The No-Fence Law
I favor a state-wide no-fence law. This is a subject which is almost inexhaustible, therefore I can give but a brief outline of my attitude.
It is my honest belief that no other one thing is militating against the development and prosperity of our State. I will further state, however, that

Florida, then I cannot expect your support and neither do I desire it.
Respectfully yours,

The last couple of weeks have been of more than usual interest in societies of Avon Park, because of many brilliant receptions, at home card parties, etc., given by the ladies on the eve of the departure of many of our winter visitors and residents for their summer homes in the north. The Easter party given Tuesday afternoon by Mrs. Norton T. Smith and Mrs. J. S. Kennedy at the home of

A business meeting of the Congregational church was called by the pastor, the Rev. Benjamin Stock, Monday evening, March 27, at 7:30 o'clock. The pastor reported that the membership of the church wished to retain the present pastor or call a new one. The pastor reported that the senior chairman of the board of trustees, G. F. Kellogg, and seconded by Senior Deacon John Bruyere that the pastor be retained. This motion was unanimously carried. Mr. Stock will complete his tenth year with this church on the 28th of March.

The church is in a very prosperous condition, both from a spiritual and material standpoint. The bills are promptly paid and the pastor's salary always paid before the last of each month.

RENÉ STOCK Pastor.

The registration books in the various voting precincts will close Monday, April 3. If there is a voter in any precinct who has not already registered, he or she should do so before the books close. The primary election will be held Tuesday, June 6, and the general election Tuesday, Nov. 7. You owe a duty to yourself, your city and your county and unless you qualify to vote you are shirking that duty. Don't be a slacker.

party was composed of Mr. and Mrs. W. A. Hatchell, Mr. and Mrs. J.

The Methodist Sunday school will enjoy a social evening Friday, May 31, at 7:30 o'clock at the church. Every member of the Sunday school including members of the home department and cradle roll are expected to be present. Songs, games and refreshments will occupy the evening. Everyone is requested to bring a drinking glass and each mother to bring some home-made cookies, kind boys and girls enjoy.

An Important Road
The scenic highway north through the sand hill country is a very important road to Glades county people, who will be glad to learn that actual construction work is to be started soon. This report from a meeting held in Sebring.—Punta Gorda Herald.

CONGRESSMAN DRANE ANNOUNCES FOR RE-ELECTION

Writing from Washington, where he is now in close attention on the duties of his office, Congressman H. J. Drane of the first Florida district, says: "It is somewhat too early to make the announcement that I will again be a candidate to succeed myself as a member of the national house of representatives from the first Florida district, but as many of my constituents have asked me about the matter I think it only fair to them to let them know now, through the press, that I will again be a candidate for re-election."

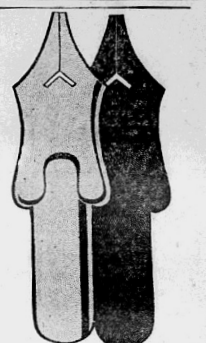

"Other than this I have nothing to say at this time, except that I always have and always will endeavor to do my full duty to my constituents as I see it."

"I thoroughly appreciate the loyal support and cordial friendship which my constituents have shown me in the past and they may be fully assured that in the future as well as in the past their interests will be mine."

During his term of office Congressman Drane has proven his efficiency and we predict that the voters of the first congressional district will return him by a large majority.

AVON PARK ENJOYS VISIT FROM PROMINENT OFFICIAL DEPARTMENT AGRICULTURE

Peter Bisset of Washington, D. C., foreign plant introducer of the United States department of agriculture, was in Avon Park last Saturday to call on C. S. Donaldson. While here Mr. Bisset was shown our new central park and generously offered to supply a considerable amount of palms and shrubbery for it. Mr. Bisset is on an inspection tour of the government plant experiment stations, coming here from Miami and going on to Brooksville. He is also going to California and Puget Sound. At the latter place they have successfully demonstrated that tulip, narcissus, hyacinth and other bulbs can be grown in this country. Heretofore all these bulbs have been imported from Holland, France and other countries. Mr. Bisset was much impressed with the enormous citrus fruit development here and is also pleased with the commencement that has been made in diversified fruit growing, such as avocados, peaches and Japanese persimmons. He was especially pleased with Avon Park, saying, "What a beautiful town you have," and wants to see it again with the further improvements that will eventually.

MRS. L. E. WEBSTER QUIETLY PASSED AWAY THURSDAY OF LAST WEEK

Thursday of last week at 12:45 p. m., Mrs. L. E. Webster, aged 83, for a number of years a resident of Avon Park, passed quietly into the great beyond. Mrs. Webster had been in feeble health for a number of months, having never fully recovered from a severe fall last summer, following an attack of illness in the spring. She had been unconscious from Sunday morning until the day before her death, when she rallied and recognized those around her, but soon slipped into unconsciousness, the end coming peacefully just after noon Thursday.

Deceased leaves to mourn her loss her husband, F. M. Webster of Armonk, N. Y.; two daughters—Mrs. F. C. Schmalz of Port Chester, N. Y., and S. Lillian Webster of Armonk, N. Y., and Frank D. Webster of DeLand. The latter has recently moved to DeLand and was with his mother most of the time during her illness, as well as when the end came. His wife was unable to be here, being ill and under the care of a trained nurse.

Short funeral services were held at the home on Forest avenue, Dr. J. Thomas Murrish officiating, and the remains were taken to DeLand for interment.

Mrs. L. E. Webster came to Avon Park in 1910 to visit the family of Ed Richardson, a cousin. She became so enamored of this place that she purchased what are known as the Hinton and Lancashire groves shortly after her arrival and later purchased her home, "Osceola," on Forest avenue. Since 1919 Mrs. Webster had spent every winter but one in Avon Park, where she had many friends.

During her last illness every possible care and attention were given Mrs. Webster, a trained nurse, Mrs. Effie Ott, being constantly with her, and Mrs. Albert Ellison assisting in rendering every possible service. The people of Avon Park generally extend sympathy to the bereaved ones.

Card of Thanks

In behalf of ourselves and the absent members of the family we wish to express our heartfelt gratitude to the good neighbors and friends of Avon Park for their kindness and courtesy to our dear mother during her sojourn with you; and especially Mrs. Albert Ellison and Mrs. Effie Ott, who during her last hours gave her the same care and loving attention that her own daughters would have given had they been with her.

Lowe's

Made for three things

Looks—Protection—Lastingness

You can't tell by looking into a can of paint, how it's going to look when the painting is done. Neither can you tell whether it will protect your building the way you want it protected. And surely you can't tell whether it will have lastingness.

There is only one way to tell about any of the three; and that way is by a paint's reputation. Lowe Brothers

have a reputation for making paints of the highest quality.

They have enjoyed this reputation during the past half century.

We recommend this paint because it lasts longer and costs less in the long run. Use it once, you'll use it always.

SIXTH GRADE GIRLS GIVE A DELIGHTFUL BANQUET

Tuesday of last week the sixth grade girls gave a banquet in the domestic science room of the school building, inviting a part of the faculty to partake of the dinner prepared and served by them. The meal would have done credit to many older persons and if the parents of the little ladies could have been present and partaken of the dinner, and witnessed the preparation and serving of the meal, they would have felt highly gratified. The menu consisted of soup, a full-course dinner, a salad course, and a fruit course, served with cake and hot chocolate. The fortunate teachers invited were Prof. I. C. M. Ellenberger, Mr. and Mrs. H. J. Mumma, Mrs. Ethel Jenks and Miss Anderson. The young hostesses were Lois Hart, Dorothy Baldwin, Joan Bryant, Oona Godwin and Ethel Genter.

Birthday Party

A number of Ivor Farnell's young friends gathered at the home of his parents Monday afternoon, in response to an invitation to come and help celebrate his 12th birthday anniversary. The time was enjoyably spent in playing games and refreshments of ice cream, cake and fudge were served. Ivor was in receipt of many appropriate gifts and his guests were each presented with a colored Easter egg. A wonderful birthday cake with twelve candles was the cause of many delighted exclamations from the guests. The guests were Dwight Cooper, Mary and Wilma Adams, Marjorie Lacey, Byron Ellison, Christine and Ferny Reeves, Harry Stagg, Rudolph Conoley, David Lander, Geraldine, Verna and Ralph Heins, Dorothy Durrance, Lawrence Wray and Russell Gutteridge. Assisting Mrs. Farnell in entertaining the children were Mrs. P. C. Hare and daughter Mildred, Mrs. H. B. Parker and Mrs. A. Ellison.

Put Your Trust in Your Banker

The newspapers have contained recently startling accounts of Wall Street difficulties, accounts which might have affected the business interests of the entire country at one time, but happily for our depositors we are no longer dependent on New York and were never in better condition to take care of their surplus funds than we are today.

If you are not already on our books call in today and start an account at once.

Prosperity dates from the First Dollar Saved.
Remember! Nothing can be accomplished without money.

Save money, but beware of the habit of hiding it away in out of the way places where it will lie idle, doing no good to you or to any one else, becoming a constant menace to your peace of mind, and in the end possibly an entire loss through thieves, fire or speculation.

There is only one safe place, and that is a good strong Bank, backed by responsible parties, where it will be constantly added to year in and year out and prove a pillar of strength in the day of adversity.

Our policy is sound, liberal and just.
We are deserving of your confidence, we want your business and will treat you well.

Dr. and Mrs. D. D. Crews and children spent a part of last week in Orlando, guests of the doctor's brother, Dr. H. K. Crews.

D. E. Jacobs went to Okeechobee City Tuesday night to attend the funeral of his brother, William A. Jacobs, who died in Miami Tuesday morning and was buried in Okeechobee City Wednesday.

E. H. and John O. Wicks, two prominent attorneys of Pittsburgh and connected with the Pittsburgh-Florida Fruit Growers Association, spent a couple of days in Avon Park the forepart of the week, making this office a pleasant call and enrolling their names on our subscription list.

Mr. and Mrs. J. H. Smith and daughter Agnes, who had been spending ten weeks at their winter home here, returned to their home in Nashville, Tenn., Tuesday. Mr. Smith regretted that business matters prevented them remaining longer, as they have thoroughly enjoyed every moment of their time while here. He thinks this is a wonderful country and every time he visits Avon Park is more satisfied with his investments here.

One of the regretted departures from Avon Park recently was that of Miss Grace Herst of Freeport, Kas., who has been spending several weeks here with her sister, Mrs. Carlos Skipper. This was Miss Herst's first visit to Florida, but it is perfectly safe to assume that it will not be her last, for she enjoyed every moment of her visit here and thinks there is no comparison between the California and Florida climate, the latter, in her opinion, being much preferable to the former. She had previously spent several winters in California.

666 cures Malarial Fever.—Adv.

Rub-My-Tism, a pain killer.—Adv. J. V. Chapman spent Sunday in Winter Haven with his little daughter Madge.

John A. Caldwell spent Thursday and Friday of last week in Bartow and Tampa, transacting business.

Mr. and Mrs. J. S. Buchanan, Mr. and Mrs. J. F. Bell and Mr. and Mrs. W. A. Marshall enjoyed a pleasant visit of four days in St. Petersburg last week.

Mr. and Mrs. H. O. Yost of Pittsburgh, Pa., have been visiting Mrs. H. Kuhlman. They spent a day with Mr. and Mrs. Henning and Mr. and Mrs. M. C. Whitehurst, all being old friends from the Smoky City in the north.

