Now for an athletic field.

An' say, Let's pass around the hat and tip old Juv. Pluv.

You know, it's a neighborly bunch that lives down this way.

Don't guess many folks thought we were dead July Fourth.

While other towns were having their duels, it was safe and sane in Avon Park.

If Avon Park real estate is good for the outsider, how about a little for the local fellow?

Ought we be ashamed of anything? Yes. Those two-by-four streets leading into Main street.

The safety zone was a great advantage for the visitors. We must remember that next time.

Seen! how we handled that throng July 4, why not let's go after the next American Legion convention.

About the only evidence we find of "hayseed" in Avon Park is the idea that all the money to be made in real estate is on the east coast. And have you noticed how the exploiters hunt the "country town" to find its suckers.

AN ENVIALE RECORD

If it is the desire that is news, then basing things on the popular conception of fourth of July celebrations, as exemplified by the city last Friday, the Avon Park celebration was the biggest news event of the day. For when more than 5,000 people gathered in a city like Avon Park and celebrate for twelve hours without an untoward incident, not an accident, not even a "rough house" the sponsors can well be proud of the day's work. Avon Park has much to be proud of that it learned about on the Fourth. First, of course, our part of the American Legion. The legion made the celebration. Until those boys took it over the sponsors were not promising but when the Legion grabbed hold things began to look different.

Second was the way the community responded. Whole-hearted, enthusiastic and loyal co-operation with only one or two rare exceptions—was given the legion plans by business men, professional men and all the city.

Third was the way South Florida responded, especially the sections adjacent to Avon Park. It shows the possibilities here for future building. It is indicative of a good feeling towards Avon Park which will mean much to us in the building of a metropolis. We have a right to be proud of the friendships the city showed us.

Fourth was the publicity the celebration brought us. The Avon Park celebration elicited more publicity notice in Tampa and Jacksonville papers than all the other celebrations in the state put together. Even the subsidized Okeechobee celebration with its paid publicity agent failed to secure as much publicity as the Avon Park celebration. That is evidence that the men who edit the news in Tampa and Jacksonville feel they can rely on statements coming from Avon Park; feel that Avon Park makes good what it promises. It is encouraging to have folks that far away show a faith in our Legion plans and our community's pledges.

WE LEARN

By the lessons we learn, we build for tomorrow. And mid all the glory of the celebration here July 4, we will do well to check up and learn our shortcomings.

It is inconceivable after the traffic exhibition Friday that the city council will persist in its policy of narrow streets leading off of Main street. It is not only inconceivable it is criminal. There is still time to remedy the defects in all but one of these streets. Three of them are still to be asphalted.

If we are to look towards the future at all. If we are even to contemplate another similar celebration, let us not overlook this traffic factor. Penny wise is pound foolish.

whether it is in city government or business.

Now is the accepted time. Never was there more for an athletic field more evident than Friday. Why not include provisions for this item in our plans for next extension?

We have no right to invite six thousand people here and then offer them no place of vantage terminating them to review the sports events and other pleasures of the day.

No one will suggest abandoning this celebration. Then no one has any right to suggest postponing provisions for an athletic field. If we are going to entertain our neighbors, we must first take care of the hostesses already doing, provide a place for entertaining them.

An athletic field is essential if we are to take our place among the cities of the state.

No one will suggest abandoning this celebration. Then no one has any right to suggest postponing provisions for an athletic field. If we are going to entertain our neighbors, we must first take care of the hostesses already doing, provide a place for entertaining them.

Next year! Realizing that it means work, for he who just least that it does. But realizing the results all the more clearly for having just seen them, why not start right now to make it even bigger and grander July 4, 1925. What say?

GOING AT IT RIGHT!

There is a right way and a wrong way to do everything. And this in building a city. The people of Florida communities have learned by bitter experience the right way to go about a municipal improvement program, and we are glad to see Sebring profiting by the experience of others. We hope later to see Avon Park do likewise.

Facing the necessity for water extension, a sewer system and paving the streets, the Sebring city council has gone about the business at hand in the most businesslike manner.

Not being engineers themselves, the councilmen haven't been noticed trying to put a large growth and his recommendations point to the necessities of a city of eight hundred to one of five to ten thousand, and are based on a foundation of fact.

They went out and hired an expert, and based on his report they have asked the people of Sebring to bond themselves for the cost of the water system and sewer system, part of which can be put in now and the balance for necessary extensions when the time arrives.

He has been at the Avon Park school trustees did, planned for the future, while building for today. The engineer himself went about his business like it should be gone about. He got the statistics at hand, he figured on a large growth and his recommendations point to the necessities of a city of eight hundred to one of five to ten thousand, and are based on a foundation of fact.

With such procedure, with councilmen following expert advice, the public will be well served by the value received will still be serving the public long after payment is finished.

FOUR YEAR FEAR

There is no logical reason why the election of a president, a lower house of congress or perhaps one-third of the upper house should have any disturbing effect on the business of the nation. But with the adoption of a got along very well under the constitution for some hundred and forty years. In our earlier days conditions were chaotic, there was no such thing as a currency, for the value of American currency was less than there any currency in the world. But with the adoption of the Constitution there began a reign of orderliness and growing stability that has never ceased.

