four (154), One Hundred Fifty-Five (155), One Hundred Fifty-Six (156), One Hundred Fifty-Seven (157), One Hundred Fifty-Eight (158), One Hundred Fifty-Nine (159), One Hundred Sixty (160), Township Thirty-Three (33) South, Range Eight (8) East, according to map or plat thereof recorded in the public records of said County, together with tenements, hereditaments and appurtenances therein belonging, together with every right, title and interest of every nature and kind, legal or equitable, that the said defendants and every person or persons, corporations or partnerships claiming by, through

Editorial

Do many of you ever stop to think how important good penmanship is? It is not considered as much of an asset as it used to be. Of all the grades in high school, penmanship taught only in one, the eighth. Many students go through high school not knowing how to write legibly.

Penmanship goes a long way in securing a position. If you write well, you are fortunate. Take a newspaper man, for instance! He has to be able to turn out a good story at a moment's notice. Usually he doesn't write well for he uses a typewriter most of the time. I read of a newspaper man who typed so much that he couldn't write for a long time.

Now let's take a bookkeeper's job! The work requires neatness and legible handwriting. If the writing isn't neat, more than likely you wouldn't hold your position very long. In the years that are passed, O. O. McIntyre says, that good penmanship showed the mark of a gentleman. Suppose you try to improve your handwriting, and show this distinction, also.

How so ever, Hara was saved the job of pulling a hair pulling contest, by Mrs. Rhythm, Dangers's benevolent mother.

Mrs. Rhythm had been watching the proceedings, and had come to the conclusion that Hara should not, and forthwith persuaded up on her daughter to decamp and leave Hara the spoils of war.

School Talent Is Shown In 'Lunatic Cinema' By Cast

The Inane Picture Corporation has successfully released, this week, a flicker entitled "Waverling Hills," which takes place in the South Sea Islands.

The Cast:
Hera Egan—Sara Lucy Kent.
Hera Egan—Clifford Windham.
Miss Dangers—Rhythm.
Miss Rhythm—Carmen Booth.

Miss Egan and Mr. Row were washed overboard from a ship in a storm at sea, and landed on the island of Kina-me-quick. Not on the map.

They are made welcome by the natives, especially by the chief's daughter, Dangers Rhythm. She is one of those come-hither looking girls, with an hour glass figure. Her approval of Mr. Row is quite apparent.

"Ah, ha," thinks Hera. "Strong competition. We shall see whether men prefer red hair or black."

The fight on island night is all the trimmings—Miss Rhythm finds Hera conveniently suited to himself, gazing at the moon. "Handsome men are few and far between on this island."

When Hera saw her advancing upon him he murmured to himself, "Trouble. Shall it be red or black? The red is not so bad, and the black is not as worse."

Perhaps it was Hera's intuition that told her she had strayed too far away from the field of battle. No sooner thought than there fore she proceeded in the direction of said battlefield.

How so ever, Hara was saved the job of pulling a hair pulling contest, by Mrs. Rhythm, Dangers's benevolent mother.

Mrs. Rhythm had been watching the proceedings, and had come to the conclusion that Hara should not, and forthwith persuaded up on her daughter to decamp and leave Hara the spoils of war.

RED DEVILS' Foe TAKES TWO BY LUCKY BREAKS

The Avon Park girls lost one of the most thrilling ball games of the season last Tuesday night to the Sebring Blue Streaks, 20-23. The score continued changing on both sides with one team leading a and then the other. At no time did either team get more than three points in the lead.

In the first quarter Avon Park took the lead and kept it most of the time, but just before the period ended Sebring tied the score seven to seven. In the second quarter the score changed with a tie of seventeen to seventeen.

In the third quarter, Martha Weaver, forward and captain of Avon Park's team, was taken out of the game because of three personal fouls. It was the last bit of her team mates, but they fought hard to make up for the loss. Conditions grew worse when in the fourth period Ben Crawford, guard for the Red Devils, had to leave the game because of an injured foot. More than once the hard fighting guards with the beautiful passing of the centers Crawford the scoring advance of the Blue Streaks. The audience received plenty of thrills from the accurate shooting of Delaney and Weaver.

Boys' Game
The boys luck was the same as the girls. They lost by a narrow margin 21-36.

On the first play Avon Park got the tip off but failed to score on a "crip" after they got the ball uncer the goal. Crawford of Sebring received the ball on a long pass and ran up two points. Avon Park quickly took the lead when Barwick sunk two goals and a foul. Crawford of Sebring had run a crip shot and the first quarter ended with the score 5-4 in favor of Avon Park. In the second quarter Gribble of Sebring had a foul shot for the Red Devils followed by Windham's field goal on a short pass from Sader. Before the half ended Pierce Crawford of Sebring had run up two points each. Windham made a foul for Avon Park and the first half ended with the score nine to eight in favor of Avon Park. In the third period Sebring had good luck and ran up eight points but the Red Devils were able to stop them.

Hard playing and good team work enabled Windham to score three points as the third quarter ended with the score sixteen to twelve in favor of Avon Park. The Red Devils threatened to take the lead when Windham made four more points while Sebring made two. The left over Avon Park tried by two points but in spite of their hard playing Sebring made three more points and the game ended with the score twenty one to sixteen.

It was a clean and hard fought game by both teams. The Red Devils will again play Sebring here on March 5th.

Forty-eighth annual session of Florida's Horticultural Society will be held April 9-11 at Vero Beach. At the same time and place the tenth annual session of Florida's Rose Society will be staged. These organizations have done a splendid work in the past.

Florida in 1935 employs more industrial than agricultural workers, 142,000 as against 139,000.

THE RACE TRACK FUNDS

We fail to see what Governor Sholtz's idea is in holding up the race track money at this time unless he intends to pull a fast one and plunge all the counties in the state into financial chaos. The law covering the disbursement of these funds to the counties says they shall be allocated "on or before April 15" and we contend it is perfectly legal to apportion the funds now on hand, less of course the reserve of 10 percent for expenses.

The governor makes the paltry excuse that the legislature when it meets in April may change the allocation of this race track money. It is idle to presume that the governor does not know the legislature has been included in the county budgets and we say it would be illegal to divert funds that have already been budgeted. To do so would disrupt the financial arrangements of every county in the state. The legislature can do as they please with the race track money next season.

Take our own county, Highlands. The commissioners were required to include the anticipated race money in the budget and did so. They depended on it and then the governor came along and held it up for some reason best known to himself. The consequence is that the financial structure of the county is disrupted and there are a number of unpaid bills on hand and they are piling up. This is, we believe, a fair picture of every county in the state.

