FLORIDA FEDERATION OF MUSIC CLUBS TO HOLD CONVENTION IN JACKSONVILLE

The Florida Federation of Music Clubs will hold a convention at Jacksonville, March 12 to 15, and delegates from clubs all over the state will be in attendance.

An interesting program has been arranged which includes besides the business session, several luncheons, a tea, automobile rides over the city and several musical programs.

Saturday, March 15, has been designated as junior day, at which time delegates from the junior music clubs of the state will compete in contests for piano, violin and voice. Their program also includes a luncheon, auto rides about the city and a musical program.

MRS. SEHRING HOSTESS AT A DINNER PARTY

Mrs. Charles Sebring of Sebring was hostess at a lovely dinner party given at Lake Byrd Lodge Tuesday evening. The guest list included Mrs. Frank Sebring, Miss Nina Sebring, Mrs. Paul Pickering, Mrs. Willis Ramsey, Mrs. E. V. Ravendale, Mrs. Robert Guyer, Mrs. Tendale Feely and Mrs. H. O. Rowland.

MUSIC DEPARTMENT MEETING POSTPONED

The meeting of the music department of the Woman's Club, which was to have been held Friday afternoon, has been postponed this month.

PERSONALS

Mr. and Mrs. J. D. Raab had as their dinner guests Sunday at Lake Byrd Lodge, Rev. and Mrs. Charles Weigle and Jeff Weigle.

Friends of Chas. M. Barrett will be sorry to learn that he is ill at his home, East View cottage, on Verona Circle.

Mr. and Mrs. C. S. Passavant and Miss Passavant left Friday morning for a visit to points of interest on the East Coast.

Mr. and Mrs. C. R. Head, Mrs. Savelly and Dick Head were dinner guests Sunday at Lake Byrd Lodge. Mr. and Mrs. P. M. Ford and daughter Ruth of Boston, Mass., arrived in Avon Park last week. They made the trip in their new house car. They are much impressed with Florida and especially Avon Park, and are considering making this their future home. Mr. Ford is an uncle of Mrs. L. E. Rowland.

Mr. and Mrs. A. V. Anderson had as their guests for Sunday dinner at Lake Byrd Lodge, Mr. and Mrs. Sam Houston of Pittsburgh, Pa.

CITY FARMERS' ATTENTION
An Old Fashioned Farm Auction Sale and Dinner Social will be given by the Rebekahs at the Odd Fellows hall, Tuesday, March 25, upstairs over the Old National Bank Building.

Overalls and singhams will be the style of the evening. Might as well be ahead as out of style.

SQUIRE SPARROW, Auctioneer, M13-20

DR. WALLER COMING

Dr. J. B. Waller will arrive here Friday from Jacksonville to make this his future home. He will open his dental office in the new First Trust building the first of the week where he will be ready to serve the public. He is bringing new modern equipment.

THE TAMPA BUSINESS COLLEGE, Tampa, Fla., will start five months' courses in famous Gregg shorthand and touch typewriting, bookkeeping and accounting, telegraphy and R. R. agency, March 3 and 10. Finest training by expert teachers. Positions secured. Will you come?

LUNCHEON HONORING REV. AND MRS. WEIGLE

Mr. and Mrs. John D. Raab, entertained with a lovely luncheon Tuesday afternoon at the home of Mrs. Raab, 1000 avenue, honoring Rev. and Mrs. Charles Weigle. The guests on this occasion were ministers from Avon Park and Sebring and several local citizens who were in the Ladies-Wall revival meeting.

A color scheme of pink and green was effectively carried out in the decorations, which were roses, hibiscus and fern. A crystal basket of these lovely flowers formed the centerpiece. Places were laid for twenty-four.

Mrs. Carlos Skinner and Mrs. Arthur Middleton assisted Mrs. Raab in serving and looking after the plans of her guests.

Those enjoying the gracious hospitality of Mr. and Mrs. Raab were Rev. and Mrs. Chas. Weigle, Rev. and Mrs. Cary Morgan, Rev. and Mrs. Frederick Coan, Rev. and Mrs. George Wilding, Rev. and Mrs. E. L. Thompson, Rev. and Mrs. H. Brown, Rev. and Mrs. F. O. Baldwin, Rev. and Mrs. W. G. Allaben, Mr. and Mrs. W. J. Callender, Jeff and Mrs. Callender, Mrs. Thomas Cooper and Mr. Barnett.

BIG ADVERTISERS ABANDON THEIR ROAD SIGNS ON PLEA

Mrs. Joseph Remington Elliott of Ormond Beach and Mrs. Jack, wife of Haines City, with a large group of other women in the state, have been asking some of the firms advertising on bill boards to consider the sentiment in Florida against marring of landscapes by intrusion of unsightly signs.

Included among the large firms which have expressed a willingness to discontinue bill board advertising, or at least to confine such advertising to commercial locations in cities are: Hood Tire Company, Washburn-Crosby Company, Fleischmann Company, Beech-Nut Packing Company, Sun Oil Company and the Texas Company.

WEATHER DOES NO HARM WHILE FEBRUARY MEAN WAS 62—3.48 INCHES RAIN

Weather in the heart of the Ridge has done no harm to vegetation the last few days, the lowest being 39 Wednesday morning, which wasn't sustained long enough to hurt. Rains have slowed up progress in the fast-woods section to some extent, but no severe losses have been sustained.

The weather summary for February, completed yesterday by Observer William King, shows a minimum of 38 for the month, a maximum of 91 and a mean temperature of 62. The average of each day's low temperature was 54, and the high was 74.

The rainfall through the month was 3.48 inches, which is most beneficial, by the first twelve days this month.

LEHMAN CHIEF ORGANIZATION SERVICE DEPARTMENT BOARD

Karl Lehmann, Orlando, was elected manager of the organization service department of the Florida Development Board to succeed J. E. Coad, resigned to accept secretaryship of the St. Petersburg Chamber of Commerce. Mr. Lehmann has been secretary of the Orange County Chamber of Commerce for nearly two years, and previous to entering upon county-wide work was secretary of the Montverde Chamber of Commerce where he established the record of 360 paid memberships out of a total population of 400. He accepted on condition that he will carry out certain work under way for the Orange County Chamber of Commerce before giving full time to the Florida Development Board.

Dr. J. H. Ross Will Retire As President of Citrus Exchange

It can be said on authority that Dr. J. H. Ross, president of the Florida Citrus Exchange, will not be a candidate for re-election to the office at the annual meeting in June. Dr. Ross accepted the office last year only with the greatest reluctance and twice since then, the

last time at the February meeting of the board, reminded the directors that he would not serve longer than this year. He will be 80 years old before the annual meeting and feels that in justice to himself he should not hold the office longer.

F. W. S. RIGHT-OF-WAY THROUGH OKEECHOBEE IS STILL HANGING FIRE

Although the situation is still fraught with difficulties, it was announced Friday by one close to the inner council at work on the right-of-way through Okeechobee, for the Florida and Northern railway, that favorable progress has been made and within the next few days a definite announcement will be made as to the route finally chosen.

Most of the new road's right-of-way has been secured, and the few who so far held back will soon be forced to give way by the regular condemnation proceedings.

CHAIRMAN RE-ELECTED HEAD OF FLORIDA CATTLEMEN BODY

The fifth annual meeting of the Florida Cattlemen's Association was held in Wauchula Tuesday and Wednesday at which representatives from each of the sections over the state met to discuss the furtherance of the cattle industry in the state of Florida.

The meeting was presided over by Henry Smith of Wauchula, chairman. After the opening Tuesday morning, Col. Doyle E. Carlton of Tampa addressed the meeting on "The Needs of the Cattleman Under the New and Present Law." Mr. Carlton's speech drew much favorable comment as being among the best that had been heard in the association meetings. He stressed the need of better co-operation, more harmony and the necessity of cultivating better feeling between the stock men and other people of the state.

The afternoon session Tuesday was taken up in discussing the conditions and problems of the cattle industry, including the moving of cattle from the counties in which has been declared no fence.

McQueen Chaires of Oldtown was re-elected president; Henry W. Smith of Wauchula, first vice-president, and Judd Pelt of Bartow, second vice-president. Sam Sumnerlin was continued as temporary secretary until the meeting of the executive committee when a permanent officer will be chosen.

Wednesday morning H. W. Smith of Wauchula addressed the meeting with timely and interesting remarks on some of the difficulties in securing proper legislation at Tallahassee and the work of the committee on legislation. After Mr. Smith's address the meeting passed a resolution expressing their appreciation of the efforts of the committee at Tallahassee and their satisfaction with the present tick eradication law.

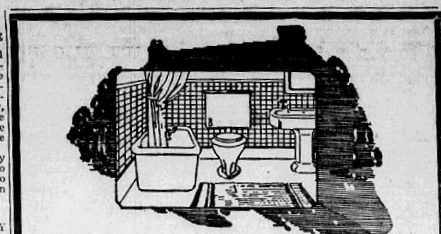

At noon Wednesday the delegation enjoyed a barbecue tendered by the citizens of Wauchula, after which the meeting adjourned.

The next meeting of the association will be held in St. Augustine in March, 1925. The executive committee will hold its first meeting in June at Kissimmee.

All in Favor Say—

Second Man: "Opposed to what?"
First Man: "Women doing men's work."

It can be said on the best authority that Dr. Ross favors the idea of a citrus sign-day for Thursday, April 17, and urged the Lake Wales Board of Trade, originators of the Lake Wales plan for bringing a majority of the fruit of the state under co-operative control.

SOCIETY

WOMAN'S CLUB MEETING

At the business meeting of the Woman's Club last Friday a number of items of special interest to the club were introduced for discussion. New members added were: Messrs. W. H. Ford, E. W. Searin, W. W. Wolf, W. W. Jones, Margaret Woodruff Mandis and Miss Elin

beth Ewing. These ladies were heartily welcomed as are all the new members who are added each meeting.

Under new business the generous offer of Albert Ellison to give a day's proceeds of his barber establishment to the club for the benefit of the community house fund was announced. Mr. Ellison left choice of a day to the ladies, any day but Saturday, and said he hoped they would work up business enough for the day to get the return. The ladies expressed appreciation of the interest in their efforts on the part of Mr. Ellison, and

selected Wednesday, March 10, as the day, and hope the women of the town will influence their fathers, husbands, brothers and friends to be shaved and have hair cuts that day, also to have the children's hair bobbed at that time.

Informal discussion of National Jordan Week, April 20 to 26, and the election of the World in 1930, brought out the fact that we can not act at this time. The time fell in the planting time in this section of the United States. The proposal was made by the president that a "city beautiful" contest be worked up for fall, trying to interest children and adults alike in improving their home places and thus the entire vicinity.

Military training offered to youth by the government was mentioned, and beautifying of the highways after the new roads are finished, brought out quite a discussion.

A notice of tax day for Royal Palm Park for Feb. 22 came too late for action last month. The club makes donation to this park, sustained by the women's clubs of the state.

Consideration of the proposed location of the future community house disclosed the fact that a building is under consideration for the present site of the Park Garage, and that the erection of a garage on the opposite corner will probably require the sacrificing of the jacaranda tree, "the most beautiful thing in this whole country if not in the entire state." The ladies went on record as protesting against the destruction of this wonderful tree. Just now when the town is planning to improve and add to the natural beauty of the place in every way, no tree should be destroyed if it can be saved in any way. Our sister city south of us has a case of "regretting ever after," because when the town was laid out, they removed all the pine trees from the circle, and the trees and shrubbery planted at that time do not afford shade, so essential to the beauty and comfort in an sunny country.

The club also hopes that the council may devise some means of continuing the open park that has added so materially to the improvement of the business section, and given charm and character to the entire town.

"and
Down
Again
Tomorrow
!"

He can't quit work—can't rest—he must keep going—regardless of his physical condition or the weather—down to work and home again—down again tomorrow. Pretty hard on a man of his age—sixty or thereabouts. The outlook is gloomy—and he knows now that it was his own fault.

A few dollars each month put into a savings account during the years when his earning powers were greatest would have made conditions entirely different from those in which he finds himself today.

Youth—young men—young women and you middle-aged married men and women, look well upon this illustration and make the resolve to join the thousands of thrifty folks who regularly save part of what they make.

It is a guarantee of peace and plenty in old age

eral days here this week while demonstrating Wilson coffee at the B. H. James store.

Miss Sadie Holton spent Sunday and Monday with her mother, Mrs. E. Barnhill. She returned to Orlando Monday night.

Mr. and Mrs. C. S. Donaldson entertained Mr. and Mrs. E. S. Hixon of West Newton, Pa., at dinner Sunday at the Lake Byrd Lodge.

W. P. Kennedy was a business visitor here Tuesday from Quincy, looking after the building of the new Avon Park-Frostproof road.

J. T. Hancock, Polk county commissioner from Fort Meade, and his brother, Shade Hancock, were business visitors here Monday.

Mrs. C. A. Straubel arrived here Friday evening to join Mr. Straubel and Miss Nan Straubel for a stay at the cozy Straubel home on Lake Lota.

Mr. and Mrs. I. C. M. Ellenberger and their house guests motored to St. Petersburg Friday and spent the week-end, returning home Sunday afternoon.

Week-end visitors included Mr. and Mrs. A. N. Kline, from Haines City. They own the five and ten-cent store there and were guests of the B. M. Davies here.

Mr. and Mrs. Maury Crenshaw and Miss Sadie Holton were visitors in Avon Park Sunday. Mr. and Mrs. Crenshaw attended a wedding near Wauchope Monday.

W. W. Williams, C. M. Hendry, from Vauze, and Bob Hancock, from Sebring, were among the visitors here Sunday to hear Rev. C. F. Weigle at the tent.

Miss Reba Ginn, Miss Virginia Batehatch, Harry Leard and Dick Head motored to Sebring Sunday evening and had dinner at the Tolu-T Room on Lake Jackson.

Mr. and Mrs. C. D. Brownell of St.

Petersburg were visitors to Avon Park Tuesday, and were with the Ridge. They left in the Lake Wood and other points on the Ridge.

Mr. and Mrs. H. C. Baasman of Schneidat, N. Y., stopped here en route from St. Petersburg to Palm Beach, and will spend a few days in the metropolis of the Ridge.

Henry Timm leaves Saturday for Brooklyn for several months, but promises to return earlier than ever next fall and intimates she may make her home here on her next trip.

Miss Sallie Lee Nicholson, Miss Vera Lamb, Bob Johnson and Mr. Reginald of Arcadia were Sunday guests of Miss Sadie Myers and Mrs. L. S. Moody at their home on Lake Avenue.

Com. and Mrs. Thomas De T. Harris were hosts at a lovely dinner party Saturday evening at Knollworth Lodge. Their guests were Mr. and Mrs. William Reck and Mrs. J. W. Treman.

The cottage colony here this winter includes Mr. and Mrs. A. J. Bryan, prominent Portland (Maine) people, who are comfortably located until late spring. They are delighted here and will return again next winter.

Dr. Frederick Coan, a returned missionary from Persia, was a visitor at the school annex Wednesday afternoon, when he addressed the members of the fourth, fifth and sixth grades in Miss Sadie Myers' classroom. He gave an interesting talk on Persian life and manners.

Alexander T. Maclean, secretary of the Massachusetts Mutual Life Insurance Company, has arrived here to join Mrs. Maclean who is wintering at the J. H. Smith place, Roads-end. He was accompanied by Wheeler H. Hall, treasurer of the company, and both of these officials are highly pleased with the prospects of the Ridge metropolis.

Mrs. W. A. Fischer of Tampa is the guest of Mrs. Gilbert Stebbins at her hospitable home here. Mrs. Fischer is a former Avon Park resident and came over to attend the Weigle-Wall meeting here. Mrs. Fischer had charge of the Methodist pastorate here several years ago and is now pastor of the Highland Avenue Methodist church in Tampa.

Among the grove owners joining the Avon Park winter colony this week are Mr. and Mrs. William Jenkins. He is a prominent manufacturer of steel and brass dies from Pittsburgh and owns a grove in the Pittsburgh-Florida tract and is spending his vacation at the Lake Byrd Lodge while looking over the situation in this section.

Among those touring this way last week who were guests at the Hotel Avon, we note Mr. and Mrs. F. D. Webster and guest, Miss Lettie Cooke of Utica, N. Y., and Deland, Fla.; Mr. and Mrs. E. M. Hoyt, Jacksonville, and their friends, Mr. and Mrs. Lyons, Illinois; Mr. and Mrs. Wallace T. Oviatt, Irvington, N. J., old friends of Mrs. Wilcox.

Mr. and Mrs. S. M. Allen and Mr. and Mrs. Howard Kennedy, Hackensack, N. J., and W. R. Rutter, prominent South Orange banker, are among the week's welcome arrivals at Lake Byrd Lodge, where they are located for their annual pilgrimage to the Ridge metropolis.

Mr. Allen, a prominent New York banker and broker, is a stockholder in the Pittsburgh-Florida company and an Avon Canning Company and enthusiastic over the possibilities in this section. The three men folk are spending most of their spare time on the links.

BANKS' STATEMENTS
SHOW STATE GROWTH

One of Florida's most conclusive stories of progress is told in the periodic bank statements submitted to the state comptroller by the banks organized under the banking laws of Florida. Resources of the institutions as shown by a combined tabulation of the condition on Dec. 31, 1922, totaled \$1,692,146.98. On Dec. 31, 1923, they had jumped to \$1,555,009,985.55, according to figures compiled by J. C. Stalock, chief clerk in the bank department of the comptroller's office. An increase of \$147,406,838.57 in 22 years.

From 1902 to 1912 resources of state banks and trust companies jumped to \$37,101,431.61, and then began a sport which carried these figures up to \$127,261,600.05 during the next ten years. And for the last two years the gain figures have been as great as during the virtually entire ten-year period, 1902-1912.

Growth has been shown in all departments. Cash on hand Dec. 31, 1922, totaled \$994,489.16; on Dec. 31, 1923, it amounted to \$5,518,719.35; in 1912 it was \$1,507,148.78.

