

MCGINNIS MAYOR; CONOLEY-CLAY GO ON COUNCIL

MARSH IS VICTOR IN RACE FOR MARSHAL—BIG VOTE POLLED

T. J. McGinnis, mayor filling in the unexpired term of the late Robert W. Seawright, was re-elected mayor of Avon Park in Monday's election by a majority of 14 votes over Herbert Seawright, pioneer resident and one of the first mayors of the incorporation. There was no heated argumentative campaign, prior to the election, the two candidates having been nominated at the mass meeting Wednesday night preceding the election.

A. E. Conoley was re-elected and J. L. Cloud was added to the council, Councilman H. B. Smith being defeated in a close race.

In the only other race of the election, Marshal L. M. Marsh won from Charles Krauss.

The election was one of the most active in years, 245 votes being polled, despite the fact that fifty or more were applied to vote had either failed to register or failed to pay poll taxes.

Mr. Seawright and Councilman Cloud were put forward by some of the more conservative citizens who claimed that taxes were too high and who felt there ought to be a change in administration. The leaders were very active all day long, automobiles with banners being used in furthering the candidacy.

Mr. Cloud's name was placed on the ballot in place of F. S. Jordan, who had been nominated at the mass meeting, and who asked that his name be withdrawn. Mr. Jordan, a local merchant, told friends he did not have time to give to the duties of the office and felt that no man should consider a political office unless he was ready to devote the necessary time to the duties.

Friends of Mayor McGinnis and Councilman Conoley and Smith waged the campaign on the grounds that it was ill-advised to change the administration with work just beginning on the long paving program, the water and sewer situation still open, and other progressive measures under way. They also contended that the present administration's record for progress, entitled every member to the confidence and esteem of the public.

CONTRACT IS AWARDED FOR MISSING LINK IN HIGHLANDS' HIGHWAYS

The W. J. Bryson Paving Company, to whom the commission of Highlands county awarded the contract for that part of the north and south road of State Road No. 4, for which the county is responsible, has been given the balance of the grading contract for the five-mile gap between Josephine creek and Lake Stearns.

This is the last link in the north and south highway which was not provided for and was given to the Brysons by the bonding companies who were responsible for the original contractors fell down on the job.

Three and a half miles of grading have already been completed, leaving two miles which will be completed within the next 40 days.

The state will commence hard surfacing as soon as part of this grading is done, starting at the Lake Stearns end.

FEW SHIPMENTS START GRAPEFRUIT PRICES UP

In spite of the fact that this season's Florida citrus crop is about two weeks later than last year's fruit is maturing, shipments from the state, up to Nov. 24, were 2,187 carloads in excess of last year's shipments at this time, says George A. Scott, general sales manager of the Florida Citrus Exchange, in his weekly citrus review.

"The heavy shipment of oranges during the past week, totaling 2,187 carloads, has brought this movement up to 4,754 carloads for the season," Mr. Scott reports. "Grapefruit shipments during the week divided to 364 carloads, with the total for the season now at 1,000 carloads. To date, 9,154 carloads of both varieties have been moved from the state, as compared with the movement of 8,997 carloads at this time last year."

"The extremely large shipment of oranges has resulted in a weaker tendency in all markets. There is some complaint noted to the effect that the quality of the fruit is not so good as last year's, many growers declaring that receipts, particularly of the Valencia variety, are as poor as they were at this time last year. While orange quotations are going out at 12 cents to 13 cents, f.o.b. Florida, these figures are being shaded to a considerable extent when received at a considerable distance from the state, which is not uncommonly the case."

"Decreased shipments of grapefruit have resulted in a slightly better price, but prices are not accordingly higher, owing to the large supply of fruit, accumulated in the heavy movement in the past season, which is still undistributed."

Only for Gertrude Harris. A crowd of the younger girls and boys gave a witness to the fact that the "Harris" family, Friday evening, in honor of Miss Gertrude Harris, who lives on Puntia Grove in the home.

Begin Work Indian Prairie Canal And Near State Highway

ELIMINATES HAZARD OF FROST AND DRAWS HIGH PRICES

Work on the Indian Prairie canal, which will be the main outlet for the state's drainage plans in north-eastern Glades county and southern Highlands county has been resumed, according to Mose E. Lanier, who was in Avon Park Tuesday. According to Mr. Lanier the big drainage machine, which has been idle since June, has been under way for close to two weeks and has cut a quarter mile nearer the goal. The canal, he says, is now within three miles of State Road No. 4, across the southern end of the county.

The Indian Prairie canal is to be cut to within a few miles of Istokpoga and will provide a trunk outlet for smaller drainage systems, which will eventually open several hundred thousand acres of the rich, moist, fertile soil. It is particularly desirable because of the fact that it is so much higher than Lake Okechobee that it is absolutely free from overflow and such conditions as having during the past summer forced abandonment of farms.

From the upper end of the completed canal to its mouth, where it empties into the lake, there is a fall of 30 feet, which makes its drainage problem merely one of digging out the land and allowing gravity to take care of itself.

The state has been several years experimenting with various types of dredge machines, beginning with the way they are used, and the way they are to "float a dredge up the hill."

At that time the plan was to start a float dredge in Lake Okechobee and let it at its way northward, floating as light as the ditch. Despite assurances that people feared they come out of the ground until after the first frost and hardly enough when they come out to withstand any light touches that usually come in January. While he will be marketing the crop before the danger period—February and March—arrives.

Incidentally his February potatoes reach the market when it is absolutely bare of new potatoes from other fields.

"Highland's county's most wonderful opportunity," said Mr. McGinnis. "I believe we have the best potato land just west of the lake to be found in the state—at least it is as good as the best. Our lower latitude and the highlands, the hills and lakes, enable us to mature the crop a couple of weeks quicker than the rest of the state, and to plant early enough to get our crop—out of the ground last week of the year. As you have often heard told, 'the early bird catches the worm.'"

DEVELOPMENT BOARD IS ADVOCATING A "FLORIDA CHRISTMAS" FOR FRIENDS

The Florida Development Board recommends a year-end party to some Florida newspaper magazine as a most acceptable Christmas present to each of the counties in the state. Every issue will be a pleasant reminder of your good wishes.

The board also suggests that the recipients be made up of the most generally used in place of inkets, which are the most popular. Pecan nuts are greatly appreciated by friends anywhere, and Florida products are becoming popular in all parts of the world.

Marmalades and other fruit products are becoming popular in all parts of the world. Gifts and gifts are always a fruitful cost from an economic viewpoint.

There are many attractive gifts and commodities produced in Florida which should have a larger place in the Christmas market. Gifts of blossom perfume, souvenirs from the state, pottery from Florida.

Christmas greeting cards should be given as a gift. The state has a large number of artists who are capable of producing beautiful Christmas cards. The state has a large number of artists who are capable of producing beautiful Christmas cards.

LOCALS LOSE TO LAKE WALES AND BRING THEM HERE FOR A RETURN GAME THURSDAY

The Parkers lost a hard fought game to the Lake Wales golfers, 17 to 12. The locals were handicapped by the fact that they were playing on a course that was not in the best of shape. The game was played on a course that was not in the best of shape.

The game was played on a course that was not in the best of shape. The game was played on a course that was not in the best of shape. The game was played on a course that was not in the best of shape.