We are just wondering what the governor intends to do about this money. It looks as if there is a big black nigger in the Tallahassee white house. We have heard rumors about a "dictator" and we ask you, Dave Sholtz, if you intend to take this role for yourself.

And another thing, by what right does the governor withhold the payments of the monies? Has he even taken over the office of state treasurer?

State Press Comment

"THE NRA IS DEAD"

(Under the caption of "The Future of NRA" The Chicago Tribune of February 25 published this editorial.)

The President has asked Congress to give the National Recovery Administration another two years of life, but, contrary to his usual practice, he has had no bill prepared incorporating his ideas.

Politically, the problem of what to do with NRA is difficult one. The NRA failed to produce any recovery, but to let NRA die would be to advertise the fact. Candidates for office try to avoid calling attention to their mistakes.

How Congress will carry out the recommendation remains to be seen and meanwhile it can be said with considerable assurance that, regardless of what Congress does, NRA is dead. Nothing so heartening has happened in the last two years. The collapse of NRA is the collapse of as vicious a tyranny over its citizens as our government has ever sought to impose. The NRA failed to place and ten thousand payrollees couldn't save it.

The outcome was certain from the moment NRA tasted defeat in its campaign to license and censor the press. The great majority of editors and publishers of all shades of opinion were found united in defense of the constitutional guaranty of a free press. They carried the day. So long as the press remains unmuzzled, the Recovery Administration knows that all its crackings-down must be exposed to public view.

Arbitrary, unfair and unreasonable restrictions on output and prices which were incorporated in many of the codes could be maintained only by star-chamber proceedings and the use of force. These devices might subdue Russians, Germans and Italians, but Americans have shown that they will not tolerate them.

The administration did venture to prosecute a few humble victims like Fred Perkins, the battery manufacturer of York, Pa., but Mr. Perkins had not been in jail many days before he was no longer an obscure citizen. The whole world had learned that he had been tried by a code authority consisting of his competitors and that he had never been given the name of the person who complained against him. The storm of protest in his native Pennsylvania was too powerful for the government to face again. In consequence, tens of thousands of complaints of al-

leged code violations are said to be on file in Washington, but the government is afraid to prosecute them. Without prosecution there is no NRA.

One way to make men do what they commonly sense tells them to do is bribery. That is the way of the Agricultural Adjustment Administration. Another way is the application of brute force. That is the way of the NRA, and it has failed because the American people will not stand for it. The government dares not apply it.

In a time of doubt and hesitation, the collapse of NRA is something to ponder upon. It proves that the spirit and habit of liberty are still strong in this country. Bunker Hill remains our highest peak—As quoted in the Atlanta Georgian.

A LOPSIDED PLAN

The Oregon State Motor Association has ordered its directors to pursue a diligent program to obtain lower gasoline prices in Oregon.

At present the state gas tax is five cents and the Federal tax one cent, which means that gas taxes equal over 25 per cent of the retail price of gasoline. It is suggested that the price of first-grade gasoline be reduced from 21 cents to 16 cents. In that case a six-cent gas tax would be taking nearly 10 per cent of the price of the fuel.

Any air plan to reduce the price of gasoline must include some program to reduce excessive taxes on the product. A tax of 30 to 40 per cent on the retail price of any article is bound to discourage its use and automatically put into effect the law of diminishing returns, both for the producer of the article and the tax gatherer.—Industrial News Review.

TOO LATE TO CLASSIFY BY RUSSELL KAY

Gilbert Leach, editor of the Leesburg Commercial breaks into the general argument about fishing and fishing licenses with the suggestion that provision be made for the issuance of "temporary" licenses, good for a day or a week at a nominal rate.

It is a sane and sensible suggestion and one that ought to have careful consideration of our lawmakers should they undertake to revamp our conservation department regulations.

Gilbert points out that hundreds of tourists who are in the state for only a brief period would like to enjoy a day's fishing, but they don't feel justified in the purchase of a full year's license for the privilege. "How many tourists would play golf in Florida," he asks, "if they were required to pay a full year's green fees at a golf club, when at most they would be able to play on the course but once or twice?"

Were it possible for winter visitors to secure a temporary fishing permit good for a limited time at a nominal rate — say twenty-five cents, and this fact given publicity through the press, over radio, through chambers of commerce, tackle stores, fishing camps, guides and hotels, thousands of tourists would gladly pay this small sum.

Of course county officials would feel terribly imposed upon, if they were compelled to write out a license without receiving a fee of twenty-five or fifty cents, and if fishing without a license was made no better off from such a "temporary" license, however, the fee proposition might be avoided if the state issued a stamp or sticker carrying an expiration date, which could be issued at small cost and without a great amount of recording and bookkeeping.

As the matter stands now the state does not receive anywhere near the amount it should in the form of fishing licenses. Thousands of citizens and visitors alike fish and hotels, thousands of tourists would gladly pay this small sum.

Personally I believe that if everyone who does any fishing, and if fishing whether resident or non-resident, in his own county or any other county, were required to pay the nominal fee of \$1.00 a year for a state license it would bring in many times the amount now collected, and make enforcement a much simpler matter.

All true sportsmen appreciate the necessity of regulation and conservation and none would object to paying a nominal sum to insure it. It is just as fair to ask a man to pay a license to fish in his own county as it is to ask him to pay a license to do business in the county, but the fee should be reasonable and the penalty for failure to pay it strictly enforced.

If everyone, white or black, local or non-resident who does any fresh water fishing in Florida were to step up to the court house and plank down a dollar to secure our state conservation department would find itself with sufficient funds to carry on a really worth-while conservation program.

The entire state would benefit and as all paid and paid alike there could be no just complaint. Our State Conservation Department is doing the best it can with the funds available. Let's give 'em a hand with some intelligent legislation that will mean more revenue for a splendid work and at the same time be fairer and more acceptable to the sportsmen in Florida than our present system.

And if any of you folks think the state isn't making real headway on its conservation program, just take a day off sometime and run up to Welska for a look at the state fish hatchery. Take time to look around and acquaint yourself with what they're doing up there — you'll be sure enough surprised.

become intimate with his constant aim to improve his property, both agriculturally and for landscape effect.

After the improvement of the buildings, Washington turned attention to the laying out of the grounds, with gardens, walks, and driveways. As shown by maps drawn by Washington in 1787, the approach to the mansion was called "Serpentine Drive."

It was shaded by rare varieties of trees and shrubs. At a short distance to the right and left of the "Serpentine Drive" were the grounds, the "Wilderness" were laid out by Washington, with scattered paths amid a plantation of various trees and flowering shrubs. I entered the garden at the west end, and found a number of beau-

tiful Magnolia trees, one planted by LaFayette in 1824. How little one thought at that date, the picking of the leaves of Magnolia trees would become an industry.

