MYSTERY EXPLAINED

Senator H. Styles Bridges, of New Hampshire explains in an article in Liberty Magazine a mystery that has puzzled the American people concerning the National Labor Relations Board. The people have been mystified over the one-sidedness of NLRB activities and investigations. Although it is a government agency, created with the idea of acting as a board of mediation between employer and employee, the employer has never been given an even break in the board's rulings.

Senator Bridges has been mystified himself, although he is close upon the scenes of the board's activities and actions. In his Liberty article he points out that he has sat through hearings of the board and has witnessed "such scenes as few Americans would believe could take place under the flag of freedom."

These hearings go forward on the presumption that the accused is guilty until he proves himself innocent. Examiners, supposedly in pursuit of the facts, play the roles of prosecutor, jury and judge, the Senator asserts. He adds that throughout his public career he has been a champion of every just cause of labor, but:

"I am convinced that there is something wrong, frightfully wrong, in the setup of the National Labor Relations Board. The peculiar inquisitorial methods of its trial examiners are so nearly identical wherever they appear that there seems to be no question but that they come from a common source, some authority hidden behind the scenes. I have taken the back track in an attempt to find out who this master mind is."

In making a solution of the hidden master mind, Senator Bridges studied the three members of the board. He reached the conclusion that they do not embody individually or collectively "that underlying all-prevailing principle which seems to guide the board and its examiners in their practical administration of the Wagner Act. So I have gone further and I believe that I have found the answer."

"The master mind of the Labor Board is one David Joseph Saposs, whose title is that of industrial economist. He is the informed professional radical laborite of the board. He was born in Russia and has been an indefatigable radical propagandist in the

United States for many years. He was sponsored by Madam Perkins, going to the board from her immediate staff. He is a friend and associate of C. I. O. Leaders Sidney Hillman, Clinton Golden and others."

Senator Bridges says that today this radical Russian of the New York garment trade union is probably the most influential factor in the Nation in guiding the destinies of labor relations in its many industries.

With this information before them, the people of the country will no longer be amazed at the actions of the NLRB. They will wonder what next will take place toward further ennobling the radicals in dictatorial capacities.—Jacksonville Times Union.

TAX RELIEF

(From Winter Haven Daily Chief)

We talk about high taxes and tax relief but keep right on electing men to legislature and Congress without even asking them their opinions on this important question. We howl like a pack of fox hounds and cry like Chinese sellers who, we pay taxes, yet keep putting up our hands and calling on our City, County, State and National tax-providing bodies to give us more improvements and luxuries. We beg, implore, demand and "sandbag" them for appropriations for this and that, then our fathers never thought of having and kick them in the trousers if they do not comply with our request and demands. We feel we are underprivileged if we do not succeed in our efforts to secure all we demand and promptly remove our conservatively minded "public servants" and replace them with spendthrifts and weak-kneed officials who will do the bidding of every minority group, to secure votes, and then blame them because our taxes keep soaring like a bald-headed eagle. Taking a square look at the face of this tax business, we as voters are a bunch of inconsistent babies, ain't we?

THE LOW DOWN FROM HICKORY GROVE

A congressman, he may be lacking in some ways, but when it comes to listening, he takes no small seat—he is a super-champion—he knows listening. And voters who have been sitting around and let the Govt. take the roof off their heads—they are waking up an sending messages and letters—and talking turkey.

And if congress will now get up some steam and start in and do away with some of the comedy already on the book, and omit any more new laws, we can stop wondering every night about what tomorrow will bring forth.

And if we just had the 10 commandments to go by, and nothing else, it would be great. And to study law, you would just read Deuteronomy. And parner, you don't need a lawyer to explain it, like with the 3 A's, where even a Philadelphia lawyer cannot figure it out.

And Deuteronomy, it is a book in the Bible, and is not some country in Africa or something to do with your appendix. Things look better.

Yours, with the low down,
JO SERRA.

History Of The P.-T. A. Here

(Continued From Page One)

work of this year, however, was the aid given the library which had fallen below the standard required for accredited schools. A donation of about two hundred dollars (\$200.00) was given for books and during vacation a committee from the P.-T. A. under the leadership of Mrs. May Walden classified and re-arranged the school library, repairing many books.

The following officers were elected for the year 1933-34:
President, Mrs. T. C. Hobbs.

