Avon Park, Fla.

It is a very interesting sight these busy days to visit Section 17, 16 and Lakewood Villa and see the tractors at work on the big grove. Three machines of a modern type, capable of cultivating 50 acres per day each, show how easy it is to do the work when up-to-date methods are used.

Two spray crews are drenching the trees in order to keep them free from insects and disease, as well as to enable us to produce perfect fruit. There is not a detail for the betterment of your groves that is being overlooked, and the trees are acknowledged by all to be bigger and better than any groves of a like age.

No Lower Freight Rates
Freight rates on fruit and vegetables are not going to come down at this time, according to a statement made by the association of railroad executives in reply to complaints and a petition for general reduction of such rates. The executives charge that the evidence submitted did not show that rail charges had affected the shipment of farm products and that contrary to the complaints, more cars were being shipped now than in 1920. The complaints are also in the hands of the interstate commerce commission, which may be expected to take some action following the announced stand of the railroads.

Enjoyed by All Florida

The opening of the bridge across the St. Johns river at Jacksonville on July 4 was the basis of a celebration, which like the shot at Lexington heard around the world, was enjoyed by all of Florida, either in person or by good wishes. The bridge of concrete and steel, and perhaps the finest in the state, is 3,200 feet long and cost over a million dollars.

FAMILIARIZE YOURSELF WITH LAW REGARDING MOVING TREES OR PLANTS

Do you ever have occasion to remove cuttings or rooted plants from your neighbor's yard to your own? You do? Well, the chances are you are unaware of the fact that you are dangerously liable to get serious insect pests or plant diseases onto your property and that you are violating an important state law.

Diseases and insects harmful to plants in the aggregate cost America a billion dollars a year. Much of this cost is borne by Floridians. Very often with good intentions we give our neighbors cuttings or rooted plants to transplant to their yards or gardens; or we may receive such from them. In either case these plants may carry some serious insect or disease. Sometimes neighbors, who had nothing to do with the transferring, suffer because the insects or diseases get onto their property.

To protect us from such losses the Florida plant act of 1915 was passed by our legislature. It provides that all plants must be inspected and certified before they can be moved from one property to another. This means that a man must have his yard plants, such as rose bushes, poinsettias, etc., inspected and a certificate tag attached, before he can legally give them away or remove them.

In making this law it was not the intention of the state to burden the people, but to protect them. For this reason no charge is made for the official inspection. If you desire inspection, request it considerably in advance of the time you wish to move the plants; time is necessary for inspectors to make their rounds.

The benefits to be derived from this law alone justifies its observance. Each and every movement of unrooted plants is potentially dangerous. It should be borne in mind that cuttings, budwood and scions can spread diseases as well as whole plants, and that the law provides the sure requirements in transferring them.

Those desiring inspection should address "Nursery Inspector, State Plant Board, Gainesville, Fla."

FACTS ABOUT FLORIDA'S SIXTY-ONE COUNTIES

[Times-Union]
Florida is now divided into sixty-one counties, seven new ones having been created by the legislature of 1921.

Twenty-two counties have been organized since 1885, when the present constitution of the state was written. They are: Bay, Broward, Citrus, Charlotte, DeSoto, Dixie, Flagler, Glades, Hardee, Highlands, Lake, Lee, Okaloosa, Okeechobee, Osceola, Palm Beach, Pasco, Pinellas, St. Lucie, Sarasota, Seminole and Union. Bradford was formerly New River county, the name being changed in 1901.

Brevard was originally St. Lucie, the name being changed in 1855, but, in 1905, a new county was formed from part of Brevard and this division again took the name of St. Lucie. Hernando was formerly Benton county, the name being changed in 1850.

What is now Suwannee county was formerly part of Columbia, the new county of Suwannee being created in 1888, another slice of Columbia being annexed to it in 1893.

Baker was organized from part of New River in 1861.
Bay was organized from part of Washington, and part of Calhoun was annexed in 1911.

Brevard was formed from parts of Dade and Palm Beach in 1915.

Citrus was organized from part of Hernando in 1887.

Clay was formed from part of Duval in 1868.

DeSoto was organized from part of Manatee in 1887, and in 1921 the counties of Charlotte, Glades, Hardee and Highlands were carved from its territory.

Dixie was formed from part of Lafayette in 1921.

Flagler, organized from parts of St. Johns and Volusia in 1917.

Lake, from parts of Orange and Sumter in 1887.

Lee, from part of Monroe in 1887.

Okaloosa, from parts of Santa Rosa and Walton in 1916.

Okeechobee, from parts of Osceola, Palm Beach and St. Lucie in 1917.

Osceola, from parts of Brevard and Orange in 1887.

Palm Beach, part of Dade in 1909.

Pasco, part of Hernando in 1887.

Pinellas, part of Hillsborough in 1912.

Seminole, part of Orange in 1913.

Sarasota, part of Manatee in 1921.

Union, part of Bradford in 1921.

Demand for American Lumber
There is a demand for large quantities of American lumber in New Zealand, writes Consul General Winlow from Auckland. If the proposed improvements are carried out it is estimated that 50,000,000 feet of imported lumber will be required in the dominion within the next four or five years. It is believed that it should be possible to ship lumber profitably to New Zealand from the east coast of the United States, unless the initial cost of the lumber is too high.

Timber, sawn and dressed, pays a duty of 97 cents per 100 superficial feet on entering New Zealand, while timber undressed pays 48 cents per 100 superficial feet.

Cocoanuts from Panama
Cocoanuts are the principal product exported from Panama. In 1920 a total of 18,455,577 nuts were sent to the United States at an average of \$46 per thousand, the value of exports being placed at \$859,250. In 1921 prices had fallen to \$16 and \$18 per thousand.

Fur Industry of Canada
In 1920 the fur industry of Canada was productive of 3,600,000 pelts of a total value of \$21,387,005. According to total value, muskrat takes first place with \$6,030,000, beaver second with \$5,236,007, marten third with \$1,867,507, mink fourth with \$1,702,232 and silver fox fifth with \$957,475.

Why Many Don't Save

Saving money, you will find, is not wholly a Dollars-and-Cents matter. This statement may sound strange, but it is true.

Saving money is, first of all, a Brain-and-Backbone matter. And this is just the reason why so many people who make money can't save any of it—they don't think and have little self-control.