Political croakers from time to time have sought to frighten the people by forebodings of what was to happen to the nation if this, that, or the other candidate were elected or if this, that, or the other policy became the policy of the nation. The plain fact is that no matter what has happened, America has continued its onward march. The people have grown more prosperous, the happiness of the people has been greater; their vision wider; their charity more.

all embracing and their patriotism more deeply rooted.

Politics is a necessary factor in our lives. There must be government. There must be parties, elections and rivalries. Out of this maelstrom of thought comes our advancement. Let us hope the American people will have enough balance to realize that the constructive elements in our political struggle should pay attention to the constructive elements in our political struggle. Let us hope the American people will have enough balance to realize that the constructive elements in our political struggle should pay attention to the constructive elements in our political struggle.

WHEAT, CORN AND PANTALETTES

Wages in the clothing industry are today two hundred to two hundred and fifty per cent higher than they were prior to the strike. The sweeping advance is called to attention as typifying conditions regarding labor costs generally, so that we may realize how unlikely is any readjustment to a point where it will consume every cent of living. The manufacturer has been compelled to cut prices to the bone, and the consumer has been forced to pay more for the same goods.

Often it is said the capacity of American manufacturing industries has developed to such a point that absorption and that we must have exports to take care of our surplus. The problem to which our economists and politicians need most to address themselves, once solved we need have no need to worry over our lack of export markets. The answer is to put the surplus to use in a readjustment of values with a realization that wheat and corn are of more value than pork or blue silk pantalettes.

Let's see a POLICEMAN APOLOGIZE! We have reached a pretty pass when Senator Walsh of Massachusetts must be forced into a position of apologizing for the actions of his police or when any man must defend himself for disclosing conditions that exist in the police force of the city. If this sort of criticism be permitted to continue we shall have the spectacle of our police chiefs being compelled to defend themselves for running down crooks. Defense of course implies attack. It would be interesting to learn what the Senator has to say about the Americanism of the Senator from Massachusetts.

Farmers are busy this time of the year and yet nobody is ever too busy to make more money—say about \$4 an hour. In short, how much paint is left on the weather side of your house? It costs twice as much to build now as when you did. Painted houses and barns last anywhere from as long as houses unprotected from the weather. Averaging farmers the country over, their houses last about as long as the paint. Farmers think they are too busy to bring tools and implements under cover. But certainly in the fall all implements can be put under cover and through the summer a few canvas tarpaulins, to spread over the most expensive machinery, are money makers. Farmers' houses and tools last about half as long as they should because they are not repainted, and not given ordinary protection from long seasons of bad weather.

PLAN ANTI-TICK MEET Florida has a large area of land which is adaptable for diversified farming. The United States has a necessity in diversified farming, and until the cattle fever ticks are eradicated the farmers are working under a severe handicap. Even the farmers growing watermelons have recently faced embargo on shipments packed in pine straw from quarantined territory. The doctors of the Florida Development Board recognize that this situation demands thoughtful consideration by the leading business men of the state, and shortly there will be issued a call for a state-wide meeting, the place and date to be determined, to get the best thought of the people as to ways and means for speeding up the tick eradication work in the state.

THE FORUM

TIME TO GET BUSY

In the last issue of The Pilot it was suggested that the town council should have a meeting on the subject of street corners. It's high time we were doing this. At present they can be seen only on the town map and most of our home folks will be surprised to learn that the founder of Avon Park was far-sighted enough to provide streets and avenues for a million people. Fortunately new streets intersect the new state road to the west from Main street, to the cemetery they are only 570 feet apart. Only Main street is available at present but that is soon to be asphalted, to double its present width while Pleasant street, one-quarter of a mile north is being asphalted or clayed from the state road to Lake Verona and to its name will be a pleasant diversion from Main street. Our town promoters also reserved parks for public use. One on Walnut street, 600 feet south of Main street and another half block north of Main street. These parks are each as long and three times as wide as the block between them. A great blessing these long summer days to women and children if planted with shade trees. Originally there were four of these parks but the city council has decided that it is now of vital importance that these parks be saved and developed for the benefit of the community. system, the election calling for \$15,000. But are quite inadequate to the present needs of the city, and the rapid growth and the passage of this item imperative. Sewage calling for an appropriation of \$30,000 was also discussed. The board used facts and figures as given by Paul H. Norcross, the engineer who made the specifications for the city. Mr. Norcross advised the installing of a sewage system in the central part of the city, at least, where the congestion is the greatest. Several large hotels in this district make the necessity for sewage an early need, nothing but the sandy nature of the soil having saved that part of the city from the nuisance of defective disposal.

Glendon Jaeger, who was for many years supervisor of playgrounds for the city of Philadelphia, spoke on the municipal play, and for the last of his talk estimates furnished by D. A. Fries of Bradenton who built the Sarasota pier, a permanent pier of concrete with reinforced concrete piling, could be built according to his figures for less than the \$50,000 set aside in the bond for this purpose. The architect's suggestion that the pier be built flush with Lakewood Drive, the portion under the approach being used for bath houses with general approval. The pier is to be 400 feet long, 100 feet wide at the outer end, and 65 feet wide the rest of the distance. A pavilion, a drive for automobiles, a recreation hall, and many devices for water frolics are to be attractive features.

