The pressing club started a couple of weeks ago by Fred Crews and H. C. Corner, has discontinued. The boys concluding that there was hardly room for two first-class pressing clubs here.

W. P. Brooks of Macon, Ga., arrived in Avon Park Tuesday for a business visit of a couple of days. Mr. Brooks has been "under the weather" for a couple of weeks, having a light touch of malaria while in Georgia.

W. O. Spear returned the latter part of last week from Macon, Ga., where he had been attending the Morris School of Pharmacy. "Bill's" friends are naturally as glad to see him back in his accustomed place in the Avon Park Drug Company's dispensary as he is to be there and that's saying something.

D. T. Lockett recently made a business trip to Moore Haven and while there purchased a half interest in the DeSoto Garage, at that place. The company enjoys a splendid business, employing seven workmen. Mr. Lockett's son Lester is secretary-treasurer and bookkeeper of the new concern.

Leon Starkey's many friends were glad to welcome his return last week from Macon, Ga., where he had been attending the Max Morris School of Pharmacy for some time. After leaving the school, Leon took the Georgia examination, passed with much credit to himself. He is one of our sterling young men and is popular with all classes here.

Mrs. M. H. Gribble departed the fore part of last week for Northern Wisconsin, where she will spend about a month visiting her parents. Her brother-in-law, Vernon Peterson, who has been here about a year, accompanied her. They were accompanied as far as Jacksonville by Mr. Gribble. This is Mrs. Gribble's first visit to her parents in seven years.

Mr. and Mrs. George Frazier and son Thomas of Pittsburgh, Pa., arrived in Avon Park Monday and spent a couple of days at Lake Byrd Lodge. Mr. Frazier is a retired manufacturer from Pittsburgh and is looking for a location in Florida. He is more than pleased with Avon Park and the development of the Pittsburg-Florida Fruit Growers Association and will in all likelihood make an investment with that company. They left here Wednesday for St. Petersburg, expecting to return later.

W. T. Hall returned a few days ago from a four-months' trip through the New England states. While away he saw Charles Maderia and J. H. Baldwin. He informs us that Mr. and Mrs. Maderia will leave their home in Connecticut for California about Nov. 15 and after a visit in that state of some time, will come to Avon Park if they still have time. Mr. Maderia has rented his home on Lake Lotela to Mr. and Mrs. J. H. Baldwin, who expect to reach Avon Park the middle or latter part of next month.

James A. MacBilwee of Washington, D. C., arrived in Avon Park the latter part of last week with W. M. Beck and will remain here until the latter part of next week, when both gentlemen will again leave for the north, expecting to return to Avon Park soon with a party of prospective investors in grove properties, whom they will show the advantages of that splendid development. Hill-edges propositions are rapidly being accepted by those who have for several months steered clear of investments of any character; waiting to see "which way the cat would jump." Confidence is rapidly being restored and we may look for increased activities in Florida investments this coming winter.

NOTICE

The tax books of the town of Avon Park are now open and all taxes paid in October are subject to a discount of 2 per cent and 1 per cent in November.

OPENING DAY OF PARK MERCANTILE COMPANY'S SALE A BIG SUCCESS

Last Friday, the opening day of the Park Mercantile Company's big sale, was a complete success and all day long the store was thronged with eager shoppers from all parts of the county and from adjoining counties, all anxious to secure some of the bargains advertised by flaming posters and in the columns of the two principal papers of the county—the Highlands County Pilot and the Highlands County Messenger. They came by auto, team, ox cart, horseback and on foot and all day long the force of clerks, augmented to seven, was kept busy showing goods and wrapping them up, while the cash register kept up a continuous tinkle as the money was transferred to its depths.

Long before the announced opening hour, 9 o'clock a. m., the sidewalk in front of the Park Mercantile Company's place of business was crowded with shoppers, who feasted their eyes on the bargains shown in the well displayed windows, which were attractively arranged in true metropolitan style, and wondered if they would be able to get waited upon before the bargains were all gone. They had no occasion to worry, however, for the entire stock, which is one of the largest in this section of the state, had been marked down to fast-selling, money-raising basis. No department had escaped the knife and there were bargains to be had for everyone, no matter in what line of dry goods, ladies' and gents' furnishings, ready-to-wear or shoes a bargain was desired.

The sale continues seven more days and those who have not supplied their future needs will do well to anticipate, while the opportunity for real bargains exists.

NO CHANGE MADE IN THE GREEN FRUIT LAW

Contrary to general opinion, the last legislature made no change in the standards earlier set by law for maturity in citrus fruits. This matter was up for considerable discussion before the legislature and a bill proposing certain changes received much attention, but failed of final passage in the eleventh hour rush which is usual preceded the legislature's disbandment.

Therefore, the well-known acid test remains at 7 to 1 for grapefruit and 8 to 1 for oranges, but according to court interpretation and decisions handed down, it also permits the shipment of oranges and grapefruit without acid test which show one-half color, indicating maturity on the tree. This matter recently has been made the subject of a bulletin from the business manager's office to the sub-exchanges and associations, because of frequent inquiries reaching that office recently from exchange members who were under the impression that a change had been made during the last legislative session.