I understand here in our own state the leaves are picked and shipped to Florida for wreaths, and amount paid out weekly is about \$700.00. A wreath was used at the Memorial Service of the U. D. C. at the district meeting I attended at Washington.

In the Conservatory where small plants are sold as souvenirs, were two Mexican Tree Ferns, a trailing fig vine and a Philodendron on the wall, growing in little pots. These plants are supposed to be watered out of the watering-pots used by Martha and George.

On the outside of the building were beds of honeysuckle, bordered by boxwood, and further on our attention was centered on an Oak-leaf Hydrangea, planted by Lafayette, and an old-fashioned white rose, planted by Washington and called the "Nellie Custis Rose."

When traveling, Washington was ever watching for rare shrubs, plants, and trees to add to his Mt. Vernon attractions. If not feasible to transport, he would have them or nuts, and then grow and propagate them. From the Allegheny Mountains he brought out of red and yellow hued; from South Carolina, barrels of holly seed, and from Oceanoqui, he moved quantities of hemlock.

His knowledge his taste for arboriculture, sent him unimpaired cuttings and seedlings to experiment with, many of which failed, but the success of the last mentioned, but a few survived and are still in thrifty growth.

Of these there are three handsome pecans, received from Thomas Jefferson, and several coffee bean trees. According to his Journal one can readily perceive the interest attention Washington gave to his "Botanic Garden," as he called the space back of the spinning house.

It was there he exploited a sort of laboratory, analyzing soil, compounding fertilizers, testing seed values, and propagating plants. He was recognized everywhere as a scientific farmer—his fame as such extending across the seas. From 2700 acres, his farm grew to 8000.

The first distinguished guest was Albert Edward, Prince of Wales, brought to Mt. Vernon by Pres. Buchanan in 1860. An interesting incident of the visit was planting a small luccy tree before the mansion. The tree died. Col. Hollingsworth planted another in its place, and a third, without success.

From 1860 on, numerous visitors of distinction have visited Mt. Vernon, and quite a number have deemed it an honor to be asked to plant a tree.

In 1915 when the present Prince of Wales visited Mt. Vernon, he planted an English Yew in front of the tomb, a short distance. From his illustrious grandfather, in 1860, made an unsuccessful attempt.

When Mrs. Cleveland made her first visit to Mt. Vernon after becoming the First Lady, she was persuaded to plant an Elm sapling on the northwest corner of the bowling green, to balance an Elm planted in a corresponding position at the other corner by President Buchanan. They were then known as the Cleveland and Buchanan Elms, and remained for many years the outward and visible sign of the Democratic Party, but in 1906 a tornado uprooted them.

As a matter of interest, as these growing monuments are such beautiful and valued things, I feel it fitting to name a number among the collection: Buckeye, maples, oaks, English walnuts, Cedar of Lebanon, German linden, white beech, tulars, poplar, mulberry, planted in 1922, by the Garden Club of America. —(Contributed)

LEGAL NOTICES

NOTICE OF APPLICATION FOR TAX DEED

Notice is hereby given, that H. N. Marx, Box 342, Winter Haven, Fla., holders of Tax Certificate No. 846, 7th day of July, A. D. 1930, has filed and certificate in my office and made application for tax deed to issue thereon in accordance with law. Said certificate embraces the following described property situated in Highlands County, Florida, to-wit: Lots 7-9 Block 4 Lake Vista Park Sec. 8, Twp. 34 S. Range 29 E.

The assessment of said property under the said certificate issued was in the name of Unknown. Unless said certificate shall be redeemed according to law, tax deed will issue thereon. The last day of April, A. D. 1935. Dated this 26th day of February, A. D. 1935.

W. C. CARSON, Clerk of Circuit Court, Highlands County, Florida. By F. E. Macdonald, D. C. Mar. 1, 8, 15, 22, 29

Garbo Greater Than Ever In "Painted Veil"

Two experts in the art of screen romance make their first appearance together in Garbo's latest starring vehicle, "The Painted Veil," filmation of the gripping Somerset Maugham novel, which is at the Avon Theatre next Wednesday and Thursday.

One, of course, is the incomparable Garbo. The other is the brilliant English actor, Herbert Marshall, who is being demanded these days by all the greater stars for their leading man.

The story tells of the eldest daughter of an Austrian professor who refusing to marry the man picked for her by her parents, arranges her mother's life. To escape her unpleasant surroundings she marries Dr. Fane, a young English medical scientist.

Tride and groom go to China where the husband neglects his wife to devote all his time to his work, while she accepts the attentions of another man to dispel the monotony of the Oriental life.

The story rises to great dramatic heights during a native riot and the destruction of a plagued city by fire, during which Garbo and Marshall contribute the finest performances of their respective careers.

George Brent gives a masterful characterization as Townsend, the "other man," and others deserving of praise in the cast are Jean Harlow, as Garbo's father, Benish Bondi, as her mother; Cecilia Parker, as her sister, Algie; Warner Oland, as the Chinese General Yu; Kathleen Alexander, as Mrs. Townsend.

Dr. Able Moving Dental Offices

Dr. A. H. Able is moving his dental office from the bank building to the Brickell Building where he will be located in the northeast corner above the Savings Bank where store. He expects to have the moving completed by the end of this week. He is installing a number of new items of equipment and furniture.

Church Notes

Church of Christ Bible Study, 10 a. m. Preaching, 11 a. m. and 7:30 p. m. Subject Morning Lesson: "Open and Closed Doors." Evening Subject: "Christ's Will Executed."

Regular Worship, 11:45 a. m. Plans are being made for a special Bible course for the young people Sunday evening, March 3, 1935, preaching. The class will be taught by Bro. McNutt. Watch for announcement next week concerning this class.

Shall we look for you at church this coming Lord's Day? You have a special invitation.

J. A. McNutt, Minister.

First Baptist Church Loxys Frink, Pastor Sunday School—9:45 a. m. Worship and Sermon—11 a. m. Training Union—6:30 p. m. Music and Sermon—7:30 p. m. Following the Southern Baptist Convention Calendar, the Pastor's Sunday morning subject is "Missions our Master's Mission." The special emphasis will be Home Missions. The evening message will be an airplane view of "The meaning of faith in the New Testament."

We cheerfully welcome you.

Rev. Dickson To Be Hammock Speaker

Rev. Louis K. Dickson, D.D., president of the Florida Conference of Seventh Day Adventists, will speak at the Vesper Services at Highlands Hammock next Sunday afternoon, March 3, at 3 o'clock on "Facing the Future, Peace or War."

Rev. Dickson is a noted and gifted speaker. The music for the Vesper Services will be in charge of Leonard Seorgie of Frostproof.