The municipal golf course was discussed by T. V. Conway, who is consultant for the city. He said that towns through his position on the reality board. He spoke of the popularity of golf, and the need of the country, especially among the class of tourists that come to Florida in the winter. The golf course was a desirable addition to any place, and the expressions among the people who spent last winter in the city and who used the Kenilworth course were very favorable towards a municipal course. He quoted Dr. J. M. Anderson of Wilkesburg, Pa., who is a regular winter visitor, that a large property owner in Sebring, who has written repeatedly to the

The hundred yard dash was captured by D. V. Farris, of Avon Park, and gathered in a pair of shoes from Park Mercantile Company. Charles Sherman, of Sebring, won the 60 yard dash with its prize of a pair of shoes from Smith McGinnis Co. Huberdasher, and the potato race went to Geo. Eastwood, of Sebring, carrying with it, a pocket knife from the Avon Hardware & Furniture Co. Turning to West Beach, the throng jammed the waiting spot as it has never been jammed before to see the water sports and the aquatic exhibition by Joe Lander and Beatrice Bass. Jack McQuarrie of Avon Park, won the fancy diving contest getting a box of collars from Roberts, Huberdasher.

Warren Bartleson, Lake Wales, won the 100 yard swim, getting a fishing rod from Smith McGinnis Co. Jack Farris, of Avon Park, won the 60 yard dash with its prize of a pair of shoes from Smith McGinnis Co. The girl's race was won by Wilma Roberts who received a dress from Park Mercantile Co. The boat race was won by Leigh Park, who got a hat from Ott & Son.

Following supper time came the fireworks, the splendor of which even a downpour couldn't dim. For more than an hour the magnificent pyrotechnic displays rose over the shimmering waves of Lake Verona while all about its shores crowded the remnants the greatest throng that has gathered in the Seenic Highlands. The band concert following the fireworks and the plans of the Sebring K. K. K. were "rained out" as was the award of the automobile by the Legion. The auto award was announced for Tuesday night and Mrs. J. B. Davidson was the lucky winner. She secured her piece of pastebord about ten minutes before the award was made from A. K. McGinnis after Mr. Davidson, who already had several decided he had enough.

board of trade urging that such a course be built. He has offered to do his bit financially toward getting it, and has named many other prominent Pennsylvanians whom he corresponds with, and who also come to Sebring, as being highly in favor of it. With the donation to the city of the land necessary for an 18-hole course, 160 acres in all, Mr. Conway stressed the urgency of voting this issue. The election call for \$45,000 for the construction of a nine-hole course, with water system sufficient for an 18-hole course. This appropriation would also cover the construction of a baseball diamond, and other provisions for recreation. One hundred and sixty-four members would, he stated, insure the cost of maintenance, and be offered to secure 150 of this number within a short time. The nine-hole course was not only a self-supporting, but would be a source of revenue to the city in a few years. He said that the matter of bond issues was largely a matter of education to the need of improvements, and he urged each member to use his influence to winter. The matter of securing a park secretary came up. The board of governors was given a vote of confidence in the matter, and they immediately went into executive session to vote on this question. The meeting then adjourned until the next day, when a noonday luncheon was slated at Hotel Nan-ces-o-wee.

One of the most persistent advertisers in the history of success was Robinson Crusoe. He knew what he wanted—a shirt—and he put up an ad for one. He hung a shirt on a pole at the top of his island; that, in the language of the sea, was plain to every sea-faring man.

The circulation was small—there was no other medium, but Crusoe kept at it, despite the fact that he got no inquiries for a long time. He changed his copy—as one garment after another was frayed out—and in the end got what he wanted.

Suppose Crusoe had taken down that signal after a time and declared "Advertising doesn't pay." Where would he and his story be now?

Put up your signal and keep it there. Crusoe advertised under very peculiar circumstances. You've got a sure thing—it is only necessary to have the patience, persistence, and pluck of Robinson Crusoe—and the good ship "Better Business" will

BUY REAL ESTATE TODAY, ON THE NEW GULF-ATLANTIC SCENIC HIGHWAY

Common sense will tell you that with the opening of the new Boulevard from St. Petersburg and Tampa, on the Gulf, to Palm Beach and Miami, on the Atlantic, properties will increase in value immensely, located along this Highway. Prices will be increased with the greater demand caused by the coming of new people, and the development of new sections. The time to buy—along this Boulevard—is RIGHT NOW, when prices are low. You will find that property purchased NOW, at a nominal figure, will in a short time, double in value. Don't look for the Grail way off somewhere, its right HERE!

DESOTO CITY offers a beautiful location, with wonderful opportunities, in one of the highest sections of Florida, and around the shores of one of the very few lakes of Florida having high banks. The town is well planned, and certain restrictions enhance the value of property. Lake front lots face on the new Boulevard, and a few of these still remain unsold. Lake view lots, also on the Boulevard, command an excellent view of Red Beach Lake, with its beautiful surroundings and abrupt banks.

Now is The Time to Buy

at DeSoto City, where the Scenic Highway leads up and down among the rolling hills—the highest in Highlands County—and around Red Beach Lake.

Rich Muck Lands, Fruit Lands, and real Farm Lands, lie adjacent, and there is genuine value in every bit of property here.

DeSOTO CITY

is growing now, and is destined to become one of the most beautiful residential sections of the State. Money can be made in any buy here, and it will be made through steady, substantial growth. This growth will bring opening of new territory, acreage into lots, lots into homes, and increase of values. Growth, and the building up of this new section will determine values.

