SEBRING, FLORIDA

CIVIC NOTES

The work of beautifying the station park has been continued and now in addition to the flower boxes that have been placed there, trees and shrubs have been set. Five large silk oaks and four palms were planted along the walk. The trees were secured near Sebring and transplanted so quickly and carefully that it is hoped that from the very first they will be real shade trees and not mere sticks, as most nursery stock is. Many compliments have been received upon the improved appearance of the station. It is one of the most prominent places in the town and its effect is far reaching.

Dr. J. L. Walkup lost no time upon his return to Sebring. He began immediately to clean up the weeds that had taken no vacation while he had his. We need all the winter residents to return soon or let us clean up their premises if they have not already attended to them.

The work at Tuscanville Park is progressing. The funds of the civic department of the Woman's Club are more than exhausted. Don't you want to pay for a tree or a grass plot? It is hard enough to do the civic work without earning the money, too. Won't you give some? A few more are already given. We will publish the list next week.

A cement walk is being laid by the city from the pavement on Center street to the city pier.

Dr. J. M. Anderson's lot on Lake View drive has been cleaned, ready for the building he intends to erect this winter.

Natali is beautiful at sunrise and at sunset, with the reflection of the pretty colors through its graceful tassels, especially when they sparkle with dew. But when this same Natali covers whole lots and many parking, it gives the town an unkempt appearance. As one man stated it, the whole town looks as if it needed a hair cut. It is getting the hair cut now. For "Short" grass, the city's man of all work, is getting after the worst places. Pomegranate street, between Lakeview and Commerce, looks much better.

Early last spring the park at the station was graded, drained and fertilized and the labor paid for by the civic department of the Woman's Club. Since that time the park has been cared for by the city. The Atlantic Coast Line porter, under the management of M. G. Norman, the station agent. A few weeks ago five window boxes were placed in the station windows. These were made, filled and placed there by L. H. Price, who received pay for them from the civic department. Last week silk oak trees, palms and shrubs were placed there, also paid from the same source. They are now in the care of the Atlantic Coast Line porter, who spends much time watering and caring for the boxes and trees. Mr. Norman has been most willing to co-operate with the women who had this work in charge and without this willingness to care for the plants or to see that

it was done, they could not have been put there. The lavatory in the station is being equipped with shelf, mirror and paper towels, so that it will be of more use to travelers who wait at the station.

The pink vine on the fence in front of Rigdon's house is at the height of its bounty now and is most attractive. The rubber tree in the yard is most tropical in appearance and has grown rapidly. It was so dense that it shut out light from the windows and had to be trimmed. Three large truck loads of branches were hauled away and those left at the top are so dense that neither sun nor rain can penetrate. Others would do well to plant rubber trees where the space warrants it.

The following men have subscribed the amounts stated to the civic department of the Woman's Club, to help in the work at the station: Hudson & Cobb, Ed Hainz, A. P. Butts, T. O. Sebring, each \$2; E. J. Muller, A. C. Heacock, J. B. Brown, each \$1. More donations will be thankfully received.

WANTS INFORMATION RE- REGARDING PICNIC ACID

"Arcadia, Fla., Sept. 12.
"Mr. F. H. Adams,
"Dear Sir:

"I am enclosing check for \$2 for subscription to the Highlands County Messenger. So long as we own property in that county, shall want the paper. We have a lot near the south end of Polinetta street, with a two-story garage; twenty-one acres of land three and one-half miles south-east of town, just north of the railroad, where I set 1,200 orange trees last spring. Have also purchased ten acres of land twelve miles south of Fort Myers and wish to clear same this winter. I am interested in the picnic acid mentioned in your paper. Could you give me any information regarding the same?

"Yours truly
"WALD LAMKIN."
Would advise you to consult your county agent or correspond with the experiment station at Gainesville. Either will give you full information concerning picnic acid and how to obtain it.

Misphah Monthly Social

The regular monthly meeting of the Misphah Bible class of the Methodist church was held Tuesday afternoon at the home of Mrs. W. F. Johnson, with thirty ladies attending. Mrs. P. A. Ruhl presided over the business meeting and Mrs. A. C. Heacock led the devotionals. The program was in charge of Mrs. F. S. Bee and Mrs. J. T. Love, who had arranged a few musical numbers—a vocal duet by Miss Ruth Taylor and Miss Gladys Ray, accompanied by Miss Lillian Beery, a vocal solo by Mrs. Merle Michener, and a piano solo by Miss Beery. After a game in the form of a contest, golden glow ice cream and a home-made cake were served. The October meeting will be held at the home of Mrs. F. S. Bee.

Mr. and Mrs. E. H. Davis motored to Winter Haven Sunday.

LOCAL AND PERSONAL HAPPENINGS OF THE WEEK AT DE SOTO CITY

Mrs. J. C. Kinard returned from an eight-weeks' visit with relatives in Columbia and Leesburg, S. C., and Augusta, Ga.

Mrs. O. S. Bowles and baby Eloise left Sunday morning to visit relatives in South Carolina. Mr. Bowles accompanied them as far as Haines City.

Mr. and Mrs. J. C. deGraffenreid left Saturday morning for Pelham, Ga.

Mr. and Mrs. Alva Payne had for their guests at 6 o'clock dinner Friday of last week Mr. and Mrs. J. P. Webster and Mr. and Mrs. J. C. deGraffenreid, in honor of Mrs. deGraffenreid's departure for Georgia.

Mr. and Mrs. A. A. Farmer spent Sunday with Mr. and Mrs. J. H. Twitty.

Jane Catherine Farmer spent several days last week with Alice Belle Etheredge in Sebring.

Miss Allie May Etheredge spent the week-end with her parents, Mr. and Mrs. Perry Etheredge.

School opened Monday morning with a full attendance and several patrons were present. The Rev. Edwards made an excellent talk, which was greatly appreciated and by some will never be forgotten.

Mrs. Perry Etheredge has been ill for several days, but is convalescing at the time of writing.

Dud Webster made a business trip to Sebring Saturday.

The Rev. and Mrs. Josh Edwards and Robert Twitty motored to Avon Park Sunday, where Rev. Edwards officiated at a morning service.

Commissioner Perry Etheredge attended a meeting of the county commissioners in Sebring Monday.

Dr. E. J. Etheredge expects to move his family back to DeSoto City some time this week. No place like home.

Frank Woods was a guest of Mr. and Mrs. J. H. Twitty Sunday afternoon.

Joel A. Farmer was in Sebring Monday.

Miss Bertha Woods spent Sunday with Miss Allie May Etheredge.

Every Sunday is "go to Sunday" school day in DeSoto City, for they have such an interesting Sunday school that when you go once you must go twice.

At the Methodist Church

The morning service at the Methodist church last Sunday was conducted by the regular pastor, the Rev. F. S. Merrill, who returned to Sebring Friday night of last week after a six weeks' vacation. Although he and Mrs. Merrill enjoyed the trip, they were much pleased to be back in Sebring and think that there is no place like Florida. The evening service was in charge of the Epworth League and the delegates just back from the state convention at St. Augustine returned their interesting reports.

A Kitchen Party

At the Library Tuesday evening, Sept. 27, at 8 o'clock. Every housekeeper invited.—Advertisement.

