Highlands County Pilot

VOLUME IV. NO. 29. AVON PARK FLORIDA, THURSDAY, JUNE 7, 1923 $2.00 A YEAR IN ADVANCE

PLANT PARK AT ONCE; JULY 2 IS LAST DAY ON TAX

SEPTIC TANKS ORDERED INSTALLED BY SEPT. 1—TALK OF WHITE WAY

Planting of the paseo or mall that extends from the railroad to the county highway is to be begun immediately, the city council having instructed the clerk to place the order at once with Reasoner Brothers for all the flowers, trees and shrubbery for improving the parkway under the plans and specifications laid out by Landscape Architect W. A. Cook. Bids on the concrete sidewalks and pools and fountains and the water system were also ordered invited and these will be opened July 2. Bids were also invited on curbs instead of sidewalks, the idea being that if sidewalk prices are higher than the amount of money available, gravel walks with concrete curbs will be laid. Bonds in the sum of $5,000 have been sold for park improvements.

Time for payment of city taxes was also extended until July 2, on which date the books will be closed and penalties accrue. The delinquent list will be published for sale as soon after that date as possible.

Along this line, the council by resolution authorized the preparation of an ordinance which would provide for recording with the clerk of the circuit court all city liens upon property, such as delinquent taxes, sidewalks, curb and gutter liens, etc. This will compel owners to pay their taxes and other liens before selling the property.

Must Put in Septic Tanks

Installation of septic tanks was made compulsory by passage of an ordinance setting Sept. 1 as the last day of grace for installing these. All households where city water is available will be compelled to put in the tanks and do away with the open toilets, while those to which water becomes available subsequently, will have to put in tanks within 90 days of the laying of water mains.

The ordinance provides that failure of the property owner to install the septic tanks will result in the city installing same and issuing certificates of indebtedness bearing interest at the rate of 8 per cent against the property. Five years will be given for payment of such certificates. The ordinance in full was ordered published in the next issue of the Highlands County Pilot.

The purchase of a fire truck and additional fire plugs was referred to A. E. Connolly and H. B. Smith, who are to report July 2. Plans for lowering insurance rates are to be studied by this committee before submitting its report.

The Florida Ice & Power Co. is to be notified that the alley on the south of Main street has been secured all the way through and that the city expects it to remove its unsightly poles and wires as per the agreement.

H. B. Smith and F. P. Burch were named a committee to interview the merchants along the south side of the street with a view to interesting them in a white way for the three blocks between Lakeview avenue and the depot.

Granting of a permit for a fertilizer warehouse on lots 13, 14, 15 and 16, block 52, was referred to a committee composed of H. B. Smith and A. E. Connolly.

The fire marshal was instructed to notify property owners that all weeds and tall grass must be cut down and that the burning of rubbish in the alleys off of Main street must cease. Metal containers must be secured for burning the trash.

Resolutions were adopted authorizing the county commissioners to expend the city's share of the county road taxes within the city limits and it is understood that Main street will be widened to 16 feet from Lake Verona over the top of King's hill, and that the street turning south towards the new county highway around Lake Lotela will be asphalted 16 feet wide.

The council adjourned until next Monday to receive the tax roll and complete unfinished business.

LEE ROBERTS GETS FOURTEEN BASS ON THIRTEEN STRIKES

Leslie Roberts had his own luck last week. Almost a year after he saw Mel Wilson from Fort Meade haul in a three pound one cast, the genial Saberdasher hooked a pair at one heave himself. He landed the pair, too.

In an hour and a half fishing Mr. Roberts got fourteen bass in thirteen strikes, the fish weighing from one to two and a half pounds. Prof. L. E. Rowland, who was fishing with him, didn't have that good luck, but has hopes.

FRANK ELLIOTT PASSES AWAY IN NEW YORK HOME

Frank Elliott, 70 years old, and long a winter visitor here, died June 1 at the home in Morton, N. Y., according to word received here by some of his many friends. Mr. Elliott was one of the best known peach growers in New York state and owned considerable property in and around Avon Park.

His missed last winter here, the first time he missed a season in Florida in several years.

Hotel Avon Bought by Henry Lander; Plans Improvements

Sale of the Hotel Avon, built overlooking Lake Verona in 1888 and one of the first tourist hotels erected in the state, was announced yesterday morning following the annual meeting of the Avon Golf and Country Club, which owned the property. T. Henry Lander, who has been leasing the property for several months, is the purchaser and the price is said to be slightly less than $50,000. The Lander home here was taken as part of the purchase price.

The big structure, a frame building with 125 rooms, has an eventful history, antedating as it does the coming of the railroad, all but a score dozen citizens here, and practically all tourist hotels in the state. It is now the largest commercial hotel on the Ridge.

The new owner contemplates a number of improvements immediately. It will be painted at once and a glassed-in sun parlor will be built on the east side, overlooking Lake Verona. Mr. Lander also contemplates improving the grounds immediately.

Other improvements are being planned and by the time another winter arrives, Mine Host Lander expects to have the hostelry looking like "brand new."

Express Messenger Charged Theft; Trio Charged Rustling

Breaking up the cattle stealing has been only one of the jobs that Sheriff Bob Hancock has had during the week —for he sandwiched in a trip to Tampa, where he picked up W. D. Turner, express messenger, who is charged with grand larceny, growing out of the disappearance of $300 in transit from a Jacksonville bank to an Avon Park bank.

Turner, whom the express company officials charge is responsible for the loss, denies any connection with the disappearance of the money. He is being held under $1,000 bond.

The disappearance of cattle led the sheriff into a vigorous campaign that has resulted in three arrests already, and it has just started. Will Collins, arrested at a camp on Dinner lake Wednesday, had a butchering outfit in his possession according to the sheriff and confessed and led the way to the hides, which were found four miles south of Sebring.

The purchase of Collins, DeSoto City, and Hobson Parnell, Sebring, are charged with butchering two steers, whose heads were found about two miles southeast of Sebring. The hides were pulled out of Lake Jackson and the meat found in a Sebring market, according to the sheriff.

The cattle were the property of the Bridges Cattle Company.

The sheriff also apprehended a pair of negroes wanted in Jackson county for desertion—and apparently Jackson county has solved, partly, the negro recruiting problem. Sheriff A. J. Lewis, who arrived yesterday for the prisoners, says that when a negro leaves he is traced. If he fails to send back enough to provide for his family an indictment is secured, charging desertion of his family and an officer sent for the negro wherever he may be.

"We have had no trouble securing extradiction in New York and New Jersey," he said. "And some little trouble in Pennsylvania has been eliminated. Of course when the negro has migrated to some other county in our own state—as in this case—the matter is much simplified."

He has returned north with Al Bryant and Will Williams, the latter of whom left a wife and ten children dependent upon the community.

OVERTON'S FORD BURNS ENDANGERING 8 OTHERS

The Hotel Avon garage, full of cars—nine of them—had a narrow escape Sunday afternoon, shortly after the dinner hour. Neighbors noticed smoke issuing from the garage and gave the alarm, which was promptly answered by the men in the lobby and about the hotel.

William O. Overton's new Ford was found in flames. It was pushed out into the middle of the street and chemical extinguishers from the hotel played on it until the fire was subdued, three extinguishers being exhausted in doing it, so fiercely was it burning.

The entire upper part of the car, top, shade, windshield, all upholstery, was a complete wreck, but living up to the Ford reputation, as soon as the conflagration was put out it ran off as if nothing had happened. It is believed that wires connecting the spotlight short-circuited in some way, and caused the trouble.

MRS. WHITE'S MOTHER DIES

Mrs. Belle Rogers, wife of Mrs. J. W. White, died at her home in Marengo, Ind., last week, according to telegrams received here Monday, too late for Mrs. White to leave in time to attend the funeral.

"SPEC" REYNOLDS ILL

"Spec" Reynolds, manager of the Capitol theater, is confined to his home seriously ill. It will be several weeks before the genial movie chief will be able to get out again.

GOLF LINKS OPENED; PLAN BETTERMENTS; ANDERSON PRESIDENT

WILL KEEP THE COURSE IN TOP-NOTCH CONDITION CONSTANTLY

Golf is Avon Park's latest home-town attraction—the Avon Golf and Country Club's course having been formally opened for play Thursday afternoon when a half dozen local players made the initial trip. Due to the fact that most of them are golfers of the bashful type, none of the scores are available, but they pronounce the course in remarkable shape considering the time it has had to develop since its renovation was undertaken twelve weeks ago.

Water was been piped to every green, the majority of which are rolling, and by the time the winter season arrives the links, which are situated on Lake Lotela, will be among the best in the state. The tract is hilly, offering natural advantages not enjoyed by many of the Florida courses.