Loans and discounts Dec. 31, 1922, amounted to \$4,044,914.72; for Dec. 31, last year, \$25,671,559.95.

The banking authorities had not yet begun to show savings deposit totals nor certificates of deposit figures in 1902. Neither are these figures shown for 1912 and comparisons can not be made of these liabilities. Individual deposits, which totaled \$2,785,420.52 in 1922, reached \$7,782,598.45 by the first of the present year.

Florida Property Is Increasing in Value Every Day

Particularly is this true of property on the Scenic Highlands and in and adjacent to Avon Park. Our city is growing rapidly, new buildings being started nearly every day. Of course this adds to the value of all property, whether in the city or adjacent thereto.

"HILLCREST"

is close to the city limits of Avon Park. Its groves are increasing in value every day. The trees are growing nicely and show a healthy appearance, making an investment with the Scenic Highlands Development Company an attractive one. In fact, one has but to see the young groves, note the painstaking care being given the trees, consider the location and then ascertain what grove properties are selling for all around us, to become convinced that "HILLCREST" is a gilt-edge proposition.

Helpful Hints
A. A. A. A. A.

To Remove Shine—A tablespoonful of vinegar to a quart of water will make a very white and will keep the grains separated when boiled.

Scratches—Scratches on furniture can be hidden very successfully by rubbing with a cloth dipped in a mixture of vinegar and paraffin.

Oilcloth—To make your oilcloth last longer rub occasionally with a mixture of beeswax and turpentine.

Rice—A teaspoonful of lemon juice to a quart of water will make a very white and will keep the grains separated when boiled.

Baked Beans—If baked beans are seasoned with olive oil instead of pork or butter they will have a fine flavor and will be more easily digested. A little olive oil may also take the place of butter with mashed potatoes and make a palatable and nutritious addition to the menu.

Lines—To give your linen a gloss and prevent the irons from sticking make your starch with soapy water.

Handkerchiefs—To make your handkerchiefs look like new after they are ironed, try dipping them in starch and putting them through your rinsing water again. This will make them a tiny bit stiff like when new.

Chopped Hams—Lamb or mutton fat which has had no salt in it is excellent for chopped hams.

Ice—Do not think that you are extravagant when you fill your refrigerator with ice. It is economy to keep the ice chest full, for when the ice gets low and the refrigerator warm it takes twice as much ice to get it cool again.

Cheese—The drier the cheese the better it is for use in cooking.

Stockings—Hose will wear better if the darn is on the cross and not up and down.

Silver—Before putting your spare silver away clean it thoroughly; wrap it up in dark blue paper, with a few camphor balls in the parcel, and when the silver is unwrapped, even months afterward, it will be found to be as bright as when put away.

To Clean Plated Ware—Wash well in strong warm soapsuds and wipe dry with a soft cloth. Then mix a much ammonia and whiting as will be required into a thick paste with cold water. Spread this over the silver with a soft cloth and leave it for a short time to dry. When it has dried rub it off with a clean, soft duster and polish with a chamouis cloth.

Paul Jordan, who has been taking a course in watch-making at Bradley Institute, Peoria, Ill., arrived home yesterday and will remain here with his parents, Mr. and Mrs. F. S. Jordan, until summer, when he will return to Peoria to finish his course and take up engraving. Young Mr. Jordan had the misfortune to have the end of his finger nearly mashed off several days ago.

Mrs. Henry Trum left for her home in Brooklyn, N. Y., last Sunday evening, called there by the illness of her brother-in-law, who made his home with her and her husband during the more than forty years of their married life. The large number of friends at the depot to wish her bon voyage, attest the great regard in which she is held by her friends in Avon Park.

TOBACCO EXTRACTS KILL
THRIPS ON CITRUS BLOOM

From present indications there will be a smaller infestation of thrips on citrus than usual this spring, because of cold wet weather.

Still there are enough thrips right now for "seed," and if the next few weeks are favorable for their multiplication, there will be more than the citrus grower wants, in the opinion of J. E. Watson, entomologist of the Florida Experiment Station.

As a spray for this purpose Professor Watson has recommended: Commercial lime-sulphur solution

(32 degrees Baume), 3 quarts.
Nicotine sulphate, 1/2 pint.
Water, 50 gallons.

In applying, drive the spray straight into the blossoms with considerable force. It should be applied just as the trees are at the height of bloom.

Some growers are spraying at this season for scab on grapefruit. If they will add tobacco extract to the sulphur for scab, they will kill the thrips also, and thus do two things at once.

Thrips are small yellowish-brown insects about a twenty-fifth of an inch in length. They feed on the petals and other tender parts of the

flowers, and on the developing fruit, causing smooth, irregular shaped, sunken spots on the skin. These spots mar the appearance of the fruit and lower its grade.

An experiment to determine the value of spraying for thrips was conducted by Professor Watson, last year. On unsprayed trees 14 per cent of the fruit was badly enough marked by the thrips that its grade was lowered; on every 100 boxes the owner lost from \$5 to \$11. On the sprayed trees only 4 per cent of the fruit was marked; the owner lost on every 100 boxes only from \$2 to \$4. This improvement was the result of a single spraying.

BEGIN WORK ON SHOULDERS OF
FROSTPROOF-HAINES CITY ROAD

Operations were begun by the state road department last week which will put clay shoulders on the highway from Frostproof to Haines City. Under the supervision of C. W. Crenshaw, state resident engineer at Avon Park, who is also in charge of the building of the asphalt highway between Frostproof and Avon Park, and under the direct charge of W. H. Mison, the actual work of laying the shoulders on this road was started early last week with a crew of workmen clearing away obstructions on the right-of-way and doing the preliminary work, and with a few days the necessary machinery for excavating, placing and rolling the clay together with a squad of trucks will be moved here to carry on the work.

Mr. Mison will have his headquarters in Frostproof and the work will be carried on from there until the shoulders near Babson Park have been placed, when he will probably move there. He stated that he was instructed to put three-foot shoulders on the road and that the job will be completed all the way to Haines City as soon as possible.

In speaking of the connection of this road with the new highway from Frostproof to Avon Park, Engineer Crenshaw stated that only a mile remained to have the rock base put on, after which the public will be allowed to travel the road and that the road would be in fine shape except for the short detour where the asphalt crew was working.

Asphalt has been placed seven miles north of Avon Park and as soon as the rock base has been put down in the mile and a half gap the asphalt will be continued to Frostproof. He estimated that by April 15 the rock base will be put down all the way and the public allowed to use the base and that by May 4 the asphalt will be completed.

Your children's
food

The foods your children eat today, determine their strength and health in later years.

Remember this; they must have well balanced meals. Their food should contain the right amount of mineral salts. These salts act as bone building material.

Bakings that are made of good plain white flour and baking powder contain the necessary amount of mineral salts. Allow your children to eat heartily of these bakings together with fruits and dairy products. This forms an ideal food balance.

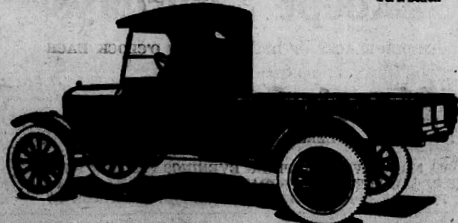

When making quick rising breads and pastries such as: biscuits, muffins, cakes, waffles, etc., don't fail to use Calumet—the economy Baking Powder. It contains more than the ordinary leavening strength—it's the purest and surest leavener made. That's why it helps make your flour foods light and easily digested.

Millions of mothers use Calumet daily because they are interested in their children's welfare—their present and future health.

There is no sign of business depression around Avon Park.
Yes, most everybody is going to Venus for the campaign inauguration. Speaking of fair tales, we heard of a murderer who admitted he was sane.

Our citrus conventions had fair to our political conventions. Just conventions.
Everybody ought to be present to the county chamber of commerce meeting March 27.

A winter visitor read the Chevrolet ad in the Pilot and hid himself downtown and bought one.

With the school bond money in the bank and the city paying bond dico, things are beginning to hum.

Beginning work on the Scenic Highway north of Frostproof now insures completion, we hope, by fall.

With big league baseball all around us we wonder why we don't get out and line up some of it for ourselves next spring.

Talk about making the world safe for democracy. It's time the state of Florida paid a little attention to making it safe for a human being.

Rockefeller and Doheny have followed the same path to fame. John D. gave away dimes and the Californian gave away \$100,000 checks.

If you want to murder someone and "get away" with it, just act foolish for a few minutes and then use the most horrible method you can think of to accomplish your purpose.

From what we can learn there's going to be one unanimous election in the June primaries—Ed Lambright for delegate to the Democratic national convention from the first district.

MAKE IT A-RE FOR HUMANS

Some twenty years ago Harry K. T. was an insane man. He had a idea of temporary insanity and for two decades about all that has been necessary to kill a man or a woman and go away with it, is for the slayer to act funny for a few days before and after, of course, using the most diabolical method of death possible to enhance the insanity idea.

Within a scant thirty days a St. Petersburg man slays both father and mother, after having a road on away with two sisters. And now a lady after having a road on away with her husband and she slays it onto insanity, created by religious fervor. It's blame funny that none of these men were crazy when they did the act.

A lurid story of the daughter stamping the father to death. The man must have been crazy, too, or he'd never had let a sixteen-year-old girl stamp him to death. The story itself stamp never be released from the insane asylum.

It's hard to convince a jury that a fellow isn't crazy—and we imagine that a woman isn't crazy. So as long as being crazy is an excuse for killing anybody you please we are in demand (?) for rooms at Chattahoochee.

We don't know how we put a stop to this. It is time that our lawmakers took some precautions to move Florida safe for a human being.

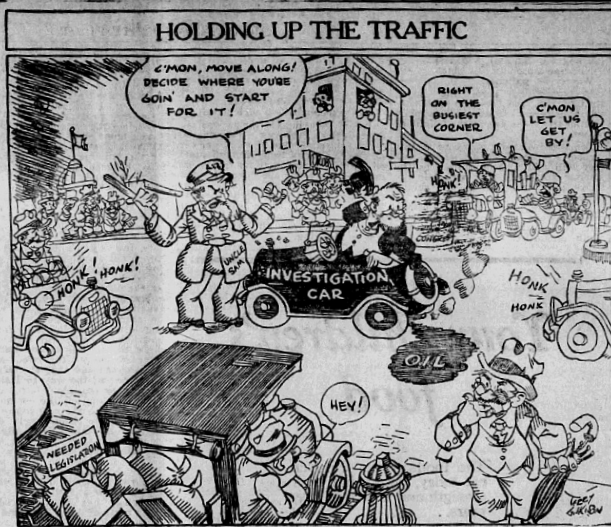

It appears to us that if the law can stipulate that any killing committed by a burglar is first degree murder, it can stipulate (if our lawmakers want it to) that in case of an insanity plea being sustained, the judge should instruct the jury to find the defendant guilty of insanity murder.

The law could further stipulate that such a verdict automatically carried with it a life sentence in an asylum for criminal insane. (Just the same as a first degree verdict makes it mandatory that capital punishment follow.) That law could also provide against any release—at any time under any circumstances.

If the insanity plea meant a lifetime in an insane asylum with all of its horrors to a sane man, instead of freedom after a few years, there would be less people "going crazy" and fewer murders.

The really insane man wouldn't mind it. But the fellow who faked up his plea would be getting just what he deserved.

Gatts folks are charging that John Martin is a whiskey man. Gatts may know. He appointed one of Florida's most prominent whiskey men as chairman of the state board of control. Yes, this whiskey man was the chairman of the board that controls our state college for women.

IS IT TOO LATE?

Highlands county has just about tossed away several thousand dollars worth of road money if we are to believe the report of the assistant state highway engineer.

Mr. Cannon's remarks—and they are quoted verbatim on the front page of the Pilot—are very pointed in many respects. He doesn't believe the road base will hold up and says it doesn't matter how fine the surface is, if the base will not hold up, it's all wasted.

And incidentally a few days rain is playing havoc with portions of the highway between the tank and Sebring, lending the color of fact to Mr. Cannon's deductions. Deductions, however, that are based on many years of experience in road building. And deductions that have foundation enough in his position alone to require the most intimate investigation on the part of the bond trustees and the county commissioners—and what is more, the public.

We don't know who is to blame. Even Mr. Cannon refuses to be led into a discussion of that factor in print.

Either Mr. Cannon is an ass, or our engineers are, or Mr. Bryan thinks the public is. Whether the public is or isn't, doesn't matter unless we get busy right now. If our contractor

thinks his employer hasn't got good sense, it is going to be a bad day for the employee—that's all of us.

If it is going to take another grand jury investigation to fix the responsibility and eliminate the trouble, it is time we were putting that grand jury on the job, and let it put Mr. Cannon on the stand and find out what the situation is. If he is doubted, then let's get some more unbiased jurors.

We hope, though, that the commissioners and the bond trustees will act. They shouldn't delay a minute. It may yet be time to save \$50,000 to \$200,000.

Tampa's population of 124,000 is fine. But that's only half of Tampa. Those directory folks didn't include Southwest Florida.

Let's get behind Frank Burch's plan and bring all these northern highway routes to a common center at Haines City for the Scenic Highway trip across the state.

Tampa theater patrons are now enjoying a number of fine "first run" pictures. We know they are fine because Highlands county folks have already enjoyed them. For instance, "The Stranger," "The Heart Bandit," "The Name is Woman," "Singer Jim McGee," and "The White Sister."

WHAT IS A FARM DAY?

"The farmer must be able to earn a living by working reasonable hours, like any other business man or wage earner," essays a city editor in a recent enlightening editorial.

Enlightening, because it serves to show how damn much ignorance still persists in urban sanctums as to all things rural.

The farmer will not soon, probably never, enjoy an eight, ten or twelve-hour day every day of his year.

On the average farm, worked by one family, and that farm will feed this country for the most part, the sixteen and eighteen and twenty-hour day for somebody on the farm will be the rule at certain seasons.

Until a federal injunction will restrain the storm clouds from giving the new moon a bath, and until weeds cut growing when the clock strikes 5 p. m., and until husky heads of the herd quit breaking pasture fences, and until horses quit going lame in the midst of plowing, and until blight, and drought, and mildew, and aphid, weevil, and grub, and bug, and worm, and mould, and rot declare for a six-hour day, the farmer will fight for the life of his crops.

Still they are plating citrus. Yes, we don't think the country's going broke.

HIGHLANDS COMMENT

Boosting Citrus—

Times Union: The Highlands County Pilot calls attention to the fact that for at least half a dozen years past the Hotel Avon, at Avon Park, has served grapefruit to guests without extra cost. Sebring and Lake Wales hotels also offer their guests citrus fruits without extra charge. The Pilot, however, fails to indicate whether or not the hotel at Avon Park is operated on the American or European plan. Naturally, any American plan hotel or boarding house would serve citrus fruits in season, and there would be no mention of the fact on the bill. In Jacksonville the hotels are nearly all on the European plan, and any place that serves from a menu card must have some charge for fruits, or include it in a certain priced order. In the course of time grapefruit for breakfast will be as essential as bread and coffee.

Good Reasons for Interest—

Florida Grower: Eight individual grove sales in a week, aggregating 45 acres, is the record for real estate turnover in suburban properties during the past seven days, says the Highlands Pilot, published at Avon Park. In addition, a half dozen grove purchases are pending, and there is no weakening in the demand for other desirable grove sites or good grove lands. The Pilot gives statistics regarding sales recently made, and it is interesting to find that young groves are yet bringing on an average of a thousand dollars an acre. Florida is getting more grove owners every day.

BOX BASIS REPRESENTATION IS ADOPTED BY CITRUS EXCHANGE

Adoption of a change in the by-laws of the organization by which there is provided, through a board of representatives, the same form of box basis representation that is in effect in the California Fruit Growers Exchange, featured the regular monthly meeting of the board of directors of the Florida Citrus Exchange at the Florida Citrus Exchange building in Tampa Wednesday afternoon. The proposal in this connection, favorably acted upon by the board, came before it in the form of a report of the committee on organization, of which Director D. C. Gillett, of Hillsborough county, is chairman. The change in the by-laws carries into effect the decision of the directors made at a previous meeting.

A further by-law change, also recommended by the organization committee and unanimously adopted by the board, makes provision whereby existing sub-exchanges with a large volume of fruit may be subdivided giving one sub-exchange organization for each 500,000 boxes handled. Under the new by-law on this subject, no new sub-exchange will be recognized until it has a volume of more than 500,000 boxes, but it is specifically stated that the representation of no sub-exchange now in operation shall be changed or limited by reason of the fact that it may not have that volume of fruit.

Lake Wales Plan Presented

The "Lake Wales Plan" presented for a Florida Citrus Exchange sign-up day campaign throughout the grapefruit and orange producing area of the state, April 17, under the auspices of boards of trade, chambers of commerce, and other business interests, was presented but no action taken.

Scott Is Optimistic

In his monthly report of trade conditions, General Sales Manager Scott indicated that the situation in respect to both grapefruit and oranges of the better grades is more encouraging than at any time within several months.

In the interest of greater efficiency, Mr. Scott recommended the adoption of the California plan of having sub-exchange managers function as a distribution committee, with weekly meetings, and the board of directors authorized him to proceed immediately with steps to this end.