HAGAN FINDING SPARS BY BIG AVON LAND

ELIMINATES HAZARD OF FROST AND DRAWS HIGH PRICES

Potatoes are about the closest thing to digging for gold that is to be found in this section, according to Ben Hagan, naval stores and turpentine operator, who is about to quit everything and go into raising spuds on his 30 acres west of Avon Park. He is supplying local and nearby markets with the finest of the finest tasting spuds to be had, and has just completed the planting of nine acres of them, which will come in about February 1st, beating the two cold months and avoiding all danger of frost.

He is digging about 125 bushels per acre now from a small tract he planted last August and is getting \$2 to \$2.50 per bushel for them in spite of small sizes due to lack of rain the past 40 days. His total cost per acre for the crop was around \$65, which includes seed, fertilizer, cultivating and all labor.

Last spring Mr. Hagan had several acres planted in December and put them into the market weeks ahead of severe frost danger and the price was around \$1 and \$1.50 per bushel for them in Jacksonville, his freight charges running around \$10 per bushel.

By planting late in November, Mr. Hagan figures that the plants will not be out of the ground until after the first frost and hardly enough when they come out to withstand any light touches that usually come in January. While he will be marketing the crop before the danger period—February and March—arrives.

Incidentally his February potatoes reach the market when it is absolutely bare of new potatoes from other fields.

"Highland's county's most wonderful opportunity," said Mr. McGinnis. "I believe we have the best potato land just west of the lake to be found in the state—at least it is as good as the best. Our lower latitude and the highlands, the hills and lakes, enable us to mature the crop a couple of weeks quicker than the rest of the state, and to plant early enough to get our crop—out of the ground last week of the year. As you have often heard told, 'the early bird catches the worm.'"

MAYOR INSTRUCTS THE MARSHAL TO ENFORCE AUTO LAWS VIGOROUSLY

Mayor T. J. McGinnis is giving the Avon Park marshal something to be thankful for in this season of the year. In an announcement that the streets of Avon Park are to be kept safe for humanity, Mr. McGinnis has instructed the marshal to enforce all orders of the board of health, and to drive, overloading, reckless driving, and parking.

The marshal's recent report showed \$437 collected in fines during the past year and he says it will be a whole lot more this time around. If he is spending around copers and other wise isn't stopped.

\$850,000 BONDING ELECTION TO BE HELD IN HARDEE COUNTY ON DECEMBER 18

An election will be held in Hardee county Tuesday, Dec. 18, for the purpose of determining the will of the people to bond Hardee county for the sum of \$850,000 to build a hard surface road system in Hardee county.

The board of commissioners has submitted a system that is agreeable to all sections of the county. At a meeting in October a plan was submitted to the commissioners by the committee, and it was planned to call an election on Nov. 26, but that plan was dropped because of the opposition of the county and the commissioners.

The system mapped out will give the county a passage way to the main thoroughfares and also taken care of the cross country roads.

REV. T. P. TAYLOR'S LITTLE GIRL KILLED BY AN AUTO

Little Joyce Taylor, four-year-old daughter of Rev. T. P. Taylor, formerly pastor of the Baptist church at Sebring, now at Danis, Fla., was killed instantly when run down by a motor truck Thursday, according to word received by Col. F. N. E. Bailey.

The child was crossing the street in Port Landerside, said the message, which gave no other particulars.

Rev. T. P. Taylor, who recently returned from Geneva, Ill., will have his little girl buried in the cemetery at Sebring, Fla., on Friday.

The church at Sebring, Fla., will have a service for the child on Friday, and the church at Sebring, Fla., will have a service for the child on Friday.

Commissioners Plan to Limit Loads For Trucks are Endorsed

Endorsement of the county commissioners' plan for protecting the county highways against excessive loads, naming of a publicity committee to prepare plans and specifications for a county booklet or folder, and issuance of an appeal to motorists to fill in the holes in its section of the Frost-proof-Avon Park highway so as to make it available for traffic pending the completion of the state road, kept the Highlands county Chamber of Commerce lunch meeting Tuesday.

General discussion of the fair situation resolved into a decision to have the fair committee get together with the publicity committee, the manager of the fair, and if possible some experienced man who can be employed to prepare the exhibit and lay plans and proceed to act.

Chairman William King, of the county commission, said that the excessive loading problem and from all around the board came an enthusiastic endorsement of the stand and the commissioners have taken. He told the members that a road scale which will weigh 40 tons at least, on a truck or weigh it on the spot.

Resolution endorsing the plan and urging strict enforcement of the laws was passed unanimously.

The situation between Highlands county and the state was discussed and B. L. Laird was named a member of the committee to prepare a resolution urging that body to take action.

B. L. Laird, Gilman, C. H. Shackelford and F. P. Burch were named to get up the plans, specifications and other data on a booklet or folder for the county.

Fifteen new members were added to the board. They were: William King, H. F. Reek, D. F. Canfield, Gilbert Freeman and F. P. Burch, B. L. Laird, C. H. Shackelford, Johnson, G. W. Hudson and A. E. Lawrence, Sebring; Jesse Vaughan, and C. H. Shackelford, Hicoria.

"CRYPTAESTHESIA" PREPARING TO LOAD SANTA UP

WILL INSURE A "MERRY CHRISTMAS" FOR THE NEEDY

Santa Claus isn't going to miss any Avon Park youngsters this year if the Good Fellows Santa Claus Committee, which functioned so well last year, has anything to say about it. "Christmas boxes" will be placed at conspicuous points Monday, inviting the public in general to contribute to the Santa Claus fund for toys that might otherwise be overlooked.

The committee, organized through the First Trust and Savings Company here, with Charlie Cooper as auditor, is issuing an appeal to the general public.

Toys for a score or more little folks are to be provided and they will be beautiful Christmas baskets for families. The baskets will be delivered the day before Christmas and the toys may be distributed along with them at the annual Christmas celebration in the mall, where Avon Park's community Christmas tree has been growing, for these many years.

Last year Santa left his toys at the various homes, and unless some feasible plan can be worked out for the Christmas tree, the committee will be delivering the same way again.

In an appeal, the committee will say: "Brother and Sister Good Fellows: Have you ever in your lives wished for something in your heart only to find that it never came to pass? Have you ever cried over the fact that you had a toy of some kind to play with, how happy you would be? How many tears have fallen on account of seeing some boy or girl have a pretty toy to play with and another had none? When Christmas morning came and a stocking was empty, how sad! But mother or dad could not see where they could save a few pennies to buy a small trinket of some kind."

"Oh, how happy these few children in and around Avon Park will be when Santa Claus comes to their doors and places a basketful of toys, but food for the whole family to enjoy that beautiful morning, the day after tomorrow. Our Santa was born to the whole world."

"New Brother and Sister Good Fellows: Have you ever in your lives wished for something in your heart only to find that it never came to pass? Have you ever cried over the fact that you had a toy of some kind to play with, how happy you would be? How many tears have fallen on account of seeing some boy or girl have a pretty toy to play with and another had none? When Christmas morning came and a stocking was empty, how sad! But mother or dad could not see where they could save a few pennies to buy a small trinket of some kind."

By Arthur Brisbane. CHEAP TRANSPORTATION CRYPTAESTHESIA SAVES WOMAN FROM SINGING BOSS MURPHY WILL LEARN

The air giant ZH-1, bigger than the biggest steamship, uses less than a gallon of gasoline per mile in her flight of 2,200 miles. A big ocean steamer would need two tons of coal to fly. That shows the difference in power needed to push aside light air and heavy water and it tells you how rapidly men will travel in years to come if they get rid of that "all the traffic will bear" slogan. It is quite probable that in the future one day's work will earn the actual cost of a flight around the world.