Our Guarantee

It takes about fourteen years at good interest, for money to double itself. WE WILL DO BETTER THAN THAT. IF YOU BUY IN DESOTO CITY NOW, AND PROPERTY IN DESOTO CITY HAS NOW AT LEAST DOUBLED IN VALUE, IN FIVE YEARS, WE WILL REFUND THE MONEY YOU PAID, WITH EIGHT PER CENT INTEREST. Can anything be fairer than that? BUY NOW! Visit the office of the DE SOTO REALTY-SERVICE CO.—WE WILL be glad to show you this beautiful property.

MISS BAKER ENTERTAINS

YOUNG FOLKS

Mrs. Hollis Baker was hostess to a company of young people Monday night in honor of her cousin, Miss Barbara Greeley of Jacksonville who is her house guest. Bridge and mah jong were the diversions of the evening, and a most delightful time was spent. Dainty refreshments were served at the close of the games. Those who were included in the guest list were: Miss Esther and Sam Saunders, Miss Mary Cornelia Saunders, Miss Elizabeth Perrine, Miss Charlotte Varena, Miss Emily Patrick, Miss Anna Bogie, Miss Emily Auld, Miss Faye Christy and Mrs. D. W. Stevenson.

MISS PATRICK HOSTESS

Miss Mary Patrick entertained with a charming evening party Tuesday in honor of Miss Charlotte Varena who left next morning for Chicago where she will spend her vacation. The time was pleasantly spent at bridge and mah jong, the hosts serving refreshments late in the evening.

VISITING PHOTOMOTORS ARE

DELIGHTED WITH HIGHLANDS

Sebring had two distinguished visitors this week who stayed a day longer than they planned because of the beautiful weather and the surrounding country of such great interest. Mrs. Maude L. Ballard of Tampa, and a C. C. Moore of Chicago were registered Wednesday, Thursday and Friday at the Nan-cen-see. Mr. Moore having accompanied B. L. Laird to this city on his return from a trip to Manatee and Sarasota counties.

Mrs. Ballard was agreeably surprised at the progress made by Sebring since her last visit made three years ago. The growth of the city and its advancement in every line were sources of wonder to her, and she predicted great things for its future.

Highlands county, she said, had always been most attractive to her. Its picturesque beauty, its fertility and variety of soil were certain to place it high in the ranks of Florida's rich country.

Mr. Moore, who looks after the estate left by his sister, Mrs. Potter Palmer, and who himself owns vast tracts of land on the West Coast and in Polk county as well, was amazed at the magnificent scenery along the state highway and at the richness and variety of the soils. He spoke of Sebring as one of the most charming of Florida's smaller cities. He was most enthusiastic over Lake Wales and the beautiful body of water which is one of the city's greatest assets, and which they returned back to Tampa Friday.

Mrs. Ballard and Mr. Moore accompanied Mr. Laird to the south of the county Thursday on a sight-seeing tour to Fort Valley. Both were very optimistic over the possibilities of this attractive new town, and over the unique features which characterize the offers made to settlers.

Mrs. Ballard expects to give Highlands county some valuable publicity this winter, and both expressed a desire to return soon to see a wider radius of this famous Ridge section. In company with Mr. Laird they returned back to Tampa Friday.

GLEE CLUB HONORS

MISS MIRIAM WOOD

The regular meeting of the Glee Club was held Monday evening at the school auditorium. Miss Marjorie

Lacey and Leonard Francis were hosts to the club on this occasion. At the close of the musical hour a hand-

kerchief shower was given Miss Miriam Wood, a popular member of the

club, who is to be married this month.

The shower was presented in a very unique way. Fred Lay in bring-

ing a small paper umbrella announced that he wished to return

Miriam's umbrella which he had used for the shower. As Miss Wood took

the umbrella she was showered with many pretty handkerchiefs.

Late in the evening the hosts served dainty refreshments of orange

punch and sandwiches. About thirty young people were present and enjoyed the evening.

Gilt Frames: After the water in which onions have been boiled in

cool, try using it for cleaning gilt picture frames. It will remove all

specks and dirt and will brighten the frames.

Hodge from Oberlin, Ohio; Miss

Manson of New York City, the two

Mrs. Drakes from near DeSoto City, and L. T. Andrews of this locality.

This enjoyable affair was topped off later in the afternoon with a delicious

forty-four pound watermelon, raised by Dr. C. F. Hodge.

M. H. Gribble of Avon Park was a

club business visitor in this section.

Mr. and Mrs. Henry Wells from

Wauchope spent the fourth, in camp, on Buck Lake.

Lawrence Broadway of this section

celebrated the fourth at Haines City accompanied by Sebring friends.—B. B.

Patrick and Mrs. Ira Ridgdon.

MISS "UNCLE" FRED CASWELL

The entire personnel of the business district of Sebring is missing "Uncle" Fred Caswell, who left Saturday morning for his former home in Sebring, O. He was a general favorite not only on account of the exacting care which he bestowed on the city's streets and banks, whose immaculate condition was due to his unceasing labor, but because of the cheerful, pleasant and pleasant which were a part of him. No matter how hard and long the day, he would be seen at his post, his light a dark night. The patients in the hospital, and as many of the city's sick as were within his circle of acquaintance, were always greeted with a word of cheer and a kindly and timely gift offered quietly and unobtrusively, made life easier and pleasant for someone. No plea for help was ever made in his vain. "Uncle Freddie" will carry with him to his home the good wishes of the entire community, who bade him a safe journey and speedy return.

