LOVELY CARD PARTY OF THE PAST WEEK

One of the loveliest affairs of the summer was the card party given by Mrs. Gilbert Stebbins Thursday afternoon at her pretty home. The guests were seated at five tables and progressive five hundred was a delightful pastime.

The rooms were beautiful in the color scheme of yellow and green, and tinted mints dotting the zinnias and ferns adding decorative touches. Pretty yellow zinnias were given as favors to each guest.

In the count it was found that Mrs. E. G. Todd held high score and she received gift table numbers as the high score award, and Mrs. John Stringfellow, holding low score, was presented with a handsome card table cover.

Punch was served during the interesting games and afterwards a delicious salad course with accessories was served.

The guests at this charming affair were Mesdames D. F. Canfield, C. E. Lanier, T. H. Lander, Susie Stubbs, William Reek, H. F. Reek, Carlos Skipper, Charles Douglass, Charles Moffett, John Stringfellow, Neil Trent, Gilbert Freeman, R. C. Epperson, W. C. Touchton, E. G. Todd and Misses Myrtle Jack and Ethel Sawyer.

BIRTHDAY CELEBRATION
Miss Christine Reeves was the charming young hostess to a group of her friends Monday afternoon at her home "Givensarest," the occasion being to celebrate her thirteenth birthday.

The house was prettily decorated with garden flowers and the young girls were greatly entertained with numerous games, later going out to

the lawn and enjoying a round of croquet.

Miss Christine, assisted by her mother, Mrs. F. Reeves and Mrs. Lulu Blank, served delicious ice cream, cake and punch during the afternoon. The guests present were Misses Marjorie Lacey, Dixie Martin, Iris Dickinson, Katrina Lanier, Lois Hart, Katie Bond, Caroline Wild, Frances and Dorothy Crews, Mary Adams and Dorothy Durrance.

MISS L. E. GRANDE HONORED
The spacious home of Mrs. Harry Standfield of Wauchula was a scene of gayety Monday evening, while Mr. and Mrs. Standfield in their usual charming manner, received in honor of Miss Willa Le Grande and Mr. J. Chapman.

As the guests entered the broad veranda, which had been converted into a bower of variegated daisies and ferns, delicious iced punch was served by two attractive young ladies, Miss Brownie Smith and Miss Rebecca Caldwell.

After an evening of laughter and music, refreshments consisting of chicken salad, ice and cake were served by the hostesses, who were assisted by friends of the bride-elect.

INFORMAL PARTY
Mrs. Charles Sherman was hostess to a few of her friends Friday night, when a group gathered at her home to play five hundred. The party comprised two tables and everyone enjoyed the games immensely.

Mrs. Sherman served a delicious roasting of chicken and cake. Those enjoying this informal affair were Mr. and Mrs. Charles Moffett, son, Mr. and Mrs. Fred Smith and Mr. and Mrs. Charles Moffett.

DINNER PARTY GIVEN IN HONOR OF MRS. DILLERY

Wednesday evening the Congregational church parlor was the scene of a beautiful affair given in honor of the birthday of Mrs. Harry Dillery by the friends of this charming lady. The party was a chicken supper and was a total surprise to the honoree, she being brought by the church to attend the mid-week service.

Birthday cakes and chicken and all the goodies of a real birthday dinner were on hand and the guests and the honoree had a very pleasant time.

Among the invited were Mr. and Mrs. John Hood, Mr. and Mrs. Jesse Bennett and children, Mr. and Mrs. Charles Shepherd and Shirley Gay, Charlotte and Charles Shepherd, Mr. and Mrs. E. O. Williams and grandsons Dwight, Mr. and Mrs. Harry Sudden, Mr. and Mrs. Myers and Mrs. Fannie Reeves and Fernie and Christine Reeves, Mrs. Philip Leigh, Mrs. Lulu Hixson, Mrs. A. E. Eason and Byron and Misses Annie Whitall and Thelma Clark and Messrs. Raymond Dille, Glenn Spink and Bob Hood.