Mr. and Mrs. C. W. Taylor of Montreal, Canada, departed last Saturday after a pleasant visit of two weeks with the Middletons. Mr. Taylor departed for his home and Mrs. Taylor stopping at Orlando for a couple of weeks' visit. Mr. Taylor is a prominent patent attorney in his home city and a prominent club member.

Mr. and Mrs. Taylor are much in love with Avon Park and stated that he should probably make some investments here in the near future.

J. B. Coen, Sr., and daughter, Mrs. F. B. Skyrms and two children departed for their home in Homestead, Pa., Tuesday afternoon, after having spent two very pleasant months here. Mrs. Coen will remain in Avon Park another month. Mr. Coen is a grove owner with the Pittsburgh-Florida Fruit Growers Association and was here when Lake Byrd Lodge was opened and dedicated. He is much pleased with his investment; in fact, so much so that he purchased a residence property and expects to make this his winter home hereafter. Both Mr. and Mrs. Coen are much in love with Florida and Avon Park in particular. Mr. Coen is a prominent brick manufacturer of Homestead, is president of one of the banks there and also president and general manager of a street railway system. He would have liked to have remained in Avon Park another month, but business affairs called him home.

666 quickly relieves a cold.—Adv.

Dr. W. C. Touchton made a professional visit to Bareah Sunday.

H. A. Shaul of Alabama has been spending a short while here with his brother-in-law, John Hood.

Miss Elizabeth Spence, under whose direction "The Microbe of Love" was staged here, left yesterday (Thursday) morning for Fort Myers, where she will direct the same play.

Mr. and Mrs. E. C. Wilson and children and Mrs. M. L. Sanborn of Gainesville arrived in Avon Park Tuesday to spend a week with Mr. and Mrs. M. C. Whitehurst and Mr. and Mrs. Otis Whitehurst.

C. W. Pabor, Jr., departed Friday for New York, where he spent last summer and fall. He had been back in Avon Park since last December. Charley has many friends here, who wish he would have remained in Avon Park.

John W. T. Lesure and mother, Mrs. Annie Lesure, departed Wednesday last week for Dart's Camp, N. Y., via auto. Mrs. Lesure and baby remained in Avon Park and will accompany Mrs. William Dart, Lesure's mother, when she returns about April 19. Mr. Dart will remain until the Triennial Grand Encampment of the Knights Templar is held in New Orleans the latter part of April.

C. S. Donaldson was in attendance at the Bankers Association meeting held in Sebring last Saturday.

Mr. and Mrs. E. L. Franklin and two children returned Saturday to their home in Adairville, Ga., after having spent two pleasant months here.

Mr. and Mrs. J. B. Coen, Sr., and son J. B. Jr. and Mr. and Mrs. C. P. Anderson made a trip to Ocala last week, returning Thursday. Mr. Coen is interested in a grove development at Ocala.

Mrs. T. H. Lander drove to Kissimmee Tuesday to attend a school of instruction of the Order of Eastern Star. She was accompanied by her father-in-law, the Rev. D. L. Lander, who had been visiting Dr. and Mrs. Lander a few days, and the Rev. C. E. Gutteridge, grand sentinel of the order.

Judge and Mrs. G. W. Whitehurst and little son, G. W. Jr., were Avon Park visitors. Saturday morning while here the judge made a pleasant call. April 10 he goes to Madison to hold circuit court in the third judicial circuit. Judge Horn of that circuit goes to Lee county, having been disqualified in certain cases in his own circuit.

The Hon. S. L. Griffin of Wauchula was transacting business here last Wednesday afternoon.

W. E. England and S. P. Durranne drove to Tampa Sunday to spend a couple of days transacting business.

The Ladies' Aid of the Congregational church and the Epworth Guild will hold a silver tea Thursday, April 6, at the home of Mrs. William Dart. As the proceeds go to the school fund, there should be a liberal patronage.

Mrs. Lucy Masters of Avon Park slipped away March 4 and was married the same day in Palmdale to William Jones of Bunnell. Mr. Jones is a lucky man to get such a fine woman for a wife. Congratulations to both.

A party of winter visitors, consisting of Mrs. F. L. Middleton, Mrs. Ellis Middleton and son Ellis, Jr., Mrs. Arthur Middleton and son A. Pierce, Jr., Mr. and Mrs. Samuel Miller, Mrs. James A. MacElwee and Joseph W. Collins, departed Wednesday morning for their homes in Washington, D. C., after having spent the winter here. They made the trip to Haines City by auto with Herbert P. Rock, boarding the afternoon train there for their destination. They were accompanied by Mr. C. W. Taylor of Montreal, Canada.

Pie-zol will satisfy you.—Adv.

Mr. and Mrs. J. S. Francis spent Sunday in Wauchula.

I. Hardenbrook, Paul Pickard and Bill Smith spent Saturday in Tampa. J. R. Jack of Boca Grande was the guest of his daughter, Miss Myrtle Jack, Wednesday.

Mr. and Mrs. O. L. Mason returned Friday morning of last week to their home in Ripley, N. Y., after having spent four delightful months here at their winter home on Lake Geneva. Their friends will await with delightful anticipation their return next December.

Mrs. Ezra C. Smith, who has been quite ill for the last five weeks, is much improved and desires to thank her many friends and the members of the Order of Eastern Star for their kind attention and for the many beautiful flowers brought her. Mr. and Mrs. Smith expect to start for their home in Manchester, N. Y., April 8. Mrs. Anna Boyd, who has been nursing Mrs. Smith, will accompany them.

A Citrus Sales System For Growers of Quality

Progressive growers who produce citrus of quality are entitled to a sales service that will get them the premium their quality deserves. To growers of this type the American Fruit Growers Incorporated offers a service specialized in selling quality. By its accounts of sales it has proven to growers that efficiency in production pays best when linked up with efficiency in selling. The American Fruit Growers is represented in Florida by a complete organization of citrus sales specialists headed by men of many years practical experience. Each member of the organization has been selected on the basis of his special knowledge of Florida citrus selling. This organization is supported by complete sales forces in the buying centers. Each salesman, in each market, is picked for his experience in that particular district.

Representation in all carlot markets is one of the fundamentals on which the A. F. G. sales plan is built. From its offices in more than 160 buying centers in the United States and Canada representatives sell to receivers in more than 2,500 cities.

Year round selling of a complete line of fruits and vegetables keeps A. F. G. salesmen always in touch with buyers. Few receivers or jobbers specialize in any one fruit. None close their doors when Florida slackens in her shipping of grapefruit or oranges. The buyers operate the year round, not for a season only. Their trade is won by the salesman who can supply all their needs—who can furnish them, not only their requirements in oranges and grapefruit, but their apples, peaches, celery or any one of the fifty odd fresh fruits and vegetables which are shipped in carlots.

Accurate, up-to-the-minute market information is wired to the Florida citrus headquarters of the A. F. G. in Orlando by its 166 sales offices. This is supplemented by full reports on supplies and movement of other fruits which might affect prices of Florida fruits. From the A. F. G. citrus headquarters in Los Angeles, from its apple headquarters in Yakima and Wenatchee, and all its shipping offices come first hand information.

District sales managers, each with twenty to forty offices under him, travel over the markets, reporting the trend of the market to the Orlando office, keeping sales forces up to the highest point of efficiency and protecting shipments.

Sales to the best trade is the aim of the A. F. G. Thorough information on all carlot buyers, about their financial standing and their tendencies to reject and claim discounts is on file in the Florida offices of the A. F. G. Daily revisions keep this data up-to-date. The information supplied by commercial rating agencies, good in itself but not sufficient for the highest type of selling, is supplemented by the personal knowledge of citrus buyers which A. F. G. salesmen in Florida gained in years of contact and by daily reports from all shipping divisions and all sales offices and district sales managers in

the markets. Through this highly developed information system the knowledge and experience of all A. F. G. salesmen is made available to the Orlando citrus sales force.

Personal representation in all carlot markets gives the A. F. G. a tremendous advantage over less favored sales systems. It makes for prompt acceptances. It prevents unjustifiable rejections and claims for allowances. It assures quick and accurate returns.

Standards in sales practice and methods have been built up by the A. F. G. Each plan that seems to make for improvement has been tested. If found practical it has been adopted. The result is a smoothly working sales system that is of practicable benefit to growers through the better average prices received.

Receivers and jobbers prefer to handle citrus shipped through the A. F. G. because they are given help in selling it. Advertising and personal work among retailers keeps them customers for goods carrying the A. F. G. trademark.

Retailers favor A. F. G. shipments because the American Fruit Growers does not stop at seeing that commodities move from its packing houses to receivers and from the receivers and jobbers to retailers. It helps retailers to sell to the ultimate consumers, not by seasonal advertising but by giving continuous publicity the year round to fruits and vegetables sold under its trademark. Advertising by newspapers and other publications, by posters and painted bulletins, by direct mail canvasses, demonstrations and motion picture slides informs consumers that fruits and vegetables packed under the A. F. G. trademark are dependable in quality and that no better fruits can be bought than those stamped Blue Goose.

Expert traffic service is maintained by all shipping divisions of the American Fruit Growers. Not only does it maintain a traffic department at Orlando and in all other important shipping districts but also in market centers such as New York, Pittsburgh and Chicago. Personal representatives are maintained at important diversion points.

The Summer Cloud

It is a bright summer day. You're working hard in your office or in your store, and your wife is working hard at home.

Suddenly the summer day is no longer bright. Great thunder clouds cover all the heavens.

Immediately, thousands of hands in factories, in offices, in homes, reach for a switch or button and turn on the light. The response is instantaneous.

As far as its obscuring power is concerned the summer thunder cloud is vanquished.

Under the clear electric lights, work goes on as before.

This is made possible by the constant vigilance of employes in the electric light and power stations, who, upon the first indication of a cloud in the sky, or of approaching night, prepare additional generators for instantaneous service, fire up the boilers, or open the water gates and start up the turbines, so that there may be no flickering of lights and no delay in the response of electrical energy when it is needed.

On a cloudy or stormy day more electrical equipment is required to handle the load than during the bright, sunny days.

All this means equipment.

And equipment means capital.

Capital means investment by thrifty American men and women who look for a fair return upon their money.

Already, in addition to banks and insurance companies which have invested and loaned millions of dollars, there are 1,450,000 individual American investors in the electric light and power industry. They expect fair treatment from the public of which they are a part.

Florida Property Is Increasing in Value Every Day

Particularly is this true of property on the Scenic Highlands and in and adjacent to Avon Park. Our city is growing rapidly, new buildings being started nearly every day. Of course this adds to the value of all property, whether in the city or adjacent thereto.

"HILLCREST"

is close to the city limits of Avon Park. Its groves are increasing in value every day. The trees are growing nicely and show a healthy appearance, making an investment with the Scenic Highlands Development Company an attractive one. In fact, one has but to see the young groves, note the painstaking care being given the trees, consider the location and then ascertain what grove properties are selling for all around us, to become convinced that "HILLCREST" is a gilt-edge proposition.

WHAT FLORIDA BIRDS SAY
INSPIRES WANAMAKER

[Florida Times-Union]
John Wanamaker, at 85, is enjoying his annual visit to Florida, listening to the birds is one of his sources of pleasure and enjoyment. This is made evident by the frequent reference he makes to Florida birds, in the advertisement-editorial which daily he writes and forwards to Philadelphia and New York to appear in the page newspaper advertisements that carry the business announcements of his stores. A recently published editorial, Mr. Wanamaker, inspired by Florida birds, is as follows:

"A weak government is the worst of all. The advantage to the public must always have the first consideration, to the exclusion of the ruler's private interests. It is true that the offices are the gift of the people, but the people by and large expect the duties of each of the offices to be administered for the benefit of the city, state and nation, irrespective of relationships and personal friendships. A little mocking bird just above my head this sunny morning told me this true tale."