Professor Riches of the French Academy of Medicine says woman possesses a faculty, called "Cryptaesthesia." That's a scientific name for intuition, woman's strange power to judge character at a glance, her ability constantly to tell truth from falsehood.

"Cryptaesthesia" is older than the French Academy of Medicine, older than the pyramids. Women predicted that faculty a hundred thousand years ago, when their husbands came wandering in late from the cave across the valley. It's their own safeguard against the world.

A baby kangaroo born in the Chicago Zoo is an inch long, about as wide as a lead pencil, and weighed about one grain. Once born, it climbs into its mother's pouch and stays there seven months, while its hind legs grow strong.

A giant grizzly bear has a baby smaller than a kitten. Nature is hard on the grizzly, but science will fix that one of these days.

St. Nihal Singh, one of 300,000 Asiatics lived in India by a few Englishmen thousands of miles away, has a grievance. When family members of the British Empire meet, Canada, India and other colonies of European lands are represented by elected delegates. India's vast crowd is represented by men selected by Englishmen.

As usual, the trouble is within. It's the same if you lack force in yourself—some outside force will make you feel it. The 300,000 Asiatics of India there dwell 100,000 Englishmen and they rule the 300,000. Although they are numbered 3,000 to one, could Mr. Singh imagine one Englishman keeping down 3,000 Indians? In these days you only get justice when the whole world is for it. Even then it is slow.

In five thousand years, India has written millions of different books. But it never reads the word "liberty" and it never reads the word "truth." That's the trouble with India. Some day a man will come from the Ganges, trying to fight Manchester with spinning wheel, but some person of sense will say: "You thick hairy brute, coarse hands, short stubby fingers, hell! Let India elect her delegates to the British Empire's family reunion."

##### WANTS SOME ACTION

Editor Pilot: Allow me to congratulate you upon your most able article in the Pilot of the 8th, headed "Action, Gentlemen." The article is full of good, hard sense from beginning to end. If carried out as you suggest, it will mean thousands of dollars to Highlands county for years to come, and will be positively the most wonderful piece of advertising the county will probably be able to do for a long time. I have a Hawaiian pineapple products exhibit for years at the big western fairs, and I know the better "set up" you have the more attention your exhibit will receive.

I have seen some of the most beautiful and wonderful exhibits, which, poorly displayed, would not get even an honorable mention, while other exhibits, not to compare with them in quality, would get the premium, because they were artistically and tastefully arranged. By all means hire a professional decorator, regardless of cost, and the best that you can get will not be too expensive in the end.

Your suggestion regarding a lettuce and celery plant each week is especially good and should be carried out without fail.

A few years ago I had an exhibit at the Fresno county fair, Fresno, Cal. A community exhibit had the booth next to mine. They had plenty of good stuff to exhibit, but it was about the worst conglomeration of truck you ever saw. As my exhibit was next to it, it really reflected on mine, so I volunteered a few suggestions, which the party in charge readily adopted. He asked me to help him out, which I was glad to do. His community was especially interested in dairying. I suggested that he serve hickory milk at the booth. They were very proud of the soil of this locality, so I built a box about four inches deep and about twelve inches wide, running the entire length of the fence separating the crowd from the booth. This we divided into sections about eighteen inches long. We filled these boxes with different kinds of soil and in each box we placed a spoon for the public to dig and play in at their pleasure. This attracted unusual attention. You can imagine my surprise at the close of the fair when this exhibit received first prize for both arrangement and individuality of its exhibit. It is needless to say that I was a little puffed up, if I did not get the prize myself. I would especially suggest this soil arrangement for our exhibit, filling one with pineapple soil, citrus, muck, etc. Be sure to see that they alternate, that the muck, being next to the citrus, etc. In closing, let me impress upon you the importance of having our exhibit tastefully and artistically arranged, regardless of cost. If we to Madison Square Garden, go prepared to be recognized or not go at all, specializing especially in the three C's—citrus, cane and celery. Very respectfully,

M. E. COVINGTON,  
Valdosta, Ga.

## Homely Old Stepping Stones

**W**ITHOUT doubt it would be a very spectacular thing to cross a creek in an airplane. It could hardly be employed however, by the everyday person.

Most of us are obliged to step across on the well-worn stones. There is no royal road. The way across is like the road to prosperity, usually accomplished by slow and sure methods—by stepping securely on each successive stone until the goal is reached.

Not a stone should be missed.

Regular and systematic savings are these homely old stepping stones. Acquiring the habit of spending a little less than the amount earned and creating a stepping stone with the difference, makes each step easier and creates a feeling of faith and confidence which grows stronger with each successive step.

We have watched many take the first timid step—watched many finish the journey full of confidence. Will you let us help put your feet on the first stone?

The First Mortgage & Guaranty Co. has just paid ten per cent dividend on Common Stock and will guarantee anyone investing eight per cent on Preferred Stock.

We invite you to become affiliated with this company, by investing in stock or purchasing bonds netting you eight per cent interest, GUARANTEED.

## LIES, JUST LIES

You mean to say 'tis all untrue, The stories the pure truth tell, As they lift their eyes to skies so blue, And murmur of heaven or hell.

To the blessed sweet torture of 'live', Of strivin', an' earnin', of livin' an' givin'.

At the end of it all just closing your eyes, And findin' the end is lies, just lies.

By "Mickie."

Labor-saving devices were not

invented so much to enable the housewife to do more work, as to let her have more leisure.

If we wonder where Henry Ford

obtained his great imagination and his delicate eye, let us remember that his parents were born in Cori, Ireland.

A recent report from the California

Development Association shows that they now are following the Florida Development Board's lead in discouraging use of greeting cards showing snow scenes.

The old "old bucket" may sound

well and fit well in verse, but it isn't so easy on the back and neck as Nor is it exactly advisable to partake too much of its "nectar that dapples lips."

Charles M. Schwab declares 90 per

cent of his misfortunes have come from his kindness to others. It is

pleasing to note that this may be at least something in common with newspaper publishers.

According to figures recently made

public by every major newspaper in the United States, over ten years of age, gainfully employed, chips in \$14,000 a year to defray the expenses of running the government.

Israel Zangwill told New York's

National Arts Club that it cost him \$10 to get into America. And he said Americans have little honor, less sense of justice and dignity, and are utterly devoid of humor.

Then speaking of the admission fee again, he said he had had his money's worth.

Don't get depressed if some one

thinks you are too insignificant to be noticed. Bankers, business men and

notion growers are trying to arouse the whole nation to cope with the little bill weevil. Even an insect in an impression on the world if it does its bit efficiently.

## A SONG FOR THANKSGIVING

Sweet land of Liberty, how fitting

is this hour of thanksgiving for all the blessings we enjoy. How inspiring

is the vision of your bounteous government based upon equality and temperate consideration of human rights. There is something

deeper in the ability to thank Him for planting in American hearts those principles of government which

inspire our happiness and contentment.

We will be poor indeed if we offer

our formal lip service of appreciation yet fail firmly to resolve to protect to the last ounce of our power

our sacred heritage. Let us strive at this Thanksgiving time, let each

trout shout in clanging "freedom ring," and with that glorious song of inspiration let each man find his own

to resist the insidious attacks that constantly wage war to undermine the principles of our constitution.