Happily, however, there are very few who can not learn the necessary lessons, if they will.

The time to start is today, and the place—this Bank. We'll help by adding 5 per cent interest, compounded semi-annually.

HISTORY OF FEDERAL JUDICIARY IN FLORIDA IN SUCCINCT FORM

Believing that the bar and the laity of the state will find great interest in the history of the federal judiciary presented in succinct form, the following is an extract from the address of John E. Hartridge delivered at the meeting of the Jacksonville Bar Association that honored Judge Rhodon M. Call recently.

"There are at present nine judges in the supreme court of the United States, thirty-three circuit court judges, ninety-six district court judges, and three judges of the court of appeals for the District of Columbia, making a total of one hundred and forty-one judges, independent of the judges of the court of claims in Washington and the judges for all island possessions.

"From 1846 to 1847 the entire state of Florida comprised but one judicial district, and during that time Hon. Isaac Bronson was the district judge. During 1847 Florida was divided into the northern and southern districts.

"From 1847 to 1855 Judge Bronson was judge for the northern district. From 1855 to 1861 Hon. McQueen Macintosh, having succeeded Judge Bronson, was judge in the district. From 1862 to 1870 Hon. Philip Frazier was the judge of the northern district of Florida. He was succeeded by the Hon. Thomas Settle, of North Carolina, who served as judge of the district from 1871 until his death, in 1888. In 1889, Hon. Charles Swayne was appointed judge of the district and served as said judge until the state was redivided in 1912. Upon his resignation John M. Cheney received an ad interim appointment, but failed of confirmation, and the Hon. Rhodon M. Call, the present judge, was then nominated by President Woodrow Wilson for the place and confirmed to the great delight and appreciation of the bar.

"When the state was divided into two districts, Hon. William Marvin was appointed the first judge of the southern district, and served from 1847 to 1863. He lived at Key West. The chief business before the court at that time was admiralty and largely involved wreckage and salvage cases, upon which subject Judge Marvin wrote a book, thus showing his interest in the law.

"In 1863, the Hon. Thomas Jefferson Blighton was appointed judge, and served until 1876, when he was succeeded by Hon. John McKinney, who presided over the district until 1881. In 1882 Judge James W. Locke was appointed the judge of the southern district, and served as the judge of the district until the territorial change, before mentioned, of the districts had been made, when by operation of law he became the judge of the southern district of Florida.

"Upon the territorial change of the two districts, Judge Swayne became the judge of the northern district and upon his death Hon. W. B. Shepard, the present very able, conscientious and lovable gentleman, was appointed judge of the district and still presides over its destinies with great satisfaction to the bar."

UNCLE SAM SPENT 44 BILLION LAST YEAR

The total government expenditures during the fiscal year just ended amounted to \$4,400,000,000 as compared with last year, representing a decrease of \$1,287,000,000 in ordinary disbursement and a reduction of \$7,216,000,000 in payments on the public debt according to the annual statement just issued.

Ordinary expenditures for the year amounted to \$5,115,927,289 compared with \$6,402,927,841 for the fiscal year of 1920, while disbursements on the public debt totaled \$9,183,027,170 as against \$17,028,029,723 in the previous fiscal year.

During the past year ordinary expenditures were heavier in the month of March, when \$356,475,399 was expended and public disbursements were greatest in June, when \$1,601,816,001 was applied on the national debt. Of the ordinary expenditures for the year the war department had with a total of \$1,101,000,000, representing a reduction of \$500,000,000 against the previous year. Interest on the public debt was the second largest item, amounting to \$299,000,000, a drop of \$21,000,000, while payments on account of federal control of the railroads ranked third in volume with \$730,000,000, representing a decrease of about \$300,000,000.

Of the public debt disbursements for the year, \$8,552,000,000 was applied to the redemption of certificates of indebtedness, a crease of about \$5,000,000,000 as compared with the previous year, while the next largest item was \$431,000,000 in Liberty bonds and Victory notes retired, representing a decrease of about \$722,000,000.

Rub-Mys-Tim kills infection.—Advertisement.

Mexico's Exports
 The bulk of Mexico's export trade consists of metals (silver, gold, copper and lead), cattle, raw materials and agricultural products. The most important manufactured products, besides metals, are sugar and cotton goods. The important raw materials exported are crude petroleum, fibers, (hemp, cotton and cotton linters), hides, chicle, coffee and vanilla. Practically all of the exports of Mexico come to the United States. The value of all imports and exports for the year ending with May, 1921, was \$182,000,000.

Italy's Olive Crop
 The olive crop of Italy in 1920 was 1,220,000 tons.

1919, at the postoffice at Avon Park, Florida,
under the act of March 3, 1879.

TELEPHONE No. 29

Ever notice that every summer is
the "hottest we ever experienced?"

Don't let petty politics or jealousies
interfere with the development of
Highlands county.

There's many a man who would like
to be appointed as official "booster"
tester for the courts.

Aradia seems to be booming since
the rival factions have gotten to-
gether or declared an armistice.

Dr. E. J. Etheredge would make a
splendid man to fill the vacancy in
the senate, caused by the death of
the Hon. Frank Cooper.

Now for a big five-county celebra-
tion at Avon Park, with Charlotte,
DeSoto, Hardee, Glades and High-
lands counties participating.

We have heard more than one per-
son remark that Sebring is the most
beautiful town in all of Florida. And
they are not far out of the way,
either.

Tampa is to have a million dollar
trap enterprise, which will do a man-
ufacturing and wholesale business and
ship its products by truck. Good
for Tampa.

Why don't some inventive geniuses
get to a machine gun attachment for
automobiles? The recent auto hold-
ups would justify owners in attaching
them to their machines.

And it will not be many years until
these Seenic Highlands will be as
thickly populated along the route of
the Seenic Highway as is that beauti-
ful country between Cleveland and
Ashtabula, O.

On every hand we hear words of
praise over the manner in which Wau-
chula entertained her visitors Wednes-
day and Thursday of last week. We
are not surprised, for we know the
people of Wauchula. Not a more hospi-
table bunch of citizens anywhere
in the state.

Hugh Sparkman and the Daytona
Journal Publishing Company, of
which Mr. Sparkman is manager,
have been sued for \$100,000 damages,
with libel assigned as the cause of
action. Some feather in the cap of
a newspaperman to be sued for that
amount, we'll say.

