

POLITICAL Announcements

FOR SHERIFF

I hereby announce my candidacy for the office of Sheriff of Highlands County, subject to the Democratic primary on June 2, 1936. If elected I promise to conduct the office as economically as possible, consistent with good law-enforcement. Your help and vote will be appreciated.

RAY J. RUTHERFORD.

FOR TAX ASSESSOR

I wish to announce myself as a candidate for nomination to the office of TAX ASSESSOR of Highlands County, subject to the will of the Democratic voters at the primary election to be held Tuesday, June 2nd, 1936.

"P. G." GEARING.

FOR COUNTY JUDGE

I hereby announce my candidacy for the office of Judge of the County Judge's Court of Highlands County, subject to the Democratic Primary, June 1936.

Your support will be appreciated.

SELWYN IVES

FOR REPRESENTATIVE TO THE VOTERS OF HIGHLANDS COUNTY:

I hereby announce myself a candidate for election to the office of Representative for Highlands County in the Legislature.

If nominated and elected I shall serve the People of Highlands County and the State of Florida fairly and squarely according to the majority wishes and mandates of the people.

Dr. A. T. EIDE.

FOR SHERIFF

I hereby announce my candidacy for the office of Sheriff of Highlands County, Florida for a second term, subject to the Democratic Primary election, Tuesday, June 2, 1936. I solicit your support in my behalf.

DOYLE SCHUMACHER.

FOR STATE SENATOR TWENTY-SEVENTH DISTRICT

I wish to announce my candidacy for the office of State Senator from this the 27th district, comprising Glades, Highlands, Hardee and DeSoto Counties, subject to the Democratic primaries in June.

I believe that I am qualified to serve in this important office and if elected will work to the best interest of the entire district.

Your vote and support will be appreciated.

MOORE HAVEN.

FOR SHERIFF

I hereby announce my candidacy for the office of Sheriff of Highlands County, subject to the Democratic primary, June 2, 1936. If elected, I will serve the public impartially and to the best of my ability. Your vote and support will be appreciated.

RUDY ASHTON.

FOR COUNTY ATTORNEY

I announce my candidacy for nomination as County Attorney, subject to the Democratic Primary election to be held in June, 1936. If satisfied with my services as present County Attorney, then keep me in that office. I have had 25 years experience with criminal law, including four years as State Attorney, 19th Circuit of Florida.

M. R. McDONALD.

FOR STATE SENATOR

In announcing for reelection to the office of State Senator of the 27th District, I realize fully the Economic criticism that thrust at any Public official, demands are heavy and expectations great. I do think that when the voting men and women of the District count fully what they have received and how fully I have cooperated with the people and every functioning Board in the entire District they will appreciate the fact that they have and will be amply taken care of in the Senate of Florida.

Thanking you for past support and assuring you that I will appreciate your support and vote in the approaching Primary, I am,

Respectfully,

H. G. MURPHY.

FOR REPRESENTATIVE

I am a candidate for nomination to the office of Representative from Highlands County, subject to the Democratic Primary, June 2, 1936. I will appreciate your vote and support.

P. L. VINSON.

FOR TAX ASSESSOR

I am a candidate for the office of Tax Assessor in and for Highlands County, subject to the Democratic Primary to be held June 2nd, 1936. I feel that I am qualified to hold the office and if elected will give each and every property owner fair and equal consideration.

H. A. LATHAM.

FOR COUNTY JUDGE

I hereby announce my intention to stand for election to the office of Judge of the County Judge's Court of Highlands County, in the County primary election of the Democratic party to be held June 2, 1936. I respectfully ask your consideration of my candidacy, and will appreciate your support.

DISCUSS NEW MARKET PLANS IN CITRUS HERE

Meeting Called For High
School Auditorium
Monday Evening

The proposed marketing agreement for the Florida citrus industry will be explained to growers in a series of meetings to be held during the week of March 23. It was announced today by County Agent L. H. Almesyer. Representatives of the State Agricultural Extension Service in Gainesville and the Agricultural Adjustment Administration in Washington will be present to outline the provision of the plan and to answer questions concerning it.