A. V. Anderson was elected president at the annual meeting of the club Tuesday with E. G. Todd, vice-president and W. R. England, secretary-treasurer. These and C. E. Skipper, C. P. Anderson, H. F.R. Reck and Norton Smith comprise the board of directors.

Following the election Mr. Anderson announced that the improvement of the course will be pushed and that plans for creation of a club house are to be considered with the first funds available. He also announced his committees as follows: Finance, C. P. Anderson, W. R. England and C. E. Lanier; membership, C. E. Skipper, H. P. West, B. H. James, T. J. McGinnis, J. A. Lander, C. A. Skipper, H. F.R. Reck, R. I. Hatris, L. D. Roberts, P. M. Stivender, G. F. Kelogg, M. W. Lance; greens, E. G. Todd, Norton T. Smith, H. A. Winter, J. D .Raab, J. H. Hood, J. V. Chapman, R. I. Harris, F. M. Smith and H. B. Smith.

AVON PARK AND SEBRING BAPTISTS GET TOGETHER FOR CONFERENCE FRIDAY

Avon Park and Sebring Baptists will hold a Sunday school conference at the Avon Park church Friday afternoon and evening, when the Sebring workers will be guests of Avon Park Baptists.

Rev. T. C. Balsgin and associates have outlined a program of considerable interest to Sunday school workers and discussions promise to be full of interest.

R. C. Epperson will lead the devotional at 2:45 o'clock, and organization of the conference will follow immediately.

"The Cradle Roll and its importance" will be the topic for a 30-minute discussion, led by Mrs. Saggus and Mrs. Mascott at 3 o'clock. Mrs. W. C. Touchton will give a five-minute talk on "How a Teacher Can Maintain Her Attendance."

There will be five minutes for open discussion, followed by a discussion on the value of weekly teachers' meetings, led by the Sebring delegation, and five minutes for open discussion.

At 5 o'clock the Sebring delegation will lead a discussion on the all important topic of keeping the pupils for preaching services.

J. H. McClelland will lead a 30-minute discussion of the advantages of striving to reach the standard of excellence.

There will be an intermission for supper, with two short talks after supper by L. E. Rowland on "What Are the Qualifications of a Sunday School Teacher," and J. V. Chapman on "How We May Make the Sunday School Evangelistic," following. There will be five-minute open discussions on each and the conference will come to a close after an address by Rev. P. T. Taylor, who will begin at 8 o'clock.

An effort is being made to have all the Sunday school workers in the county and Frostproof here for the conference.

NEW CERTIFICATION OF BOND VALIDATION MAY BRING MONEY

TRUSTEES HOPE TO HAVE FUNDS FOR THE CITY WORK SOON

Again it looks like the money will be forthcoming right away for the city paving and improvements. The new certification of the legislature's validation has been forwarded to the bond attorneys by the secretary of state, according to word received by C. E. Lanier of the bond trustees Monday from Secretary of State Clay Crawford. The previous certification was faulty through some legal technicality and much of the work had to be done over again.

The bond issue, which was for $75,000, brought the largest premium received in years by a Florida town of Avon Park's size. They were sold to Slayton & Co., Toledo, for 104 and a fraction, premium and accrued interest on the issue amounting to $10,000.

Of the bonds $5,000 is for converting the mall or paseo that runs through the heart of town into a veritable tropical garden, with walks, fountains, bird baths, benches and other necessities. The landscape plans have already been completed and accepted.

Street paving will claim another $60,000, which will pay the city's one-third of a paving program that will probably total $180,000 and make the town the best paved in the state.

There are $10,000 refunding bonds.

Street paving plans are being carried forward by engineers and everything will be in readiness to proceed immediately the funds are delivered to the bond trustees.

DE SOTO CITY TO VOTE ON INCORPORATING UNDER A COMMISSION

Incorporation of DeSoto City and the establishment of a commission form of government is to be decided upon by the electorate of that coming community within the next sixty days. The steps are provided for by a bill put through the legislature by Senator E. J. Etheredge, which submits to a referendum the proposed charter and the decision to incorporate.

Under the proposal, which must be ratified by an election, there will be three sections in the town limits which will run north of the depot, all the way around to Red Beach lake, three-quarters of a mile south of the lake and about a mile west of the lake.

The proposed charter is said to be the last word in municipal government, providing for three commissioners.

To consider a further step forward the DeSoto City Chamber of Commerce is inviting the growers of the middle part of the county to a meeting Tuesday night at which plans to erect a packing house will be discussed. The chamber of commerce has a good proposition in hand and has considered others.

These will be laid before the growers of the south end of the county and if a packing house is built it will save six to thirty miles haul to the Sebring houses, now necessary, due to the lack of a packing house i nthe center of the county.

DILLEY'S COMRADES FAIL TO BACK HIM UP AND FROSTPROF TAKES GAME

[By Dooley Do]

Despite the fact that Frostproof hired players, Avon Park should have walked away with her opponents last Thursday. With the exception of the eighth inning, in which Dilley let in three hits, he undoubtedly pitched the best game that has been seen by us in the Ridge League this season.

Lippett of Frostproof lucked in a home-run on a hunt, caused by five errors made by us. But to make a long story short, we were out-classed. Why? Because Frostproof was not satisfied with the hiring of a state league pitcher but had to have two more hired so-called professional ball players.

When the Ridge League was started it was agreed by all four teams that each team might have one hired man. As for ourselves, we think Avon will agree to have this game protested and thrown out of the league.

Haigler, Dilley and Captain Ludwick need much praise for their willingness and can always be depended on.

BUYS CITRUS TRACT

Seeing them all only convinced Thomas R. Lauderback that Avon Park is the spot for citrus development. Mr. Lauderback has purchased twenty acres on Lake Damon, close by the new state road, is traveling representative for the Kahn line of tailors and covers Florida, making Avon Park two or three times a year.

He announces that the tract will be planted immediately and has engaged Glenn H. Sphik to see that it is prepared and planted during the coming summer.

The tract is one of the finest pieces of citrus land and one of the best located tracts in the famous Avon Park township.

TRINITY LUTHERAN CHURCH

Regular worship will be held Sunday in the Brickell auditorium at 8 p. m. You are cordially invited to worship with us. D. L. Yonce, pastor.

Commissioners and Trustees Building Plan Cooperation

Framing a plan of mutual co-operation between the board of bond trustees, which under the new law recently passed, is charged with supervisory and close direction of the expenditures of bond moneys, and the county commissioners, who have had sole charge of works in the past is the snag that has kept the commissioners and trustees in session two days longer than usual. They are still in session today, but expect to have a plan completed to the satisfaction of both boards by tonight and also to have ironed out the question of the legality of the contract awarded to DeVane and Smith for surfacing the road from Lake Annie north.

This road contract was let in $300 sections, without asking for bids. The aggregate is more than $30,000. The law provides that contracts for more than $300 must be let upon bids after advertising. Whether by cutting a big project up into small $300 projects and letting the contract for the job in peice-meal, without asking bids, is legal is to be decided today by E. D. Treadwell, bond issue attorney for the county, who has been called here to advice the board.

The commissioners have passed a resolution asking the Coast Line to allow delivery of road material and bill once per month, to facilitate the road program.

Bonds for the newly appointed commissioners, L. L. Henderson, Lake Stearns, and Tom Crews, Venus, were approved and forwarded to Tallahassee. J. B. Bunch, W. D. Hope, C. H. Shackleford, T. R. Carlton and D. W. Hope signed Mr. Crews' bond, while M. A. Jones and L. T. Farmer signed Mr. Henderson's bond.

Proprty listed as improved, which was not improved, was ordered reduced in valuation upon petition of D. R. Gaines.

The tax collector's report was received and filed.

Library Will Be Opened Next Week Books are donated

The Woman's Club is planning to open the new library to the public next week. The files, indexes, cards, etc. have not arrived yet, but temporary bookkeeping will be provided and the permanent system can be installed, for the library is to be established as a permanent feature of the town and the regulation methods of marking books, keeping records and filing current in all well conducted libraries, will be employed.

Any one having books to donate can take them to the Masonic Temple or notify Mrs. Carlos E. Skipper, librarian, or Mrs. William M. Reck, president of the Woman's Club, and the books will be called for. Those taken to the temple should be marked with the donor's name, so credit can be given.

Establishing this library has been one of the plans of the Woman's Club for some time, and the women are happy to state that owing to the gen-ero-sity of the Masonic Association in granting the use of their library for public library purposes, the opening will find more books on the shelves than have been possible otherwise. Friends have donated quite a number, and others are promised and will keep coming right along.

The following have each contributed a month's rent of $5 for the library room: W. A. Marshall, Chas. Moffett, H. A. Winter, E. G. Todd, Carlos Skipper, H. G. Crapo, D. S. Donaldson, Harry Stodden, D. F. Canfield, A. V. Anderson, S. P. Durrance and W. D. Raab. W. R. England and R. I. Harris each contributed $2.50.

