

"WOMEN IN POLITICS"

DISCUSSED IN OPEN MEETING OF WOMAN'S CLUB

Those who failed to attend the open meeting of the Woman's Club at the school house last Friday night missed the season's treat, both mentally and musically. In order to provide instruction for the women voters of Avon Park the club secured Col. A. E. Lawrence of Sebring, who discussed the topic: "Women in Politics." The address of Colonel Lawrence was preceded and followed by some of the finest music ever heard in this little city.

The program was opened by a violin number, a Cavatina, by Raff, played by Mrs. R. D. Knight, who responded with a Salute d'Amour, by Elgar. Mrs. Knight was accompanied by Miss Louise Cloud, an experienced pianist and her very sympathetic instruction added much to the ensemble. Mrs. Knight is a true artist and handles her instrument with rare expression and a sure touch.

Mrs. S. W. Collins took the audience by storm when she sang "The Dream," by Bartlett. Mrs. Collins' rich contralto voice is fitted for grand opera singing and she delighted her hearers by responding with "Smilin' Through." A beautiful bouquet was handed Mrs. Collins by some of her very appreciated admirers, which she received most graciously. Her last number was the old favorite, "Carry Me Back to Old Virginia," which she sang with exquisite feeling.

Miss Louise Cloud followed with "Till I Wake," by Finner, and responded to the encore with "Will of the Wisp," by Sprouss. Miss Cloud sings with no more effort than a bird and just as sweetly.

Mrs. MacDonald charmed the audience when she sang in a clear,

sweet contralto that wonderful composition by Harriet Ware, "Himself Slumber Song," which brought forth a continued encore until Mrs. MacDonald responded with "Dance" by Carro Roma.

Col. A. E. Lawrence is a fluent speaker and handled his subject in a pleasing and instructive manner. He stressed the personal responsibility of the use of the ballot, and declared that women will purify politics by voting for the best men and the best measures, rather than for parties. He urged respect and obedience for the laws we now have, saying the country is in a state of anarchy because the laws are laughed at. He asked that everyone stand by the sheriff, prosecuting attorney and judge by giving evidence against law-breakers, and especially in the cases of malfeasance and selling illicit liquor. He said that women being interested in the schools and wishing more money for them must demand a revision of the taxation laws, even to entering the legislative halls to get it. He pleaded for a higher valuation in assessments and a lower millage in order to raise more money for the schools and other needful things.

In referring to the county seat contest he declared that each man and woman should be loyal to his and her own city and should register and pay poll taxes in order to vote for the locality which was their home. He begged that when the contest is over, which ever place won as the successful town, that we all work unitedly to make Highlands county the best county in the state of Florida.

This (Friday) afternoon the child welfare department gives the following program at the Methodist church at 5 o'clock, to which all women, especially mothers, are invited.

vironment. "Heredity is only the sum of past environments in other words environment is the architect of heredity."—Burbank.

At Lake Byrd Lodge

Mr. and Mrs. W. S. Rawlings and family of Rectortown, Pa., are located at Lake Byrd Lodge for a couple of months. Mr. Rawlings is a prosperous farmer in his locality, but has a splendid opinion of Florida and its future, which he has backed up by purchasing thirty acres of groves from the Pittsburgh-Florida Company, in which he is also a stockholder. This is his second winter at Lake Byrd Lodge.

CHRISTIANS ARE KILLING JEWS

Zimmerman Explains Reasons for Jewish Prejudices

Elias Zimmerman, the Christian Jew, who is to speak in this city at the Methodist church next Sunday night at 7:30 o'clock, was talking recently about the attitude of the modern Jew toward the Christian church. "Most of the Jews in this country," he said, "come, as I assume, from Russia. In that country it is considered an act of service to Christ to torture and kill the Jews. I can recall vividly many horrible scenes of Russian massacres of Jews. Jewish mothers have been cruelly butchered, their children torn from them, their homes pillaged. All these things were done and even now are still being done, and even those who call themselves Christians. The result is that the poor Jews actually believe that all Christians want to kill Jews. But, whenever the Jew realizes that this is not true of real Christians in America, it becomes at once easier to bring the knowledge of the Lord Jesus Christ to these Jews. There are literally thousands of Jewish conversions in these days, just because many Christians are now turning to the Jew with a message of love and sympathy."

Mr. Zimmerman speaks at the Methodist church Sunday, Jan. 29, at 7:30 p. m. Admission is entirely free and the public is cordially urged to come. This is a rare opportunity to hear a Christian Jew tell of his own people.