Editorial paragraph in the Times-
Union says: "If the newspapers would
only shut those Stillman people out
of their columns, the atmosphere
would smell much better." And on the
first page of the same issue there ap-
peared under a double-lead head more
than half a column of editorializing
concerning that odiferous scandal.

Now come a story from Brooksville
of 600 pounds of watermelon
being grown on a single vine and with
it comes the assurance that it is "a
fish story." Of course it isn't a fish
story. It's a watermelon story and a good
one at that. But there is nothing at
all surprising about it to those who
know what Florida soil will produce.
Florida is the natural home of the
melon and there is no place in Uncle
Sam's domain where they grow more
profitably or to a greater state of
perfection.

Times-Union: "Florida is about to
go into the business of road building
in earnest and we have no doubt that
that will be worth many times the
money spent." This is a piece of
good news and the program
will be started in Highlands county.
There will be thousands of strangers
coming to this section of the state
and if work is actually begun on
state highway No. 8, so that those
people can see and feel it to be more
than a mere "paper" road, many of
them will purchase property for de-
velopment, adding thousands and
thousands of dollars to the state's
taxable value.

Congressman Herbert J. Drane has
returned from Washington to his
home in Lakeland for a brief rest.
One of his last acts before leaving
Washington was the filing of a strong
brief with the house committee on
judiciary in behalf of his bill for the
creation of an additional federal
judge for the southern district of
Florida. An additional federal judge
for this district has been needed for
several years and only a couple of
years ago we pointed out that Judge
O. K. Reeves recommended that Judge
O. K. Reeves receive the appointment.
We are still of the same opinion and
believe that if the hide-bound parti-
sans at Washington will cast aside
their political prejudices in favor of
justice and ability, Judge Reeves will
receive the appointment. If an ad-
ditional federal judge is created.

Tampa Tribune: "The Avon Park
Printing Company is starting a new
paper at Sebring, he called the
Highlands County Messenger. Just
imagine "Ma" Ruhl of the Sebring
White Way and George Adams of the
Highlands County Messenger getting
on opposite sides of a local fight
there." If the White Way gets on the
opposite side of any question concern-
ing the welfare of Sebring, it will be
on the side that destroys instead of
constructs. The Highlands County
Messenger will work for the construc-
tive interests of Sebring, past, present
and all the time. We are not enter-
ing that field with a view to tearing
down, but to build up. We are not
building, build up a business for our-
selves that will not only be profitable,
but a source of satisfaction in the
knowledge that it was built up by
fair means and not by contemptible
insinuation against a competitor.

"WHO WILL BE SENATOR?"

Under the above caption last week
we reproduced an editorial from the
Punta Gorda Herald, in which the
Herald recommended Capt. W. H.
Johnson of Punta Gorda as a fitting
person to succeed the Hon. Frank
Cooper in the state senate.

Without casting any reflections
whatever upon Captain Johnson, we
are going to suggest some ideas for we
believe we have a man in Highlands
county who should be honored with
the position.

We refer to Dr. E. J. Etheredge,
whom the people of DeSoto county
honored last year by electing him as
their representative in Tallahassee.

Dr. Etheredge proved his ability as
a statesman.

He was true to his trust in every
particular.

He achieved the object for which
he fought and did it in a statesman-
like, fair and gentlemanly manner.

He was fair to every section of old
DeSoto and fought for those things
desired by his constituency.

There is little doubt that if Dr.
Etheredge will consent to become a
candidate for the position made vac-
ant by the untimely death of Sen-
ator Cooper, but that he will receive
the support of a large majority of
the voters of the seven counties com-
prising the twenty-seventh senatorial
district.

Even those who opposed him be-
fore would support him now, for they
know he will give them a square deal.
They know that his integrity is un-
questioned and that he will work tooth
and nail for those things which will
benefit the greatest number.

Dr. Etheredge is a big, broad-
minded, fair, impartial man.

He would not stoop to a contem-
ptible action, neither would he take
an unfair advantage of a political en-
emy.

He would not use his high office for
personal emolument or profit.

But we know he would give the best
that is in him for the benefit of all
sections of this senatorial district.

We have not conveyed with Dr.
Etheredge upon the subject and do
not know that he would consent to
become a candidate for the office, but
if he will consent, there is no man in
the district who could or would fill
the office with more credit to him-
self and his constituency than he.

In suggesting Dr. Etheredge as the
logical man to fill the senatorial vac-
ancy, we cast no reflections what-
ever upon the integrity or ability of
Capt. W. H. Johnson, but we place
Dr. Etheredge's name before our readers
for consideration because of the
service he has already rendered and
because we believe he deserves the
honor.

Let us give the matter careful con-
sideration.

STRONG, PROGRESSIVE CONSERVATIVE

Through the medium of our ex-
changes we are able to determine to
certain degree the amount of co-
operation the business men of var-
ious parts of the state are extending
to the publishers of newspapers. In
the way of advancing the interests
of community an estate. In a num-
ber of instances the merchants have
purchased a full page of space, which
is devoted each week to telling of the
advantages of the advertiser. In other
instances, two of which are rather out
of the ordinary, the advertiser has
devoted a portion of their advertising
space to telling of the advantages
of the advertiser. In one instance,
the advertiser, the K. K. K. of
Wall Hardware Company of Tampa
stands out in bold relief. This com-
pany has recently been successful in
advertising the resources of South
Florida communities, other than
Tampa.

Last Monday the Atlantic National
Bank of Jacksonville devoted fifty
inches of space to advertising space
in the Times-Union to telling of crop
conditions in the state and adver-
tising the resources of the state. The
people in other states will be un-
doubtedly prove of no little benefit to
Florida.

Firms of this kind realize the value
of publicity and they are not un-
willing to make the most of it. The
paper publisher is bearing a heavy
burden of expense in exploiting the
advantages of Florida. They are
showing their appreciation of what
the publishers are doing by bearing
a portion of the expense.

The Atlantic National Bank of
Jacksonville devotes, in addition to
its signature to the advertisement
mentioned, these three words adver-
tising its own business: "Strong,
Progressive, Conservative." And we
want to endorse the thought that
those three words suggest.

Within a few years after state
highway No. 8 is completed hundreds
of thousands of dollars will have been
added to the assessment roll of every
county through which it passes. That
means the state will receive immense
sums in the way of taxes.