MURRAY WHITEHURST IS HURT WHEN A SPEEDER WRECKS HIS FLIVVER

Murray C. Whitehurst, prominent attorney, was cut on one arm and badly bruised about the face, and Otis Whitehurst, his brother, also a prominent local attorney, was bruised about the legs, when a big car driven by a man named Nisson struck their Ford almost head-on while trying to dodge a team of mules on the Plant City-Tampa road Saturday night.

The Whitehurts were passing the team of mules when the Nisson car, whose driver apparently had not seen the mules until too close to avert an accident, turned directly into their car, trying to dodge the mules. Only the fact that the big car first struck one of the mules—knocking it about 40 feet—saved the Whitehursts from serious injury and possibly death.

Nisson was bound over to criminal court in Tampa Monday on a charge of reckless driving, the speed cop having testified he was making more than 36 miles per hour.

CHILDREN'S DAY SUNDAY

Children's Day will be celebrated at the Congregational church Sunday morning, the program which will begin at 10:45, being planned to take the place of the preaching services.

The intermediate grades will dramatize the "Life of Joseph," under direction of Miss Sadie Myers. The primary classes will have a program under the direction of Mrs. Olive Armstrong.

Special music will be a feature.

TICK ERADICATION AND FENCE LAW FAVOR HIGHLANDS

RIDGE TAKEN OUT OF THE OPEN RANGE—STATE ROAD ASSURED

Three measures of unusual importance to the whole state of Florida and which will doubtless prove to be a great benefit to the progressive development of the state were among those passed by the legislature just closed, according to Representative J. S. Taylor.

"First, the reapportionment constitutional amendment, which provides for the reapportionment of the legislature every ten years upon a basis of absolute fairness, according to population. This matter has already been sufficiently discussed in the press of the state to be clearly understood and therefore needs no further comment here.

"The second measure is the working program of the state road department, enacted by the recent legislature, which defines and stipulates the work to be done by the state road department within the next few years and provides the revenues necessary for carrying on this work. This construction work is limited to State Roads Nos. 1 to 5 and No. S. It will be noted that our road running down the Ridge from Haines City to Lake Annie and from Lake Annie via Okeechobee City, is one of the six roads that are designated for construction within the next two years.

"The state road department has revenues provided for their work to the amount of about $4,500,000 annually, or $9,000,000 for the two years. Between $1,600,000 and $2,000,000 will be derived from the three-cent gasoline tax, it being estimated that the gasoline tax will amount to between $800,000 and $1,000,000 per annum for each one cent. One-third, or one-cent, of this gasoline tax is allocated to the counties of the state divided equally among the 63 counties. This will amount to between $13,000 and $16,000 that will come back to each and every county in the state to be expended by the commissioners on lateral roads.

"The third measure of unusual importance is the 'tick eradication measure,' the general provisions of which are as follows:

"The state of Florida is divided into zones numbered from 1 to 16. Cattle dipping will be undertaken in two zones at one time. The first zone will be zones 2 and 13. Zone 2 is composed of Highlands county, part of Glades county, part of Polk county, Okeechobee county, St. Lucie county and part of Brevard county.

"The expense of dipping cattle is apportioned as follows:

"The state builds the vat and does the dipping at its own expense. The cattle men collect the cattle for dipping every fourteen days and the state pays one-half the cost of such collecting. The bill carries a provision that for the carrying out of this work a one-half mill tax shall be levied on the assessed valuation of the state of Florida. The work of tick eradication will be under the supervision of the like stock sanitary board, appointed by the governor and under the immediate direction of the state veterinarian and the government inspectors.

Ridge Put in No-Fence Area

"Some of the measures of local interest are the following:

"First, the legislature created, by legislative enactment, a 'no-fence area' in Highlands county along the following general lines: Beginning where Highlands county and Hardee county join each other on the Polk county line, thence in a southernly direction past the west side of Lake Jackson, across Lake Josephine, across Lake Stearns, across Lake Childs, thence following the fence of the A. C. L. railroad to a point some distance south of Hicoria, thence east to Bay Galls, thence the Bay Galls north to the Istokpoga lake at a point south of Pine Bluff, thence following the lake shore across Josephine creek and Arbuckle creek and following the fence of the Kissimmee Cattle Company to Istokpoga creek, thence down Istokpoga creek to Kissimmee river, thence up Kissimmee river to Polk county line, thence west, following the Polk county line to point of beginning.

"It will be noted that all the towns along the Ridge and all the citrus development have been taken out of the open range and that all of the northern part of the county from the Ridge to the Okeechobee county line at the Kissimmee river has also been taken out of the public range. This will take effect on the first day of October, 1923.

"This will mean that those who desire to get rid of the unsightly fences in the towns in the improvement of their property as well as those who desire to remove the fences from around their orange groves will be at liberty to do so without any fear of being molested bi live stock running at large.

To Safeguard Road Construction

"There has also been enacted a special act for Highlands county, which provides that the bond trustees in charge of any of the funds created by any bond issue in said county will have the authority to approve all contracts for the expenditure of said money and shall have the right to ap-

AUCTION SALE

AVON PARK, FLA.

THURSDAY, JUNE 14, AT 3 P. M.

BUILDING LOTS in Highland Park Subdivision

LOCATED ON WEST CONNELL STREET

This beautiful ten acre track has been subdivided into building lots, all streets have been opened thro the property; the lots are well shaded with pine and oak trees; and easy access to the business section by Connell street, as this street has been improved out to this property.

We will absolutely give away free four of these beautiful lots

Do not fail to attend the sale, you may be the lucky one. Each person attending the sale will be given an opportunity to secure a lot ABSOLUTELY FREE.

To some other person guessing the nearest total amount for which this property sell for, we will give a lot free. The other two lots that we will give away, will be donated to the Womans Club and the Avon Park Band of your town

TERMS OF SALE

We are going to sell these lots on such easy terms that everybody can buy one or more. Terms of the sale will be $10.00 CASH on each and every lot sold, and MONTHLY PAYMENTS OF $5.00 on each lot purchased, 2 per cent discount for cash, Title is clear, we will furnish each purchaser with abstract of title.

FREE AUTOS TO THE SALE--THE AVON PARK BAND WILL ENTERTAIN YOU

DON'T FORGET THE DATE-JUNE 14, at 3 P. M.

FREE--LOTS GIVEN AWAY--FREE

NOTICE

Notice is hereby given that the following described lands, or so much thereof as will be necessary to pay the amount due for taxes herein set opposite to the same, together with cost of sale and advertising, will be sold at public auction on the 2nd day of July, 1923, at Sebring, County of Highlands.

FORECASTING BUSINESS

Systems of business forecasting adopted by the leading commercial and governmental agencies are the subject of an up-to-date chapter by Oswald W. Knauth of the national bureau of economic research in the report on the business cycle by a committee of President Harding's recent conference on unemployment which has just been issued by Secretary Hoover. Dr. Knauth discusses how statistics can be used in a practical way as tools to protect business against extreme vicissitudes. He takes up the various types of surveys and indexes issued by the government and others; the data from trade associations and the services compiled by private statistical organizations.

The data now lacking, making the more exact composition of such an index impossible, are listed by Dr. Knauth and their bearing on the problem shown. These include such important matters as stocks in hands of merchants and consumers, unfilled orders, retail prices of items other than foods and fuels, the condition of banks not connected with the federal reserve system, and the amount of savings and investments.

The ways by which these indexes can be used by the business man are explained, but here the practical difficulty is mentioned that business men have not as yet become sufficiently versed in the interpretation of statistical reports.

Furthermore, it is noted that few businesses are in such a liquid condition that they can instantaneously adjust themselves to an apparent tendency, for they are tied up by contracts and commitments and in other ways. However, successful efforts in the use of available indications of changes have been increasing and are likely to be much more numerous in the future because the difficulties involved are of a kind which yield to persistent effort, while the gains to be achieved and the losses to be avoided by the successful application of business statistics are so large that efforts to attain success will be persistent.

LET THE FARMER WATCH HIS STEP

The announcement of the federal farm loan board that $12,000,000 is now available for farm loans under the new agricultural credit law, and at interest, which while high, is heavily compared with existing rates, will put heart into many a man who for years has been struggling under the burden of financial oppression; but it is hoped the tempting bait will not be swallowed to the point of saturation.

The new system will have the effect of reducing interest charges in some states from 10 per cent to 7 per cent, or perhaps less. This sounds as cymbals heralding approach to the promised land, but it should not be forgotten that in many states interest on private loans in excess of 6 per cent is considered usury, and the lenders are punishable under the statutes. However, there appears to be one law for the commercial business man and another for the farmer.