BRIDGE CLUB AT THE HOME OF MRS. LANDER

The Bridge Club was entertained this week by Mrs. T. H. Lander at her home.

Two tables again formed the games and an interesting afternoon was spent playing bridge.

Mrs. Lander served her guests a dainty salad course with accessories and lemonade. Those enjoying her hospitality were Mesdames Neil Trent, C. E. Skipper, C. E. Lanier, H. E. Goldwin, William Reek, Susie Stubbs and Miss Myrtle Jack.

MRS. CHARLES HARRIS ENTERTAINS LADIES' AID

The Ladies' Aid of the Methodist church met Tuesday afternoon with Mrs. Charles Harris at her pretty home "Whispering Pines," on Lake Denton, about thirty members and guests attending.

After the usual business the afternoon was spent delightfully with music and social conversation. The hostess, assisted by Misses Ellis Harris and Bertha Gutteridge, served a delicious salad and ice course.

MISSIONARY SOCIETY MEET

The Women's Missionary Society of the Baptist church had a most interesting meeting at the home of Mrs. R. C. Epperson Tuesday afternoon. Numerous items of business were attended to and afterwards the members enjoyed a social hour.

Assisted by Mrs. W. C. Touchton, Mrs. Epperson served a delectable lunch, consisting of chicken, salad, sandwiches, pickles and tea.

EVENING AT CARDS

Mr. and Mrs. W. A. Marshall were host and hostess to a small group of friends Monday evening at their home on Lake Lotela. Games of five hundred proved very interesting and the evening passed away pleasantly.

A lunch course was served at the conclusion of the games. The guests present were Mr. and Mrs. T. H. Lander, Mr. and Mrs. Norton Smith, Mr. and Mrs. Charles Moffett, Messrs. George Adams and McKee Elwell.

Have you Tried a Meal at Boss Cafe? If not, why not?

LAKE WALES HOUSE PARTY ENTERTAINED

Miss Rebecca Caldwell entertained Thursday in honor of the house party guests of Miss Louise Johnson of Lake Wales. The young people motored down in the morning and attended the ball game here between Avon Park and Lake Wales in the afternoon.

After a 6 o'clock dinner and a delightful evening at "La Casa Grande," the party returned to Lake Wales.

Those enjoying the happy occasion were Misses Louise Johnson, Gertrude Jones, Lorraine Watkins of Lake Wales, and Miss Sarah Hendry of Lakeland, and Messrs. Rollie Tillman, Campbell Tillman, Robert Leon Johnson, Gilbert Tillman of Lake Wales and Tom Caldwell of Avon Park.

"LIVE WIRES" HAVE PICNIC

The "Live Wire" class of the Methodist church were given a delightful picnic party by their teacher, Miss Bessie Johnson, Thursday afternoon on Lake Lotela.

The members of the class enjoyed a swim and a picnic lunch before returning home. The girls attending were Misses Marjorie Lacey, Ethel Clark, Grace and Gladys Meredith.

Board for the fair.
Apparently someone has swatted
the quites.
Russian rubles seem to have a "tin"
in front of them.

Now for a high-grade exhibit from
Florida's highest highlands.

Some folks sow their wild oats by
the moonshine instead of making hay
by the sunshine.

The Apalachicola Times is wondering
where girls, who will smoke, will
strike their matches.

Some folks think that there will be
new pressure for a hair restorer even
as bobbed hair grows unfashionable.

Tampa ought to be Florida's first
city. Why don't those suburbanites
quit their row and make it unanimous?

If you would be healthy, happy and
wise, come to Highlands county, buy
a few acres and grow something to
sell.

Florida is the coolest spot in the
sun, says the Tampa Tribune, and
the ridge is the coolest spot in Florida.

"Flap your organizing," says a hand-
lower. Perhaps he can be developed
lower cloth prices as they can follow
French styles in longer skirts.

Now comes live stock raising, your
pasture yourself, even as your lawn.
They say the stock won't do it.

Our city beautifying idea is spreading.
The Tampa Tribune advises
"The make Tampa yards beautiful
fever has hit. It beats dengue."

