

WHAT DO YOU WANT IN REAL ESTATE? I HAVE IT---I SELL IT

Yes, I have anything you want in real estate and I sell it—not by the quart, but by honest-to-goodness land measurements, with the greatest climate, the greatest opportunity, the greatest prospect for im-

mediate profit (if you desire to buy for investment) thrown in, that was ever offered to the American public.

Anything you want, from a small tract of land for a poultry farm, to large tracts for development, the latter including some of the best combination soil to be found in all Florida. What do I mean by "combination soil?" Simply soil that is adaptable to general farming, truck raising and citrus growing. I mean that I have land for sale in large and small tracts on which you can start an orange grove and while your trees are coming into bearing age you

can cultivate the land between the rows and make not only a good living, but a handsome profit in raising winter vegetables for the northern markets. This has been successfully demonstrated by citrus growers who made their start in this manner and now have groves that are worth from \$1,000 to \$3,000 an acre and are annually paying big dividends on property well worth these valuations.

WHAT OTHERS HAVE DONE YOU CAN DO

HERE ARE A FEW SPECIAL BARGAINS

In and Near Sebring, the Most Beautiful, Most Healthful, Most Rapidly Growing Little City in All Florida

10 acres adjoining city limits of Sebring, on the Scenic Highway; three-room bungalow; more than 100 trees; four acres cleared; six uncultivated; all under fence. A special bargain at \$3,500 cash.

This property is easily worth \$4,000 and some lucky purchaser will make considerable more than the difference by purchasing now and taking advantage of the rapid increase in values. Don't miss seeing this.

30 acres of the finest grove in the Sebring development. The trees are 8 years old, which means a splendid income from the start. They have had the best of care, were planted by experts in this line and consist of those varieties which bring the highest prices on the market; Pineapple and Valencia oranges and Silver Cluster and Marsh Seedling grapefruit. The price will interest you and you can make no mistake by thoroughly investigating this model grove.

10-acre grove of 3-year-old trees, near Kenilworth Lodge. The location alone is well worth the price asked for the grove. This property will make an ideal home for some one who desires to live in a salubrious climate and enjoy those things placed here for the benefit of mankind. A small cash payment, with plenty of time on the remainder, takes this special bargain.

5-acre grove of 9-year-old trees in splendid condition. This grove is also near the celebrated Kenilworth Lodge and is an income-producing property now. It is close to beautiful Lake Jackson and the best residential part of the city. Investigate this.

10 acres of late Valencias. This grove is all oranges. It is located on a high elevation on the main highway and near the townsite. It has only to be seen to be appreciated. The price and terms are right. Let me show you this beautiful grove.

10 acres of 7-year-old trees near the most wonderful development of this section. There is a good crop of fruit this year and every year will mean an increase in fruit and in valuation. The price is \$15,500—one-half cash and balance in one and two years.

Another 10-acre grove I have listed for sale consists of 7-year-old trees, which is a great bargain at \$12,500—one-third cash, balance in one and two years.

5-acre grove near the golf links. The trees are 8 years old and the location is ideal. See the property and

ask the price. One-half cash, balance in one and two years, takes this property. And it's a bargain.

160 acres of land that is ideal for a country club or some wealthy man's country estate. Twenty acres of this land is in 6-year-old trees; 80 acres are suitable for avocados or paper-shell pecans. The remaining 60 acres are suitable for citrus fruits and vegetables. This tract lies on a big hill and overlooks some beautiful lakes. It is within one-half mile of a railroad siding, making shipment of fruits convenient. There is not a better proposition in the state of Florida and its close proximity to Sebring makes it a splendid investment. If you want something really worth while in Florida see this splendid property.

Beautiful home on lake front. Lot is 100x300 feet and is planted to citrus trees, foliage plants and ornamentals. The location is on the best residential street in Sebring. There is a splendid bathing beach. House has all modern conveniences. Has large living room, dining room facing the lake, kitchen, center hall, four bedrooms and bath. Location and surroundings make this an especially desirable piece of property.

Beautiful stucco house on Lake View Drive; all modern conveniences; sun room, breakfast room; living room; dining room and two bedrooms; corner lot, 50x150 feet; shrubbery and ornamentals in profusion, but not overdone; beautiful lawn; plenty of room on side street for erection of another house if desired.

Lake front lots in desirable locations at all prices. The man in moderate circumstances can be suited from these lots, as can the man with plenty of money. And every one of them will be worth double the present price in a very short time.

A number of houses in Sebring, from small cottages to houses large enough for two families. There is a wide range of prices, but they are all bargains.

If you want a business location, I have for sale a splendid store, building in the heart of town; hotel on second floor; lower floor is occupied by the owner, with a stock of groceries and fruits. Can sell building and business, the stock going at inventory. This is a splendid opportunity for some one desiring to engage in business to pick up a bargain, with an established trade.