A number of Avon Park residents attended the New York picnic at Lakeland on Friday of last week. The event was held at the Cleveland Heights Casino and those from here who enjoyed the day included:

Mr. and Mrs. M. C. Heebner, Miss Ann Purdy, Miss Emma Wilkins, Mrs. Thos. Weisheyer, Miss Dorothy Weisheyer, Miss Leah Conn, Mr. Conn and George Purdy.

Attend New Yorkers Picnic At Lakeland

FAIR PRICES GOOD SERVICE

We understand that there is a movement on foot among some of the other barber shops to cut prices, which will eventually lead to the lowering of the standard of work and service.

Through fifteen years' experience in the barber business in Avon Park, we have come to learn that cut-price tactics are not only ruinous to the business, but in the long run are unsatisfactory to the trade.

We have decided to maintain our regular prices which we feel are fair to the barber, the customers and the proprietor. We have always tried to maintain a first class shop and give good service and know this cannot be done without a fair price for our work.

We will appreciate the continued patronage of our friends and customers.

HIGHLANDS BARBER SHOP R. C. JARRETTE, Proprietor

Another Jail Break

Hardly a day passes but what one can read in the daily paper the news about criminals breaking out of prisons and running at large. Already some of these criminals have visited Florida. No doubt, many others will do the same. Where they will strike, no one knows, but the safest thing to do is to be prepared.

Protect your valuables and keepsakes as well as important papers from fires and theft, by locking them securely in a safe deposit box.

WE HAVE THIS SERVICE FOR YOU. THE COST IS NOT PROHIBITIVE.

Mt. Vernon Gardens

Informed by the president of the Avon Park Garden Club that "No one can be a member of our club and not work," Mrs. Julia Mann Smith brought the following interesting description of one of several historic gardens she visited during her summer visit in the north in a small Vermont town in the first of August.

Mentioning several noted gardens she visited, she continued: "Of course it is natural that the garden at Mt. Vernon should be spoken of first." "The Mt. Vernon Ladies' Association of the United States," she said, "was the first organization of women in the United States organized for patriotic work."

The book "Mt. Vernon," written by Harrison Howell Dodge, published in 1932, he quotes Washington as referring to Mt. Vernon as his "vine and fig tree." Of the nine presidents who have been in office since 1800, all but one, President Harding, visited Mt. Vernon. The author of this book was custodian at Mt. Vernon for over 45 years, which makes the facts in the book all the more interesting.

The present Mt. Vernon structure had its beginning in 1743. Major Lawrence Washington, half brother of George Washington, returned from a campaign with Adolphus Parke as a planter of around and around in the garden to perpetuate his name, called the home Mt. Vernon.

Italian Dinner Luge Success

Over one hundred persons enjoyed the delicious dinner in Italian style served in the Parish House on Tuesday evening as the third in the series of "Round-the-World" dinners.

The decorations for this affair simulated an Italian street scene, with a gaily colored fruit stall, hanging on lines, and fruit and flowers in abundance. The tables were covered with a variety of bright cloths and centered with fruit. Suggestions for the decorations were supplied by Mrs. Moon, house guest of Mrs. M. E. Covington, and carried out by Messrs. Betts, Patterson, Fairbanks, and Covington.

A delicious menu of hors d'oeuvres, spaghetti and salad, Italian bread, coffee and dessert was served by Mesdames Patterson and Betts, general chairmen, assisted by the members of St. Margaret's Guild, and by the Misses Barbara and Nancy Betts, Elizabeth Heatherington, Francis Dorniney, Marguerite Loomis, Mary McCarthy and Nita Bryant.

So successful was this event that the men of the Church have come forward and offered to sponsor a German dinner as a Mid-Carnegie activity, the date for this being tentatively set for the week following Mid-Lent Sunday, March 31st.

Mrs. Davison Hostess At Afternoon Tea

Mrs. William A. Davison was hostess at an afternoon tea Thursday at her home at Highland Lakes. The occasion being the 52nd birthday of her mother, Mrs. Fannie D. Johnson. Flowers predominated in the decorations and the house was the recipient of several lovely bouquets. Mrs. Davison served nut bread sandwiches, birthday cake and coffee to the guests.

Those present to congratulate Mrs. Johnson on her anniversary included: Mrs. F. H. Allen, Mrs. Hartshorn, Mrs. W. J. Thorpe, Miss Sarah Brownell, Miss David Overton, Mrs. Clarence P. Turner, Mrs. F. H. Shearson, Mrs. H. A. Vickery, Mrs. Bethune, Mrs. Alexander Ghimour, Mrs. W. H. Yates, and Mrs. W. J. Holt.

Miss Mildred Martin visited friends in Frostproof Monday.

Eastern Star Silver Tea Was Very Brilliant Affair

The Colonial Silver Tea sponsored by Leigh Chapter of the Eastern Star in the Palm Room of the Jacaranda Hotel Tuesday was a very brilliant and colorful affair and was enjoyed by a large number of the members of the fraternity, both from Avon Park and Sebring, and a number of friends were in attendance also. Many old and quaint costumes were worn and on display and added a colorful note to the occasion.

The Palm Room was beautifully decorated with numerous bowls of old-fashioned garden flowers, and "Old Glory" stood guard. The guests were greeted by the little Misses Betty Touchton and Percy Mandis costumed as George and Martha Washington who pinned a miniature flag on each one. While the guests were arriving a melody of old favorite songs were played. A table of antiques—real ones—one over 200 years old, presided over by Mrs. Agnes Cox, in an antique costume, was a center of interest.

Mrs. E. O. Williams and Mrs.

Mrs. W. Hauptmann Entertained Club

The Thursday afternoon auction and contract club were entertained last week by Mrs. W. Hauptmann at the Jacaranda Hotel. The Palm Room where the tables were set for play was decorated with spring flowers and the hostess served strawberry parfait, cookies and coffee to her guests. High honors for auction were held by Mrs. George McKnight and Mrs. Katherine Bristol was lucky on the cut. Mrs. G. P. Thayer held high for contract and the cut prize was won by Mrs. A. R. McGinnis.

Enjoying auction for the afternoon were: Mrs. W. H. Yates, Mrs. George Scott McKnight, Mrs. W. H. Kemp-ton, Mrs. C. N. Ott, Mrs. Lula Bass, Mrs. S. Y. Hartt, Mrs. Katherine Bristol, Mrs. C. A. Clark, Mrs. C. R. Hess, Mrs. N. T. Smith, Mrs. J. B. Rogers and Miss Katherine Jones.

The contract players were: Mrs. Hall, Mrs. J. B. Hart, Mrs. Georgia Voochess, Mrs. J. A. McDaniel, Mrs. Robinson, Mrs. G. P. Thayer, Mrs. R. McGinnis and Mrs. George Givoud.