The law has inferentially acknowledged that commercial money can not thrive on a 7 per cent interest rate, and while the relief of the farmer will be appreciated, it will be found mighty hard scraping for the farmer to get adequate reward for his labor at this lowered rate. Danger lies in the likelihood that the farmer, so long used to extortion, will over-borrow at the new rate, and will be disposed to seek temporary ease in finance, not realizing that the mills of Wall Street, like the mills of the gods, grind slowly, but they grind exceeding small and that the day of settlement is as certain as the day of judgment. The farmer may obtain money at 5½ per cent when borrowing through a co-operative marketing association, but here again the overhead stems in and the additional charges foot up to a sum that still must make the tiller of the soil bend to the burden.

ALLIGATOR CARDS HURT

The Florida Development Board has initiated two campaigns to discourage business men from offering for sale post cards showing alligators chasing picanninies and other adverse advertising scenes. However, some of the dealers continue to handle that type of cards, having little regard for the effect upon their communities and the state. The following advice in a letter from Albert W. Wood, Fort Worth, Tex., a friend of Lake county and Florida, to Clarence W. Williams, secretary of the Eustis Chamber of Commerce, is worth considering: "Let me suggest that you start a campaign in your state to prevent publication and mailing of cards and literature showing alligators in any manner whatever.

"This alligator idea hurts your country very much. Much more than you can imagine. Pictures of alligators chasing 'coons, which are mailed out of your town or state are, as little as you think, doing much damage."

Not That Kind A'tall

"Rastus, that dog of yours is a mongrel."

"No—suh. No, indeed. Jest common dog, suh—common dawg."

Leather Medal Gent

Housewife' "Well, what do you want?"

Tramp: "Lady, believe me, I'm no ordinary beggar. I was at the front."

Housewife: "Really?"

Tramp: "Yes, indeed, lady; but I couldn't make any one hear, so I came around to the back."

LOCAL AND PERSONAL

Chas. Pabor spent Sunday here visiting relatives.

Mrs. W. H. Clark left last week for Waycross, Ga., where she is visiting relatives.

I. S. Bowen of Jacksonville was an Avon Park business visitor over the week-end.

Mr. and Mrs. Glenn Masters and cunning little son Junior spent Saturday in Lakeland.

Miss Mildred Myers who spent the week-end in Tampa with friends, returned Monday.

Miss Ruth Bass and Mrs. Joe Lander were visitors to St. Cloud the first of the week.

F. P. Burch left Tuesday for Eustis where he will attend the Commercial Secretaries convention.

Mrs. Albert Caldwell and sons, Nathan and John, spent the week-end with friends in Lakeland.

Miss Furlow Anderson was the guest of her brother, A. L. Anderson, in Tampa for the week-end.

Bill Smith and Chas. Moffett motored to Tampa Monday, where they spent the day, combining business and pleasure.

Lee Crews, popular druggist of the Avon Park Drug Company, attended the druggists' convention at Eustis this week.

Ralph Kirkland of Homerville, Ga., has accepted a position with the Avon Park Drug Company and will make this his home.

Mr. and Mrs. J. W. English and daughter and Mrs. V. R. Huss have returned home after a delightful visit in Linden, Fla.

J. D. McEwen and Mr. Hunter motored to Haines City one day this week, combining business and pleasure while there.

Mr. and Mrs. W. R. Sparks and Miss Myrtle Jack motored to Punta Gorda to spend the week-end. They returned Monday evening.

C .F. Touchton of Dade City spent Tuesday here, leaving in the afternoon for Eustis to attend the druggists' convention held there.

Carlos Skipper, who has been ill at home for several days, was able to be out and greeting his numerous friends again Monday morning.

Joe Lander and T. H. Lander left Saturday for Tampa, where they joined the Tampa Shrine delegation leaving for Washington, D. C.

Mr. and Mrs. John Caldwell and little daughter Helen, Miss Maxine Hilton and W. H. Hilton were visitors to Wauchula last Thursday.

W. H. Hilton, Miss Maxine Hilton and Bill spent the week-end in Tampa. Returning with them for a two weeks' stay was Miss Marian Claire.

A. W. Sargent, Jr., of Gainesville is spending his vacation here with his parents. Mr. Sargent is superintendent of the mails at Gainesville.

Mrs. Geo. Meredith, Rev. A. C. McCall and Eldred Starkey have returned from Winter Haven where they attended the Orlando district conference.

Mrs. J. L. Collins left Tuesday a week ago for points in Georgia, including Quitman, Valdosta and Madison, where she will spend several weeks.

Mrs. F. Y. Smith and Dr. and Mrs. R. A. Caswell of Alachua, Fla., are the guests this week of Dr. and Mrs. J. B. Stringfellow at their hospitable home.

Mr. and Mrs. Howard Maddox and Mrs. J. G. Mascott left Tuesday for Orlando, where they went to attend the graduation exercises at Orange General Hospital.

Mr. and Mrs. A. E. Ware of Lakeland arrived last night to be the guests of their daughter, Miss Mary Beverly Ware, for a few days at the home of Mrs. Gilbert Freeman.

Mr. and Mrs. J. W. Francis were among the motor visitors to the south end of the county Friday. They were in DeSoto City most of the day, returning home late in the evening.

Friends here of Mrs. W. A. Smith and daughter, Miss Helen, will be glad to know that they have arrived safely at Normal, Ill. They are motoring through the country, en route to Idaho.

Mr. and Mrs. B. F. Jackson are newcomers being welcomed here. Their daughter, Miss Thelma Woolfolk, joined them here last week. These estimable people are from Enterprise, Ala.

William Dart left the latter part of the week for his home at Dart's Camp in the Adirondack Mountains of New York, after having spent a pleasant winter in Avon Park. Mrs. Dart left several weeks ago.

Mr. and Mrs. Chas. Shepard and children left Wednesday for Washington, D. C., where they will spend their vacation. Mr. Shepard will return in a couple of weeks, while Mrs. Shepard and children will remain for the summer.

C. H. Williams, prominent Hicoria man, was among the visitors in the Highlands county metropolis last week and was a pleasant caller at the office of the Pilot, where he is always a welcome visitor. He entered his subscription for the Pilot.

Mrs. Neal Trent and attractive children, who have been visiting relatives in St. Petersburg the past week, returned home Sunday evening with Mr. Trent, who motored to the Sunshine City for them. Raymond Breeding, their little nephew, accompanied them home.

Mrs. Isabelle Bennett and her daughter, Miss Fannie Bennett, long residents of Avon Park, left Tuesday morning for the west on an extended vacation tour. They will visit in Colorado, Yellowstone Park, California and other places of interest, returning late in the summer.

Mrs. R. W. Swearingen and Miss Elizabeth Ewing attended commencement exercises at Summerlin Institute, Bartow. Mrs. Swearingen's nephew, Dana Swearingen Crum, was a member of the graduating class and this fall will enter Georgia Tech to take a course in architecture.

A. V. Anderson was a business visitor to Bartow Friday.

Leon Starkey of Arcadia visited relatives here Sunday.

Miss Loca Hart and Miss Juanita Adams are attending normal school at Zolfo.

Mrs. Fred Collins is visiting her brother, M. C. Bubenzer, at his home in Tampa.

D. R. Gaines left last week for Adairsville, Ga., where he will spend some time.

Miss Dorothy West spent the week-end in Sebring as the guest of Mrs. Cora Lane.

W. T. Andrews and son Mark left Tuesday for Dixon, Tenn., where they will spend a short vacation.

Mr. and Mrs. C. C. Clemons of Pierce, Fa., are the guests this week of Mr. and Mrs. W. M. Carter.

Mr. and Mrs. H. N. Kingsley are spending this week in Umatilla with their nephew, R. W. Kingsley.

Mr. and Mrs. F. M. Lawson of Kissimmee were guests the first part of the week of Mrs. Fannie Reeves.

B. H. James, prominent merchant, spent Monday afternoon in Sebring, combining business and pleasure.

Mrs. Lewiston left the latter part of the week for an extended visit with her brother at Clearwater.

Mrs. R. W. Swearingen and Miss Elizabeth Ewing spent Friday in Sebring, combining business and pleasure.

Mrs. C. A. Skipper and family have returned from Haven Beach, where they had a pleasant ten days' outing.

Filmore Austin and son left this week for their summer home in Michigan, after having spent the winter in Avon Park.

Fred Smith and Chas. Nichols left Saturday for Jacksonville, where they joined the Jacksonville Shriners' band, en route to Washington, D. C.

Jack Dowling, popular young man, formerly of Avon Park, writes friends from Ehrhardt, S. C., that he is very much pleased with his new home and position there.

Mr. and Mrs. McConnell, who have moved here from Dade City, have taken an apartment at the DeBordenave. Mr. McConnell is now bookkeeper for the Avon Park Drug Company.