LOCAL AND PERSONAL

Fresh fruits and vegetables at Stokes' Grocery.—Advertisement.
Fine western must be had at all times at Stokes' Market.—Advertisement.

Our aluminum sale was a most decided success and we will put on another one soon. Sebring Hardware Company.—Advertisement.

H. B. Ridden and N. K. Norman, who are working on the new Sebring building, went to St. Petersburg to spend the week-end last week.

Mr. and Mrs. H. W. Schimpf, the former editor of the Zephyr, spent last Friday night and Saturday in Sebring attending to business here.

Mrs. Walter Scott has been in Sarasota for the past three months and returned to Sebring last week. Mr. Scott driving to Sarasota for her.

Evangelist Charles W. Weigle, after a brief stay at his home in Sebring, left Saturday for Clanton, Ala., where he will conduct a series of revival meetings.

Daniel and Hannah Masters arrived in Sebring last week from their summer's outing in Pennsylvania and Ohio. Both have gained in health and are glad to return to Sebring.

Mrs. E. A. Cope was expected to return to Sebring this week, but will be a little later, as she is remaining to be with her mother, Mrs. E. C. Norris, who is moving from Pittsburgh to Akron, O.

At our next sale the small articles will be 5 cents to prevent the children from carrying them off by the handful to be used in their playthings. Watch for the date, Sebring Hardware Company.—Advertisement.

Allen Altvater received a telegram last Saturday announcing the birth of a son to his sister, Mrs. Louise Altvater Campbell. Mrs. Altvater expects to come to Sebring next month and bring Louise and the new baby with her for the winter.

Harris Huff started Saturday morning to Gainesville to visit his friends at college. He made a little trip while waiting for train and missed his train. He spent some time with a friend at Haines City and returned Monday morning. He enjoyed his trip very much, but was sorry not to have seen the boys at Gainesville.

N. C. Cash went to Puhodale last Saturday and returned Sunday, bringing with him Mrs. Cash and their little daughters, who had been visiting Mrs. Cash's aunt, Mrs. McManus, for a week. Mr. Cash took with him Austin Hancock, Jr., who reported a most delightful time and extra good things to eat.

A letter from Mrs. Harry McCord states that she, her father, mother and husband have all been ill this summer and are getting ready to return to Florida to recuperate from their summer's troubles. This will make the tenth year for the Hemming family in Sebring and they now spend a greater part of the year here than in their home in Pittsburgh.

About four weeks ago the city of Sebring wrote to the ordinance department at Washington requesting a cannon for display in a public place. Thanks to the efficient service of the chief of the ordinance department, Nathan Hazen, the cannon arrived here last week and was placed in the Circle. To complete the picture as usually seen, a few shells are needed, and it is hoped that these may be purchased soon.

Mr. and Mrs. A. L. Marchand and two children from Ottawa, Kas., arrived in Sebring Sunday evening after a 1,500-mile auto trip, taking two weeks on the road. They have a winter home in Middleburg, Clay county, this state, but are touring the state with a view to locating some place further south. Mr. Marchand is a motor salesman and all around business man. They have several acquaintances in Sebring.

J. Lee Johnson purchased last week the Walker home on Pomegranate street, giving as part of the payment his Hanson car. Mr. Johnson is having the inside of the house finished and a sleeping porch and other addition made, which will make a very attractive and convenient home. The house will then be for sale. Walkers intend to build another home on a lot they have on Euclalyptus avenue. Mr. Johnson then secured a Willys-Knight car from C. W. Rogers.

Mrs. C. B. Treadway of Tavares, formerly of Sebring, has been visiting her father, R. G. Haskins of Winter Haven for the past few weeks. Last week she went to Avon Park to visit her sister, Mrs. H. F. R. Reck and family, and on Sunday Mr. and Mrs. Reck and their three children and Mrs. Treadway and her two children drove to Sebring to spend the day with Mr. and Mrs. F. T. Haskins. Mr. Haskins being the brother of Mrs. Treadway and Mrs. Reck. Mrs. Treadway will probably return to Sebring for a visit with her friends before her return home.

Judge G. W. Whitcomb spent last Friday night in Sebring, coming up from Moore Haven at the close of the Glades county court there Friday. The Glades county court was in session the same length of time as was Highlands county court, although the grand jury there completed its work in one day, where three were taken here. No one was sent to the penitentiary from Glades county and only one from Highlands, Irving Cutchens, who robbed the Ivy home at Lake Starnes. While in Sebring Judge Whitcomb was the guest of his brother and sister-in-law, Mr. and Mrs. Bob Hancock.

Monday we visited the kitchen of Meyer's Cafe. It was about the dinner hour and we found Mr. Meyer cutting up one of the finest pork hams he could buy to make into sausage. Mr. Meyer informed us that he made all the sausage used in his cafe and that nothing but the very best market afforded was good enough. He also was preparing two or three fine beef loaves for the oven and the vegetables he was preparing to serve were of the best quality. What impressed us most, though, was the cleanliness of the place. Everything kept as neat as in most parlors and not a fly to be seen.

NOTICES

The Woman's Organization of the Community church held its regular monthly sewing meeting at Tusculum Park next Wednesday, Oct. 3, from 9 a. m. until 5 p. m. Ladies are invited to come and sew all part of the day. Night garments and underwear for the children in the Jacksonville orphanage will be made. Lunch will be served at noon, with Mrs. Geller in charge. All ladies expecting to be there at noon will please communicate with her as to what they are to bring.

Services at the Salvation Army. The regular Army service at the Army hall Sunday night at 8 o'clock will be in charge of Commandant Mrs. George Jaeger and an especially interesting evening is promised.

The other services of the week will be as usual—Sunday school at 2 p. m., open air meetings on the Circle, Sunday, Wednesday and Saturday evenings at 7:30.

Methodist Church Services. Regular services at the Methodist Church, Dr. S. S. Merrill, pastor, Sunday school, 9:45 a. m.; preaching service, 11 a. m.; Epworth League, 8 p. m.; evening service, 8 p. m.; men's prayer meeting, Tuesday evening at 8 o'clock; mid-week prayer meeting, Thursday evening at 8 o'clock in the hut.

Executive Board Meeting. The regular executive board meeting of the Sebring Club will be held Tuesday night, Oct. 4, at the library. This is the last meeting the club will hold and a full attendance is desired. All club members are welcome.

ANOTHER ADVANTAGE OF A FORD AUTOMOBILE

One of the good ladies of Sebring was talking with a friend on Pine street the other day and while concluding her conversation started across the street. She walked behind a car that was standing at the curb and without watching where she was going stepped directly in front of a Ford. The lady driving applied her brakes immediately, but when the car stopped it was on the lady's chest. The car was lifted from her and amid the freight and excitement of all gathered about, she felt for her injuries. She found no serious ones, however, and said it would take more than a Ford to hurt her. Drive a Ford and lessen your liability insurance, might be the moral.

Christmas Suggestion. Christmas is coming. It is a good idea to gather gifts for the young folk in advance of the regular season when prices are usually higher. These gifts can be stored in a trunk or chest until they are needed.

Mr. and Mrs. Charles Leopold and family of North Grand, Pa., and friends arrived in Sebring Wednesday, coming by auto. They are now in their home on Pomegranate street.