Get Rid of the Signs on Highway, Advises Babson

WAS A TIME WHEN SUCH ADVERTISING HAD A CERTAIN APPEAL, BUT THE AUTOMOBILE HAS DONE AWAY WITH ITS VALUE, ASSERTS STATISTICIAN

"The next big thing Tampa should do is to get rid of, eliminate, abolish the multitude of advertising signs that mar and disgrace every one and palm tree at every approach to the city," declared Roger W. Babson, the famous statistician and publicist, who was the principal speaker and the distinguished guest of Kappa at the annual meeting and banquet of the Tampa Board of Trade Tuesday night. Not only Tam a bit a "There was a time," Mr. Babson said, "when the farmer, driving a cowy old horse attached to a rattling buggy had time to read the advertising signs, and as he wasn't much of a newspaper reader, the signs conveyed a message to him. They were worth while at that time because they pulled business for the stores that used them. Nowadays, however, these signs create antipathy in the

minds of people who see, but do not read them. Instead of pulling, they repel. They are not a good business proposition any longer, putting it on a commercial basis. They disgrace the roads, they injure the trees, they interfere with the view of motorists, who have to watch the road pretty close, and who have no time to read the signs, but resent their presence because they obstruct what otherwise might be a beautiful tropical vista. "Every approach to Tampa is marred by these signs. Why, coming into the city I saw at one place where some handsome palms, planted beside a culvert, had been disgraced by these nasty little patent medicine and other signs, nailed to the trees as high as the sign poster could reach. "In every other respect Tampa is 100 percent but in this one respect the city and its approaches are away below zero. Get rid of the signs."

OUTSIDE CONTRIBUTIONS FOR TRADE BOARD DEFICIT ARE COMING IN AT LIVELY CLIP

Contributions towards relieving the board of trade's deficit for last year are coming in at a lively clip, according to Mack Lane, who is handling the drive for funds.

Practically \$100 has already been received and more checks are coming in every day.

Checks received up to Monday included: Otto Agricola, Gadsden, Ala., \$20; West Coast Fertilizer Company, Odessa, 32; E. H. W. Cigar Company, Tampa, \$10; Jacksonville Sash & Door Co., Jacksonville, \$10; J. L. Kirk, Arcadia, \$5; Citrus Growers Supply Company, Tampa, \$10; Lake Wales Wholesale Grocery Company, Lake Wales, \$10; Wm. H. Malone, Denver, Col., \$5; J. G. Youngsman, Pittsburgh, \$5.

CHARGE ASSAULT, TOO

E. F. Rollins was arrested on charges of bootlegging in Schriber early Friday morning by Deputy Sheriff J. S. Pickett and lodged in jail. Later a charge of assault on C. A. Lewis was filed against him.

CHARGE CONVERSION

Will Hicks is charged with conversion and will be tried by Judge Ross soon. It is alleged he sold "tickets" of the Bryson Paving Company entrusted to him and gambled the proceeds away.

WOMEN'S

Spring Footwear

The delightful consciousness of being well dressed depends on perfection in every detail—and footwear is not the least of details. Your feet bear eloquent witness to your taste in dress. Choose inferior shoes and you will be all too keenly aware of lingering, critical glances. Choose a pair of American Lady shoes and you may walk serenely conscious of the perfection of your shoes.

There is a shoe here for you at the price you want to pay. Whatever you wish—pump, sandal or oxford—for dress or business—for sport or theater—in your favorite leather. Graceful, comfortable, serviceable. All the latest models.

For daytime wear there are all the costume shades to match or harmonize

with the new hosiery, with a decided preference for the goring shoe with the cut-out effects and the always popular fancy straps; in satin, suede, and soft leathers.

Black patent leather and soft calf-skin pumps are also very smart with the flesh-tone stockings.

BOTH HIGHLANDS HIGH SCHOOLS ARE INCLUDED IN STATE'S "A" CLASS

Both of Highlands county's high schools—Avon Park and Sebring—are included in the list of the thirty-seven high schools of the state already qual-

ified for the "A" senior classification in the list of Florida accredited high schools for the session of 1923-24, according to information compiled by Prof. R. M. Sealey, state high school inspector. Twenty others have qualified for the senior "B" grade, eleven for the junior "A" and five others for

the junior "B" classification. Others will be added to the list, it is said, as rapidly as they meet the requirements. Several more, including private institutions, are expected to turn in their qualification papers within the next few days. Graduation from accredited high

schools permit the students to enter either the University of Florida, or the Florida State College for Women, without being required to undergo an examination. The high schools that have so far entered the select list follow:

Florida Property Is Increasing in Value Every Day

Particularly is this true of property on the Scenic Highlands and in and adjacent to Avon Park. Our city is growing rapidly, new buildings being started nearly every day. Of course this adds to the value of all property, whether in the city or adjacent thereto.

"HILLCREST"

is close to the city limits of Avon Park. Its groves are increasing in value every day. The trees are growing nicely and show a healthy appearance, making an investment with the Scenic Highlands Development Company an attractive one. In fact, one has but to see the young groves, note the painstaking care being given the trees, consider the location and then ascertain what grove properties are selling for all around us, to become convinced that "HILLCREST" is a gilt-edge proposition.

Pee Gee VELKOATT

Solving the Problem of Decorating Walls and Ceilings

Where a finish for walls and ceilings is desired that will withstand rough usage, and yet will not surrender that soft, delicate tone that is so distinctively beautiful in modern homes—use Pee Gee Velkoatt.

It is a finish in itself when used on wood. It dries with a satin or eggshell effect. It has the appearance of hand-rubbed enamel, by reason of its hard, non-porous surface.

While you are giving thought to refinishing walls and ceilings, or perchance woodwork, Velkoatt offers a solution to your problems. It is sanitary, washable, and has a semi-gloss finish.

Health is Wealth

Health is one of the greatest things your family can possess. It brings happiness and success. But health must be safeguarded by good wholesome foods that are prepared from the purest ingredients. This is especially true of bakings. If they are not properly raised, we all know that they are not easily digested. Many times when self-rising flour is used in place of good plain flour and dependable baking powder—the results are flat, soggy and heavy foods.

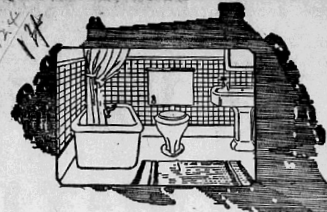

Don't take chances! Use a reliable brand of baking powder and plain flour. Then you will be sure of healthful bakings that are easily digested.

Remember, science has never found anything to take the place of the tried and tested method of using plain flour and good baking powder in preparing bakings. Millions of housewives now know by actual experience that many preparations that are claimed to take their place are worthless and dangerous to health because they fail to leaven. There is no comparison.

Calumet, the Economy Baking Powder, is known to be one sure and positive aid to successful bakings that are always pure, sweet and wholesome.

That's the reason its sales are 2½ times as much as any other brand.

NEVER AGAIN?

Fate is no respecter of persons, purposes or of itself.

It was only to be expected that when the lone well of the water company caved in we would have a fire while a new source of water was being sought.

With our knowledge of the tricks fate plays, with the expectancy of what always happens, we have been foolish indeed to stand by while the water company plugged up old wells, abandoned the reservoir and left the fate of the community to one lone well.

The fate of the community? Yes. For if Sunday's fire had been in the business district, it would have swept the town while our beautiful \$12,500 fire engine stood by, or probably roared with the fire itself in order to keep out of the flames itself.

It seems to me that elimination of a margin of safety is foolhardy.

The city council should look into the situation. The Florida Public Service Corporation should be instructed to maintain a margin of safety at all times. That reservoir should be put into use, and a sufficient supply of water kept in it and the tank at all times. One of the old wells should be put into condition and kept in shape for emergency use.

And now that the line has already been laid and the pump installed, the council should see to it that the tapping of Lake Tulane is maintained. There is no telling what that line into the lake may save in the way of fire protection some day. It affords an inexhaustible supply of water, and it will be there no matter what happens to the pumping station downtown, the wells or the tanks. A hurricane might level the big tank, and dropping it into the reservoir, destroy that source. But we can conceive of nothing that would eliminate Tulane's protection with one sweep.

Never again?

That's up to the council.

SEBING WOMAN'S CLUB CLOSES THE YEAR WITH A BANQUET

(Continued from Page One)

changes relating to it which would appear in the new year book recently published. The department of applied education, she explained, had been subdivided into a department of education and a department of conservation. The functions of the first named were self-evident. The latter was divided into several committees, one on state beautification and the beautification of the home, school and city. Another dealt with parks, highways and waterways. She declared the lateness of the issuance of the year book, and she announced the closing of the year book.

tion of officers for the state federation in November, with their installation in March, as a possible time saver.

She said that she was impressed with the change of women's status even in her lifetime. Whereas, she added quizzically, in days bygone, the men sat in state at banquets and toasted the women, God bless them, the women now banquet in like state, and roast the "Poor men," pity them, in fact the added with a mischievous twinkle, when have more time I intend to write a book on "Unknown Husbands of Well Known Wives."

She made a plea for the husbands, saying in the same humorous strain that they not only were at the head of things, and should remain so, but that it was also much more diplomatic for the women to say so. It is a marriage world-law, government and finance—and a rather sorry botch they have made of it. Only one thing could have made it worse, she added, and that would have been a woman-made world. It is better far that the head of man rather than the heart of woman should have been its guide.

Suggests Girl Work Program
Political disentanglement must come from women as well as men, and the work of the women should begin in the home and the school. No where has woman's advancement been greater or more marked than in the home, which is her sphere. The modern woman is a better cook, a more attractive home maker, a better manager and a more interesting mate.

In suggesting new lines of work for the Sebring club, Mrs. Blackman suggested the taking of concerts and literary programs into the isolated country places. She also advocated the junior club work, urging that this method be employed to direct the younger girls from the nervous high-strung ways into the quieter and more helpful ways.

The duty of citizenship, she said, was too lightly thought of. Citizenship has ceased to be a privilege, said the speaker, it has become a sacred and a solemn duty. Every alien comes from a "mother country" or a "fatherland," while we have only our "Uncle Sam," she said with a smile, an indulgent uncle at most times, at others unduly severe, and at best but a partisan politics of the present day, and the discrediting of one party by the other.

She urged a full attendance at the biennial in June, and spoke with the highest regard of Mrs. W. S. Jennings, Florida's candidate for president of the general federation.

She referred to her as a statesman and a masterful woman, well fitted for this high and responsible office. She outlined the attractive plans which were being perfected for the Florida delegation, and urged that each club send its allotted delegate. On her call for questions, Mrs. Beck advocated the changing of the garden week to one more suited to Florida climate and conditions.

After thanking the speakers, and commenting upon the many interesting points which had been brought to the notice of the club members, Mrs. Manley proposed a vote of thanks to David F. Tuttle, manager of Keor-

worth Lodge, for his delightful hospitality, and for the many courtesies which he had extended to the club, and the fifth annual banquet of the Woman's Club of Sebring became history.

Mr. and Mrs. Gero came here to inspect their grove in Hillcrest. Mrs. Sadie Farrington, who was manager of the Hotel Avon six seasons ago, was a welcome guest here for a couple of days this week, while

renewing old friendships. Mrs. Farrington left for Arcadia, where she will visit her son and daughter for a few days before going to her home in Punta Gorda.

Mr. and Mrs. G. W. Courrick of Brooklyn, N. Y., and Mr. and Mrs. F. Heston of Poughkeepsie, N. Y., after spending the winter in the northern part of the state, are making a tour of the state before returning.

Without counting the daily utility of a Chevrolet for going back and forth to work, shopping or taking the children to school, etc., its value in saving doctor's bills, broadening your mental horizon and keeping the whole family physically fit, amounts to more than the cost of the car and its upkeep.

It is more of an essential to the modern family than anything else but a home.

Chevrolet meets the requirements of the modern family because it is economical to buy and maintain, because of its excellent appearance and riding comfort, because it can be depended upon, and because it is so easy to drive that any member of the family can use it.

FILM'S MOST BEAUTIFUL SET

One of the most remarkably beautiful scenes ever screened was shown by Capitolian Productions as a part of its super-special, "Enemies of Women," from the famous story by Danz, author of "The Four Horsemen." It is the interior of the Russian palace of Prince Lubimoff, the chief character in the story impersonated by Lionel Barrymore, during a revolution just prior to the revolution in Petrograd. This gorgeous set shows from many angles, may be seen when "Enemies of Women" is screened April 1 at the Avolon theater.

Joseph Urban, celebrated scenic artist, fashioned a set that for sheer magnificence has probably never before been equalled. It is supposed to

WHAT IS A ONE-CENT SALE?

It is a sale where you buy an item at the regular price—then another item of the same kind for 1c. As an illustration: The standard price of a Vanishing Cream is 50c. You buy a jar at this price and by paying 1c more, or 51c, you get two jars. Every article in this sale is a high-class standard piece of merchandise, just the same as we sell you every day at regular prices and have sold you for years.

A NEW WAY OF ADVERTISING

This sale was developed by the United Drug Company as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high-grade standard merchandise for 1c. It costs money to get customers. The loss taken on this sale will be well spent if the goods please you.

SENIOR CLASS PLAY TO BE PRESENTED AT THEATER. The high school seniors are working hard on their class play, "The Bashful Mr. Bobbs," which they will present at the Avon Park theater, Tuesday evening, April 8. One way which

the public can show its interest in the school and its affairs is to see that the theater is packed to capacity that evening. Although the titles are similar this play is entirely different from the play which was presented last year, and was chosen particularly for its adaptability to the characters available. A pleasurable evening is promised all who attend.

MISS MATHEWS AND MISS WILLIAMS HONOR GUESTS AT A CHICKEN ROAST

Mrs. Cecil Walker gave a chicken roast Wednesday evening of last week at her home on Lake avenue, in honor of her house guests, Misses Lura Mathews and Bernadine Williams of Arcadia.

Those enjoying this jolly affair were: Misses Beatrice Bass, Beasley Palmer, Ruth Crumley, E. L. Harris, Lura Mathews, Bernadine Williams, Messrs. Joe Knighton, Melville Bass, Parker Anderson, Olin Clark and Mr. and Mrs. Walker.

DINNER PARTY HONORING TWO ATTRACTIVE VISITORS

Mrs. Cecil Walker was hostess at a delightful dinner party Friday evening, complimenting her two attractive house guests, Miss Lura Mathews and Miss Bernadine Williams of Arcadia.

Those present were: Miss Bernadine Williams, Miss Lura Mathews, Messrs. Lee and Fred Crews, Mr. and Mrs. Walker.

DR. COAN ADDRESSES THE WOMAN'S CLUB

"The New Woman of the Near East" was the subject very interestingly discussed by Dr. Frederick Coan at the program meeting of the Woman's Club last Friday.

Dr. Coan very graphically described the pitiful condition of the Persian and Turkish women, their degradation due to the teachings of Mohammed as set down in the Koran. Mohammed introduced polygamy, the veil and divorce. Four wives were allowed each man, and men only could secure divorces, all that was necessary being to repeat "I divorce thee" four times to legalize the divorce and allow him to marry again, thus keeping within the letter of the law.

As often as a new veiled beauty attracted, a wife was divorced to make a place for her. One instance of a man marrying, his thousandth wife came within Dr. Coan's observation.

Parents controlled marriage of their children and often betrothed them in infancy, sometimes marrying more children to old men, the interested parties never meeting until after the ceremony.

Under these conditions immorality naturally was the rule.

The Mohammedans are superstitious, fearing ghosts and the evil eye. If a person is sick the Koran is opened at random; if the verse is auspicious a doctor is called, if inauspicious no doctor, as it would be useless. Often after a doctor is called, if they again consult the fates and the verse is unfavorable, they do not give the medicine prescribed.

Under their laws daughters are entitled to one-third, sons to two-thirds of the property.

Now things have changed and are changing. The modern woman goes out riding with her husband and wears a much thinner veil. Women are demanding their rights.

In Persia forty women demanded admittance to the revolutionary parliament to tell the men the day was past when woman's liberty could be curtailed.

The work of the medical missionaries has had marked effect in emancipating woman.

Women manage their home, doing all the purchasing for it. In Turkey, since the war, unveiled women are learning typewriting and holding office. The new woman is the only hope.

of these nations for no nation is higher than its womanhood. The pasha has abolished polygamy, though by so doing he has defied their religion.

Dr. Coan mentioned India and the wonderful change in woman's life the English influence has brought about there. Concluding, the doctor paid a tribute to the great work done by the missionaries' wives in gaining the confidence of the women in helping to lighten and uplift their lives.

The vocal and instrumental solos by Mrs. Neal Trent, Mrs. Charles Moffett and Mrs. W. W. Wolff added much to the interest and pleasure of the afternoon.

What Say You?

The grammar lesson proceeded smoothly enough until the teacher asked a small boy what kind of a noun "trousers" was. "It's an uncommon noun," was the reply, "because it's singular at top and plural at the bottom."

The Hardee bond project was authorized by the Hardee board of supervisors, which papers are now before the Hardee county pilot, following the completion of the scenic highway project in Hardee county have taken in and now comes the agreement between the two counties most interested in this end.

Chairman Wm. King of the Highway Commissioners, stated that the money available would be used to the best advantage. He said that the road was in good shape, but that the time had come when it was necessary to raise the base and that by the time that was ready or soon after there would be funds available for a surface treatment of asphalt and slag. Commissioner S. F. Durrance of Hardee said that the road was in good shape, but that the time had come when it was necessary to raise the base and that by the time that was ready or soon after there would be funds available for a surface treatment of asphalt and slag. Commissioner S. F. Durrance of Hardee said that the road was in good shape, but that the time had come when it was necessary to raise the base and that by the time that was ready or soon after there would be funds available for a surface treatment of asphalt and slag.

He suggested that the Manatee prospects be discussed and Gilbert Freeman, Avon Park, told of information that Manatee was planning a \$1,000,000 bond issue and plans to include a road to the Hardee line in this program. "I understand," he said, "that Manatee will meet Hardee."

Commissioner Durrance said Commissioner Prior of Manatee was getting a grade up from Parrish toward the line and that Hardee county was preparing to meet Manatee either from Ona or Fort Green, probably running a road from both points. Chairman King figured it would cost \$22,000 to put up Highlands and said it could be done by paying for the base this year and the surface next year.

After Chairman King assured the visitors Highlands would make it fifteen feet, the Hardeesans voted unanimously to "meet you at the line with a 15-foot road."

Manatee is to be advised and urged to finish the link to Hardee.