FIRST TRIP ACROSS STATE VIA AUTO THROUGH 'GLADES

L. A. Whitney, secretary of the Fort Myers Chamber of Commerce, accompanied by F. C. Garman and W. Stanley Hanson, also of Fort Myers, were in Ft. Lauderdale Friday after making the first trip across the 'Glades. The party came in a Ford car by way of LaBelle, skirting Lake Okechobee on the south and down the Palm Beach canal to West Palm Beach.

As the party passed through the Glades signs marking the road were put up and later the same route was followed by two county commissioners from Lee county. Mr. Whitney said the trip was made without any great inconvenience and that in many

PROHIBITION HELPS BRING PROSPERITY TO THE GRAPE GROWERS

California's crops of table, raisin and wine grapes last year were valued at \$75,000,000, says Edward Sheehan, president of the California Grape Growers Exchange. "Three years ago with conditions, were preparing to dig up their vineyards," says Mr. Sheehan. "They were getting \$10 to \$20 a ton on ten-year contracts. Then national prohibition came and they felt they were done for. Yet prohibition has worked great benefit for the grape growers. They have prospered, not because of prohibition, but in spite of it."

"Prosperity of the grape grower will be felt in every other line. Ninety per cent of the money spent for California grapes is outside money, with the result that approximately \$60,000,000 comes into the state as the result of the grape harvest. California produces 90 per cent of the grapes grown in the United States. "There has been a considerable increase in plantings in the last two years. The price of \$60 per ton fixed in 1920 for grapes was overbid 100 per cent."

Extra copies of The Pilot are on sale at the Avon Park Drug Company's store.—Advertisement.

Mr. and Mrs. E. F. Stearns and daughter and Mrs. Mary Scholtz of Washington, D. C., were recent guests at Lake Byrd Lodge. These people are spending several months in Florida and have expressed a great liking for our state, particularly Avon Park. They will return north via auto in the early spring, but contemplate another visit to Avon Park next year. Mr. and Mrs. Stearns are stockholders and grove owners with the Pittsburgh-Florida Fruit Growers Association.

A large new refrigerator has just been installed at the Cash & Carry Grocery, made necessary by their fast increasing business since moving their store. The refrigerator is a large one and has been installed in a novel way, the refrigerator being placed in the ware room with the face to the store room, making an attractive appearance. The Cash & Carry Grocery is prepared to keep butter, eggs, etc., in a frozen condition, insuring the public against any tainted goods.

IMPORTANT NOTICE
The public is hereby advised that the traffic rules of the town of Avon Park are to be enforced. Signs are placed at convenient locations and a warning is hereby given that unless these signs are observed those who violate the law will be arrested and prosecuted in mayor's court. If people cannot read these signs, we will see if they cannot learn how in the mayor's school. L. M. MARSH, Marshal.

WOMAN'S WORK WILL BE INTERESTING EXHIBIT

One of the most interesting features of the South Florida Fair, to be held in Tampa Feb. 2-11, will be the exhibit of women's work. This has been a feature of the fair annually since the first year, and it has reached the proportions of an exhibition within itself.

Mrs. G. B. Reynolds, who for several years past has had charge of the placing of these exhibits, is in charge again this year. She reports that interest is keen and prospects fine for the most interesting showing that has yet been made in this line.

The women's handicraft display will be in a new building—the Florida—this year. It will be housed along with the art department and the natural history department, in a handsome building on the east side of the fair grounds away from the noise of the Pike and the grandstand. The women will have more room than ever for the display of fancy work and other handicraft of the sex, in a great room with lofty ceilings, soft lighting effects and splendid ventilation.

Delightful Drinks Served
The people of Avon Park were treated to delightful drinks Thursday, Friday and Saturday of last week by Mrs. B. G. Mann, who was here demonstrating Senate coffee and illustrated how appetizing that coffee can be made. Thursday was spent at the Cash and Carry Grocery, Friday at H. V. Thompson's and Saturday at Clark & Adams.