10 acres of good citrus land near Dinner Lake; 5 acres planted to 3-year-old trees; balance cleared and ready to plant; all under fence; six-room house and garage. This property is only a quarter of a mile from the Circle and is a decided bargain at \$10,000. One-half cash, balance in one and two years.

10-acre grove just at the edge of town; 2-year-old trees; one of the finest young groves in or around Sebring. Growing in value every day and will be sold on the bargain counter.

AT AVON PARK WE HAVE SOME SPLENDID BARGAINS

10 acres of 2-year-old trees and 5 acres of splendid truck land near the city limits; 3-room house. Located on the Scenic Highway. Satisfactory terms will be given.

10 acres of unimproved citrus land near the celebrated Lake Byrd Lodge and within half a mile of the largest citrus grove in the world. This can be purchased for \$1,500. The same quality of land, not so well located, is selling at from \$200 to \$300 an acre.

One of the choicest lake frontages in Avon Park. Five acres of 14-year-old trees; 8-room house, newly painted. When this is sold such an opportunity will never again be offered.

Six-room residence in Avon Park; modern in every respect; located within two blocks of postoffice and same distance from public schools; on asphalt paved street; best residence section in the city. \$6,500 takes it. One-half cash, balance in one and two years or longer time if desired.

AT LAKE STEARNS

I have 40 acres of splendid land for sale. Twenty acres of this is improved, 13 acres being in town lots, some of which are already sold at \$500 each. This tract overlooks the lake, is in the townsite and has a splendid bungalow. This section is growing wonderfully and the Scenic Highway passes by the town. On the cleared land there are a variety of fruit trees, all in the pink of condition. See or write me for maps, prices, terms, etc.

10 acres of splendid combination land in Wauchula, with good two-room house. The land is splendid trucking land and is all cleared. Price \$1,200. This bargain must be seen to be appreciated.

3,000 ACRES COMBINATION LAND NEAR ARCADIA

This 3,000 acres of land is adjoining a town near Arcadia. Better land for combination cannot be found in the state of Florida. Can show you on this soil 25-year-old trees loaded with fruit and one man cleared \$15,000 on 8 acres of sweet peppers and egg plant last year. You can do the same. Will sell all or in units of 10 acres and up. We have explained what combination land means and if you are looking for a tract for development here is an opportunity for investment that is seldom equaled.

SPLENDID CITRUS LANDS

I have them in large and small tracts. The Scenic Highlands of Florida are developing more rapidly than any section of the state. One has but to see the hills, the lakes, the wonderful groves,

the business activity of the growing cities and towns along these highlands to appreciate the worth of land and the rapid increase in valuations that is bound to come.

Drive The Crooked Stock Salesmen Out of Florida

Under caption of "Other Sections Follow Tampa's Example and Cry 'Stop Thief,' " the Tampa Daily Times of August 17 published a splendid editorial, quoting from a half page-advertisement of a Jacksonville bank, published in the Florida Times-Union. Because of the bearing this editorial has upon all parts of Florida we are using a portion of the text matter in this ad.

A FERTILE FIELD FOR CROOKS

"The word has gone out that Florida is the most prosperous state in the union; that we have been least affected by the readjustment depression." Crooks of every description, from the footpad with his black-jack, to the smooth salesman of questionable stocks, flock to those states where money is most plentiful and where the least publicity is given their operations.

The Times in its editorial urges that the bankers of the state get together on a publicity campaign, which will be supported editorially by the newspapers, to make Florida a difficult field for the operations of these crooks. This bank stands ready at all times to co-operate in any movement that will tend to make Florida more prosperous and the purpose of this advertisement is to warn our patrons and the people generally against investing in any foreign or domestic stocks, regardless of how alluring the bait offered or how smooth the salesman, until a thorough investigation has been made.

The Crooks Are Already With Us

and when the winter visitors begin to arrive in almost countless numbers the ranks of these so-called stock salesmen, wiretappers, confidence men, house breakers, pickpockets and the like will be swelled by recruits from every state in the union. The advertisement mentioned above says:

Are You Buying Stock?

"The humble home of the native Floridian, removed from lines of travel, has built of rough boards a 'lean-to' for the use of visiting relatives or the traveler who finds himself in the locality when night falls. As this primitive guest's room is often occupied by vendors of medicines, books and sewing machines, it is known to the Cracker's family as the 'agent's room.'

"Today these rooms are frequently occupied by the wily stock salesman, from whom even the lowly fail to escape.

FLORIDA IS INFESTED WITH STOCK JOBBERS

"The wire-tapper, aristocrat among crooks, is a winter bird and wings his way northward in April. The crooked seller of doubtful stocks is a year-round pest. He abounds in the countryside, the city and the hamlet. His oily smile and clammy handshake neither your office nor your home can evade. The widow with insurance money is a choice prospect.