JUST A SHORT HISTORY OF SEBRING SINCE ITS BEGINNING IN 1885

(Continued from Page 1)

have been encouraged to locate here, for they do not seem consistent with the present city of the town.

Almost as a tenth anniversary present, comes the organization of the Masonic lodge in Sebring. While there are over fifty Masons in town, never before did the time seem ready for their organization. The lodge in Sebring have been active in the Avon Park lodge, while a number of them have been waiting for an opportunity to take up their work. Plans were made for a Masonic temple that would make a proper home for the Sebring lodge, and on Thursday, Sept. 29, the corner-stone was laid by the most worshipful grand master of the state of Florida, Charles H. Ketchum of Key West, with a most impressive ceremony. As the Sebring Masonic lodge will embrace some of the most representative citizens of Sebring, it enters into the field here with every prospect of being one of the very best of its kind, and as it advances in its work there is no doubt that the town of Sebring will reap some of the benefits of this organization and a hearty co-operation of the Masons and the town will tend to add to the worth and glory of both.

GIRLS' GLEE CLUB IN "THE FEAST OF THE RED CORN"

(Continued from Page 1)

to be Impee Light, a young sister of the queen, who is always up to something and is said to be a regular insider. They threaten to burn her at the stake to appease the winds, but she excuses herself by claiming to have inherited her temperment. The committee are more mischievous and make the queen and the maidens believe that she and the queen's three little daughters have been drowned, but in the midst of their grief she restores the little ones and begs forgiveness and claims that she has appeased the winds by saving the queen's daughters. She has her way and the feast continues. The queen finds the red car, and her wish to see her king alive and well is granted and all are happy.

Leona Whitehouse will sing the part of Queen Wanta. She is well fitted to the part and acts and sings it well. Miss Anna Whitehouse, her deep contralto voice, will take the part of the old widow and her clever interpretation will interest all. Impee Light, the mischievous sister of the queen, will be sung by Miss Ellen Hancock and will add to the brightness of the evening. The three

little daughters of the queen will be enacted by Mary Estes, Mary Cornelia Saunders and Espage Rogers. Charlotte Varena will sing the solo, assuming Impee Light of her terrible crimes. The choruses promise to be as interesting as the solo work, for Mrs. Wright is recognized as a fine director in getting perfect ensemble results. The stage work has been most carefully rehearsed and costumes will add much to the effect. No one will want to miss this. Tickets will be on sale next week when the town will be canvassed. Tickets may also be secured at Green's Jewelry Store.

Following is the program: Mrs. E. C. Wright, director; Mrs. W. E. Leathersman, accompanist; Arthur Clawson and James Halliday, drummers; Queen Weeda Wanta, Leona Whitehouse; Old Squaw, Anna Ausland; Impee Light, Ellen Hancock; Fugee, Mary Cornelia Saunders; Fudgee, Mary Estes; Widgee, Espage Rogers. Sopranos, representing spirits of happiness and joy: Emma Whitehouse, Jessie Laid, Willie Taylor, Martha Swank, Luth Swank, Charlotte Varena, Estelle Maude Saunders, Espage Rogers.

Alto, representing spirits of sorrow and mischance: Geraldine Whitehouse, Emilie Ausland, Helen Moyer, Ava Letherman, Mary Estes, Mary Cornelia Saunders. Scene—A hollow in a glen. Time—Evening before and morning of "The Feast of the Red Corn."

FRIDAY NIGHT'S VIOLIN RECITAL BY MISS PATRICK

Tonight (Friday, Sept. 30) Miss Mary A. Patrick will give a violin recital at the Ohio theater, to which the public is cordially invited. An excellent program will be rendered as follows:

Part I
Farmer (Fantasia).....Sup. Ed. 3524
Wieniadski (Kulawski).....Polish Dance
DeBergit (der Air Varie).....Op. 1
Ole Bull (Melodie).....Saenger

Part II
Drdla (Serenade).....Harimann
Bachoven (Mennette).....In C
Mozart (Mennette).....In D
Mozart (Mennette).....6th Symphony
Mrs. C. Wright, accompanist.

Organ Being Installed
E. M. Binder, with the Moller Organ Company of Hagerstown, Md., arrived in Sebring Monday to begin the work of installing the pipe organ in the Methodist church. This work will take about ten days.

New crop walnuts, Baker-Fisher Company—Advertisement.

JUST A FEW FISH TALE OF SEBRING'S ARDENT FISHERMEN

"The more they get the more they want" seems to be true when it comes to fish, for whenever a party comes in with a fish, they begin to figure when they can go again and their catch seems to arouse in others the desire to go to the same place and get a few more and a few larger ones than any one else. Each week brings more fish and along with the fish the tales. And it takes real skill to settle some of the arguments as to who got the largest one. Witnesses are never scarce, for no matter how business pushes one in Sebring there is always time to see a fish and listen to the story of how it was done. When fish get away it is always an accident or a flaw in the tackle, but when they are landed it is always skill that does it.

Last Thursday J. B. Brown took as his guest G. N. Alden of Rome, Ga., to Istokpega creek and there Mr. Brown caught the finest and heaviest fish he ever caught (and that is going some, for he is no new hand at it) and Mr. Alden saw sport in watching him. He was very good. When he left Sebring the next day he took with him one sure kind of advertising, the lure to the fishermen.

On Saturday a party went on a trip to the Kissimmee river and had a great picnic and successful fishing trip. After eating all they could eat they brought back about twenty, all dressed but the biggest one, which was to be the evidence of their superior skill with the rod. Among this party were J. W. Ingle, James Ingle, Walter Moyer, Helen Moyer and Ruth Ingle.

Last Saturday morning a party of fifty fishermen, composed of John E. Graham and son, P. L. Vinson, T. Farmer, Bill Amy and D. C. Barrow, hid themselves to the Kissimmee river arriving there early in the day. After eating breakfast they started out with pockets full of lure and hearts full of hope and driving as close as they could with their cars, soon arrived at the river. They immediately became busy each vying with the other to see who would be the first to land one. Presently the cries of young Graham broke the stillness of the air, saying: "Oh, papa! Oh, papa! He broke my line and got my minnow. He was as big as a house!" But he was not to be deterred, for he quickly put on another bait and he was after another of those big ones. He managed to land several during the day, catching more than any other member of the party. L. T. Farmer landed the largest bass, getting one that weighed more than eight pounds. Bill Amy, however, brought home the grand prize, it being a fifteen-pound blue cat. It was a fine specimen of the fish, but did not catch as many as they wanted to, so they were not satisfied, however, and say they are going back again, which is positive evidence that they thought themselves well paid for the trip. The above was written by one of the party, who is noted for being overly modest in his statements.

PARK MERCANTILE COMPANY IS PUTTING ON A BIG SALE

The Park Mercantile Company of Avon Park is arranging to put on one of the biggest sales ever staged in this section of the country. The announcement of this sale will be found in a page advertisement elsewhere in this issue, which will prove most interesting reading matter for every one in this part of South Central Florida. The sale will be held under the management of Harry Massell of Macon, Ga., representing the Southern Sales System. Mr. Massell is in Avon Park now arranging the large stock of merchandise for easy handling, and says he anticipates large numbers of people from all parts of the surrounding country to attend the opening day. Sales of this kind are always popular and in these days of automobiles they are generally patronized from places fifty to one hundred miles distant, the bargain justifying driving that far and the outing appealing to the purchasing public.