Our thanks for bounteous crops will

be as tinkling cymbals if each man is not a constant watchman for the tower ready to sound the alarm when sinister interests seek to under

mine the pillar of our freedom. Let us be the tiller of the oar for our property will be but as bubble if we do not resist the insidious

and grasping attacks on equal opportunity.

Americans will give their greatest

thanks in intelligent interest in the management of our country. The government is not a thing apart. It is

not a private enterprise. It does not belong to officials elected or appointed. It is the expression of the

people's will. As founded it is the only successful system of government in the world. Let us give thanks

a thousandfold for its existence, but let this thanks be buttressed by a determination to protect it—Sweet Land of Liberty.

## GIVING CHRISTMAS

The First Presbyterian church Sun

school of Seattle makes Christmas for others. So do each of her

35 branch churches. In other words, the people and their churches are

guaranteed to search out all who may not have a good Christmas and provide

for them.

Weeks in advance the pupils and

the workers are put to work to ascertain the conditions of

homes where Santa Claus may not go unless we make him.

The baskets are then prepared with everything necessary for a perfect

Christmas and a bounteous Christmas dinner. These baskets are

prepared at the church, and the names of the family put on each basket.

Then machines are provided, and with each machine some members of the

class, the school and members to that home on Christmas eve with a

blessing and the basket.

The gifts, of course, receive the greatest blessing.

Those homes discovered and thus

are visited again after Christmas and throughout the year and

sent to their friends. In other words, they may next Christmas be

givers and not receivers. In this way we

bring Christmas to all who are

blest throughout the year and

throughout the year.

## CONORNS HIGHWAY IN FLORIDA

A RECORD IN ROAD BUILDING

[Written Specially for the Pilot by Robert Fuller]

New York, Dec. 1.—"Everybody

said if it was fool enough to go ahead

and build a road, let me show you the

W. J. Connors, the millionaire newspaper owner of Buffalo, N. Y.,

discussing the building of the Connors Highway in Florida, per

haps the most gigantic road building and engineering enterprise ever con

ceived by a private individual.

The road, fifty miles long, one

foot wider than the Dixie Highway,

twelve feet deep in hard rock, with

a four-foot shoulder on each side,

finished next year—ending the most

rapid road construction known in this

country. It will be open for auto

mobile traffic by the end of January.

The toll is to be fixed by the state

legislature, but whatever it is, ac

cording to Mr. Connors, it will be a

saving of time and money to the

people—100 miles of distance saved,

which means a wee bit less gasoline

and a roadway of fifty miles as

smooth as a billiard table.

The road extends from a point in

the Florida Everglades around the

east side of Lake Okechobee to the

west side of Lake Okechobee. Mr. Con

nors bought 3,000 of the 3,500 lots of

the original Okechobee City. Connors

will have twenty miles of lake front

and keep it in Rich Farm Lands.

The road passes through what

Connors describes as the greatest

road in the world—the Cattle and

land—land that grows from 75 to

100 tons of sugar cane to the acre.

The road is a wonderful truck farm

territory, according to Mr. Connors.

The farmers can grow three crops

a year," said the Buffalo man, "and

practically produce from \$700 to

\$1,000 an acre. In the past, how

ever, it has been impossible to get

any of your crops to the market.

The road forms a connection that

Florida people of the east and west

have longed for years. As soon as

the road is opened there will be a

thousand more bound from the

west."

The great enterprise first took form

when Connors bought 3,000 acres of

Florida mud land in the Everglades.

Now he is said to be the largest rich

land owner in the state. When he

got the Everglades tract he conceived

it to be the finest potential farm

land in the United States. The plan

for the great roadway came at the

suggestion of a small town near

the road, suggesting that he build

the causeway, just as a rail

road would procure such a grant.

There was a little adverse criti

cism when the Connors Highway was

first brooded, but when the magni

tude of the enterprise was realized

and its benefits to the state were

figured out, the opposition re

tired and the grant was allowed.

## WANT CO-OPERATION IN

HANDLING CHRISTMAS MAIL

In connection with the arrange

ments for handling the mails during

the approaching holiday season at

tention is renewed to the importance

of obtaining the co-operation of mail

in the preparation and presentation

of their Christmas parcels and other

mail to be mailed that time. To

this end postmasters should urge their

patrons to observe the conditions

enumerated below and emphasize the

fact that compliance therewith will

not only be helpful to the postal ser

vice in facilitating the prompt han

dling, dispatch and delivery of their

mail but will result in more satisfac

tory service to the advantage of all

concerned.

## In the World of Women

### MRS. LANDER COMPLIMENTARY VISITING GRAND OFFICERS

Another delightful affair complimenting the visiting grand officers of the O. E. S. was a dinner party given by Mrs. Lander at the club house Tuesday evening.

The centerpiece was a huge yellow daffodil and trailing from this to each end of the table were smaller daffodils, interspersed with feathery fern. Pretty place cards in chrysanthemum design marked the guests' places. Tiny bottles filled with vari-colored perfumes were the favors.

Those enjoying Mrs. Lander's gracious hospitality were: Mr. and Mrs. Arthur B. Granger of Deland, Mrs. Beatrice M. Brandon of Bowling Green, Mrs. Lula Scott of Sebring, Mr. and Mrs. M. N. Bennett of Orlando, Mrs. Hughes of Orlando, Mrs. J. Zimmerman of St. Cloud, Mr. and Mrs. Robert Oglesby of Bartow, Mrs. Neta Angle of Bartow, Mrs. Olive of Bartow, Mrs. Marjorie of Bartow, Mrs. Tilla of Bartow, Mrs. Naomi Pratt of Bowling Green, Mrs. Davis of Bowling Green, Mrs. Lena Woodward of Deland, Mr. and Mrs. F. Canfield, Mrs. Ada J. Canfield and Mrs. Susie Stubbs.

### EIGHT ARE RECEIVED INTO CONGREGATIONAL CHURCH

Eight new members have been received into the Congregational Church recently, according to Rev. Benjamin Stock, three being received on confession of faith and five by baptism.

The pastor reports that the Christian Endeavor services are being well attended by the young people.

### SCHLOSSER AND BRIDE RETURN

Mr. and Mrs. William Schlosser have returned from New York, where they were married in a romance that had its inception in a childhood friendship in Bohemia. Mr. Schlosser, who has a farm on the southeast shore of Lake Jackson, went to New York to meet his bride, who came from Saxonia for the ceremony in the nation's metropolis.

They were married in New York Nov. 14.

### BARNHORN-ROSS WEDDINGS

Mrs. Eva Green Ross and John Barnhorne were married at Sebring Sunday morning by Rev. L. A. Granger at a wedding party of only a few friends and relatives in a private home. The bride, who is from Jacksonville, Ill., is the guest of Mr. and Mrs. J. W. Geary in Sebring. The groom is a brother of J. C. Barrow and is well known throughout the county.

They left after the ceremony for a motor trip and as usual were accompanied by a supply of rice and old shoes, delivered with more or less grace by their friends.

The bride was lovely in a white georgette gown and carried a beautiful arm bouquet of bride's roses.

### FIVE HUNDRED CLUB MEETS WITH MRS. C. P. ANDERSON

Mrs. C. P. Anderson delightfully entertained the Five Hundred Club Tuesday afternoon at Lake Byrd Lodge. The lobby and dining room were beautifully decorated in the autumn colors, red and yellow; snapdragons, cosmos, marigold and ferns were effectively used.