The work went forward this year in all lines, but no outstanding work was accomplished. The latter part of the school year was filled with uncertainty as to the continuation of the school, since it was reported that public funds would probably not be available to continue the school the full term.

The P.-T. A. pledged to finance the last two weeks of school. A house-to-house canvass was made and the sum raised, together with a donation of fifty dollars (\$50.00) from Mrs. Margaret Roebeling, amounting to \$885.50, gave us a full school term.

The following officers were elected for 1931-32:

A mimeograph machine was purchased for the high school this year. The Welfare Work was carried on in the usual financial aid to hand and commercial case was given. We also helped with expenses of the Four-H Club girls trip to Tallahassee.

Good programs were enjoyed and about six hundred (600) volumes were added to the library as the result of a house-to-house canvass. Mrs. Williams repaired many books that were in bad condition.

The officers for the year 1936-37 were:
President, Mrs. C. E. Lanier.

Lunch Room, Mrs. C. R. Ginn.

Membership, Mrs. W. T. Coates.
Mag. Committee, Mrs. Arthur Gregory.
Historian, Mrs. Carlos Skipper.

This year's work was outstanding in many ways. The lunch room was moved to the old auditorium of the grammar school building and transformed into a modern, up-to-date cafeteria. The P.-T. A. took charge of its operation, paying Mrs. Haney a salary instead of renting to her. As a result of this change, it was possible to give free meals to many more undernourished children. Mrs. Betts reported 4,826 free lunches during the school term. The Rotary Club entertained 120 children at a Christmas turkey dinner at the school cafeteria. The Welfare Committee worked with the County Health Nurse and many constructive work was done. Also, many articles of clothing were distributed. Some of this clothing came from the W. P. A. sewing room, and the rest from individuals.

A book drive conducted by the Student Council under the supervision of Mrs. Head resulted in the addition of 3,025 books to the library.

The Program Chairman used the programs outlined by the National Congress of Parents & Teachers for 1935-37. These were on Character, Education, Home, School Responsibility. These proved to be very instructive as well as entertaining.

We were visited this year by Mrs. C. F. Parin, State President of P.-T. A. Mrs. Parin, Delaware, third vice-president and County Chairman, Mrs. Frank Petrie, fifth vice-president and Chairman of Education, Mrs. L. H. Gribbs, State Recording Secretary. These officers proved a great inspiration to our officers and members.

139 members were reported for this year. The largest in the history

of our organization.

The year 1937-38 the following officers served:
President, Mrs. C. E. Lanier.
First Vice-President, Mrs. A. M. Morgan.

Social Chairman, Mrs. T. A. McNicholas.

This year was one of the best years in the P.-T. A. history. All officers and committees worked in cooperation with the President, Mrs. Lanier, and as a result, the work progressed well along all lines. The membership reached 110 during the year, which is an unusually large membership for a school with the enrollment of the Avon Park high school.

The Welfare Work was carried in cooperation with Miss Marjorie Roe, the County Health Supervisor and this organization paid out \$109.50 for medical and dental work and medicines. Free meals were given to needy, undernourished children at the school cafeteria.

It's big business—this vacation trade. Retail stores, restaurants, filling stations, hotels, garages, amusement places, farmers—all profit directly from it. Add everybody profits indirectly. Other communities are in competition with yours. That's why it pays to build concrete roads. For tourists like to follow the concrete—just as you do. Your community will make money and save money if your roads are concrete. Concrete costs less to build than other pavements of equal load-strength, costs far less to maintain and less to drive on. MYSTERY EXPLAINED

Senator H. Styles Bridges of New Hampshire explains in an article in Liberty Magazine a mystery that has puzzled the American people concerning the National Labor Relations Board. The people have been mystified over the one-sidedness of NLRB activities and investigations. Although it is a government agency, created with the idea of acting as a board of mediation between employer and employee, the employer has never been given an even break in the board's rulings.

Senator Bridges has been mystified himself, although he is close upon the scenes of the board's activities and actions. In his Liberty article he points out that he has sat through hearings of the board and has witnessed "such scenes as few Americans would believe could take place under the flag of freedom."