A CORRECTION

We desire to offer a correction to
the minutes of the meeting of the Se-
bring Board of Trade held Tuesday
night of last week, as published in the
Sebring White Way. The minutes
state that "Mr. Adams of Avon Park
desired to make it generally known
that contrary to reports that the peo-
ple of his town had organized and
raised a fund for a county seat cam-
paign were wholly false and that no
official action that he knew of had
been taken by his townspeople, but
that in talking the matter over with
some of the business interests, it had
been gathered that the Avonites were
not in favor of an early election and
that owing to cost of an election and
the present shortage of funds, he be-
lieved it would be best to have the
election in conjunction with the June
primaries."The latter part of the above is ex-
actly contrary to what the writer
said. I stated to the assemblage that
the people of Avon Park were op-
posed to an early election, because of
the fact that a large number of the
voters of the county would not have
an opportunity to register, therefore
would be denied the privilege of a full
and free expression of their desires as
to where the county seat should be
located. I also stated that we were
opposed to holding the election at any
time that would conflict with either
the June primary election or the gen-
eral election next November, as if
said election were held during a cam-
paign for office it would permit of
more or less opportunity for trading
and political intrigue.I also positively stated that we
were opposed to holding the election
during the summer months when the
large majority of our winter residents
were entitled to a voice in the selec-
tion of the county seat location and
which we desired to play fair with all
sections.Instead of suggesting that the
county seat election be held with the
June primary election, I suggested
next December as an appropriate
time, when both the primary and gen-
eral election would be out of the way.
G. W. ADAMS.Winter Haven Chief: "The only
fault we have to find with last week's
Highlands County Pilot is that the
damned thing was all ads and had
none of George Adams' hot-shot edi-
torials. Please George, save a couple
columns for yourself. Don't be
so grabbing, you don't know what to
do with money when you get it, you
know. All the good it does you is to
add a few more machines to your old
shop on which you must pay increased
taxes." If we were able to publish
a paper to our own liking, we would
surely adopt your suggestion, Brother
Lee. But there's a payroll to be met
every Saturday night, a little grits
and bacon to be bought for the fam-
ily and as you say, a machine to be
added to the shop occasionally. With-
out the ads we fear we would not be
able to meet these little side issues.Women talk less in February than
in any other month—because it's the
shortest month of the year.If the people of Hillsborough county
elect to carry out the \$2,700,000
road building program recommended
by the county-wide road extension
committee, that county will experi-
ence such a growth as has never be-
fore been dreamed of by even the
most sanguine.

BOOSTING BUSINESS BY GOOD PUBLICITY FOUND STIMULATING

Is business in any line a "bit slow"? Whose fault is it—the seller's or the buyer's?

People need goods every week—every day; but the cry of dull business does not act as a stimulant for buyers.

On the other hand it serves as a deterrent—the assertion that there is "nothing doing" causes the ordinary man or woman to tighten the purse-strings fearing that such conditions will grow worse instead of better.

Throw a load of straw or poultry-house where a dozen fowls are confined, and by night every particle of the stuff is back under the roosting board. Next morning look the stuff to the front again—and at night it will be back under the boards once more. Fowls always scratch towards the light.

Humans are much like the fowls. They want light in front of them. They are habitually against scratching in the dark corners. The light of publicity—of advertising—draws them. They put their back to the dark—the non-advertiser; and face towards the places that seem light—towards the places that induce the spots which throw out the inducements and the cheer.

The man who drolly shakes his head and says: "Things look pretty punk! Wouldn't wonder if we were to see lots worse, too, before we are through with it!" is dimming his bright lights and practically asking others to share his lugubrious views. His smogstack is choked, and, rather than clean it out so his boiler can

get action, he'll smother his last. Silly idea, isn't it?

It is within each man to do his share towards "making things better." It is an easy matter. People need things to eat and wear just as before—possibly more. They feel that they need luxuries just as before. But the cries of "hard times" deters the purchasers which would allow other purchasers which would start the manufacturers which would put more money at work to buy more of the goods.

If every merchant in Kissimmee would make it a point to advertise happy conditions and would make an effort to stimulate through good publicity to encourage rather than discourage, there would very quickly be an optimistic feeling which would touch everyone. It might be added that if all the sums of money sent to distant points for goods that are obtainable in Kissimmee should be spent in this city the change would be beneficial for Kissimmee. If all work in the line of printing which by all conditions should be spent in Kissimmee, was so spent it would enable a still larger payroll for the Gazette—every dollar of which would be spent here—adding still more to the impetus of business prosperity.

It is up to all the people to create good times—or to incubate disaster. All the world sees the ups and downs of trade and finance at certain stated intervals. Right now the whirling of business is awaying betwixt success and failure, one good shoulder at the wheel and all enterprises will be bettered—and all Okeechobee will smile.—Kissimmee Valley Gazette.

The above applies to every town or city in the state of Florida and should be carefully read by all classes of people.

Florida Property Is Increasing in Value Every Day

Particularly is this true of property on the Scenic Highlands and in and adjacent to Avon Park. Our city is growing rapidly, new buildings being started nearly every day. Of course this adds to the value of all property, whether in the city or adjacent thereto.

"HILLCREST"

is close to the city limits of AVON PARK. Its groves are increasing in value every day. The trees are growing nicely and show a healthy appearance, making an investment with the Scenic Highlands Development Company an attractive one. In fact, one has but to see the young groves, note the painstaking care being given the trees, consider the location and then ascertain what grove properties are selling for all around us, to become convinced that "HILLCREST" is a gilt-edge proposition.