After a pleasant afternoon spent at cards, the hostess served dainty refreshments.

Those enjoying Mrs. Anderson's gracious hospitality were: Mesdames E. Hartt, Earl Hartt, Norton Smith, H. A. Winter, John Rogers, Ida Williams, J. S. Francis and A. V. Anderson.

### ENJOY HOSPITALITY OF THE ELLENBERGERS

The Alumni Association of the Avon Park high school held an interesting meeting Friday evening at the home of Prof. I. C. M. Ellenberger on Tulane Circle. Following a short business session the alumni were delightfully entertained by Prof. and Mrs. Ellenberger, assisted by Mrs. J. B. Waller.

Mrs. Waller sang several songs and at a late hour delicious refreshments were served. Several members were absent, but those present reaped the benefit, with a sumptuous feast of cake and ice cream.

### WOMAN'S CLUB GIVES OLD FASHIONED PARTY

The building committee of the Woman's Club, with Mrs. C. E. Lanier as chairman, gave first of a series of entertainments Thursday evening in the form of an old fashioned party. The room was decorated with autumnal costumes. Mrs. W. H. Woodruff, who with her husband led the grand march, was charming in her wedding gown with long train.

After a pleasant hour refreshments were served by the hospitality committee, with Mrs. Norton Smith as chairman.

Those who were so fortunate as to be present are looking forward to the coming entertainments as something unusual has been promised.

### SEND BOX TO HOME

The circles of the Woman's Missionary Society of the Baptist church held a joint meeting at the church on Tuesday evening of last week. An interesting program with the following taking part was given: Paper by Mrs. Geo. Crews; song, "He Lives on High" by Little Miss Beba Week with Genevieve McLendon at the piano; recitation by Little Gertrude Rowland of the Sunbeam class.

A box of pretty little clothes, donated by members of the society, was packed and forwarded to Vera Belle Platt of the Arcadia home.

### LEIGH CHAPTER HOST TO GRAND MATRON AND VISITING STARS

Leigh Chapter of the O. E. S. S. host Tuesday evening to the grand matron, Mrs. Lora T. Oglesby, the occasion being her official visit to the chapter.

The chapter room at the Masonic temple was decorated with green palms and autumn leaves for the occasion. The lights cast a pretty glow on the many of the many decorated chrysanthemum shades of yellow crepe paper. The center light was a cluster of five vari-colored chrysanthemums.

A pretty drill was given by ten girls, who were dressed in frocks in the colors, blue, yellow, white, green and red, representing the five points of the star. This number was enthusiastically applauded. The following were present: Mesdames Lucille Able, Marion Stringfellow, Allice Marsh, Myrtle Conoley, Alta Rhea Able, Christine Reeves, Nell Mae Crews, Marjorie Lacey, Ruby Crumley and Reba Ginn.

A wonderful address was given by the grand matron, and interesting talks by other grand officers, past and present matrons and patrons, and visiting members.

The degrees of the order were conferred upon Mr. and Mrs. J. L. Munster.

At the close of the exercises a pretty silver cheese dish and soup were presented to Mrs. Oglesby by Mrs. Mamie Lacy.

Later a delicious dinner was served in the dining room, where places were set for 72 guests. Boxes of large yellow daisies were used at intervals on the tables, while graceful asparagus fern and single daisies traced the length. Yellow streamers ran from the center lights to all sides of the room.

The decoration and entertainment committees, who worked so hard to make the affair a success, were fully repaid by the many nice compliments of the visitors and guests.

The degrees of the order were conferred upon Mr. and Mrs. J. L. Munster.

### RECEPTION HONORING MRS. OGLESBY, GRAND MATRON OF ORDER OF EASTERN STAR

A lovely event of Tuesday afternoon was the brilliant reception given at Hotel Avon by Mrs. Lanie Lander, honoring Mrs. Lora T. Oglesby, grand matron of the Order of Eastern Star, who was here on her official visit to the chapter.

A color scheme of yellow and green was used in decorating the lobby and dining room, and a beautiful display of beautiful yellow chrysanthemums and ferns were also used. A table of refreshments was also served, and a pretty background for the assemblage.

Mrs. Lander, who is past grand Ruth, welcomed the guests at the door and introduced them to the honoree and others who stood in the receiving line: Mrs. Lora T. Oglesby, grand matron; Mrs. Lula M. Scott, Sebring, past grand matron; Mrs. Gertrude L. Granger, Deland, grand chaplain; Mrs. Beatrice M. Brandon, Bowling Green, grand Martha; and other officers.

Mrs. P. L. Rumpas and Miss Nan Staehel presided at the punch bowl, several members of the local chapter assisted Mrs. Lander in looking after the pleasure of her guests, and later entertained them in the dining room, where dainty refreshments of cream and cake were served.

About one hundred guests called between the hours of 3 and 5 and paid their respects to the honoree.

children will spend the Thanksgiving holidays at Punta Gorda and Sebring Harbor.

Mrs. W. J. Heim and daughter, Miss Gladys Heim, who have returned home from a visit of a month in Pittsburgh, Pa.

Returning from an extended trip through the east, Mrs. William Leek arrived Tuesday night and is being welcomed by friends.

Floyd Johnson and Kyle Williams left Sunday for the East Coast on a short business trip. They are making the trip by auto.

W. D. Cameron, who has been relieving the Coast Line roadmaster at Sebring the past week, spent the weekend here with his family.

Mr. and Mrs. Arthur Brooks and two children and Miss Maxine Hilton arrived here Tuesday morning to spend the Thanksgiving holidays.

Mr. and Mrs. Lamont Wolff arrived here Tuesday morning to spend the Thanksgiving holidays.

Mr. and Mrs. John M. McNeill arrived here Tuesday morning to spend the Thanksgiving holidays.

Mr. and Mrs. W. S. Fender Jr. has returned from a week's visit to Tampa with relatives. Mr. Fender "railroaded" to Haines City Sunday to meet her and accompany her home.

Mr. and Mrs. A. R. McGinnis, Miss Maude McGinnis and Almar McGinnis motored to Sebring Sunday evening and had dinner at the tea room on Monday.

Mrs. W. D. Cameron and Mrs. Ella Hargraves motored to Lakeland Tuesday and brought Miss Bevin Cameron and Miss Ora Hargraves back with them for the Thanksgiving holidays.

Mrs. John Hood, Mrs. Joe Landet, Mrs. D. W. Bills, Mrs. Harry Dilley and Mrs. Thelma Lee, motored to Tampa Tuesday on a shopping and pleasure trip. They returned here Wednesday.

Mose E. Lanier, pioneer Highlands county grower and now a road building contractor, spent Tuesday in Avon Park on business and enjoyed a day greeting old friends in the Ridge metropolis.

E. O. Williams, who has been prominent in Avon Park for years, has returned from a summer vacation spent in his old home in New York and Mrs. Williams preceded him home by several weeks.

Among the Avon Parkers who visited Sebring Sunday were: Miss Mamie Lee Durranne, Miss Ellie Harris, Miss Beasley Palmer, Bill Hillon, Charles Lawhorn, Fred Crews, Mr. and Mrs. E. E. Grady and Mrs. R. E. Palmer.

Prof. and Mrs. I. C. M. Ellenberger, Prof. and Mrs. Shaver and family of Arcadia and several other families will form a fishing and hunting party who will spend the Thanksgiving holidays in the vicinity of Englewood and Naples.