The schedule for Highlands County, as announced by County Agent Almesyer, includes the following: High School Auditorium, Lake Placid, 2:30 p. m. March 23. High School, Avon Park, 8 p. m. March 23.

The proposed citrus marketing agreement, requested by the industry in February, has been tentatively approved by the Secretary of Agriculture and must be approved by 87 per cent of the growers and must be signed by a majority of the shippers before it becomes effective. It would cover the remainder of the 1935-36 season, and the entire 1936-37 season, unless sooner terminated by the Secretary of Agriculture.

The growers' referendum vote will be taken under the supervision of county agents and local committees during the week of March 23, and growers who are unable to attend any meeting will be able to vote anytime before 5 p. m. Tuesday, March 31.

At the time they vote, growers will be asked to state the number of boxes of oranges, grapefruit and tangerines marketed during the 1934-35 season, and number of boxes of each which they shipped through a cooperative marketing organization.

Control Committee to administer the agreement would consist of the 11 members who compose the Florida Citrus Growers' Association.

Under this proposed program, shipments of oranges, grapefruit and tangerines grown in the State of Florida which are moved in interstate commerce and to Canada could be regulated during weekly periods so as to prevent depressed prices which may result from excessive supplies in the out-of-state markets.

The Control Committee would have the power to recommend establishment of shipping periods, or periods of regulation of grades and sizes for fruit shipped, and to cooperate with the Secretary of Agriculture in development of plans for diversion of surplus fruit.

Handlers would be required to pay to the Control Committee 1/2 cent per standard box shipped from the time the program becomes effective to September 1, 1936, and 1/4 cent per box thereafter. This amount would be increased or decreased as found necessary.

In general, the marketing agreement is designed to improve marketing conditions and increase returns for an industry from which approximately 50,000 growers derive their income. The annual value of the Florida citrus crop accounts for over 90 per cent of this state's farm income from fruit and nut production, and nearly 80 per cent of the total income from all principal crops produced there. In recent years the income from the citrus crop has been declining while production has been increasing. For the five years ending 1935-36 the total 1935-36 value of the Florida citrus crop averaged \$20,000,000, and declined to an average of about \$18,000,000 during the last five years. The farm value of last season's crop was approximately \$22,000,000. The average annual production of the citrus crop has increased from 50,000,000 boxes for the five years ending 1934-35.

It is hoped that a large number of growers will attend the meeting Monday evening at the high school auditorium and that the plan of the proposed program will be explained to them in detail. The meeting will be held at the high school auditorium of the first high school in the county, Tuesday, March 24, 8 p. m.

Baseball Writers Organize Chapter

President George M. Trautman, of the American Association, was host to newspapermen and club officials of the league at Lake Wales on Tuesday at "Chalet Suzanne," where the American Association chapter of the Baseball Writers Association of America was organized. Bruce Dudley, sports editor of the Louisville Courier-Journal, was elected president, and Frank Cooley, Columbus Dispatch scribe, was elected secretary.

The chapter will promote an annual all-star game, starting this summer. Eighteen more Columbus players will arrive in Avon Park Saturday night from Bartow, where they have been training, and the Rochester players that have been at Avon Park will go to Bartow.

Al Cucuello, second baseman, and Al Spohrer, veteran catcher purchased from Boston Bees, are Red Bird holdouts.

CANDIDATE FOR STATE OFFICE SPEAKS HERE

Getzen Seeks Election To The
Office of State
Treasurer

Speaking to a small crowd on the Mall Monday afternoon, Samuel W. Getzen, member of the Legislature from Suwannee County, and former State Senator, made an appeal in behalf of his candidacy for State Treasurer.

He was introduced by S. C. Pardee, city attorney. Mr. Getzen based his claim for the office on his legislative record as a champion of the common schools, the home owner and taxpayer, the farmers and citrus growers, for greater freedom for women, and as an advocate of "Florida First" in everything.