A Philadelphia boy arrested at
Memphis, Tenn., admitted that he had
stolen \$4,580 with which to "see the
world." It is not evident that boy
had not studied the passenger tariff
rate sheets, else he would have stolen
a larger amount.

Ocean county (Mich.) fruit farm-
ers want the railroads turned over
to Henry Ford. Well, we might do
worse. If Henry can run the rail-
roads as cheaply as he can a tin lizzie,
the rates might be scaled a trifle.

Detroit Free Press: "An optimist
is one who earns \$25 a week and buys
on credit. A pessimist is one who
buys on credit. Optimism and
youth go hand in hand. We all
like them."

True religion doesn't mean the en-
forcement and enforcement of blue
laws. Those are not the teachings
of Christ, but the harpings of fan-
atics.

Everyone is saying that there will
be a great business revival in the
fall. Keep talking it and business
will indeed be good.—Times-Union.

Buying as well as selling at wholesale through the Exchange Supply Company

A merchant who bought at retail and sold at wholesale would soon fail.

The manufacturer who neglected to provide raw materials at quantity prices would have
little success.

Citrus growers, as individuals, for a long time were forced to sell their product at whole-
sale while compelled to buy materials and supplies at retail.

This was a losing procedure, because fundamentally unsound. Even though many crops
of grapefruit and oranges were profitable, the growers failed to net as much as they should.

The cooperative system of marketing has made it practicable for citrus growers to buy
as well as to sell at wholesale. Working together, growers can obtain the lowest prices
on materials and supplies by quantity purchases.

The Exchange Supply Company, serving only members of the Florida Citrus Exchange,
has proved that cooperative buying is no less a success than cooperative marketing. It has
become the largest buying organization in Florida and one of the greatest in the South.

Through the medium of the Exchange Supply Company, citrus growers who necessarily
sell their products at wholesale are made purchasers at wholesale of things which enter into
the operation of their business. Groves and packing house costs thus are materially reduced.

The Exchange Supply Company does not disturb commercial conditions. It is not a cut-
rate, price-breaking institution. So far as these are fair and just, ruling prices are main-
tained. The savings to growers are paid to them at intervals in refunds and dividends. They
get all the net earnings—there are no other stockholders than the Sub-Exchanges and local
Associations of the Florida Citrus Exchange.

The business of the Exchange Supply Company has grown from nothing four years ago
to an annual turnover of more than three million dollars. Beginning with a capital of less
than \$25,000, the enterprise now has gross assets of over two millions—net worth, at greatly
depreciated values, more than \$250,000. No cooperative movement anywhere at any time
has attained a record of success so outstanding as that of the Exchange Supply Company.

See the nearest Sub-Exchange or Association manager in reference to membership
in the Florida Citrus Exchange, which will entitle you to participate in the benefits
derived through the Exchange Supply Company from the purchase of grove mat-
erials and packing house supplies at wholesale.

EXCHANGE SUPPLY COMPANY

Business as usual is the slogan in
Avon Park.

Ten new store rooms nearing com-
pletion in Avon Park. And all of
them rented, too.

Think good roads, talk good roads
and insist on your friends and neigh-
bors thinking and talking the same
way.

If Sheriff Spencer will do a little
scouting around in Pasco county he
may secure a trace of some of those
cars that have recently been stolen in
Tampa.

Hard roads all over the state and
the development of our natural water-
ways would do more toward lowering
freight and passenger rates than all
the protests to the interstate com-
merce commission.

Tampa Tribune: "Manatee county
is agitating the building of fifty-one
miles of hard-surfaced roads. That
county is destined to make the rest
of us look out, yet." And the same
county is agitating the building of
new counties. They all realize
there is nothing like good roads to
cause rapid and permanent growth
and improvement. No road is so ex-
pensive as a bad one and while good
roads bonds mean increased taxation,
there is no other investment of the
people's money that pays such quick
and big dividends.

Have you purchased stock in the
Avon Golf and Country Club? It
will be one of our best assets.

Now is a good time to make an in-
vestment here. When our new state
highway is completed, prices will be
higher.

A cut in Jacksonville dropped dead
after having bitten the hand of a
child. Gee whizz! Those Jacksonville
kids must be sure-nuff pizen.

Heading in St. Louis's Times-Union
says: "Engine stops 1,500 feet in
air; lands on tiny island." Now who
in the world would have thought there
were islands that high up in the air?

The Lake Wales Highlander gives
the entire credit of getting the state
highway commission to designate the
Scenic Highway as a state road to
Messers. Tillman and Bullard of Lake
Wales. We are perfectly willing they
should have all the credit due them,
but must say that we believe in view
of the fact that the Associated
Boards of Trade of the Seenic High-
lands has for some time been work-
ing on this proposition that body is
entitled to at least a part of the
credit. In fact, we are of the opinion
that had the way not been so thor-
oughly paved, any two men in the
state would have found hard sledding
in attempting to bring about the de-
sired result.

Reservations are already coming in
for accommodations at the Hotel
Avon next winter. A good hotel, a
good town and good people coming.

Associated Press dispatches tell us
that 1,032,000 adults in New York are
not citizens of the United States.
They should either be made citizens
or returned to the countries from
whence they came.

Just as a tip to the sheriff of Pasco
county, we'll state that a certain
man's wife told us that her husband
used his farm near Lumberton as a
place to hide stolen cars. The sher-
iff knows the place, the man and the
woman—and we don't know how much
more.

It has been suggested to the writer
that the proper place for a park is
along Lake Avenue from the incor-
porate limits on either side of the
city to within two blocks of the busi-
ness center. A good suggestion and
the best way to carry it out is for
every property owner to constitute
himself a committee of one to beau-
tify his property along this avenue.

If nobody finds fault with his neigh-
bor, there will be no fault-finding.

Hunting, fishing, golf, trap shoot-
ing, boating, bathing, kodaking, ten-
nis, quail pitching—these are just a
few of the attractions to be found in
Avon Park.

A North Carolina deputy sheriff
was shot and instantly killed while
moving a still. Still these deputies are
on a still hunt for stills and the
stillers who operate the stills are still
killing the still hunters.

The Zofo Truth has changed its
name to the Hardee County Herald
and we are wondering if Hancock got
tired of living up to the name given
the paper by its founder, George
Washington Adams.—Wauchula Ad-
vocate.