These hearings go forward on the presumption that the accused is guilty until he proves himself innocent. Examiners, supposedly in pursuit of the facts, play the roles of prosecutor, jury and judge, the Senator asserts. He adds that throughout his public career he has been a champion of every just cause of labor, but:

"I am convinced that there is something wrong, frightfully wrong, in the setup of the National Labor Relations Board. The peculiar inquisitorial methods of its trial examiners are so nearly identical wherever they appear that there seems to be no question but that they come from a common source, some authority hidden behind the scenes. I have taken the back track in an attempt to find out who this master mind is."

In seeking a solution of the hidden master mind, Senator Bridges studied the three members of the board. He reached the conclusion that they do not embody individually or collectively "that underlying all-prevailing principle which seems to guide the board and its examiners in their practical administration of the Wagner Act. So I have gone farther and I believe that I have found the answer."

"The master mind of the Labor Board is one David Joseph Saposs, whose title is that of industrial economist. He is the informed professional radical laborite of the board. He was born in Russia and has been an indefatigable radical propagandist in the

United States for many years. He was sponsored by Madam Perkins, going to the board from her immediate staff. He is a friend and associate of C. I. O. Leaders Sidney Hillman, Clinton Golden and others."

Senator Bridges says that today this radical Russian of the New York garment trade union is probably the most influential factor in the Nation in guiding the destinies of labor relations in its many industries.

With this information before them, the people of the country will no longer be amazed at the actions of the NLRB. They will wonder what next will take place toward further enthroning the radicals in dictatorial capacities.—Jacksonville Times Union.

TAX RELIEF

(From Winter Haven Daily Chief)

We talk about high taxes and tax relief but keep right on electing men to legislature and Congress without even asking them their opinions on this important question. We howl like a pack of fox hounds for relief for this and that, but we pay taxes, yet keep putting up our hands and calling on our City, County, State and National tax-providing bodies to give us more improvements and luxuries. We beg, implore, demand and "sandbag" them for appropriations and replace them with spendthrifts and never thought of having and kick them in the trousers if they do not comply with our request and demands. We feel we are underprivileged if we do not succeed in our efforts to secure all we demand and promptly remove our conservatively minded "public servants" and replace them with spendthrifts and weak-kneed officials who will do the bidding of every minority group, to secure votes, and then blame them because our taxes keep soaring like a ball-headed eagle. Taking a square look at the face of this tax business, we as voters are a bunch of inconsistent babies, ain't we?

THE LOW DOWN FROM HICKORY GROVE

A congressman, he may be lacking in some ways, but when it comes to listening, he takes no back seat—he is a super-champion—he knows listening.

And voters who have been sitting around and let the Govt. take the roof off their house, they are waking up on sending messages and letters—and talking turkey.

And if congress will now get up some steam and start in and do away with some of the comedy already on the book, and omit any more new laws, we can stop wondering every night about what tomorrow will bring forth.

And if we just had the 10 commandments to study by, and nothing else, it would be good to study by, you would just read Deuteronomy, And pardon, you need a lawyer to explain it, like with the 3 A's, where even a Philadelphia lawyer cannot figure it out.

And Deuteronomy, it is a book in the Bible, and is not some country in Africa or something to do with your appendix.

Things look better.

Yours, with the low down,

JO SERRA.

MYSTERY EXPLAINED

Senator H. Styles Bridges of New Hampshire explains in an article in Liberty Magazine a mystery that has puzzled the American people concerning the National Labor Relations Board. The people have been mystified over the one-sidedness of NLRB activities and investigations. Although it is a government agency, created with the idea of acting as a board of mediation between employer and employee, the employer has never been given an even break in the board's rulings.

Senator Bridges has been mystified himself, although he is close upon the scenes of the board's activities and actions. In his Liberty article he points out that he has sat through hearings of the board and has witnessed "such scenes as few Americans would believe could take place under the flag of freedom."

These hearings go forward on the presumption that the accused is guilty until he proves himself innocent. Examiners, supposedly in pursuit of the facts, play the role of prosecutor, jury and judge. The Senator asserts. He adds that throughout his public career he has been a champion of every just cause of labor, but:

"I am convinced that there is something wrong, frightfully wrong, in the setup of the National Labor Relations Board. The peculiar inquisitorial methods of its trial examiners are so nearly identical wherever they appear that there seems to be no question but that they come from a common source, some authority hidden behind the scenes. I have taken the back track in an attempt to find out who this master mind is."