There are some who may say, on reading what Mr. Wanamaker has written and as quoted above, that he has drawn on his imagination. Suppose he has. Is not what he has written worthy of being appreciated by all who admire and desire righteous government? Is it not worthy of being heeded by all who are in public office and who sometimes fail to realize that they are the servants of the people and as such must perform their duties "for the benefit of the city, state and nation." And did not Mr. Wanamaker's inspiration to write what he did come from the warbling of a "little (Florida) mocking bird?"

Is it not true that Florida birds, as those elsewhere, give important messages to all who will listen? For instance, do they not, as they sing at their work of sustaining themselves, in caring for their young, guiding and protecting them, do they not say to all humans within sight: "Follow our example?" Be industrious; be glad and happy while at work, and sing. Rarely is to be observed a bird in the doldrums, "in the dumps," ugly and surly. They are gay, happy to be living and working, saying to all who will listen to do likewise.

Then, too, birds show their love of and confidence in human beings. They do not harm but, on the contrary, do so very much to cheer, with inspiring melody, their human associates, some of whom are so heartless as to destroy them, wantonly to shed, murder, these helpless, trustful friends and entertainers of mankind.

Florida birds say a very great deal that is worth hearing, if one will but listen. Not all that they say is worth while, or even to be appreciated, as, for instance, that of the saucy little sparrow that disturbs your early morning nap, or that of the whip-poor-will that, all through the summer night disturbs your slumbers and makes you wish that Poor Will had been whipped to death long ago and thus ended the need for his punishment as is nightly proclaimed by his feathered advocate. But, in the bird family, as in the human, there are those who indulge in senseless chatter and in noisy verbiage which thought quite harmless, need enlist no particular attention. They are but mere disturbing incidents. The great number of birds that cheer and delight, that set worthy example, are the ones to give heed to, are those that say that to which we should listen and be benefited thereby.

Florida birds say a very great deal other than Mr. Wanamaker need to translate into thoughts and actions.

GETS 15 CENTS IN STAMPS
FOR A CAR OF CABBAGE

Fifteen cents in stamps was the return received Thursday by John W. Felst on a cartload of cabbage cart- signed to Samuel A. Townsend in Philadelphia. The car brought \$322.25. Of this the railroads got \$322.80 freight and \$4 in terminal charges. Carriage took \$8.07 and commission was \$37.23. The commission merchant's statement shows that 25 crates brought \$2.60 crates brought \$1.85, 120 crates brought \$1.75, and one crate \$1.25.

Mr. Felst shipped three cars. One brought no returns and the third has not yet been heard from. The car for which he received a net return of 15 cents represented an expense of \$80 for picking, packing and loading.

—Deloto County News.
In Polk county we recently noticed large fields of as fine cabbage as ever grown being plowed under, simply because the freight rates are so high that they could not be shipped and enough realized from their sale to pay for the packages and labor of cutting and packing. The price as shown in the above article averaged a little more than \$1.80 a crate, which with a reasonable freight charge would have netted the grower at least a fair profit for his time, investment and labor.

Unless some relief is offered Florida growers, we fear the northern consumers who desire fresh vegetables at a time of year when they cannot be grown in the north, will be compelled to do without these essentials, for the truckers of Florida are not going to continue assuming the risks incident to growing crops, and devote their time, energy and labor for the benefit of the transportation companies alone.

Even the Highway Monopolized
The public highway of the largest national parks are given over to monopolized transportation, according to reports. In Yellowstone National Park, it is said, the traveler in an automobile pays \$7.50 toll and still does not have the road rights while on the road. The traveler must not pass a monopoly car and must give it the right of way at all times. It is believed that this practice discourages travel to a great extent.

Good For All
Ex-Judge Kenesaw Mountain Landis, the czar of baseball, has been visiting Florida. This will be good for the national game, for the judge will go back north with sunshine in his soul.—Ocean Star.

FARM AND BUSINESS
OUTLOOK BRIGHTER

Director Davis of the war finance corporation, in a statement noted marked improvement in the condition of the agricultural industry and a better outlook for business generally," the statement said, "are reported much more confident because of improved market conditions."

"Live stock producers and farmers generally," the statement said, "are reported much more confident because of improved market conditions. Bank deposits have increased in many agricultural communities and the country banks are generally in a stronger position than they have been for a long time. Best of all, confidence is returning and with it the trend of business is toward a restoration of more normal conditions all along the line."

Up to March 31, the statement said, the corporation has approved loans aggregating \$292,835,097, of which \$214,187,761 was in banks, \$58,257,216 to co-operatives and \$20,250,120 for other purposes.

The National Coal Association says the railroads get \$1.50 out of every \$100 worth of coal delivered. But why that 50 cents?—Eggnaw (Michigan News-Courier).

RETAIL FOOD PRICES
CONTINUE TO DROP

Food costs at retail continued to decrease in all of the sixteen principal American cities where observations are maintained by the labor department during the month ending March 15. According to the monthly report issued recently the average decline since Feb. 15 on the date given amounted to 3 per cent, 1 in Detroit, Philadelphia, Rochester, Salt Lake City and Scranton, 2 per cent in Norfolk and San Francisco, and 1 per cent in Chicago, Cincinnati, Columbus, Little Rock, Louisville, Mobile, Minneapolis, New Orleans and St. Paul.

For the year ending March 15, 1922, the department placed the total decrease in retail food prices at between 8 and 16 per cent, according to locality, but estimated that costs still remained from 20 to 40 per cent above 1913 levels.

REVIVAL SERVICES AT
METHODIST CHURCH

The revival services began last Sunday and are continuing daily at 3 and 7:30. The Rev. W. B. Treaca is doing the preaching and he is doing it well. Ask those who have heard him. The attendance is good and careful attention is given what the speaker has to say. Have you been at any of the services?

If so, we know you will come again; if not, we invite you cordially to come.

LOCAL AND PERSONAL

Ask your friends to vote for bonds.
Mrs. Lonnie Hunt spent Monday in Sebring visiting friends.

W. R. Minor of Bowling Green was transacting business in Avon Park Monday.

George W. Merrill and William G. Overton spent Monday afternoon in Frostproof.

C. E. Lanier, W. A. Lanier and T. H. Lanier made a business trip to Tampa Tuesday.

William H. Prior has returned to Avon Park after a four weeks' trip to various points in the state.

W. F. Ward of Kiceo, manager of the Horseshoe Ranch, was transacting business in Avon Park Saturday.

C. B. White of Frostproof attended the convocation of Holyrood Commandery U. D. Knights Templar, Monday night.

E. W. O'Berry, prominent farmer of the O'Berry district, was transacting business in Avon Park Tuesday afternoon.

Mrs. A. J. Nichols and daughter, Miss Emma, left Thursday morning for Lansing and Detroit, Mich., to spend the summer.

Mr. and Mrs. Harry MacDonough and Fred Shaffer, after spending ten days touring the East Coast, returned to Avon Park Sunday.

George W. and F. H. Adams will leave tonight for Pasco county, where they will transact business Saturday and return home Sunday.

Mrs. Thomas Crews and two children of Venus spent Friday night and a part of Saturday here, shopping and having dental work done.

Mr. and Mrs. H. Y. Thompson and children moved to Waverly Monday, where Mr. Thompson has engaged in the general merchandise business.

Tuesday of this week the following Sebring ladies were Avon Park visitors: Mrs. Henry Hineley, Mrs. H. O. Sebring, Mrs. C. W. Weigle and Mrs. R. C. Finkie.

Mr. and Mrs. M. T. Merwin, after a most delightful winter spent at Avon Park, left Monday for their home at Blue Mountain Lake, N. Y., where Mr. Merwin owns and operates a summer resort hotel. They will return here Jan. 1.

Mrs. M. E. Orndorff of Bloomsburg, Pa., and Daniel D. Tompkins of Rochester, N. Y., who had been guests of O. L. Bardill on Lake Nemo for several weeks, departed for their homes this week.

Mrs. William L. Smith, Mrs. J. H. Randall, Mrs. C. D. Roland, Mrs. Durham and daughter and Mr. and Mrs. Ellis West were pleasantly entertained by Mrs. Albert G. Caldwell on the eve of her departure for her future home in Sharon, Tenn.

William L. Smith & Co., local contractors, are making good headway in the building of a fine stucco bungalow for A. W. Cobb at Lake Hamilton. They are also getting along nicely with the work of finishing the upstairs of the Shultz building in Haines City.

Mr. and Mrs. Charles Shepherd and children, Mr. and Mrs. D. F. Canfield, Mrs. Klase, Mrs. Anna Carpenter, Mrs. Charles Nichols and Mr. and Mrs. Ellis West and daughter Roba spent a pleasant afternoon at Lake Nemo last Sunday, guests of O. L. Bardill and guests.

W. Z. Dalgerty of the Sebring Garage and Machine Company was in Avon Park Monday delivering a new us that he has been experiencing some difficulty in securing these cars as rapidly as sales are made, but that he is now in a position to fill orders promptly.

Mr. and Mrs. A. G. Caldwell leave this week for their old home in Sharon, Tenn. Mr. Caldwell having severed his connections with the Avon Manufacturing Company. Their many friends will regret their departure.

H. O. Sebring of Sebring was a business visitor in Avon Park Wednesday morning.

W. G. Lewis, while riding in his auto Sunday evening near Wauchula, came across a "gator peacefully sleeping near the road-side, and after considerable coaxing and the use of much rope and wire, induced the animal to accompany him to Avon Park.

Mr. Lewis was displaying the "gator" to his friends Monday morning, stating it measured 7 feet 3 inches in length.

W. H. Barger and family of Keyser, W. Va., who had been spending the winter in Sebring, departed for their home via auto Tuesday morning. They will make the trip by easy stages. Mr. Barger was connected with the Pilot during the winter months and made many acquaintances here. He left with a most favorable impression of this section of Florida and particularly of Avon Park.

D. W. Stevenson of Moore Haven, candidate for representative for Glades county, spent Monday night in Avon Park, attending the convocation of Holyrood Commandery. Mr. Stevenson has no opposition as a candidate for representative and even should opposition present itself later he will probably "win in a walk" for he is not only competent, but possesses a pleasing personality and has a host of loyal friends.

Mr. and Mrs. J. H. Baldwin departed Wednesday for their home in Meriden, Conn., after having spent their fourth delightful winter at their beautiful home on Lake Lotela. During their winter residence here Mr. and Mrs. Baldwin have made many friends, who anticipate with pleasure their return each succeeding year. Mr. Baldwin is one of our most noble-spirited citizens, always contributing generously to those movements which are for the benefit of our rapidly growing city.

Splendid Picture
Moving picture lovers have a rare treat in store for them at the Capitol theatre Monday evening. "Theodora," Goldwyn's great ten-reel sensation, has been secured by the management. It is said to be the greatest motion picture the world has ever known and is seldom shown outside the larger cities.

FEDERATION OF WOMEN'S CLUBS ADOPTS RESOLUTIONS TO AMEND CONSTITUTION

The following resolution was adopted at the last annual meeting of the Florida Federation of Women's Clubs and also endorsed by the Avon Park Woman's Club and will be presented to the next legislature as a proposed amendment to the constitution.

As it pertains to education, every woman in every club in the federation should give this matter great publicity.

