Animals More Thrifty Than Men
 The habit of thrift does not seem to be born in human beings. Some of the animals have the trait. A dog will bury a bone for tomorrow and a squirrel will store nuts for the winter, but a child has to be taught to put something by for the time of need. It is easier to live and spend in the present than save for the future. Yet in the long run the great majority of folks will learn that a contented life and an old age free from anxiety depend on economy and saving during the early years, which pass all too quickly.

Farmers Must Economize
 As far as the agricultural classes are concerned present crops are going in at a lower cost level and a large yield in face of falling retail prices. With debt ahead of them a large part of the farming population will find it necessary to economize during the year before them. Wages of some trades have decreased, but freight and express rates are still at the peak of war times. All these must be equalized before "normalcy" is possible. But we are getting nearer to this condition without the danger of a panic.

For a Great Buy
 See me about a billiard parlor and barber shop; weekly receipts over \$150; for sale cheap; reasonable terms. Dan M. Andrews, Sebring, Fla.—Adv.

CONCERTED ACTION IS NECESSARY: DON'T SLEEP AT THE SWITCH

Monday Dr. E. J. Etheredge appeared before the board of county commissioners and stated that Major Browne, state highway engineer, had promised to begin work of surveying and locating state road No. 8 this week. Also that the bridge across the Kissimmee river would be completed in the shortest possible time, without expense to anyone except the state.

Surveying and building a road are two entirely different matters. That a portion of this road will be built is assured, for the state highway commission has given the county commissioners carte blanche to use the \$30,000 road money now available, with the assurance that a like amount would be furnished by the state, which might also be expended under the direction of the county commissioners.

There are eight state roads to be constructed in the state and all possible pressure is being brought to bear upon the state highway commission by the people in each section traversed by the other seven roads to secure, if possible, the construction of their roads first.

Figuring on the basis of all the road money which will be available in the state, to be derived from all sources, it will require not less than seven years, and perhaps eight, before all of these roads can be completed. In several of these road districts the people, rather than be delayed in the construction of their road, are offering to bond their respective districts and donate one-half the necessary funds for construction. The members of the state highway commission, and the people of a district are willing to stand a part of the expense in order to facilitate the building of the roads in their districts, that such districts are justly entitled to first consideration.

Under these circumstances if the people of Highlands county expect to build state road No. 8 to be built in the near future it will be necessary for them to make some arrangements to furnish a part of the money needed. Is it an economic policy for us to refuse to raise a portion of the needed amount and wait seven or eight years for the completion of this road? Would it not be far better to bond the county for at least \$250,000, use \$100,000 of this amount in the construction of state road No. 8 and receive a like amount from the state, which would permit of its completion and divide the remaining \$150,000 between the five road districts of the county for the establishment of a system of lateral roads connecting with the state road?

Such a policy would give us a fine system of roads within the next two years. Hundreds of thousands of people who have never before traveled through this section would see and appreciate the natural beauties and advantages that we possess over other sections. This would mean an increased population, large investments of new capital, a rapid increase in present valuations of realty and a stimulus of business in all lines.

We believe that the completion of a good roads system in Highlands county is by far the most important necessity confronting us today or which will arise until it is taken care of.

Highlands county is not the only county interested in the immediate construction of state road No. 8. St. Lucie, Okeechobee, Highlands, DeSoto, Hardee, Polk and Hillsborough are all directly and immediately interested. There should be a concerted effort on the part of all these counties to secure the necessary construction of state road No. 8 to the state highway commission, at the same time showing a disposition to assist in financing the project.

The Gulf-Atlantic Scenic Highway Good Roads League should get busy at once and remain on the job until results are accomplished.

DE SOTO CITY

The Rev. O. C. Tomlinson will preach Sunday.

The Rev. J. H. Walker of Sanford came to DeSoto City Tuesday afternoon for a visit of several days and to look after his grave interests.

Mrs. W. W. Langford has been ill for several weeks, but is a little better at this writing.

Mr. and Mrs. J. H. Twitty and Robert Twitty spent Sunday with the Rev. and Mrs. John Edwards.