In seeking a solution of the hidden master mind, Senator Bridges studied the three members of the board. He reached the conclusion that they do not embody individually or collectively "that underlying all-prevailing principle which seems to guide the board and its examiners in their practical administration of the Wagner Act. So I have gone further and I believe that I have found the answer."

"The master mind of the Labor Board is one David Joseph Saposs, whose title is that of industrial economist. He is the informed professional radical laborite of the board. He was born in Russia and has been an indefatigable radical propagandist in the

United States for many years. He was sponsored by Madam Perkins, going to the board from her immediate staff. He is a friend and associate of C. I. O. Leaders Sidney Hillman, Clinton Golden and others."

Senator Bridges says that today this radical Russian of the New York garment trade union is probably the most influential factor in the Nation in guiding the destinies of labor relations in its many industries.

With this information before them, the people of the country will no longer be amazed at the actions of the NLRB. They will wonder what next will take place toward further enthroning the radicals in dictatorial capacities.—Jacksonville Times Union.

TAX RELIEF

(From Winter Haven Daily Chief)

We talk about high taxes and tax relief but keep right on electing men to legislature and Congress without even asking them their opinions on this important question. We howl like a pack of fox hounds and cry like Chinese sailors when we pay taxes, yet keep putting up our hands and calling on our City, County, State and National tax-providing bodies to give us more improvements and luxuries. We beg, implore, demand and "sland" them for appropriations for this and that, but our forefathers never thought of having and kick them in the trousers if they do not comply with our request and demands. We feel we are underprivileged if we do not succeed in our efforts to secure all we demand and promptly remove our conservatively minded "public servants" and replace them with spendthrifts and weak-kneed officials who will do the bidding of every minority group, to secure votes, and then blame them because our taxes keep soaring like a bald-headed eagle. Taking a square look at the face of this tax business, we as voters are a bunch of inconsistent babies, ain't we?

THE LOW DOWN FROM HICKORY GROVE

A congressman, he may be lacking in some ways, but when it comes to listening, he takes no back seat—he is a super-champion—he knows listening.

And voters who have been sitting around and let the Govt. take the roof off their house, they are waking up and sending messages and letters—and talking turkey.

And if congress will now get up some steam and start in and do away with some of the comedy already on the book, and omit any more new laws, we can stop wondering every night about what tomorrow will bring forth.

And if we just had the 10 commandments to go by, and nothing else, it would be great. And to study law, you would just read Deuteronomy. And pardon, you don't need a lawyer to explain it, like with the 3 A's, where even a Philadelphia lawyer cannot figure it out.

And Deuteronomy, it is a book in the Bible, and is not some country in Africa or something to do with your appendix.

Things look better.

Yours, with the low down,

JO SERRA.

History Of The P.-T. A. Here

(Continued From Page One)
 work of this year, however, was the aid given the library which had fallen below the standard required for accredited schools. A donation of about two hundred dollars (\$200.00) was given for books and during vacation a committee from the P.-T. A., under the leadership of Mrs. M. W. Walden classified and re-arranged the school library, repairing many books.

The following officers were elected for the year 1930-31:
 President, Mrs. T. C. Hobbs.
 First Vice-President, Mrs. G. E. Booth.

Secretary, Mrs. E. W. Hartt.
 Treasurer, Mrs. I. W. Chandler.
 Corresponding Secretary, Miss Millie Pearson.

Program committee, Mrs. Fred Stephens.
 Finance committee, Mrs. W. C. Touchton.
 Hospitality, Mrs. H. Reek.
 Child Welfare, Mrs. S. J. Pendleton.

Play Ground, Mrs. McNicholas.
 Social, Mrs. Elsie.
 The work went forward this year in all lines, but no outstanding work was accomplished. The latter part of the school year was filled with uncertainty as to the continuation of the school, since it was reported that public funds would probably not be available to continue the school the full term.

The P.-T. A. pledged to finance the last two weeks of school. A house-to-house canvass was made and the sum raised, together with a donation of fifty dollars (\$50.00) from Mrs. Margaret Roebeling, amounting to \$855.50, gave us a full school term.