J. A. Guess has returned from an auto trip to Tampa and Bradenton. At the latter place he was the guest of Mr. and Mrs. J. M. Watts, former Sebring residents.

Dr. and Mrs. H. W. Kirby and Mrs. E. C. Wright were the guests over the fourth of Dr. and Mrs. W. Jones of Avon Park.

Herbert C. Gearing, a prominent banker of Fort Grand, spent the fourth with his family who are visiting in this city, the guests of Mr. Gearing's parents, Major and Mrs. J. E. Gearing. He returned to his duties Monday, though his family will remain for some time longer.

next few weeks, while Mr. and Mrs. Loomis and family are visiting at Daytona and their former home. The Kennedys are being welcomed to Avon Park by many friends who hope they will decide to make the Ridge metropolis their permanent home.

"Mickie" Heath and L. W. Taylor and family were motor visitors to Lakeland Tuesday, transacting business in the Polk county metropolis.

Among the visitors here last week were Mr. and Mrs. Frank R. Miller and family of Mulberry, Mrs. Rosa Blanton and Donnell Blanton. They were guests of Mrs. Gilbert Freeman. Mr. Miller has the distinction of being one of the few Republican mayors in the south, though he admits the Phosphate Hub didn't figure that in the election.

Mr. and Mrs. Albert Ellison and Mr. and Mrs. B. M. Davis and son drove to Lake Stearns Sunday and enjoyed the day in that thriving little city. They report plans for the big Devane-Stuart development there are going right ahead.

Heading north this week are Mr. and Mrs. Max Wilde and six children who will spend several weeks at Monticello with friends and relatives. It will be late in the summer before Mrs. Wilde and the children return.

Mr. and Mrs. C. H. Shepherd and children are leaving this week for Washington and other points in the east where they will spend several weeks' vacation.

GROVE DEVELOPMENT CO.

BARN BURNS—LOSS \$2,500
Fire of unknown origin completely destroyed the barn of the Grove Development Company at a late hour Tuesday night. The structure was 40 by 80 feet, and was used to house the mules and part of the machinery belonging to the company. It was situated about half a mile off the Sebring-Avon Park road. When discovered, flames were breaking through the roof. The fact that all the animals were not burned is due to the fact that they are not confined in stalls, but have free range within the coral adjoining the barn. The entire loss including the loss of the mules, is estimated at \$2,500, covered by insurance. The fertilizer shed and the building containing the spray outfit were saved by neighbors who came to the assistance of the tenants on the Grove. The company is headed by John H. Garst of Sebring.

HEALTH AND SAFETY DEMANDS VOTING BONDS

(Continued from Page One)

the citizens of this county would have everything to make life pleasant and profitable.

H. O. Sebring who has just returned from a business trip through the north, said that conditions were far different than in by-gone years. Through the favorable advertising given the state by Brisbane in his editorial, by Kenneth Roberts by his articles in the Saturday Evening Post, and by the big league teams who wintered here, Florida was known among northern people as it never had been before. He took it as a good omen for future business, and urged that the city prepare for an increase in population. The next meeting will be held at the Royal Cafe.

MRS. HECK HOSTESS AT NON-CLUB PARTY
Mrs. Herbert Deak was hostess to the members of Bridge Club and their husbands Saturday evening at their home. A few other friends were also guests on this occasion.
Pink and white roses, crepe myrtle and pink hibiscus were arranged in charming fashion in the reception room. Four tables were arranged for bridge.

After several rounds of this interesting game, prizes for high scores were awarded to Mrs. W. P. Kennedy and Norton Smith.

Throughout the evening punch was served and later refreshments of ice cream and cake were enjoyed.

Those present on this delightful occasion were: Mrs. and Mrs. Earl Hartt, Mr. and Mrs. C. E. Lantier, Mr. and Mrs. Carlos Skipper, Mr. and Mrs. E. G. Todd, Mr. and Mrs. Will Ham Rock, Mr. and Mrs. Norton Smith, Mr. and Mrs. W. P. Kennedy, and Mr. and Mrs. Herbert Rock.

MRS. LANIER ENTERTAINS BRIDGE CLUB
Mrs. C. E. Lanier entertained the Bridge Club and a few other friends Wednesday afternoon at her home on Verona avenue. Roses and pink hibiscus added to the attractiveness of the living room where the guests assembled.

At the conclusion of the card game the hostess served dainty refreshments of caramel ice cream and cake, while refreshing punch was dispensed throughout the afternoon. The guest list included Mrs. Herbert Rock, Mrs. E. G. Todd, Mrs. E. Godwin, Mrs. Carlos Skipper, Mrs. Earl Hartt, Mrs. W. P. Kennedy, Mrs. H. Able, Mrs. S. Y. Hartt, Mrs. C. P. Anderson, Mrs. W. M. Rock, Mrs. J. D. Raab, and Mrs. Thomas.

LAST MEETING OF SUMMER FOR MUSIC DEPARTMENT
HELD FRIDAY
The Music Department of the Woman's Club held its last meeting of the summer last Friday evening at the Masonic Temple. A very interesting program was presented and later a social hour enjoyed, when wafers and punch were served.