Whereas, the state board of education, as at present constituted, consists entirely of ex-officio members, viz., the governor, secretary of state, county school, treasurer and superintendent of public instruction; and

Whereas, the board of education, as constituted, is a partisan or factional body, although it is nominally supported by all the people, regardless of political or religious affiliations; and

Whereas, as constituted, a change of administration may bring into power a new and inexperienced body of men, a practice dangerous, if not fatal, to the best interests of education; and

Whereas, as constituted, women are

probably for a long time, if not lastingly, excluded from a ring on this board, a service for which our women of broad culture, educational experience, progressive ideas and leisure are eminently fitted; and

Whereas, Florida is one of the only nine states in the American union adhering to this antiquated method of forming its board of education, therefore be it

Resolved, that in the judgment of the Florida Federation of Women's Clubs, the constitution of Florida should be so amended as to provide for a board of education such as exists, and has been found effective in most other states of the American union, and be it

Resolved, that we petition the next legislature to submit to the people of Florida a constitutional amendment providing for a state board of education, appointive in the main, and upon which only the governor and the state superintendent of public instruction shall be ex-officio members, and upon which each congressional district will be represented by an appointee, as well as one from the state at large.

MRS. D. E. READ, Chairman of Education, Florida Federation of Women's Clubs.

MRS. W. F. BLACKMON, Legislative Members of Educational Committee.

CAFÉ L THEATRE

Program for Week, Beginning Monday, April 10

Monday—"Theodora." This is the picture that took three years to produce at a cost of \$3,000,000. The cost of this picture to the management of the Capitol Theatre is over twice as much as has ever been paid for a picture before. On account of the revival at the Methodist church the picture will start promptly at 4 o'clock and will last two hours and thirty minutes. Tell your friends to come and make arrangements to see it yourself. All ministers are invited. First show starts promptly at 4 o'clock, second at 6:30 and third at 8:30. Admission 25 and 50 cents.

Tuesday—"The Knight of the Border." Featuring William S. Hart. It is one of his biggest six-reel westerners. Also a two-reel comedy. Admission 10c and 25c.

Wednesday—"God's Crucible." This is a picture that is seldom seen. It is one that will appeal to all classes. Also a two-reel western picture. Admission 10c and 25c.

Thursday—"The same as Wednesday."

Friday—"Across the Divide." Featuring Roy Stewart. Also the fourth chapter of "Hurricane Hutch."

Saturday—"A Certain Rich Man," one of forty-seven of the biggest pictures ever made. Also an educational comedy.

Coming—Harold Lloyd in "A Sailor Man."

TEMPERANCE WAR

EIGHTY YEARS AGO

King Alcohol was vigorously assailed eighty years ago in New London, Conn., even with more vigor than since the coming in of the Volsteadian era. His enemies in 1842 fought under the banner of the Washington Total Abstinence Society, which was kept aloft for many years. But at the time came when the banner was trampled in the dust and indifference killed off the attacks.

In those days there were many so-called temperance societies ranging from the Washingtonians who practiced total abstinence to the Rechabites who were compromising in nature, pending with the middle-of-the-road folks, who permitted the use, judiciously of a little beer, cider, wine and other light drinks. Rum, gin and whiskey were barred while brandy was only for use at the sick bed.

In 1843 when New London had a population of 6,000 the Washingtonians had a membership of 2,000. By a crusade the number of open drinking places was reduced from sixty-three to thirty-one. The small children were enrolled in the "cold water army" and the parades were of great interest. There were temperance revivals in places of worship and public speakers from abroad kept up the enthusiasm.

The Washingtonians believed in moral suasion.

Two newspapers published in those days and found recently told graphically of the crusades. One of these said that Elder Swan was mighty for reform and had said: "May the winds of the heaven never all the sails of any ship bearing rum to New London." Josiah R. Steward, who was famous among his own people as the "Squid," wanted all the names of grocers printed and when the two newspapers would not do this he issued a four-sheet paper from time to time under the name of Our Organ and The Squid, and he had to go to Norwich to get it printed.

The records show that while the fight against King Alcohol raged merrily in 1842 and 1843, with parades, some of which were a mile long with military escorts, the Washingtonians as the remnant of the liquor fighting host, expired in 1845.

CHARTER FEES FOR MARCH BROKE MONTHLY RECORDS

The Hon. H. Clay Crawford, secretary of state, has just compiled figures which show that March, 1922, established a new high record for the state in the matter of corporations granted charters and in the amount of fees paid by such companies. During March, eighty-seven domestic and foreign corporations received charters and there was paid into the state treasury for charter fees the record-breaking amount of \$14,241.25.

It is doubtful if the citizens of Florida know what a revenue producer this phase of the state government is. The secretary of state declares that he believes the revenue from this source will average \$10,000 per month. The constant formation of new business concerns all over the state is a splendid index of Florida's prosperity and its steadily increasing business.

He Knew the Railroad Out in Wyoming a train ran over the cow of a farmer named Ole Olson. The claim adjuster went out to the home of Ole to adjust the claim likely to be made by Ole for the loss of his cow.

"Well, Mr. Olson," said the claim adjuster, "I came out to see you about your cow being killed on our track. What are you expecting to do about it?"

"Well," said Ole solidly, "I ban a poor man, an I cannot do much because I ban so poor, but I will try to pay you five dollars."—Judge.

Value of Gardens More than 5,000,000 farms, or nearly four-fifths of all farms in the United States in 1919, had farm gar-

dens, and the produce of these gardens was worth \$68 each on the average and \$344,665,728 in the aggregate, figures being based on the high price level of that year. These figures are one of the novelties of the census of 1920, since no similar information was ever before compiled. Commercial gardens are not included in these totals.

It's a Gamble A Missouri woman who got married via the old route of corresponding with a man who wrote his name on an egg is now suing him for divorce, because he proved to be somewhat of a sport and rather "hard-boiled." Well, the poor girls take a chance on getting a bad egg for a husband, no matter how they transcribe him.—Tampa Times Philosopher.

Human Geese and Poisoned Corn

Florida, as usual, is having a prosperous season; its crops—vegetable, citrus and tourist—are bringing good returns, but these crops are accompanied, also as usual, by their respective pests. This is particularly true of the tourist crop, which has with it an army of parasites who turn their hand to anything from flourishing horse pistols on the roadside to fleehing milk bottles from a kitchen porch.

The flim-flammer is here in numbers and professional stock hawkers galore. We have previously called attention to the latter gentry and would do so again, their activities being just now reported from various directions.

Our citizens are being offered the opportunity to bet on horse races, buy gold bricks, patent rights, stocks in oil wells, and in almost everything else from banks to bunk—pure bunk at that.

Only recently our bank refused to lend \$500 on a good \$1,000 bond when it developed that the money was wanted to pay for automobile stock at \$125 a share that was being advertised in want columns at forty cents—and not worth ten.

To take advantage of an excellent oil stock opportunity a farmer near Jacksonville recently sold his farm, horses and wagon—everything save his flivver and pup—and now awaits dividends that will never come. And that old man was as tight as a car window.

Another easy mark, now a resident of Jacksonville, exchanged a farm for an elaborately engraved but wholly worthless oil stock certificate which bore proprietary stamps; that is, patent medicine stamps. Which but illustrates that human geese, like feathered ones, fall for the quack.

Numerous methods are employed by these pirates of finance. No layman can be conversant with them all, but here is some of the grain fed to human geese:

- Fake quotations,
- Country directors,
- Extra shares of stock,
- Making banks depositories,
- False valuation of properties,
- Pre-arranged telephone orders,
- Editorials bought and paid for,
- Accepting Liberty Bonds at par,
- Prominent men as directors and officers,
- Laying undue stress on name of bank used as depository,
- Quoting profit figures of established companies in same line,
- Accepting certificates of deposit without interest for local notes,
- Adopting name implying the concern is a bank or trust company when it is not.

A small investor should have a high degree of safety in everything he buys. It is all but criminal to offer him anything less. Yet almost any Florida banker these days can recite instances in his own neighborhood of doubtful investments and losses running into thousands.

Sure investments paying ten per cent are exceedingly unusual, and when genuine, are almost never offered to the public. When a professional stock fakir promises returns of twenty or twenty-five per cent on a sure investment he is consciously or unconsciously misrepresenting facts.

Waddle along head down and peck up a few grains, if you are a born goose, but don't take a craw full. The stuff has been soaked in potash—just plain lye.

Lowe's

Made for three things

Looks—Protection—Lastingness

You can't tell by looking into a can of paint, how it's going to look when the painting is done. Neither can you tell whether it will protect your building the way you want it protected. And surely you can't tell whether it will have lastingness.

There is only one way to tell about any of the three; and that way is by a paint's reputation. Lowe Brothers have a reputation for making paints of the highest quality. They have enjoyed this reputation during the past half century.

We recommend this paint because it lasts longer and costs less in the long run. Use it once, you'll use it always.

Blue Grass Country

Down in Ole Kentucky lie the blue grass pastures. And in the pastures anyone with half an eye can picture the sleek, well-fed thoroughbred horse grazing there.

This thoroughbred is almost a national figure. We boast of him.

Yet, were the region arid, the breeding of the horse would not save his sleekness or strength.

So it is in the investment. The fare of the electric light and power industry must be wholesome, else it cannot have a healthy growth and work for you satisfactorily. "No starved horse ever pulled a heavy load."

The whole theory of these electric light and power companies has been to give efficient service to the public.

Under state regulation, when charges to the public are under consideration, recognition is given to actual operating cost, with a fair return to investors.

In other words, capital is paid only fixed wages in this industry.

Since the industry must buy money as well as material if the growing needs of the country are to be met, it is essential that the wages of capital should be fairly fixed. Investors cannot be drawn to a pasture if it becomes arid.

Fourteen hundred thousand homes in the United States are unwired and will be furnished with electric service, when needed, by new capital induced to work for "fair wages."

More than 1,500,000 homes, 500,000 factories, 5,000 churches, 60,000 apartment buildings, 15,000 theatres and 5,000 public schools must be built to take care of increased population. Vast new equipment must be added, and a tremendous investment made by the electric light and power companies, to keep pace with the nation's progress.

This can be done only through general understanding of the problems of the electrical industry.

For Membership in the House of Representatives
At the request of representative citizens from every precinct in the county, I announce my candidacy for membership in the House of Representatives from Highlands county, in the legislature of Florida, subject to the action of the democratic voters in the primary election to be held June 6, 1922. I solicit the generous support of the electorate, and, if elected, I promise to devote whatever ability I may possess to the furtherance of the interests of Highlands county and of the state of Florida, using all diligence in the performance of the duties the trust imposes.
JOHN A. TAYLOR.

The campaign mud slinger is about as desirable in a community as is the itch in a family.

For Commissioner District No. 1
This is to announce that I am a candidate to succeed myself as County Commissioner for District No. 1, in the democratic primary to be held on June 6, 1922. Will appreciate your vote.

Florida Property Is Increasing in Value Every Day

Particularly is this true of property on the Scenic Highlands and in and adjacent to Avon Park. Our city is growing rapidly, new buildings being started nearly every day. Of course this adds to the value of all property, whether in the city or adjacent thereto.

"HILLCREST"

is close to the city limits of Avon Park. Its groves are increasing in value every day. The trees are growing nicely and show a healthy appearance, making an investment with the Scenic Highlands Development Company an attractive one. In fact, one has but to see the young groves, note the painstaking care being given the trees, consider the location and then ascertain what grove properties are selling for all around us, to become convinced that "HILLCREST" is a gilt-edge proposition.