Garden Club Meeting Friday

A well attended and most interesting meeting of the Garden Club was held last Friday at the attractive home of Mrs. W. A. Davison, at Highland Lakes.

Members named a growing product of Florida in an annual call and there was no hint of duplicates in the many varieties named.

The speaker of the afternoon being unavoidably prevented from being present, the president turned the meeting into an informal forum, many rare and instructive facts in garden and flower lore being presented.

Miss McClellan, of Indiana, gave a graphic outline of the way the garden club of her home town carry on. This gave some new ideas, and was much appreciated by the local members.

The informal exchange of views and experiences proved most enjoyable.

New England Supper Friday

The New England supper sponsored by the Ladies Aid of the Congregational Church and was postponed has been announced for Friday evening, March 8. An excellent menu has been arranged and there will be a charge of 50 cents a plate. The public is cordially invited to attend.

Cora Canfield poured tea and were assisted in serving by Mesdames Mandis, Clark, Willis, Johnson, Leigh, Leigh and Miss Jennie Gribble.

The following program was presented during the afternoon: America, The Beautiful. Instrumental Solo, Mrs. Fred Kipp.

Patriotic Reading, Mrs. Mielke of Sebring.

Solo, "Songs of the Apos," Mrs. Kimmel of Sebring.

Reading, Mrs. Sadie Myers Brown who responded to an encore with a musical reading accompanied by Miss Harrell.

Two Solos, Mrs. Payne Sebring of Sebring.

Reading by Mrs. Daisy Ten Eyck Givoud.

Grown of Old Songs, Mrs. George Scott McKnight.

Mrs. Fred Kipp accompanied for the program. Mrs. Fred Stevens was in charge of the program and wishes to thank all who contributed to the pleasure and success of the afternoon.

Baptist Church Week of Prayer

The Ladies of the First Baptist church will observe the Annie W. Armstrong week of prayer for Home Missions from March 4 to 6 inclusive. Meetings will be held in the auditorium of the church at 3:30 o'clock on Monday and Tuesday and at 7:30 on Wednesday evening.

The subject of the Monday program will be "Revival Fires Between the Americas" and "From the Highlands to the Sea." On Tuesday the program will be "Revival Fires on the Far Frontier" and the Wednesday evening program will be "Revival Fires in the Mississippi Valley."

All members of the church are urged to be present at each of these programs and friends are cordially invited to attend. During this week of prayer the members of the Woman's Missionary Union of the Southland hope to reach the goal of \$105.50 from love offerings to be used for home missions.

Wednesday Club Met With Mrs. Shockley

Mrs. Francis Shockley entertained the members of the Wednesday Bridge Club and friends this week at her home. Following a tempting luncheon, bridge was enjoyed with Mrs. Charles Bell holding high score. Mrs. Harry McKinnon was the guests prize and Mrs. Jack Heed the floating prize. The room of the Shockley home was artistically decorated with nasturtiums and roses and those enjoying the afternoon were:

Mrs. Charles Bell, Mrs. Roy Feltner, Mrs. Heber Weller, Mrs. C. L. Johnson, Mrs. H. M. Johnson, Mrs. George Scott McKnight, Mrs. Harry McKinnon, Mrs. L. Taylor, Mrs. Roland Drott, Mrs. J. B. Hart, Mrs. Jack Heed, Mrs. Ed Smith and the hostess.

Mary Lou Hansen Celebrates Birthday

Little Mary Lou Hansen, daughter of Mr. and Mrs. A. P. Hansen, celebrated her third birthday anniversary Wednesday at the home of her parents on Butler avenue. Candy of various kinds were the favors and Mrs. Hansen served ice cream and cake to the little guests and was assisted by Miss Doris Williams and several of the mother's nieces. The party was enjoyed and Mary Lou received a number of gifts from her little friends.

Those helping Mary Lou enjoyed the afternoon were: John L. Deleaga, Jr., Bill Beckett, Jr., George Stallagannis, Mary Stellegannis, Dorothy Hansen, Jan Sarraat, Marjorie Wells and Betty Jo Wells.

Visitor Celebrates Her 81st Birthday

Honoring Mrs. Sarah J. Adams of Chattanooga, Tenn., on her 81st birthday anniversary Mrs. A. P. Hansen entertained Monday afternoon at her home on Butler street. Cut flowers were prominent in the decorations and the honoree was the recipient of a number of appropriate gifts. The hostess served punch and cookies to her guests who were:

Mrs. Olive Armstrong, Mrs. Ernest Armstrong, Mrs. Theo. Weisheyer, Mrs. M. G. Rheubar, Mrs. Ray Wells, Mrs. Ardas Cox, Mrs. B. T. Cox, Mrs. Macartha Weisheyer, Mrs. George Schumaker and the honoree.

Sachsenmaier-Wever Wedding Saturday

Miss Barbara Wever and Willard Sachsenmaier were quietly married in Tampa Saturday by Rev. Nance of the Christian church, the single ring ceremony being performed. They were accompanied from here by the bride's sister, Miss Gwendolyn Wever. The bride was attired in a dark blue suit with white accessories.

Mrs. Sachsenmaier is the eldest daughter of Mr. and Mrs. E. C. Wever of this city and the groom is the son of Mr. and Mrs. Henry F. Sachsenmaier of Philadelphia, Pa. and Avon Park. The young couple will live at the Pine Crest Lakes hotel.

Mrs. Lanier Hostess To Wednesday Club

The Wednesday afternoon bridge club met this week with Mrs. C. E. Lanier at her home on the Sebring road. Various garden flowers were prettily used in the decorations. Mrs. Paul Rumpha held high honors for the afternoon's play and Mrs. E. W. Hart second high. Mrs. Lanier served up-side-down cake with coffee to her guests who were:

Mrs. E. G. Todd, Mrs. Wilfred T. Coates, Mrs. W. D. Dorniney, Mrs. T. A. McNichols, Mrs. Demos Mandis, Mrs. Nickolas, Mrs. N. H. Trent, Mrs. Paul Rumpus, Mrs. E. W. Hart, Mrs. Leonard Teck and Mrs. C. M. Touchton.

Mr. and Mrs. Peden Entertain Club

The Thursday evening bridge club met this week at the home of Mr. and Mrs. Fred Peden. Calendars were featured in the decorations and a sweet course was served the guests of the evening. Mr. and Mrs. Raymond Dilley held high score and Mr. and Mrs. John Hood second high. Enjoying the evening were:

Mrs. Floyd Johnson, Mrs. J. E. Spencer, Mr. and Mrs. Irving Ford, Mr. and Mrs. Briscoe, Mrs. L. and Mrs. C. L. Johnson, Mr. and Mrs. John Hood, Mr. and Mrs. Raymond Dilley, Mr. and Mrs. Milford Dilley and the host and hostess.