MRS. CHAPMAN ENTERTAINS HER MUSIC CLASS
Mrs. J. V. Chapman entertained the members of her music class one day this week at a splash me party and picnic. The scene of this jolly outing was the home of Mrs. Chas. Shepherd on Lake Verona.

Those enjoying the affair were Misses Shirley Brown, Selma Shepherd, Barbara Weaver, Gwendolyn Weaver, Lora Lee, Dorothy Weaver, Martha Weaver, Kathryn Sargent, Mrs. Chapman and little son, Judson Chapman.

LAWSON-WOOD NUPTIALS
The marriage of Miss Miriam Wood and Mr. Raleigh Lawson was solemnized Monday, July 14 at 7 a. m., at the home of the bride's parents, Mr. and Mrs. C. W. Wood on Verona avenue.

The ceremony was simple but very impressive and was performed by Rev. T. O. Baldwin in the presence of relatives and a few close friends. The bride was a picture of girlish beauty in her wedding gown of blue crepe de chine with silver lace trimmings.

Immediately after the ceremony the young couple left in their car for points of interest in North and South Carolina where they will visit for several weeks. The bride's traveling costume was a beautiful model of gray canton crepe with accessories to match.

Mrs. Lawson is the youngest daughter of Mr. and Mrs. C. W. Wood and is popular with a wide circle of friends.

Mr. Lawson is the son of Mr. and Mrs. S. H. Lawson and is a prominent fruit grower.

The many friends of the young couple join in extending congratulations and wish for them much future happiness.

MASTER JOHN JACKSON, JR., LANDS LARGE FISH
While a guest of Mr. and Mrs. W. D. Sparks at their home in Sebring last week, Master John Jackson, Jr., proved himself a great little fisherman. He hooked a twenty-seven inch catfish and a thirty-three inch shark and with a very little assistance from Mr. Sparks landed them. Mr. Sparks is an ardent fisherman and was very proud of his young protegee.

DORCAS CIRCLE HOLDS INTERESTING MEETING
The Dorcas Circle of the Baptist church met Tuesday afternoon with Mrs. A. D. Roberts, Mrs. T. O. Bond and Mrs. Martin had charge of the business meeting. Thirteen ladies were present and a collection of \$3.80 was taken.

Those present were: Mesdames A. D. Roberts, J. P. Bond, E. P. Martin, C. H. Baldwin, L. E. Nieves, W. A. Hatchell, L. D. McElhenny, R. P. Martin, W. A. Gilroy, E. E. Higgins, W. J. Epperson, J. H. McClelland, Miss Genevieve, Miss Winnie, Lee Hatchell and little Patsy Rae. Merion were visitors on this occasion.

At the tea hour the hostess served sherry and cake.

Miss Margaretta Vogt, Miss Martha A. Jeutter and Miss Laura Gayba, all of Philadelphia, were among the visitors in the Ridge Metropolis for several days this week. The three ladies are interested in Hillcrest properties and are planning to spend a number of vacations here. This was their first visit and they were astonished at the low temperature here to that of the Quaker City. Mr. Park having much the better bargain to offer. They made the visit here during the summer season against the advice of their friends and were most agreeably surprised.

DO WE NEED A MANAGER?

We are not asking this question generally, because about fifty per cent of the people of Avon Park have already come to the conclusion that a manager for the city is essential.

The question is brought to mind as we have occasion to get satisfactory service for our city office in the removal of rubbish and waste by the city's truckdriver. And conversation with the man who does this work brings to mind merely a repetition of a situation that is existent throughout any municipality, but government under the same system as ours—a government of divided authority, divided supervision.

Mr. Ard has been instructed by one of his bosses to haul trash only and not to haul any prunings of orange groves and other limbs. No sooner does he receive these instructions from one of his bosses than another one instructs him to haul limbs away from certain places. One man tells him to do this and another tells him to do that. Now how in the deuce can the city expect to receive efficient service from even the most painstaking public servant under such circumstances? That question is the same as our title "Do We Need a Manager?"

Fire Chief Noy tells of finding the big fire truck with a run down battery, and feels immediately wonder what would have happened if there had been a fire alarm in the middle of the night before the weekly drill.

The Mayor is charged with seeing that a man keeps up the fire truck, so we understand, but the mayor is a voluntary servant of the people. He is not the man to handle this work in the first place. The city should have a manager to look after these details, and paying him a good salary, the city would be prepared to make him do it or resign.

One more such slip as this might well cost the city ten years' city manager's salary.

And yet some folks say the city can't afford a city manager. It begins to look like the city can't afford not to have one.

It is beyond question a fact that under the present system good public servants are at a decided disadvantage.

Let us give the mayor and the council, or a mayor and a commission, a fair chance to make a record for efficiency. Let us give them a manager on whose shoulders they can place the responsibility for doing what they demand, and attending to the business of the city.

And let us give the minor employees of the city the benefit of working under one boss only, and there be the efficiency that will come from one head to affairs.

THE FAIR.

We are glad to see the plan for a Highlands County Fair brought to the front with such measure of vigor as to assure a fair for 1925.

But we are even more pleased at the attitude of the people of Avon Park, and their willingness to learn from the mistakes of others and profit by them.

We are glad that Avon Park people aren't preparing to make the same mistake that other communities have made in inviting the county to be our guests and then making the county commissioners pay for it.