Mr. and Mrs. S. Y. Hart and daughter Lois left Tuesday for an extensive western trip, including points in Colorado, California, Nebraska and Illinois. They expect to be gone four or five months.

F. M. Whidden, son-in-law and daughter, Mr. and Mrs. Perry Johnson, were visitors here the first of the week. These prominent people are from Miami, but were formerly Avon Park residents.

Miss Myrtle Connoley and Miss Lola Skipper left last week for Nashville, Ga. En route they stopped in Jacksonville to spend a few days with Miss Mary Walker. They will be guests of Miss Mary Sapp, formerly of Avon Park, now of Nashville.

Mr. and Mrs. Eugene Delk, returning from their wedding trip to points on the East Coast, spent Sunday here. Late in the evening they left for Eagle Lake, where they will make their home. Mrs. Delk was formerly Miss Elizabeth Andrews of Avon Park.

Mr. and Mrs. John Caldwell and pretty little daughter Helen left Wednesday for Winter Park, where they will attend the commencement exercises of Rollins College. Their daughter, Miss Rebecca Caldwell, is a member of the graduating class this year.

Misses Joanna Mizell, Betty Mize, Frances Ware and Mr. Wayne Bevis motored from Lakeland Tuesday and were the guests for several hours of Mrs. Gilbert Freeman. Miss Mary Beverly Ware returned to Lakeland with them to attend the graduation of her sister, Miss Frances Ware.

RURAL COMMON SENSE

Give Thought to Lawn Occasionally; Think Not Only of Tilling Crops of the Field or Grove

[By Spuds Johnson]

The fact can not be denied that green lawns don't help to grow crops of corn, or cotton, or potatoes, or tomatoes, or oranges. But at the same time I have come around to the idea that men can grow these or any other crops with a keen appreciation of them, if he spends a reasonable portion of his time around a home that is adorned with green lawns.

And then there is another reason for my mentioning this subject of green lawns, and that reason is that my women folks do their work at the house and have to see the lawnless yard whether I do or not.

You know, folks, it is time we were giving more thought to the things which please the eye and to helping the eye see things pleasing. I don't mean that we should neglect the things which please and satisfy the stomach, but I do mean that there are other things to think about and work for.

I spent a day the other week over at Gainesville, looking around our state university, a part of which is the experimental station. One of the many things which attracted me was some grass plots. After looking these over and asking Prof. W. E. Stokes all about them I came away pretty well convinced that my old lawn is going to get attention from me rather than neglect and destruction.

I am going to see that it gets plenty of water during the dry season and tobacco dust every time the chinch bugs show up. And I've already scattered over it some well rotted stable manure, at the rate of about three tons to the acre.

If you are thinking about starting a lawn yourself, you will make no mistake by trying any of the following grasses: St. Augustine, Bermuda, carpet, centipede and blue couch. St. Augustine grass is probably the least affected by cold of any of these.

Ain't It the Truth

Blythe: "Well, I see the dirt is flying this morning from the county's road grader."

Smythe: "Yep—and I like it a heap more than some of the mud-throwing I heard down at the political meeting last night."

DRIVER ATTRIBUTES HIS ESCAPE TO CAR'S BACKBONE

From Modesto, Cal., comes the news of one of the most peculiar accidents on record. C. O. Gleatead, a telephone company employe, had a narrow escape from death when a fast passenger train hit the Star coupe he was driving. Glestead attributes his escape from injury to the tubular backbone in the Star car, one of the special features of all Durant and Star automobiles.

Aside from breaking off the two rear wheels, the Star coupe was not even scratched, not a pane of glass being broken. The tubular backbone prevented the frame from buckling and consequently made damage to the body negligible. The car was brought to Modesto, where two new wheels were installed, after which the Star car ran merrily on its way again.

Joe Lander, local dealer in Durant and Star automobiles, when questioned about the tubular backbone, to which the safety of the car is attributed, states that it is the foremost improvement in motor car design in several years and is used only on Durant built cars, being protected by patents.

My! My! My!

Johnson: "Man, you talk like an ignoramus. How long has it been since you went to school?"

Jackson: "Let's see—I ain't never went atall. How long it 'at?"

TICK ERADICATION AND FENCE LAW FAVOR HIGHLAND COUNTY

[Continued from Page One]

prove all materials used in construction of any work to be paid for out of such funds, and also the right to inspect and approve all work done under such contract before making any payment.

"Another local measure is a local fish act for Highlands county, which was framed and introduced at the request of the board of trade of Avon Park and of interested organizations and persons from other sections of the county.

"This act provides that no fish of the trout and bass varieties shall be taken by seining, netting, trapping, boxing or shooting, or in any other manner than by fishing with hook and line, bob, spinner or troll in any of the lakes or streams of Highlands county except as therein provided.

"Fish of the trout and bass varieties may be shot except between the dates of Jan. 15 and April 15, but no fish less than 12 inches in length may be taken and but three fish may be taken by any person in any one day.

"Fish of the trout and bass varieties may be taken with hook and line, bob, spinner or troll at any time of the year, but no fish of a less length than 12 inches may be taken and no more than ten fish may be taken in any one day by any one person and no fish may be retained in the water after it has been strung, nor unless it is returned immediately after being caught.

"The county commissioners have authority under this act to have the lakes of the county seined for the destruction of catfish, gar, turtles, alligators, or any other enemies of game fish, but all fish of the trout and bass varieties taken in such seining shall be immediately returned to the water alive.

Must Return Bass and Trout

"Seining in Istokpoga lake is allowed between the first day of September and the 15th day of the following January with seines not less than 200 feet in length and having not more than a one and one-eighth in mesh. Any fish of any size and in any quantity may be taken but all fish of the rout and bass varieties shall be immediately returned alive after having been taken. All the game fish enemies must be destroyed and not returned alive to the water, and unless they are destroyed the fisherman with forfeit his license. Each seine must pay a fee of $25 per year and every resident fisherman must pay a license of $1 per year and every non-resident fisherman a license of $2 per year.

"This act also provides that a non-resident who pays taxes on $1,000 assessed valuation in the county may secure either a fishing or a hunting license at the same price as a resident of the state of Florida coming from another county.

"The act also provides that no fishing or hunting may be done in Highlands county on Sunday.

"All funds from either licenses or fines created under the provisions of this act go to the credit of the county school funds.

"Another act gives the county school board authority to fix, change or abolish the tuition that may be charged to non-resident pupils for attendance in the public school of the county. This act was made necessary by an effort to enact a general law prescribing a fixed tuition charge throughout the state for non-resident pupils."

NEWLYWEDS ROUT FRIENDS AT "SWIM"

A crowd of young people out for a merry time late Friday evening went in cars to the homes of several newly married couples and told them to get on their bathing suits, that they had come to take them on a swimming party. The newlyweds were most obedient and soon came out ready to make the most out of the joke.

They were taken to Hatchell's at West Beach and told to hop in. Everything went the way of the originators of the prank for a while, and then the bridegrooms remembered that they themselves numbered four and with the loyal little brides to help them, they might turn the tables and have the joke on the other side. The fact that no one but the newlyweds were dressed for a swim helped their side and they soon had some of the the others on the run.

All had a jolly time and there was much blowing of horns and rattling of tin cans, etc., heard by Avon Park's early retirers. The newlyweds were Mr. and Mrs. A. C. Baukknight, Mr. and Mrs. Bill Davis, Mr. and Mrs. Frank Welsh, and Mr. and Mrs. Ira Porter.

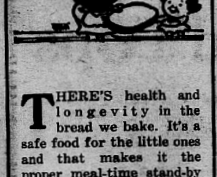

EPISCOPAL CHURCH

There will be divine service in the Church of the Redeemer next Sunday morning, June 10, commencing at 11 o'clock. Dr. Murrish will preach. The subject of the sermon will be "Jesus Down Among Men." The sacrament of the holy communion will be administered. All are very cordially invited to worship with us. J. Thomas Murrish, D.D.,Ph.,D., rector.

MAXINE HILTON ENTERTAINS FRIENDS AT DINNER PARTY

Miss Maxine Hilton celebrated her birthday last evening with a lovely dinner party given at the Hotel Avon. The honor guest was Miss Marian Clare of Tampa ,who is spending several weeks here with Miss Hilton.

The centerpiece was a beautiful bowl of phlox in [illegible] shades, arranged with asparagus fern. Marking the guests' places were pretty hand-painted place cards, the work of Miss Clare. Each young lady received a cumming little favor.

A delicious four-course dinner was served and the surprise of the evening was a beautiful angel food birthday cake, presented the hostess by Miss Myrtle Jack.

Those present on this delightful occasion were: Misses Alta Rhea Able, Annie and Reba Ginn, Myrtle Jack, Marian Clare and Miss Maxine Hilton.