"The opportunity he offers is something to wonder at. He usually has 'only a few shares left' and seldom speaks of dividends under 100 per cent. Yet the trash he sells will pay dividends when Eskimos camp on the St. Johns. "You should always question the safety of stocks that promise sure and large returns.

"Money is hard to make and hard to keep. Do not risk your funds in schemes that vanish over-night and leave you discouraged and your confidence shaken. Before buying a stock ask yourself these questions:

"ARE THE COMPANY'S OFFICERS MEN OF GOOD STANDING?

"IS THERE A DEMAND FOR THE COMPANY'S PRODUCTS?

"IS THE DEMAND SUCH THAT PERIODS OF BUSINESS DEPRESSION CAN HAVE LITTLE EFFECT ON EARNINGS?

"ARE THE ASSETS OF THE COMPANY NOT ONLY SUFFICIENT, BUT IN EXCESS OF THE REQUIREMENTS FOR SAFETY?"

The officers of this bank would dislike to see its patrons invest their savings in questionable stocks or wild-cat schemes. Therefore, before you invest, should strangers approach you with stock to sell, if you will consult with us we will make a thorough investigation. Our sources of information are not usually available to the individual, therefore we are glad to proffer our services and advice.

In the meantime, keep your hard-earned savings in the bank and be content with a steady income, rather than risk them in propositions of which you know nothing.

Highlands County Messenger
PUBLISHED EVERY SATURDAY AT SEBRING, FLA.
Entered as second-class matter March 8, 1921, at the postoffice at Sebring, Fla., under the act of March 3, 1879.
A PUBLIC SERVICE
On another page of this issue will be found the advertisement of the Highlands County of Avon Park, Fla., which that bank is tendering the public a service that should be appreciated. The text of the ad is to warn the public against investing in questionable stocks of any description. Warnings of this character have recently appeared in all the daily papers, because of the fact that smooth-talking stock salesmen have been swindling over the state offering for sale stock in companies of which little or nothing is known. Large dividends are promised and when compared with the comparatively small interest paid on savings in the banks, it is an alluring offer.
It is not reasonable to suppose that stocks in any concern that will pay from 25 to 100 per cent dividends would have to be peddled around promiscuously, for there are plenty of men with ample capital who would jump at the chance to invest in such enterprises.
Most of these schemes are promotional schemes that may or may not prove good concerns when the stock is finally subscribed. If there was any assurance that even a legitimate profit could be made, stock in these companies would not be begging for purchasers; it would find a ready market at a large premium.
The salesmen plan one can pursue when the smooth-talking stock salesman approaches is to refer the matter to some reliable banker for investigation. He will gladly make such investigation and if the proposition is a meritorious one will so advise you.
Then, too, there is ample opportunity in all parts of Florida for legitimate investment that will surely bring substantial returns.
Writing of the necessity of electing a successor to all the voters caused by the death of Senator F. M. Cooper, the Highlands County Messenger says: "In selecting a new senator to care for our interests, no one in Hardee, DeSoto, Charlotte, Glades, Highlands, Manatee or Marion counties, which comprise this senatorial district, should allow friendship, jealousy, personal interests or anything else to interfere with the man best fitted to represent us, to meet the emergency which will arise and discharge the duties incumbent upon the office in the very best manner possible. With this idea in view, and not because he happens to be a fellow townsman, knowing that he is in closer touch with the administration and the legislative body of the state than any other man in the district, and his having proven in the session just passed that he has the ability to successfully meet and cope with any adverse situation that may arise, we believe that we are warranted in asking Representative E. J. Etheridge to accept this most important position."—Times-Union.

SPORT
By SCRIBBLE
Sebring, 31 Lake Wales, 6
Thursday, Aug. 18, our boys journeyed to Lake Wales, engaged in a ball game with those basists, and returned home with a defeat mark in their column. But at that our fellows gave them a real run for their money and made those Lake Wales players ball hard to earn their victory. Sebring was severely handicapped by the absence of their two hurlers, Jaeger and Ingle, both of whom were on the sick list last Thursday. Dimoline in the box for the locals had worlds of stuff, but experienced some difficulty in controlling same. The boys were game throughout and pulled hard for a victory, but the jinx was with 'em, still. They have the never-say-die spirit though, and are coming back with a real finish. So fans, rally round and help them all you can.
Last Friday the Sebring Juniors again defeated the Avon Park Giants. This time the score read 10 to 10. A big crowd was out to witness this game and everyone of them enjoyed every minute of it. The boys played ball in regular big league style, pulling off a couple of double plays, and one triple, besides hitting the apple in a Babe Ruth. The Sebring lineup and the runs scored by each player are as follows: Alan Johnson, second base, 1; Tammie Whitehouse, short stop, 2; Doyle Schumacher, first base, 1; Willie Lee Johnson, pitcher, 4; Deane Ford, catcher, 4; J. K. Pollard, right field, 1; James Bogie, center field, 2; Ted Cason, left field, 1; Bobbie Batts, third base, 1.
The Avon Park boys making runs were: Norman, Rens, Lockett, Eddie, each 2; McGinnis, 1.
Eddie Currington umpired the game.