Allie Mae Edwards spent the weekend with her parents, Mr. and Mrs. Perry Etheredge.

As Dr. E. J. Etheredge's new home is not completed, Dr. and Mrs. Etheredge celebrated their silver wedding anniversary in Sebring at the Arrowhead hotel Saturday night, Nov. 12. Those in attendance from DeSoto City were: Mr. and Mrs. Perry Etheredge, Mr. and Mrs. J. H. Twitty, Mr. and Mrs. J. A. Farmer, Rev. and Mrs. O. C. Tomlinson, Mr. and Mrs. J. P. Webster, Mr. and Mrs. M. A. Payne, Mr. and Mrs. L. T. Farmer, Col. and Mrs. F. N. K. Bailey, Mr. and Mrs. J. C. Kinard, Mrs. Laura Austin, Miss L. B. Mahan, Allie Mae Etheredge, Jane Catherine Farmer, T. W. Watts, W. W. Langford, Ernest Sawyer, Robert Twitty, J. C. McGuffee, Teddy Watts, A. B. Webster, Mr. and Mrs. William G. Roe of Winter Haven attended the silver wedding of Dr. and Mrs. E. J. Etheredge and spent the night with Mrs. Roe's brother, Perry Etheredge.

Mrs. E. J. Etheredge and Mrs. L. T. Farmer spent Monday in Sebring.

Other Crops Pay Better
 Ten cotton states, North Carolina, South Carolina, Georgia, Alabama, Tennessee, Mississippi, Louisiana, Oklahoma and Arkansas, this year cut their cotton 10,104,000 acres, or 23 per cent from last year, according to the United States department of agriculture. Florida is not classed among the leading cotton states. Cotton was once a great crop here, but other products now pay better.

PALMDALE

Warmer weather is welcome after a few cool nights and northerly winds. No frost as yet, but a white frost in November is not an impossibility. As a rule, no harm is done to anything but purely tropical plants or fruits. The rose is in its glory now and many are enjoying it. The Cape Cod cranberry is not to be preferred to this so-called Florida cranberry. The Euxine, Sarum cherry is another tropical fruit that should have a place in every garden. It is

not a cherry at all, but a very fine make-believe. It is worth while as a shrub, to say nothing of the two crops of fruit which, under high cultivation, is possible. The corrugate fruits are about the size of the common cherry of the north and equally desirable. There are two varieties, red and black. The Carmen grape is well adapted to this locality and should have a place in every garden. Shipping oranges. Two carloads of oranges have gone forward from this station. As many more, perhaps, were not sold. Sev-

eral parties plan to plant trees within a year. All our hammock lands are well adapted to this industry and will eventually be utilized. These terms to be an unusual interest in this country just now. Letters of inquiry are well numerous. One or two good oil wells will bring a multitude of both owners and new buyers to this section. As soon as casing is received, well No. 1 will be rushed to completion.

Population Increasing
Our population has increased 50 per cent within three months. A paying oil well or two will boost our numbers 1,000 per cent within thirty days. Those who are qualified to judge are sanguine about oil and gas. Our good friends of Moore Haven will only concede that gas exists in and around Palmdale. They will have to be told, however. They will see it. They are clankingly wrapped up in the county seat contest. As a dear old lady expressed it, the wording of the bill eating Glades county is a bit "amphibious," as to the eastern boundary of the county. We do not know exactly "where are at" and the maps do not help us much.

Sweet Potatoes Pay
Wilson and Beck are shipping many tons of sweet potatoes from this station. They planted about fifty acres and they have a good crop. Mr. Wilson reports that on a small area which he planted very early in harvested potatoes which brought at the rate of more than \$400 per acre. Late-set lands are peculiarly adapted to this crop. Other crops are just as good. Fortunately, indeed, is he who has one of these farmers.