THE UNIVERSAL CAR

"THE FORD TOURING CAR"

HERE is the greatest motor car in all the world. Great because there is more of it in use than of any other car in the world. Great because that in our demand for a million and a quarter Ford cars this year fully 50 per cent of that demand is for the Touring Car. Surely every Ford touring car is a car of great service. You see it wherever you go, day or night, shine or rain, summer or winter—the ever-faithful Ford Touring Car is delivering service and satisfaction, pleasure and economy, in a larger measure than falls to the lot of any other one piece of mechanism in the world.

We can now deliver Ford cars to you with reasonable promptness. Leave your orders without delay, if you would be wise. The prudent man carries his umbrella when it is dry, because any fool can carry one when it rains!

Never forget that right hand to every Ford Touring Car is that ever-dependable and universal "Ford After-Service." Here we are, with the genuine made Ford parts, Ford mechanics, and Ford equipment, to give service to Ford cars instantly, so that your car is never out of commission.

MUCH PROSPERITY

Is Expected to Come to the Ridge Section

IN THE NEXT FEW YEARS

Through the Efforts of the Massachusetts and Florida Realty Company

[Haines City Herald]
During the last two years those associated in the management of the Massachusetts and Florida Realty Company have been endeavoring to lay permanent plans that would bring to this section of Florida money in volume and continuity to carry on legitimate development in all lines in this territory.

Because of financial conditions in the north, and because the plans had not been fully matured in Florida, the matter has rested until this time and with the exception of the publication of the beautiful book, "A New Idea in Florida Development," the work has been confined to working to formulate permanent plans.

At a recent meeting held in Haines City it was decided to place the entire capital of \$1,000,000 of the company into 2,000 units of \$500 each, to be sold on terms of \$25 cash and \$10 per month, to two hundred cities and towns outside of the state of Florida, limiting subscriptions to ten in each community, so that there would be ten people in two hundred communities all over the United States interested and working for the development of this section of Florida.

It was also decided to sell the automobile parts manufacturing end of the company, when thought best, and use all the funds of the company in Florida development.

The office of the company in Boston will be closed and the office of the company will be in Haines City hereafter exclusively, and the financing will be done by the bankers of the company in Boston, New York, Philadelphia and Chicago.

Isaac Van Horn was elected president in place of Wallace Hackett of Boston; R. O. Philpot was elected vice-president and Fred A. Miller was elected secretary and treasurer. These officers, in connection with a board of directors consisting of Robert L. Williston of Northampton, Mass.; Wallace Hackett and Dr. Elmer J. Marston of Boston; John M. Coates of New York City; Charles B. Anderson of Lake Hamilton; J. Walker Pope of Winter Haven; Frank L. Cady of Crooked Lake; W. M. Reek of Avon Park and Henry Allsop of Sebring, will manage the affairs of the company.

The managing director, Isaac Van Horn, was empowered to purchase for the account of the company when their plans were in operation any outstanding stock of the company in the hands of any persons who may not desire to sell, rather than to continue as associates in the work and to also purchase the necessary stock to enable the company to liquidate the manufacturing end of its business and confine its operations entirely to Florida.

A Most Important Undertaking
In order to bring investment funds into this country, as well as speculative funds through its one million dollars in capital stock the directors authorized an issue of \$1,000,000 in coupon, long-term notes to be sold by its northern bankers to be used.

Twenty-five per cent for the erection of all classes of business and commercial buildings, to rent or sell.

Fifty per cent for the purchase of mortgages, long-term notes and such other items of indebtedness as are not handled by the local banks in Florida.

And that this fund should be a revolving fund and all its income should be used for the same purpose and not used for dividend purposes and none of this money be used for running expenses or salaries, but all invested in the above manner.

When the proper time came to build its own office building at Haines City for its own use only. No promises of any kind are being made by the officials of the company as to these plans but the presence of Mr. Williston and Mr. Coates at this meeting following an inspection of this whole section, covering a couple of weeks and the election of Mr. Van Horn to the presidency are the best indications of the future as these men are too busy to waste any time on trifles and it is believed that this company will, under the leadership of Mr. Van Horn, backed by his connections in the north, become one of the most far-reaching corporations in the state.

An interview with those connected with the plans drew the information that they expected to see great results in the next three to five years in this whole section from these operations and it was also emphatically stated that it would be financed entirely in the north and no local capital would be sought or accepted.

Surprising, But True
The Frostproof News says that the road south from that town to the Highlands county line would be improved immediately. The road has been in horrible condition for months and it has cost the hotels at Sebring and Avon Park many dollars. Good roads bring in much business and we are surprised to learn that the Polk county officials would tolerate such a road.—Winter Park Post.

We've Been There
"The soil around Avon Park is peculiarly adapted to trucking," says the Highlands Pilot and this section could be made the leading trucking market in South Florida. Sure it could. The good people of Avon Park should make a trip to Wauchula and see what was accomplished there in the line of cucumbers, peppers and beans. Then go on to Plant City and see what strawberries has done for that place and wind up their journey.

In the Manatee river section and give the big trucking fields the once over. All that is necessary is to get good freight rates and go to it.—Winter Park Post.

Deaths from Alcohol Increasing
There were more deaths from alcohol last year than there were in 1920 and the predictions are that there will be more deaths from alcohol in 1922 than there were in 1921. But this is not a proof that prohibition does not prohibit. It merely means that whiskey in synthetic form daily becomes more dangerous. And this very fact may be one of the big aids in putting an end to the whiskey-drinking habit. Fear is a powerful ally to the prohibition enforcement agent.—Lakeland Telegram.

Press dispatches say "son of General Wood is about to be married." Now hear the old hen-pecked husbands assert that his name indicates the material of which his head is made.

Cooperative Advertising That Sells Your Citrus

Florida citrus advertising, to be thoroughly sound, must accomplish two things. It must increase the demand for all grades of citrus, because even the best grove will produce a proportion of off grade fruit. At the same time the advertising must procure for high quality citrus the premium it deserves, instead of classing it, in the consumer's mind, with less desirable fruit.

Since its organization the American Fruit Growers Incorporated has had advertising experts working on this problem. Its own advertising and sales departments, with America's leading advertising agency, built an advertising plan, based on these principles, recognized by advertising men as essential to the highest measure of success.

The fruit must be advertised under a general trademark so that sufficient volume can be assembled to keep advertising costs in line with market prices; while the use of a general trademark is necessary the grower's own brand, favorably known to the trade, must be retained; continuity of advertising, or keeping the trademark in the consumer's mind the year round, instead of for only a season, is absolutely essential; the trademark should cover a complete line of fruits and vegetables.

Consideration of all these principles led to the adoption of a plan to mark all fruits and vegetables of dependable quality handled through the American Fruit Growers sales service with the shield and the initials A. F. G. and to distinguish the higher quality with the mark of the Blue Goose.

As a result the American Fruit Growers is able to offer to Florida growers the advantage of packing under a nationally known trademark that will bring better prices for dependable citrus and assure the premium that highest quality deserves.

All growers who ship through the American Fruit Growers may place the A. F. G. trademark on their labels and wraps used on fruit of dependable quality. On the highest quality they use the Blue Goose. It's part of the sales service.

UNITY NEEDED TO MOVE CAPITAL

The action of the Florida State Association for capital removal at the Orlando meeting this week in officially recognizing the need for a selective primary, and the pledge of all peninsular Florida to abide by the results of that primary, indicates that capital removal is "just around the corner." It is not a matter of if, but when. Formally declared for these things, there seems to be little doubt that at the approaching Palatka meeting the suggestion of the Tampa Board of Trade and the Tribune, for a selective primary, and a pledge from all entering candidates, the results, will be approved and made the official demand of the association.

Past attempts to move a state capital, in this and other commonwealths, have thoroughly demonstrated the principle that without unity of purpose and concentration of effort failure is bound to come. If any proof of this is needed the free-and-open voters have only to get the records of the election of twenty-two years ago, when with four cities in the state as candidates for the site, and with a majority of the voters indicating by their ballots that they wanted the capital moved, Tallahassee, with a minority of the votes cast, retained the seat of government.

There is no doubt of a desire to move the capital of Florida to some more conveniently located place, some place nearer the geographical center if not the center of population as it is developing in peninsular Florida. Almost every paper in the peninsular part of the state is in favor of the removal; and there are places west of Jacksonville, which, if the vote of the last removal election is a sign, are not at all averse to having some other place than Tallahassee for the seat of government.

The preamble of the constitution adopted by the association is literally a declaration of independence. It sets out the great purpose of the movement to be: "To free the peninsula of Florida from the yoke of West Florida domination."

It has been repeatedly charged without a successful disapproval vote that peninsular Florida has about 80 per cent of the population of the state, and pays approximately 80 per cent of the taxes of the state. At recent meeting in this city at which officials of state and county highway boards were present, the additional statement was made that the record of peninsular Florida, since the organization of the state highway commission, has contributed in excess of 70 per cent of the money and convulsed labor the state road department has had to expend, and has received in return only about 5 per cent of contribution.

South Florida has one member of the state supreme court.

South Florida was even ignored when it came to federal appointments of high rank when the democrats were in power, the domination of West Florida compelling Washington to go to Jackson county for the collector of internal revenue; to Apalachicola for the collector of customs and to Jacksonville for the federal judge of the southern district-Florida.

South Florida has not been able to get the reapportionment command by the state constitution thirty years ago, because of the dominant power held by West Florida.

No man knows all these things better than the man elected president of the Capital Removal Association, H. G. WILSON, U. S. Senator from Florida.

George H. Wheeler of Miami City, with him in the directing seat, backed up by the records in the case given the co-operation of all the great majority population which has grown tired of this West Florida domination, there seems little chance of a failure of the movement this time.—provided one place be selected the peninsular candidate, and all peninsular Florida stick to that one place.

SENATOR FLETCHER'S VIEWS ON TOWNER-STERLING BILL

When asked recently regarding the provisions of the Towner-Sterling bill and his attitude toward same, Senator Duncan U. Fletcher said: "The bill proposes to create a department of education, to authorize appropriations for the conduct of said department, to authorize the appropriation of money to encourage states in the promotion and support of education."

"Under its terms the federal government would aid the states in certain specified particulars, namely: In the matter, first, of the removal of illiteracy; second, the Americanization of immigrants; third, providing better instruction, etc., in rural schools; fourth, promoting physical education; and fifth, the preparation of competent teachers for the public schools."

"The bill does not provide any standard or authorize the secretary of education to prescribe any standard. On the contrary, it is provided, with reference to each of the purposes for which appropriations are authorized, that 'the state and local educational authorities of said state shall determine the courses of study, plans and methods of carrying out the purposes of this section within said state in accordance with the laws thereof.'"

"It is further provided that 'all the educational facilities encouraged by the provisions of this act and accepted by the legally constituted state and local educational authorities of said state, and the secretary of education shall exercise no authority in relation thereto, to imply federal control of education within the states, nor to impair the freedom of the states in the conduct and management of their respective school systems.'"

"There is, as the bill now reads, no warrant for the statement made by those who have not carefully considered its provisions, that there is to be set up a federal standard of education which the states must comply with before they can share in appropriations made by congress."

"It is optional with any state as to whether or not it will accept the benefits of the act and appropriate for any or all of the particular purposes mentioned in the bill an amount of money equal to that appropriated by congress and approved by the state under the terms of the act."

"The bill introduced by Senator Sterling on April 27, 1921, was referred to the committee on education and labor, but has not yet been reported by the committee, and it is quite impossible to say when it will be reported or what provisions it will contain to be finally voted on."

"It may be said, however, that action on the bill by the committee has been delayed, awaiting report of the joint congressional committee on reorganization of the government departments—to include a department of education, which is in the hands of the president, but has not been made public."