We are glad to see that the people here plan to finance this project much within our own circles. They may solicit, they say, some subscriptions from individuals who are bound to benefit by such an exposition of the county's resources, but they are not planning just now to ask for county aid. It is well.

Later when the fair has grown to large proportions, when plant that represents \$25,000 isn't large enough, when the fair is a tried and proven institution, they may do as the Tampa fair is doing this year and receive aid from the county in the construction of new buildings. But they never propose to ask the county commissioners to pay for the site.

Getting away from the fair for a moment, for the purpose of bringing home to the people of Avon Park a pertinent point, we hope they will prove as willing to profit by Sebring's success—that they will follow the county seat's suit in employing an engineer to make a survey of the city before they make any more street improvements, sewer installations or other similar developments.

FLORIDA'S "CONFIDENT ATMOSPHERE"

The Columbia (Ga.) Industrial Index recently said:

A visitor from California has found a Florida something that many of us have sensed, without exactly classifying it or cataloging it. He found the phrase that many of us, subconsciously, were searching for, when he said that the mood that is the thing in all Florida is its "confident atmosphere."

"Confident atmosphere"—that's it! Florida really has it. The Peninsula state is growing and developing this fact and expect—confidently expect—that this growth will continue and, indeed, in many respects will be accelerated.

The gentleman quoted by Mr. Editor of the Columbia, an advertising manager for "California," who, which is expending \$500,000 a year in advertising the state, has recently visited Florida, and concerning that trip he wrote: "I was tremendously impressed by everything I saw and especially by the confident atmosphere that sur-

rounds the whole Florida movement. I look forward to a very great development in that state in the next few years."

It would appear that the "atmosphere" pervades the section so strongly that even the well-paid booster from the Pacific is struck by it and remarks upon the confidence that is everywhere in Florida. The visitor was one of many who has noticed this condition. It isn't always apparent to the home folks, because they have become used to it, but every newcomer begins to feel that Florida is moving up almost as soon as he registers at the hotel or gets out upon the streets or into the suburbs, is the time-Union's comment.

Florida has grown wonderfully in the past year or two, and the indications are that it will grow much faster in the next few years. The reason is "opportunity," and the confidence that is shown on the face and in the general attitude of Florida folks comes of a knowledge that the state has just what many people want.

Florida is beginning to understand herself and realizing the immeasurable blessings heaped upon her by Providence, is certain that the country needs only know about the state to be convinced that this is the place for the enterprising and the ambitious. Florida has everything that could be asked in the way of basic potentialities: soil, climate and transportation. The population grows, and with it demands for every known commodity and article of manufacture. The state offers an unlimited field for the active and happy existences. The people already here know this, and are "confident."

TRUE STORIES OF FARM LIFE

FIVE LITTLE PIGGIES

CURLING THEIR TAILS

On the morning of June 1, 1922, a proud mother pig and her five youngsters—who were not yet out of the toddling stage—called on us at our home, Pine Lodge. Two days later the five children came again but without Mother. They accepted a pan of milk which they drank gratefully, if not gracefully, and welcomed a bed of straw for the night.

On the 9th of the month the owner of the Piggies-Wigley family made a thorough search for the Mother, and, as it was a vain, I was the proud possessor of Betty, Bumpkins, Black Boy, Bevo, and Bingo. They were friendly—entirely too much so—for the next day they miraculously succeeded in mounting the steps and we were the victims of a surprise party—of five. However if they expected a warm reception, they were sadly in the wrong since they were hustled out of the house with a broom following their wagging tails at a distance measured by inches.

They consumed, daily, an unbelievable amount of milk, sweetened with water and bran. Consequently their height, height and circumference increased so rapidly that their first bed soon had to be discarded and they were built a pen—as far from the house as it was possible to build it. Therein a comfortable bed was constructed and therein also were the piggies placed by force. The next day they were liberated and that night they firmly resolved to move one inch from the yard. Therefore they were home in Palmetto.

encased in blankets and spent a peaceful night in the woodshed. They were very careful afterwards never to go near their detested pen although they would stay closely at anyone's heels who stepped out of the house.

One day while walking across the field with the five of them in close pursuit and squealing gleefully, I jumped across an irrigation ditch. Four of them jumped across also, but Betty jumped only half way. She was rescued immediately but refused to believe that she had not been almost drowned and squealed vociferously all the way to the house. That afternoon they appeared—just from a mud puddle and looking very wise indeed. To their extreme disgust they were taken and thoroughly washed in soap suds with a stiff brush. They unwillingly went through the same process every day until their chubby little legs grew so long that they were able to elude the hand that tried to catch them.

And so they continued to live and grow fatter. Now they are hogs that look critically over their pen and at their fellow creatures with an "Am Monarch" air. In other words, "They rule the roost."

CHARLOTTE BASSAGE.

SEBRING

MRS. RUTHERFORD IS HONOREE AT LOVELY KITCHEN SHOWER

Mrs. Ray Rutherford, a recent bride, was the honoree at a lovely kitchen shower given last Thursday afternoon by Misses Hettie and Mary Faber at their home on Pleasant St.

The reception rooms were attractively decorated in a color scheme of pink and green, crepe paper and pink crepe myrtle being used to advantage.

