GAME WARDEN ESTIMATES SEVEN MILLION HUNTERS IN THE UNITED STATES

This is a nation of Nimrods. There are 1,000,000 hunters in the United States according to the chief United States game warden in the biological survey of the department of agriculture at Washington. This estimate was made from reports on the number of game licenses issued by the various states.

In 1919 2,000,000 state licenses were issued and in addition it is estimated that 3,500,000 hunters are exempted under various state provisions. The returns to the states from licenses was approximately \$4,500,000, all of which was expended by the states in administration of state laws for the protection of game. This sum permits the employment of approximately 2,000 salaried state game wardens and 600 fee wardens. The congressional appropriation for federal game warden service for protection of migratory birds is \$142,500, which permits the employment of only twenty-nine salaried wardens.

At its recent meeting in Ottawa the International Association of Fish, Game and Conservation Commissioners adopted a resolution calling for

the issuance of federal licenses for hunting migratory birds. The recommendation called for licenses in the form of special stamps to be issued by postmasters and attached to state licenses. It was estimated that the revenue from such licenses would amount to between \$1,000,000 and \$2,000,000, which could be used for the protection of game.

NEW COUNCIL HANDLED BIG CRISIS OF BUSINESS LAST MONDAY NIGHT

Last Monday night the town council met in regular session and owing to the fact that it was the last meeting of the year for the old council, much business was transacted. There were present Mayor William King, Clerk George L. Crews, Treasurer R. C. Petersen, Marshal W. M. Ferte, Councilmen George F. Kellogg, A. V. Anderson, R. I. Harris and C. N. Ott and Engineer John Hood.

The first business of the old council was to canvass the election returns, which was done and the officers receiving a majority of the votes, as published in The Pilot, declared elected. Newly-elected officers were then sworn in and the minutes of the old council adjourned.

The new council then took up the order of business and the minutes of the last meetings were read and approved.

There being a number of residents present with matters to bring before the council, order of business was suspended and they were invited to make their wants known.

The Rev. A. B. Buck called attention of the council to the fact that a number of small boys were in the habit of smoking cigarettes and wanted to know if some means could not be adopted to stop the practice. Mayor King read the ordinance which was subject, which provides that cigarettes or the material for making same may not be sold or given to children and for a heavy penalty for violating the ordinance. Mr. Buck was assured by the mayor and marshal that whenever evidence could be produced they would be glad to enforce the law.

A curfew law was favorably mentioned. Dr. A. S. Riddle spoke in behalf of the property owners in the north-eastern portion of the town, requesting that when the program of playing on the streets was completed, if there be any funds left, certain streets in that section of the city be played. Mayor King, at the request of H. E. Coy, brought up the matter of playing on the streets and President Kellogg, on behalf of H. C. Crapo and Mrs. L. E. Bass, the matter of playing the street, running on the street, and the Crapo property to the city.

H. B. Smith petitioned that a curfew street be established, stating that he and other property owners along the street were willing to bear part of the expense.

The petitioners were informed that as yet the town had been unable to borrow but once the funds were available for this purpose, but that when the funds were available and the program as outlined by the planning committee and endorsed by a large majority of the citizens was completed, if there were any funds left, the petition would be given due consideration and the matter would be brought up for the council to consider.

The council then proceeded to the report of the treasurer, which was as follows:

The reports of various officers and committees were received and accepted. The collector's report showed that during the month of November the amounting to \$54 and license fees amounting to \$14 and taxes in the sum of \$510.07.

The treasurer's report showed the following:

Street fund 207.40

Sidewalk liens 150.16

Balance on hand \$1,383.22
In trust playing fund \$5,179.13
This report was dated Nov. 16.

Councilman Ott of the sanitary committee, called attention to several places where insanitary conditions were noticeable and a motion prevailed that the clerk should serve written notice on property owners where such conditions were evident to clean up their premises within forty-eight hours after notice was given.

A special committee reported that options had been secured on all property needed to carry out the street and park program, with the exception of one lot owned by out-of-town parties, but that the committee had been given that the lot in question could be secured at a reasonable price. The report was accepted and the committee continued.