St. Petersburg is going to spend
\$85,000 for advertising this year. It
has 14,000 people and Avon Park has
1,400. Our share would be \$2,200.

Now it's being done. A husband
is worth just \$100 a month. That's
all a rich grass-widow would
offer for a man she wanted very
much.

Just because the photograph shows
the dame with one toe high in the
air, doesn't mean she is a chorus
girl. There are tennis stars too, you
know.

A New York produce Journal has
found "eggs a problem." We wonder
if that editor has a bunch of ham
actors.

"Our flapper friend will not stop
chewing gum even while listening
on a radio," says the Times-
Union. Our flapper friend doesn't
"chaw."

"Whenever we meet a bobbed haired
man, we cannot but hit watch fur-
tively for him to powder his nose,"
says the Tribune. Just page Charlie
Spencer.

Keth's circuit has put a ban on
prohibition jokes. Why not go back
a few years and spread the ban over
pre-prohibition jokes, and make it
cover all vaudeville.

A big decrease in lunacy is reported
by the New York state lunatic
commission. Apparently they are all
turning suckers if we are to believe
reports of racketshop investigations.

Regulation of his lines is being
asked by some. It's not regulations
they need, its proper taxation—pro-
portionate taxation, both as to dam-
age to roads and what other trans-
port agencies pay.

The Times-Union wants the Democ-
rats to use a good stout broom when
they "sweep the country next No-
vember." We suggest the use of a
good wide street sweeper so as not
to offend anybody.

Avon Park's big pumpkin and its
"half-ton" avocado tree are bring-
ing plenty of desirable publicity to
the metropolis of the Ridge. Scores
of papers are reprinting and com-
menting on the two stories which
appeared in The Pilot.

LOOK OUT FOR THE REFORMERS

The appointment of Col. Jason S.
Joy, former national executive sec-
retary of the American Red Cross, as
liaison officer between those who pro-
duce motion pictures and those who
desire to see them play a better part
in American life, may prove of bene-
fit, but Mr. Ray should be careful
to see that the motion picture pen-
dulum does not swing the other way to
the injury of the industry.

The world is filled with cranks,
soreheads and the meddlesome people
who live to revent everything in life
but their own annoying characteris-
tics.

Naturally, everyone would like to
see the salacious stripped from the
screen, and it will be.

At the same time it is easy to bend
so far backwards that someone will
fall down.

If the cranks have their way the
film will be so uneducational that
it will draw an audience only of molly-
coddles, which fortunately are in the
great minority.

It may be well to take of measures
that will safeguard the immature
mind from undue screen influence,
though even this has its dangers.

The drama has been kept safe and
sound by the protection of public opin-
ion and undoubtedly the screen will
be safe if it is guarded by those who
support it.

Colonel Joy, as an aide to Hays, has
his work cut out for him, and it is
not to provide a willing ear to every
Pharisaical reformer.

NOT TOO MUCH TIME

Highlands county is going to the
South Florida fair in February. That
much is decided.

We have just five months to decide
what kind of an impression we make
and how many prizes we take.

That is not too much time—hardly
enough.

It means some intensive work. It
means every citizen who can must
put a shoulder to the wheel. We have
got to have oranges, grapefruit and
lemons and times, which will be easy
to get. But we have also got to have
some pineapples, pumpkins,
strawberries, vegetables, hogs, cattle,
chickens, potatoes, sugar cane, and a
multitude of other products.

If all these things aren't being
grown here now it is just the time
for some farmer to get in a few.
Strawberries sold at the fair last year
for 75 cents per quart. There will be
good profit in everything that is sent
there.

Our good women must help. They
can preserve and can as good as
buy in the market an exhibit of
such class as they can put up will
help the county towards the grand
prizes. Their art-work and needle-
work should also bring individual
prizes and credit to the county.

We have a slaughter house at hand.
We have some mighty fine looking
meats coming into town. Why not freeze
some of this in big blocks of ice and
take it to the fair? The factory
could help with this and we are sure
it would contribute liberally. There
would be no trouble disposing of the
meat in Tampa and such an exhibit-
ion similar has never been shown al-
though it is Tampa before—would at-
tract universal attention.