Phat Hen Again
We lately reported that a hen belonging to Mrs. J. M. Gearhart of Palmdale laid a double-yolked egg during the afternoon of one day and on the following day, we within the 24-hour period, laid two more ordinary sized eggs, one of which was soft shelled. She laid one day and then went to laying one egg per day right along. Last week, she duplicated the trick, laying three perfect eggs within a 24-hour period. There is no mistake in this record, she is the only hen on the place. The hen is a cross between a brown leghorn and a plymouth rock, instead of black orpington and plymouth rock, as we formerly reported. Mrs. Gearhart thinks this is the champion hen of the world.

VENUS

Among the social events of last week was a birthday party given at the home of Mr. and Mrs. H. G. Cassels in honor of their son James' 18th birthday.

Miss Emma Williams, who is teaching in the Fort Meade school, spent the week-end with her parents, Mr. and Mrs. W. W. Williams.

M. A. Mar, an efficient member of the school board, was in Sebring this week attending to business concerning school work.

W. W. Williams is a business visitor in Sebring this week. He will also go to Jacksonville to visit his son before he returns home.

Miss Virginia Miller, who is teaching in the Hecora school, was a weekend visitor with home folks at this place.

L. M. Lee and Mr. Posser made a trip to Arcadia Friday on business, mingled with pleasure.

Professor Popwell is away for a few days, but the school is progressing nicely with Miss Eva Williams as manager and Miss Lee Williams assistant.

Our Sunday school and preaching services are increasing in attendance under the efficient management of the George Mason. It would be well if we could have this minister in our community continually.

L. L. Ryan spent Sunday with his family and attended services at the auditorium.

M. B. Cowart is trying to organize a choir for the benefit of our Sunday school and preaching services. He is a great agitator for good music.

Cleveland Pool returned home Saturday night from Safety Harbor, where he has been visiting his sister, Mrs. Fred Kite.

Truck is much improved since the rain, everything seems to be in a more thriving condition and we expect a good yield from our production from the soil. All we need to make Venus a more successful "truck center" is to properly cultivate the soil, for the quality is here.

Salvation Army
The Salvation Army captain and Mrs. V. C. Bryant of Pittsburgh, Pa., will conduct a service Sunday night, Nov. 20, at 8 o'clock. Mrs. Bryant is the famous "Captain Nell" and will relate some of her experiences in the slum work of the larger cities. There will be an interesting time. You are cordially invited to attend.

PRIZE ENTRY IN THE ANNANIAS CUP CONTEST

An American poultry farmer over to England to have a look around the poultry farms there and see where the farmers were making mistakes. He did not hesitate to tell how far advanced was the art of poultry keeping in America, and upon several tall yawns on that subject. Twenty chickens from twelve eggs appeared to be an every-day occurrence in the United States if the stories he told could be believed. But a bluff old English farmer was not unduly impressed.

"Hawt, mister," said the old man, "we have never seen as many as a hundred chickens hatched by one hen at a setting."

"Waal," answered the American, cautiously, "I can't say that I have, but—"

"Well, then, listen here, mister: I have," returned the farmer, "then I wish you would fill a barrel with eggs and set the old hen on the bunghole."—New York Globe.

How to Cook Dashen.
Under the title of "The Dashen, a New Vegetable of Great Value from the South," the United States department of agriculture, Washington, D. C., has published a list of recipes for cooking it for the table. R. A. Young of the United States bureau of plant industry is now in Florida to encourage the growing and use of dashens.

SCHOOL POPULATION OF UNITED STATES 33,250,870

The "school population" of the United States is 33,250,870, the United States census bureau has announced. Of this number, comprising citizens 5 to 20 years old, more than 21,000,000 were attending school between September, 1919, and January, 1920, when the census was taken. Utah apparently is the most studious state, 71 per cent of her citizens eligible by age being registered in schools. Massachusetts leads in the 7 to 12 years group with 96.1 per cent and Louisiana comes last with 75.9 per cent.

COUNTY SELECTION

The board of county commissioners of Hardee county have called a special election to be held Dec. 29, for the purpose of locating the permanent county seat of that county. Two of 498 qualified voters, requesting that the election be called and specifying that Zolfo be one of the towns named on the ticket. Two of the commissioners were for calling the election and two against. The decision being cast by the chairman of the board, Dr. Y. E. Wright, who voted "yes."