Finance committee audited the following bills and ordered warrants drawn to pay same:

RECK-TODD NUPITALS SOLEMNIZED WEDNESDAY

At 4 o'clock Wednesday afternoon, with music and amid showers of flowers, the wedding of David H. Lauder, of Kissimmee, an old family friend, pronounced the words that united the hearts and lives of Winifred Virginia Reck and Edward Gorchuch Todd.

Mr. and Mrs. W. M. Reck, parents of the bride, were not keeping house at present, so the ceremony was performed in the large reception room of Forest Lawn, the future home of the bride.

The affair was a family one entirely and was marked by homelike simplicity. The bride and groom, were attended only by Miss Henrietta Farrington of Punta Gorda and J. V. Chapman of Avon Park. Little Letta Reck, the 4-year-old niece of the bride, made a charming ring bearer.

After the ceremony a wedding luncheon, with music and happy couple departed by auto on the honeymoon, the destination of which is, of course, unknown to the hosts and friends, and which is forever enshrined in the inner chambers of memory's chamber.

Mr. and Mrs. Todd will be at home after Jan. 1 at Forest Lawn, the beautiful estate on Lake Loletta, purchased a short time ago by the groom.

The bride, Winifred Virginia Reck, known in Avon Park that colony at this time is unnecessary. Accomplished in the art of the needle, a degree of cultured refinement that marks true womanhood and those who are known to her as a friend, one to whom she has given her heart and her life of joy and unalloyed bliss.

The groom, while not so well known here, is a young man of exemplary character and exceptional business attainments. He comes from a splendid family and his every-day life is such as to command the respect of his neighbors.

In winning the bride for himself, he has won the hearts of all who know her and the family and friends of the bride, who wish for her a life of joy and unalloyed bliss.

RHODA ROYAL CIRCUS DRAWS LARGE CROWD

The Rhoda Royal circus drew a large crowd to Avon Park last Friday night, and although the show was not such as to draw the plaudits large aggregations would have received, it was well spoken of by those who attended. A circus in towns the size of Avon Park, especially when located off the main lines of railroads, is a novelty, and of course the gaily-colored posters announcing the coming always attracts considerable attention, especially from the children, to whom such an attraction is a decided treat.

The entertainment part of the show was of good. While not on an elaborate scale, it was clean and wholesome and there were really some good acrobatic features and other forms of entertainment in the two small rings under the big top.

The horses, ponies and trick mules were well trained and well fed, showing that the attraction has been successful financially.

Perhaps the success of the Rhoda Royal aggregation may be attributed in part to the games of chance which, of course, are a feature of the show, and particularly during the night.

Such games as the old three-wheel roulette, the wheel of fortune, and the wheel of chance, which are so popular in the night and a large number of people were victimized out of sums of money, and the attraction has been successful financially.

VETERAN NEWSPAPER MAN ANSWERS DEATH'S CALL

Harry M. Gann, publisher of the Lake Wales Highlander at Lake Wales, died in Tampa the latter part of last week. Funeral services were held in Tampa, under the auspices of the Tampa Typographical Union, Sunday, a large number of friends from Lake Wales attending.

Harry Gann was one of the best-known newspaper men in South Florida and his death came as a sad surprise to the entire newspaper fraternity, as well as to a host of friends in his home town and elsewhere. His career as a newspaper man had been successful and he had built up a business in Lake Wales that was highly profitable. He was a fearless writer, a naturally keen observer, and his work was a constructive one and much of Lake Wales' prosperity and growth may be attributed to his efforts.

Deceased was one of the oldest members of the International Typographical Union in the state, having been a member of that organization more than forty years. The local union at Tampa took charge of the funeral services, which were attended by many friends of the deceased, and high regard for the departed with beautiful floral offerings.

Lake Wales has lost a valuable citizen and the newspaper fraternity a capable and able writer.

"WORLD FAMOUS TRIO" TO FLY DURING THE BIG FAIR

"Curley" Burns, representative of the "World Famous Trio" of aviators, has signed a contract with the fair and will be one of the attractions of the "stunning" program at the South Florida Fair, Feb. 1-12, with all the thrills and excitement of the year, and a few extra for good measure. Mr. Burns will arrive in Tampa a week before the opening of the fair, together with Ralph J. Johnson, known as the "stunt" pilot, and Joe Wilson, double parachute drop artist. Leont George Haldeman, who stands as the champion of the world in the air, and Freddie McCann, reputed as one of the most daring aviators in the world, will also be present.

