T. A. Committee Reports For The Year Just Ended

The following reports were given at the final P-T-A meeting of the school year held on Thursday of last week:

Music Committee Report

The music activities of the Avon Park high school are sponsored by a committee from the P-T-A. The committee is composed of Mrs. W. J. Head, chairman, Mrs. J. L. Wells, Mrs. W. S. Betts, Mrs. Alice Sherman, Mr. Stanley N. Reeves, and Mr. E. L. Roberts. The functions of this committee are: (1) To approve the use of the band or glee club for all performances, (2) To assist in financing the organization, (3) To set up regulations regarding use and rental of uniforms, (4) To supervise the care and use of all school instruments, and (5) To assist the music director in any way possible, so that the school may have the best music organization available to a school the size of Avon Park.

The school now owns the following instruments which were purchased by funds raised by the public:

Cymbals, purchased before 1935	\$ 10.00
Piccolo and case, purchased before 1935	20.00
Bells, purchased before 1935	20.00
Sousaphone, purchased before 1935	75.00
Baritone, purchased before 1935	75.00
Drum, Jan. 1, 1939	35.00
Sousaphone and case, Oct. 1, 1939	197.00
Euphonium and case, Oct. 1, 1939	137.50
Baritone and case, Nov. 6, 1939	275.00
Oboe and case, Feb. 10, 1940	165.00
Baritone Saxophone and case, Oct. 1, 1939	197.00
TOTAL	\$1140.50

Most of these instruments are now in good condition. Most of them, however, should be reconditioned for next year. In order to keep the instruments in good condition they should be reconditioned each year. The committee believes that students using the school instruments should pay a rental each year sufficient to cover the cost of reconditioning.

The school now owns 4 band uniforms which were purchased at a cost of \$328.10. These uniforms were purchased two years ago. They are, however, in good condition with the exception of a few of the pants which will have to be replaced next year. The better of all repaired this year at a cost of \$13.55.

There are now enrolled in the senior band 42 members with eight members in a rookie band which should be able to take the place of any seniors graduating this year. It is not the purpose of the committee to secure a large number of students for the band in order to make a show with numbers. It is the purpose of the committee to have a good band with approximately 40 pupils participating. The committee believes that this is about as large a number as can be secured in a school with our enrollment.

The band entered the State Contest this year at Miami and received a rating of III in "C" class bands. The committee is not satisfied with a band of this rating and will do everything possible for next year to improve the band that it may secure a higher rating. This is the same rating the band has received for the last two years. The band is holding it's own, but should improve from year to year. The committee believes that the band is much better this year than at any time in the past. Competition is getting harder and harder and the band must be able to perform better than ever.

Our students who competed in the solo contests received very high ratings. One student placed first on two different instruments and the others placing second. Most of the contestants played unaccompanied when they were supposed to have had an accompanist. The glee club did not enter the State contest this year due to financial and other difficulties. The glee club has, however, performed whenever called upon this year. The glee club is not as large as usual this year but is equal to any other glee club the school has produced in the past several years. The band has been given more space in this report because it has been called upon to perform more than the glee club. The committee has not overlooked the glee club. All music which has been needed has been purchased. The committee has cooperated with the glee club in all other activities whenever possible.

The glee club has appeared at the following places this year:

- September meeting of the P-T-A
- February meeting of Winter Glee Club

HARSH WORDS BUT TRUE

"Government can and does acquire and hold power by giving votes to its incompetent beneficiaries." In thus concluding an editorial the Charleston News and Courier emphasizes a political evil that is becoming more evident year by year in the United States. It is an evil that needs to be brought before the thinking people of the country.

So do conditions, a discussion of which prompted the conclusion. The paper had referred to statements made by Dr. Douglas Jennings, retiring president of the South Carolina Medical Association, in an address before that organization. In his address Dr. Jennings touched bottom of another growing problem with the same sort of incisive comments.

"One of the chief contributing factors to the dark picture of public health and well being is the incidence of a certain class of people which has to a large extent been fostered by the Government's attitude toward relief, unemployment and medical care," said he. "There has appeared a type of citizen to whom

life is too severe and difficult. To him, there should be a way to obtain the good things in life without sacrifice and self-denial.