F. H. Adams and family moved yesterday from the Pickard residence, where they have been for the past three months, to the Major Jess Gearing rooms over the feed store, which they have leased for the coming year.

PINECREST CEMETERY WORK PROGRESSING

The cemetery and the road to it were inspected last week by W. F. Johnson and Dr. E. G. Skiff, members of the council cemetery committee. The cemetery has been fenced and laid out in lots with brick markers on each line. The surveying was done by Edgar Bridge, civil engineer. In order to take in all the graves that had a ready been placed there it was necessary to annex to the five acres originally intended in the piece, two and a half acres more. The plat of the lots will soon be ready and all those wishing to purchase lots will be privileged to do so. The money raised from the sale of lots will be spent on beautifying the cemetery. The ornamental gate which was originally placed at one corner of the cemetery is now moved to the center and to this the road is being laid in a direct line from the hard road. The road to the cemetery has been grubbed and grade stakes set. Clay will be laid in tracks twenty-four inches wide and twelve inches deep. A road of this kind will give more satisfaction for less money than a narrow road with a poor foundation. All available funds will be used for the immediate completion of this road. It is just a year since the agitation for the cemetery was begun and the council should be given great credit for the way it has planned and managed this property.

"SEBRING THE BEAUTIFUL" IS THE MOTTO OF OUR CITY

The Circle received its regular cleanup last week. The mocking birds seem to have taken possession of the town lately. In the Circle and on each street pause at any time will be worth while for the song of the mocking bird is always there. The Circle is full of the songsters and the song service is a church. On Sunday the birds started a round of song among the birds that they were unable to stop about 10 o'clock.

Lake Jackson's shore is graced now with an abundance of beautiful gold-rod and white flowers. The shore along the lake, one does not wonder that our forefathers were so impressed with it that they made it our national flower.

Elder J. H. Moore's home is set in only a small plot, but that little plot has become a most beautiful one. The lawn in front is kept trim and soft. The beautiful cranes are attractive summer and winter. The fruit trees give beautiful fruit for the care they receive. Rose bushes and shrubs and the roses fragrant and perfect. In the back yard is a wonderful grape arbor that looks as though it has twice the number of years to grow that it has. An unusually large and peculiarly shaped tree grows in front of it. Mr. Moore says that it takes a little more brains, brawn and money to develop domestic plants here than in the north, but when it is considered that we have them all the year around, it is well worth it.

LOCAL AND PERSONAL

W. O. Ellis of Arcadia, representing the Telephone Company, was in Sebring Friday on business.

Mr. and Mrs. A. C. Hasty have as their guests at their home, Mr. Hasty's parents, Mr. and Mrs. Hill of Norfolk, Va.

Mr. and Mrs. Charles Leopold and family of North Graft, Pa., and friends arrived in Sebring Wednesday, coming by way of the train. They are now in their home on Pomegranate street.

Mr. and Mrs. R. E. Whidden and Miss Ruby Whidden of Arcadia came to Sebring last week to meet Mr. and Mrs. Rob Whidden of Okeechobee, with whom they had a pleasant visit.

Mr. and Mrs. M. E. Lanier and children drove to Moore Haven Monday, where they spent the day and night, returning to their home Tuesday. They report a pleasant trip, with no mishaps of any kind on the road.

Mr. Tom Lawton went to Arcadia last Saturday and returned Monday, bringing Mrs. Lawton and little daughter, who had been there for the

past week for a visit with relatives. They brought home with them a new Ford.

Mr. and Mrs. Martin and Charles Martin of Fort Ord and Mrs. Noland spent Sunday in Sebring visiting Mrs. Noland's daughters, Clara and Essie Noland, who are in the Sebring school. Also Clara as the primary teacher and Miss Essie as a student.

Dr. E. J. Etheredge and H. O. Sebring went as delegates from Sebring to attend an important meeting of the Gulf-Atlantic Road Road League, held in Okeechobee City Thursday. A report of the meeting will be given next week.

Announcements were received this week of the birth of a son on Sept. 24 to Mr. and Mrs. Clarence L. Campbell of Indianapolis. The young man was named Clarence L. Jr. Mr. Campbell will be remembered as Miss Louise Altwater, who has spent many winters in Sebring. Mrs. Altwater writes that she will soon return to Sebring, bringing Louise and the little boy with her.

Mrs. E. O. Douglas left Sebring Wednesday morning for the home of her uncle, Mr. H. Skipper, between Avon Park and Wauchula. She was called there by Mr. Skipper's serious illness and does not know how long she will remain. Just as we are about ready to go to press we learn with regret that Mr. Skipper died.

Wednesday night at 10:30 o'clock, Mr. Skipper was one of the oldest settlers in old DeSoto county and leaves a large number of relatives and friends to mourn his loss.

SPECIAL DAYS FOR FLORIDA STATE FAIR

Every day will be a "special day" at the Florida State Fair Nov. 12-19, and the events appropriate to the various days will be unusually attractive. It is anticipated that people of this community will attend more frequently than ever before and there will be events to hold the interest of the visitors from out of town.

Special days are designated as follows: Saturday, Nov. 12, Opening day. Monday, Nov. 14, Children's day. Tuesday, Nov. 15, Shrine day. Wednesday, Nov. 16, Governor's day. Thursday, Nov. 17, All Florida day. Friday, Nov. 18, Kiwanis day. Saturday, Nov. 19, Farewell 1921 day.

Committees from the various civic organizations in the city are being appointed to mingle with the visitors at the fair grounds each day, and extend the hospitality for which Jacksonville is well known.

Plans are being perfected to make the fair of 1921 the biggest and most successful ever held and thousands and thousands of visitors are expected.

WITH OUR YOUNG
FOLK AT SCHOOL

From William and Mary College comes the word that Miss Kathleen Bogle has accepted a position there as assistant teacher of bacteriology. Miss Bogle went to William and Mary for summer work to complete a course in bacteriology before going to Richmond to enter medical college. She became much interested in the work and gave such evidence of efficiency that she was urged to stay. She will continue her studies also and has not given up her original ambition of studying medicine. Miss Bogle spent last year at Tallahassee at the Florida State College for Women.

Miss Ruth Amy, at Rollins College in Winter Park, writes that she is much pleased to be back in school and her course, although a hard one, is very interesting. Miss Amy is specializing in music and literary work. Her musical talent has been well recognized by her friends in Sebring.

Miss Annie Laurie Etheredge says that it was easier than she thought to slip back into school ways and she almost feels as if there never had been a vacation. This is Miss Etheredge's senior year at Tallahassee. She is completing a course in domestic science and is anxious to teach next year.

Miss Mary Bogle was at Tallahas-

see last year doing preparatory work, but is now a college freshman. She is taking a course in music and literature, specializing in voice work.

The Sebring freshmen at Gainesville report a very busy and interesting time and all are much pleased with the school, the school life, their military training and their own Sebring Club. When H. O. Sebring, Jr., arrived in Gainesville last Saturday evening all the Sebring boys were at the train to welcome him and to initiate him into their activities. With such a delegation of young men from Sebring our city is apt to become well known among the university students.

Mary and George Swank write from Mount Morris, Ill., that they are settled down to real work and thoroughly enjoying it. Both are good students.