Mr. Getzen claimed distinction of having introduced every piece of major school legislation since he became a member of the Legislature thirteen years ago. "I have fought for the betterment of the common schools, for prompt payment of teachers' salaries, and for teachers' pensions. I have fought for the teaching unit system, for free school books and for scholarships, and for placing appropriations to common schools upon parity with other governmental departments and for larger appropriations for them. I have fought for the qualification act for teachers. I have opposed illegal transfer of the sacred school funds to the general revenue fund in violation of our Constitution. As a member of the State Board of Education I shall always work for the betterment of the school system, and for better salaries to teachers."

"I stand in passage of the law permitting the State Road Department, at the request of the Board of County Commissioners, to take over and free the State Road Department of the maintenance of the roads. As Insurance Commissioner I will rigidly enforce all insurance laws for the complete protection of holders of insurance policies. I have fought for the assistance to distressed counties and municipalities. I shall neither vote to transfer State lands or other properties or assets to any state official, nor shall I ever acquire them for myself," he said.

"I am a farmer and a citrus grower and know their problems. I have always voted for the betterment of farming and the citrus industry. I have fought to lift some of the taxes from their tax-burdened shoulders."

More Publicity For Avon Park

Recordings of talks by Col. Chas. R. Head, Mayor M. R. Covington and C. E. Crabtree, president of the Avon Park Association, and they will be broadcast over the radio from Columbus, O., at an early date. Fighting and hunting and the citrus industry were touched on and Avon Park is expected to receive some valuable publicity.

COMMISSIONERS ASKED NOT TO STOP SEINING

Reducing Number of Con-
stables in County Also
Discussed at Meeting

The advisability of reducing the number of justices of the peace and constables in Highlands county was discussed by the county commissioners at their meeting Tuesday. The question of cost was raised and if it would be a saving to the taxpayers to reduce the number. According to the state constitution, as revised by County Attorney M. R. McDonald, the commissioners may divide the county into not less than two districts and it was stated that the sentiment of the public is the least number of justices and constables the better. The board took no definite action and it is expected it will be discussed again at the next meeting.

Capt. W. R. Maynard requested the commissioners not to close Lake Istokopga to seining as he claimed many families depend on it for a living and would be destitute if prohibited from seining. Mr. Ewing supported Capt. Maynard in his contention and added that seining is good for the bass and there are now more of these fish in the lake than for the past several years. He attributed this to the fact that catfish and other predatory fish are being caught and eaten, thereby protecting the bass. Mr. Stevens protested against a closed season for hook and line fishing. The board took no action.

P. A. Naylor, Sebring attorney, presented a resolution on behalf of Major E. E. Barton, whereby the county would settle a mandamus action brought by Barton on bonds and coupons for 90 cents on the dollar. The amount of bonds and coupons involved is \$1,145.00 and the board passed the resolution. They also approved similar resolutions on mandamus actions brought against county by L. E. Burnett and Jno. W. Pelet, both of Miami.

The board decided to send a delegation to Orlando to meet with the state road department on March 23. They also approved a resolution submitted by the Miami Chamber of Commerce, asking the department to complete road 26 from Miami to Ocala, and to connect with the ridge section.

Poor Fight Show At Armory Thursday

Avon Park fight fans were somewhat discouraged and disappointed as a result of the poor exhibition of fighting at the Armory Thursday.

The main bout brought together "Lefty" Merrivale, 145 pounds of Avon Park, and "East" Sam Sullivan, 144 pound smoke-eater from the CCC camp at Sebring.

Their fourth round scrap was full of lively fighting, but Merrivale outpointed his opponent and was given the judges' nod.

In the semi-final, Clarence Wild, 160 pound middleweight of Avon Park, and Elmer Hill, 160 pounds, of Tampa battled to a draw in their third round affair.

