ANNOUNCEMENT

Commencing with this issue the Messenger is under an entirely new management. The new editor, who assumes charge by virtue of a lease, is to absolutely control and shape the policies of the paper to the same extent that he would were it his own.

Now just a word as to that policy. As long as there are different kinds of people, just so long will there be demands for different kinds of news papers. And it is to meet such a demand that the new editor was prevailed upon to assume the management of the Messenger. We have talked the matter over with a large number of the most prominent business men in Sebring and we have been given assurance that such a newspaper as we propose to publish will receive a liberal amount of support from them and the people as a whole.

We want it distinctly understood in the beginning that the editor is under obligations to no one, and therefore will not cater to any particular interests or factions. We intend to shape the Messenger of this policy in conformity with our ideals of a real newspaper and those ideals are such as will not permit us to sacrifice our self-respect by assuming the role of a mere propagandist. Possibly our ideas will not harmonize with those of some of our readers. When they do not, we want our readers to feel that the Messenger is not theirs, but ours. We will be open at all times for an expression from them, but we have no any particular object.

As to our contemporary, the White Way, we consider it to be the most cordial. We consider the editor of the White Way and each of his employees a person of whom we have occasion to differ on any issue, our difference shall be expressed in a frank, honest and open manner. For the greater part of the time, however, we expect the two papers to be pulling together for a common aim; a greater and more popular Sebring and Highlands County. The differences that may arise, we believe, will result from an honest intention upon the part of each to hasten a realization of that goal, newspapersmen being human after all and seeing things in different lights. That there is a demand for both papers cannot be truthfully disputed, and Sebring and Highlands County are the gainers from their competitive efforts at service.

While we realize that the people are all Miscellaneous in so far as any expression as to our policy is concerned, still we want them to feel that we are always working to serve their best interests and in the accomplishment only of that service do we make a bid for their patronage and support.

In conclusion, we admit that we expect and even invite criticism; both constructive and destructive. We shall honestly endeavor to profit from both.

EXPLANATION

Due to "reconstruction" problems, we are unable to give readers this week the customary eight-page edition. We expect to do better next week, both from a standpoint of news and advertising. In the accomplishment of the latter, a number of merchants who are not adherents of this issue have promised to be next week. While a four-page issue is below the average, perhaps it would interest some of our readers who have the time to count the number of lines in live reading matter in this issue and to compare them with the number in some other small-town paper. As the saying goes, "you'd be surprised." This condensation of reading matter is accomplished by setting the type in what is known to printers as "solid" style. Therefore, we make no apology for this week's issue. We shall do better next time, but taking all things into consideration, we feel that our first effort is good. EDITOR.

A GOOD MAN

We wish to call our readers' attention to an announcement in this issue from Rev. John A. Taylor in which he declares himself a candidate for the lower house of the state legislature, subject to the will of the democrats as expressed in the June primary. Rev. Taylor, in our opinion, would make an ideal representative, and we gladly commend him to the earnest consideration of every democratic voter in Highlands County.

Our idea of a poor fish is not the gullible one who invests in the numerous oil ventures in Florida, but the newspaper man who donates free publicity to the "oil men." There may be oil in this state for all we know, and somebody may "cash in," but the poor newspaper man stands "nary" a chance.

Poor management has spelled the doom of many otherwise efficient and capable men.

A candidate is often judged by the quality of cigars he distributes among his "friends."

Intelligent advertising is an investment and as such it yields surprisingly consistent returns. By ignoring such as they are. And making good use of our time.

Headline in Tampa Tribune declares that "clothing is blamed for Hawaiians' downfall." And we thought all along that clothing was the least of their worries!

Local baseball enthusiasts should begin to plan for a crackerjack Sebring team and one that means other fans along the Ridge should act accordingly. For we must have some competition.

According to Banker E. L. Mack of Barrow the old-time expression of "wine, women and song" has degenerated into "Bevo, your own wife and community singing." Mark you, he said "DEGENERATED."

Notice that Tampanians are organizing for the purpose of inducing William Jennings Bryan to enter as a candidate against Park Trammell in the June primary. Wonder what Tampanians got against W. J. B.

With Group Four of the Florida Bankers' Association offered exclusively by bankers from Sebring, Avon Park and Haines City. It strikes us that the Ridge section is gaining some of the recognition it has long been deserving.

Regardless of whether they like it or not, the small cattle owners who are not preparing for the enactment of a statute which will force them to allow themselves to drift into the same predicament as did the foolish progenies of biblical fame.

Sebring did itself, round in the entertainment of the bankers Saturday and to the local bankers together with others who participated in making the affair a success, should be given credit for one of the best advertising stunts in behalf of this section that has been pulled off in some time.

PRESBYTERIAN CHURCH NOTES
It will be remembered that Rev. Alfred T. Vail supplied the Presbyterian church in Sebring two winters ago and many friends. This winter he has been supplying the St. Andrew's Presbyterian church at Nassau, the capital of the Bahamas Islands. He and his wife are to be in Sebring the latter part of next week for a few days and it is hoped that he will preach April 9, morning or evening, or both. It is hoped their friends will avail themselves of this opportunity to hear him again.

The pastor, Rev. R. E. Tedford, expects to preach next Sunday at 11 a. m. and again at 8 p. m. Notice the change from 7:30 to 8:00 school at 3 p. m., as usual. All are cordially invited to these services.