HEATH DROWNED IN TAMPA BAY WHILE FISHING; BODY BROUGHT HOME FOR BURIAL

William D. Heath was drowned in Tampa Bay while fishing, apparently a week or so ago, the body having been found Saturday afternoon and

just off the shore-line near St. Petersburg. Relatives here brought the remains home Tuesday morning and interment was in the Avon Park cemetery, with Rev. T. O. Baldwin officiating at the last services over the body.

Funeralbearers were selected from members of the Odd Fellows lodge.

The deceased leaves a widow and one son, Paul Heath, to mourn her loss.

BROTHER AND WIFE OF
LOVE ROGERS FOUND
GUILTY OF HIS DEATH

Douglas, Ga.—John A. Rogers and Eugene Rogers were convicted of murder by a jury in Coffee county superior court last week, the verdict carrying with it a recommendation of mercy in connection with the killing of the former's brother, Love Rogers, several months ago.

Mrs. Love Rogers, widow of the slain man, also charged with murder, is alleged to have aided in burying the body in a corn field in the rear of the Rogers' home, cultivating a crop over the grave. Doctors who examined Rogers said he was ill.

several months ago.

Mrs. Love Rogers and J. A. Rogers fled to Florida, according to officers, were arrested there and brought back to stand trial.

Judge J. L. Summerville immediately sentenced the couple to life imprisonment and it is announced that they will begin their sentence immediately.

Attracted Wide Attention

The Rogers killing attracted wide attention. The victim was Love S. Rogers, a brother of John Alton Rogers and the husband of Eugenia Rogers.

The case went on trial last week, both of the defendants being tried jointly. They pleaded not guilty, but after the presentation of the evidence and a two hours' argument on each side by the lawyers in the case, the plea of not guilty was withdrawn and a constant plea of guilty was entered. The evidence presented to the jury told the story of the killing of Love Rogers, so that the brother, John, could have the undivided affection of Love Rogers' wife. The body was buried in a corn field, nearly two years ago, at the rear of the Rogers' home. For months a crop was cultivated over the burial place. Then the couple fled to Avon Park, Fla., where they were arrested and brought back to this county to stand trial.

TOM THUMB WEDDING TO
BE STAGED AT SEBRING

The child welfare department of the Woman's Club of Sebring, under the direction of Mrs. Tom Mitchell, will stage a Tom Thumb Wedding on April 10, at 8 o'clock at the Circle Theater. This was so successfully produced last spring and so many requests have been made for its repetition, that Mrs. Mitchell has secured the theater for the occasion, and almost the entire cast who took part last year are now rehearsing. The proceeds will go toward playground equipment.

SILVER CUP WON BY SEBRING
HIGH'S AG CLASS ON EXHIBIT

The silver loving cup, which was won by the agricultural class of the Sebring high school at the South Florida Fair for having the best citrus exhibit, has arrived in the city, and is on display in the Manley Drug Company. It is a beautiful cup of graceful design, artistically inscribed: South Florida Fair, Tampa, 1924, Best Exhibit, Won by Sebring. The class of vocational agriculture and its instructor, J. G. Smith, are receiving the congratulations of the school. This is the first year that the Sebring high school has been a Smith-Hughes school.

Register yet?

We knew Lake Stearns would do it. How about "dressing up" our mail a little bit?

How about playing ball up and down the Ridge?

They are having a great time in St. Petersburg this week-end.

Of course DeSoto City is going to pass that bond issue for new school.

"Water, water everywhere, but not a drop to drink," is being spoken of the Park.

That grade the F. W. & N. is throwing up out of Sebring looks like they mean business.

That picnic grounds at DeSoto City is certainly an inviting spot. No wonder it is popular.

Another big contracting firm locates in Avon Park to build some of our roads. The more the merrier.

Haines City has installed an electric fire alarm. The telephone numbers for fire alarm. Avon Park is next.

Fair daisies gives a party Friday and Saturday the appearance of modern hob. Wonder if it was a farewell party.

"Almost time to start that early closing movement," according to the Times-Union. No brother, it is time. We've already started it down here.

John W. Martin picks up strength daily, and it is expected he will almost double the vote of any of his opponents for governor—Macclenny Standard.

Mr. Bryson says the public cut those ruts in the road south of the tank by riding the road before the asphalt had set. That's why the north end is closed.

"Propose to a girl under the stars and she'll accept you in a twinkling," says Phil Armstrong in the T.U. Now we expect to see a rush for starlight picnics this summer.

While hunting about for a way to raise funds to the bonus, why not try having all \$100,000 laden suit cases delivered to the ground floor department instead of to cabinet officers.

Connors says he'll put in a temporary bridge at the Kissimmee river. Now Judge Phillips, doesn't he let the contract for the budgeted road work this side of the river right now?

The Kennedy Construction Company loses two roads. That Tamiami motorcade was certainly cruel to Catts when he got lost up by Williston.

Treasurer Upham of the Republican national committee doesn't recall Sinclair's \$75,000 contribution. How could he keep track of those small items with \$100,000 suit cases to command his attention.

John Martin has come down to campaign a bit in South Florida. Needless to say he has no press agent, campaign manager and other entourage. Can't afford it. But you're welcome John, just the same.

That was a nice courtesy—the Sebring band sent the "Renallworth Lodge family" when three Pullmans of them departed Tuesday afternoon for their northern homes. It is an example other tourist towns might well emulate.

Twain Yarnell takes the bull by the horns in an interview in the Tampa Tribune and says the exchange must be reorganized from the ground floor up. He must have read the Pilot a couple of weeks ago—or maybe great minds do run in the same channel.

Lake Stearns with its new \$15,000 unit of the school, the new Orange Tavern, a new bank, an A. C. L. spent there, and the new highway inviting all the outside world will be stepping out quite some way when the fall season and the tourism begins to arrive.

Another proof that Avon Park is the metropolis of the Sebring Highlands. The local legion post has more members than all the other American Legion posts in the Highlands combined. Lake Wales post is second with only half as many as the local post.

Since our friend Sellers dropped down the Ridge and saw what was doing in this Sebring Highlands we are paying more attention to Florida's backbone. Come again and bring Willie, Phil, E. and the rest of the gang with you.

The Fort Lauderdale Sentinel says John Martin is sweeping the field from all sides who hear the same report of his successful campaign. This is one time when we will have a real governor. He is a self-made man and they are the only ones. In fact, most of the real men who have influenced this nation and people, were men who were forced to fight their way up. John is that kind of a man—Ocala Star.

"Our esteemed friend Hon. Frank Jennings carries a press agent with him in his campaign for the governorship. At least we suppose he does because everywhere he speaks the Gainesville Sun and carbon copy message report about it. It always says he had a great crowd and made a great speech and the people loved him the time," says the Gainesville Sun.

"John Martin, the people's friend, is not financially able to carry a press agent, but he is getting there all the same."

PUT THE RAILROAD THROUGH

story as old as the history of railroading in Florida is the story of the fight of the Atlantic Coast Line and the Florida East Coast in an effort to prevent the building of the Florida Central.

Florida's greatest, intrastate commerce, the Florida Central, is a cross-state railroad, and it is a policy of rule or ruin, policy of domination and with but one anti-stifling competition.

It is in this call a battle. It is a case before the U. S. C. where two roads sweep aside all obstacles of the Florida Central in Florida's development; and of common honesty. Stopping to deliberate means defeat, the later discovery of the facts is refreshing.

Following their refusal to make any connection between the coast line and the Florida Central, the Florida Central is now in a position to take a train from Tampa to West Palm Beach offers no service to the Florida Central.

Forgetting the all it coaches—Jas. as they forgot the oil so regularly that people along the Ridge tired of riding in dark coaches at night and got busy for relief—they intimidate the Florida Central with the Florida Central.

On the new road will be a direct trip of about six hours and cost half as much.

We wonder they didn't set their opposition left to music, plagiarizing a hit on "Yes, we have no bananas."

This proposed route of the Florida Western and Northern does offer the Florida Central a new route of the Florida Central.

It offers the lower East Coast the first real railroad it has had—a railroad with four-pound rail, road bed, no curves over three degrees and no grade over 3 per cent.

It offers South Florida the first cross-state railroad it has had and is the first complete line from ocean to ocean in the entire state south of Lake City.

It offers interior Florida—the first great ridge country—the first railroad worth the name that we have had.

It offers to tourist trains a fast freight service without necessitating from hours to weeks waiting and waiting at the Florida Central.

It offers 10,000 people an opportunity to get into Tampa in almost half the present time and Tampa wholesalers an opportunity to serve a prosperous trade territory at all times.

It offers a three-hour express delivery service to a five-hour service now.

West Palm Beach people, who now get the New York papers as quickly as they get the Tampa Tribune, can read Florida's best newspaper the same day it is published.

And yet these two ears of Florida railroading say the new road offers no service that is not already given.

South Florida should rise up as one man and behind the proposed new road and stay behind it until it is assured. We should let the Interstate Commerce Commission know some of the trials and tribulations we bear under the present regime.

We should make it so impressive that there will be no doubt in the minds of the commission's members. Now is the time to act.

LAW ENFORCEMENT

The spectacle of two hundred citizens—most of whom are prone to criticize law officers for failure to enforce the law—petitioned the judge to set aside the verdict of a jury of six men, to free a man convicted by a jury on a charge of bootlegging, is not elevating to say the least.

It is not conducive to law enforcement. It is not a spur to officers to "get their man."

There is so little of "getting your man" in these days and time that it would seem appropriate for citizens to urge their law enforcement officers to encourage them to persist.

We know the average petition signing tendency. We know that many men sign petitions whenever and wherever they are presented, scarcely looking at them. It is this knowledge that encourages us in this instance.

It encourages us to believe that the signers of this petition did not consider the effect of their signatures.

It did not weigh in the balance of a calm cool judgment.

The culprit they sought to save was not caught in a "game," rushed into a midnight court with a two-by-four over his head in judgment and conviction to jail. No. He was caught, the evidence shows, quite by accident, but with enough evidence to convince a jury of his peers of his guilt.

He had plenty of time to prepare for trial, was not out on bond and had a good attorney. There was no single point in the trial that the court could be condemned for, there was no evidence of maladministration of justice.

It was an orderly court procedure and we can see no reason why the sentence of the court should not be carried out.

There might have been extenuating circumstances upon which a plea for clemency, or a light fine might be based—but this petition asked for complete freedom for a convicted man. Asked that the law be flouted.

It is conceivable only that scores of those who signed the petition did so without knowing what they were doing. It is the charitable viewpoint, and we hope it is so. We would hate to believe that our people want to serve notice to the thieves, the crooks and the bootleggers that they can operate here with impunity—that all

Bathing Beauties In Movies at Sebring Plan for Saturday

Allen Altwater, proprietor of the Circle Theater, and Eugene Yeager, of Sebring, who have taken many successful moving pictures in and about Sebring, are planning a water stunt for Saturday, April 5, that will no doubt make a big attraction.

Bathing beauties of all ages from Sebring and Avon Park have been invited to participate in a bathing stunt party, which will be staged at "Snug Harbor," Capt. R. C. "ingle's winter home. The pictures will be taken at 2 o'clock, and will doubt prove to be a strong drawing card for this section of the state.

It is Mr. Altwater's intention to exhibit these pictures in the northern theaters as well as the local picture houses.

Captain Pringle's aquaplane will take part in the performances of the afternoon. It is expected that a large number of Sebring residents will come for the event, and everyone who is interested is invited.

Florida Property Is Increasing in Value Every Day

Particularly is this true of property on the Scenic Highlands and in and adjacent to Avon Park. Our city is growing rapidly, new buildings being started nearly every day. Of course this adds to the value of all property, whether in the city or adjacent thereto.

"HILLCREST"

is close to the city limits of Avon Park. Its groves are increasing in value every day. The trees are growing nicely and show a healthy appearance, making an investment with the Scenic Highlands Development Company an attractive one. In fact, one has but to see the young groves, note the painstaking care being given the trees, consider the location and then ascertain what grove properties are selling for all around us, to become convinced that "HILLCREST" is a gilt-edge proposition.

As Flowers

Spring garments remind one of exquisitely beautiful flowers. Knit blouses like soft peach blossoms; frocks like delicate, snowy Easter lilies or colorful as beds of iris. Some of them seem to have the fragility of flowers, too. They require attention and care to keep them always fresh and lovely.

Sending them here for our expert attention insures their daintiness and fresh appearance. Like the dew freshens and revives the flowers, our methods of cleaning enlivens the fabric, adds life and lustre to the most subtle and delicate colors, and keeps your garments always fresh, clean and dainty.

MR. AND MRS. AMY ENTERTAIN WITH FORMAL DANCING PARTY

Mr. and Mrs. W. J. Amy entertained with a formal dancing party at Sunset Pier Thursday night, about fifty couples enjoying their hospitality. The large glassed-in pier was thrown open to one of the few balmy Florida nights with which this section has been favored, and gay lanterns added much to the festivity of the occasion. The music was furnished by the Sunset Pier orchestra. At 10 o'clock the grand march was formed, and each guest presented with favors and confetti. Much merriment ensued over the lollipops, which were presented to the ladies and the various balls, horns, squeakers and rattles which were drawn by the men. Punch was served throughout the evening, the table being most attractively decorated with pond lilies. Among the guests who motored from Avon Park were: Mark Lance, Mr. and Mrs. G. H. Masters, Clyde Nanny, Miss Nann, Mrs. J. E. Scott, Judge D. V. House, Miss Virginia Butterbaugh, Miss Hazel Cook, Mrs. Mary Wilcox, Mrs. A. Mitchell, Miss Maude McGinnis, George Lynott, Jack Head, Dick Head, Al Jamour and Bill Hilton.

SEBRING PRESBYTERIANS PICNIC AT SUNSET PIER

The Sebring Presbyterian church congregation and its friends picnicked Friday evening at Sunset Pier, well-laden baskets furnishing the appetizing supper that graced the long tables. Baskets of marigolds in the many varying shades of brown and gold made the tables most attractive. The supper was followed by an interesting program, which was presented by the committee in charge, and was opened by chorus singing, led by H. L. Kelley, "Blest Be the Tie That Binds" and "Swanee River" being the songs. Dr. J. E. Scott, in his inimitable way, acted as master of ceremonies, and introduced Dr. William Schmitz, pastor of the church. Dr. Schmitz spoke of his appreciation of the co-operation of the people of the church had given him, modestly laying the phenomenal success of the work this past winter to their help. He told of the urgent necessity of providing larger quarters for the coming year, and made several feasible suggestions for its accomplishment. He spoke with highest praise of the music that graced the evening, which had added largely to the attractiveness of the services, and took this occasion to thank the musicians. He told of his plans for a home on the property recently purchased in the Lakeshore Park addition, which he hoped to build in the fall.

Mrs. P. J. Ruppberger followed with two delightful readings, one a poetical satire on the signs along the highway, by Judge Alden, the other, Edgar Guest's "Driving From the Rear." Both received well merited applause. Dr. H. W. Kirby then sang a beautiful selection, and answered the encore with a small boy story, told as only Dr. Kirby could.

Dr. Scott spoke on the "Doctor," and called on Dr. M. Anderson, whose humorous talk was also interspersed with the sad and tragic happenings that every physician meets. He said that Dr. Scott had spoken of the Christian doctor, and added that no successful doctor could be otherwise than a Christian. Without the sustaining help of the Divine Healer it would be impossible at times to carry on.

One of the climaxes of the evening came when Dr. Scott, with a few well chosen words, presented to Mrs. E. C. Wright a check from the members of the congregation, as a token of appreciation for her faithful services at the piano, and her efficiency as a musical director. This was a complete surprise to the recipient, who replied, expressing her thanks. After a short talk from Rev. E. P. Morris of Troy, Pa., a winter guest, the evening closed with a most delightful rendition of "A Perfect Day" by the Patrick trio, consisting of Mrs. E. B. Patrick at the piano, Miss Mary Patrick on the violin and Mr. Patrick on the clarinet. "Good Night, Ladies," by this same talented trio, closed the evening.

CHURCH CHANGES "HOME"

BILLY BRYSON CELEBRATES HIS TWELFTH BIRTHDAY

Billy Bryson celebrated his twelfth birthday at the home of his parents, Mr. and Mrs. A. C. Bryson, on Ridge-wood drive, south, in Sebring, with a party Friday afternoon. Twelve boy friends helped him make the occasion to be long remembered, and the afternoon was spent in games. A delicious birthday supper was served at the close of the festivities, the center of attraction being a large white birthday cake, topped with twelve lighted tapers. The young host received many gifts in honor of the day. Those who helped him in the celebration were: Arthur Christy, Arthur Hart, Billy Poland, Woodrow Harshman, Dick Baker, Tommy Sanders, Cameron Maiden, Morris Cox, Paul Marchand, James Griggs and Eugene Douglas.

BRIDGE LUNCHEON AT TU-LIP ROOM

A company of ladies enjoyed a bridge luncheon at the Tu-Lip-T Room Thursday afternoon. A delicious luncheon was served at 1 o'clock, the table being lovely with spring flowers. The afternoon was spent fully spent at bridge. Those present were: Mrs. A. M. Webster, Mrs. Charles Wahn, Mrs. Hollie Baker, Mrs. R. O. Baker, Mrs. Henry Hines, Mrs. J. F. Good, Mrs. M. C. Lamotte, J. D. W. Stevenson and Mrs. F. T. Haskins.

Mr. and Mrs. J. B. Kindel, who are leaving this week for their home in Covington, O., gave a charming dinner at their home, "Buckeye Cabins," Friday night, to some of their intimate friends. After the serving of the delicious dinner, the evening was pleasantly spent in a social way. Those who were there were: Mrs. D. E. Miller, Mrs. D. L. Miller, Mrs. Taylor, Miss Lydia Taylor and Miss Molly Taylor.