We could treat fish the same way,
though this is not new and there
probably will be others in the same
line, but competition is good. If the
citizens respond to the plan of the
county, it will be a success.

Send your idea
to the Pilot, make up your mind to
grow something and make it a success.
We will be glad to help. But do some-
thing now.

All Ready But The Horses

the system. The men most suggested
for commissioners—and we might
add the only ones we have heard men-
tioned for posts under the proposed
new form—are members of the present
council. We have got to get out of
the habit of suspecting our fellow
citizens. We have got to give him
credit for meaning well until proven
otherwise.

Splitting hairs to stir up petty an-
imosities is bad business for any com-
munity. There were evidences of it
at the meeting. Mr. Appleyard feared
that in speaking of a system some
men had taken it personally and
apologized. Then Mr. Lanier tried
to speak impersonally, discussing a
public question, but he feared his
might have hurt somebody's feelings
and before he finished he offered
apologies. Other speakers felt called
on to do the same.

They shouldn't have had to do this.
People should know by this time
that public questions are general and
not to be cluttered up with personal-
ities. Personalities should be tabled,
and so far as this discussion—except
by some persons who may have taken
discussion too much to heart without
giving the smaller credit for being
honest, sensible and business-like.

WORSE THAN THE WAR

In the past eighteen months there
have died in the United States more
than twice as many Americans, as a
result of automobile accidents, as
were killed in the great war. Only
48,000 of our boys went west in the
big conflict, while in the last year
and a half 1,000,000 Americans died
as a result of motor car accidents.

The startling feature of these fig-
ures lies in a knowledge that the war
is ended, while the motor car is with
us to stay and to increase in use.
Despite the heavy toll it takes in
human life nothing is going to stop
its progress.

Consideration of the situation
brings its importance home to the
country even more than to the city,
because nearly 70 per cent of the
automobiles manufactured in Amer-
ica are sold and used in towns of five
thousand population and under and
on the farms.

This means that preventable deaths
in the country as a result of automo-
bile activities is proportionately
great, a situation so serious that it
cries aloud that something be done to
halt this yearly national disaster.

One of the great sources of auto-
mobile accidents is the grade cross-
ing, a problem in every small com-
munity.

In many states the law prescribes
that when grade crossings are elimi-
nated the villages through which they
pass must stand a good proportion
of the expense. This is a heavy bur-
den on the taxpayers.

On the other hand to order the
railroads generally to eliminate cross-
ings at grade, either by bridge or
tunnel, or by submerging of tracks
would appear to be an unjust de-
mand.

This matter of grade crossings is
more than local. Indeed it is so na-
tional in character it might be well
for Washington to assist more ma-
terially than it does in checking the
country's most notorious death traps.

GEORGIAN LOOK TO FLORIDA
Mayor D. A. Sapp has returned
from Georgia, where he and his fam-
ily spent the summer.

Mayor Sapp reports that he is inter-
ested in Florida and the state appar-
ently prosperous, though there seems to
be little building in the country. All
the cities and larger towns, he says,
are exhibiting business as usual, and
signs of better times in Georgia. Mrs.
Sapp and their children accompanied him
home.

ADDRESSED TO MERCHANTS

Forty years ago a store in Chicago
used a full page newspaper adver-
tisement. Other stores literally
"threw up their hands" at such ex-
travagance, daring and stupidity. But
that store (The Fair) is now one of
the biggest stores in the country and
some of the others who throw their
hands up, never got them down, be-
cause they couldn't see how the "wild
was blowing." They couldn't and
wouldn't see that good advertising
didn't ruin a business, but would
build business. Of course, there were
merchants who very soon fell in line
with their own big spread ads selling
their store news interestingly and
fully. Most of those days are still
"going big."

It is hard to understand why some
merchants cling to the idea that ad-
vertising does not pay, particularly
when our whole country is filled with
evidence of its power and paying
quickly. It stands to reason that the
more people who know of your store,
will add to the crowds in your store.
A few choice friends won't make a
crowded store, and store news must
be told to everybody in order for it
to be worth while.