Sebring's Scratches
The Lake Wales game was baseball at that. Bill Voglesong uncoiled another two-bagger at Wales. Keep it up, Bill.
Let's all make an effort to take the team when they play out of town. The boys say it helps. Capwell jumped about six feet and pulled down a scorching liner Thursday, then tumbled to Gearing for a double. Some play, Count.
One of the lads couldn't understand how they marked her up with two errors when she only struck out once. (Memories of that famous game).
Within an ace of pulling a triple play Thursday. Ask the boys how it was done.
Another win for the Juniors, four out of five. Some record.
The ball club received a check for \$5 from Mrs. B. W. Fields last week. That's the spirit. Who's next?
Please don't get sick any more, pitchers.
Was Muggsy McGraw the second at Lake Wales Thursday?
Everybody make arrangements to go to Fort Meade next Thursday. Show that town that you do support your team.

Sebring—Hart
The Romance Times of July 31 contained the following account of a wedding that will interest our Sebring readers:
"An interesting event of yesterday morning was the marriage of Miss Janice Theon Hart, youngest daughter of Mrs. Sarah A. Hart, 505 West Hill, of this city, to Mr. George E. Sebring, Jr., son of Mr. and Mrs. G. E. Sebring of Sebring, O., and Sebring, Fla.
The ceremony was performed by the Rev. Harry V. Wheeler in the presence of a few of the immediate relatives of the family.
"The house was beautifully decorated with roses and other summer flowers. The bride looked lovely in a dark brown suit trimmed in beaver with hat and other accessories to match, carrying a bouquet of bride's roses and orange blossoms.
"Immediately after the ceremony the young couple left in their car for Sebring, O., by way of Pittsburgh. After a short visit with the groom's relatives they will return to Roanoke for a few days, after which they will motor to their future home in Sebring, Fla."
Digestibility of Meats
The office of home economics, United States department of agriculture, reports the results of investigation of the digestibility of kid, rabbit, horse and seal meats when served as the chief source of protein in a diet which contained also bread, butter, fruit (oranges) and sugar. The horse meat showed 94.4 per cent of digestibility, compared with 91.8 for rabbit, 94.4 for kid and 94.6 for seal. In every case the average amount of meat eaten daily was in excess of that included in the ordinary diet of the average man, and in instances where there were psychological disturbances noted. The digestibility of the protein in the four kinds of meats studied was essentially the same as that of other and better known meats.

Story Hour
Mrs. Mitchell took charge of the story hour last Wednesday morning. The little class has grown so that it has outgrown the limit in age and number and at least two classes will have to be made so that justice may be done to all in the kind of story and games. The stories related included "Bluebird," "The Ugly Duckling," "Henny-Penny," "How Brer Bear Lost His Tail" and "Why There's a Man in the Moon."
Strange Coincidence
C. R. Stokes of this city this week received a newspaper from Shenandoah, Ia., chronicling the death and burial of his nephew, Paul Stokes, who was drowned in a watering trough on his father's farm, and of the latter's uncle, Paul Adams, after whom the nephew was named. The latter lost his life on Flinders Field, France, the body being shipped home for burial and arriving in time for a double funeral.

W. A. Roberts and Mr. and Mrs. H. J. Munnam of Miami, were visitors in Sebring Tuesday. Come often, neighbors, and bring your friends.

Mr. and Mrs. C. F. Saunders and daughters, accompanied by the Hon. E. J. Etheredge, motored to Wausau Monday, returning the same evening.

Mrs. George Butler and little daughter, Mary Elizabeth, came from their home just north of Lake Jackson last Monday for a visit in Sebring.

Alfred Engelmann of Venus advises us that there will be a barbecue at the Venus school house the Saturday before school begins. A good time is promised to all who attend.

Mr. and Mrs. Allan Pollard spent the week-end in Waverly as guests of Mr. and Mrs. John Creel.

Mrs. Creel is a sister of Mrs. Pollard and a former resident of Sebring.

Mr. and Mrs. William Guthrie, who live on Maple street near Pine, have as their guests for a few days their son and his wife and her sister. They drove from Daytona, their home.

Word has been received that Mrs. J. B. Brown has recovered from the illness that marred her trip to Tennessee and is now able to enjoy her outing. The children are also well.

Mr. and Mrs. J. A. Treat and daughter Miss Anna Treat and Mr. and Mrs. J. O. Hale of Winter Park drove to Sebring Sunday to call on Mr. and Mrs. Ira Kigdon and Mr. and Mrs. J. E. Parker.