The preliminaries were not without color either. Willie Jones, 147 pounds, of St. Augustine and Tommy Lee, 156, of Avon Park, both boys of ebony hue and from across the railroad tracks, were billed for three rounds. Jones was awarded a technical knockout when Lee failed to answer the bell for the third.

"Speedy Red," 130, of Avon Park, fought "Beats" Brown, 125, of Lake Wales, both colored boys, were matched for three rounds. Red won a close judges' decision.

A battle royal preceded the main bout, which brought five, blindfolded negro boys into the ring. They provided the fans with plenty of excitement and action.

The fight, in the future, will be a regular event each Thursday evening at 8:30 p. m. at the Armory.

Seeks Re-election

Commissioner J. M. Lee, Jr., Avon Park attorney, who is seeking re-election at State office on his record.

COL. LEE ANNOUNCES FOR COMPTROLLER

Former Citizen of Highlands
Seeks Re-election On
His Record

Tallahassee, March 19.—(FNS)—With the job of raising the unprecedented sum of \$39,000,000 to insure payment of salaries for Florida's school teachers practically completed in spite of failure of the state tax to produce available funds, State Comptroller J. M. Lee, today took time out long enough to ask Florida Democrats to give him a second term at the helm of the State's fiscal structure.

Striking boldly—just as he has through three years of financial stringency that have seen his efforts rewarded by his party's defeat, full payment of more than a million dollars of old bills and the state now discounting its current bills at 12 per cent.

Terely, his announcement renews the pledges of that campaign four years ago—pledges that have witnessed a performance record startling in this age of politics when platforms are usually made to ride into office and then be abandoned.

Comptroller Lee's announcement follows: "To the Democrats of Florida: Based upon the manner in which I have fulfilled my platform pledges of 1932 and the official record of accomplishment and services rendered as such official, I hereby announce my candidacy for a second term as your comptroller, subject to the Democratic primary. If elected, I shall continue to serve in the same impartial and aggressive manner."

The comptroller stated he plans an aggressive campaign—taking the stump shortly after the first of the month to meet Florida Democrats face to face for an accounting of his stewardship.

"And I do not intend to use the offices of the state for this campaign," he added when asked about plans. "Already my friends have rented headquarters outside the capital building where they will in the near future open our political headquarters and from which they will conduct the campaign and carry on the work necessary and incident to the campaign."

Comptroller Lee is a native of Irwin County, Georgia, where he was reared, educated and first entered politics, serving county commissioner and Ordinary, equivalent to a county judge in Florida. Moving to Avon Park in 1923 he served as county attorney and prosecutor for eight years. He was a member of the state legislature in 1927, 1929 and 1931 where he introduced and carried over 100 new and additional tax proposals.

Former Resident Died in Georgia

John Gayford, former resident of Avon Park, died at Blakely, Ga., last week according to word received here. Burial was in the local cemetery and he is survived by a brother, Robert Gayford.

BOSTON TOPS CITRUS MARKET LAST WEEK

Florida Fruit Stays Steady
Despite Heavy Shipments
From California

By FLORIDA NEWS SERVICE.
Spring-like weather in Boston early in the week ending March 14, put the Hub city in the spotlight for the best citrus prices of the season, according to the weekly market summary issued by Lawrence Gentile, General Manager of Tree-Good Cooperative Growers.

Shippers were lighter from Florida, while California sent fruit into all auctions heavily, Mr. Gentile said. Prices on Florida fruit remained steady to slightly better while California price levels declined steadily and finally averaged about a box a box considerably lower than last week.

With a return of cold weather throughout the north and the menace of floods in several auction cities, Mr. Gentile said it was hard to predict prices for the coming week. "Florida shippers worked along the right line last week," he said. "They shipped 105 cars less oranges and 40 cars less grapefruit."

"Valencian met with a varied reception last week. The New York market showed signs of life on Friday. Cleveland and St. Louis were the weak spots."

"Large Florida oranges were heavily discounted, while the halos or sizes found a favorable demand and steady prices," Mr. Gentile said.