New Grocery Store to Open Soon

One of the stores in the new Heinz building has been rented to J. M. Cobia of Lake City, Fla., and he will open there a high-class grocery store. Mr. Cobia has been in the grocery business for twenty years and wherever he has been he has been successful. He became much attracted to Sebring and was one of three very anxious to rent the store room. The building is almost completed and the date of opening will soon be announced.

HAPPENINGS OF A WEEK TOLD IN A FEW WORDS

We print calling cards.—Advertisement.

Extra copies of the Messenger are on sale at the Rexall Store.

M. E. Lanier was transacting business in Sebring Wednesday.

Watch for our next aluminum sale at the Sebring Hardware Company.—Advertisement.

Mrs. A. P. Bates went to Bartow Tuesday, where she expects to spend the rest of the week with her parents.

For Rent.—Six-room furnished bungalow, on Center avenue, near Circle. Apply or write I. Dottery.—Advertisement.

W. S. Tierce and son Clifford of Basinger were in Sebring Wednesday, looking after school matters and other business.

Alfred Swanson and family from Washington, Pa., arrived in Sebring Monday morning and stopped at the Rosalie, where they will stay until they can find a home for the winter.

The DeSoto City Groves Company has a few ideal groves which it is at liberty to sell. These groves are in fine condition, well located, on high elevation and some have commenced bearing. Prices attractive. See or communicate with us. DeSoto City Groves Company, Sebring, Fla.—Advertisement.

Mrs. P. A. Ruhl left Sunday morning for Micanopy, where she was called on account of the serious illness of her mother, who is so old that no hope is given for her recovery. Mrs. Ruhl spent a great part of the summer with her mother, returning to Sebring only a short time ago.

The store of Gingery & Newman is thumped nearly every day with fishermen, who are either purchasing fishing tackle or swapping fish tales with Mr. Gingery, who is an enthusiastic disciple of Isaac Walton and generally succeeds in bringing in a good string whenever time permits of his "going a-fishing." This firm handles the celebrated line of South Bend bats and will soon have a special window display.

This week A. C. Altvater and W. G. McClelland, while on the W. D. Caswell place at Lake Stearns, killed two large rattlesnakes. They measured seven feet in length and had thirteen rattles and the other six feet, with a black head.

The monster of the monster, the skins, which they will exhibit in Sebring Saturday. They are beautiful specimens of their kind and the gentlemen will have them tanned and preserve them as souvenirs.

See us for fresh fruits and vegetables. Baker-Fisher Company.—Advertisement.

Mrs. P. G. Caravassio, who was taken ill on the train on the way to Sebring, is recovering from her trouble and enjoying taking up her residence in Sebring again. Mrs. Caravassio has with her this year her mother, Mrs. Denise Liberty of Syracuse, N. Y. Mrs. Liberty came to Greece seven years ago, when Mrs. Caravassio came to be married, but this is her first trip to Sebring and she feels that she has missed much not to have been here before.

Mr. and Mrs. J. W. Geary of Terre Haute, Ind., were in Sebring last summer and purchased while here a lot of Poinsettia avenue near the Heacock home. They write now that they will be down soon and have ordered built for them a garage in which they will live until they have time to build their home here. Raymond Gamble is having it built for them and looking after their interests here. Mr. and Mrs. Geary write that several of their friends are also planning to come to Sebring for the winter.

Furnished housekeeping room in bungalow. Apply Love & King Garage.—Advertisement.

A letter from Captain Hinsley says that he and Mrs. Hinsley went from Cleveland to Chicago, where they joined Mr. and Mrs. Ranahan and are now on their way to Sebring by auto, expecting to arrive here about Oct. 10. Mr. and Mrs. Ranahan purchased last year the 200-foot lot on South Lake View drive, just outside the city limits. They expect to build there this winter and are moving their household goods south with them, intending to make this their permanent home. They also have a grove in the Sebring district.

J. E. White of Fort Pierce and L. B. Whelan of Delray spent about a week in Sebring recently, because they were unable to get out. They were driving from Fort Pierce to Moore Haven and their car broke down outside of Sebring, compelling them to return for repairs. After several days delay the car was repaired and they started home instead of completing the trip to Moore Haven for they feared the roads from here on. Just as they crossed the tracks going out, their car again failed them and they returned for another stay and felt that they were tied to the main here. They did not find it very disagreeable, however.

Stokes Grocery is a good place to trade.—Advertisement.

Mr. and Mrs. G. F. Bobb returned Wednesday from a visit at Indianapolis, Ind. Mrs. Bobb was away about two months and Mr. Bobb four weeks. They were visiting Mrs. L. M. Barrett, who is a sister of Mrs. Bobb. They returned to Sebring by the way of Louisville, Birmingham and Jacksonville, at all of which places Mr. Bobb transacted business. While in Jacksonville they were entertained by Mr. and Mrs. G. W. Crosby, who are well known in Sebring. Mr. Bobb says business conditions in the north are not nearly as good as in Florida. From information gained while there it is believed there will be a serious shortage of coal this coming winter, as all of the mines having orders are closed on account of strikes and those without orders are only running small shifts of men and doing as little as possible.

Mrs. Bobb will soon open an office for the sale of electric fixtures and supplies in the new postoffice building. This will also be the general office of the Sebring Light and Water Company.

E. L. Greene, the jeweler, spent Monday in Tampa on business.

A complete line of fresh groceries at Stokes' place.—Advertisement.

Mr. and Mrs. O. F. Forbes spent Sunday at Lake Hamilton visiting Mrs. Forbes' former home there.

New shipment of Heinz's goods just in. Baker-Fisher Company.—Advertisement.

Miss Jessie Thrift has been teaching in the Sebring school for the last week. She was delayed in getting here by illness.

Mr. and Mrs. W. M. Pickard, accompanied by J. W. Dunn, secretary of the board of trade of Saluda, N. C., arrived in Sebring Tuesday, having spent the summer in the north.

Another reduction in crackers. A fresh shipment. Baker-Fisher Company.—Advertisement.

Wilhelm Schlosser and bride are expected to arrive in Sebring any day. Mr. Schlosser went to Germany in the spring and was married there. Mr. and Mrs. Schlosser and Mrs. George Buehl returned from Europe on the same steamer.

Try our breakfast bacon, sliced, 35c a pound. Baker-Fisher Company.—Advertisement.

W. B. Mitchell entertained at dinner Sunday in picnic style for a few of his friends, Louis Morgan of Arcadia, Miss Betty Davis of Wauchula. All were delighted with their short visit to Sebring. The men are connected with the Mitchell Telephone Company and have been in Sebring often lately and are getting more attached to the town on each trip.

Yes, we will have more teakettles and casseroles. Sebring Hardware Company.—Advertisement.

Orel Sebring drove to Gainesville Friday morning and went from there by train to Jacksonville, where he met Mrs. Sebring, H. O. Junior, and Lella. They returned to Gainesville, where Junior entered college, and spent Sunday visiting with the Sebring boys who are there. Monday Mr. and Mrs. Sebring and Lella drove home. Mrs. Sebring reports a pleasant vacation among relatives and friends in Ohio and West Virginia.

Remember, when you want engraved cards, invitations, etc., we order for you.—Advertisement.