Mr. and Mrs. William Robinson of Ashland, O., arrived in Sebring Saturday night. They will go to Miami next week and after a stay there will return to their home in Sebring for the rest of the winter.

Mrs. Love's art goods shop in the Love & King garage is now open and ready for business. A hemstitching machine has been installed and work of all kinds along this line will be taken. You are invited to call and inspect our work.—Advertisement.

S. L. McClanahan returned Saturday night from his farm at Homestead, where he found his avocado grove in fine condition. He brought back with him several large avocados, which are especially attractive specimens, one weighing three and a half pounds.

Mr. and Mrs. Henry Allsopp returned Saturday from a two-months' trip. Mrs. Allsopp visited her mother in Newark, N. J., while Mr. Allsopp divided his time between Newark and Maine, where the summer home of his father and mother is located.

Mrs. Norman, wife of the Sebring Atlantic Coast Line station agent, who has been ill for some time, was taken to Jacksonville last Saturday for special treatment. She has been suffering from a fever, but the doctors were unable to determine the kind or cause. At the last report she was somewhat improved.

The Rev. Woodside of Orlando brought a party to Sebring last Monday night. They stopped at the Arrowhead and spent Tuesday seeing the town, groves and neighboring points of interest. In the party were Mr. and Mrs. D. D. MacIntosh and Mrs. Bailey. All expressed surprise and pleasure at Sebring and the various developments here.

Mr. and Mrs. C. L. Hendricks of Akron, O., arrived in Sebring Monday. Mrs. Hendricks is the daughter of L. M. Price and sister of Mrs. Nellie Eates and Claude Price of Sebring. Mr. and Mrs. Hendricks recently sold their home on Ponce de Leon street and have been looking in many towns in Florida for a home for next winter, but all places seem to be as short of homes as Sebring and they have found nothing yet to depend on.

Thursdays and Saturdays see many fishing parties leaving Sebring and the fishing seems to be good in most lakes and creeks around. Among last week's parties were the Potts in the Kissimmee river, P. J. Ripberger and Sam Dagering, who returned with twenty fish and an alligator, and Mr. and Mrs. Berensford and Henry Kraus, who happened on to the same fishing grounds and Mr. and Mrs. H. Harts made a trip to Lake Itapoga, caught twenty fish in two hours and almost got a bear.

Mr. and Mrs. Charles Rogers and two daughters returned Tuesday evening from a ten-weeks' vacation in Virginia. The trip both ways was made in their car and thoroughly enjoyed. They were much pleased with the appearance of their home and lawn, for they feared that the summer sun would leave its traces. But it had not wanted for care and was much improved by a good growth. Mrs. Rogers' sisters, Miss Lillian Berry, returned with them and will spend the winter here. Miss Berry is from Pennsylvania, near Pittsburgh, and has been teaching piano for some time.

Miss Louise Powell, who taught in the Sebring school some time ago, has accepted a position in Lakeland for the next school term.

Miss Powell's home is in Archer, Fla., and she has been teaching in Punta Gorda for the last two years.

Mr. and Mrs. Ward Lambkin of Arcadia have been in Sebring the past week while Mr. Lambkin was looking over some Temple orange trees he had purchased.

Mrs. Lambkin is especially interested in bees and has eleven apiaries in South Florida.

Mrs. Fanning returned last week from Birmingham, Ala., where she had been visiting relatives and friends. She was accompanied by her brother and his wife, Mr. and Mrs. Robinson, and their two grandchildren. At Jacksonville they bought a new American 8 car and drove from there home.

As Dr. L. H. Shumate, who was expected to preach at the Methodist church last Sunday was unable to get here, most of the Methodist congregation attended Community church service at Tusawilla Park. Many expressed their pleasure at the service and the pleasant place of worship.

One of the special features of the service was the solo song sung by Miss Mary Bogie.

The county school board was in special session all day Monday, considering the device ways and means of financing the country schools of the county. The board found that under the present laws of the state it would be impossible to secure the amount of money necessary to give each school the number of months it should have. Some method may be devised whereby the desired object may be accomplished until relief can be obtained from the next legislature.

B. R. Burns returned Thursday from a month's trip to Pennsylvania. He was accompanied on the trip by his daughter, who was married while there and returned with her father and husband, William Gibson. Mr. Burns will immediately begin work on a series of big barns that he has been waiting for his return. He is a plasterer and as soon as he finished the work awaiting him will build another house on Ponce de Leon street, next to the one he has just completed.

Mr. and Mrs. W. C. Fullon of Hartford, Conn., were the guests of the C. E. Leithmans for a few days the first of the week. They left Tuesday night for Moore Haven and went from there by boat across Lake Okechobee to Okaloosa, where they expect to make their home. Mr. Fullon has been interested in the Everglades for years and is anxious to spend the rest of his life there, forty-nine years, at least, he says. Mr. Fullon also has property at Ricca, where many Sebring people are interested.