MRS. STEVENSON COMPLETES DEPARTING GUEST

Mrs. D. W. Stevenson entertained a company of friends at auction bridge Wednesday afternoon at her home on Oak avenue, Sebring, in honor of Mrs. J. F. Goode, who is leaving this week for her home in Plainsfield, N. J. High score was won by Mrs. A. M. Webster, low score by Mrs. R. O. Baker, while the guest prize, a hand-embroidered apron, went to the honoree, Mrs. J. F. Goode. The hostess served delicious refreshments at the close of the afternoon. The guest list included: Mrs. J. F. Goode, Mrs. M. C. Lemonde, Mrs. A. M. Webster, Mrs. Charles Wahn, Mrs. Henry Hines, Mrs. E. C. Wright, Mrs. S. E. Hart, Mrs. A. C. Bryson, Mrs. Hollie Baker, Mrs. Cora Lane, Mrs. F. T. Haskins and Mrs. R. O. Baker.

MRS. EDWARD MAXWELL DIES
Mrs. Edward Maxwell, aged 52, who has recently completed a pretentious winter home in the country adjoining Sebring, died Sunday night at 6:30 o'clock of complications which

followed an accident which she sustained some time ago. She leaves to mourn her loss a husband and daughter, Miss Mary Maxwell, also a sister, Miss Mate B. Brewster of Chicago. Dr. E. G. Skiff, a nephew, also resides in this city. Mrs. Maxwell was a native of Maric, Ind.

The funeral was held Wednesday afternoon, interment being in Pinecrest cemetery.

CATHOLIC SERVICES MONTHLY

Since the close of the tourist season it is impossible to secure a priest for every Sunday for the Sebring Catholic church. Services will be held once a month. The next mass will be said on Easter day, April 20, at 9 o'clock. The church is open every day in Lent for the convenience of worshippers.

WINTER GUESTS GIVE DINNER

Mr. and Mrs. D. W. Borton complimented a company of friends Monday evening with a formal dinner at Hotel Nescosco. The table was beautifully laid, and made attractive with flowers. Covers were laid for nine. The guest list included Capt. and Mrs. R. C. Pringle, Dr. and Mrs. E. G. Skiff, Mr. and Mrs. Samuel Degering and Mrs. Mary Wolff.

N. P. Yantes of the south of the county was in Sebring Monday on business.

AVON PARK PLAN ADOPTED TO PUT EXCHANGE 'OVER'

BIG INDEPENDENTS LINED UP FIRST—GROWERS ASK ACID TEST ONLY

Finding the beginning of their solution to the citrus problems in the plan advanced from Avon Park as early as Jan. 24, when an editorial in the Highlands County Pilot urged the cancellation of big independents with the exchange as special shippers, hundreds of growers at yesterday's citrus meeting at Orlando cheered to hear the first John S. Taylor, prominent independent grower in Highlands county, then W. E. Lee of W. E. Lee & Co., Plant City, controlling 2,300, 500 boxes of fruit, and then Dr. C. W. Adams, big independent shipper and grower of Lake Alfred announce

ed from the floor of the convention that they were affiliating with the Florida Citrus Exchange. It is freely predicted that other large independents, made familiar with the success of the Pittsburgh Florida Fruit Growers Association of Avon Park, the Standard Growers Exchange and others who are already affiliated with the exchange as special shippers, are considering following the lead of Messrs. Taylor, Lee and Adams. The Avon Park plan as outlined in an editorial in the Pilot Jan. 24, under the heading

"We admit that it would be fine to have Hoover or Babson or some notable citrus leader here to lead us out of the wilderness, but while the wish sponsors the hope, and we add more wishes on more hopes, we doubt if we can induce either of these big men to take the job right now and it might be hard to get a man of sufficient

"But within the present exchange situation, a considerable opportunity and what is more, an absolute precedent. The idea can no longer be ignored if the situation is to be remedied without a complete reorganization that will in the final analysis absorb the exchange in a bigger organization."

"Co-operation is the essential foundation for any solution to our present situation. The crisis must be met sharply and decisively."

Why not a drastic step? Why not open the market to independent shipping organizations in the state. There are some who will shout, 'It can't be done,' and

"The exchange has at least two, perhaps a dozen 'special shippers.' These special shippers own their own packing houses, get their fruit wherever they please at whatever price or terms they please and turn the loaded cars over to the exchange marketing organization.

"The Pittsburgh-Florida Association in Avon Park is operating on exactly that basis. It maintains its own

brand, 'Floridainty.' It gets its fruit from grove owners under a contract. It owns its own packing houses just as does W. E. Lee, the A. F. G.

"But the Pittsburgh-Florida Association doesn't compete with the exchange. It co-operates with it."

"A commission man came into Avon Park last year and bought up a quantity of fruit. He then hauled that fruit to the citrus exchange packing house and had it packed and shipped and marketed through the

"Why can't Mr. Lee do this? The Manatee Fruit Company, S. F. Roberts or any independent?"

"And perhaps the biggest example—the most notable example in the state—the Standard Growers Exchange markets through the Florida Citrus Exchange. If Mr. di Giorgio is big as he is, can find it profitable to co-operate on a purely marketing basis, why can't the other fellow

The Standard competes with the exchange in getting the growers' fruit. That is as it should be, a competition of SERVICE to the grower. It is in the exchange, FOR MARKETING PURPOSES, which is only as should be.

"If there is any reason why the other independents can't go into the exchange, let us hear them. And let us hear them blame quickly."

The convention also passed resolutions urging the next session of the Florida legislature to repeal the color test laws and establish as the only maturity standards the federal standards—7 to 1 for grapefruit and 8 to 1 for oranges. Inspectors for federal grading at the houses were also urged and laws to compel labeling boxes of fruit "mature fruit" were urged.

**PLAN REVIVAL MEETING AT
AVON PARK BAPTIST CHURCH**

Plans for a revival meeting here beginning about Easter Sunday are under way, according to Rev. T. Baldwin,* of the Avon Park Baptist church, and it is hoped to bring Rev. W. E. White, one of the state's most prominent evangelists, here for a meeting.

"Mr. White is a first-class preacher, who preaches facts," said R. Baldwin. "He doesn't preach emotionalism, nor effect that method. He knows his Bible and he uses the lessons it teaches. And, he does it with a charm and an easy soothing oration that is making him a great factor in the progress of the church."

IN AND ABOUT THE COUNTY SEAT

ROBBER'S HOME ONE OF THE HANDSOMEST ON THE RIDGE

Fronting on Lakeview Drive, adjoining the J. H. Garst home, with beautiful, palm-fringed Lake Jackson for a background, rise the walls of the handsome new home, which is being erected at a cost of \$20,000, by Heinrich Robbe, prominent Sebring grove owner.

Stately magnificence characterizes the outward appearance of this home, which is being built by the architect, an arched entrance in the front, a continuation of which on the side forms a porte cochere, to the long porch in the rear, which overlooks the lovely grounds sloping to the lake, the meticulous care, which has been given to the planning of every portion of it, is plainly apparent.

From the front door one enters a vestibule, which has a coat closet with a full-length mirrored door for the convenience of guests. A wide entrance leads from here to the long living room, which was its many windows, is wide-mouthed fireplace and its broad, open stairs, has an indescribable charm. French doors separate this room from the solarium at the side, and the dining room at the rear. Spaciousness, light and the wonderful vista of the lake and its distant shores opposite, the beautifully planted grounds and Lakeview Drive, are some of the delightful features of this solarium.

The dining room also overlooks the lake, and has a breakfast room adjoining. A kitchen, whose arrangement and equipment insure the utmost efficiency in the management of the culinary department, a lavatory room adjacent to the kitchen, together with necessary corridors, closets and porch space, make the first floor plan

MRS. WAHN ENTERTAINS AT BRIDGE IN HONOR OF VISITOR

Mrs. Charles Wahn entertained a company of ladies Thursday afternoon at her home, "Wheeler Cottage," on Lakeview Drive, with three guests of honor, in honor of Mrs. J. F. Goode, a guest in the city, who is leaving for her home this week. Mrs. Wahn, Mrs. J. F. Goode, Mrs. J. C. Lermont, the second place, and Mrs. A. C. Bryson the low score. The hostess served delicious refreshments at the close of the afternoon.

MRS. BRADLEY DIES

Mrs. Sarah A. Bradley of Chautauque, N. Y., a regular winter resident of Sebring, died suddenly Tuesday, April 1, at Lakeland, where she has been for the past six weeks. She was in her usual health, and died without warning while dressing. The body was sent to St. Peter's Hospital, N. Y., for interment.

Ideal in every respect. The finish throughout the two upper stories is to be ivory and mahogany, and will be the work of C. M. Fremont, an interior decorator, formerly of Jacksonville. The plumbing and wiring were done by J. F. Ahlers of this city, being in accordance with the Tampa city inspection code.

SPENT SUNDAY AT BIG HOPPER

A party of Sebring people took advantage of the beautiful weather Sunday and motored down to Big Hopper, spending the day. A delicious picnic dinner added to the pleasure of the day. Those who composed the party were: Mr. and Mrs. Ira Higdon, Mr. and Mrs. E. B. Patrick, Miss Mary Patrick and Edward Patrick.

FAMILY PICNIC SUNDAY AT JOSEPHINE LAKES

Mr. and Mrs. J. Ross Blythe, Mr. and Mrs. P. S. Bee, Mrs. Julia Simons, Mrs. Thelma Sutton, Miss Lachelle Blythe and Miss Dorothy Horn motored to Lake Josephine Sunday afternoon and enjoyed a picnic dinner. They spent a delightful afternoon wandering through the beauty spots in this section.

SEBRING

C. B. Early of Alliance, who arrived in Sebring this week, was given a delightful winter at the home of Miss R. A. McGuigan.

A party of sightseers motored to Fertile Valley Monday. They took a picnic dinner along and enjoyed a pleasant trip. Those who composed the party were: A. H. Hoaning, Dr. W. H. Anderson, Mrs. E. C. Wright, Mrs. P. J. Ripberger, W. Longenecker, George S. Boyd, H. Ferguson, E. L. Laird, Charles W. Rogers, Ira Higdon and C. S. Coe of Sebring.

Mr. and Mrs. S. R. Hart and children and Miss Louise Lane of this city were members of a delightful house party given by J. L. Levy at his charming home near Lake Starnes. Col. and Mrs. F. N. K. Bailey and their house guests, Miss Louise Wilkins and Walter Wilkins of Greenville, S. C., motored to this city Saturday to be the guests of Capt. and Mrs. R. C. Pringle at "Snug Harbor."

Loy Rean and George Gilmore of Alliance, O., who are spending the season at the Baker cottage around the lake, have returned from a motor trip to St. Petersburg, New Port Richey, St. Petersburg and Oldsmar. They will leave Monday for their homes, going by way of Daytona and St. Augustine, where they will spend several days.

Capt. and Mrs. R. C. Pringle will leave next Tuesday for their home in Cleveland, O., after a delightful winter spent at "Snug Harbor," their Sebring winter home.

Mr. and Mrs. David P. Tuttle, David P. Tuttle, Jr. and little Lynn Constance Tuttle left Monday morning, after a season at Kenilworth, N. Y., to tour the state by auto, stopping at Orlando, Eustis, St. Augustine and Orlando Beach. From Jacksonville they will take the Clyde Line steamer to New York City. The summer tour will be at Twilight Inn at Haines Falls, N. Y.

Walter Wilkins, who has been the guest of Col. and Mrs. F. N. K. Bailey at Bayville, left Sunday for his home in Greenville, S. C., who has been visiting his grandfather, Colonel Bailey, for the past two weeks.

Mrs. C. D. Manley, who has been the guest of her son, Frank Manley and family, left Friday to visit her daughter, Mrs. Howard Thulbry, at Lake Wales.

Miss Virginia Jordan of Haines City was the week-end guest of Miss Viola Chapman.

Capt. W. W. Williams of Venus was a Sebring visitor Monday.

W. Longenecker and Alderman W. Crempsey of Altoona, Pa., returned to their homes Tuesday, most enthusiastic over this section of the state.

Mrs. D. W. Stevenson, Mrs. J. F. Goode, Mrs. Henry Hines and Mrs. Charles Wahn motored to Tampa Friday morning. Mrs. Goode will go on to her home from there, stopping over in St. Petersburg for a few days.

Mrs. Stevenson, Mrs. Hines and Mrs. Wahn returned to this city Saturday night.

Dr. and Mrs. J. A. Simmons of Miami stopped over here Thursday on their way to Arcadia.

L. J. Robbins and J. D. Nichols of Arcadia were in Sebring Thursday.

Mrs. P. J. Ripberger, Mrs. William Brady and Miss Margaret Lokes returned Thursday night from a motor trip to Kissimmee, Tampa and St. Petersburg.

F. O. Walter, H. L. Ferguson and George S. Boyd returned Friday from Tampa, where they spent several days last week.

Mr. and Mrs. H. Y. Potts and Mr. and Mrs. Walter W. Wright of Oak avenue, spent Friday fishing in Lake Istokpoga.

PROMINENT MEN VISITING AVON PARK ARE ENTUSED

Mr. J. P. Blanton of the Harder County Normal and Commercial School, visited Avon Park Thursday for the purpose of securing students for the school.

He expressed amazement at the industry and progress shown upon every hand and gave as his opinion that "Avon Park was the liveliest on the ridge." He was particularly impressed with the new block of business houses just completed.

With Professor Blanton was Mr. McConnell, a prominent school man of Georgia, who will become a property owner and locate in the state in the near future. He expressed the same views with regard to our city as Professor Blanton.

ESTIMATE VALENCIA CROP AT 1,500,000

The Fruitmen's Club, composed of practically every important shipper and shipping organization in the state, has gathered reports from the entire citrus belt, which indicate that there will be approximately 1,500,000 boxes of Valencia oranges from Florida this spring.

There is quite a divergence of opinion with respect to the number of mid-season, or seedling oranges, in the groves, and in the case of same situation exists in the case of grapefruit. The movement of Valencia began in a most businesslike measure at the opening of the week, and it is calculated that it will gain considerable headway before the month has passed.

Shippers who have made a personal survey of the groves since the March rains and winds made such integral inroads upon the crop do not hesitate to issue such optimistic reports, based upon statistical deductions, and express the belief that the volume of mid-season oranges as well as grapefruit has been reduced materially below the generally accepted figures, variously estimated as five to eight million boxes, all told—that is, all varieties of oranges and grapefruit. Then comes the more perplexing question—how much of the crop will be shipped. The Valencia, of course, are looked for a safe and it is reasonably hoped, a profitable harvest, but as the days advance, seedling oranges and grapefruit decrease for two reasons. The first is that the local markets and individual shippers continue to absorb the crop, while weather conditions contribute to its increasing downfall on the other hand.

FLORIDA LEADS ALL STATES IN HIGHWAY BEAUTIFICATION

The Garden Magazine for April credits Florida with leading all other states in beautification work. Under the heading "Building a Nation Beautiful," the following statement was printed:

"In Florida the state beautification committee still swings far in the lead in its state-wide campaign. Its splendid program of road building and beautifying creates county commissions and in each case such committee work hand in hand with the county commissioners and all civic organizations. In this state every highway is looked after, with consequent prevention of needless cutting down of trees, planting of new trees and shrubs, preservation of all historical or beauty spots in the state. There is also embodied in this program a campaign to induce owners of certain acreages to deed these for all time as parks for the people. Great stretches of native pine and cypress and other wild growth will thus be preserved. And at all times are they working for the abolition of billboards, using this slogan, 'Swat the sign and save the scenery,' so effectively that recently 10,000 such signs have been destroyed in four counties. To plant one million trees in the next ten years is the hope of this commission, these plantings to be supplemented with shrubbery and flowers."

In Orange county beds of petunias have been set with more than half a million plants in them, and the beautification committee in that county has two nurseries with more than 50,000 plants ready for setting out along the highways. Such is the broad program begun and wholeheartedly endorsed by the entire state—a challenge to every other state in the union.

AD PLAN BEING WORKED UP

The Florida Development Board's advertising committee, composed of E. C. Grover, Jacksonville, chairman; Herman A. Dann, St. Petersburg; W. C. Kyle, Fort Lauderdale;

J. C. Ward, Leesburg, and William L. Wilson, Panama City, has held two meetings to plan for the nation-wide advertising campaign of Florida, and the machinery has been set in motion for carrying out the program, which involves \$400,000 in advertising. Mr. Wilson and Mr. Dann are contributing of their time to present the opportunity to these interestedly and Mr. Lehmann, manager of the organization service department, will assist in the work.

Florida Property Is Increasing in Value Every Day

Particularly in this tract of property in the scenic Highlands and in the adjacent Avon Park. The city is growing rapidly, new buildings being started nearly every day. Of course this adds to the value of all property, whether in the city or adjacent thereto.

It is close to the city limits of Avon Park. Its groves are increasing in value every day. The trees are growing rapidly and show a healthy appearance, making an investment in the scenic Highlands Development Company an attractive one. In fact, one can but to see the young groves, note the painstaking care being given the trees, consider also location and then ascertain what value properties possessing for all around us, to become convinced that "HIGHLANDS" is a gift—indeed a priceless one.

It is a vivid signal that flashes from Tampa in these days when South Florida is calling for help in the fight against railroad oppression. And, O, how the blackness darkens over Jacksonville, where a mighty organ might be joining the battle for our freedom, but lies silent.

Watch your premises. Don't allow water to stand in old cans or any receptacle. We have no mosquitoes and we do not want to cultivate them. Carelessness in allowing water to stand will supply the whole neighborhood with this pest and menace to health.

It begins to look like the A. C. L. and the E. E. C. aren't the only forbidding omnipotents which are rising to proclaim "And never the twain shall meet." Rumor says that "I forbid" order against linking the East and West Coasts is about to emanate from the State Road Department.

If anyone ever wants to know what "public sentiment" means just refer them to the A. C. L. and E. E. C. We understand one Tampa man wired northern connections last Friday, after reading of Central Florida's needs for a cross-state railroad, to route everything to his firm via the S. A. L. This is a business run on solid cars per month.

ON THE RIGHT TRACK

The Florida Citrus Exchange is on the right track, according to whisperings from Tampa, confirmed by visitations of this writer to the exchange, when evidence of their efforts to carry out the suggestions in the announcements of W. E. Lee, John S. Taylor and Dr. C. W. Adams, Jr., was seen. They had agreed to affiliate with the exchange as special shippers, as suggested last January by the HIGHLAND COUNTY PILOT, when the citrus situation first attracted the general public's attention.