Good merchants paid one hundred
fold forty years ago and it is paying
even better these days.

Try it yourself.—Tampa Tribune.

ABOUT THE TOWN

Have you Tried a Meal at Bass Cafe? If not, why not?

C. W. Pahor of Arcadia was in town Sunday visiting his family.

Judge D. V. Rouse has been visiting in St. Petersburg for the past week.

N. G. Carlton, one of the pioneers of the Ridge, was a visitor in Avon Park Wednesday.

Eldred Starkey, obliging telephone operator, is spending this week in St. Petersburg with Lee Park.

Stowling Carter, who formerly lived here, but who now resides in Tampa, was the guest of Melville Bass Sunday.

A. C. Bannicknight and L. N. Smith arrived home Sunday from a short tour of the northern part of the state.

Misses Jean and Katherine Sims of Tampa are the attractive guests of Miss Miriam Hilton this week.

Mrs. J. W. Brown and daughter Mabelle are visiting here, the guests of Mr. and Mrs. G. L. Crews, and family.

Clarence Gutteridge was one of the young men of the town visiting in Haines City and Lake Hamilton this week.

Bill Smith, who was substituting for Mrs. Fred Smith in Kate Broad store last week returned to Klemm Sunday.

Robert Dred, brother of John Dred, has arrived here from Tampa, to be among the Avon Parkers attending school on Sept. 4.

C. P. Anderson, president of the Pittsburgh-Florida Fruit Growers Association, was a business visitor to Tampa the early part of the week.

St. Petersburg is claiming a number of Avon Parkers people this week, among them is Clifford Diley, who left Sunday for the Sunshine City to attend school.

Ed Ley, court stenographer of Arcadia, was here Sunday and during the day he and his family moved into the Webster house.

Douglas Pedrick and Cedric Smith, prominent young business men of Gainesville, were prospecting in the city this week and while here were the guests of Mr. and Mrs. R. C. Esperson.

Mrs. W. R. Minor, who has been visiting her father, B. F. West of this place, returned to Bowling Green Wednesday with Mr. Minor, who has been attending to court business in Sebring.

A number of teachers are arriving from out of town the latter part of this week. Among them are Mrs. Mary Ware from Lakeland, Mrs. Estelle Poole from Live Oak and Miss Beat Caulk from Arcadia.

Mr. and Mrs. H. J. Mummau were among the 150 teachers taking the examination in Arcadia last week. Of the five special state certificates granted, Mr. Mummau obtained one and of the first Mrs. Mummau was the recipient of one.

Misses Mayme Lee Durrance and Beatrice Bass will leave early Friday morning to attend the water meet at Winter Park, which is arousing so much interest. They will be guests at the banquet Saturday night and will return to Avon Park Sunday.

Mr. and Mrs. Boyer received a letter from T. H. Mosher, stating that their daughter Ethel is in a hospital in Pittsburgh, Pa., where she has undergone an operation. Mr. Mosher and family will be remembered by many friends in Avon Park, who extend their sympathy and hope for a speedy recovery for their daughter.

BIG PICTURE COMING
What is said to be the greatest picture of the year, the wonder of both America and Europe, will be shown at the Capitol Theatre next Monday, Sept. 4. It is said to be a far greater picture than "The Old Nest," "The Trick" or that wonderful picture, "The Silent Call." Arrange your plans so that you will not fail to see it. The picture comes to Avon Park direct from the largest city and theatre in Florida. This should convince you of the great merit of the production.

When a man boasts that he has had the same umbrella in his possession for years, you can rest assured that it's not much of an umbrella.

When the Children are Grown

Will they look back at happy days spent in healthy, joyous play on properly planned and well organized playgrounds instead of dangerous streets and demoralizing corners and back lots?

Consider what just one-tenth of the money your town spends in unnecessary pleasures would mean if invested in substantial playground equipment and park areas for the children. Then talk it over with some progressive neighbors and start a "child welfare committee" in each civic organization.