The Pensacola News is now issuing
a Sunday morning edition, the initial
number of which reached us last week.
It is a credit to the company by whom
it is published, as well as to the city
of Pensacola. May it receive the
patronage it deserves.

J. T. McLendon of Plant City was a business visitor in Avon Park last Friday.

L. A. Wolf and M. F. Whidden were business visitors in Arcadia Monday.

Vernon Crews of Zolfo was among the out-of-town visitors in Avon Park Saturday.

Why not have a suburban water plant installed? M. H. Gribble.—Advertisement.

Charles Skipper has sold his Cole 8 to H. B. Smith and is now driving a new Ford coupe.

Avon Heights lots are nearly all gone. Better buy yours now. See Sivender.—Advertisement.

W. W. Whitehurst, one of Wauchula's leading legal lights, was transacting business here Tuesday.

For Rent.—Furnished rooms for men only. Apply Masonic Temple.—Advertisement.

Mrs. A. E. Conoley, daughter of Myrtle and son Rudolph, returned the latter part of last week from a pleasant visit to North Carolina.

Mrs. A. J. Steedly of White Pond, S. C., is spending a couple of weeks in Avon Park, the guest of her sisters, Mrs. W. O. Skipper and Mrs. J. R. Dutton.

The many friends of Mayor and Mrs. William King will be delighted to know that Mrs. King has almost fully recovered from her recent severe illness.

W. S. Pierce and son Clifford of Fort Hatteras spent Friday night and Saturday in Avon Park attending to business matters and hobnobbing with friends.

Miss Christine Reeves returned Monday from a visit to Kissimmee. She was accompanied home by Miss Eleanor Ross, who will spend a few days here as her guest.

Fifteen hatching eggs for \$1.50; from pure-bred Brown Leghorns, White Leghorns and Silkie. Mrs. Wyandottes. R. Cutler.—Advertisement.

Mr. and Mrs. A. J. Peddy and daughter, Inc. of Lakeland, accompanied by the Misses Stanton, spent Sunday at the home of Mr. and Mrs. F. H. Lander. Miss Ines remained for a week's visit.

W. P. Brooks spent a few days here last week transacting business. Mrs. Brooks is at present in Athens, Ga., but they expect to return to Avon Park early next fall.

For Sale—On easy terms, new six-room bungalow; close in; would consider well-located tract of 10 or 20 acres of citrus land as first payment. Address HX, care Pilot.—Advertisement.

Love McGiboney made a trip to Fort Pierce and Miami the fore part of the week, taking the delegation from here to attend the good roads meeting at Fort Pierce and the meeting of the state highway commission at Miami.

News has been received of the death of Mrs. Agnes Swinney at her home in Lander, Wyo. Mrs. Swinney formerly lived here and had numerous friends who will regret to learn of her death. She was a sister of Mrs. George Kuhlman.

Charlie Gunter of Avon Park was in town Wednesday and Thursday. Mr. Gunter is one of the pioneers of Avon Park and years ago was a frequent visitor to Wauchula and has many old friends here who gave him the glad hand this week.—Wauchula Advocate.

A jolly party consisting of Mr. and Mrs. James Luxton, Mr. and Mrs. Ellis West, Mr. and Mrs. D. F. Confield, Mr. and Mrs. E. H. Stodden and Mr. and Mrs. E. J. TenEyck spent Thursday afternoon of last week at Lake Leitch, enjoying a swim in the lake and a picnic supper.

Mr. and Mrs. C. E. Lanier returned Monday from North Carolina. Mrs. Lanier having spent several weeks at Waynesville and Asheville. Mr. Lanier drove to Asheville a couple of weeks ago to join his family. They enjoyed their outing, but of course were glad to get back to Avon Park, where it is cooler.

Mr. and Mrs. D. A. Sapp and children returned the latter part of last week from a six-weeks' visit to their old home in Valdosta, Ga. While they enjoyed their visit with relatives and old friends and neighbors, they were glad to get back to Avon Park. Conditions here are much better than in Georgia and our future indeed looks bright, as compared to the future of their former place of residence.

Ed Welch and Ernest Boston returned the latter part of last week from quite an extended trip, which took them to Gainesville with our points in Alachua county. While on the trip Mr. Boston made a short visit to his father at Alachua. Mr. Welch tells us that while many of us complain about bad roads in this section, if we want to see some really bad roads we should cover the territory he had just been over.

George F. Kellogg, M. W. Lance and H. P. E. Reck left Monday morning for the East Coast, to be absent several days. They were to attend a meeting of the Good Roads League Monday evening at Fort Pierce and then go to Miami to attend a meeting of the state highway commission, held Tuesday. A delegation from Sebring, headed by Dr. E. J. Etheredge, also made the trip, the object being to join hands with good roads men of the East Coast in an effort to hasten work on state road No. 8, running from Haines City to Fort Pierce and traversing the Scenic Highlands.

Notice is hereby given that E. Nelson is no longer connected with our office in any manner whatsoever. Our patrons will govern themselves in accordance with this notice.

You'll get somewhere
with a pipe and P. A.!

Start fresh all over again at the beginning! Get a pipe!—and forget every smoke experience you ever had that spilled the beans! For a jummy pipe, packed brimful with Prince Albert, will trim any degree of smokejoy you ever registered! It's a revelation!

Put a pin in here! Prince Albert can't bite your tongue or parch your throat. Both are cut out by our exclusive patented process. / So, just pass up any old idea you may have stored away—that you can't smoke a pipe! We tell you that you can—and just have the time of your life on every fire-up—if you play Prince Albert for packing!

What P. A. hands you in a pipe it will duplicate in a home-made cigarette! Gee—but you'll have a lot of fun rolling 'em with Prince Albert; and, it's a cinch because P. A. is crimp cut and stays put!

CALLING MEETING OF COUNTY BOARD OF PUBLIC INSTRUCTION

Sebring, Fla., July 16, 1921.

The board of public instruction of Highlands county met in special session at the call of the chairman, Ira Rigdon.

The following members were present: Ira Rigdon, chairman; W. A. Marshall, M. A. Miller and I. C. M. Ellenberger, superintendent and secretary.

The chairman stated the object of the meeting was for the purpose of electing teachers and any other business that might come before it.

Messrs. C. J. West and E. W. Kelly of Lake Childs appeared before the board in reference to school matters in their community.