The tail end of the tangerine market found few cars going north. They met a lively demand and high price levels in their office.

The following summary compares average prices and number of cars shipped for the past two weeks:

For the week ending March 7th, 583 cars of oranges sold at a general average of \$2.35, and 290 cars of grapefruit at \$2.25.

For the week ending March 14th, 478 cars of oranges sold at a general average of \$2.35, and 250 cars of grapefruit at \$2.30.

This comparison shows an increase of 20 cars on oranges for the week ending March 14th, and a gain of 30 cars on grapefruit for 10 less cars.

Florida fruit auction returns on Friday are:

Oranges: Monday, 173 cars, \$2.92 per car; Tuesday, 173 cars, \$2.92; Wednesday, 106 cars, \$2.97; Thursday, 78 cars, \$2.91; Friday, 51 cars, \$2.91.

Grapefruit: Monday, \$2.35 per car; Tuesday, 36 cars, \$2.49; Wednesday, 51 cars, \$2.40; Thursday, 51 cars, \$2.25; Friday, 30 cars, \$2.36.

Huge Alligator Was Killed In Arubuckle Creek Wednesday

Wayne Reed of Dearborn, Mich., accompanied by Kyle Williams as guide shot a 10 foot alligator in Arubuckle Creek Wednesday afternoon.

When first sighted it appeared to be a log floating down the creek but it was found to be an immense alligator. One shot from a .35 calibre automatic rifle stunned the animal and it was apparently dead.

The hunters hauled it into their boat and started home. Freshly it came to life and then a merry time was had with 400 pounds of bone and muscle thrashing around in the boat. It was finally subdued with an ear and brought to Avon Park where it was viewed by a large number of interested parties.

Brother And Sister Meet After 20 Years

Mr. and Mrs. Anthony Poulos and two daughters of San Jose, Cal., met last week in an extended visit with Mr. and Mrs. Alex Stellogeannis and family. Mrs. Stellogeannis is a sister of Mrs. Poulos and this is the first time they have met in 20 years.

New Orange Belt League Proposed

Col. Chas. R. Head has proposed the formation of a New Orange Belt League to be composed of the minor baseball clubs who are training in Florida. The new circuit would come into being next year and is being received very favorably.

According to the plan only the club owners would play exhibition games together, the major league players having no part in them. Under this arrangement, the Columbus Red Birds would only play clubs of their own classification in training here.

Col. Head advanced the idea while attending a meeting of the American Association officials at Lake Wales Tuesday. He was accompanied by C. E. Crabtree and Mr. Trautman. His office, on George M. Trautman, is president of the association.

CARSON ANNOUNCES FOR CLERK OF COURT

Official Who Kept Campaign
Promises Will Seek
Re-election

W. Z. "Tubby" Carson today officially announced his candidacy for re-election to the office of Clerk of the Circuit Court of Highlands County, subject to the Democratic primary on June 2, 1936.

He made his first race for political office in 1932, but due to a legal technicality was barred from the work in his office. He ran as an independent Democratic in the general election in November, his name was written on the ticket and he beat L. T. Farmer by 90 votes. His election was upheld by the courts following some legal squabbles.

He made two campaign promises. The first was to reduce recording fees and the second was not to employ any relatives in his office. He has kept both promises. Although the legislature has passed laws which have materially improved the work in his office, he has conducted it efficiently and on a business-like basis.

Mr. Carson claims the distinction of being one of five clerks in the state who have succeeded in obtaining a Federal relief project for the copying and indexing of damaged records. He supervised this work himself without cost to the taxpayers.

He also assisted in negotiations which resulted in reducing a prospective mileage of 163 miles to nearly half that amount. The high mileage was being forced by management records. He supervised this work himself without cost to the taxpayers.

Although the Federal relief project and other projects have enabled him to continue his work, he has given good service at all times.