Last Friday night A. Butler returned from Virginia with his wife and their two children. They spent the first few days at the home of J. W. Ingle on North Lake View drive and then moved into the home that Mr. Butler has just built on South Lake View drive. On the next day Mr. Butler and his family moved into the new home now being built by Mr. Ingle, the red brick foundation being already laid and the other material on the ground. Mrs. Ingle and Mrs. Butler are sisters and as both families are to live here permanently it will be pleasant for both to have their homes so close together.

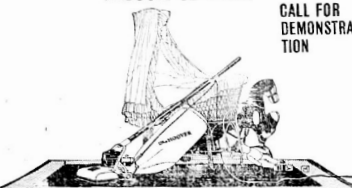

Evaporated peaches, pears, apricots and prunes. Baker-Fisher Company.—Advertisement.

Mrs. J. J. Cline returned to Sebring Saturday night after a three weeks' outing, spending part of the time at her old home in Douglas, Ga., and part at Valdosta, Ga.

I. M. Williams of Arcadia, manager of the Osceola Fertilizer Company, came to Sebring last week on business, but made it a holiday, too, by trying his luck at fishing.

NEWS OF THE WEEK

FROM LAKE STEARNS
T. U. Jackson spent the week-end in Lakeland with friends and relatives.
H. Waters and J. H. Driggers made a flying business trip to Arcadia last week.
Mrs. E. A. Bingham has gone to Bushnell to spend a month with relatives in that booming little city.
Mr. and Mrs. J. H. Driggers have returned from a week-end visit at Labelle, Goodno and other points.
G. A. DeVane, Jr., has as his guest this week at Lake Childs, his mother, sister and cousin, all of Plant City.
C. L. Gaines of Jacksonville made a business trip here last week in the interests of the Lake Childs Company.
M. A. Jones was in Arcadia last week attending to business for the

county, having been sent there by the commissioners.
Capt. G. L. Knight has returned to Tampa, after spending some time here superintending the work on the extensive grove of Knight & Clark.
Mr. and Mrs. W. F. Ward of Kico spent a very pleasant day at Lake Childs last week, riding over the lovely groves and enjoying a swim in the lake.

Community Church

Services at Tusawilla Park every Sunday at 11 a. m. Sermon by the pastor, the Rev. F. M. Tauchen. Special choir service under direction of Mrs. F. C. Wright, assisted by Miss Mary Patrick, violinist and vocal soloist and Walter Scott, violinist. A cordial invitation extended to every one. Subject next Sunday: "The Never Failing Helper."

1921 BASEBALL SEASON IS NOW THING OF THE PAST

Instead of a joyful crowd witnessing two exciting games to wind up the ball season, there was a disappointed crowd of ball players and ball fans when the Lake Wales team failed to appear for the double-header, which had been promised, due to a misunderstanding of the schedule. Our boys have worked hard all season, though the glory of their winning streak of the first part of the season was somewhat dimmed by the following series of defeats. They won the last game they played, however, and it is that we shall keep in mind until next season opens. The ball team has furnished many interesting days for many people and has carried the Sebring spirit of pep and push wherever it went. It is well worth the moral and financial support of everybody in Sebring and we shall watch for next year's season with hopes for a glorious penant-winning team.

As the work of the ball team for the year is reviewed, it is only just that some of the other faithful workers should be noted at this time. At every game but the first several ladies, under the auspices of the Woman's Club, have sold refreshments, lemonade, bottled drinks, peanuts, pop corn, candy, gum, cigarettes and cigars. The money earned at this work was placed in a fund to help buy uniforms for the team for next year. This work was real work for many ladies and at no time did they shrink. It was an accommodation to the fans to have the refreshments on the grounds and it will mean much to the team to be able to get into suits that are so badly needed. Some of the fruit juices, collected all afternoon, ordered bottled goods, peanuts, etc., she worked all morning on the grounds of the game preparing the refreshments and worked all afternoon at selling and serving them. She was aided in this work by Mrs. Claude Price, who also helped each time and by Mrs. E. C. Wright, who acted as cashier. Each week there were three or four other ladies to assist and many of these helped more than once. Some of the rah rah girls made candy and helped sell to people in cars. Several men helped with the table construction and the hauling to and from the ball field. A pump was put on the ground and the thing made convenient for good service. There was very little profit in much of the goods handled and it can not judge from the amount of money made the hours of time and labor that went to make up the sum reported. Mrs. Dottery wishes to thank all who helped her in any and all parts of the work and share with them the credit for the following report:

Report of Refreshment Committee
May 26, Sebring vs. Frostproof, receipts, \$23.28; expenses, \$23.09; net, \$0.19.

June 9, Sebring vs. Haines City, receipts, \$36.15; expenses, \$22; net, \$34.15.

June 20, Sebring vs. Wauchula, receipts, \$25.50; expenses, \$14.32; net, \$12.18.

June 30, Sebring vs. Haines City, receipts, \$7.25; expenses, \$2.99; net, \$4.26.

July 4, Sebring vs. Sebring, receipts, \$42.99; expenses, \$25.98; net, \$15.52.

July 14, Sebring vs. Lake Wales, receipts, \$32.18; expenses, \$21.18; net, \$10.82.

Aug. 25, Sebring vs. Frostproof, receipts, \$26; expenses, \$14.15; net, \$11.85.

Sept. 8, Sebring vs. Haines City, receipts, \$32.06; expenses, \$18.10; net, \$13.96.

Total: Receipts, \$269.59; expenses, \$154.59; net, \$115.

SOCIAL HAPPENINGS OF A CITY

WEEK AT DE LA CITA

A. D. Webster spent Tuesday in Sebring.

D. C. Barrow returned to his home at Pelham, Ga., Monday.

Mrs. J. P. Webster made a business trip to Sebring Saturday.

Cecil Jennings spent Sunday with Mr. and Mrs. Alvah Payne.

The Rev. and Mrs. Joab Edwards dined with Mr. and Mrs. Perry Etheredge Sunday.

Dr. E. J. Etheredge has a crew of men working on his new dwelling on Lake View drive.

Miss Allie May Etheredge spent the week-end with her parents, Mr. and Mrs. Perry Etheredge.

D. C. Barrow of Pelham, Ga., was a guest of Mr. and Mrs. L. T. Farmer two or three days last week.

C. D. Drawdy was called to Home land last week, on account of the serious illness of his mother.

Mrs. J. A. Farmer, who had been slightly ill for several days, is feeling some better at this writing.

The Rev. S. W. Walker of Sanford was here the fore part of the week, looking after his grove interests.

Mrs. O. S. Bolles is expected home Sunday from a two-weeks' visit with relatives and friends in South Carolina.

Earnest Sawyer, who is a contractor of Pelham, Ga., is helping erect Dr. E. J. Etheredge's new dwelling house.

Mrs. Joab Edwards, Troy Watts and L. T. Farmer spent a very enjoyable day with Mrs. J. H. Twitty Monday.

Joe Crews of Wauchula, former commissioner of DeSoto county, was a guest of Dr. and Mrs. E. J. Etheredge Tuesday night.

Mrs. J. H. Twitty, D. C. Barrow of Pelham, Ga., Mr. and Mrs. J. A. Farmer and Mr. T. Farmer were guests of Mr. and Mrs. Troy Watts Wednesday of last week.