Mrs. Olive Armstrong, Mrs. W. S. Butler and Mrs. Harry Dilley attended the South Florida Association of Congregational Churches at Tavares Tuesday of last week, as delegates from the local church. They returned home Wednesday.

Mr. and Mrs. R. C. Epperson, Master Cameron and little Miss Mildred Epperson left Sunday in their car for Wacahola, Fla., where they will visit relatives for a week. En route home they will visit friends and relatives at their old home in Lakeland.

Mrs. Susie Stubbs returned last Thursday from a pleasant visit of four months to her old home and other points in Georgia. She spent some time in Thomasville, Ga., where she will visit friends and relatives at their old home in Lakeland.

Later visiting friends and relatives at Atlanta, Ga., and Mrs. John W. Remington, prominent in Eagle Lake, Mich., are among the visitors in King recently.

To spend the winter season in Avon Park. They are guests of Mrs. Remington's parents, Mr. and Mrs. James Boyer, who have a country home and live north of town. They drove through from Michigan in seven days.

Mr. and Mrs. Newton B. Ward of Washington, D. C., are spending a while here. Mr. Ward is an expert cabinet maker and has done quite a bit of work for the general public.

Work for the general public among which was some fine work on the president's yacht, the Mayflower. The Wards are friends of F. L. Mid-

leton, president of the Lake Glenada Company.

Friends of Mr. and Mrs. Anson Lange are welcoming the newlyweds back "home" from their honeymoon trip and summer in Michigan. They arrived Tuesday night and Mrs. Lange will remain all season. Mr. Longstreet will remain here until May.

Are you buying your eggs now? Buy 140-240 and raise your own.

Disadvantages. The Feather showed life enough to remark: "See, I'll tell you a high horse gets a big fall when he drops."

Rev. and Mrs. E. L. Thompson, prominent winter residents of the Park, have returned from their summer home in Georgia, Ill. and are

comfortably domiciled in an apartment in the Fred Stevens home, where they spent a part of last season. The Thompson cottage here has been rented all summer by the Sappingtons and they will continue to live there. The Thompsons will remain here until May.

**NOTICE OF APPLICATION FOR TAX DEED**  
Notice is hereby given that A. J. Whidden, purchaser of Tax Certificate No. 1130, dated the 5th day of August, A. D. 1923, has filed with the clerk of the court a petition for a writ of certiorari to set aside the said tax deed and to have the same annulled and voided. The following is a description of the property, situated in Highlands County, Florida:  
Lot 1, Sec. 2, of W. Block 72, Section 22, Township 33, Range 23, in Highlands County, Florida.  
The said land being assessed at the date of the issuance of such certificate for the sum of \$100.00, and the same shall be sold at public sale, to wit: on the 30th day of November, A. D. 1923, at 10 o'clock a. m., at the office of the clerk of the court, in the city of Sebring, Florida.  
C. F. SAUNDERS, Clerk Circuit Court, Highlands County, Florida.  
N15-12-29-23

**NOTICE!**  
Merchants and other persons holding trade checks issued by the WALTER J. BRYSON PAVING CO., Inc., will please notify the office in Sebring, or before the first of each month. A receipt will be given on the first and the receipt will be cashed on the tenth.  
WALTER J. BRYSON PAVING CO., Inc.,  
By Willis B. Bryson, Sebring.

**NOTICE!**  
Notice is hereby given that the WALTER J. BRYSON PAVING CO., Inc., will be responsible only for goods furnished on written orders on printed form. Merchants will please mail us daily invoices of all orders received.  
WALTER J. BRYSON PAVING CO., Inc.,  
By Willis B. Bryson, Sebring.

**NOTICE**  
The tax books for the Town of Avon Park are open for payment of 1923 taxes and a 2 percent discount will be allowed on all taxes paid during November and first Monday in December. Books close first Monday in April.  
N15-12-29-23  
G. L. GLENN, Collector.

**NOTICE**  
To the Stockholders of the Park Investment Company and All Other Parties Interested:  
You are hereby notified that on the 16th day of December, A. D. 1923, at 10 o'clock on said day, there will be a meeting of the stockholders of the Park Investment Company; that said meeting will be held at the usual place of business of the said Park Investment Company in the First National Bank Building at Avon Park, Florida; and that said meeting will be held for the purpose of holding an election to determine whether or not the stock of said corporation shall be increased from \$100,000.00, said stock now being evidenced by shares in the sum of \$100.00 each, to \$125,000.00, to be evidenced by shares in the sum of \$100.00 each.  
JOHN D. RAAB, President of the Park Investment Company.  
Attest: H. A. WINTER, Secretary of the Park Investment Company.

## WHAT THE WOMAN'S CLUB STANDS FOR

[By MRS. HENRY STEVENSON]  
No more concrete statement of the purpose of the Woman's Club can be given than that stated in the club constitution: "The object of this club shall be: (1) to advance the interests and efficiency of women; (2) to promote a cordial relation between its members; (3) and to contribute to the welfare of the community." Surely that is no mean or unworthy aim. Let us see how effectively the Avon Park club carried out its policy, and taking up the last statement first, look over their record of service to the community. It has organized and directed three clean-up campaigns, prepared a community Christmas tree each year, sponsored four Christmas seal sales, securing an all-day tubercular clinic, which rendered valuable service; distributed Christmas baskets and ministered to the needs of a number of destitute families, providing medicine and special food in cases of illness; secured a fund for health and welfare work; conducted a course of study of our government; raised a fund to supply valuable books to the school library and assisted in securing money to supplement the deficiency in public school funds in the spring of 1921, making possible an extension of the school term; have opened a public library and taken initiative in efforts to secure a community house and by special efforts have accumulated a fund for that purpose, and co-operated with the town council and board of trade in measures for the benefit of the town. Is this not a creditable record of achievement for so small a body of women?

At the annual meeting, May 15, 1922, Mrs. Maud W. Park gave in her report to the club a true and appropriate statement, which we quote, of the spirit of the club, the relations of its members and the influence of club work upon the lives of those engaged in it:

"Our club came into being because we got something from a group that no one of us could get alone. We find inspiration which comes from contact of mind and we have learned that together we count and keep up with current thoughts and purposes. There are big tasks awaiting us women, tasks that need wisdom gained from combined study, tasks that need the altruism we get from working together, tasks that need the enthusiasm we get from a combination of efforts."

"Each individual woman working for her club, each club working for the best interests of the community, and all communities joining hands to bring about the best of the state for every citizen. This is the responsibility of the club member and to the member who meets her responsibility comes not only the honor and privilege of having a part in this great work, but also the joy of service, the joy of doing for others, of doing the things that are worth while. While the club movement is the widening of opportunity and the enlarging of our circle of usefulness, it is also the opening of the doors of our souls to the responsibilities of life. It

is the awakening of our better selves to the needs of our fellow men."

This is a work worthy of the best efforts of every woman in Avon Park and the help of every good woman is needed to carry it on.

This article is presented with the hope that each woman who reads it will regard it as a personal appeal to her to join the club and share in the privilege of carrying out its purposes. There is no woman who has not some gift she can use in this service and that using it multiply it every time. Our town is growing

rapidly and avenues of usefulness are opening on every hand, opportunities to render valuable services to our town, our county and our state, and these things can not be done without your co-operation.

## THERE IS MUCH GOOD IN PROPER MASSAGING

There is much more to the service of a complete barber shop than the mere cutting of hair or shaving.  
An instance—massaging—there are a lot of ways to do this, but only one scientific and effective way.  
Much benefit is derived from a proper massage.  
We have studied this as we have all other branches of our service—all our men are skilled at massaging.