"I was chairman of the board of public instruction for Duval county for six years, and have always favored liberal treatment for agencies and means of promoting education; and if the bill to be voted on does not inure on the rights, powers, and duties of the state—does not vest authority in the federal government to dictate the course of study, the method and practice, terms and requirements, directions and full control by state authorities as to the management of schools, I shall favor its passage."

A PLAIN SPOKEN CANDIDATE

[Tampa Daily Times]
The editor of The Times has received from G. W. Adams, editor of the Highlands County Pilot, a personal letter, announcing his determination to become a candidate for the legislature in the coming primary.

For some time back The Times has been stressing the importance of selecting the right sort of candidates for the legislature, avoiding the disagreeable necessity of being misrepresented as happened to some counties at the last term.

With the communication comes a folder, which we presume will be sent to every voter, defining his position on the important issues of the day in a frank, manly and straightforward manner that is truly refreshing in this time of tortuous political methods. He does not attempt to sidestep important questions nor does he attempt an ambiguous verbosity in order to conceal his real opinion.

Everything is stated in a plain and simple way that cannot be misunderstood. The voters may not agree with him on all points, probably they will not, but all must admire the frank and fearless way in which he states them. If they elect him, as we believe they will, they will know exactly where to find him when these questions come up. Space forbids our giving the circular in full, as we would like to as a model for other candidates, because of its simplicity and directness, but we cannot forbear touching a few of the main points. He states in the beginning that he has no formal platform, but he states his views with a terseness and directness that is admirable, and cannot be mistaken.

He says:
"I shall not represent any one city, town, hamlet or district, the people of Highlands county as a whole, have been asked as to my position as regards the following measures:

1. Revision of the state's constitution.
2. Broader and better educational laws.
3. Protection of private property through the enactment of a state-wide no-fence law.
4. Improvement of the live stock of Florida by tick eradication.
5. Protection of the citrus industry by the enactment of a compulsory spraying law.
6. My attitude as to prohibition enforcement.

He favors a constitutional convention to revise our constitution and bring it into better accord with the spirit of the times.

He favors a broad educational policy which will "guarantee the provision of sufficient funds to maintain and operate our schools a full nine months in each and every year, with adequate salaries to secure competent teachers."

He frankly states he is in favor of a state-wide no-fence law, and will work to that end. If that cannot be obtained, he will work for a local option law, which will permit each county to decide the question for itself.

He stands for compulsory tick eradication, the success of which will be followed by the opening of the world's markets to our cattle.

He would have a law making the spraying of citrus groves compulsory thus providing a safe-guard against careless and slovenly owners, who may endanger a whole neighborhood by their negligence.

He favors the strict enforcement of the prohibition law.

In a personal letter to the editor of The Times, Mr. Adams notes a general other matters which he favors, as follows:

1. Full publicity by all expending bodies—municipal, county and state.
2. Publicity of laws enacted by all legislative bodies—municipal, county and state.
3. The establishment and maintenance of fish hatcheries within the state of Florida.
4. The amendment of our corporation laws in such a manner as will render it impossible for "blue sky" corporations to operate with safety within our borders.
5. Laws providing for reforestation.

There you have the man and the policies for which he stands, stated clearly, explicitly and understandingly. There is little in them for our citizens to criticize. If enough men of similar views could be gathered together in Tallahassee next April, to enact them into the policy of the state, the future of Florida would be assured. They can be, if the citizens of Florida will do their duty. The legislature is just as good and no better than the men who make it.

We sincerely hope that all the new counties will be careful in choosing their representatives in the next legislature. Men with opinions of their own and men who are not afraid to state where they stand and then, if elected, do what they say to fulfill their promises, are the ones who should be chosen. A review of the acts of the last legislature will conclusively prove that men are needed who will work for constructive legislation. Measures, and not men, are what the voters should consider in the coming primary election.

April 26 is this scribe's birthday anniversary and in celebration thereof the board of commissioners of state institutions has set that date for the laying of the corner-stone of the capitol extension. The same day, at Natural Bridge, twelve miles south of Tallahassee, the monument erected in commemoration of the battle of that place will be unveiled.

COMMENT ON OUR CANDIDACY

George Adams' platform, published in The Times yesterday, should be adopted by every member of the legislature from South Florida.—Tampa Times, April 6.

G. W. Adams, editor and publisher of the Highlands County Pilot, has announced his candidacy for the legislature from Highlands county. If he is not elected it will surprise us.—Tampa Tribune.

The announcement of Editor G. W. Adams of Avon Park as a candidate for the legislature, is winning the golden opinions from all over the state. Everybody likes the flat-footed, independent tenor of his announcement.—Tampa Times, April 10.

George Adams of the Avon Park Pilot has announced for the legislature. Most any one can make a platform, but only a few can make a platform when there are so many politicians hanging around. However, if George really wishes to go to Tallahassee, we hope he is elected.—Winter Haven Chief.

Tampa Times: "George Adams, editor of the Highlands County Pilot, is a candidate for member of the legislature from his county, in making a strong play for the votes of the women. Listen to this, concluding sentence of an editorial in Friday's issue of his paper: 'And another thing, our girls are sweet as their voices and as handsome as the prettiest bird of plumage in the state.' We've made that statement many times, even before we were a candidate."

Editor George Adams of the Highlands County Pilot, wants to go to the state legislature in the place of Dr. E. J. Etheridge, who has announced himself as a candidate for the legislature. Dr. Etheridge is to succeed the late Senator Frank M. Cooper of Punta Gorda. Both these gentlemen are able and conscientious. Editor Adams would serve Highlands county with distinction and Dr. Etheridge may well rest his candidacy on his record in the lower house.—Desoto County News.

Our friend, George Adams of the Highlands County Pilot, is a candidate for the legislature by his platform and declaration of principles. In other words, George comes out flat-footed and tells the voters what he will do if elected. George Adams is able and conscientious. Editor Adams would serve Highlands county with distinction and Dr. Etheridge may well rest his candidacy on his record in the lower house.—Winter Haven Chief.

G. W. Adams, editor of the Highlands County Pilot, has announced his candidacy for the legislature by a folder sent out to the voters of his county he has in a few words declared the position he will take on important issues. He favors a state-wide no-fence law; tick eradication; better educational laws; a compulsory spraying law; revision of the state's constitution; full publicity of the expenditures of all public funds; publicity of all laws, municipal, county and state; fish hatcheries to be established and maintained in the state; and amending the corporation laws of the state. Mr. Adams has a good platform and if a majority of the legislators elected are of the same mind Florida will profit by the laws enacted at the session of 1923.—Sarasota Times, April 6.

G. W. Adams, editor of the Highlands County Pilot of Avon Park, announces that he is a candidate for representative in the next legislature from Highlands county. He has sent out a platform forth exactly where he stands on a number of important questions, and his friends predict that he will be nominated in the coming primaries.—Jacksonville Times-Union.

Editor George Adams, who is a candidate for the legislature, has announced his platform in the Highlands County Pilot. He says many things and if elected and he persuades the balance of the legislature to agree with him, this old state will see many reforms carried out and there will be fires from Pensacola to Key West announcing to the multitude that George Adams will serve Highlands county in the legislature—if he gets votes enough.—Winter Park Post.

G. W. Adams, editor of the Highlands County Pilot at Avon Park, has announced for representative and his platform is worthy of remark. If elected, Editor Adams promises to do everything possible to execute into law the following policies: full publicity by all expending bodies handling public funds; publicity of laws enacted by all legislative bodies—municipal, county and state, the establishment and maintenance of fish hatcheries within the state of Florida, to support a "blue sky" law, aimed at confidence games and to support laws for reforestation. It is to be hoped that Highlands county will elect Mr. Adams so that he can try to put these policies of his into law.—Deland Daily News, April 5.

Legislative Programs

Among the "early birds" who are to seek a trip to Tallahassee by the ballot route to represent the people of the state in the legislature, is George W. Adams, editor of the Highlands County Pilot at Avon Park. And not content with this announcement that he is in the field as a candidate for election as representative, the Avon Park editor comes out with a progressive platform that is interesting, not alone to the people of his constituency but to others who take an interest in Florida's welfare because it will be the sum total of all the views of those who will be sent to Tallahassee for the coming years. There are two outstanding items in his program, the first in importance being the establishment and maintenance of fish hatcheries within the state and the other the conservation of our forest wealth. Full publicity concerning all public acts of legislative bodies is also an important item. George Adams stands high in his community so that his selection to represent the new county at Tallahassee would not cause surprise.—Lakeland Telegram, April 6.

Adams Has the Right Idea

Down in Highlands county a man is running for state representative, who, to our way of thinking, is going about it in exactly the right way. He defines his position on all the problems that confront the people in a most thorough manner and if he is elected and lives up to his statement, which we feel sure he will, no one can ever accuse him of not keeping faith with his constituents.

We have no use whatever for any candidate who will not come out of the bushes and state exactly where he stands on all the vital questions to not state where they stand but will conduct the affairs of state to the best of their ability or as the majority of the people desire, is simply sickening to us. Our idea is that they are merely mouthing. If they sincerely want to carry out the wishes of the people they should state where they stand. Then, and only then, can they

be sure of what the majority wants. Then the mere fact that they are elected proves to everyone that the principles they stand for are the wishes of the majority. If they do not have their assurance they are very likely to take the hints of a few close and powerful friends as the wishes of the "dear people." No human has a way of telling what the majority of people want after the election and very few politicians make even the slightest effort to find out—unless forced to before they are elected. For these reasons the frank and voluntary statement of Mr. Adams deserves commendation and we certainly hope the people of Highlands county decide in his favor.—Haines City Herald.

"WORTHY OF THE TITLE AND OFFICE" SAYS CONGRESSMAN DRANE

Washington, D. C., April 8, 1922.
Hon. G. W. Adams, Avon Park, Fla.

Dear Mr. Adams: I was very much interested to receive your favor of the 5th, in which you advised me that you are to be a candidate for a seat in the house of representatives from Highlands county. It would be a great honor to you to be chosen to represent the county, as the first representative of the county you had so much to do with creating.

Should you be elected it is very sure that you would make a representative worthy in every respect of the title as well as the office. One never has to surmise as to where you stand on questions of public policy, and that is a rare attribute in these days when there are so many more politicians than there are statesmen.

I remember the first time I ever thought you were a man like that, and since then I have always been the best of friends. So it will be with your candidacy: You will find men who will dissent from your opinions and vote against you, provided there be another candidate (and as to this I am not informed), but in the long run those who vote against you will respect you more because you have the courage of your convictions.

With very kind personal regard, I am, dear sir,

Yours sincerely,

HERBERT J. DRANE.

The state press in general is saying some handsome things about us and our candidacy for the legislature. We appreciate more than we can tell these commendatory articles and will say that if the people of Highlands county see fit to send this scribe to represent them he will fill the position with honor to himself and Highlands county.

Constructive legislation means the passage of laws which will be of the greatest benefit to the greatest number.

Mrs. E. L. Dunn of Wauchula spent Wednesday in Avon Park.

C. E. Lanier returned Saturday from a business trip to Atlanta.

William Dart went to Boca Grande Wednesday for a few days' outing.

Mr. and Mrs. R. W. Swearingen returned Friday from a few days' visit in Tampa.

Miss Thelma Clarke is now clerking in the W. R. England Company's hardware store.

Mrs. Phil Lacey and Mrs. Fred Stevens visited Mrs. B. A. Pearson at Lakeland Sunday.