The following officers were elected for 1931-32:
 President, Mrs. W. W. McFarland.
 First Vice-President and Program chairman, Mrs. H. J. Chance.
 Secretary, Mrs. E. W. Hartt.
 Treasurer, Mrs. I. W. Chandler.
 Finance Committee, Mrs. S. E. Booth.

Social, Mrs. B. F. Martin.
 Hospitality, Mrs. McNicholas.
 Membership, Mrs. T. H. Hughes.
 Publicity, Mrs. Hetherington.
 Child Welfare, Mrs. J. M. Lee.
 Play Ground, Mrs. J. L. Cloud.
 Membership, Mrs. Jack Reed.
 Lunch Room, Mrs. Gerard.

The outstanding work of this year was child welfare work. Mrs. Lee reported that her committee paid out \$640.00 during the year for lunches, clothing, medical work and other necessities. There were distributed 750 garments and two hundred (200) visits were made during the year.

Officers elected for the year 1932-33 were:
 President, Mrs. W. W. McFarland.
 First Vice-President, Mrs. J. C. Hobbs.
 Secretary, Mrs. B. J. Martin.
 Treasurer, Mrs. McNicholas.

Finance Chairman, Mrs. Charles Sherman.
 Hospitality, Mrs. Covington.
 Social, Mrs. Jack Head.
 Publicity, Mrs. W. M. Hetherington.
 Child Welfare, Mrs. Neal Trent.
 Welfare work was the outstanding accomplishment of this year. A night was celebrated in December, 1932, for the benefit of a good program was given and a large number of parents were present.

Officers for the year 1933-34 were:
 President, Mrs. Otto Skipper.
 Vice-President, Mrs. Jack Head.
 Treasurer, Mrs. T. A. McNicholas.

Secretary, Mrs. S. J. Pendleton.
 Child Welfare, Mrs. N. H. Trent.
 Membership, Mrs. W. C. Touchton.

Finance, Mrs. Lester Armstrong.
 Hospitality, Mrs. E. G. Todd.
 Publicity, Mrs. E. G. Todd.

During this year some new equipment was bought for the school room, a new typewriter, a new printing press and a new printing machine was bought for use in the grammar school grades.

Our first "cake walk" was put on by the teachers under the leadership of Miss Margaret Roebeling. It was a success in every way, so "cake walks" have since proved to be a very profitable way of making money and many dollars have been added to our treasury as a result of this.

Our membership during this year was 64, and for the first time we received a membership certificate for meeting membership requirements.

The officers elected for 1934-35 were as follows:
 President, Mrs. Fred Patterson.
 First Vice-President, Mrs. Jack Head.

Treasurer, Mrs. McNicholas.
 Secretary, Mrs. S. J. Pendleton.
 Corresponding Secretary, Mrs. C. H. Pardee.

Social, Mrs. E. W. Hartt.
 Membership, Mrs. Otto Skipper.
 Finance, Mrs. C. E. Kell.
 Hospitality, Mrs. Max Wild.

Child Welfare, Mrs. E. P. Leung.
 Mrs. Haney was in charge of the lunch room.

A mimeograph machine was purchased for the high school this year. The Welfare Work was carried on in the usual financial aid to band and commercial class was given. We also helped with expenses of the Four-H Club girls' trip to Tallahassee.

Officers for the year 1935-36 were as follows:
 President, Mrs. Fred Patterson.
 First Vice-President, Mrs. E. G. Todd.
 Recording Secretary, Mrs. E. W. Hartt.

Treasurer, Mrs. J. H. Hughes.
 Publicity, Mrs. Hetherington.
 Membership, Mrs. N. H. Trent.
 Finance, Mrs. Weller.
 Child Welfare, Mrs. Harry Stodden.

Hospitality, Mrs. T. A. McNicholas.
 Social, Mrs. J. L. Wells.
 Historian, Mrs. S. J. Pendleton.
 Library, Mrs. G. A. Stebbins.

The usual activities were carried on during this year. The Welfare Work was enlarged under the leadership of Mrs. Harry Stodden. Good programs were enjoyed and about six hundred (600) volumes were added to the library as a result of a house-to-house canvass.

Mrs. Williams repaired many books that were in bad condition.
 The officers for the year 1936-37 were:

President, Mrs. C. E. Lanier.
 First Vice-President, Mrs. E. G. Todd.
 Secretary, Mrs. E. W. Hartt.
 Treasurer, Mrs. J. H. Hughes.
 Child Welfare, Mrs. A. M. Morgan.