NEWLYWEDS ARRIVE

Another newly married couple is Mr. and Mrs. Frank Welsh. Mr. Welsh left for a trip to Tennessee a few weeks ago. While away he stole a march on his friends and was married to Miss Rosa Thaxton of Humbolt, Tenn.

They arrived in Avon Park about June 1, and at the present are making their home with Mr. and Mrs. Ed Welsh. They have the best wishes of their many friends for a happy married life.

THREE MILLS SOUGHT BY SEBRING BOARD FOR PUBLICITY CAMPAIGN

Three mills for publicity was the Sebring Board of Trade's appeal to the city council Tuesday evening, when the matter was passed over until Friday night, when a special meeting will be held to pass on it. A majority of the council is understood to favor the levy and it is confidently expected it will be passed.

The levy would raise about $7,000, which the board plans to use as follows: Secretary's salary, $2,500 band, $2,000; incidentals, $1,000; advertising $1,500; entertainment, $500.

ADDIE MULLER OF SANFORD WINS GOOD ROADS CONTEST

First place among the Florida high school students, entered in the national good roads contest, has been won by Addie Muller of Osteen, attending the Sanford high school. Miss Muller's essay will be entered in the national contest in competition with the best essay from each of the other states for the $4,000 H. S. Firestone University scholarship, which provides for tuition and all reasonable expenses for a four-years' course at any college or university, chosen by the successful candidate. All the essays were written on the subject, "The Influence of Highway Transport Upon the Religious Life of My Community," and practically every high school in the state was represented in the contest. Each high school had the privilege of sending in the best three essays from which the winner in the state contest was chosen.

The contest was conducted in Florida by the highway education board, of which John J. Tigert, United States commissioner of education, is chairman, and the general extension division of the University of Florida. In announcing the winners, B. C. Riley, director of the general extension division, said "The essays entered in the state contest this year were better than they were last year and competition was much keener." The successful contestants are certainly to be congratulated and the winner should stand high in the national contest.

In the Florida contest, second place went to Norman Chamberiain of Miami high school, Miami Beach; third place to George Kerr Armes, Jr., of Leon high school, Tallahassee; fourth place to Richard N. Merrill, Jr., of Miami high school, Miami.

The judges were: Professor Charles A. Robertson, assistant professor of English; Dr. Joseph R. Fulk, professor of education; Dr. James Madison Chapman, professor of public speaking, and Miss Ella Allison and Miss Pansy Manchester of the general extension division of the University of Florida.

TO SHOW PINE'S GROWTH

Col. W. B. Greeley, chief of the United States forest service, Washington, has been requested by the Florida Development Board to supplement data and exhibits furnished to the senate reforestation committee during their trip through the south, with a number of photographs recently taken by Austin Cary, logging engineer of the forest service, and by Miss Eloise Gerry, microscopist, forest products laboratory, Madison, Wis., showing cross sections of pine trees actual size, to prove the rapid growth of pine trees in Florida and Southern Georgia. Some twenty-year-old trees added new wood to a depth of one-half inch last season, making a diameter gain of one inch while being turpentined the third successive year. The photographs were exhibited at a conference on May 23 of the two above named officials with officers of the Florida Development Board as undisputable evidence of the timber growth which can be secured in this state.

Dr. Murrish, rector of the Episcopal church, who has been seriously ill for more than three weeks, is able to be on the streets again. During the sickness of the doctor the services of the church were ably conducted by William King, the lay reader of the church. Dr. Murrish will resume his duties next Sunday morning.

Mr. and Mrs. J. D. Raab returned Sunday from Grand Rapids, Mich., their former home. Before leaving they packed and shipped their furniture and household goods to Avon Park. They are building a lovely new home here and will take possession as soon as it is completed.

MRS. SHERMAN AND MISS OLIVER ENTERTAIN

Mrs. Chas. Sherman and Miss Eleanor Oliver entertained a number of their friends at their attractive bungalow Friday evening. The lower floor was thrown en suite and decorated with purple bougainvillea.

Dancing and cards were enjoyed throughout the evening, and at a late hour delicious sandwiches and punch were served.

Those who were present on this delightful occasion were: Misses Beatrice Bass, Reba and Annie Ginn, Mamye Durrance, Ruby Crumley, Sadie Myers, Myrtle Jack, Dorothy Sebring, Margaret Bell, Pat Ranahan, Jessie Laird, Helen Right, Lucille Christy, Messrs. Chas. Hunt, Milford Dilley, W. A. Schleght, Dave Lane, Jack and Dick Head, Bill Hilton, C. R. Ginn, Melville Bass, Parke Anderson, Dan Andrews, Russell Rasco, Al Jamour, Professor Williams, Mr. and Mrs. Glenn Masters, Mr. and Mrs. Earl Hartt, Mr. and Mrs. Herbert Reck, Mr. and Mrs. Fred Smith, Mr. and Mrs. Chas. Moffett and Mr. and Mrs. John Hood.

MUSIC DEPARTMENT AND THE WOMAN'S CLUB WILL HOLD A JOINT MEETING

The music department of the Woman's Club will meet Friday, June 8 at 3 p. m., at the high school auditorium. A fine miscellaneous program has been prepared.

The same afternoon the Woman's Club will hold a short business session at 4:15 o'clock. A building lot has been offered to the club. That and other matters of immediate importance must be considered.

The music department invites the club members to come at 3 o'clock and enjoy the program as guests of the department.

CLEARING ROAD NEAR LETTA AND BEGIN ON STATE ROAD AT ONCE

Clearing of the new road between Avon Park and Sebring is almost completed, an engineering crew has started south from Lake Annie to locate the road to the Glades county line, Contractor Bill Kennedy is on the ground to start work immediately on the Frostproof-Avon Park link of State Road No. 8, and work is progressing slowly on both the DeSoto City and the Lake Stearns sections of the new county work. This about sums up the road situation with the further fact that lack of transport facilities is holding up delivery of rock, coupled with promises of the Coast Line to put in immediately sufficient trackage at the pits to enable the loading and movement of enough rock to enable the contractors not only to keep the two sections already started moving at full speed, but to enable them to start north from Sebring and south from Avon Park within the next few weeks with the rock.

The route of the detour between Avon Park and Sebring is nearing completion and the bridge over Red Water creek on this detour will be ready by the time the contractor puts his grading crew on this stretch of road. The detour leaves the present asphalt road just before it crosses the railroad north of Red Water creek, and runs southeast and south over a county road through the center of section 13 to the Lakeview drive around Lake Jackson and thence to Sebring. The sand section of the road is being strawed.

A crew of engineers under J. E. Lacy is already at work south of Lake Annie, seeking a better location for that part of the road, while the clearing crew between the Park and Sebring, which started at the water tank, has reached the north end of Lake Letta and the grading crew is to start next week.

Mr. Kennedy probably will sub-let the clearing and grading north from Avon Park and is preparing to rush the work. His contract calls for completion within 320 days and he stated that it probably will require the full time, which means the road will not be ready until next April. It will require 200 or 300 men to put the road through in that time and he plans to move his big gang from Quincy as soon as they finish the work there.

He will make Avon Park headquarters, and probably will start work from both ends and work towards the middle.

The Boy Was Right

Mother: "Jimmy, you stop pulling baby's hair. You'll pull them out."

Jimmy: "No, I won't mother. They have got nails in them."

MERRY HOUSE PARTY AT THE DURRANCE HOME

One of the merriest house parties held in Avon Park was that given by Miss Mamye Lee Durrance at her attractive home on Lake Tulane. All the girls enjoyed themselves immensely. The main diversion was motoring and swimming, after which the "gang" made great inroads on the delicious eats served by the hostess.

Thursday the jolly party attended the ball game at Frostproof and were loyal boosters for Avon Park.

Friday they motored to Sebring, Saturday to Fort Meade, Sunday to Lakeland. Sunday evening bringing to a close this long to be remembered event.

Among those present were: Misses Dorothy Sebring, Pat Ranahan, Emma Whitehurst, Jessie Laird and Helen Right, all of Sebring; Reba Ginn, Beesley Palmer, Beatrice Bass, and the hostess, Miss Mamye Lee Durrance.

WOMAN'S BIBLE CLASS MEETS

The Woman's Bible class of the Methodist church met at the home of Mrs. J. W. Durrance Monday afternoon and after a business session the women enjoyed a social hour. The hostess served ice cold watermelon, and those present on this occasion were: Mesdames Jack Meredith, Martin, Barschel, Brookens, M. H. Gribble, Miss Grace Meredith and little Louise Barschel and Helen Smith.

WILLIAMS-JOHNSON NUPTIALS

A wedding of much interest, taking place at the Methodist church last evening immediately following prayer meeting, was that of John B. Williams and Miss Bessie M. Johnson. Rev. A. C. McCall, the pastor, called the young couple to the altar just before dismissing, and performed the marriage ceremony.