H. O. Sebring returned Tuesday night from a two-weeks' vacation in the north, where he was staying in Chicago, where the great Pageant of the Sun was making that city unusually interesting.

Mrs. Sebring and her daughter Leila returned to Culver, Ind., with the naval cadets, among them H. O. Sebring, Jr. They stayed in Culver for the last and most interesting week of the summer term and then went on to Sebring, O., to visit friends and relatives. They then went to Wheeling, W. Va., where Mrs. Sebring and Leila will stay for some time with relatives.

Mr. Sebring returned to Sebring from there, having greatly enjoyed a vacation very interesting and unusual and with no thought of business cares. H. O. Sebring, Jr., is now taking an interesting trip on a tugboat, recently purchased by Capt. R. C. Pringle, one of Sebring's enthusiastic winter residents. They left Norfolk, Va., Wednesday morning and are on their way to Cleveland through the St. Lawrence river. After his arrival in Cleveland Junior will go immediately to Gainesville, where he will enter the State University.

A number of Venus farmers who have land to clear are interested in securing a carload of picric acid for blowing out trees and stumps. There are not enough of the Venus farmers to do this and if any others in the county who have land to clear would like to join with them, please advise the Messenger office. A bulletin issued by the government states that picric acid is much more powerful and less expensive than dynamite.

Mr. and Mrs. B. L. Laird went to Tampa Friday last week.

Walter Scott left Monday for Clearwater, where he conducted a Masonic school of instruction.

Mrs. Charles Shaffer returned Thursday night of last week from a visit among friends and relatives in Alabama.

Miss Frances Pearson returned last Saturday to her home in Sanford from a three-day visit in Sebring as the guest of Mrs. Edgar Briggs.

After an illness of over two weeks, J. A. Jones, president and treasurer of the Grove Development Company, has returned to his work at the office. Jones' brother died a few days ago. Taken on the 18th and another one on the 20th, hauling the seats for the new court room and the Ohio theatre.

Mr. and Mrs. C. A. Crews of Arcadia spent the week-end as guests of Mr. and Mrs. Ira Rigdon. Mr. Crews is the tax assessor for DeSoto county.

Lost—One red and white spotted cow; crop hole in one ear, split under on the other. Notify and receive reward. R. N. Miller, Sebring.—Advertisement.

Ira Rigdon returned Saturday night from Moore Haven, where he had been for a few days attending to business in connection with the Everglades State Park.

After a two-week's stay at their summer home, Cnerose Lodge, A. G. Smith and family and their guest, Miss Billie Evans, left Friday of last week for Wauchula.

Mr. and Mrs. William C. Pool and P. Pool went to Orlando last Saturday. They made going and return trips the same day, Walter Scott taking them in his car.

J. C. Butler will save you money on your house painting; either outside or interior decorating. All work first-class and satisfaction guaranteed.—Advertisement.

A card from C. G. Warriner from Allenhurst, N. J., congratulates the Highlands County Messenger upon its first edition and prophesies success for the new venture.

W. E. Graham, civil engineer for the Atlantic Coast Line, has been transferred to Lakeland, where he will work on the new railroad extension to be built from there.

Have just returned from Atlanta, where a splendid line of the latest creations in new fall millinery was purchased and is now on display at the Elite Shop, Avon Park. Roberta Bass.—Advertisement.

Wanted—A good, strong woman, from 25 to 40 years old, to help in boarding house; good wages and good home. Don't apply unless you want permanent. Mrs. J. C. Butler, Sebring.—Advertisement.

Miss Lenore Pollard arrived in Sebring Friday night of last week and will be the guest of her sister, Mrs. U. D. Kirk, for the next few weeks. Miss Pollard moved from Sebring to Archer, Fla., two years ago, where she and her parents have been living since. Her mother, Mrs. Pollard, will also make a visit to Sebring in the near future.

Fred C. Walter made a business trip last week to Lakeland, Tampa, and St. Petersburg. While in Tampa he called on ex-Senator Crane at Sulphur Springs. In St. Petersburg Mr. Walter quickly disposed of property that he owned in Green Ridge, where he has decided to make Sebring his home, because of its superior health advantages.

The Sebring Builders' Supply Company has found it necessary to enlarge its store and office space. A new office and new sheds for lumber and wagons will be built. The building as planned will give them 900 feet of lumber shed on the railroad spur and will enable them to keep a much greater supply of materials on hand. G. N. Capwell has the contract for the building.

The Tampa Highway advertising car was in Sebring Friday of last week. The man in charge explained the advertising plan and subscriptions were taken to purchase a space for Sebring on the car. The car with its display ads will leave Tampa on Sept. 1, making a tour through fifteen states in the east and central parts of the country. Those in charge will distribute Florida literature and give lectures on the attractions of the state and endeavor to interest tourists and home-seekers especially in the localities advertised on their traveling billboard.