Finance, Mrs. Walter Betts.
 Library Committee, Mrs. Jack Head.
 Lunch Room, Mrs. C. R. Ginn.
 Membership, Mrs. W. T. Coates.
 Mag. Committee, Mrs. Arthur Gregory.

Historian, Mrs. Carlos Skipper.
 This year's work was outstanding in many ways. The lunch room was moved to the old auditorium of the grammar school building and transformed into a modern, up-to-date cafeteria. The P.-T. A. took charge of its operation, paying Mrs. Hayne a salary instead of renting to her. As a result of this change, it was possible to give free meals to many more undernourished children. Mrs. Betts reported 4,826 free lunches during the school term. The Rotary Club entertained 120 children at a Christmas turkey dinner at the school cafeteria.

The Welfare Committee worked with the County Health Nurse and much correct work was done. Also, many articles of clothing were distributed. Some of this clothing came from the W. P. A. sewing room and the rest from individuals.

A book drive conducted by the Student Council under the supervision of Mrs. Head resulted in the donation of 8,625 books to the library.

The Program Chairman used the program outlined by the National Congress of Parents & Teachers for 1935-37. These were on Character, Education, Citizenship and School Responsibility. These proved to be very instructive as well as entertaining.

We were visiting this year by Mrs. C. F. Parin, State President of P.-T. A., Mrs. Paul DeLeon, third vice-president and County Council Chairman, Mrs. Frank Pettie, fifth vice-president, and Chairman of Education, Mrs. L. H. Gibbs, State Recording Secretary. These officers proved a great inspiration to our officers and members.

129 members were reported for this year. The largest in the history of our organization.

The year 1937-38 the following officers served:
 President, Mrs. C. E. Lanier.
 First vice-president, Mrs. A. M. Morgan.
 Secretary, Mrs. R. I. Brown.
 Treasurer, Mrs. Walker Betts.
 Child Welfare, Mrs. Lester Armstrong.
 Finance Chairman, Mrs. Jack Head.

Membership, Mrs. E. G. Todd.
 Historian, Mrs. W. C. Touchton.
 Library Chairman, Mrs. Hughes.
 Lunch Room Chairman, Mrs. C. R. Ginn.
 Social Chairman, Mrs. T. A. McNicholas.
 Hospitality Chairman, Mrs. J. M. Lee.
 Publicity Chairman, Mrs. W. M. Hetherington.

This year was one of the best years in the P.-T. A. history. All officers and committees worked in cooperation with the President, Mrs. Lanier, and as a result the work progressed well along all lines. The membership increased during the year, which is an unusually large membership for a school with the enrollment of 219 during the year, which is an unusually large membership for a school with the enrollment of 219 during the year, which is an unusually large membership for a school with the enrollment of 219 during the year.

The Welfare Work was carried on in cooperation with Miss Marian Roe, the County Health Supervisor and this organization paid \$199.50 for medical and dental work and medicines. Free meals were given to needy, undernourished children at the school cafeteria.

Very good programs were enjoyed this year, with good attendance at all meetings. The following officers have been installed to serve for the year 1938-39:

President, Mrs. J. P. Garber.
 Vice-President, Mrs. E. G. Todd.
 Secretary, Mrs. Thelma Ward.

"WE NEED MORE VACATION TRADE"

GET YOUR SHARE WITH CONCRETE ROADS

It's big business—this vacation trade. Retail stores, restaurants, filling stations, hotels, garages, amusement places, farmers—all profit directly from it. And everybody profits indirectly.

Other communities are in competition with yours. That's why it pays to build concrete roads. For tourists like to follow the concrete—just as you do.

Your community will make money and save money if your roads are concrete. Concrete costs less to build than other pavements of equal load-strength, costs far less to maintain and less to drive on. Insist on concrete.

A super highway of concrete is needed on Route 19 to develop the scenic highway section.

The prospective customer approached the art shop.

"I want to see some of those pictures that are done by scratching," he advised an attendant.

The clerk thought a moment, and then his face lighted up. "O, yes," he said, "you mean fishings."

"I've been cheated!" stormed the irate guest at a resort hotel. "You said there was a beautiful view for miles and miles from my room."