## Four-Door Sedan

Fully equipped, \$625, f. o. b. Detroit

Inside and out, the new Ford Four-door Sedan shows improvements of far more than usual importance.

It is lower and sturdier in appearance. New cowl, hood, radiator and apron add size and finish to the front. Sun visor, and wide, well-finished aluminum doors with bar handles perfect the design of the body.

Silk window curtains, deep broad-cloth upholstery, dome light, door lock, window regulators and handles, all finished in nickel, complete a refinement you would expect only at a far higher price.

## OIL IN POLK COUNTY?

[From the Florida Bull]  
Not a living soul on earth can say there is not. There are pickers and sooters and busy bodies who can stick their noses into everybody's business, who never did anything in life except to live on the efforts of hard-working and successful men and work their tongues like a sea-saw in the middle.

"There are other 'wise guys' who are able to do just what the Van Horn interests are doing as public servants in the interest of Polk county, but they are slick players and would rather lay out additions and subdivisions and soak the tourists than to dig down and make sacrifices to try and find out by spending their money just what is possible in Polk county to make it the greatest county in the world.

Any jackass can brag but it takes hard work, sacrifice, unselfishness and nerve to work out the problems that make the world go and give us all luxuries and comfort. Ten miles north of the Lake Arianna corner, on the Groveland-Polk City-Auburndale road, a quarter of a mile from Polk City, night and day, except Sunday, the most expert drillers in the United States are making a real test for oil in Polk county.

There are men who have made fortunes in new oil fields by their industry nerve that believe this test will prove successful—well, if you love Polk county the least you can do is to hope so, because this first legitimate test well in Polk county won't cost you a cent—if it proves to be a gusher, you will be benefited—if it proves a dry hole—well, if you are one of those 'wise guys' you'll say, 'I told you so.'

A few years ago they said the men were crazy who talked phosphate in Polk county. Well, the thousands and thousands moving out into the world today tell their own story and the men who believed it are among the wealthiest men of Polk county and have helped to make it great.

Not many years since, citrus experts ridiculed the thought of citrus groves on the high, dry pine lands; yet today the Lake Ream citrus fruit section of Florida, from Haines City south, is one of the greatest, if not the greatest, citrus fruit sections in the world and in the center of a beautiful park in Florence Vill stands a monument to the man who had the nerve to back his belief.

The Polk City oil field No. 1 may be a dry hole or a gusher, only time will tell, but it is being drilled night and day legitimately for the purpose of getting at the truth and you can drive out there and see a fine a "rig" as anyone could dare, working to solve this problem for Polk county.

When it was "spudded in" there was no elaborate program or publicity, but even without notice to those responsible for it, the drillers started down. The editor of the "Bull" was born and raised in the great oil state of Pennsylvania and believes that oil is here in Florida and he and his associates, with their own money, are responsible for the drilling of this well and have been ably assisted in their efforts to secure the finest rig builders; the best set of tools and best driller in this country by J. M. Critchlow of Titusville, Pa. and Lake Alfred, Fla., simply because of his belief in the prospect here and the integrity of purpose of the writer.

We didn't celebrate when we "spudded in"—we are willing to celebrate when we have accomplished a result. Now a minute—watch the promoters and land agents get busy around South Florida on the strength of this legitimate attempt to dig down and find out in a clean business way whether there is oil in Polk county or not. This well is already down to a depth of 520 feet and the public will be given truthful information in reference to it from week to week until finished and Isaac Van Horn, editor and publisher of this paper, will be responsible to the people for the publication of the truth about its progress and any information given out from this source and no other may be accepted as the true facts in reference to its development.

We again say we believe Polk county is going to be one of the greatest counties in the world; Haines City and Lakeland two fine cosmopolitan cities and Polk City a dream city, in a class of its own.

Oil in Polk county? How easy it

would be to make money if we knew well—who knows? No one. So it becomes a fascinating story as the drill goes down. We are paying the bill because we have the nerve and confidence and hope, because of our love of Polk county more than any other reason, that our hopes may be fulfilled.

Drive out and see the work going on—it will cost you nothing and will be found interesting.

And He Did  
Bad-looking tramp: "Have you ever seen a murder?"  
Native: "Waah, no, and I never want to."

B. L. T.: "Well, hand out your wallet and you won't."

Right Back at Him  
Scientific Young City Man—"Yes, siree! The time will come when you'll be able to carry all the fertilizer necessary for an acre of ground in one vest pocket."

Old Farmer: "Yep—and the crop in the other."

## GORDON MOTOR CRIB

A NEW COMFORT FOR

Both Mother and Baby

Mother may drive her own car, leaving the baby safe and snug in the crib within an arm's reach every minute.

Why leave the baby at home when it would sleep better and mother will be more free from worry if it is with her.

FOR ANY TOURING CAR OR SEDAN

The crib is simple to attach and has no intricate parts or mechanism to get out of order. When not in use it folds up in a neat compact box against the front seat and entirely out of the way. It is not a cumbersome cradle in any sense, but actually looks smart in the car.

Like All Good Things Get It At

## Thanksgiving

Three centuries removed from the founding of this nation, we sometimes lose sight of the earnest motive which moved the Pilgrims to declare a day each year to be set apart for offering up sincere thankfulness to a good and just God for his bountiful mercies.

Through those years that act has been a great leavening force. It removed retrospection from the end of life and brought it to us annually. It has helped make this one of the great nations of the world.

Perhaps it would be best if at the end of every day we would pause to realize our failures to be sincerely grateful for many blessings. Thanksgiving, however, offers us the occasion annually and for this we are all grateful.

We are not unmindful of the good—the kind—and the considerate thoughts and acts of our fellow men here in Avon Park. We are grateful for the part we are permitted to take in the up-building of this community. So we join hands with all this Thanksgiving Day in paying honor to whom honor is due.

## NEW ENTRANCE TO THE CEMETARY AND PIERS FOR FENCE COMPLETED

ASSOCIATION OWES FOR BRICK AND LABOR—TO FINISH FENCE

Entrance piers and piers for the proposed new fence for the cemetery have been completed, though, according to Mrs. Phil J. Leigh of the Avon Park Cemetery Association, neither have been paid for and the association needs funds to finish the job of fencing the cemetery and improving the resting place of the community's dead.

There is a special need for attention right now, for within a few weeks the hundreds of tourists that enter the Highlands will be passing by the spot.

In a statement, appealing for aid, the association outlines some of its hopes and aims.

"One of the necessities of the town is a cemetery, but so few people care to take an interest in that direction, though sooner or later we are carried silently over the hill and laid to rest. If not here, then somewhere else."

"For years our little cemetery has been anything but a restful looking spot, though many of us can count numerous relatives and friends there for some time to have the spot look less painful and much more has been done than most people would think yet there is vast room for improvement."

"We have asked those who have lots of graves to pay to the cemetery association the small sum of \$2.00 per year for general upkeep, but few respond though we are truly thankful to those who do."

"Now that the new state road passes the cemetery, it will be viewed by all tourists as well as town people and it's up to the town to make as

## SEEK FREE DISCUSSION OF FUTURE OF FLORIDA BOARD MEETING DEC. 4

PLANS FOR EXPOSITION AT NEW YORK WILL BE TALKED OVER

Officers of the Florida Development Board are providing ample time at the annual meeting to be held in Orlando on Dec. 4, for a general discussion of future activities of the organization, so that every member may express views which will be helpful in determining the policies for the coming year.