Community Church Services at Tusawilla Park Sunday at 11 a. m. Sermon by the pastor, the Rev. F. J. Tauchen. Subject: "The Honor That Comes From Above." Special number by the choir, under direction of Mrs. E. C. Wright, assisted by Walter Scott, violinist.

Silk Farm at St. Augustine. Dr. Thomas de Pamphili has been in St. Augustine four years engaged in the development of a silk farm. He has trays for 2,000,000 silk worms and expects soon to have them producing silk, not less than 10,000 pounds of raw silk every 40 days. He says Florida has conditions for producing silk not equalled in Italy or China. Dr. de Pamphili has personally studied silk conditions in Europe and Asia, and predicts a great boom in the silk industry of this state by giving it proper application.

No Outside Public Debt. Florida is one of the few states in the Union without an outside public debt. The last report of State Treasurer Luning said that the state owed \$601,567, at 3 per cent interest, to the education funds of the state. The cash in the hands of the state treasurer on Jan. 1, 1921, was \$1,826,96. Receipts during 1920 amounted to \$8,835,545.97; disbursements were \$6,990,979.95.

Decrease in Men Teachers. The percentage of men teachers in this country has fallen from 43 per cent in 1880 to 16 per cent in 1918.

HIGHWAY ENGINEER AND MEMBER ROAD DEPARTMENT MAKE INSPECTION TRIP

Major Charles A. Browne, state highway engineer, accompanied by the Hon. W. W. Clark of Wall Springs, member of the state highway commission, made an inspection trip over the Sebring Highway from Haines City to Lake Anna Saturday. They stopped a short while in Avon Park and were dinner guests of the Hon. E. J. Elberding at Sebring.

They were favorably impressed with the country through which the highway passes and at once recognized the need of prompt action on the part of the state road department to build this highway quickly. Major Browne will initiate a plan to carry out his recommendation, and the state highway department is to begin a large work of construction in the near future as labor and money are available.

We are informed that work of adding shoulders to the road from Haines City south has already been commenced, the money for this purpose coming out of funds belonging to the county. This work, when completed, will give us a fairly good road for some miles south of Haines City to the Highlands county line. We are informed that Hartow clay is being used for the shoulders and that later, when the state road department begins actual construction, these shoulders will be hand-surfaced with asphalt.

A gap of the worst road we have to travel, however—between Frostproof and the Highlands county line, will be closed soon and under the supervision of the state highway department, all will suffer lessening to its almost impassable condition.

DUNCAN U. FLETCHER BETTER MAIL SERVICE HAINES CITY BRANCH

We are in receipt of a copy of a letter sent to the Hon. Duncan U. Fletcher by the second assistant postmaster general, which we take great pleasure in reproducing, as it shows Senator Fletcher is on the job, ever mindful of the needs of his constituents in Florida. Aug. 12, 1921.

"Hon. Duncan U. Fletcher, United States Senator.

"Dear Senator:

"On May 6 you addressed a letter to the postmaster general, suggesting the establishment of railway post-office service between Sebring and Moore Haven, Fla., on the Atlantic Coast Line.

"It has taken some time to come to the investigation of this case, but a report has now been received and I take pleasure in advising you that it has been found advisable to extend the railway postoffice service to Moore Haven and orders have been issued placing this change in effect.

"Sincerely,

"E. H. SHAUGHNESSY."

The people of Sebring and Moore Haven, as well as at intermediate points, will appreciate the efforts of Senator Fletcher in their behalf.

TROPICAL MOON MAKES MANY ENJOYABLE TIMES

The brightness of the moon, the lure of the lake and the general spirit of sociability have made the last few weeks particularly enjoyable. The city is one of the most popular places in the town and at all times of the day bathers are seen going into the water from there. During this moonlight season the weather is warm and from sundown until midnight the lake has offered great pleasure and comfort to many. From the point at the oldest residents of the city, and to many visitors, the lake is a general place and friends may meet and make there at most any time.

Young Folks Picnic

One of the special monthly parties was given by about twenty young people Thursday night, Aug. 18. Supper was served at Brocay Point and chicken pilau was the main course and was unusually delicious. After a merry time at the picnic grounds, bathing suits were sought and a swimming party was the scene of the evening that followed. It was a very enjoyable party returned to town and the fascination of the moonlight and the joy of the lake were given as the reasonable excuse for their tardiness.

Picnic at Kenilworth Pier

On the same evening a group of fifteen high school young people gathered at the Kenilworth pier. They played games for a while and served a supper of sandwiches, salad, pickles and limeade. A fire was then built on the shore and a marshmallow roast and its accompanying fun took up the rest of the evening.