Before you plan too much, take the matter up with those who specialize in the study of such matters—they can help you a great deal and at nominal cost will save much in needless expense and wasted effort. If you have not had your copy of the TROPICAL PLANTING BOOK mention that when writing, too.

Will You Help the Democratic Party to Win This Campaign?

If so, the most helpful thing you can do now is to contribute to the Democratic Educational Campaign Fund, so that the educational work of the Democratic National Committee can be carried out as planned.

The Democratic National Committee Needs Money and Needs It NOW

For the purpose of getting the record of failure of this Republican Do-Nothing Congress and Do-Nothing Administration before the people, and to show them again the road to Democratic Prosperity, which they traveled for eight years of Democratic rule.

Send Your Contribution Today to The Pilot

The Democratic National Committee has arranged with the publisher of the Highlands County Pilot to receive and receipt for contributions. A duplicate receipt will be mailed from Democratic National Headquarters.

Give What You Can Afford—Much or Little—But Give It NOW

The Democratic Party has no privileged classes, no protected predators, no trusts or moneybags to appeal to. It represents only the people, therefore it appeals only to them.

This is the Democratic year. Do your share to help win the Victory.

Democratic Prosperity vs. Republican Disaster

The estimated wealth of the United States when President Wilson went into office in 1913 was \$155,000,000,000; it increased to \$300,000,000,000 in eight years of Democratic rule—a gain of \$145,000,000,000. The present estimated wealth of the United States is \$225,000,000,000—a loss of \$75,000,000,000 in fifteen months under Republican rule.

Since the Republican party was voted into power in November, 1920, the American farmers alone have suffered a loss of near \$30,000,000,000.

Some Republican Broken Promises

The Republicans promised the country PROSPERITY; they have given it ADVERSITY. They promised to stimulate agriculture and business; they have given an industrial panic and destroyed our foreign markets. Foreign trade declined from \$13,500,000,000 in 1920 to near \$6,000,000,000 in 1922.

They promised to reduce taxes; they have shifted taxes of the multi-millionaire and profiteering class to the smaller taxpayer without lighting taxes or reducing them. Repeal of the Excess Profits tax relieved the Big Interests of paying \$450,000,000 in taxes; reduction of the higher surtax relieved them of paying \$21,000,000.

They promised to reduce the high cost of living; they have given a Profiteers' tariff bill which increases the high cost of living, and makes the farmer pay \$5 on everything he buys for each \$1 of "protection" he gets.

They promised to reduce the expenses of the government; they have increased the expenses of running the various departments of the government (1922 budget), three years after the war, \$336,000,000 compared to 1915, three years before the war, with an increased deficit of \$300,000,000 in addition—or \$1,000,000,000 increase.

TO PLANT 100-ACRE AVACADO GROVE IN UPPER POLK COUNTY

COMPANY FORMED TO USE PART OF PEACE VALLEY DRAINAGE DISTRICT

A company has been formed by Dr. J. E. Crump, J. A. Stovely, Duncan Bruce, W. F. Hutchinson, C. C. Connamier and A. M. Tilden for the purpose of planting a 100-acre avocado grove on lands in the Peace valley drainage district on the Crump holdings near Winter Haven.

Ten acres are already planted and work is now in progress clearing up the lake front on Hamilton, where additional plantings will be made.

It is the intention of the company to plant at least 20 acres per year until the total 100 acres are growing. These men are all experienced growers and Dr. Crump has made a thorough test in avocado culture on this soil. He has recently returned from the East Coast, where he was investigating conditions relative to the avocado pear in that section. He is thoroughly convinced that the Peace valley holdings have several advantages over most any other locality when it comes to avocado culture.

If experience and unlimited capital will accomplish results we may expect to see these gentlemen soon ranked as among the leading avocado growers, as several of them are now ranked among the citrus grovers of the state.