On motion of W. A. Marshall, seconded by M. A. Miller, it was resolved that the depository of the general school fund and the funds of all special tax school districts, except Avon Park special tax school district No. 3, and Sebring special tax school district No. 27, shall be the Highlands Bank & Trust Co., at Sebring; and the Bank of Sebring, at Sebring, shall be the depository for the bond sinking fund and special tax school district fund of the Sebring special tax school district No. 37, the First National Bank of Avon Park shall be the depository for the bond sinking fund of the Avon Park special tax school district No. 3, and the First Trust & Savings Co. of Avon Park shall be the depository for the special tax school district fund of the Avon Park special tax school district No. 2.

On motion, permission was given to Sebring special tax school district No. 27 for renewal of note to the First National Bank of Avon Park for the sum of \$1,500, due July 1, 1921.

On recommendation for appointment of L. P. Austin as school supervisor by the patrons of Lake Stearns school of former townships special tax school district No. 15, was received, and on motion by M. A. Miller, seconded by W. A. Marshall, it was resolved that the appointment of L. P. Austin as school supervisor of Lake Stearns school, No. 15, and IBC be made until his successor is duly qualified.

On motion of W. A. Marshall, seconded by M. A. Miller, it was resolved that compensation for transportation at the rate of 20 cents per day for each and every day attended, be allowed to pupils in the elementary grade schools, grades 1 to 8 inclusive, who live two and one-half or more miles from a place where a school is being taught.

On motion, it was resolved that the superintendent purchase the necessary record books for the office of the board of public instruction, and also pupils' report cards and teachers' duplicate report books.

On motion of W. A. Marshall, seconded by M. A. Miller, the list of teachers submitted and recommended for approval by the board of trustees of Avon Park special tax school district No. 2, was unanimously approved. Following is the list:

Primary (A), Alice Dutton; primary (B), Florence Ennor; second grade, Ada Martin; third grade, Doris Mason; fourth grade, Eula Poden; fifth grade, Fannie Hinton; sixth grade, Myrtle Munnam; seventh grade, Arthur Hinton; eighth grade, H. J. Munnam; high school, Ethel M. Jenks; principal, I. C. M. Ellenberger.

Fort Kissimmee school, Myrtle A. Cooke.

On motion of M. A. Miller and seconded by W. A. Marshall, it was resolved that the list of teachers submitted and recommended for approval by the board of trustees of Sebring special tax school district No. 27 be approved. Following is the list:

Principal, Homer E. Wakefield; high school, Ruth Taylor; high school, Charles F. Barrett; eighth grade, Blanche Horrell; grades, Gladys Ray, Jessie Thrift, Miss M. E. Fidler, Mrs. A. L. Mansfield, Mrs. J. F. Polson, Mrs. L. L. Hobart; primary, Clara Nolan.

Sebring colored school, Gladys Carr. It was, on motion of W. A. Marshall and seconded by M. A. Miller, resolved that the board of public instruction make a loan in sufficient amount to meet the indebtedness of Highlands county to former DeSoto county.

No other business appearing before the board, the meeting adjourned.

IRA RIGDON, Chairman
I. C. M. ELLENBERGER,
County Superintendent and Secretary.

666 cures DIFFICULTY. — Advertisement.

HOW TO ERADICATE
CITRUS FOOT ROT

Do not be alarmed, if you find citrus foot rot in your grove. It can be cured and the disease eliminated, says H. E. Stevens, formerly plant pathologist of the Florida experiment station, now county agent of Lee county.

Foot rot is confined to the crown and main roots of the trees and extends, from a foot or so above the ground, downward to slightly below the ground level.

Here is the simple method for its eradication, which has been found effective:

Remove the soil from about the crown roots as far back as the disease occurs, and cut the diseased material away. This can be recognized by a yellowish or dark coloration.

Apply an antiseptic wash such as crude carbolic acid one part, water one part, and avarianus carbolicum, dilute or full strength, one part.

Make examinations every month or two for a reappearance of the disease.

Paint the lower part of the trunk and crown with a paste of air-slacked lime and sulphur flour, equal parts, mixed with sufficient water to make a thin paste. Apply this to all the trees in that part of the grove where foot rot occurs. The lime-sulphur paint frequently prevents further spread of the disease, if the old infected spots are thoroughly cleaned and the diseased parts cut away before treating.

United States Leads

The United States leads in the matter of imports to Italy, having furnished that country during 1920 with 30 per cent of total imports, although her position has considerably weakened when compared with 1919, in which year 44 per cent of total imports came from the United States. Our trade with Italy was double that with England, while Italian trade with Germany for the first half of 1920 was greater than during the same period in 1913, before the war.

Yours for business,

G. L. Crews

MY YOUNG sister,
HAS A Ouija board.
AND SHE believes it
AND TALKS to Noah.
AND I think she talks
TO HER best fellow.
WHO'S DEAD but doesn't know it.
AND I used to give her
THE LOUD, rude laugh.
BUT I'M sorry now,
BECAUSE LAST night
I WAS home alone,
SO I got the board,
AND PUT in a call
FOR JOHN Barleycorn.
AND OTHER departed spirits.
BUT THE line was busy.
FOR NOTHING happened.
THEN I cheated a little.
AND IT spelled this.
"GRAMMASHOTTA SEVEN."

SO I shut off quick.
TO HEAD off any
FURTHER FAMILY scandal.
THEN I stopped to smoke,
A CIGARETTE.
AND AFTER a while,
I CRANKED up weejee.
AND ALL of a sudden,
IT STARTED ON.
AND QUICK as a flash
IT SAID something.
"THEY SATISFY."

"SATISFY" that's the good word. Just light up a Chesterfield and see what experts can do with fine Turkish and Domestic tobaccos when they blend them in that can't-be-copeed Chesterfield way. You'll say "they satisfy."

Did you know about the Chesterfield package of 10?

MINUTES OF SPECIAL MEETING BOARD OF COUNTY COMMISSIONERS

A called meeting of the board of county commissioners for Highlands county was held in the board room at Sebring, Florida, on Saturday, July 23, 1921, pursuant to a call of the chairman, William King. Present: William King, chairman; Perry Etheredge, commissioner; A. M. McAulay, commissioner.