Mr. and Mrs. Williams have the best wishes of their host of friends for a happy and prosperous married life. They will make their home in the Burke cottage on the south side of Lake Verona.

ODD FELLOWS AND REBEKAS MAKE MERRY

The Odd Fellows and the Rebekas and their families held a get-together picnic this afternoon at Red Top Ranch, an ideal spot for such an affair.

No program was planned except that everyone should have a big time. Late in the evening the fair members of the party spread their picnic lunches and while breezes wafted comfort from across Lake Istis, the merry party feasted to their hearts' content. Sandwiches of many kinds, cakes likewise in variety, pickles, olives to make picnickers beautiful, fruit, salads, iced drinks and coffee offered a sumptuous repast to tickle the palate of all present.

The large gathering dispersed after a merry evening of games and already those who enjoyed it are looking forward to the next.

CHRISTIAN SCIENCE SERVICE

There will be Christian Science reading at the Masonic Temple each Sunday afternoon at 4 o'clock. A cordial invitation is extended to all who are interested.

BRIDGE WITH MRS. HARTT

The attractive home of Mrs. Earl Hartt was the scene of a lovely party Wednesday afternoon, when she entertained her bridge club. The honor guest was Miss Gertrude Turinton of Seattle, Wash., sister of the hostess.

The card game proved delightfully interesting, at the close of which delicious refreshments of baked apple salad, olives, Parker House rolls, ice tea, maple parfait and angel food cake.

The guests enjoying the charming hospitality of Mrs. Hartt on this occasion were: Mesdames H. E. Godwin, Chas. Lanier, Susie Stubbs, W. C. Touchton, Chas. Sherman, Wm. Reck, Mrs. J. B. Stringfellow and her guest, Mrs. F. Y. Smith, Misses Gertrude Turinton and Myrtle Jack.

CHILDS

The development situation in Childs is quite different from that of its neighbors—the Lake Stearns to the north and Hicoria to the south—although the land is equally good, there are lakes of different sizes like those around Lake Stearns and the location at the crossing of two main state highways is better than that of its neighbor towns. We have hard surface on the north and south highway and an excellent set of railroad buildings, and yet aside from the 619-acre citrus grove of the Consolidated Land Company the visitor will notice little activity here.

The reason for this is that the land for a half mile on each side of the railroad, including the future townsite, belongs to the land company which holds intact the many square miles of land it owns in this section. A disputed range line resurvey has held up some titles and homestead patents in these three towns for years and is presumed to be one reason why the land company neither develops the townsite nor sells parcels so that others can develop. But whatever the reasons are, the absence of constant buying and selling of land which sends values up at each trade is costing this section thousands of dollars yearly. It would pay the disputing homesteaders to accept any old government offer settling the range line so the land company would have no excuse for its do-nothing policy and the town of Childs could begin to catch up with its neighbors.

The Ever Ready Sunday School Club of Lake Stearns, which has some Childs members, held a rainy weather picnic in the hilltop bungalow at Bear Point on Lake Childs a week ago. Some of the picnickers were Mesdames Bowers, Jones, Payne, Waters, Miss Marie Louise Payne, Messrs. Logue, Isric Jones, Hobbs, Woods, George Williams, Glisson. The boys showed the ladies how to cook fish and pork to perfection.

It's about time to send a plumber up in an airplane to shut off the rain. The automatic shut-off seems to have got stuck.

Ye olden-time oxcart, navigated by young Williams of Parkers Island, did traverse ye Lake Grassey district Thursday, collecting ye range pigges previously caught and hobbled by two other Williamses a' horseback, assisted by a pack of trained dogges. Ye oxen are great sized beasties, possent of two-horse strength and one-turtle speed.—H. G. P.

LEGAL NOTICE

In the Circuit Court, Twelfth Judicial Circuit of the State of Florida, in and for Highlands County.

S. N. Lawhon and R. H. Lawhon, Complainants, vs. William Beckerle, et al, Defendants.

To the Defendant Herein, William Beckerle.

It appearing by affidavit of Complainant's solicitors filed in this cause that you and each of you are residents of a State other than the State of Florida, that your place of residence is at Danbury, Connecticut; that you are over the age of twenty-one years, and that there is no person in the State of Florida, service of a subpoena upon whom would bind you or either of you and relief being sought against you and each of you in said cause by the Complainants.

This is, therefore, to require you and each of you to be and appear to the said Bill of Complainant at the office of the Clerk of the above-styled Court on or before the 2nd day of July, A. D. 1923, and in default of such appearance you are notified that the allegations in the said Bill of Complaint will be taken as confessed by you and each of you.

It is further ordered that this order be published in the Highlands County Pilot, a newspaper of general circulation, published in Highlands County, Florida, for a period of four consecutive weeks next preceding said appearance day.

Given under my hand and seal at Sebring, Florida, this 30th day of May, A. D. 1923.

LEGAL NOTICE

In the Circuit Court, Twelfth Judicial Circuit of the State of Florida, in and for Highlands County, In Chancery.

T. B. Thompson and wife, Myrtle Thompson, Complainants, vs. J. A. Morris, et al, Defendants.

To the defendants named herein: J. A. Morris, if living, and if dead, to all persons claiming an interest under the said J. A. Morris, whether as heirs, devisees, grantees or otherwise, and to all persons unknown to complainants claiming an interest in the following described lands, to-wit: Lot Three (3), in Block Two (2), Section Twenty-two (22), Township Thirty-three (33) South, Range Twenty-eight (28) East, less nine hundred and twenty (120) feet on the south end of said lot.

It appearing by sworn bill and affidavit of complainants' solicitors filed in this cause that they do not know and have been unable to ascertain whether you are dead or alive, and if alive you are a resident of a state other than the State of Florida. That your place of residence is unknown to complainants, that you are over the age of twenty-one years and that there is no person in the State of Florida service of a subpoena upon whom would bind you, and relief being sought against you in said cause.

This is, therefore, to require you to be and appear to said bill of complaint at the office of the Clerk of the above styled Court, at Sebring, Florida, on or before the 2nd day of July, A. D. 1923, and in default of such appearance you are notified that the allegations in the said bill will be taken as confessed by you.

It is further ordered that this order be published in the Highlands County Pilot, a newspaper of general circulation, published in Highlands County, Florida, for a period of eight consecutive weeks next preceding said appearance day.

Given under my hand and seal at Sebring, Florida, this 30th day of April, A. D. 1923.

NOTICE FOR BIDS

Notice is hereby given that the Town Council of the Town of Avon Park, Florida, will at its next regular meeting on Monday, July 2, 1923, receive sealed bids for the construction of approximately 2,000 lineal feet of concrete sidewalk, 10 feet wide; fountains, pools and other cement work, according to specifications prepared by landscape engineer.

Also, at the same time, bids will be received for the installation of water mains and stand-pipes through the parks in the center of Main Street in said Town.

Also bids will be received for 4,000 lineal feet of concrete curb in said parks.

Prospective bidders will find specifications for all work at the Avon Hardware & Furniture Co. store, in charge of H. B. Smith.

Council reserves the right to reject any and all bids.

By order of the Council in regular session, on Monday, June 4, 1923.

G. L. CREWS,
J7-14-21-28 Town Clerk.

IN RE DISSOLUTION OF B. F. WEST BANKING COMPANY

Notice is hereby given that the Stockholders of the B. F. West Banking Company, a corporation, will by petition apply to the Judge of the Circuit Court in and for the Twelfth Judicial Circuit of Florida, at his office in Arcadia, Florida, on Monday, the 2nd day of July, A. D. 1923, for an order dissolving the B. F. West Banking Company, a corporation, and all persons interested are hereby notified to be present at said time and place and present objections, if any they have, to the dissolution of said corporation.

Given under my hand and seal at Avon Park, Florida, this 17th day of May, A. D. 1923.

RESOLUTION

WHEREAS, a petition signed by the requisite number of electors for the issuance of bonds of Special Tax School District No. 1, formerly Special Tax School District No. 3, for the purpose of constructing and equipping additional school buildings and repairing and equipping present school buildings and grounds in said district has been presented to the Board of Public Instruction of Highlands County, Florida;

NOW THEREFORE, be it resolved by the Board of Public Instruction of Highlands County, Florida, that there will be required for the purposes set forth in said petition an issuance of bonds in the sum and amount of seventy-five thousand dollars ($75,000); that if said bonds shall be issued they shall be in denominations of one thousand dollars ($1,000) each, and numbered consecutively from 1 to 75, and they shall bear interest at the rate of 6 per cent per annum, payable semi-annually and the principal sum of said bonds shall be due and payable in from five to twenty-five years from date of issuance, as follows:

Nos. 1 to 10 inclusive, due in 5 years $10,000
Nos. 11 to 20 inclusive, due in 10 years 10,000
Nos. 21 to 35 inclusive, due in 15 years 15,000
Nos. 36 to 55 inclusive, due in 20 years 20,000
Nos. 56 to 75 inclusive, due in 25 years 20,000

M31-J7-14-21-28 Total, $75,000

LEGAL NOTICE

In the Circuit Court, Twelfth Judicial Circuit of the State of Florida, in and for Highlands County, In Chancery.