O. C. Cothran Gets Both Legs Broken Wednesday Morning

O. C. Cothran received compound fractures to both legs Wednesday morning when the truck on which he was riding backed into a parked car in the rear. Cothran was picked up for the American Fruit Growers in the Hauptmann grove and was riding on a truck driven by Jesse Edwards. He was riding with his feet hanging over the rear of the truck when the truck stopped and then backed up into it in between two rows of trees.

The truck was being followed by a car operated by Garville Wells, who was the speaker at the Rotary Club luncheon Wednesday noon at the Jacaranda Hotel. He took the place of Judge Anderson, also of Jacksonville, who was on the program but was unable to appear. Rev. Sale spoke on "Crime and Criminals."

Visitors were Alfred B. Gwiler of Washington, D. C., Charles Madeira of Bradford, Conn., Selwyn Trevelyan, J. M. Stephenson of Sebring, A. M. Tucker of Sebring, Fred Patterson of Avon Park, the guest of Stuart Thayer, and others.

Coast Line Boosts The Training Camps

Believed to be the first railroad to advertise baseball training camps, the Atlantic Coast Line Railroad, in a recent issue of The Sportsman, carried a large advertisement listing all the baseball training camps in Florida. The American and National League teams are all listed, including the Columbus Red Birds here in Avon Park.

COUNCIL O. K.'S TENTATIVE PLAN FOR REFUNDING

Plan Calls For Refunding
At Par With Low
Interest Rate

Preliminary action looking towards a settlement of Avon Park's bonded indebtedness was taken by the city council Tuesday evening at their regular meeting. G. C. Hunter of St. Cloud and who handled his own town's refunding very successfully, submitted a tentative proposal to the council here and it was approved following some brief discussion.

According to the plan the total debt would be refunded at par but the interest rates would be considerably lower, and the city could buy bonds in the open market at the current prices. It is anticipated by the plan that a total millage of 30 would be enough to carry for operating expenses and for debt service.

The interest would start at one percent and be graduated up over a term of years.

Mr. Hunter was authorized to proceed with the plan and contact bond holders to get their reaction, provided the contract regarding compensation is satisfactory to council.

Damage to city streets due to building operations was discussed and the motion made that in future before any building permits are issued, attention must be called to any likely damage to city property and provision made to effect repairs by the party taking out the permit.

Attention was called to the intersection at Bell street and Central avenue and as Bell street is now a through thoroughfare, if truck traffic the stop sign were ordered changed so that traffic stop on Central avenue before crossing the intersection.

Shrine Official To Visit Tampa Soon

Tampa, March 19.—(FNS)—Tampa Shriners are planning an elaborate entertainment program for Wednesday, March 25th, when the Shrine of the Builders of North America, Leonard P. Stuart, of Washington, D. C., visits Egypt Temple.

Beginning with a reception and luncheon at the Temple from 5 to 7 p. m., the session will then be transferred to the Tampa Municipal Auditorium where the Spring Ceremonial and Initiation of new candidates will occur. Officials in charge of this event state that the program is one of the best yet arranged and that the hot coals will be hotter than ever before.

The ceremonial will begin at 7:30 and continue until 9:30. To be followed by a dance and big time professional floor show, "A Night of the Century." Musical "orchestra" will provide the dance music.

A special entertainment and reception will be provided for the ladies during the period that the men are enjoying the ceremonial at the auditorium.

Not only are local members of Egypt Temple from all south Florida expected, but any visiting Shriners from other states will receive a cordial welcome.

Jacksonville Man Speaker At Rotary Meeting Wednesday

Rev. William Sale of Jacksonville will be the speaker at the Rotary Club luncheon Wednesday noon at the Jacaranda Hotel. He took the place of Judge Anderson, also of Jacksonville, who was on the program but was unable to appear. Rev. Sale spoke on "Crime and Criminals."

Visitors were Alfred B. Gwiler of Washington, D. C., Charles Madeira of Bradford, Conn., Selwyn Trevelyan, J. M. Stephenson of Sebring, A. M. Tucker of Sebring, Fred Patterson of Avon Park, the guest of Stuart Thayer, and others.