"He likes to believe, when he is told, and he is too often told, that good medical care ought to be provided him by the government and at no cost to him. He is a very willing tool in the hands of the professional politician who continually tells him what he likes to believe—that he can work less and make more, go into debt and not have to pay. His type contributes heavily to the inadequacy of medical care. He is not medically indigent but simply indolent, and the medical profession is no more obligated to care for him than the grocer is to feed him."

It is to this class that the office-seeker and the office-holder who is without scruples in his intentions directs his appeal for support. He knows that the numbers are large, and that they are easy prey for high-sounding promises of what the Government will do for him.

The News and Courier classifies them as lazy people who always have been, and always will be, and the Government "has deliberately embarked upon a policy of multiplying them. Any man in South Carolina 50 or 60 years old well remembers when 'unemployed hordes' when employment was less easily found, than during this depression of the last 10 years."

For every dollar "spent on luxuries in 1895, five dollars are spent now—and the luxuries have come to be necessities. While the unfortunate poor are always with us, there are numbers of the 'indigent' who 'can't' pay doctors' bills who must ride in automobiles. They would think themselves objects of cruel injustice and persecution were they deprived of automobiles."

Medical care will hardly eradicate this type, but Government can and is increasing the numbers, and caring for them "by forcibly taking the means therefrom the diligent, the self-denying, the capable." —JACKSONVILLE TIMES-UNION.

"MORTALS AND IMMORTALS" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, May 19.

The Golden Text is: "This corruptible must put on incorruption, and this mortal must put on immortality" (1 Cor. 15:53).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "But unto every one of us is given grace according to the measure of the gift of Christ. Till we all come in the unity of the faith, and of the knowledge of the Son of God, unto the perfect man, unto the measure of the stature of the fullness of Christ" (Eph. 4:7, 13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mortals must gravitate toward their affections and aims grow spiritual. — they must near the broader interpretation of being, and gain some proper sense of the infinite. — in order that sin and mortality may be put off" (p. 265:5-9).

UNION CONGREGATIONAL CHURCH
Dr. Alfred C. Elliott, Pastor.

May 19: Sunday School at 9:45 a. m. when the topic for the adult classes will be, "False Propaganda." Propaganda is something we have become very familiar with during recent years, especially when nations are at war. By means of false propaganda the belligerent nations circulate untrue statements concerning each other, consequently the general public does not know what to believe. False prophets are busy again today, as they have been in the past, and we need to be on our guard against accepting their teaching. You are invited to join one of our classes on Sunday, when we will discuss these false prophets and their message.

Morning service of worship at 11:00 o'clock, when Dr. Elliott will speak on "Riches That Endure." Anthem: "As the Heart Panteth" by the choir. Amid all the confusion, unrest and fears of these trying days, it is good to gather in the House of God, that there, as we truly worship, the divine tranquility may enter our hearts, and we may be lifted up and strengthened.

The Young People's Pilgrim Fellowship will meet at 7:30 p. m. Harmon Atkins will introduce the topic: "What Prayer Does for Persons." Mrs. Harmon Atkins will lead the meeting. Young People are specially invited.

The Ladies' Aid will hold an all-day sewing meeting on Wednesday beginning at 10:00 a. m. at the home of Mrs. George E. Symmes. The Children's Choir will meet for rehearsal at the Church on Wednesday at 4:00 p. m. The "Quiet Hour" service for praise, prayer, and meditation will be held on Wednesday at 7:30 p. m.

The Senior Church Choir will meet for rehearsal at the Church on Saturday at 7:30 p. m.

IN THIS column we have shown how to make useful, attractive things out of everything most from spools to tin cans, but several readers have reminded me lately that I have neglected orange crates. Here is a pair of tables to match a smart new bedspread.

Modest Applicant Was Not a Bit Superstitious

The spread made dish of green and white checked gingham trimmed in bands, monogram and frills of white muslin. The bedspread was made in hood and cut down and then padded and covered with the gingham (detail on page 30 and page 31). The orange crates for the tables are lined with green oil cloth and the chairs wears a green and white checked cloth and a top cover trilled in white.

NOTE: Directions for making lamp shades and bedspread are in Book No. 1; complete alphabet for monogram books and streamers are in Book No. 2.