The chairman stated the purpose of the call as being to authorize the payment of certain funds to this county and the following resolution was presented and adopted:

Whereas, there is an unexpended balance in the general road fund of DeSoto county, as it existed before the division of said county, that has been allocated to old commission's district No. 5, of said county, upon the basis of actual taxes paid by the various districts of said county, said balance being \$1,761.20; and, Whereas, there is an unexpended balance in the maintenance fund of special road and bridge district No. 5 of said county amounting to \$2,345.02; and,

Whereas, old district No. 5, above referred to, is now a part of Highlands county and a part of Hardee county, the tax valuation of said district between the counties of Highlands and Hardee as follows, to-wit: Highlands \$2,333 per cent and Hardee \$2,333 per cent; and, Whereas, the counties of Highlands and Hardee are sorely in need of the funds belonging to the district, as above set out;

Be It Resolved, that the honorable board of county commissioners of DeSoto county, Florida, be and it is hereby requested to issue warrants to Highlands and Hardee counties, in settlement of the claims of said counties on the funds in question, as follows, to-wit: General road fund, Highlands county \$2,491.55, and Hardee county \$2,560.65, total \$1,761.20; and maintenance fund of special road and bridge district No. 5, which fund was collected for the sole purpose of repairing and maintaining the roads constructed with the bond funds of said district, and are applicable to no other purpose; Highlands \$1,227.45, and Hardee \$1,118.25, total \$2,345.02.

Be It Further Resolved, that the board of commissioners be and they are hereby requested to allocate and distribute other funds coming into their hands for the above mentioned district on the same basis as above set out.

The above resolution was offered and its adoption moved by Commissioner Perry Etheredge, which motion was seconded by Commissioner A. M. McAulay, and upon vote same was carried and adopted by the board of commissioners of Highlands county.

Came S. F. Tucker, who was on the 14th day of July, 1921, appointed a justice of the peace in and for Highlands county, and presented his bond as such official, with the American Surety Company of New York as sureties, in the sum of \$500, conditioned according to law, which bond was approved by the board.

Came Curtis Matthews, who was on the 16th day of July, 1921, appointed as constable in and for district No. 1, in and for Highlands county and presented his bond, conditioned according to law, with W. A. Hatchell and S. H. Lawhorn as sureties, in the sum of \$500, which was approved by the board.

The meeting then adjourned to meet on Aug. 1, 1921, regular meeting, or subject to the call of the chairman.

C. F. SAUNDERS, Clerk.

KEEPING CITRUS CANKER OUT OF FLORIDA GROVES

Inspectors of the state plant board, during June, 1921, inspected over seven hundred thousand grove trees and a million and a quarter nursery trees in the orange and grapefruit groves of Florida. These inspectors are not only inspecting the trees for citrus canker, but also looking for other dangerous pests and diseases known to occur on citrus trees.

It was one year ago that citrus canker was first found in Florida. The situation now appears to be encouraging. However, as there are over fifteen million citrus trees known to be growing in the state and as it requires several years for the present plant board's force of inspectors to inspect all these trees, it is not safe to say canker is entirely eradicated. It is possible that some canker still exists in some of the remote groves. This disease is known to be present in several of the gulf states, as well as in most all citrus sections of the world. Therefore, eternal vigilance must be practiced in Florida for years, even though there be no indications of citrus canker here. As long as canker is present anywhere, just so long will it be necessary for Florida to maintain inspection, for it may be brought in at any time.

Substitute for Gasoline
A new substitute for gasoline has appeared in the markets of South Africa. It is called "petrol" and is made from corn alcohol. The selling price is considerably below that of gasoline, in power and driving force it is said to be practically equal gasoline; it has no smell and does not carbonize; it is noncorrosive, smokeless and stainless. Petrol has been subjected to trials and experiments for a considerable period in motor cars, motorcycles, motor trucks, and airplanes over a distance of 10,000 miles with excellent results, according to reports from experts and leading firms in the motor trade.

Autos in Spain
In 1920 Spain had about 20,000 automobiles, of which 12,000 were imported from the United States. Spain is a country of large estates. Some of these estates are devoted to stock raising and on these the tendency is not toward division. On other estates half is devoted to stock raising and general cultivation, while the other portion is subdivided in areas as small as two acres and let out to tenants. There are no small or even middle class land owners in Spain.

Real estate, that's all. Stivender. Advertisement.

Same Answer
This morning a lady wrote us asking just where she could buy dross goods cheapest in Tampa, and yesterday a man called us up asking where the leaves were falling off his fig tree. I referred the lady to the man and hope both will be satisfied. —Florida Grower.

Shipping to China Increased
A report on American shipping to Shanghai, China, states that 329 American overseas vessels arrived there during 1920, compared with 73 for 1917 and 41 for 1914.

NOTICE

Notice is hereby given that a special meeting of the stockholders of the Scenic Highlands Development Company will be held at the office of said company on Friday, the 12th day of August, A. D. 1921, at 2 o'clock p. m., to take action upon the following resolution:

Resolved, that the capital stock of said corporation shall be increased from three hundred fifty thousand dollars (\$350,000.00), its present capital, to seven hundred fifty thousand dollars (\$750,000.00), which said capital stock shall be issued in the following manner and for the following purposes:

Two hundred fifty thousand dollars (\$250,000.00) of preferred stock and one hundred fifty thousand dollars (\$150,000.00) of common stock; said preferred stock to bear a guaranteed dividend of six per cent (6) per annum from the 1st day of September, A. D. 1921; and in addition thereon shall likewise participate in all other dividends declared by said corporation equally with the common stock thereof.

The corporation shall have the right and privilege of calling in and retiring all or any part or portion of said preferred stock any time after five (5) years from the date of issuance of the first share of said preferred stock by paying to the record holder or holders thereof not less than fifty dollars (\$50.00) per share, together with an accrued dividend due thereon at the date thereof.

In case of liquidation or dissolution of said corporation prior to the calling in or retiring of said preferred stock the said holders of said preferred stock shall be entitled to receive and to pass on any other matters to come before said stockholders at said meeting.

All stock of said corporation shall participate equally in the voting power thereon and share in the earnings and profits thereof after the guaranteed six per cent (6) annual dividend is paid on said preferred stock.

Said stock to be sold and issued in denominations of fifty dollars (\$50.00) per share. All of said stock to be sold and issued for cash, property or other things of value or for other purposes to be determined by the board of directors, and to pass on any other matters to come before said stockholders at said meeting.