COLOR GRADES FOR EXTRACTED HONEY TO BE ESTABLISHED

Samples of honey are being received by the United States department of agriculture from beekeepers in all parts of the country in connection with the work of establishing reliable color grades for extracted honey. A new type of spectrophotometer will be used in this work, which will be done by agriculturists of the department in co-operation with the division of grades and standards of the bureau of agricultural economics. It is also planned to use the honey examined in other investigations. The pollen content of the honeys will be identified by the microchemical laboratory of the bureau of chemistry.

CHEMICALS FROM CORN COBS

By developing new methods of extracting furfural from corn cobs, chemists of the United States department of agriculture have greatly reduced the cost of making this chemical, which is used in the manufacture of soluble and insoluble resins for stains, varnishes, insulating material, printing plates and many other articles. Furfural has been made commercially from oat hulls and has been selling for about 50 cents a pound, but when made from cobs it is estimated that it can be manufactured at a cost of about 10 cents a pound. Cobs give the greatest yield of furfural of any of the common agricultural materials that contain it.

THRIFT is based on common sense. Thrift is not stinginess. A stingy man is not thrifty; he is merely mean.

The need for thrift—real thrift—is evidenced by facts.

A very small percentage of men reach old age possessed of independent means.

It is true that most wage-earners do not make enough money in the course of a life-time to save enough to be even moderately wealthy at old age. Nevertheless hundreds of thousands of payroll men and women do save enough during their productive years to keep the wolf from the door in their old age and have comforts and even luxuries that would not be theirs had they frittered away small and seemingly insignificant

sums of money in the earlier years.

The late James J. Hill, master railroad builder, declared that the man who could not or would not save money did not have the seed of success within him; he was fated to failure and might as well drop out of the race.

But the mere saving of money and its accumulation is only a means to the end, and the building of even a modest fortune requires that a man should have the judgment to discern investment opportunities.

The ambitious man wants to increase his income; and when he has spare money he should seek the investments that will give him the best return.

Our message to you is this: That as a disinterested party—serving you only as your Banker—we are in position to advise you on every business move or investment you may care to make—Start today—Let this be your bank.

Eastern Stockmen Have Visions Cattle Country on Atlantic Coast

NATIONAL SHOW POINTS TO TREND TOWARD BEEF RAISING IN EAST

[By Robert Fuller]
Will the Atlantic seaboard yet be the "cattle country" of the United States?

A distinct trend toward beef raising has been noted in the east for some months.

Farmers and breeders in this section of the United States, long supreme as producers of dairy cattle, are now turning their attention to raising beef cattle.

The grassy pastures, hillside forage and extensive timber land of the east is said by experts to be admirably adapted to beef cattle production. One leading breed of beef cattle is now said to number more than 15,000 head on eastern farms.

Cattle Show at Wilmington
The developing demand for beef cattle in the Atlantic and New England states is responsible for the decision to hold a beef cattle stock show at Wilmington, Del., starting the week of Sept. 4.

True, this is a Hereford show, but

Eastern Stockmen Trying Deeds

Eastern stockmen and breeders have discovered that their hillside forage and timber lands are ideal for beef herd development and as a result are this week staging a national beef breed show at Wilmington, Delaware.

It is a national show and will be the greatest exhibition of beef cattle ever held in the east.

Many herds are entered and cash prizes totaling more than \$6,000 will be awarded.

Many Mid-Western Herds Entered
States represented are: Colorado, Connecticut, Delaware, Indiana, Kentucky, Massachusetts, Missouri, Mississippi, Ohio and Pennsylvania.

Eastern stockmen are taking to the idea, realizing that they have let much valuable land go to waste through failure to utilize their natural advantages.

In the accompanying illustration, are shown two Hereford heifers and a fair admirer—the first arrivals for the Wilmington show. The Herefords were a part of the W. L. Yost herd from Missouri.

MRS. NORMAN COMPLIMENTED
Mrs. George Norman was the honoree at a lovely party given on the occasion of her departure for her home at Adairsville, Ga., by Mrs. B. H. James and Mrs. M. C. Whitehurst, at the home of the former gracious matron.

The honoree was the recipient of numerous pretty gifts presented to her by her friends. The home of Mrs. James was prettily decorated with cut flowers and ferns and during the evening a dainty refreshment of punch and cake were served.