The Rev. J. T. Ellis of West Wauchoula was here a couple of days this week visiting friends.

Miss M. J. Jack went to Boca Grande Thursday for a few days' visit with her parents.

C. A. Skipper left Saturday for New York City, to spend a few days transacting business.

Mr. and Mrs. J. E. Brick entertained a small party of friends at cards Tuesday evening.

Mrs. Joan Hood is visiting her mother, Mrs. Harry Dilley, in St. Petersburg this week.

J. B. Bennett and family and Roswell Cutler were in Fort Meade Monday transacting business.

C. E. Lanier went to Punta Gorda Tuesday to look after business interests in that picturesque city.

Mrs. H. M. Wiggins returned Sunday from Tampa, where she successfully underwent a minor operation.

Mr. and Mrs. J. T. Gant of Sebring were Avon Park visitors Monday afternoon.

Mrs. A. C. Clark, Lloyd Correll and Mrs. Clara Correll drove to Tampa Wednesday on a pleasure and business trip.

Mrs. E. C. Wright, Mrs. P. J. Rippberger and Mrs. Lillian Boyd of Sebring were Avon Park visitors Tuesday afternoon.

J. B. Epperson of Tampa spent Tuesday afternoon and night here with his brother-in-law, Mr. and Mrs. R. C. Epperson.

Carlos E. Skipper of Avon Park was here for a short time Friday morning, while en route to Boca Grande.—Herald, Zolfo.

Mr. and Mrs. James M. Luxton and Mr. and Mrs. H. O. West and daughter Rebekah spent Monday evening in Sebring calling on friends.

F. C. Collins has purchased the Raulerson house on Forest avenue, had alterations and repairs made and with his family is now occupying the same.

W. T. Hall and family returned last week from Tampa and will remain in Avon Park until June before returning to their summer home in the north.

Mr. and Mrs. J. L. Yonce and daughter Florence and Mr. and Mrs. J. B. Adams of the Penn-Carl attended a fish fry at DeSoto City Wednesday.

W. R. England, auditor for the Pittsburgh-Florida Fruit Growers Association, left last week for Washington, to remain several days transacting business for the association.

Miss Willa LeGrande of Wauchula arrived in Avon Park yesterday (Thursday) and will assist with the singing at the revival meetings in progress at the Methodist church.

G. W. and F. H. Adams spent Saturday and Sunday in Sebring and Monday and Tuesday in Punta Gorda, returning Sunday night.

Mrs. G. W. Adams and children spent Sunday afternoon in Sebring, enjoying a motor trip around Lake Jackson.

The Rev. A. W. Mathis and family of Fort Meade spent Sunday in Avon Park, Rev. Mathis filling the Baptist pulpit. While here they were guests of Mr. and Mrs. Ellis R. West. Rev. Mathis is pastor of the First Baptist church of Fort Meade.

Mr. and Mrs. G. M. Thompson and son William of Avon Park were guests here the latter part of last week in the home of Mr. and Mrs. William Hauptman. The Thompsons have many friends here and they are always welcome visitors.—Herald, Zolfo.

Mr. and Mrs. W. A. Marshall entertained a number of their friends at five hundred and bridge at their home, Rose Villa, last (Thursday) night. About forty guests were present, delicious refreshments were served and a general good time was enjoyed by all.

A party of fishermen from Wauchula, who had been enjoying a fishing expedition to Lake Josephine, spent a short while in Avon Park Saturday. The party was composed of J. H. Causey, Henry Bennett, Ben Rogers, Edgar Matthews and Hyalmar Stromstrom.

J. C. Ambler of Arcadia, capitalist, spent Tuesday in Avon Park transacting business. Mr. Ambler was so favorably impressed with our city that he remarked if he could dispose of some of his many holdings in other Florida places he would feel disposed to invest heavily in Avon Park.

Mr. and Mrs. Ezra Smith returned Saturday to their home in Manchester, N. Y., after having spent the winter here as usual. Early next fall, when the hunting season approaches, Ezra will be planning for a return trip to Avon Park, where he enjoys every moment of his stay during the winter.

G. G. Jackson and family of Miami left the latter part of last week for Wauchoula, after having spent several days here, guests of Mr. and Mrs. J. C. Epperson. Mr. Jackson is a prominent real estate dealer of Miami and like every one else visiting Avon Park, received a most favorable impression of our city and its people.

Mr. and Mrs. A. D. Roberts spent Sunday with friends in Fort Meade.

H. W. Johnson and Irene Christopher drove to Zolfo Springs Sunday.

Mrs. William Dart and Mrs. J. F. Larsen departed Wednesday for Dart's Camp, N. Y. Mr. Dart will return after the triennial convale of the Knights Templar is held in New Orleans.

Mrs. C. F. Saunders and two charming daughters of Sebring were in Avon Park Wednesday shopping.

Monday Judge D. V. Rouse was called to Dover by a telegram from his father. He returned Wednesday evening.

J. A. Newsome, a prominent business man of Fort Meade, was transacting business here Wednesday afternoon.

A. F. Henry of Grimsby, Ont., who has been spending weeks here, departed for his home yesterday (Thursday) morning. Mr. Henry owns a five-acre grove near Lake Lotela.

Editor and Mrs. O. L. Shobe of Cadala spent a short while in Avon Park Thursday morning. They were en route to Moore Haven. Mr. Shobe is editor of the Arcadia Enterprise.

We understand J. L. Masters has purchased a frontage on Lake Lotela and is erecting a fine bungalow. Lake Lotela has some beautiful frontage and we predict that it will not be many years until its shores are lined with handsome residences and a beautiful driveway will be constructed clear around the lake.

C. C. Crill last week received a letter from his daughter in Brooklyn, N. Y., stating that she had secured the position as soprano in the choir of the First Presbyterian church in New York City. This is the highest salary paid in any choir in the great city and Mr. Crill naturally takes pride in the fact that his daughter, Mrs. S. C. Wild, possessed the necessary musical ability to secure such a position.

A. M. McAuley, county commissioner from the Lake Stearns district, spent Monday night in Avon Park, the guest of Mr. and Mrs. A. D. Roberts. Mr. McAuley stated to the Pilot man that he would not again be a candidate for county commissioner, a statement we were indeed sorry to hear, for he has made an able commissioner and has always stood for those things he believed to be for the benefit of his own district, but the county at large.

The Ladies' Aid of the Congregational church held a meeting at the home of Mrs. William Dart last Thursday. There being but a few present very little business was transacted. After 4:30 o'clock a silver tea was given by the Aid and Guild, which was very liberally patronized. The music was given by the choir, and the meeting closed with refreshments. The next meeting will be held at the home of Mrs. Charles S. Shepherd.

The Woman's Guild of the Episcopal church met at the home of Mrs. Ada J. Canfield Wednesday afternoon. After all business had been attended and the meeting closed a social hour was spent most enjoyably. The living and dining rooms were tastefully decorated for the occasion, a moss covered basket filled with various colored eggs and biddies formed the centerpiece for the dining table. Delicious refreshments, consisting of fruit salad, cheese balls, saltines, iced tea and cake were served. This was Mrs. William Dart's last opportunity this year of meeting all the members of the guild, of which she is president.

BARBECUE AT VENUS SATURDAY, APRIL 29

We are in receipt of a letter from Charles M. Hendry, member of the democratic executive committee from Venus, stating that a "big political Venus barbecue" will be held in Venus Saturday, April 29, to win the general public and all candidates at this country, enjoying the swimming in the lakes very much. The party arrived Friday evening and returned to Winter Park Sunday evening. Those who enjoyed the (Caldwell's well-known hostess, Mrs. H. L. Dickinson of Chicago; Bertha Phil of St. Petersburg; Margaret McKay of Tampa; Dorothy Darrow of Oklawaha City and Rebecca Caldwell of Avon Park; Ken Warner of Crescent City, Richard Potter of West Palm Beach and Thomas Caldwell of Avon Park.

Rather Odd Proceeding

Last week's issue of the Avon Park Pilot failed to state the name of the editor or publisher or price—in fact, what is termed a "masthead" was omitted. The only way I can account for the proposition is that there being no editorial column the man who wrote the letter assumed it of it. Outside of that it was a good issue.—Thorn in Kissimmee Valley Gazette.

REVIVAL SERVICES AT METHODIST CHURCH

The revival meetings will continue through Sunday. Those who have been faithful in attendance have been greatly blessed. God has revived his people and they are better fitted to carry on his work. Come and join us in the remaining services. You will be welcome.

Special Easter music at Sunday school and public worship. A union "sunrise" prayer meeting in the Methodist church Easter Sunday morning at 6:30. Let us meet to praise Him in remembrance of the Resurrection.

Miss LeGrande of Wauchula arrived last Thursday. She is a very fine musician and has helped considerably in making the revival meeting a success. Rev. J. T. Mitchell, also of Wauchula, came over Tuesday, returning home Thursday evening. His visit was greatly appreciated. It was his first visit to Avon Park and he enjoyed it immensely.

The annual district conference of the Orlando district will be in session at Oviedo Tuesday and Wednesday, April 25 and 26. The delegates from here are Mr. and Mrs. Swearingen, Mrs. Stevens, Mrs. Guttridge and B. H. Starkey. All are expected to go and will be royally entertained by the Oviedo friends. The pastor guarantees this, as he served the Oviedo people as pastor for three years and knows their capabilities along that line.

ONE-CENT SALE WAS A GREAT SUCCESS

The one-cent sale held by the Avon Park Drug Company Thursday, Friday and Saturday of last week, was a great success in every way. Dr. H. Lander informed us that he had a splendid business every day of the sale the first day. Some people seemed to have the idea that the articles were new or old, worn or new, but the same condition existed in every other town in the United States where Rexall stores are operated. It was a nation-wide advertising campaign put on by the United Drug Company, and nearly every newspaper in the state has been carrying advertising matter advertising one-cent sales for the same dates.

TABCO "TACCO" AND

WORK HARD IS RECIPE

FOR SURE LONGEVITY

William H. Sr. and Henry Bruns, 83 years of age, who claim the distinction of being the oldest living twins in the United States and who recently celebrated their 83th birthday in Woodville, O., after being residents of that village of their sixty years, give the following recipe for longevity.

Hard work—and plenty of it.

Tabco tobacco.

Don't worry or fret.

Smile at trouble.

Regular meals and sleep.

Live the Golden Rule.

The biggest thing in life, they say, is "keeping busy" and they have accumulated a tidy fortune by doing it.

A man without ambition is worse than a man without a country, in their opinion.

Neither twin has ever ridden in an automobile, they said.

Starting in business in 1864 in a general store, William was on the job every day, except for an occasional illness, until December 7, 1918, when fire destroyed the establishment.

Henry was his clerk one year, then his partner, and then later on in business for himself, building a grist mill in 1893. In this business Henry also established a reputation for work, being on the job continuously until 1921, when he "retired" him.

Born in Hanover, Germany, Feb. 4, 1834, the Bruns brothers came to America at the age of 18 years. Both are married and have families.

Drop in Government Revenues

Government revenues collected during January—the first month of operating of the revised tax law—showed a decrease in receipt of nearly \$65,000,000 compared with January, 1921, according to reports coming from the internal revenue bureau. Receipts during January aggregated \$131,000,000 against \$196,000,000 for the same month last year, the major shrinkage being in the income and profits taxes, which declined from \$87,000,000 to \$44,000,000.

And I Was Rattled

One of the nicest of women came into my office yesterday, limping slightly. When I asked the cause she said: "I slipped and hurt myself near the postoffice!" Not being a student of somatology I'm not used to locations—so the only thing I could do and be a gentleman was to keep my mouth closed. Which I did.—Thorn in Klamath Valley Gazette.