Parents should be sure that their children are not handicapped by defective eyes. Make certain that they see clearly and without difficulty; that their eyes do not hurt, twitch, cross, or are over-sensitive to light; that they do not have headaches, become dizzy, nervous, frown, or hold their heads in peculiar positions to examine close objects. Medical science has determined that 90 per cent of these disorders are caused by eye strain that can be relieved only by properly fitted glasses. DR. JOHN CARLTON CHRISTMAN

MAN, A DISTINGUISHED VISITOR, LEAVES SEBRING

One of the most distinguished visitors to Sebring has entertained this winter, Dr. John Carlton Christman, departed for his home in Chicago Monday. Dr. Christman, accompanied by Mrs. Christman, came to Sebring three months ago for rest and quiet, therefore he has not taken an active part in the social activities of our city. He has spent a considerable portion of his time fishing in Lake Jackson, enjoying every moment of his visit. Dr. Christman is a life member of the Chicago Boosters Club, a life member of the Hamilton Club of Chicago, one of the most exclusive clubs of that city; a member of the Sportsman Club of America, of Chicago; a life member of the Columbia Yacht Club; life member of the Nashville (Tenn.) Commercial Club; member of the Tourist Bureau of Orlando; a member of Evanston Lodge No. 224, F. & A. M.; Evanson Chapter No. 144, Royal Arch Masons; Evanston Commandery No. 58, Knights Templar; member of Oriental Consistory and chairman of the visitation committee of District No. 10 of the Oriental Consistory.

Before leaving, Dr. Christman presented to F. H. Adams, former editor of the Messenger, a copy of the Epitome of Law and Law's Fundamental Principles, compiled and published by himself, with the following inscription: "Sebring, March 25, 1922. To my accidental friend and acquaintance, Mr. F. H. Adams, with my compliments and best wishes. Dr. John Carlton Christman." For delivering a lecture, which is contained in the first seven pages of Dr. Christman's comprehensive work, he has received \$25,000, which is sufficient testimony as to the worth of the publication.

Both Dr. and Mrs. Christman were greatly pleased with Sebring and the surrounding country and before leaving the doctor stated that in all probability they would spend next winter in this beautiful section of Florida.

LARGE CROWD AT LEAGUE MEETING

CONTEST SPIRITED BETWEEN "YANKS" AND "GIANTS"

One Hundred and Fifty-five Present
Sunday Night—"Yanks" Lead
on the First Go-Round

As a result of the special effort being put on by the Epworth League of the Methodist church, a ribbon-decked audience numbering 155 persons crowded the "hut" to its capacity Sunday evening. In fact some half dozen of that number had to view the proceedings from the doorway and other points of vantage. The contest, which is between the "Reds" or Giants and "Whites" or Yanks, is intended to take on the nature of a baseball game a la world's series, but from the score of the respective sides Sunday night, 80 to 75 in favor of the Yanks, it was remarked that the first inning, numerically, more closely resembled the season percentages of the two Philadelphia teams than a clash between last year's pennant winners.

The rivalry between the two sides is said to be very keen, and it is understood that the ribbon-pinning leagues will continue their "game" for several weeks—the contest ending up in a big "feed" for which the losing side is expected to "put out." Percy Gearing, president of the league and apparently chief shearer of the white ribbons, stated Sunday night that he had used up twelve yards of white ribbon in making badges for the Yanks and it is believed that the dry goods merchants are enjoying a similar patronage from the Giants.

Miss Ruth Taylor conducted the devotional services Sunday evening and the main feature of the program was a talk by Rev. J. L. Pickard, which was thoroughly enjoyed by everyone in attendance.

It has been announced that an even larger crowd is expected Sunday night and that the leaders will see to it that the audience has sufficient room for comfort if it necessitates holding the service in the church auditorium.

BAND GIVES CONCERT

(Continued from Page 2)
certs will be regular weekly happenings in the immediate future could not be obtained from Director Shell, a number of persons are understood to be trying upon him the practicability of such a program. At the rate, it is argued by all, whether or not the band gives numerous public performances for the present, by the next tourist season, if the musicians continue to improve under their director, Sebring will have an attraction that many tourist towns are obliged to pay thousands of dollars for, at an actual cost of a proportionally small amount.

The members composing the band and the instruments they employ, according to a list furnished the Messenger by Mr. Shell, is as follows: Jaeger and Whitehouse, cornets; Dawson and Boyd, clarinets; Whitehouse and Daugherty, altos; Clawson, baritone; Robinson and Munsell, bass; Vaeger and Polans, drums.

ETHEREDGE HAS NO OPPOSITION

(Continued from Page 6)
They also argue that his experience and influence in the last legislature as a representative of the old DeSoto county enables him to influentially represent the interests of the entire district, made up mostly from the old county, as no other man possibly could.

While lack of opposition to Dr. Etheredge is causing smiles of pleasure from his friends, they are prepared to wage an active campaign in behalf of his candidacy should anyone announce. They add, however, that they would be just as confident of his election as they are at the present time, should any number of candidates make the race.

The counties comprising the district which Dr. Etheredge hopes to represent are as follows: Highlands, Glades, Hardee, DeSoto, Charlotte, Sarasota and Manatee.