Winter Guest Club Meeting
There will be a meeting of the members of the Winter Guest Club Saturday afternoon at three o'clock in the city hall. A large attendance is expected.

SENATE DRAGNET HITS A SNAG

In his eagerness to "get something" on somebody, Senator Black, of Alabama, chairman of the Senate Lobby Investigating Committee, sent out omnibus subpoenas calling for the production of ALL private telegrams sent out by a large corporation law firm of Chicago. The District of Columbia court promptly enjoined him.

Evidently the hawklike chairman overlooked the "search and seizure" clause of the Constitution which guarantees that citizens shall not have their "effects" and declares that "no warrants shall issue but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched and the persons or things to be seized."

Senator Black threatened that if the courts enjoined him, he would have Congress pass a law taking the power of injunction in such matters away from the judiciary, but it is hardly likely that such a bill will be passed because, first, it would be clearly unconstitutional, and second, there is still enough sense in the Senate and House not to attempt this kind of tyrannical coercion.

The investigating power of the national legislature is a useful one, but it is not to be used in the way in which the law, which contemplates a due respect for the rights of all citizens, it can be helpful in devising legislation. But used as a weapon to punish opponents or merely for publicity stunts to make first-page headlines, it would be unfair and un-American and soon find public opinion turning harshly against it.—Tampa Times.

TOO LATE TO CLASSIFY

By RUSSELL KAY

You might think, with a brand new congressional district to play with, interest would be keen in getting it properly organized and electing a forceful representative but so far no one but the candidates seem to be much excited.

The new fifth congressional district comprises the counties of Brevard, Citrus, Flagler, Lake, Marion, Orange, Osceola, Putnam, Seminole, St. Johns, Sumter and Volusia and at a meeting of the Democratic Executive Committee for the district held in Palatka this month two counties—Marion and Flagler—were not sufficiently interested to even have representatives present.

However, there are plenty of the boys eager and

willing to represent the new district in Congress and to date 10 are galloping around the territory trying to get two or three people together at one time so they can "tell 'em."

Maybe it's too early or maybe folks are just naturally fed up—anyhow, the problem of getting voters to listen to a candidate is becoming more and more difficult and they even tune 'em out on the radio. So it looks like the only thing the poor politicians have left is the NEWSPAPER and the editors are getting hard boiled and insisting that the story be told in the PAID ADVERTISING columns.

Orlando has four hopefuls in the fifth district race: Jimmie Banks, Paul Crank, Raymond Ellars and J. J. Dickinson. Jimmie represented Orange county in the legislature but he is against the Townsend plan and the old folks are holdin' that against him. Crank ran against Mark Wilcox last time but when the votes were counted he might just as well have been running the other way. Dickinson, like Jimmie, was a member of the legislature—the last one—if that's any particular credit to him. Ellars, a lawyer, doesn't seem to be altogether sold on the "new deal" but may or may not help him and he has come out thumbs down on the Townsend plan, which makes him a snail-slow as you wear white whiskers.

Legal Dredgery, a former state legislator, is making his run for reelection so I guess he figured that was qualification enough for a seat in Congress. Hendricks of Deland, better known as "Little Joe" just broke out of college a short time ago but he's "Castin' his vote for Townsend" in an effort to get a lot of other voters to do the same.

James McCawley of Leesburg has been tagged the Sholtz candidate. He is, or was, with the State Road Department and he don't think so much of Doctor Townsend either and ain't backward about sayin' so. Judge James C. Shannon of Sanford is against the Canal, which in the eyes of some folks makes him even worse than a Republican, but he'll get votes on both sides of it.

George Scofield of Inverness is HOLE heartedly for the Canal and on top of that he'd connect all the lakes in central Florida with the Ocklawaha River and get the whole blamed district in "deep water." Then he'd give the old folks \$200 a month so they could all buy yachts and go places.

Osceola County has a Steed in the race: W. J. Kiskimous, a former state legislator, but defeated for reelection last go-round. Steed says he is for the Canal but his county is against it, which makes two and two six or something.