At that time the Pilot urged that the first step toward linking the two big independent and the exchange, which would permit the exchange to control the marketing of a majority of the fruit.

It is very nice indeed about getting all the individual growers into the exchange. And we are for that method. We are boosting that drive, but as long as human beings are human beings, the local association managers and all some are going to have their fruit packed elsewhere.

It actually doesn't matter in the present situation where the fruit is packed—if it is in the right place.

Our problem is to control the marketing. Recognition of that fact led us to suggest that the only way out of the woods that was open was to bring the big independent into the exchange as special shippers, just as the Pittsburgh-Florida Standard Growers Association and others are already operating.

Those pack their own fruit or fruit that they buy, but it is marketed through the exchange.

That is what we want—a central marketing organization controlling 75 per cent of the fruit.

And with the present plans, which we hear are already growing successful to the extent of securing signatures of big independents to contracts, we are on a fair way to success.

How the exchange has brought them into the fold, matters less, that they are in it, or are going to be in it, is enough.

All of us are to be congratulated on getting out of a bad hole.

IS FLORIDA PLANNING TO STAR IN A "DR. JEKYLL AND MR. HYDE" ROLE?

There is a nasty rumor afloat. Gossip is spreading a tale that libels the sovereign state of Florida. It can not be true, but—

It is Dame Rumor that is whispering that the Land of Flowers is to appear in a new roll—that we are to have Dr. Jekyll and Mr. Hyde reproduced with our state in the principal role. This miserable whisper pictures Fair Florida, with a smiling face and two beckoning hands outstretched to welcome outside capital with a constitutional amendment against an income tax or an inheritance tax—while at her back is another face, a diabolical figure, with one hand upon the throat and the other upraised to strike the gory knife of greed into outside capital that has already ventured into the state and with pledges of support, scattered millions broadcast that two flowers of progress may grow where one had grown before.

Are we that despicable? Do we intend to lure outside capital into the state with false promises, only to bury the knife to the hilt in an unguarded side at the first turn?

This whisper that we hear, says so! This whisper says that after all the promises of support given to W. J. Connor, after the State Road Department had accepted his offer to loan them \$200,000 to complete roads linking with his gigantic highway enterprise, after all the nation has proclaimed his feat of "bridging" the Glades, he is to be "knifed." This rumor is that the State Road Department is to flatly refuse to bridge the Kissimmee river after it had pledged to do so and asked for bids on the bridge. This rumor says the department is to refuse to surface the Lake Annie link after the county has spilled \$200,000 into the mucklands and raised up a 24-foot roadway five feet above the water level for some twenty miles, that the Connor road might link the East and the West Coasts.

Here is a man who came into Florida without any pledges of tax exemption. He has poured his fortune freely into the development of his state. He promised to build a road from West Palm Beach to Okeechobee—bridging the Everglades, when the state said "It can't be done."

He promised to build that road "even if it cost \$500,000." He has spent \$3,500,000 on it.

The only promise he received was that if he bridged the Everglades the road department and the counties would see that the remainder of the cross-state road would be finished so that his highway would not be a mere "dead end" with no destination. Okeechobee county has been more than liberal and has poured a quarter million dollars into the breach. It is carrying the road to the Kissimmee river. Highlands county has emptied into the gap \$600,000 its people have freely voted.

And the State Road Department, with positive pledges on record; with one pledge as strong as the actual advertisement for bids for the bridge; with another pledge as strong as a signed, sealed and delivered contract, with which it accepted \$100,000 in cold cash and has spent it; this State Road Department, according to the whisper we hear, is to renege it all. This State Road Department is to strangle an investment of \$3,500,000 of outside capital.

If this investment is strangled, if this enterprise, fostered by outside capital, is done to death, if Florida's pledged faith in this instance is broken, how much confidence will other outside capital have in our future promises? How much credence will they place in the promise of our constitutional amendment? Will they then smile and say, "O! but you can pass another constitutional amendment, once we come in, and levy these taxes upon us!" and can we in Florida blame them?

Is it reasonable to believe if outside capital sees the bleeding, done unto death and cursing with his dying breath those who have lured him into their clutches, that outside capital will rush in to take his place—to receive another lunge of the knife and grasp for life while another stranger wretches his vengeance?

This whisper that we hear, this rumor that floats around, would seem to carry this impression. For this rumor says, "I am no rumor. I am a fact. This piece of treachery is afoot."

It must not be.

TOURIST SAYS COMMUNITIES MUST PROVIDE AMUSEMENTS

The April social meeting of the Woman's Club of Sebring was held Tuesday night at Library Hall there, with Mrs. H. V. Weems, Mrs. J. Ross Blythe, Mrs. E. D. VanSickler and Mrs. P. L. Vinson as hostesses. The hall was fragrant and beautiful with spring flowers.

The first number was a selection by the Presbyterian male quartette, consisting of H. L. Ferguson, H. L. Kelly, Dr. H. W. Kirby and George S. Boyd. They were applauded to an echo, and repeated the last verse of their number, "Little Cotton Dolly."

Ira Rigdon, a local banker, was the first speaker, having for his subject, "How Can We Help Our City in a Business Way?" With a happy vein of humor running through his talk, Mr. Rigdon brought out the necessity for a more broad and congenial social life among the townspeople and the various organizations as a stimulus to better business. "All business activities," he said, "center to a greater or less degree on the social activities. Without business, no city can exist; without social intercourse, no business can continue."

He suggested community dinners, in which the Woman's Club would act as hostesses to the business and professional men, in which an effort be made to become acquainted with the real man beneath the seemingly cold and unresponsive exterior.

He was followed by Dr. J. M. Anderson, a winter resident from Wilkes-Barre, Pa., who spoke on "How Can We Help Our City in a Physical Way?" After expressing his appreciation of the things already done by the Woman's Club of this city, Dr. Anderson, speaking from a tourist's standpoint, offered some valuable suggestions. Not only as a physician, but also as a lover of out-of-door sports, he had felt the lack of provision for the entertainment of residents and tourists alike, and he believed that continued neglect to provide suitable sports would be a decided detriment to the city. He suggested the beautification of Tus-

willa Park, and the remodeling of the auditorium.

Another needed improvement in the city that he noted was the placing of comfort stations for men and women in the Board of Trade building. The immediate necessity for a new and better pier was stressed by the speaker, and also the provision for a municipal playground and club house. There was a crying need, he said, for a public golf course, where tourist and resident might enjoy this sport at a moderate rate and at all seasons, also for a community club house.

The quartette then sang "Annie Laurie," which was greatly enjoyed and heartily encored. Their rendition of "Lucky Jim" as a recitation was greeted with much applause.

Col. F. N. K. Bailey, a noted educator, was the last speaker. His subject, "How Can We Help Our City in a Social and Spiritual Way?" was one on which he was well conversant. He spoke in general of the great work being done along these lines by the Women's Clubs throughout the nation, and in particular of the many things which had been done by the Sebring club. "In the women of the country rests the hope of its upbuilding," said the speaker forcefully. He added that through the women most of the high ideals had been implanted in the children who would one day be the citizens of the country.

Miss Florence R. Wells concluded the program with a most amusing impersonation, "The Opening Day of School," in which she took the various parts most acceptably. She responded to an encore with a "Literary Medley."

Dainty refreshments were served, an informal social hour following. The next social meeting, which will be held in May, will be a picnic, with Mrs. C. F. Adams and Mrs. W. J. Bailey as hostesses. Colonel and Mrs. Bate have invited the club to hold the picnic at their country place on Lake Josephine, and it is proposed to invite the Woman's Club of Sebring to be guests of the local club.

ANDERSONS HONORED

Capt. and Mrs. W. R. Robinson entertained at dinner Tuesday evening at their home, "Tansley Cottage," in Sebring, in honor of Dr. and Mrs. J. M. Anderson, Clara Anderson and George Anderson, and their hosts, guests, Mr. H. H. Hemming of Wilkes-Barre, Pa. A delicious dinner was served the table being lovely with flowers from the Robinson garden. Later the party adjourned to the Sebring Woman's Club social meeting, where Dr. Anderson was one of the speakers of the evening.

EIGHTH GRADE ENJOY FISH FRY

The eighth grade of the Sebring school enjoyed a fish fry Saturday at Fish Beach. They went early and spent a most delightful day. Those who went were: Miss Ruth Blythe, Miss Edna Eason, Miss Lynn Hansen, Miss Mary Evelyn Rogers, Miss Edna Brown, George Rogers, Culp DeVore, Milburn McLeod, Canon, Frank Brown, Gladys Taylor, with Mr. J. C. Lee, Mr. A. Marshall, and Mr. A. J. Lee.

EXTRACT ORANGE JUICE ON THE RIDGE TO SUPPLY THE EASTERN MARKETS

ASSERTS PLAN FOR EXTRACTION AND SHIPMENT BE PUT IN OPERATION

ASSERTS PLAN FOR EXTRACTION AND SHIPMENT BE PUT IN OPERATION

Roger Babson talked enthusiastically about his idea of transporting orange juice to New York and other large cities, saving the cost of the useless skins and pulp.

An actual test of orange juice quantity was made by Mr. Babson in Tampa. A full quart of orange juice was squeezed out and it was found that it required just eight and one-half oranges to make the quart. Then the quart of juice was poured into the glasses in which it is customarily served. The quart made just eight and one-half glasses. So, one orange will make one glass of juice.

"This juice," said Mr. Babson, "is served in New York hotels at from 40 to 50 cents a glass. The price makes the consumer prefer the whole fruit. But if the price of this juice could be reduced to 20 cents a glass it would entirely displace the whole fruit for table service. Mr. Stettin told me that if he could serve orange juice at the same price as the raw orange, there would never be another whole orange served in his hotels."

"My idea," said Mr. Babson, "is one which my organization has been working on for some time, is either to have the juice extracted in Florida and shipped to large cities like milk; or else have the fruit shipped in bulk in freight cars, and operate extracting plants in the cities. The saving in the transportation of the fruit in this manner as against the present method of wrapping, packing and shipping in refrigerator cars would be enormous—and the juic-

Will Try It Out

"I have asked the Florida Citrus Exchange to take this matter up and make a trial of it," continued Mr. Babson. "If the exchange does not do so I have already made plans to form, among the growers of the Ridge section, a citrus juice association, which will give the plan a thorough test. I am sure it will do much

CLOGGED THROATS

When your wind is shut off and breathing difficult you try to raise the phlegm by suddenly contracting the lungs and forcing air through the throat. This is hard on your lungs and your throat and dilates the blood vessels. Clogged throats are easily and quickly opened, phlegm raised and the throat loosened and freed by a second's use of Dr. Williams' Cough Syrup (Crescoted). It prevents straining, hackling and has a valuable antiseptic action. Best remedy for coughs, colds, bronchitis, croup, croup, and whooping cough. Safe, sure and pleasant. At your

PLANS APPROVED FOR \$400,000 NATIONAL AD CAMPAIGN IN FLORIDA

DEVELOPMENT BOARD COMMITTEE ADOPTS A PROGRAM DESIGNED TO "SELL" STATE TO PEOPLE OF AMERICA—SCHEDULES ANNOUNCED

Additional details in connection with its plan for a \$400,000 national advertising campaign of Florida's many natural advantages and resources were considered and determined upon by the advertising committee of the Florida Development Board at its meeting last Friday. Arrangements and preparations for an intensive "follow-up" effort on all inquiries received from the advertising were thoroughly discussed, and a policy was agreed upon in this connection whereby it is believed the most efficient and best results can be attained. This provides for the publication by the Florida Development Board of an illustrated booklet, which will be sent to northerners writing that organization after reading the advertisements, accompanied by a personal letter from the board. Other letters from the board will follow, in an effort to hold the inquirer's interest in Florida and to develop some definite action on his part in either moving to Florida, investing his

money here or visiting the state. All information disseminated by the Florida Development Board in its booklets and letters in this follow-up campaign will be of a general, statewide character. Outline maps of the entire state, it is planned, will be used in the booklets and other literature, as well as in the advertisements, so the reader will first be "sold" in the state.

Local Boards to Benefit
The active participation in this follow-up effort of local chambers of commerce and boards of trade affiliated with the Florida Development Board also was approved by the committee. A system is now being worked out by this body which will enable these community organizations to send their literature to the people who write the Florida Development Board and inquire about opportunities or conditions which are related to their particular localities.

All advertisements appearing in this proposed campaign will be signed

HARDING MEMORIAL BRIDGE COMPLETION NOT DELAY TRAFFIC

CONNORS TO BUILD TEMPORARY BRIDGE TO HANDLE TRAFFIC

With the completion of the famous Connors scenic highway not more than two months off, special effort is being made to have the Miami-Tampa automobile route, by way of Okeechobee, in a good passable condition at that time.

The State Road Department has promised to advertise at once for other tenders for the construction of the \$250,000 Harding Memorial Bridge, which is to connect the Okeechobee and Highlands county portions of the cross-state highway at the Kissimmee river, and W. J. Connors has stated that he will take care of the traffic in the meantime by the erection of a temporary bridge.

The contractors in charge of the grading of the highway between Lake Annie and the Kissimmee river have also promised to at least have a good dirt road ready when the completion of the Connors highway announces the need for it.

led by the Florida Development Board, serving as the state chamber of commerce, and interested readers will be directed to write to that organization for additional information.

Law B. Brown of St. Petersburg, owner and publisher of the St. Petersburg Evening Independent, was appointed by the committee as chairman of an advisory committee on all copy to be used in the campaign, the other members to be named later.

Advertising Schedule
According to the plans for magazine and newspaper advertising that have been decided upon, there will be approximately one dozen pieces of copy, each featuring a particular phase of Florida's appeal to the rest of the nation. These advertisements will be inserted in every issue of a group of leading weekly periodicals, including the Saturday Evening Post, Literary Digest and Country Gentleman. They will then appear on a twice-weekly schedule, in something like one hundred of the leading daily newspapers of the United States during November and the early part of December.

Business Men Enthusiastic
William L. Wilson of Panama City, director in the Florida Development Board and chairman of its campaign solicitation committee, reported at the meeting that he had made trips to various parts of the state early this week and found the leading business men in the best of spirits and enthusiastic over the board's proposal for a national campaign on the state of Florida. Plans were made for immediate action in raising the fund for the effort.

The members of the Florida Development Board's advertising committee are Frank C. Gover, Jacksonville; Herman Dann, St. Petersburg; William C. Kyle, Fort Lauderdale; G. C. Ware, Leesburg; and William L. Wilson, Panama City.

A. A. Conit, general secretary of the Florida Development Board; Karl Lehmann, the board's new organization service manager; Jefferson Thomas, president of the Thomas Advertising Service, and C. C. Carr of the Carr Advertising Agency, who are assisting the committee in its work, attended the meeting in Tampa.

BARBECUE TO CELEBRATE BEGINNING WORK ON ROAD IMMOKALEE TO EVERGLADE

History is in the making and epochal strides are being made right now in South Florida—Uncle Sam's last frontier. Collier and Hendry counties—lucky infants, both less than a year old, will take another step forward and with certainty emerge from the pioneer stage when they hit the trail with picks and shovels at Immokalee, April 1, and thus begin the actual work on the highway that will lead from Immokalee to Everglade, Collier's county seat.

Imagination and vision are necessary to realize the importance to South Florida in fact to the development of the state as a whole, of this barbecue and road celebration in a tiny pioneer settlement on Florida's frontier. It is more than blazing the trail through the forest wilderness in that it will open a direct highway, which will connect Florida's beautiful scenic Highlands and lake district on the north, via Avon Park, Moore Haven, LaBelle and on through Hendry county to Immokalee, thence south to and through Collier county with its picturesque Royal Palm hamlets and its picturesque civilization—and 90 miles below Fort Myers, where the law stopped, according to Chokoloskee lore.

With the completion of this public highway the stream of civilization's auto traffic will open up this hitherto unexplored region of South Florida and bring settlers to the thousands of fertile acres lying idle in Hendry, Collier and other South Florida counties. It also means a direct route to the Tamiami Trail, which it intersects three miles north of the town of Everglade, and giving access to deep water shipping for all South Florida produce, with the proposed railroad is finished from Immokalee to Everglade, as promised in the near future.

EDISON INTERESTS TIRE MANUFACTURER IN FLORIDA RUBBER

Closely following the report last week that Alfred E. Korps, the plant specialist, had been making exhaustive experiments at Chapman Field, Florida, with a view to determining whether rubber could be grown in this state on a commercial basis, comes the announcement that Thos. A. Edison has succeeded in interest- ing every Florida tire of the Firestone Tire & Rubber Co. in the same project.

Many Mr. Firestone, E. C. Miller, E. M. Cheek and S. D. Ross of the same company.

Mr. Edison feels confident that rubber trees can be grown in certain parts of Florida very successfully. He has stated Mr. Firestone. "He has conducted a number of experiments and in large quantities and in quality equal to that shipped here to the states from the far east right here in Florida."

"I have had this subject under advisement with Mr. Edison for the past year, taking particular interest in his experience and opinion since England some months ago legislated to fix the price of rubber in India and impose such heavy export tax."

"We expect to study thoroughly the possibilities of producing rubber in quantity in Florida and if Mr. Edison's views materialize and production is found successful in this state, it will eventually mean a great reduction in the price of rubber and the finished product."

MILLION-DOLLAR DEAL FOR CHARLOTTE LANDS

During the past week there has been much activity in the local real estate market, and several sales of importance have been reported in Punta Gorda. Besides the sale of the Jordan business property, which has been verified, it is reported that \$2,000 acres of unimproved lands lying east and south of the town and involving a consideration approaching a million dollars have been sold to capitalists from abroad. Parties having intimate knowledge of this deal promise to give a detailed statement by the end of the week.