Upstairs in Sebring Real Estate Building, Phone 84.

STATE RULES ABOUT FEDERAL AID ROADS

Requirements as to how each state shall select its federal aid roads, constitute the principal new feature of the federal highway act, enactment of which has just been completed, as differentiating from the federal aid act of 1916, according to an analysis of the bill by the federal farm bureau. To secure part of its allotment of the \$75,000,000 of federal funds appropriated for road construction for the remainder of the fiscal year, construction of 7 per cent of its entire road building mileage must be made in order to secure federal aid. These are divided into two classes of roads, one, including inter-state roads which shall constitute more than three-eighths of the system selected and upon which more than 60 per cent of the state allotment can be expended without the joint approval of the secretary of agriculture, as administrator of the act, and the state highway department. The other class, consisting of inter-county roads, will compose the balance of the system and receive the remainder of the allotment.

The amount of federal aid received on any project, however, is not to exceed 50 per cent of the estimated cost, except in states where more than 60 per cent of the area is unappropriated public land, this latter provision increasing the percentage in ten states, bringing up to 77 per cent for Utah. Where any state fails to maintain properly a federal aid highway, the secretary of agriculture after ninety days' notice will maintain it out of the state's allotment and refuse approval of new projects until reimbursement is made by the state.

As in the preceding bill, the federal fund is apportioned among the states by division into three parts, one apportioned on a basis of population, one on a basis of area and the other according to mileage of rural and semi-rural roads. A new feature, however, stipulating that no state shall receive less than one-half of 1 per cent of the fund, increases the allotments to Delaware, New Hampshire, Rhode Island and Vermont to \$365,624 each.

Allotments for the various states, as estimated by the American farm bureau federation, included:
Alabama, \$1,364,740; Arkansas, \$1,254,140; Florida, \$986,502; Georgia, \$1,597,500; Kentucky, \$1,417,170; Louisiana, \$996,980; Mississippi, \$1,242,050; Missouri, \$2,415,120; North Carolina, \$1,709,330; Oklahoma, \$1,732,410; South Carolina, \$1,041,240; Tennessee, \$1,117,500; Texas, \$2,425,170 and Virginia, \$1,456,820.

Some Grass
A stalk of Nantier grass, standing at the First National Bank, has attracted marked attention because of its wonderful growth. It measures sixteen feet and was grown in nine months from the time the seed was planted. A. M. Smith grew the grass on his farm at Arbuckle Lake—Highlands County Plant.

Co-operation Pays

The town of Harman is in the center of "cut-over" land in northern Alabama. Ten years ago the farmers in the vicinity of Harman sold about \$3,000 worth of eggs and \$250,000 worth of milk to the creamery. In 1920 the farmers of Harman sold 200,000 eggs and 2,000,000 milk. The farmers there are in co-operative associations and find it pays to co-operate.

Methodists to Hold Revival

Next Tuesday night a revival meeting will begin in the Methodist church, Rev. W. A. Fisher announced that he would be assisted by Rev. C. E. Wright, who is the most successful revivalist in the state. Prof. C. E. Wright, a singer of note as well as Rev. Wright and will have charge of the music. A great time is expected because both preacher and singer come well recommended.—Highlands County News.