There may be two or three more candidates. I've got tryin' to count 'em for any office, so you can't prove it by me, but anyhow there'll be enough to give any voter the jitters.

Right now it's pretty hard to tell much about how things will turn out; at the moment George Scofield of Inverness seems to be the "bell cow"—anyhow you hear more about him than any of the others, and since he is favorin' most everything a lot of folks think they want right now, he's plenty popular.

But there are two issues that are loaded with dynamite: the CANAL and the TOWNSEND PLAN. Either one of these can elect a candidate, depending on which way happens between now and June, whether they guessed right or not. It certainly is no time to be runnin' for congress if you have high blood pressure and I hope none of these poor boys have.

The only candidate for anything I'd like to be is

Bob Gray.

W. D. BELL ANNOUNCES FOR REPRESENTATIVE

Arcadia Man Seeks Election To Congress From First District

W. D. Bell, prominent Arcadia attorney, and former State Senator from this district formally announced his candidacy for member of Congress last Friday.

In his formal announcement Mr. Bell mentions some of the needs of the district and states his position regarding them.

"There are many and varied needs in this district that may be met by Congressional attention. The district is composed of the counties of Duval, Putnam, Alachua, Hardee, Highlands, Glades, DeSoto, Santa Rosa, Charlotte, Lee and Hendry. Thus we have a larger population than any other district in the State.

"While our territory has always been of historic importance in time of war, Congress has made no provision for any permanent military or aviation training camp in our district and although our ports are of prime national and international importance we have received no appropriations for naval stations.

"Our vegetable growers have suffered losses of millions of dollars by the lowering of tariffs.

"Our farmers have never received the consideration accorded farmers elsewhere. While others received charity, our farmers cannot obtain justice.

"Congress through its delegated agencies has lowered the price of labor in this district to the starvation level and through other states those who work on public projects receive several times as much for the same kind of labor. In each instance, while some of the states are not only labor but all business, through the loss of purchasing power that the prevailing wage scale, and through the unjust discrimination. The difference between the wage paid in this district and that paid in other states for the same kind of work, we will aggregate about a greater sum than the amount expended on all public projects in this district.

"The House has made it reasonable right to work and to be compensated therefor in a sum commensurate with a decent standard of living.

"Veterans have been deprived from time to time by Congress of benefits previously extended to them. While some of these veterans have been returned, all veterans should receive additional consideration and Congress should enact adequate legislation for this purpose. While Congress has paid bounties and great corporations in cash, it paid the defenders of the Nation in bonds which cannot be cashed until after the primaries.

"The people of this district, as well as of the nation at large, have petitioned Congress for old-age pensions; their petitions have been denied and the old folks as well as all others suffer while Congress continues an expensive investigation.

"Public sentiment is overwhelmingly in favor of the Townsend Pension plan and Congress should not trifle with this popular and just demand.

"I have pointed out but few of the ills in need of correction. If elected, I pledge my best efforts, through legislation or otherwise, to the elimination of these evils and the attainment of this goal."

Court file's not later than February first previous to first Primary, and committee assessments not later than March 21, following.

First Statement—First itemized campaign expense statement for candidates for national or state offices must be filed with the secretary of state; and candidates for state senator, representatives in the legislature and other county offices must be filed with the clerk of the circuit court not more than 30 days and not less than 25 days prior to primary election.

May 7, 1936, is the last date for filing this statement. May 3 is the earliest date statement may be filed.

Second Statement—Second itemized campaign expense statement must not be filed prior to May 21, 1936, and not later than May 24, 1936.

Third Statement—Third itemized campaign expense statement must be filed not earlier June 4, 1936, and not later than July 2, 1936.

Statement of Political Workers—Not earlier than June 24, 1936, and not later than July 5, 1936.

Trusting the above will be of service to you, we remain, Yours very truly,

W. D. BELL, Attorney at Law, Arcadia, Fla.