The trio, Haldeman, McCann and Johnson, produced thrillers for the last season, and incidentally caused some 700 Tampans through the air, without a single accident. Mr. Burns stated that his organization has been playing through the air at various state fairs during the summer, and that he carried a few more than 4,000 people aloft, Mr. Burns estimates, and that he has been in the air for some time.

In that time two sets of planes have been worn out by the grilling service to which the aviators put their planes. Burns stated that many new stunts have been worked out, and that the fair will be the first time they have been shown.

Following their stop in Tampa the entire outfit will fill an eight days' tour of the state, visiting the various state fairs and making movies of the same. The trio will be in the state for several days. They have just completed a tour of the state fair at Jacksonville.

Paid Your Red Cross Dues?

The members of the Woman's Club have been actively engaged in securing new and new members for the American Red Cross and it is gratifying to know that the people of Avon Park are responding liberally to this worthy cause. If there are any who have not renewed their membership they should do so at once, as the organization will need all the funds it can secure to carry on its relief work this winter.

Petition, starvation, nakedness and death are marching hand in hand in central and eastern Europe, these conditions prevailing in aggravated form. The Red Cross is not confined to any one country, but penetrates to all portions of the globe and we should consider it a privilege to help sustain this noble organization.

Financial Situation Sound

The general financial situation, notwithstanding the protracted liquidation of commodities and securities is fundamentally sound, so far as lending bankers can see. The liquidation of commodities and securities is every reason to believe it will be conducted in an orderly manner, without any undue loss being worked upon the country in general.

New Building Operations

H. E. Coy is erecting several new buildings on Childs street. He has one nearly completed and another well under way. He expects to begin work on his home place as soon as the other buildings are completed.

George F. Smith has completed the lumbering on his place on Childs street, near Lake avenue, and expects to soon begin building.

The Walter F. Coachman party, consisting of 200 of Florida's most prominent professional and business men and politicians, making a tour of the Seenic Highlands as guests of Mr. Coachman, reached Avon Park about 4:15 Saturday afternoon and made a short stop here before proceeding to Sebring, where they were entertained for the night. Sunday morning the party boarded the Atlantic Coast Line train for a visit to Lake Starns and Lake Childs, where at the latter place a barbecue was served in the open, a generous supply of roast beef, pork, fried chicken and all of the good things going to make an occasion of this kind and long to be remembered, having been provided.

The visit of this party will mean much for the Seenic Highlands, for in the party were many prominent men who knew of such a section of Florida through hearsay, and were prone to believe that reports of its marvelous beauty and its general prosperity and its unparalleled opportunities had been grossly exaggerated.

They saw and heard the "Ridge" conquered, for many were the expressions of delight from members of the party, who were unanimous in the verdict that "the land had not been told yet."

In speaking of this general prosperity and its unparalleled opportunities had been grossly exaggerated.

NINTH WEEK OF WALKER EVANGELISTIC MEETINGS

The ninth week of the Walker evangelistic meetings will open on Sunday night, Dec. 12, with a lecture on "The Mystery of the Seven Last Plagues of Rev. 16." Mr. Walker says the interest is better now than at any time since the effort began eight weeks ago. This speaks well for the meetings, considering the long time they have been in progress. The lectures on the prophecies of Revelation which are being delivered this week have had something to do with increasing the interest. There will be two more lectures on the Revelation series as follows: This evening (Friday, Dec. 10), "The Woman On the Scarlet Beast and Her Daughters," and on Sunday evening, "The Seven Last Plagues and the Time of Trouble."

Beginning Monday evening and continuing for the remainder of the week the lecture topics will be as follows:

Monday night—"The Last Call of God to the World."

Tuesday night—"Remember Lot's Wife."

Wednesday night—"Who Are the False Prophets of New Testament Prophecy?"

Thursday night—"Building and Eternity."

Friday night—"Some New Discoveries Concerning the Man of Galilee."