NOTICE OF BOND SALE

Notice is hereby given that bids will be received by the Town Council of the Town of Sebring, Highlands County, Florida, at the council chamber of said town, on the 19th day of November, A. D. 1921, up until 12 o'clock noon of said day, for the purchase of said bonds of said town; the said bonds to bear interest at the rate of seven per cent per annum, payable semi-annually; the principal of said bonds to be payable as follows: \$2,000 of said bonds to be due and payable on June 2, 1922; and \$3,000 of said bonds to be due and payable on June 1, every year thereafter up to and including June 1, 1932; and \$10,000 of said bonds to be due and payable on June 1, 1934; and \$10,000 of said bonds to be due and payable on June 1, 1936; and \$10,000 of said bonds to be due and payable on June 1, 1938; and \$10,000 of said bonds to be due and payable on June 1, 1940; and \$10,000 of said bonds to be due and payable on June 1, 1942; and \$10,000 of said bonds to be due and payable on June 1, 1944; and \$10,000 of said bonds to be due and payable on June 1, 1946; and \$10,000 of said bonds to be due and payable on June 1, 1948; and \$10,000 of said bonds to be due and payable on June 1, 1950; and \$10,000 of said bonds to be due and payable on June 1, 1952; and \$10,000 of said bonds to be due and payable on June 1, 1954; and \$10,000 of said bonds to be due and payable on June 1, 1956; and \$10,000 of said bonds to be due and payable on June 1, 1958; and \$10,000 of said bonds to be due and payable on June 1, 1960; and \$10,000 of said bonds to be due and payable on June 1, 1962; and \$10,000 of said bonds to be due and payable on June 1, 1964; and \$10,000 of said bonds to be due and payable on June 1, 1966; and \$10,000 of said bonds to be due and payable on June 1, 1968; and \$10,000 of said bonds to be due and payable on June 1, 1970; and \$10,000 of said bonds to be due and payable on June 1, 1972; and \$10,000 of said bonds to be due and payable on June 1, 1974; and \$10,000 of said bonds to be due and payable on June 1, 1976; and \$10,000 of said bonds to be due and payable on June 1, 1978; and \$10,000 of said bonds to be due and payable on June 1, 1980; and \$10,000 of said bonds to be due and payable on June 1, 1982; and \$10,000 of said bonds to be due and payable on June 1, 1984; and \$10,000 of said bonds to be due and payable on June 1, 1986; and \$10,000 of said bonds to be due and payable on June 1, 1988; and \$10,000 of said bonds to be due and payable on June 1, 1990; and \$10,000 of said bonds to be due and payable on June 1, 1992; and \$10,000 of said bonds to be due and payable on June 1, 1994; and \$10,000 of said bonds to be due and payable on June 1, 1996; and \$10,000 of said bonds to be due and payable on June 1, 1998; and \$10,000 of said bonds to be due and payable on June 1, 2000; and \$10,000 of said bonds to be due and payable on June 1, 2002; and \$10,000 of said bonds to be due and payable on June 1, 2004; and \$10,000 of said bonds to be due and payable on June 1, 2006; and \$10,000 of said bonds to be due and payable on June 1, 2008; and \$10,000 of said bonds to be due and payable on June 1, 2626; and \$10,000 of said

I Have Captured the Entire Community

I broke all selling records yesterday. I tore out the side of Wauchula trading traditions.

L. M. GAGE

Yes, I packed the store to the limit with four vital factors:

1. Truthful Advertising
2. Meritorious Goods
3. Earnest's Reputation
4. Awe-Inspiring Prices

The Best O. K. This Mammoth Sale Could Get Is The Way Goods Walked Out Wednesday

THE big event DID start with a BANG! and the rumble of satisfaction grew stronger as it was found that the bargains offered even exceeded our promises, in quality and quantity, and in percentage of savings, compared with regular prices.

This is a reputation we have tried to build—always a little better than we promise—and this is the time we promise much.

Which Day Are You Coming?

A Massive Merchandise Movement!

EARNEST'S
WAUCHULA

SEA ISLAND L. L. UNBLEACHED MUSLIN 10 YARDS 79 CENTS

The judge said, "I will discharge any autoist who brought into my court charged with excessive speeding if the driver can convince the court he was not driving in a careless or reckless manner."

The press of the state is admiring the man who has the temerity to make such an assertion—because they know the decision was a just one. It was a wise one, too. The rate of allowed varies so greatly that it is impossible for a stranger to keep all of them in mind. He sees a clear stretch of highway ahead, no approaching cars, no one on the road,

Nothing is more sacred than nature; it is the living manifestation of God, the evidence of divine laws and wisdom, and truth, in its proper place.

It is surprising how men who do big things along some lines can be so infinitesimally small along other lines.