A sale of lesser importance financially was that of the Ben Kravitz cottage and five-acre lot in the eastern suburbs, which was sold through the agency of Charles A. Jones to Franklin Tyler, a wealthy citizen of Arcadia, who, with his family, are preparing to make it their home. The consideration in this instance is reported as being something over \$2,000. Several other deals are under consideration and will be reported as soon as consummated.

Wheat is the Fuel of Life

You can get the most food value out of wheat by eating bakings that are made from good plain flour. A dependable baking powder must be employed or you do not get the full nutritious value of the wheat—nor will your bakings be as palatable and easily digested.

The same results cannot be had if you use Self Rising Flour, which is improperly packed in porous sacks or bags, thus allowing absorption of moisture from the air. Food authorities and physicians agree that bakings that do not raise properly are bad for health. Such foods are hard to digest and in time cause stomach trouble.

Mothers who are interested in the proper growth and health of their children (and all mothers are) should never use anything but a good brand of plain flour and a time-tested leavener such as Calumet—the economy Baking Powder.

Calumet has more than the ordinary leavening strength. It raises every baking to its height of nutritious value. It is pure and dependable—do not look for a substitute—there is none.

Use Calumet and be positive of wholesome nutritious and economical foods.

ALL DAY MEETING

THE LADIES' AID OF THE CONGREGATIONAL CHURCH held an all day meeting and sewing bee at the church Wednesday. A very profitable day was spent in making things for the annual Christmas bazaar.

A delicious picnic lunch was enjoyed at the noon hour, about ten ladies being present. In the afternoon about twenty ladies were present and a great deal of work was accomplished as well as a pleasant afternoon enjoyed.

MUSIC CLUB PROGRAM

The music department of the Woman's Club will meet Friday afternoon at 3:30 at the Masonic temple. The numbers on the program are taken from several of the best known operas and an enjoyable time is promised all who attend.

The following will be given: "What a Mystery" (Rigoletto), Mrs. Trent; Variations from "Il Trovatore," Mrs. Burdette; "The Palmers," Mrs. Chapman; "All So Pure" (Martha), Mrs. Waller; "Home to Our Mountains," Mrs. Waller and Mrs. Chapman; Current Events, Mrs. Graves.

MISSIONARY SOCIETY FORMED
A few ladies of the Congregational church met Saturday at the home of Mrs. Butler and organized a Missionary Society. The following officers were elected: Miss Stella Mitchell, president; Miss Alice Davidson, vice president; Mrs. Margaret England, secretary-treasurer; Mrs. John Hood, chairman of the program committee; Mrs. Chas. Head, chairman of the work committee; Miss Mildred Myers, chairman of young peoples committee.

The next meeting will be at the home of Mrs. England on Pleasant street, April 17, at 7:30 p. m., and all ladies who are interested are cordially invited to attend.

As Flowers

Spring garments remind one of exquisitely beautiful flowers. Knit blouses like soft peach blossoms; frocks like delicate, snowy Easter lilies or colorful as beds of irises. Some of them seem to have the fragility of flowers, too. They require attention and care to keep them always fresh and lovely.

Sending them here for our expert attention insures their daintiness and fresh appearance. Like the dew freshens and revives the flowers, our methods of cleaning cleans the fabric, adds life and lustre to the most subtle and delicate colors, and keeps your garments always fresh, clean and dainty.

VENUS READY FOR BIG BARBECUE FOR POLITICIANS AND OTHERS ON APRIL 19

Venus, April 9.—Everybody remember to come to Venus on April 19 to the barbecue.

The road crew is here at last and if the road would come regular Venus would soon have good roads, too.

From some cause, none of the last issue of the Pilot reached Venus, and we miss these good papers.

Lester Crews is home again. He taught the Crewsville school, which closed last Friday.

The Venus school will close April 25. The teachers and pupils are preparing to give a big entertainment on the night of the 25th. We will give the program next week.

The barbecue on April 19 will be at Old Venus, two miles west of the depot at New Venus. There will be cars and trucks to meet the noon passenger train to bring any one out that has to depend on the train to get here.

Those that come in cars, head for Old Venus and they will be right. We would be pleased to have all of the Pilot family here that day, and if the editor fails to come we will give him five demerits.

Sunday night Mr. and Mrs. Fred Engelman, our poultry experts, gave a dinner to the following guests: Prof. and Mrs. T. M. Johns and little son, Miss Emma Johns, Mr. and Mrs. L. E. STANDARD OIL TO ABANDON ROAD SIGNS AS ADVERTISING

Mrs. Joseph Remington Endicott, Ormond Beach, Florida chairman of the billboard committee, has received assurance from officials of the Standard Oil Company that they will discontinue using signs and billboards along public highways in Florida.

The county commissioners in Hillsborough county have adopted resolutions classifying advertising signs and posters placed along the public roads as a public nuisance and ordered them to be removed.

The county commissioners will have the signs destroyed. Announcements, pictures, etc., of political candidates also are banned from trees, poles and fences on county rights-of-way in Hillsborough county.

PERSONALS

Mrs. W. S. Butler, Mrs. H. Farris and Miss Farris of Oak Park, Chicago, Ill., after spending the winter here last on Tuesday afternoon for their home in the north. Mrs. Butler, with her late husband, has been coming to Avon Park regularly since 1899. For many years they have 2 miles over the woods trail, through the sand from Fort Meade, the only means of getting here. The use of this beautiful ridge, with its gems of lakes, was strong enough to make them endure the hardships of the trip year after year to enjoy the lovely country and ideal climate.

Faith in the region was surely rewarded. The roads now replace the old sand trails, and the railroads bring all modern comforts to their doors. The trackless forests are rapidly giving way to groves with their golden trunks. Reminiscences of pioneers like Mrs. Butler, Mrs. William King, and Mrs. Davidson, Sr., should collaborate and furnish interesting and authentic history of those early days to be preserved by the Historic Society of Highlands county.

Mr. and Mrs. Frank L. Warner, Washington, D. C., were welcome visitors at Hotel Avon the past week. Mr. Wagner is one of the large contractors of Washington, having many fine buildings in the capital city. Mr. and Mrs. Wagner have made frequent visits to the city, where they have various investments, enjoying a stay in this beautiful lake country and always feeling the benefit of the wonderful climate.

Mrs. Louise McKenna Price, Cleveland, O., came over this week from St. Petersburg, where she has spent the season, to inspect her grove in Hillscrest. Mrs. Price noted many improvements in Hillscrest since her visit four years ago.

A. L. Anderson, Tampa, entertaining his sister, Miss Furlow Anderson, at Hotel Avon last week.

IN HONOR OF PASTOR
The friends of Rev. Benjamin S. Spaulster of the Union Congregational church, gave him a pleasant surprise Wednesday night after the close of the prayer meeting service, the occasion being his birthday. The gifts brought were many and useful. Mrs. E. O. Williams presented the cake.

After words of thanks from the pastor, a social hour was enjoyed by all present, the ladies serving refreshments.

Little Miss Shirley Page Shepard read the following poem, written by her grandmother, Mrs. C. W. Lewis:
To Our Pastor
Who grasps us kindly by the hand
When first we reach this sunny land
Of fruit and flowers, trees and sand.
Our Brother Stock.

Who comes to see us when we're ill,
And keeps our courage up until
We can say "good-bye" to every pill?
Our Brother Stock.
Who never tells us we are bad,
But smiles upon us when we're sad
Until we feel quite gay and glad?
Our Brother Stock.

Who loves all children, men and mice,
Dogs, birds and flowers and all things
Nice,
And cares for them, once, twice and thrice?
Our Brother Stock.

Who never tells us we're all wrong,
But helps us sing a joyous song
To keep us happy all day long?
Our Brother Stock.

Who does not worry us with creeds,
But does for us all kindly deeds
And ministers to all our needs?
Our Brother Stock.

ANNOUNCING OUR PURCHASE OF THE

Lander Furniture Co.

AND INVITING YOU TO

Let Us Show You Pretty Home Things

In taking over the Lander Furniture Company, we do so with a sense of our responsibility to the home-makers of Highlands and adjoining counties.

We want to serve you adequately. We want to help make this section a section of exquisite homes instead of a collection of houses.

To this end we will labor incessantly. To this end we seek the co-operation of those with whom we must work.

If we haven't got what you want, we will get it. If there is any service we can render you, call upon us for it.

We are enlarging the stock at once. We are bringing into Avon Park many of those pretty and serviceable items of house furnishings that they have never been able to secure here before.

We will be receiving new stock weekly from now on.

We are in a position to deliver what you want, we are here to stand behind it and make good on any promises we make regarding its quality, and if you require terms, we are in a position to give them to you.

"WE MAKE HOUSES INTO HOMES"

Do You Know How the Citrus Situation Affects Your Interests

Do you know that, according to the most conservative estimates, Florida has lost \$30,000,000 this year because of the disorderly marketing of the citrus crop?

Do you know that this heavy loss to the growers is in fact a loss to every legitimate business interest in the state, meaning that much less money in the banks, that much less trade at the stores and that much less general prosperity?

Do you know that the conditions which have brought about the present deplorable citrus situation must be speedily corrected or the greatest industry of Florida will be done irreparable injury and the progress of the state given a severe set-back?

Do you know that the best brains of Florida—including bankers, developers, growers, merchants, professional men and marketing agency representatives—for months have been earnestly trying to find a solution to existing citrus problems, with the practically unanimous conclusion that co-operative selling with control of distribution affords the only way out?

Do you know that Florida has one of the oldest, most substantial and most successful—volume and percentage of total production considered—co-operative marketing organizations of the country, in the Florida Citrus Exchange, and that if it has any deficiencies they can be remedied by the members themselves, but that the Exchange must have not less than 60 per cent of the crop to function with full efficiency.

Do you know that a large number of business and professional men, not officially connected with the Florida Citrus Exchange, have undertaken to put on a drive to increase the membership so that 60 per cent or more of the citrus fruit grown in Florida will be controlled, all of these men working without compensation and because they believe the Exchange is the salvation of the citrus industry of Florida.

The "Lake Wales Plan" calls for a citrus sign-up day on May 1st, to conclude the drive. Watch this paper for further particulars or write for them to

CONSTRUCTION IS GOING AHEAD ON F W & N RAILWAY

EXPECT 1,000 CARS OF MATERIAL INTO COUNTY—RAILS ARRIVE

With two crews of engineers operating out of the division construction headquarters at Avon Park and material rolling into Sebring and Avon Park in carload lots, progress on the construction of the new F. W. & N. railway between the Seaboard line north and west of here and West Palm

Already more than seven miles of new 100-pound rail have been dumped at Avon Park and Sebring. Fifteen cars of the rail moving to Sebring in the past few days. Several cars of ties have also been concentrated at the county seat, while more are en route and a half dozen tie cutting crews are at work north of Avon Park cutting and placing ties along the new line.

A big steam ditcher and a locomotive arrived in the Park Monday for the contractors on the grade-and-widening work. The work will start at the edge around the edge of Lake Tulane. Two big steam shovels are expected later this week and these will begin at Lake Tulane and work south to the railroad and one working north to the Park.

The A. C. L. has laid a sidetrack from the main line to the south of the south of Avon Park right away. Practically 1,000 solid cars of material and equipment will be unloaded at these cars. The work will be done in the snow and the time the rails are laid.

Two big drag line outfits for the grading east of Sebring are also due down the line and will be put to work immediately.

Working directly out of the division headquarters in Avon Park is a crew of ten engineers, surveyors, etc., who are taking care of developments between Lake Wales and Sebring. Under J. W. McClure, who reports to this division headquarters, is another crew of eight men making their headquarters at Balminger, while taking care of the line between Sebring and Okeechobee. This makes a total of twenty men, including the chiefs, E. S. Thomas and S. T. Grimshaw, and the office force in Avon Park.

This doesn't include the construction crews of the contractors—only with headquarters in Avon Park and

**PLANS TOURIST SCHOOL AND
MAY LOCATE IN SEBRIN**

It is highly probable that Sebrin may be the location chosen by Prof. Harry Rockwood, a Michigan instructor of note, for his tourist school which he hopes may solve the problem which confronts many tourists with children of school age. He has been

in communication with the local board of trade, and other civic organization and according to word received from George S. Boyd, who is spending the winter in Sebring, and through whom he became interested in Sebring, plans to visit this section in a few days to look into the situation.

Professor Rockwood's plan would enable each child to pursue the same course and method of study that he had in his home school. By giving each pupil individual attention, he believes that the result will be entire

He is now in the state as platform manager for the Redpath Chautauqua, and is therefore in a position to get a very broad opinion of the different sections. It is quite possible that there will also be a school

LANDMARK PASSES

One of the last of Sebring's landmarks, which are rapidly giving way to modern brick buildings, has been razed, and the foundations for the new building, which will take its place are already in. E. B. Ding of Morristown, Tenn., has been down to the site to see how the foundations

FINISH BASE FOR THE AVON PARK-FROSTPROOF HIGHWAY

The flag went up yesterday at noon on the Avon Park-Frostproof highway, signaling the physical completion of the two ends. The base was completed, except for some patching of the rains have washed out lines.

It will take eight or ten weeks longer to complete the asphalt paving, during which time it will be necessary to keep traffic off, due to the speed at which the asphalt trucks must maintain to deliver hot asphalt at the far end of the road.

SEBRING HOSPITAL CHANGES HAND.

Mrs. and Mrs. Jack Williams have taken charge of the Sebring Hospital and it will be known from now on as the Sebring Sanitarium and Hospital. Mrs. Williams is a graduate nurse with much experience, and is well fitted for her post. The hospital will especially cater to maternity cases, giving attention to preparation and convalescence. The operating room is fully equipped for the most delicate surgical operations, and everything needful in the way of furnishings will be added to make this a comfortable, convenient and strictly modern hospital.

SEBRING BALL DIAMOND IS BEING PUT IN SHAPE

A meeting was held Monday night in Sebring to elect officers for the baseball organization, resulting in the selection of Frank Manley, manager, and J. C. Gentz, captain. Work has been started on the grounds and equipment will be bought as needed. A subscription list, which was started by John R. Lusk and others, has topped the \$200 mark, and is being materially added to each day. The players will meet for practice Thursday afternoon, and on Friday night a representative gathering of baseball enthusiasts will go to Frost-proof to meet other teams. It is hoped that a strong nine can be organized, and that some interesting games can be scheduled for the summer.

MRS. HART DINNER HOSTESS
Mrs. Sarah V. Hart was dinner hostess Saturday night to a large company of friends at the Tu-Lip-T Room. The table was charming with spring flowers and Easter favors and

Florida Property Is Increasing in Value Every Day

Particularly is this true of property on the Seaside Highlands and in and adjacent to Avon Park. Our city is growing rapidly, new buildings being started nearly every day. Of course this adds to the value of all property, whether in the city or adjacent thereto.

"HILLCREST"

is close to the city limits of Avon Park. Its groves are increasing in value every day. The trees are growing nicely and show a healthy appearance, making an investment with the Seaside Highlands Development Company an attractive one. In fact, one has but to see the young groves, note the painstaking care being given the trees, consider the location and then ascertain what grove properties are selling for all around us, to become convinced that "HILLCREST" is a gilt-edge proposition.

REASON, GENTLEMEN, REASON

Reason is the controlling factor in the universe. It was for the purpose of reasoning that the Almighty Creator gave mankind a brain.

It is with this face in mind that we rise to plea for reasonable efforts to enforce laws. All the laws, as well as the speed laws. And we believe it lies within the realm of the powers of the city council to advise its servants to seek a reasonable observance of every law on the statute book—with malice towards none.

Under no circumstances do we believe the police power should be used to bolster up the salaries of public officials or the city treasury. Finance has no place in our scheme of justice. Being somewhat inclined to step on the gas ourselves when the need for caution is absent, it is with somewhat of a hesitancy that we approach this subject at all. And we would not do so had we not the aid of learned jurists and a fair-minded public opinion.

Lawmakers, jurists and the public all agree that laws limiting the speed of automobiles were passed so as to furnish a "dash" that might be wielded to curb reckless driving. It was never intended to say a man could not drive more than fifteen or twenty, or thirty miles per hour. The legal foundation of these laws is the safeguarding of public life, and the only excuse for arresting a man while driving an automobile is to safeguard public life. A law saying a man can not drive over fifteen miles per hour is admittedly unconstitutional except for the implied fact that in the passage of that law, the lawmakers accepted as a fact, that such speed be dangerous.

Fraught enforcement of that law therefore must be predicated upon the basic principle and arrests should therefore be made only when the alleged speeder is endangering life and limb. Obviously on an open highway, with no other automobile in sight and no pedestrians, thirty and even thirty-five—perhaps up to forty—miles per hour is not dangerous, and therefore is not illegal. It is this fact that we ask the council to impress upon those it invests with authority to enforce the law.

When life is endangered we have no complaint against arrests. But when no one is endangered there is reason for complaint.

There is another very pertinent point that must be considered. It is the good will of our neighbors, and our visitors. Strangers within our gates are entitled to some consideration. And in granting consideration we can't see why suspension of sentences should not also carry suspension of costs.

Frankly, we can't see why a judge

shall tell a man "you don't have to pay the city, but you do have to pay me, and the marshal and the clerk." If justice is best served by leniency, assessment of the costs as they are considered in this day, is pure extortion for the private gain of a favored few.

A friendly warning to the stranger within our gates the first time he is apprehended for speeding may be likened to "bread cast upon the waters." Kind words will be returned to us many fold.

It is an easy matter in a community no larger than this to keep track of auto numbers of those warned and the second time they can be arrested and haled before the court. Few visitors will kick about paying up the second time, especially if they were actually violating the spirit and basis of the law.

The setting of speed traps, however, should be abandoned—if it has ever been started. And we feel that the council owes it to the public to cast its official frown upon this reprehensible method of regulation before it is ever started. With our new roads tempting the use of a little gas after lo, these many months of floundering about in the sand, the temptation will be strong for the setting of traps to bring in the golden ducats that pile up with the "fee" and "costs" system to bait the traffic officer on.