Circle Two Met With Mrs. Wever

Mrs. E. C. Wever entertained the members of Circle Two of the Baptist Missionary Society on Monday afternoon at her home on Tulane Lake. Mrs. W. A. Davison taught the lesson on the great women in the Bible. Those present for the afternoon were: Mrs. W. A. Davison, Mrs. Johnson, Mrs. W. W. McFarland, Mrs. T. J. McGinnis, Mrs. D. H. Bowman, Mrs. H. L. Bishop, Mrs. J. B. Coen, S. H. Bishop, Mrs. H. A. Vickery, Miss Ben-Nett, Mrs. J. L. Collins and the hostess.

Mrs. Noland Hostess To Circle One

Circle One of the Baptist Missionary Society met Monday afternoon with Mrs. C. D. Noland. Mrs. J. B. Coen, Jr., taught the lesson entitled "On the Border." Those present were: Mrs. W. G. Touchton, Mrs. Ben Fussell, Mrs. J. B. Coen, Jr., Mrs. Loys Frink, Mrs. Otto Skipper, Mrs. J. B. Sherman, Mrs. I. H. Ford, Mrs. S. J. Pendleton, Mrs. Seybert, Mrs. B. P. Martin and the hostess.

Mrs. E. T. Furr and children Barbara and Virginia, Mrs. Black and Miss Caroline Sullivan were visiting in Sarasota Wednesday.

Mr. and Mrs. R. V. Covington of Jacksonville, Mrs. Jennie Covington Edwards of Washington, S. C. and Dr. and Mrs. F. B. Hunsinger of McKeesport, Pa., arrived Thursday for a visit with Mayor and Mrs. M. E. Covington.

Births—

Mr. and Mrs. M. V. Pilcher are the parents of a son and heir, born February 25. The young man weighed eight pounds and both he and his mother are progressing nicely. He has been named John Cardwell.

Mr. and Mrs. Harry Lee are the parents of a daughter, born Monday, February 25. The little lady weighed eight pounds and both she and her mother are progressing very well.

Harry Brodes of Sebring was a visitor here today.

Miss Almaroe Hart was a visitor in Wauchula Saturday.

Lefty Brown of Cleveland was a visitor here Sunday.

Sam Dimberline of Sebring was a business visitor here Tuesday.

Mrs. Irving Morgan of Okeechobee was visiting here Monday.

Mrs. Jack Sawyer of Sebring was a visitor here Tuesday.

Mr. and Mrs. Ray Wells spent Sunday in Lakeland.

Miss Latell Carter of Haines City spent the weekend with Mrs. Haney.

Herman Harrook, Ed Stephenson and Buddy Smith of Sebring were visiting here Wednesday.

Mrs. Lucille Camper and Mrs. H. A. Latham were visiting in Sebring Wednesday.

Mr. and Mrs. W. D. Dorniney and Mrs. Stuart Thayer were visiting in Tampa Tuesday.

Mrs. Vertna Morris of Birmingham, Ala., is visiting her brother, W. H. Redlick, and family.

THE MAJOR UNDER

By Harold Titus

THE STORY

Ben Elliott— from "Yonder"— makes his entry into the lumbering town of Tincup, bringing an old man, Don Stuart, who is eager to reach Tincup. Nicholas Brandon, the town's long-drawn, seersucker, is trying to force him to leave town and Elliott, resenting the act, knocks him down. Judge Able Armistead hires Ben to run the one lumber camp, the Host Owl, that Brandon has been able to grab. This belongs to Dave Don Stuart, daughter of Brandon's old partner, who has disappeared with a murder charge hanging over his head. Brandon sends his bully, Duval, to beat up Ben, but Ben throws him out of camp. Old Don Stuart dies, leaving a letter for Elliott, "to be used when the going becomes too tough." Ben refuses to read it at the time, believing he can win the fight by his own efforts. Ben, subdued, is found to have been started with gasoline. The Host Owl goes to offer an offer of money for a man that will provide money to take it over. But there is a definite time limit on the offer. Ben discovers Dawn McManus is not a child, as he had supposed, but a young woman. The railroad bridge over which the Host Owl lumber must pass, is blown up.

CHAPTER VII—Continued

Ben threw more coal into the fire, looked at the water gauge, showed the reverse lever toward the corner and opened the throttle. The little old locomotive gave a sharp, an almost startled, and involuntary released their power, sending from its stack a great puff of cumulous vapor into the still morning air. The drivers spun and shot as a rapid series of exhaust coughs. He shut off; opened again, and this time the steam could purchase. The slack came, the cars moved and, journals squealing, clanking and stuttering, they broke over to the down grade.

Elliott had her wide open, now, and the leads, on that grade, ran easily despite the blinding cold in their journals. The engine and pit of the engine were beyond belief. It seemed as though its weight must carry the light steel from its spikes as the car came to the end of the strain first one way and then the other.

The curve at the trestle's approach rushed up the valley toward him and through Elliott's mind swam all manner of misgivings. It seemed at the moment that if by any freak chance the wheels should stay on the rails, then those rails must surely give before the strain that the train's light might stand on as it took that curve. He threw on quick glance backward to see Tim Jeffers crouched on his high perch as a circus rider might stand on his boldly galloping steed. The old man chewed briskly and, as he caught a flash of Ben's face, spit and made one impressive gesture with a mittened hand, bidding the younger man get outside.

Ben had done all that he could do to the cab. Nothing within his power would be of avail if they left the track and, inside, he would have no chance at all should the wild run come to its end at the smoking waters of the river.

And so, backed into the gangway between tank and engine and slid down to the step, clinging to the hand rails, staring ahead, ready to let go if the worst, and the high possibility, happened.

The curve was there, the length of their locomotive ahead. . . . The trucks took it with a screech and a bounce and a grind. She lurched sharply and Ben thought he felt her slipping, sliding, the step beneath his feet rising as the force that drove them off at a tangent cut and seared itself. . . . He swung far out, to give her that much more balance, and they were straining out with the load thundering and clanking and leaping behind and he breathed deeply, realizing that for the interval his lungs had not functioned.

And now they charged at the bridge, at that rough, raw expanse of Host Owl. The engine bounced and quivered and seemed to stumble as she took the newly laid track. But she slammed back to balance and her two chuffs and Ben felt that they were over and charging the rise beyond!

Ben clambered back into the cab and tapped at a legend on the wall because it would not open when he strained as though by his very nature to help the machinery meet that demand upon it. He felt the little locomotive breathe the race; he swung into that hill with the exhaust roaring at it, he felt the rusted, buried steel of the spot candles and smoke billow from the leading pinks enveloped

Elliott, curling about him, shutting off his time. They were slowing, off the exhaust had dropped now to a sharp pausing.