Dated at Avon Park, Highlands County, Florida, this 24th day of July, A. D. 1921.

C. F. SAUNDERS, Secretary.

LEGAL NOTICE

In the Highlands County Circuit Court, Twelfth Judicial Circuit of Florida, in Chancery.

William S. Butler and Laura S. Butler vs. William Henry Finney et al. Bill to Remove Cloud

Ford
THE UNIVERSAL CAR

EVERY FORD PRODUCT A HELPER

NOW'S the time to buy that Ford Car or Ford Truck or Fordson Tractor. Never were higher quality materials woven into these great utilities; never have prices been more reasonable, nor that dependable and excellent "After-Service" so complete.

Machine work is always more precise than hand work. The special tools and machines in our garage are the same as those being used and recommended because of their precision and time-saving qualities, by the Ford Motor Company. Our modern and up-to-the-minute equipment makes it possible for us to do any work on your car, truck or Fordson tractor from a minor adjustment to a complete overhaul. The promptness with which we do the work is a by-product of these specially designed machines; and we charge only the reasonable Ford prices for your work.

If your Ford car isn't running at top-notch efficiency, bring it here to Ford headquarters—that's us. One of our Ford mechanics will adjust or repair it for you with as little delay as possible. Keep your car in good condition. It's the most economical way.

Fortunate Property Owners

The property of HILLCREST GROVE OWNERS is now in Highlands county. The creation of five counties out of old DeSoto means that each new county will have all its tax money and that our schools will be improved, roads built, property which has been omitted from the tax rolls or assessed at a ridiculously low figure, placed thereon at a reasonable valuation, which means more revenue and lower taxes eventually. Highlands county is undoubtedly the richest of the five counties and property owners in this county are indeed fortunate, especially if their property is located in or near Avon Park. "Hillcrest" lies just outside the corporate limits and right on the Scenic Highway.

Shoe Sale Extraordinary!

We have on hand about 8 dozen pairs of Men's, Women's and Children's Shoes that we will close out at extraordinary low prices. Call early and get your selections. They are

Priced from 35c to \$1.98 the Pair

Men's Palm Beach Suits

A few of those regular \$15 and \$18 Palm Beach Suits left that we are offering at a sacrifice to close out. Buy one now and it will last you the remainder of this and all next summer.

Only \$9 the Suit

Ladies' Waists

Here's a bargain for the ladies. New line of Georgette and Crepe Meteor Waists just received. They are beauties and splendid values.

Priced from \$10 down to as low as \$5

Bathing Suits

We don't want to carry a bathing suit over until next year, therefore to close them out we will offer them at

ACTUAL COST

The line includes bathing suits for men, women and children. Supply your needs for next season and enjoy them the balance of this year.

Ladies' Summer Hats

We have about a dozen Ladies' Summer Hats that we are practically giving away. They are all of good patterns, but we don't want to carry any of our summer line through the winter. We need the room for other goods. Note the prices:

\$7.50 Hats for.....	\$3.75	\$5.00 Hats for.....	\$1.50
\$5.00 Hats for.....	\$2.50	\$1.50 Hats for.....	90c

JUST ONE-HALF PRICE

Star Brand Shoes

Our fall line is here. You know the Star Brand Shoes. They are built for style, comfort and wear and are keeping up their reputation. The prices are as low as they are likely to be in years and it would not be at all surprising if the price of shoes did not advance.

What does increasing production mean to Citrus Growers?

In view of the fact that Florida's last crop is estimated to have exceeded thirteen million boxes—

What does increasing production mean to citrus growers?

In consideration of the further fact that there has been an increase of more than fifty per cent in four years—

What does increasing production mean to citrus growers?

In recognition of the indication for even greater proportionate enlargement of output during the next few seasons—

What does increasing production mean to citrus growers?

With the strong probability that inside of ten years grapefruit and orange shipments from this state will more than double—

What does increasing production mean to citrus growers?

What else can it mean than the need for the Florida Citrus Exchange, which sells fruit scientifically instead of speculatively and conducts the only adequate bureau for the increase consumption? For information as to membership consult the manager of the nearest association or sub-exchange, or write to the business manager at Tampa.

FLORIDA

Remembering that the larger the volume the greater the demoralization of the markets under the speculative system of selling fruit—

What does increasing production mean to citrus growers?

Knowing that this enormous coming volume cannot be sold at prices remunerative to growers unless consumer demand increases correspondingly—

What does increasing production mean to citrus growers?

Keeping in mind the fact that so long as one grower's crops compete with the fruit of other growers, all of the producers must be at a disadvantage—

What does increasing production mean to citrus growers?

Type Your Name

The editorial committee on Canadian government publications has issued an order that the writer of a letter must type his or her own name below the written signature. This is a regulation which might well be put into general practice. There are many people whose signatures resemble a rail fence more than anything else, and much time and annoyance could be saved by using the typewriter as a translator.

SHERIFF'S SALE NOTICE

In the County Judge's Court in and for Highlands County, Florida.

W. P. Martin vs. T. L. Osten.

Under and by virtue of a writ of execution issued out of and under the seal of the County Judge's Court for Highlands County, Fla., directed to me, the undersigned Sheriff of Highlands County, Florida, commanding me to make certain moneys out of the live stock belonging to the defendant, T. L. Osten, being in the hands of the County of Highlands and State of Florida, and more fully described as follows, to-wit: Seven head of mules, and I will offer the same for sale at public outcry at the Town Pound in the Town of Avon Park, Highlands County, Florida, on Friday, the 1st day of August, A. D. 1921, between the legal hours for sale; said sale to be made to the highest bidder for cash and the proceeds used to satisfy said execution under which this levy is made.

W. M. GRIFFIN,
Sheriff Highlands County, Florida.

LEGAL NOTICE

To Whom It May Concern:
You are hereby notified that on the first day of September, A. D. 1921, L. D. Roberts and Edna Roberts, his wife, will apply to the Honorable George W. Whitehurst, Judge of the Twelfth Judicial Circuit in and for Highlands County, Florida, at his office at Arcadia, Florida, or such other place as he may be found in said circuit on said date, for an order authorizing them to adopt Edna Roberts, Ward, said application to be made by presenting to said Judge a petition in the form required by law.