Among those present were Mesdames E. A. Conoley, R. C. Jarrette, N. G. Langford, Otis Whitehurst, B. Andrews, Lucy Crumley, Noland, Raines and Clark and Misses Ethel Clark, Nell Raines, Myrtle Conoley and Ruby Crumley.

Mr. and Mrs. L. D. Roberts and little daughter, Edna Booth, were guests in Fort Meade Monday.

Mrs. J. W. Fraser and children have returned from a few weeks vacation with her parents in Georgia.

HORACE GARNER AND VERA MCGINNIS TO WED
Horace Garner and Vera McGinnis will be married this afternoon and leave tonight for Pablo Beach and the East Coast. They will return to Avon Park and make their home here.

The bride is the daughter of Mr. and Mrs. T. J. McGinnis of Avon Park and the groom is the son of Mr. and Mrs. W. F. Garner, Arvada.

BIBLE CLASS ENTERTAINS
The ladies' class of the Methodist church were the pleasant hostesses at a delightful party given at the home of Mrs. Fred Stevens Monday night.

Their husbands and the members of the men's Bible class and their wives were the guests of this occasion.

A feature of the evening's entertainment was a spelling match, in which Dr. J. L. Cloud proved the most perfect speller in the crowd.

Sandwiches, cake and coffee were served late in the evening.

LAST UNION SERVICE
Rev. J. L. Yonce will preside at the last union service of the summer Sunday night service at the school auditorium.

These services, which have been held on the last Sunday in each month since March, have permitted the pastors some little rest during the summer months.

and brought together the people of all denominations in a band of common fellowship.

PROTEST INTERFERENCE
The Southern Crute Manufacturers Association is wiring today to President Harding protesting against any governmental interference with the railroads in their present fight with the union and against any pressure to enforce the so-called anti-trust rights.

J. A. Caldwell has received a copy of the telegram being sent.

TWO FOR TAKING ORANGES
Marshall Marsh has arrested two boys named Tim and Flynn on charges of taking fruit from citrus groves.

It is alleged they raided the Bartlett grove, and were arrested after escaping in the chase. Marshall Marsh says he recognized both boys.

TRIP A WEEK FOR STORK
Keeping up his record of at least one trip a week to Avon Park, the stork visited Mr. and Mrs. J. H. Moran Saturday and left them a bouncing baby boy. They live just north of town.

"LITTLE SINS" TOPIC
Rev. C. E. Gutteridge will talk on "Little Sins" at the morning service at the Methodist church Sunday morning.

There will be no evening services, the congregation planning to join in the union services.

NEW PIER
According to the St. Petersburg Independent, tentative plans for a deep water pier at Bayboro, to cost approximately \$45,000 were accepted at the meeting of the governors of the chamber of commerce recently and the city commission was asked to include the expense of the new pier in the pending bond issue.

According to plans drawn up by Charles Dubois, entirely at his own expense, the pier will extend out into Tampa Bay 4,620 feet from a given point on Boca drive and Thirteenth avenue, south.

The full length will be open for the use of trucks and a parallel pier eight feet, six inches, will carry a rail line.

The pier, as planned by Mr. Dubois will be 22 feet wide and reach water 22 feet deep. The head of the pier will be at least 300 feet wide.

conditions he and his family will do things out there.

Strawberry and pepper culture are the popular lines of our farmers and truckers this fall.

Guava season is on and their pungent odor had a good share in it. There is an overabundance for many guava trees and an unlimited market for guava products.

There is a good opportunity here for many people in this one line. A cunning plant, with jelly-making as a side line would be required, of course, but many other products could be handled during the year. This is a

call from Palmdale: "Come over and help us." Do this, and we can bond for \$100,000 if we wish and all own a silver or twelve-cylinder and drive over the best roads in the state to Sebring and Avon Park. Please do not get rattled, good friends of Highlands, over the specious words of our hired servants. We have a record in Holy Writ of ten out of twelve men who rendered a discouraging report. Surely two will not hurt us much with level-headed folks. SCHIBLER.