They were half-way up before he touched the reserve lever. He let it down slowly, a notch at a time, using every last inch of the momentum he had gained. Up now, three-quarters of the way. Ben could see the rails on the bit of level going at the top. Up another train's length, slowing with each foot gained. Afar off, across the snow-blanketed country, a plume of white vapor trailed a break in the forests. That was the local, crossing the river, swinging in toward his sliding.

"Go it, girl! Go it, girl!" he yelled at the engine, swinging one fast. She shored her nose over the crest, seeming to wave it from above as she passed. Her drivers slipped and spun a half turn; caught on and held. She began a stuttering, dying puff. The sound was wild. She seemed to stop. . . . and cleared her cylinders with a sharp belching.

She was on top. Her last breath had turned the trick.

"Hold it! Hold it! Hold it!"

The first car gained the crest. The locomotive was on the down grade, now; the second car coming across the peak. The third car tumbled over the top and Tim Jeffers

Half a Mile Down the Track the Local Pulled in Toward Him

Ben Elliott, curling about him, shutting off his time. They were slowing, off the exhaust had dropped now to a sharp pausing. They were half-way up before he touched the reserve lever. He let it down slowly, a notch at a time, using every last inch of the momentum he had gained. Up now, three-quarters of the way. Ben could see the rails on the bit of level going at the top. She was on top. Her last breath had turned the trick. "Hold it! Hold it! Hold it!" The first car gained the crest. The locomotive was on the down grade, now; the second car coming across the peak. The third car tumbled over the top and Tim Jeffers

Half a Mile Down the Track the Local Pulled in Toward Him

headed man sat near the stove in a small hotel and heard the story of what was happening in distant Tincup.

"Know him?" another listener asked the narrator.

"Not the kid. I know Brandon, 'nd I know Tim Jeffers. Top load for him three winters ago. But there's a lot of scrap on and . . . gosh! but I like scraps."

"Mean you're pulling for Tim?"

"I'll say I am!"

The bearded man cleared his throat.

"I think, then, that the kid's got a chance of making it against Brandon?" he asked.

"If sure looks as if he had a chance. With old Tincup stamping boys hitting back for their stamping grounds his chances are getting better. Ever been in Tincup, Martin?"

The other closed the blade of his pocket knife and pulled at the bit of his left cuff with his hand.

"I've heard of the place," he said quietly.

"Better hold your turkey and come along with me. I likely he could find a place for a good book-keeper."

The man smiled oddly but made no other response.

In far flung camps and mill towns the story was being repeated, just such a thing as leaving jobs and turning their faces toward Tincup, known through the Lake states for the tyranny that Nicholas Brandon

Ben, sitting with his feet on Able's desk in the justice's office, looked across at so many years of the latest developments on the job.

"Sixty-four men in camp this morning," he said. "Over thirty of 'em new and the best looking bunch of fellows I've seen since I was a kid."

Able glanced at a letter he had just holding.

"So Brandon wants to amuse you, does he?"

"Yes, he's been awfully kind to me, always. Of course, I know that and a lot of people think he's after the Host Owl and the lumber business all right, but they can prove nothing. He was so good to me when I was little and talks to me now like a son."

"Nothing, Able?" All I had to show was what we were doing. They can't lose with the lumber business, can they?"

"Unless Brandon finds a way. You've got to watch every loop-hole, Benny. And you've got to watch for one man in a crowd."

"Oh, it's not that bad. Things are straightening out. Tim's a wonder; Butler isn't missing a bet. ought to keep right on doing so."

Ben rose to go and, as he stepped, the door opened and Dawn McManus came in out of the light falling snow.

"Oh?" she cried in surprise. It was the first time she had seen Ben since he had taken the venerable logs on their mad ride to save the Host Owl from immediate incineration.

"Come in, Dawn," said Able, rising.

And Elliott said: "If you are, it's nice to be interrupted."

She looked at him and, at first, her eyes held that coolness which was almost hostility but this melted and she smiled.

"You say nice things, Ben Elliott. How can anyone help saying nice things to nice people?"

She made a playful motion as she advanced to Able's desk, thought again that he never had supposed women grew to such loveliness.

It was a moment that Ben Elliott was brief. She and Ben went out together, Dawn on her way home, Ben to finish his errands in town. At the corner where their ways parted they stopped and Dawn hesitated in what she had been saying.

"Then, looking into his face, Ben asked: 'Does Mr. Ben Elliott ever take tea with a young woman? You know, I am beginning to think that I like to talk to you.'"

The house where Dawn lived was the house in which she had been born. A sprawling, white frame structure beneath whispering hemlocks.

"That's As if what other folks think counts!" she looked toward it at Dawn and Ben saw the girl's face change. "It's what I've told Dawn ever since she was little. Ben, that's what you think about your own self that matters; not what anybody else thinks. Well! You two set and I'll get it."

She hurried out and Ben drew up a comfortable chair before the fire.

In the half hour that elapsed before the older woman returned Ben learned much about Dawn McManus. This was her house, her home. Aunt Elna, then a young woman, had been housekeeper, there after Dawn's mother died. She had stayed on, keeping the place up herself by baking, and now that Dawn was home again she was the girl's closest friend and only confidant.

"There are so many people here now who are not. . . . Na, I'll put it the other way: I'm not congenial company for many people in this country. It isn't their fault, it's my own. People have a right to their opinions, of course. Evidence was strong against my father. But he was no killer. He never harmed anyone. His sure of that. When people think of him as alive and a fugitive or dead and disgraced it stings my temper."

"You've heard about my father?"

"Of course."

"Naturally, you would."

They talked, after that, of personal tastes, of the glories of big country, of the limited recreations offered by their homes.

"Just the movies! Now and then there's a dance," the girl said, "but some of the boys seem to want to take me. . . . It is my fault, I like it." She was staring moodily into the fire. "I frighten them away. Mr. Brandon asks me to go to the movies now and then, but I don't know."

"So Brandon wants to amuse you, does he?"

"Yes, he's been awfully kind to me, always. Of course, I know that and a lot of people think he's after the Host Owl and the lumber business all right, but they can prove nothing. He was so good to me when I was little and talks to me now like a son."

"Nothing, Able?" All I had to show was what we were doing. They can't lose with the lumber business, can they?"

"Unless Brandon finds a way. You've got to watch every loop-hole, Benny. And you've got to watch for one man in a crowd."

"Oh, it's not that bad. Things are straightening out. Tim's a wonder; Butler isn't missing a bet. ought to keep right on doing so."