Let us open the door, gentlemen, to "the rule of reason."

HOKUM AND BUNK!

When we were sporting editor of the Tribune we used to write a column which we called "Bert's Bunk," but we never perpetrated anything that reaches the zenith in the bunk line as the statement we heard at Lake Wales yesterday, that if Frank Jennings isn't elected governor the citrus growers might as well

"Hang up the shovel and the hoe," and let their business go to perdition. No, sir, that's far beyond our humble ken. That's pure hokum. That's getting in the class of old P. T. Barnum's idea of humbug. And from the old showman had the right idea about the public loving to be humbugged and one sucker being born every minute.

Why, bless your soul, folks, this boy John Martin was born in that great citrus belt which gave birth to that great industry that brings its prosperity to all the peninsula today.

John Martin knows the problems of the citrus grower from those early days when problems were problems. He knows what it is to fight a pest without having any experiment station to go to for advice. That's something about the problems of the citrus grower that most of us now in the business don't know—even with all our problems today.

Why, folks, John Martin's grand father produced the first pineapple orange. John Martin was "brought up" in a citrus grove. He fought everything nearly that you fight—only in those days before experiment stations and multitudinous experts it was a harder fight.

And, believe me—if you'll permit a colloquialism—he knows how to ap-

preciate some of the great advantages that have been offered to the grower today. And appreciating them through the personal experiences of his young manhood, he'll be the most favorable person Citrus Florida could have in Tallahassee at the helm of our government.

He's got a lot more sympathy with our lot—the common bonds of a common bringing up—than any man can have who is merely interested in our friendship or in "playing square." Folks have been bawling for a South Florida candidate. Why, bless us, we've got one right in our midst these next few days. Get behind him. We may need his help.

GARDEN WEEK

Our town must be 100 per cent in everything. Every man and woman, every boy and girl, should help observe "Garden Week."

This nation-wide movement has been inaugurated to draw our attention to our yards and gardens to induce us to beautify our surroundings.

Garden Week makes its appeal to the home, and the combined homes form the town, the city, the community, the nation. A town can be only as beautiful as its individual parts. A few beautiful streets, or even a number of beautiful streets, do not make a beautiful town. A whole street may be marred by one unsightly, unkempt, disorderly yard; so a number of such places will destroy the general beauty of a entire town. Does your place help make, or help mar?

This is planting season up north but not in the "Sunny South," but with care and attention many things planted now will do as well as if planted in the fall. So do your part to aid this movement by planting flowers, shrubbery, trees—if nothing more, a flower, a shrub, a tree, give it the care and attention it requires, watch it grow, and see how much it adds to the appearance of your place, and how much it adds to your life to know you are contributing to the beauty of your surroundings by providing the conditions nature requires to do her best work.

Did you ever notice a tin—horze nestled in the grateful shade of overhanging trees, vines growing over porch and flowers outlining house and yard? Look closely. The house has no architectural beauty, in fact it is little more than a shack, yet how attractive. Flowers, vines, trees, nature's living works of art, growing down here twelve months in the year, transform a very ordinary place into a bower of beauty.

A package of flower seeds is within the reach of all. Give each child in the house some seeds and a little plot that is his own, then advise and direct, but let the children do the work. be responsible for keeping the plot in good order for watering, weeding, etc. Develop the love of beauty, the love of order, the sense of responsibility—you can not teach your children better lessons. And how they enjoy "helping things grow," how they will notice other flowers and trees, and try to make their yard as attractive as others they see. This may seem like a simple thing to do, but the simple little things have far-reaching effect.

SURPRISE MRS. GLENN MASTERS
Members of the young set surprised Mrs. Glenn Masters last Friday evening on the occasion of her birthday, going to her home en masse for an evening of jollification. She was presented with a beautiful cedar chest as a token of friendship. Bill Hyton, who left the next day for Virginia to make his home, was also honored, be-

being presented with a gold fountain pen, as a parting gift from the "gang." Late in the evening refreshments consisting of sandwiches, salad, pickles, cake and coffee were served. Among those present were: Mr. and Mrs. E. Buterbaugh, Mr. and Mrs. Howard Hughes, Mr. and Mrs. L. P. Rousseau, Misses Annie Gino, Vir-

ginia Buterbaugh, M. Kennedy, Messrs. A. Jamour, Jack Head, Dick Head, Bill Hyton, Bert Collier, Clyde Nanny, Howard Buterbaugh, Mark Lance and Mr. and Mrs. Masters.

MRS. ROY MASTERS HOSTESS
Mrs. Roy Masters entertained several friends at dinner one evening this week. Covers were laid for Mr. and Mrs. Clark Holbrook, Mr. and Mrs. Glenn Masters and son, and Mr. and Mrs. Roy Masters. A social evening was enjoyed following the dinner.

ANOKA CIRCLE MEETS WITH MRS. EPPERSON

The Anoka Circle of the Baptist church enjoyed a pleasant hour at the home of Mrs. R. C. Epperson Tuesday afternoon. The usual study of the Bible proved very interesting. The class recently completed the book on stewardship and missions and will begin the study of the book "All the World in All the Word." The study of these great books are proving very helpful and the class as a whole is much interested.

Owing to the revival, which will begin soon in the church, the weekly meetings of the Circle will be continued until the close of the services. Those present were: Mesdames Green, Gaines, Epperson, Mazzari, Green, Saggus, O. G. Whitehurst, Lee, Chapman, McGinnis, Garner and M. C. Whitehurst.

Mrs. J. V. Chapman invited the Circle to her home for the next meeting.

EASTER EGG HUNT
The Woman's Missionary Society of the Baptist church are giving an Easter egg hunt this afternoon for the Sunbeam Band, the children's missionary society.

STARS POSTPONE SUPPER
The supper which was to have been given April 22 by the Eastern Stars has been postponed until a later date.

SEBRING

Mr. and Mrs. A. C. Bryson had for their guests last Friday, Mr. and Mrs. E. J. Green of Boston, Mass., A. H. DeVane of Lakeland, and W. P. McDonald of New York City. They all accompanied Mr. DeVane to his holdings at Lake Stearns, where he is developing a large tract of land.

John P. Grace and Frank J. Wideman of West Palm Beach were in the city Monday, looking after the interests of the Florida Western and Northern railroad. Mr. Grace is on his way to Charleston, S. C., where he will spend the summer.

Mrs. I. B. Heacock, Mrs. I. E. Reidinger and Miss Emma Louise Reidinger, who have been the winter guests of Mr. and Mrs. A. C. Heacock, will leave next week for their home in Alliance, O.

Mrs. Curtis Rorebeck and Master Curtis Rorebeck, Jr., former residents of this city, now of Lakeland, and Miss Virginia Nelson of Tampa, were the week-end guests of Mr. and Mrs. Samuel Degginger.

Mrs. R. J. McMurray and Miss Josephine Brien will leave next week for their old home in St. Francisville, Ill., where they will make their future home. Mrs. Alice Brien, Miss Arzelia Brien and Master Samuel Brien will follow in a month.

Mr. and Mrs. Henry B. Lane and Miss Louise Lane, who are regular winter residents in this city, will close

their home on Ridgewood Drive and leave for their home in Saluda, N. C., this week.

B. L. Laird, Mr. and Mrs. T. V. Conway and J. Lee Johnson motored Tuesday to attend the meeting of the Associated Boards of Trade of the Sevier Highlands and the state highway beautification meeting.

Mrs. J. Betz chaperoned a company of girls on a hike to the bridge and back Friday evening after school. An appetizing picnic supper on the beach added much to the pleasure. Those who went were: Mildred Betz, Gladys Houser, Beatrice Collier, Dorothy Horn.

Senator E. J. Etheredge motored to Punta Gorda Friday to meet J. L. Cressup, state highway engineer, to urge upon him the necessity of the immediate hard-surfacing of the gaps in State Road No. 8.

L. C. Wolf of Eberle, Pa., who left here a few weeks ago after a winter in this section, writes that on April 3 the thermometer stood at 16 above zero, with snow everywhere and icicles a foot long.

Mr. and Mrs. Walter W. Wright, who have been here for the season, closed their winter home on Oak avenue, and left Wednesday for their summer home in Michigan on the St. Clair river. They are making the trip by motor.

Mr. and Mrs. E. W. Monahan, who have been spending the winter in this city, are the guests this week of Mrs. Monahan's sister, Mrs. George But-

ler, at Lone Pine Farm on Lake Jackson. From there they will go to their home in Boston, where they will stay for the summer.

Word has been received in this city of the critical illness of Fred J. Hamilton at his home in Elton Rapids, Mich. Mr. Hamilton, with Mrs. Hamilton and Miss Josie Hamilton, left Sebring two weeks ago, after spending the winter here, and he was stricken with paralysis following an emergency operation performed a few days after his arrival. Miss Naomi Andrews, a nurse who lived with them during their stay in this city, was called there Friday.

Capt. R. C. Pringle, who had expected to start north Tuesday with Mrs. Pringle on a leisurely motor trip was called to Chicago Saturday or business. He hopes to return in about ten days, to begin his belated homeward journey.

Miss Katherine Rauhman, Miss Louise Lane, Miss Elma Hulbeck, Dan Andrews, Russell Russo and Mr. and Mrs. F. T. Itziansky spent the week-end with J. L. Ivey at his home at Lake Stearns.

Mr. and Mrs. Levi Buterbaugh, who have been visiting in this city for several weeks, left Sunday for Tampa, where they will be the guests of friends before going to their home in Argus, Ind.

Ernest Buford of Tampa spent Friday and Saturday in Sebring, the guests of Mr. and Mrs. S. R. Hart at their home on Oak avenue.

Mrs. W. E. Otto of Shalott, Mich., and her daughter, Mrs. C. L. Pierce of Calumet, Mich., who have been spending the winter in the Buterbaugh cottage on Pine street in this city, left Wednesday morning for their northern homes.

MUSIC DEPARTMENT MEETING REAL TREAT

Miss Furlow Anderson, chairman of the music department, presided at the meeting last Friday. Routine business occupied a short time. Mrs. W. W. Wolf was appointed chairman for June, with Mrs. Walden and Mrs. Moffett as assistants.

Those in charge of this month's program not being able to serve, Miss Anderson had arranged the program for the day. Making selections from operas that are to be given during grand opera week at Atlanta, a very high-class program resulted, and with some of the local fine musicians taking part, as one member remarked, "We do not have to go to Atlanta to get grand opera."

The music department is justly proud of the talent of its membership, and hopes to develop into an organization that can bring or produce the very best music right here in Avon Park.

A glance at the program will show what a music treat it was. Each performer deserves special mention, so well did each one take her part. Instrumental solo, Variations from "Il Trovatore," Miss Margery Lacey. Vocal duet, "Home to Our Mountains," Miss Treavor, Mesdames Chapman and Waller. Reading, Current Events, Mrs. Graves. Vocal solo, "How So Fair" (Martha), Mrs. Waller. Vocal solo, "The Palms" (Jean Baptiste Fauré), Mrs. Chapman. The annual meeting of the department, with election of officers, will occur the second Friday in May.

CHARLES MOFFETT, JR., CELEBRATES BIRTHDAY

Charles Henry Moffett, Jr., celebrated his third birthday anniversary Friday afternoon with an Easter party. A number of games for little folks were played and made the afternoon a merry one after which they were invited into the dining room for refreshments.

Centering the table was a beautiful birthday cake with its three tiny candles. This was cut and served with ice cream.

Among the little tots present were: Jane Hartt, Donald Todd, Ryland

MISS ABLE ENTERTAINED SENIOR CLASS MONDAY

Miss Alta Khea Able was hostess to the members of the senior class Monday evening at her home on Butler street. The affair was a get-together social for the purpose of composing the class song.

The living room was decorated in the class colors, red and white, red roses and carnations, and white geraniums being used to advantage. Conversation and singing of popular songs, with piano and saxophone accompaniment were the main diversions of the evening, which was so thoroughly enjoyed that the memory will linger long with the participants after their paths have parted.

Late in the evening the hostess, assisted by her mother, Mrs. A. H. Able, served dainty refreshments consisting of punch and a salad course. Those present on this happy occasion were: Misses Nona Mae Cresce, Lois Wood, Myrtle Conoley, Nordica Lengdon, Marnie Barnett, Alta Khea Able, Ella Wray, Bernard Clark, C. R. Ginn, Jr., and Eldred Starkey.

PARTY COMPLIMENTING MRS. C. R. PEREGRINE

Mrs. C. P. Anderson entertained with a lovely card party Tuesday afternoon at Lake Eyre Lodge, complimenting her sister, Mrs. C. R. Peregrine of Pittsburgh. The beautiful roses and spring garden flowers, which were used in decorating enhanced the natural setting of the lobby and were much admired. There were seven tables of players, including members of the Bridge Club and the Five Hundred Club and other guests, who enjoyed Mrs. Anderson's charming hospitality.

The games were very interesting and the afternoon was one of real enjoyment. At the conclusion of the play the hostess served dainty refreshments consisting of ice cream, cake and coffee. The favors were appropriate to the season, being miniature bouquets done up in waxed paper and tied with white ribbon. Upon being open it was found they were Easter candies.

Reck, Frances Cloud, Glenn Masters, Jr., Buddy Trent, Mary Lydia Stebbins, George Ellwell, Joe Lacey and Phyllis Moffett.

As Flowers

Spring garments remind one of exquisitely beautiful flowers. Knit blouses like soft peach blooms; frocks like delicate, snowy Easter lilies or colorful as beds of iris. Some of them seem to have the fragility of flowers, too. They require attention and care to keep them always fresh and lovely.

Sending them here for our expert attention insures their daintiness and fresh appearance. Like the dew freshens and revives the flowers, our methods of cleaning enlivens the fabric, adds life and lustre to the most subtle and delicate colors, and keeps your garments always fresh, clean and dainty.

IN THE EXTENSIVE AND INTENSIVE PLANNING OF

HOLLYWOOD

BY-THE-SEA

every new idea and modern plan that could be found—that was practicable—has been introduced.

THE FIRST CITY IN FLORIDA

to start with the zoning system established—the same plan that is in use in Chicago, Cleveland, Indianapolis and other progressive cities.

Under this plan none of the different features of this modern city can overlap on each other. There are retail business zones—manufacturing zones—hotel and apartment house zones—residential zones—and only the buildings specified can be erected in these zones.

WIDE STREETS

are an absolute necessity in these days of innumerable automobiles, motor trucks and motor buses, and HOLLYWOOD-BY-THE-SEA has supplied them in an unstinted fashion that will be emulated by every new city in the country.

THE WIDEST PAVED STREETS IN FLORIDA

Hollywood Boulevard, 120 feet wide, paved 92 feet from curb to curb, with 14-foot sidewalks; two 70-foot streets and no street less than 50 feet in width. Everything else in HOLLYWOOD-BY-THE-SEA is based on the same magnificent proportions.

That the residents and summer visitors to Florida may have an opportunity to see this wonderful new city for themselves—the delightful FREE sight-seeing trips in our Deluxe Buses, that have proven so popular this winter, will be continued all summer weekly from Avon Park to HOLLYWOOD-BY-THE-SEA and the East Coast, including Miami. For full information fill out and mail the coupon.

Mr. J. L. Yonce, Local Manager,

Change of Life

"When change of life began on me," says Mrs. Lewis Lieber, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal of pain in my back and sides. My limbs would cramp. I didn't feel like doing any work, and there were so many steps for a woman to take on a farm. I was very anxious to get better. A friend recommended

GARDOL
The Woman's Tonic

to me and I began using it. I certainly improved. I went through change of life without any trouble. I can highly recommend Gardol.

At the age of about 40 to 50 every woman has to pass through a critical time which is called the Change of Life. At this time, great changes take place in her system causing various painful and disagreeable symptoms. If you are approaching this period, or are already suffering from any of the troubles or symptoms, take Gardol. It should help you, as it has helped others.

OUR
GREETINGS
FOR

EASTER

SUNDAY
APRIL
20TH

On this glorious occasion when all Nature returns with renewed life, when the birds, the flowers, the whole landscape bursts forth with the buoyancy and beauty of Spring, it is proper that each one of us put himself in tune with Nature. Those new things that you have been waiting to get for both yourself and your home should be delayed no longer. Before you is the week of "last minute shopping." Anxiously you are scanning every window now for the Suit or Dress of your heart's desire.

SPRING FROCKS

See our charming Easter Dresses. Such a variety of original styles as you can find here this week. Come in and see the display for yourself. Remarkable for their splendid style and genuine value.

PRINTED CREPES

Some of the smartest frocks this season are gray printed silks with scarf to match. They are fresh and brilliant in coloring and are in a variety of original patterns. 40 inches wide and we are selling them at \$1.50 per yard.

SPRING SWEATERS

An ideal silk lightweight sweater for spring and summer wear, in all the accepted colors. Just the thing to wear with light dresses. Unusual value at \$7.50.

KNITTED FROCKS

Of linen and artificial silk is the new offering which obviates stretching and gives them a prestige in comfort and service. They come in either long or short sleeves and are wonderful for general wear.

UMBRELLAS

They are special sun and rain umbrellas with silk and cotton covers. Special carved handles with side straps or loop. Amber tipped and stub ends. In navy, green, purple, brown and garnet, \$2.25.

EASTER FOOTWEAR

The constant replenishing of our Springtime Footwear assortments makes choosing always interesting. The styles just arrived have those ideal features for shoe charm, practicability and moderate pricing.

Men, too, wish to put their best foot forward in the Easter parade, and we are well prepared to meet the demand for dress or sport shoes in all white, black, brown or combinations.

Every man is desirous of neatness and attractiveness in his Easter attire, not only in the selection of a handsome suit, but the wearing of just the right kind of shirts, collars, hats and ties to match, of which our store is well stocked.

Easter Suits in nice light weight materials, from \$10.00 to \$25.00.

Ask to see our white flannel special in trousers.

PIGEON HOSIERY

Pure dye thread Silk Hosiery in a well known brand, shown in a full range of new shades. Special at \$1.75.