The meeting will convene in the San Juan hotel auditorium at 10 a. m. Following the reports of officers and committees, including a report from the recently created committee to supervise the advertising campaign to be conducted in the New York daily newspapers during the period of the Florida state exposition, there will be a display of the drawings suggested for use in those advertisements.

The Florida state exposition and the advertising campaign in New York papers, is attracting nationwide interest, as is evidenced from inquiries received from distant locations, the Oregon State Chamber of Commerce having requested complete information on how the exposition and advertising campaign was organized.

Mark Fenton of Youngstown, O., known nationally for his work in securing industrial developments, will give a short talk to the value of industries to a city or community.

Directors for the ensuing year will be elected at the meeting.

Many improvements are possible. A grand looking entrance and corner piece of buff and red tapestry brick have been built and posts and rails are ready for a fence.

We owe for the brick and the work

## MERWINS COME FROM NEW YORK TO PARK IN EVEN SEVEN DAYS

REPORT SHORT ROUTE IN GOOD CONDITION AND FEW BAD ROADS

For the benefit of the northern Pilot readers, who contemplate driving to Avon Park this winter, Mr. and Mrs. M. T. Merwin report that they have just driven from New York City in seven days and with few exceptions found the roads very good.

We came via Elizabeth, New Brunswick, Princeton and Trenton, N. J., Philadelphia, Oxford and Baltimore to Washington, D. C., Frederickburg, Bowling Green, Ashland and Richmond, Va. to Raleigh, N. C.; Raleigh, Camden and Columbia, S. C.; to Augusta, Ga.; Augusta, Statesboro and Waycross, Ga., to Jacksonville," says Mr. Merwin, "then via St. Augustine, Daytona, Deland, Sanford, Orlando and here."

"We passed five weeks, the worst one a Ford, bottom-side up in the middle of the road. The driver turned in to pass a car and no one was killed, but a woman badly hurt. (Take a car of your own size if you want to try passing on a single track.) Another Ford didn't find a 30-foot road wide enough and rolled over an abutment. Another tried swimming, which didn't work. The others just stuck their noses into the banks on the outside of ditches. Better drive slower—200 a day is enough for a driver. Would say that the slowest 40 miles we hit was between Haines City and Avon Park, mostly on account of the road being narrow and bad turning out, and the day being Sunday it looked as if every woman and child was out and all learning to drive, and I think we either met or had to pass them all."

When coming through Frostproof be sure and inquire the way, as there is a poorly marked detour which we got by without seeing and got into the same. Would add that the roads were dry and that through North Carolina there are some short detours that are red clay and look as if they would be bad when wet, but we saw nothing impossible. And again, be sure and stop in Augusta at information bureau on right hand side of the street, near tall monument, and inquire best route, as there are several from here to Jacksonville.

"Some will advise the long route, via Macon, which is 100 miles longer, and a good road, but we took the short route and made 245 miles the day we had the so-called poorest road, but did not get in until nearly 7 o'clock that evening."

"On the whole, we found the roads better than we expected."

of building and need money for our fence and gates, so we are asking our good friends and town folks to assist in this most worthy and necessary cause.

"Many have responded quite liberally and many more have promised. We are much in need of at least \$40 and if all who are interested would contribute it would not take long or much from any one person to raise that amount, either by donation or buying a lot."

"Buying a cemetery lot does not indicate that one is going to die, but we all must go some time and it is a great comfort to know that a resting place is ready."

"The lots vary in price according to size and location. F. S. Tucker will willingly go at any price to make a selection."

"We wish to reach you all and any who have not contributed and are interested we will be very glad to hear from you for any amount you feel you can give."

"Make checks payable to Avon Park Cemetery Association and send by mail or hand to Mrs. Philip J. Leigh."

### CLASSIFIED ADS

FOR RENT—Furnished rooms to rent for light housekeeping. Apply to Mrs. Annie Dutton, first building north of depot. N29-4tp

FOR SALE—160 acres truck and citrus land; 18 acres cleared; about 60 acres timbered; 6 1/2 miles west of town. Address M. M. Drawdy, Box 348, Avon Park. N22-4tp

### VENUS

It is extremely dry down this way now and a nice rain would be thankfully received.

Dr. C. A. J. Morrow has been seriously ill but is now improving rapidly. Dr. C. A. J. Morrow is attending.

The graying on the new road is progressing nicely, and Venus people have already learned how rough a detour J. Cline has sold his place of business at New Venus to A. J. Morrow, Mr. Cline will move away, but we have not yet learned where he will go.

The hunting season is open once more but very little shooting is being done—the Venuses are too busy working.

H. G. Cassels is having three acres of pineapples oranges and Dancy gingerina this week.

Forde Bros. are shipping tomatoes this week. They have a nice field of vegetables and their tomatoes are large and smooth.

C. M. Hendry is shipping peppers. He has quite a lot of them and they are extra green and pretty. The school is doing well, with good attendance and good teachers. We are certainly in a class with the best schools of the county.

There are a lot of oranges and grapefruit here this year, but too new and remote for buyers to come to Venus, so they are being shipped in small lots to the northern markets. The hard road will put a lot of them with the world by another orange season we hope. M. C.

HIGH SCHOOL GIRLS ORGANIZE A BASKET BALL SEXTETTE

The Avon Park high school girls have organized a basket ball team and have been practicing at the basket ball court on the athletic field for the last week or two under the leadership of Miss Beatrice Bass, who has been coaching them.

The local team is playing Sebring high at Sebring this evening and is expecting to make a good showing, although the Sebringites have been practicing for several weeks longer than the Park sextette.

When eggs "reach the sky" Ful-O-Pep makes hens lay.

### OWNER OFFERS

## Bearing Grove Close In

Twelve-acre grove, just beginning to bear, one mile from town, fronting on pretty lake and main county asphalt highway.

Has four-room cottage and three acres of muck land, that will feed a family.

Entire fifteen acres and house.

## LET US BE THANKFUL

THANKFUL? Yes! Let us be thankful that we're not living in the days when the only toilet was in the backyard; when the only bathtub was the wash-tub; when the only lavatory was a tin basin; when the only hot water heater was the teakettle.

Isn't that a plenty to be thankful for? If it isn't, then be thankful for the radiator heat that heats the whole house, instead of the fireplace or the stove that heated only a spot or two.

Yet those bathless, heatless days have been called "the good old days." More old than good, don't you think?

Why, through modern plumbing and heating, the poorest man today can live better and healthier and longer than could a king a hundred years ago.

These are the days—the good new days. So, then, let us be thankful.

M. H. GRIBBLE

## FUL-O-PEP DRY MASH

DO you know that the one great mistake most poultry raisers make is in feeding scratch feeds to make hens lay? This more than any other one thing is the reason their hens don't lay.

Scratch feeds won't make hens lay—just so long as you make Scratch Feed the bulk of your hen's ration you will fail to get eggs. The feed that

abundantly is Ful-O-Pep Dry Mash—manufactured by The Quaker Oats Co. It is a soft, finely ground, correctly balanced, a combination of green foods, animal foods and mineral ingredients as near like the hen picks up herself in the spring as it is possible for the world's greatest feed experts to produce.

Come to our store and let us tell you more about this feed—the feed that The Quaker Oats Co. guarantee will make your hens lay more eggs.