J. C. deGraffentier returned Tuesday from Pelham, Ga., where Mrs. deGraffentier has recently undergone an operation. He reports that she is getting along nicely, a fact her friends will be glad to learn.

Instruction in piano work by Miss Lillian Berry. Studies at home of C. W. Rogers, Pine and Oak streets, Phone 94.—Advertisement.

SEBRING, : : : FLORIDA

CHIEF BILL SMITH OF

THE SEMINOLES SAYS

THE WHITE MAN LIES

Bill Smith, head chief of the Seminole Indians, after reading an article published not long since regarding the habits of the whooping crane, made the following statement:

"Whooping crane is not rattlesnake at all. Whoopie crane eat all same penewauigh (turkey); eat acorna, gall berries, palmetto berries, pine mast, paint root, bugs, all kinds. No make up rattler. Blue heron eat 'em. White man say whooper eat snakes, he lie. Indian know whooper all his life. Whooper crane heap good. Indian eat 'em same turkey."

The Indian hunting dance is now being held in the sawgrass region and will last about one week, after which they disband, each family going separate way, hunting and fishing until July next, when they will again meet and hold their green corn dance. This is an occasion for the settlement of all disagreements and disputes, debts and controversies and corresponds to the white man's court of justice.

The Indian's territory is being rapidly encroached upon, as the settlers invade his domain, and in a more years Chief Bill Smith and his followers will have to settle upon some definite piece of ground and cultivate the same or go hungry.

The Story Hour
Last Saturday at Tusawilla Park the school children that gathered for the story hour conducted by Mrs. Tom Mitchell had the best time ever. They heard more stories than usual and had all the room and opportunity for many old and new games. Two visitors also enjoyed the afternoon.

Among the stories that were told were: "Aladdin and His Lamp," "The White Cat," "Boots and His Brother," "Battercup," and "The Turnip." "Sparrow." The Wednesday morning primary story class was especially entertained with the telling of the story of "Hansel and Gretel," with cutouts of figures for illustrations of most of the characters. Other stories were told and bright colored pictures shown to them in the little books.

Next week the story hours will be at the same time, Saturday at 4 o'clock for the school children, and Wednesday at 9:30 a. m. for the primary.

Land in Farms
The total area of land in farms in the United States in 1920, according to the fourteenth census, was 955,678,545 acres, as compared with 878,798,325 acres in 1910, showing an increase of 76,870,220 acres, or 8.7 per cent. The average acreage per farm in 1920 was 148.2 acres, while the average in 1910 was 138.5 acres.

Jewish Feast Days
In each week of October is a Jewish feast day, when poultry is in demand in Jewish families. New Year in the Hebrew calendar is celebrated on Oct. 2 and 4; the day of atonement on Oct. 12, 13, 14 and 15; the feast of Tabernacles on Oct. 17 and 18; and the feast of law on Oct. 24 and 25.

Testers, Get a Copy

A first prevention manual for the school children of America was recently issued by the United States Bureau of Education, Washington, D. C. Teachers should send to the bureau for a copy if they are not already supplied. The loss by fire every year in America is enormous, the average of fires being one a minute, and with its regular loss of life. The ways by which fires start are numerous and it is necessary for persons to be overawakened by the look-out.

Corn Below Last Year
The government's report of the corn crop as of Aug. 1 was 5,032,000,000 bushels. This shows a loss of 91,000,000 bushels for the month and is 200,000,000 bushels below last year's yield. The loss in the seven surplus states, however, was 140,000,000 in July. The last two crops of corn averaged over 5,000,000,000 bushels, the first instance of the sort on record. If this year's promise is maintained this cereal will be abundant for many months. The crop is much further advanced than usual, so that the period during which damage can occur is short. Export buying is fairly brisk, but Argentina is still the chief source of supply, clearances from that country in the first two weeks of August totaling 11,400,000 bushels.

SECRETARY STATE HOTEL ASSOCIATION OUTLINES CONDITION OF ROADS

Following a tour of the state that carried him over practically every highway that will be traveled by motorists this winter, Secretary J. Harvery Whitney of the Florida State Hotel Association has given a report on road conditions that will be interesting to all who contemplate travel or who wish to know what the roads are like. His report is as follows:

Sebring to St. Augustine.
This stretch of the Dixie Highway in fair condition, barring the stretch of shell between South Jacksonville and beginning brick paving near Mandarin, which is becoming rough and full of "potholes" that defy the most careful dodging. The short stretch of rock road near the St. Johns county arch has been smoothed off. This was formerly a bad place. Brick paving on this stretch of road is going bad owing to heavy traffic.

St. Augustine to Hastings.
Brick paving fairly good, but also showing signs of wear from heavy traffic. In some spots deep sand on shoulders makes driving slow and dangerous when passing other cars. Some rock has been placed on shoulders but there is a big chance for improvement. The big bridge near Hastings seems to be solid enough, but looks as if it might cave in at any time.

Hastings to Bunnell.
This brick paving also fair, but many long stretches where deep sand on shoulders makes turning out a real task. Bridges along this stretch also going bad, and some of them appear very dangerous, only to be taken very slowly.

Bunnell to Daytona.
Continuation of brick from Bunnell to end of paving near Ocean City is fair but occasional holes, bumps and bad bridges which command slow speed. From end of brick through big hammock, coquina layer placed there last January is going bad. Lots of holes and that most disgusting corrugated effect that makes the best car rattle in protest. Unless this road is repaired before the heavy winter travel sets in, much violent language will be used. After leaving the hammock and swinging westward the short stretch of shell and rock road encountered is even worse than that in the hammock. After negotiating the shell road, the fine asphalt highway southward to Daytona is a joy, except for the "wash board" road just before reaching Tomoka creek.

Daytona to New Smyrna.
The asphalt road is good, but there are some surprisingly deep holes in it. The shell road is not bad, but again that corrugated effect that frightens a Packard and simply kills a Ford.

New Smyrna to Titusville.
More shell road and more holes. Getting bad and has been that way for some time. Nerve-racking driving here and one mile seems like several.

Titusville to Rockledge.
Some work being done on this road, but much more needed. The "wash board" effect is at its best here, and coupled with the dust, one is glad to get close to Cocoa, where the asphalt surfacing begins. Until one gets past Rockledge the road is fine, recent work having put it in first class shape.

Rockledge to Melbourne.
A continuance of the corduroy, washboard road. More shell, more dust, and more profanity provoking roadway. Getting bad.

Melbourne to Vero.
Except for the last few miles, this road is terrible. It is a continual succession of side slues and rattling shakes. Back wheels refuse to pull since they are in the air at least half of the time. The crowning gem of all the hard going. Bad holes making and no one seems to know it, as there are no signs of road work here.

Stuart to Miami.
Grand. Asphalt all the way, and nothing to fear except the speed. Free bridge at West Palm Beach, and fine ocean drive southward to Boynton. New road completed from Fullford to ocean beach, allows one to drive over and down to Miami Beach if preferred to the Dixie Highway.

Daytona to Deland.
Fine road in good shape. Asphalt is wide but good shoulders on narrow brick, make this a safe and fast road.

Deland to Eustis.
Going by way of Crows Bluff the road is fine at present. Shell and rock from the St. Johns river to Altoona, and asphalt from Altoona to Eustis in fine shape.