Rules for Pedestrians

1. Pedestrians crossing streets at night shall wear a white light in front and a red light in rear.
2. Before turning to the right or left they shall give three short blasts on a horn at least three inches in diameter.
3. When an inexperienced automobile driver is made nervous by a pedestrian, he shall indicate the same and the pedestrian shall hide behind a tree until the automobile has passed.
4. Pedestrians shall not carry in their pockets any sharp instrument which may cut automobile tires.
5. In dodging automobiles, pedestrians shall not run more than seven miles an hour.
6. Pedestrians must register at the beginning of each year and pay a license fee of \$3 for the privilege of living. There shall be no rebate if they do not live the entire year.
7. Each pedestrian before receiving his license to walk upon the streets must demonstrate before an examining board his skill in dodging, leaping, crawling and extricating himself from machinery.
8. Pedestrians will be held responsible for all damage to automobiles or their occupants by collision.—Hartford Auto Club Bulletin.

**NOT CO-OPERATION, BUT
 EFFECT OF PROHIBITION**

"Oh, my!" said a Tampa lady to her
 groceryman, "thirty cents a box for
 raisins? Why, that certainly shows
 the beneficial effects of co-operation
 among the California raisin growers,
 that is to the growers."
 "Well, ma'am," said the grocery-
 man, "it may be co-operation, but I
 doubt it. We are selling so many
 more raisins and so much more of the
 raisins that it is hard for the pro-
 ducers to keep up with their orders."

 Articles of Incorporation of Avon
 Citrus Company of Florida

The name of this Corporation shall be
 Avon Citrus Company, of Florida.
 The principal place of business shall
 be Avon Park, Highlands County,
 Florida, with branch offices in such
 other places in the State of Florida
 and the several states of the United
 States of America as may hereafter
 be established by the Board of Direc-
 tors.

ARTICLE NO. 2.
 The general nature of the business
 or businesses to be transacted by this
 Corporation shall be as follows:
 To engage in a general real estate
 and insurance business. To buy, de-
 velop, rent, lease or sell citrus groves,
 farm lands, farms, stock ranches,
 nurseries or city properties, improved
 or unimproved, wherever located or
 situated. To operate citrus fruit
 packing houses and by-products plants
 or factories. To engage in the manu-
 facturing of fertilizer and to buy and
 sell same at retail or wholesale. To
 deal in, wholesale or retail, any and
 all kinds of building supplies and
 materials of any and all kinds used
 in the construction of any and all
 kinds of plants, factories and build-
 ings of any and all kinds and descrip-
 tion. To own, sell, build, lease or

 shares at a par value of One Hundred
 (\$100.00) dollars per share, and shall
 be payable in lawful money of
 the United States of America, or in
 services or property, at a fair and
 just valuation to be fixed by the
 Board of Directors.

ARTICLE NO. 4.
 The term for which this Corpora-
 tion is to exist is perpetual.

ARTICLE NO. 5.
 The business of this Corporation is
 to be conducted by the following offi-
 cers: A President, a Vice-President,
 Secretary and Treasurer, the latter
 to be combined at the option of the
 Board of Directors, and a Board of
 Directors to consist of not less than
 three nor more than five. The direc-
 tors are to be elected by the stock-
 holders and the directors in turn are
 to elect the officers of the Corpora-
 tion. The Board of Directors shall
 create such other officers and elect or
 appoint such other officers as they
 may deem necessary to conduct the
 business of the Corporation.

The officers elected shall hold office
 for the term of one year and there-
 after until the officers elected shall
 qualify. The first annual election to
 be held by the stockholders shall be
 on the third Monday in January, 1922,
 and on the same date in each subse-
 quent year thereafter.

Florida Property Is Increasing in Value Every Day

Particularly is this true of property on the Scenic Highlands and
 in and adjacent to Avon Park. Our city is growing rapidly, new
 buildings being started nearly every day. Of course this adds to
 the value of all property, whether in the city or adjacent thereto.

"HILLCREST"

is close to the city limits of Avon Park. Its groves are increasing
 in value every day. The trees are growing nicely and show a
 healthy appearance, making an investment with the Scenic High-
 lands Development Company an attractive one. In fact, one has
 but to see the young groves, note the painstaking care being given
 the trees, consider the location and then ascertain what grove
 properties are selling for all around us, to become convinced that
 "HILLCREST" is a gilt-edge proposition.

Plans for the child hygiene survey of the state have been completed and the work started Oct. 1. Three units will be sent from the United States public health service to assist the state board of health in this work.

The program is an ambitious one and aims to establish a child welfare organization throughout the state that will include in its activities all phases of child life.

The first unit to arrive will be a dental unit. The work of this unit will consist of lectures and demonstrations in dental hygiene. The importance of caring for the teeth will be stressed, as will the relation of decayed teeth to disease.

Moving pictures will be shown and a playlet given by these making up the unit. The importance of the work of this unit will be realized when we consider that the examination of the school children in several counties last year revealed the fact that defective teeth was first on the list of defects found. About 80 per cent of all children examined were found to have defective teeth.

The other units, consisting of a doctor, a nurse and a microscopist, will start in different parts of the state. They will begin by the examination of the school children and will inaugurate a follow-up system to see that the defects are corrected wherever possible.

Clinics will be established for the instruction of mothers in the proper care and feeding of infants.

Lectures will be held for midwives, and instruction given in the proper management of childbirth and the importance of birth registration.