Ben rose to go and, as he stepped, the door opened and Dawn McManus came in out of the light falling snow.

"Oh?" she cried in surprise. It was the first time she had seen Ben since he had taken the venerable logs on their mad ride to save the Host Owl from immediate incineration.

"Come in, Dawn," said Able, rising.

And Elliott said: "If you are, it's nice to be interrupted."

She looked at him and, at first, her eyes held that coolness which was almost hostility but this melted and she smiled.

"You say nice things, Ben Elliott. How can anyone help saying nice things to nice people?"

She made a playful motion as she advanced to Able's desk, thought again that he never had supposed women grew to such loveliness.

It was a moment that Ben Elliott was brief. She and Ben went out together, Dawn on her way home, Ben to finish his errands in town. At the corner where their ways parted they stopped and Dawn hesitated in what she had been saying.

"Then, looking into his face, Ben asked: 'Does Mr. Ben Elliott ever take tea with a young woman? You know, I am beginning to think that I like to talk to you.'"

The house where Dawn lived was the house in which she had been born. A sprawling, white frame structure beneath whispering hemlocks.

The fire door of baking bread generated the place and as they entered Dawn lifted her voice in a light call.

"Oh-ho, Aunt Elna!"

Sounds came from the rear; a door opened and closed, and then another door opened which gave into the room where they stood, and a couple of women in a checked apron, her face flushed as by a hot bath, entered hastily.

"Yes, I'm stopping in, stopping in, stopping in."

"Aunt Elna, this is Mr. Elliott. 'How do you do?' Her voice was full and deep, like a man's. 'I've seen you, young man, and if I was a hand to say what most folks say I'd tell you that I feel like we're old friends.' She shook hands only. 'You're a big young fellow, Ben Elliott.'—saying him up and down."

Dawn laughed again as she drew off her coat.

"Don't you tell a word, Aunt Elna. The boys are going to have a real if they might think he was too much civilized for them."

Tulip Has Won Popular Favor

By GRANDMOTHER CLARK

The tulip adapts itself so well to applique and quilting designs that it is made use of quite frequently. This combination, showing the entire pointed plant, gained popularity immediately after it was released. Tulips in bloom always form a beautiful color scheme, and this tulip pot is also brilliant in prints and green and disarranged it stings my temper."

"You've heard about my father?"

"Of course."

"Naturally, you would."

They talked, after that, of personal tastes, of the glories of big country, of the limited recreations offered by their homes.

"Just the movies! Now and then there's a dance," the girl said, "but some of the boys seem to want to take me. . . . It is my fault, I like it." She was staring moodily into the fire. "I frighten them away. Mr. Brandon asks me to go to the movies now and then, but I don't know."

"So Brandon wants to amuse you, does he?"

"Yes, he's been awfully kind to me, always. Of course, I know that and a lot of people think he's after the Host Owl and the lumber business all right, but they can prove nothing. He was so good to me when I was little and talks to me now like a son."

"Nothing, Able?" All I had to show was what we were doing. They can't lose with the lumber business, can they?"

"Unless Brandon finds a way. You've got to watch every loop-hole, Benny. And you've got to watch for one man in a crowd."

"Oh, it's not that bad. Things are straightening out. Tim's a wonder; Butler isn't missing a bet. ought to keep right on doing so."

Ben rose to go and, as he stepped, the door opened and Dawn McManus came in out of the light falling snow.

"Oh?" she cried in surprise. It was the first time she had seen Ben since he had taken the venerable logs on their mad ride to save the Host Owl from immediate incineration.

"Come in, Dawn," said Able, rising.

And Elliott said: "If you are, it's nice to be interrupted."

She looked at him and, at first, her eyes held that coolness which was almost hostility but this melted and she smiled.

"You say nice things, Ben Elliott. How can anyone help saying nice things to nice people?"

She made a playful motion as she advanced to Able's desk, thought again that he never had supposed women grew to such loveliness.

It was a moment that Ben Elliott was brief. She and Ben went out together, Dawn on her way home, Ben to finish his errands in town. At the corner where their ways parted they stopped and Dawn hesitated in what she had been saying.

'You're a big young fellow, Ben Elliott.'—saying him up and down."

Dawn laughed again as she drew off her coat.

"Don't you tell a word, Aunt Elna. The boys are going to have a real if they might think he was too much civilized for them."

TOO MUCH FOOD

They had not seen each other for 18 months. . . . But, the shorter of the two, asked, "How's the world treating you these days?"

"Hotten," was the reply. "People are becoming too distrustful. I have not had a penny in my pocket for a week. I go up to a fellow who looks likely, and ask him if he could give me the price of a meal. What does he do? Instead of slipping a coin into my hand, he takes me round to a cafe and watches me eat the meal."

"What are you growing about, then?" asked Bill. "If you get me, you stop this complaining."

"Can't I?" replied the other. "I've had nine meals today!"—Smith's Weekly.

Always Paying. Jerry—They certainly didn't want much at the seashore last summer. Rufus—The price represents no economy. My wife's coat of sunburn cost me over \$250.

The tulip adapts itself so well to applique and quilting designs that it is made use of quite frequently. This combination, showing the entire pointed plant, gained popularity immediately after it was released. Tulips in bloom always form a beautiful color scheme, and this tulip pot is also brilliant in prints and green and disarranged it stings my temper."

"You've heard about my father?"

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs the most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the dose the next morning. How do Calotabs help Nature throw off a cold? First, Calotabs are one of the most thorough and dependable of all intestinal eliminators, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the blood. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in

Mrs. and Mrs. Fred Stevens and guest M. A. Kipp of Pittsburgh, Pa. spent Sunday with Mr. and Mrs. Samuel Kipp in Orlando and report Mr. Kipp is convalescing from his recent illness.

THE MASTERPIECE OF
TIRE CONSTRUCTION

THE Safest TIRES EVER BUILT

NOT long ago most any tire would give good service, but not today. As cars have been getting faster and brakes more powerful, wheel sizes have been getting smaller. All of this has combined to increase the strain on tires.

Too many accidents are caused by tires that cannot stand the terrific stresses of fast driving and blow out, or that cannot grip the road and skid.

Firestone has added 44% more rubber in the tread of the tire. Just think what this means to car owners in Non-Skid Safety.

Firestone has also overcome the cause of blowouts—thus ending this

menace to tire safety—by building tires which would run cooler at high speeds. This was done by Gum-Dipping.

Gum-Dipping is a patented Firestone process which carries blowout protection into the very heart of the cord and adds eight pounds of rubber to every hundred pounds of cord fabric.

Every car owner today needs all the Blowout Protection and Non-Skid Safety he can get. Because Firestone tires give you more of both—we believe they are the safest tires ever built.