Deland to Sanford.
This old shell road, after leaving the fine brick just out of Deland, has long been a terror. It's worse now and getting worse every day. Tremendous traffic, and result is a badly cut surface with holes, ruts and corrugations. Brick from St. Johns to Sanford going bad.

Sanford to Orlando.
Brick road. Narrow but in good shape. Some bad turn-outs.

Eustis to Leesburg.
Asphalt and sand-clay roads, the latter being excellent and kept so by constant working of road gangs.

Leesburg to Ocala.
Lake county's part of the road the best. Marion county's road are fine in spots, but in spots are bad. Scraping carried on but seems to injure rather than improve.

Ocala to Gainesville.
Some good rock road but most of it rough. No bad going, but far from being a boulevard.

Gainesville to Lake City.
Rock roads on this stretch are rotten and need work. Around and through Alachua to High Springs magnificent asphalt highway. From High Springs to Lake City the road is rough and slow going. Some hills without a sign of improvement, but the best a sign can do.

Ocala to Sevierville.
All roads southward in best of condition. Meaning to Tampa, Bartow, Lake Wales and Arcadia.

Tampa to St. Petersburg.
Hillsboro county road fine. Menominee highway is without doubt best road in Florida. Pinellas county

brick roads going bad and very rough. Little signs of upkeep.

Lake Wales to Sebring.
Asphalt and clay roads. Former is good but the clay roads are rough and bad. Roughest piece of road in Florida between Lake Wales and Sebring, unless repaired since first part of August. (Editor's Note.—The citizens of Lake Wales are Sebring men repaired this stretch of road within the last two weeks and it is now in fairly good condition. Work was done with funds privately subscribed.)

Arcadia to Punta Gorda.
Some of this road is good, very most of it is rough. Upkeep is lacking and road is much worse this year than last.

Arcadia to Fort Myers.
Good road through the woods and prairie in fair weather. Hard to follow and follow. Another route on grade of surveyed highway can be followed but no taxing. Not bad going and some signs would help a lot. In wet weather, beware.

Punta Gorda to Fort Myers.
Nothing worse in the state for such a distance. A graded road that has lost its grading, deep ruts and deeper holes. This for about twenty miles, ten miles due east and ten miles due south. Then a good rock road into Fort Myers.

Sanford to Eustis.
Some rough brick, but most of the road fine asphalt. Bridge down at Wakulla river, necessitating ferry on flat boat operated by county free of cost. Approaches to ferry on either side not enough to warrant free ferrage.

Vero to Stuart.
Not so bad. In fact very good asphalt paving. Somewhat narrow in places, and some work needed. Big improvement made along Indian river south of Fort Pierce, where rock is being placed alongside of asphalt by larger rock paved curves.

Palatka to Gainesville.
Continuation of fine highway going on. This road is rough and sandy in spots, but offers no serious difficulties. Fort Pierce better than reported, but bad enough.

STATE GEOLOGIST VISITED OUR HOT WATER WELL

Herman Gunter, Florida state geologist, spent two days in Sebring last week examining our hot water well at the plant. He investigated thoroughly all surrounding conditions, the well and the pump. He was puzzled at the unusual state of affairs and came to no conclusion as to the cause or the source of the water. Three gallons of the water have been sent to Tallahassee and he will analyze it and compare with the analysis of "Sebring Health Water," which he claims is very good, both theoretically and practically. After a study of the matter, Mr. Gunter will return to Sebring for further investigation and make a report to those interested.

LAKE STEARNS THIEF SENT TO PENITENTIARY

Irving Catches, the young man who was caught on the streets of Miami by Ivey Patch, whose home at Lake Stearns he had robbed, was taken from Sebring last week to Bald for the state penitentiary, where he will serve two years. There was no plea of the state, for he knew he was caught with the goods and pleaded guilty before Judge Whitehurst, who pronounced the sentence.

An Important Tree

An interesting record was made in the county clerk's office last week, when it took several pages to state the exact disposition of very important tree, the Avon Everbear, at Avon Park. This tree has caused much comment through the state and entire country, for it bears fruit in all stages of formation at all seasons of the year and all citrus people are much interested in it. It was purchased some time ago by W. H. Lewis, B. N. Morrow and H. De Vane of Polk county and R. L. Harris of Highlands county. Since then these men have formed the Everbear Nurseries in which they will use wood from this tree as budwood. So they decided this tree and another that sounds almost as interesting to the Everbear Nurseries Company, which will guard them carefully, as they are rare specimens and apt to revolutionize the citrus industry.

Good Places for Sale.
A good paying established business for sale, meat market and grocery, includes building and large lot, well located on paved street. This is a snap, price is right. Owner wishes to retire from business. A fine opportunity for anyone desiring to locate in the most beautiful town of its size in the state and acquire a profitable business. For office and terms address A. B. C. Care Messenger, Sebring, Fla.

Arrested for Gambling.
Saturday night Sheriff Griffin and Deputy Hancock and Cash arrested fifteen negroes for gambling. Two raids were made—at the quarters in Avon Park and Lacey's quarters at the state mill, Avon Park. They were tried Monday before Judge Rouse and upon entering a plea of guilty were fined \$10 and costs, making a total of \$20.10 each. All paid but two, who will help build the highways.

Farewell Picnic.
Last Friday night eighteen of the young girls of Sebring joined in a farewell picnic to Miss Julia Bowling, who left Sebring Saturday morning for Kansas City. The picnic was held on the west side of the lake and the supper was the outing. The girls, by all, Miss Bowling has been in Sebring for seven months, living with her and aunt, Mr. and Mrs. Will Muff.

Fruit Bearing Hedge.
Dr. J. Peterson, an expert horticulturist, of Miami, says that a South American plant known as the carissa, does well for hedges in South Florida. It grows rapidly and bears acid fruit, suitable for many uses. In short it makes an inexpensive and attractive fruit-bearing hedge, with evergreen leaves, lustrous like flowers and red fruit.

Strikes Paralyze Industries.
The coal miners' strike combined with general labor troubles has produced complete paralysis of the British iron and steel industry. The output of pig iron, which averaged 685,723 tons a month in 1920, dropped in April, 1921, to 60,300 and 13,600 in May. Steel ingots and castings averaged 754,823 tons in 1920 dropped to 68,400 tons in April and 9,600 in May, 1921.

Rare Logic

A teacher, observing what she thought to be a lack of patriotic enthusiasm on the part of one of her small pupils, demanded: "Tommy, what would you think if you saw the Stars and Stripes waving over the field of battle?" "I should think that the wind was blowing," was Tommy's unexpected answer.

Loss in Spring Wheat.
The official estimate of winter wheat as of Aug. 1 was 344,000,000 bushels, a loss of 30,000,000 bushels during July. The spring wheat estimate is 213,000,000 bushels, a loss of 32,000,000 during the month. The total is 557,000,000 bushels, compared with 587,000,000 bushels last year and 641,000,000 bushels as the average of the five preceding years. The winter wheat crop is smaller than generally expected, but the spring wheat estimate is above expectations. The latter may be revised when threshing reports are available.

Free Poultry Course

A ten days' free course in poultry instruction will begin at the Florida Agricultural College at Gainesville on the first Tuesday in January. Interested persons are invited to write for particulars.