A. F. G. Sales Offices

A Sales Force For Growers That Covers Every Market

Growers who can offer their citrus to every buyer in every market in the country are bound to get top prices. Demand fluctuates from day to day in each market and a selling force that has representation every day in the year in every city where carlots are sold has the line-up that will produce good account sales.

Such a sales force takes long to build. It can't be built in a season. For best results it can't be operated for the few months covering the marketing season of one crop and then be allowed to rust until the next year. The confidence and good will of buyers is won by a sales force that is continually in contact with them and that serves them by handling a complete line instead of a few commodities.

The American Fruit Growers Incorporated is represented the year round with offices in 166 carlot buying centers of America, from which it quotes to all buyers in more than 2,000 cities. Carlot buyers in the small cities surrounding the larger markets are reached in person and by telephone instead of by telegraphing.

A. F. G. representatives are men of experience. Each is in touch with the trade in his district every day. Their ability to supply a complete line of fruits and vegetables is a service to buyers that is repaid in good will and confidence. This is reflected in sales that stick.

American Fruit Growers Inc.

666 quickly relieves a cold.—Adv. Rub-My-Tam for Rheumatism.—

Your Sixty-Three Dollars

We do not mean to pry into your private affairs, but—have you any money in the bank?

You have. Perhaps only \$100. The exact amount does not matter.

Taken all in all there are some 27,000,000 depositors in the banks of this country. These banks have invested, approximately, \$1,700,000,000 in public utilities securities.

That makes your financial interest in public utility stock at least \$63.

That bring you down to a direct and personal partnership in the power company behind the wires in your house, in your office, in your factory! There are some 1,450,000 American citizens who had faith enough in the future of electricity to invest, first-hand, in the securities of the electric light and power companies. They were investors with a vision. You are an investor by chance—but none the less an investor.

While 35,000,000 Americans enjoy electric service in their homes, there are still 14,000,000 homes in the United States not supplied with electric light, more than half of which sooner or later will demand electric service.

It is authentically stated that 1,500,000 homes, 500,000 factories, 5,000 churches, 60,000 apartment buildings, 15,000 theatres and 5,000 public schools must be built and wired immediately.

What does all this indicate to you?

Simply that the electric light and power industry of the United States is little more than at the beginning of its development and activities. It is seeking to extend its service capacity so it may care for demands from these millions of residents promptly and efficiently as the need or desire for service arises.

Florida Property Is Increasing in Value Every Day

Particularly is this true of property on the Scenic Highlands and in and adjacent to Avon Park. Our city is growing rapidly, new buildings being started nearly every day. Of course this adds to the value of all property, whether in the city or adjacent thereto.

"HILLCREST"

is close to the city limits of Avon Park. Its groves are increasing in value every day. The trees are growing nicely and show a healthy appearance, making an investment with the Scenic Highlands Development Company an attractive one. In fact, one has but to see the young groves, note the painstaking care being given the trees, consider the location and then ascertain what grove properties are selling for all around us, to become convinced that "HILLCREST" is a gilt-edge proposition.

PROGRAM TO BE GIVEN THIS (FRIDAY) AFTERNOON

The following program will be given before the Woman's Club this (Friday) afternoon at 3 o'clock at the school auditorium, by the pupils of Miss Sadie Meyers:

Two songs, "Believe Me" and "Bring the Spade and Shovel Boys."

"The Microbes," a playlet, Microbes, Gladys Meredith and Philip Boardman; Johnnie Blake, Clair Park; Doctor, Robert Sapp.

Recitation, "The Undernourished Child," Rodney Durrance.

"The Airt Family," a playlet, Ain't Got Rodney Durrance; I Ain't Lucile Eikes; Doctor Grammar, Lucile Smith; Doctor Verb, Lew Lane; Doctor Plonson, John Herrin.

Recitation, "And, And Why," Paulie Willford.

The pupils of the teacher have put lots of work and enthusiasm in getting up this program and every one is invited to enjoy it with the Woman's Club. A short business session will follow the program.

The musical program given before the Woman's Club last Friday was presided by a talk by Miss Furtow Anderson on the history of music.

The numbers given by Miss Anderson's pupils were well received and showed an advancement much to the credit of their teacher. The visitors to try Mrs. Knight, the musical

reading by Mrs. Mumman, and the vocal solo by Mrs. T. MacDonough were warmly applauded and the honorees graciously responded.

One more program will be given before the annual meeting of the Woman's Club on May 5, after which the club adjourns for the season.

This program will be given April 21, at which time Mr. Triplett will speak on the child labor laws.

Wednesday—"The North Wind's Malice," a seven-act Godwyn super special. Admission 15c and 50c.

Thursday—"The Dempsey-Carpenter Fight." From start to finish, slow motion and all, showing the actual knockout. Admission 25c and 50c.

Friday—"Tropical Love," featuring Ruth Clifford. Also "Harricane Hutch" and "Pathe News, showing the pirates attacking Tampa Gasparilla week."

Saturday—"The Light in the Clearing." Also an educational comedy. Coming—"Rip Van Winkle."

BARBECUE AT VENUS

SATURDAY, APRIL 15

We are in receipt of a letter from B. S. Johnson of Venus, asking us to announce a barbecue to be held at the picnic grounds, near the Robbins bridge, Saturday, April 15. Everybody, especially candidates, cordially invited. This looks like the opening of the political campaign in Highlands county and there will probably, in addition to the good things to eat, be plenty of "hot air" distributed. There is one thing we can assure those who attend, and that is a good time, for when the people of Venus stage a barbecue or picnic no half-way measures are provided for the comfort and pleasure of their guests.

Entertained Missionary Society Thursday afternoon of last week Mrs. Ed S. Barnes and Mrs. Cyril Baldwin entertained the Woman's Missionary Society of the First Baptist church, at the pastorium. The regular routine business was taken up and thoroughly discussed, after which a social hour was spent in pleasant conversation and enjoyed by all. Dainty refreshments were served by the hostesses. The members present were, Mrs. Ed S. Barnes, Mrs. Cyril Baldwin, Mrs. G. W. Crews, Mrs. Lawhon, Mrs. Ray Marsh, Mrs. Gloster, Mrs. L. D. Roberts and Mrs. Bertha Smith. Mrs. J. B. Coen and Mrs. J. H. Randall were visitors.

OPEN RANGE AND THE TOURIST

[Tame, Tribune, April 8]

If any one had made the statement a few years ago that the open range situation in Florida was hurting the tourist business of the state he would probably have been given a hearty laugh. But in the Highlands County Pilot we find a candidate for the legislature setting forth just that doctrine in his enunciation of principles. What he says is incontrovertible, too.

Candidate G. W. Adams, who by the way is editor and owner of the Highlands County Pilot, says:

"Our annual tourist crop is said by many to be the greatest revenue producer we possess. But the open range even militates against this crop, for there are hundreds of delightful spots in Florida that would appeal to the northern capitalist as sites for winter homes, that are today unsightly and unimproved, because of the fact that no protection is afforded against depredations of roaming stock."

"Many of those who have already created homes on account of the destruction of their property because of inadequate protection against stock, are now asked to remain, when otherwise they would have no thought of or desire to make a change."

It is indeed an embarrassing sign when men offering for the legislature—a place where to this time the open range has been the most sacred thing in existence, save only the cattle tick—begin to realize that the entire interests of the state are affected seriously by a continuance of this inquiry. We shall watch his race with much interest and expectancy."

SAME IN HIGHLANDS

Every voter of Charlotte county who stands for progress should ask at least two questions of candidates for the legislature: "Do you favor state land and will you defend it every fair means to bring about its quick completion? Do you favor a fence law that will protect the small farmer and grove owner, and will you work for and vote for such a law?" Unless the candidates can answer these questions quickly and positively in the affirmative, he cannot represent the best interests of Charlotte county and should not be sent to the legislature. Every candidate for the legislature should state his position on these two issues clearly, and the Herald invites them to do so through its columns and will give each one five inches of space for this purpose.—Punta Gorda Herald.

The Hon. Park Trammell, who recently suffered the loss of his wife, will from now on pay some little attention to his campaign for re-election to the United States senate. While an effort is being put forth to induce the Hon. William Jennings Bryan to announce in opposition to Mr. Trammell, it has been pointed out by some that Mr. Bryan has not been a citizen of Florida long enough to entitle him to vote. Most active among those urging Mr. Bryan to become a candidate and in the formation of Bryan clubs throughout the state, is a Mr. Walsh of Miami, whom we are informed has but recently come into our state from Pennsylvania. While we do not deny the fact that Florida would be honored by having for a United States senator a man of Mr. Bryan's national standing, we do believe that services rendered should be taken into consideration, and call attention of our readers to the fact that the Hon. Park Trammell has served us faithfully for five years—a service which is entitled to recognition. Furthermore, we believe that men who have resided in this state for a long period of years should be given preference over those who have hardly been here long enough to know the needs of the state.

Three candidates have announced for representative in Glades county. We are personally acquainted with one of them, D. W. Stevenson, have worked with him in Tallahassee and know him to be competent to fill the position he seeks with honor to himself and his county. Mr. Stevenson took an active part in endeavoring to secure the passage of a bill creating a new county out of that territory remaining in Tallahassee during the recent session of the legislature in 1919. In 1921 he was also in Tallahassee while the legislature was in session, being a member of the county division committee which did such excellent work in the dividing of De Soto county. Mr. Stevenson is an indefatigable worker and the people of Glades county will make no mistake if they elected him to represent them at the next session of the legislature.

These are the days when the smiling candidate, as a rule, approaches you and says anything but what he means.

Loyalty is a splendid attribute. Every citizen of Highlands county should be loyal to his county and in the selection of officers choose those men who are not only competent, but who have labored faithfully to put this county on the map.

East Coast Tomatoes The movement of tomatoes from lower East Coast points is now in full swing, and hundreds of cars have been shipped since the beginning of the present season. Florida leads all states in the shipment of tomato by the carload.

Card Playing Increasing More playing cards were sold in 1921 than ever before. Men who in the saloon days, now gone, it is hoped forever, are playing cards in their homes and at clubs. Unemployment gives men a chance to kill time with cards.

Americans in China American consulates in China report that there were 10,000 American citizens registered in that country on Jan. 1, 1922. Americans are globe trotters, and some of them know little of their own land.

Attractive Window

One of the show windows of the Florida Pharmacy has been attracting no little attention this week, especially among the little folk. The window contains an Easter display, consisting of live bunnies, guinea pigs and colored eggs, and many of the children, as well as grown-ups, stand for considerable time watching the antics of the rabbits.

NEW RESTAURANT OPENED SATURDAY

The "Pie-Zel" (please all) restaurant, owned by C. E. and L. B. Correll, opened its doors for business Saturday, in the afternoon serving free coffee and doughnuts to all visitors. If the service and appearance of this new restaurant are an indication of what its patrons are to expect in the future, we predict for its proprietor a splendid success. Everything in the way of fixtures is new and spotlessly clean and the viands are displayed in a tempting, sanitary manner. A lunch counter is provided for men, while tables are at the disposal of the ladies. The menu cards show that the management has learned that the war is over, for the prices quoted are much lower than is generally found in restaurants nowadays. The building owned by Albert Ellison, corner North Main street and Forest avenue, has been remodeled for this purpose and while it is small the space has been so arranged that every inch of it is available. Mr. Correll informs us that he hopes to be in a new building before many months and operate the class of restaurant Avon Park has long needed.