"Death by Proxy"

HELLO EVERYBODY:

There's only one thing I know that's less profitable than being a burglar, and that's just posing as one. And Distinguished Adventurer Willard G. Stanton of Bloomfield, N. J., ought to agree with me there. Once upon a time, when Bill was a youngster of sixteen, he tried that little stunt. Not purposely, of course. Bill's intentions were perfectly O. K. But it doesn't make any difference what your intentions are. If you look like a burglar, or if you act like a burglar, first thing you know somebody is going to think you ARE a burglar and treat you accordingly.

Back in 1907, when this adventure happened to Bill, he lived in an old-fashioned apartment house in Brooklyn. At least it would be old-fashioned today. At that time it was probably the last word in apartment houses. It had a stairway running up the center of the building, and there were two apartments to the floor. The doors of the living rooms opened on the stair landing, and the outer doors were fitted with ground glass panels. The glass was opaque. You couldn't exactly see through it. But when you were on the inside looking out you could tell when someone was at the door, because you could get a shadow of a human figure against the glass.

Remember those panels. They've got a lot to do with the story.

Burglars Alarmed the Old Ladies.

Bill's family had an apartment on the fourth and top floor of that building. Across the hall lived two old ladies—retired school teachers—one of whom was slightly deaf. Remember that deaf old lady, too.

Bullets Whizzed Over Bill's Head.

Between her and the glass panels, Old Lady Adventure managed to cook up quite a thrill for Bill Stanton.

About three o'clock one November morning, Bill was awakened out of a sound sleep by a loud, insistent knocking. As he came out of a half-dream, he realized that the pounding came from the wall, on the other side of which the two old ladies slept. Something was wrong in their apartment! Bill jumped out of bed and went into his own living room. There he saw what the trouble was.

On the ground glass panels of the door leading to the hall he could see two shadowy figures. They were over by the door of the old ladies' apartment and they seemed to be trying to jimmy the lock. So that was it! Burglars, trying to get in next door! The old ladies had heard them and pounded on the wall to attract Bill's attention.

Bill called out, "Who's there?" and began rattling the door knob. The two figures moved noiselessly to the stairs and began to descend. "Bill was sixteen, and impetuous. He ran out of his apartment and started to follow the two men down the stairs. "Wait there," he says, "is where my adventuring career started."

Bill Was in a Tight Place.

Bill followed the crooks down two flights of stairs, but they were too fast for him. He was in pajamas, and he couldn't very well dash out in the street after them anyway. Not on a cold night in November. He turned around and went slowly back up the stairs.

Bill got to the top and put his hand on the doorknob. The door was locked. In his haste to follow the two men he had slammed it behind him. In his pajamas and without a key in his pocket, it looked as if he was going to have some trouble getting back in. He stood for a moment considering his plight, and then, suddenly he heard a voice coming from the next apartment.

It was one of the old ladies—the deaf one, and her tone was ominous. "If you don't go away," she yelled, "I'll shoot."

All at once Bill realized what a tight situation he was in. The old lady could see his shadow through the glass door and thought he was one of the departed burglars. He knew she kept a gun in her apartment and didn't have any doubt that she would do just what she threatened to do.

Shot At by a Deaf Woman.

"I thought I had a good pair of lungs," says Bill, "and I screamed back: 'Don't shoot. It's me.' But I didn't count on that old lady being deaf. Before I had a chance to get in another word I heard a loud report and a long crash and crashing through the door. It was followed by two more. Then I dropped flat on the floor, and while I lay there, three more shots landed themselves in the wall over my head."

The shots stopped then, but Bill lay right where he was, afraid to stir lest the slightest motion bring more of that hot lead his way. Then, inside his own apartment, he heard his mother open a window and start screaming for the police. Still Bill stayed where he was. Courage is one thing, but when a panic-stricken old lady starts blazing away right and left with a revolver, there isn't any sense in giving her a mark to shoot at.

Bill lay right where he was until the police came. Then he got up again. He looked himself over and was relieved to find that he hadn't been hit by any of those wild bullets, but he found an ominous little hole in the sleeve of his pajamas that showed just how close he had come to having a funeral instead of just an adventure. "And nowadays," says Bill, "when there is any burglar hunting to be done, I do it by telephone."