H. E. Seitz, Complainant, vs. Lucien D. Holtzclaw, et al, Defendants.

To the defendants herein: Ralph S. Merwin and wife, Ella M. Merwin, and Lucien D. Holtzclaw, if living, and if dead to all persons claiming an interest under the said Ralph D. Merwin and wife, Ella M. Merwin, and Lucien D. Holtzclaw, whether as heirs, devisees, grantees, or otherwise, and to all persons unknown to complainant claiming an interest in the following described lands, to-wit: Lot 2, Block 2, Section 22, Township 33 South, Range 28 East.

It appearing by sworn bill and affidavit of complainant's solicitors filed in this cause that they do not know and have been unable to ascertain whether you are dead or alive, and if alive you are a resident of a state other than the State of Florida. That your place of residence is unknown to complainant, that you are over the age of twenty-one years, and that there is no person in the State of Florida, service of a subpoena upon whom would bind you, and relief being sought against you in said cause.

This is, therefore, to require you to be and appear to said bill of complaint at the office of the Clerk of the above styled Court, at Sebring, Florida, on or before the 2nd day of July, A. D. 1923, and in default of such appearance you are notified that the allegations in the said bill will be taken as confessed by you.

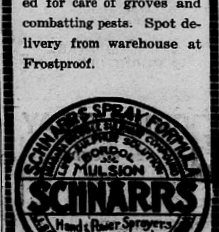

It is further ordered that this order be published in the Highlands County Pilot, a newspaper of general circulation, published in Highlands County, Florida, for a period of eight consecutive weeks next preceding said appearance day.

Confidence

The confidence of the community in a bank is its greatest element of strength.

The strength of our bank is evidenced by the confidence of its large number of depositors and satisfied customers, among whom are some of the best people in the county.

Our directors are composed of the best men of the country, who actually direct the affairs of the bank. Men who have made a success of their own affairs and are capable of handling the affairs of the bank on a safe and sound basis.

Our bank is examined at frequent intervals by capable auditors sent out by the government, who come without our foreknowledge. We are also required to make and publish sworn statements of the condition of this bank at regular intervals. The call for this statement comes to us based on certain dates, without our having any knowledge of when it is coming, hence we are unable to "fix" for these periods, even if we were disposed to do so. In addition to this we are required by law to carry a certain per cent of our deposits in cash reserve in order to take care of any emergency that might arise.

Deposit your money with us where it is as safe as the Rock of Gibralter.

HICORIA

News is very scarce this week, but there is lots of rain every day and it surely must be rainy season. Some folks are beginning to holler "More rain, more grass."

Dr. R. L. Cline was down last week. He didn't say how much the watermelons brought per car, but said they brought a fancy price for the entire eight cars.

Mr. Lanier of near Wauchula was through this part this week, gathering up his cattle for dipping.

J. B. Bunch and Miss Lillie went to Lake Stearns this week on business.

Mr. and Mrs. Ceylon Carlton spent Sunday in Lake Stearns, visiting relatives.

Dr. J. C. Patterson is planning on planting a nursery on his property at this place, with 40,000 or 50,000 seedlings.

Thomas Crews, our newly appointed commissioner, was in this part this week. Mr. Crews says he is going to do what he can for his district and Highlands county. Let's all help him in his efforts.

J. S. Townsend is selling his melons locally.

Miss Anita Townsend is visiting her brother in Lake Stearns this week.

The little Shackelford boys captured a three-foot alligator Monday. It is some pet already.

C. R. Williams went to Venus Saturday. He says a boat would have been more desirable than his flivver in some places.—C. H. S.

FOOD MISTAKES
With Growing Children

Children have small stomachs but large food demands. They need a complete line of body-building material. And they eed vast stores of energy, for hey live at concert pitch.

It is a mistake to fill such tomachs with bulky, innutritious foods. Or with incomplete foods, which in some ways leave them underfed.

Milk—the Supreme Food

Milk is for children the food of foods—the greatest food produced.

It contains 16 needed elements, including the six minerals required. In energy value it is rated at 1810 calories per pound.

With cereals it forms a practically complete food, rich in vitamines. A plate full of some foods doesn't go as far as a dish of cereal and milk. That is why it is so important to make the cereal dish delightful.

SKIPPER'S MILK

Quality first!

QUALITY is the keynote of our electrical goods—dependable quality that means lasting satisfaction. We search the markets of the world to place only the best of things electrical before you.

Edison MAZDA Lamps are typical of the high standard of electrical merchandise you will find here.

ECONOMY PERMANENCY ACCURACY

Florida Property Is Increasing in Value Every Day

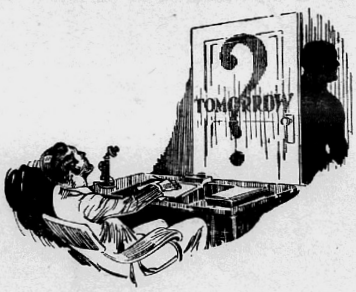

Particularly is this true of property on the Scenic Highlands and in and adjacent to Avon Park. Our city is growing rapidly, new buildings being started nearly every day. Of course this adds to the value of all property, whether in the city or adjacent thereto.

"HILLCREST"

is close to the city limits of Avon Park. Its groves are increasing in value every day. The trees are growing nicely and show a healthy appearance, making an investment with the Scenic Highlands Development Company an attractive one. In fact, one has but to see the young groves, note the painstaking care being given the trees, consider the location and then ascertain what grove properties are selling for all around us, to become convinced that "HILLCREST" is a gilt-edge proposition.

WE COURT INVESTIGATION

Scenic Highlands Development Company
Avon Park, Florida

IMAGINATION is the key which unlocks the door to opportunity. Our job today is to get ready for tomorrow. Money is the trade token of labor. Labor is power—and power is good—when it is used with a thought of tomorrow.

The man standing behind that door is the YOU of tomorrow. Who he is and what he is depends upon you and you alone.

Initiative is the individual need today—it's the word with four "I's" in it. Put that word in your tomorrow's tool box—and use it. It will get you somewhere.

Indifference—Doubt—Lack of Confidence—Want of Purpose—they all lead to defeat and make labor drudgery and unprofitable.

A bank book is an important text book. Acquire one, filling its entry regularly, even though in a small way, and soon you will be able to grasp opportunities which will insure your tomorrow.

FIRST TRUST AND SAVINGS COMPANY

Starts You Toward the Ownership of a

Ford

and in a short time you will have a car of your own. Then all "out-of-doors" will be yours to enjoy with your family.

Think of the comfort, the pleasure and happiness which will be yours.

Buy your car under the terms of the

Ford Weekly Purchase Plan

For as little as $5, you can select the Ford you want and place your order at once. We will put this money in a local bank for you —at interest. Each week you add a little more. This also draws interest. Soon your payments, plus the interest earned, makes the car your own. Come in! Let us give you full particulars about this new plan.

HICORIA ORANGE CROP AVERAGE WHILE TANGERINES ARE HEAVY

GRAPEFRUIT WILL BE OFF SOME DUE TO LATENESS OF RECENT CROP

Hicoria, June 6.—(Special)—This section has a fairly good crop of oranges this season, and some early bloom, but not a full crop. This bloom was out in February and March and then in May there was another very good bloom. Both together will make an average crop, though it will be an uneven crop to harvest.

Tangerines are above the average. Experts hardly see how the trees will carry what they have on them, while they were some later blooming this spring than usual.

While for grapefruit we had very little bloom, trees were full of fruit at the time they should bloom and it was very dry, and it is thought these features are responsible for so few fruit this year.

Young groves are doing all they can and there is quite a bit of fruit on the three-year-old trees.

Planting of beans and peas are in the lead these days, while the early crops are almost ready to "soup." These crops are always a success in this part of the country.

Some of the folks are planting the bush Lima and small navy beans this season. They do well on the Ridge. Some of the latter are growing here and are as full of bloom and young beans as ever seen here. They are not planted for a money crop, only for home consumption.

REMEMBER THAT
PRESCRIPTIONS ARE DRUGS

Prescriptions and physicians' orders for simple drugs, rare chemical drug products or combinations or the variety of medical drugs. Remember us for a prescription as you would for the simplest of drugs. Every drug in every prescription will effect its cure if it is cleverly handled and directly presented as science, knowledge and experience permit. We specialize in prescriptions because we specialize in drugs.