Beach Party Given by Degerings. On Friday night neighbors and a few other friends were invited to a swimming and beach party at the home of Mr. and Mrs. Sam Degering. There is no prettier spot on the shore of Lake Jackson than the beach at their home. The grass has all been removed from the lake and the shore is planted in Bermuda grass and is as pretty as any lawn. A rustic fence, made of logs and brush, leads over a low garden spot to the water, which leads through the grapefruit grove to the house. From this pretty beach, twenty swimmers and bathers went in and found the water perfect, and for an hour enjoyed various water sports. After dressing they returned to the beach, where refreshments were served—coffee, sandwiches, cake and fruit.

Activity in Citrus Planting

The state nursery inspector reports much activity in the planting of citrus trees, oranges, grapefruit, etc., in Florida. The number of seeded trees planted for the year ending April 30, 1920, was 2,564,778 and to the same date in 1921 the total was 5,990,195. Florida is destined to be the great citrus fruit growing state of the Union.

SPECIAL SONG SERVICE AT METHODIST CHURCH

The Junior choir at the Methodist church under the direction of Mrs. Claude Price, has prepared a special song service for next Sunday evening. Young people's voices are always attractive and their special service promises to be well worth hearing. The service opens at 8 p. m. Everyone is invited to come. The program will be as follows:

Chorus—"Sons of Praise, Awake."
Prayer.
Hymn No. 482—Congregation.
Duet—"Go Tell It," Ellen Hancock, Elizabeth Harbaugh.
Chorus—"Why Did He Die."
Sextette—"Dear to the Heart of the Shepherd," Rosemary Graham, Anna Hogle, Ruth Ingles, Helen Meyer, Emily Ausland, Gertrude Whitehouse.
Solo—"Just for Today," Anna Ausland.
Duet—"Love That Will Not Let Me Go," Ruth Hunt, Ella Price.
Hymn No. 322—Congregation.
Duet and Chorus—"I Surrender All," Everett Rice, Walter Meyer.
Eates, Mary Hogle, Alice Atwater.
Quartet—"Just Outside the Door," C. C. Cobb, George Whitehouse, Brandon Jones, Percy Gearing.
Chorus—"Sweet Peace."
Solo—"The Penitent's Plea," Leon's Whitehouse; cornet obligato, Gideon Jaeger.
Chorus—"Green Hills."
Doxology—Congregation.
Communion—by Annie Laurie Whitehouse (piano) and Gideon Jaeger (cornet).

EPWORTH LEAGUE EVENTS

The Epworth League had charge of the services at the M. E. church last Sunday evening. Special music was rendered in a piano solo by Miss Claude Price, organ and choir by the Misses Amy Estes and Amy Hogle. Miss Ellen Hancock had charge of the service and the prayer for the evening on "The Power of a Laundress Personality," by Mrs. E. S. Far, was an inspiration to all present. Much interest is being shown in these league meetings, judging from the attendance, which last Sunday was eighty-five. A standing invitation is recorded to all Sebring folk and we know you will enjoy these services. Come.

League Picnic

Tuesday evening the league held a picnic at the north end of Lake Jackson. Everyone was so impressed with the beauty of the site selected that it was straightway christened "League's Lawn," and it is the intention of the league to hold many more picnics there. The crowd of about sixty-five young folk was taken to the grounds in ten autos, which formed a regular parade from the Circle to the beach. When they arrived they immediately went to playing games, appropriately arranged by the entertainment committee. They followed refreshments, consisting of sandwiches, salad, pickles and some of Walter's famous coffee. It was a happy crowd, indeed, that traveled back to Sebring at the conclusion of the picnic.

LIVE LOCAL ITEMS FROM THRIVING DE SOTO CITY

Perry Etheredge, who has been on the sick list, is much improved. Dr. E. J. Etheredge and family spent Sunday with Mr. and Mrs. L. T. Farmer.

Fishing is still good. Troy Watts caught a 12-pound catfish Tuesday afternoon.

DeSoto City Sunday school is still growing. Several new faces were present Sunday and the interest continues to increase from Sunday to Sunday.

The DeSoto City Groves Company has placed its men and teams at work laying more roads and the company deserves the commendation of the entire community and should receive its whole-hearted support in this work.

Mrs. Alvah Payne has been employed to teach the school for the coming year. Mrs. Payne comes highly recommended and is a graduate of the State Normal, Athens, Ga. She has been teaching some three years or more.

W. W. Clarke, member of the highway commission, and Charles Browne, state highway engineer, passed through DeSoto City Saturday, making an inspection of the route of state road No. 8. These gentlemen were more than pleased to the community and more especially as they were on a mission that means so much to South Florida and particularly to this immediate section. Here's hoping they will soon return and start the good work.

Carlstrom Field Open

The officers of Carlstrom Field desire to announce that the field is open for all kinds of entertainments—concerts, parades, picnics, dances, etc., and that if the services of a full band or orchestra are desired same will be furnished. Address Sergeant William Erkions, director band, Carlstrom Field, Fla.

LEGAL NOTICE