As the guests arrived they placed their gifts upon a table, by which was placed a chair prettily decorated in the chosen color motif. Mrs. Rutherford was asked to have this seat of honor and she opened the many packages they were admired by all.

Late in the afternoon the hostesses served dainty refreshments of pink and green cake and ice cream.

The guest list included: Misses Thelma Clark, Myrtle Jack, Sadie Myers, Martha Park, Joy Park, Mesdames Floyd Johnson, Harry Dilley, Walter Rutherford, W. W. Jones, Ethel Jenks, F. C. Browning, of Gainesville, G. A. Clark, C. W. Faber, A. D. Roberts and Julian Monticola.

Old Folks' Ailments

"I began taking Black-Draught over fifty years ago and my experience with it stretches over a good long time," says Mr. Joe A. Blake, a Civil War veteran and former Virginian, who is now a prominent citizen of Floyd, Texas. "It is the best laxative I know of for old people. A good many years ago, in Virginia, I used to get bilious and I found that

Thedford's Black-Draught

was the best and quickest relief I could get. Since I came to Texas I have these bilious attacks every now and then—a man will get bilious anywhere, you know—and I find that a little Black-Draught soon straightens me out. After a few doses, in little or no time I'm all right again."

Thedford's Black-Draught is a purely vegetable liver medicine, used in America for over eighty years. It acts on the stomach, liver and bowels in a gentle, natural way, assisting digestion and relieving constipation. Sold everywhere.

M. G. Norman, local agent for the A. C. L. R., spent Tuesday in Jacksonville on business. While there he was interviewed by a reporter from the Florida Times-Union, who wrote for that paper a timely and interesting account of the excellent commercial outlook for Sebring. Letters received in the city from Mrs. Ada Cushman who is spending the summer with relatives in Wellington, O., tell of the protracted rain and cold in that section. Great difficulty is being experienced in that portion of the country in harvesting the wheat. Mrs. R. J. McMurray who is summing in St. Francisville, Ill., writes of the same weather. Mrs. Field, in Rochester, N. Y., has written of the destructive hail and rain storms in that state which have cut the crops to pieces.

Cards have been received in the city from Mrs. Tom Dimberline who with Mr. Dimberline, her sister, Miss Dorothy Shipp and Mr. and Mrs. A. I. Young and children who are touring the north by auto, that they are now in Pittsburgh, Kansas, and having a delightful trip.

Mrs. Josephine Harmon returned Tuesday from Daytona Beach where she had been for a short visit. Prof. and Mrs. E. Young of Morristown, N. J., who are in Sebring, spent their winter in Sebring. Prof. Young will be remembered by many here who enjoyed his organ recitals at the Methodist Church.

Mr. and Mrs. A. L. Butler, Miss Bess Butler and Master Alfred Butler, Jr., left Thursday morning by auto for Bedford and Richmond, Va., where they will visit friends and relatives. Mr. and Mrs. W. P. Babcock, Bill Babcock, Jr., and Mrs. A. E. Lawrence returned Wednesday morning from a month's stay in Ellyria, O. They were called there by the critical illness of Mrs. Lois Morgan. Mr. Babcock's mother, who lived at one time in this city. They left her improved in health. Mr. Babcock says that the newspaper reports of the recent storm in Ohio did not tell half the horrors, and that the destruction was unbelievable.

Mr. and Mrs. George E. Sebring, Jr., and George E. Sebring III, left Sunday morning for Sebring, O., where they will visit relatives. They will join Mrs. George E. Sebring and Miss Dorothy Sebring, and motor to Chautauque, New York City, Philadelphia, and other points of interest. Before returning, they will visit relatives in Roanoke, Va. Mr. and Mrs. J. W. Geary returned Friday from a delightful trip through the north.

T. M. Johns spent the week-end with his family. M. E. Lanier of Bassenger spent Saturday in this city. M. S. Fairchild and C. E. Martin of Jacksonville spent the week-end in Sebring, motorizing down to Indian Valley Plantation Sunday, where they were the guests of Mr. and Mrs. N. P. Yantis.

E. L. Laird, George E. Sebring and Payne Sebring motored to Tampa Sunday. Mr. and Mrs. J. W. Harvey of Tampa motored to Sebring, and spent Friday and Saturday in the city. This was their first visit of the Ridge section, and they were most enthusiastic over it. They have promised to repeat their visit soon.

George E. Sebring, who has spent the past month in the north on business and pleasure, returned to Sebring Wednesday. He left Mrs. Sebring and Miss Dorothy Sebring in Sebring, O., where they are the guests of friends. Payne Sebring who has been attending Wesleyan University at Delaware, O., accompanied his father to this city. Mrs. E. M. Clawson and Miss M. Gobel left Saturday morning for Orlando where they will visit friends. Miss Gobel will return in a few days, but Mrs. Clawson will remain until Mrs. Clawson returns from the officers' training camp at Fort Bragg, Fayetteville, N. C.

Mr. and Mrs. J. C. Sumner and Miss Alice Sumner left Sunday by auto for Tampa where they will spend a month. Miss Nancy Allen arrived Tuesday from Jacksonville to be the guest of Miss Faye Christy of this city.

A. F. Christy returned Friday from Tate Springs, Tenn., where he accompanied Mrs. Christy. Mrs. Christy will be the guest of Mrs. W. A. Walker of Palm Beach. The two ladies will leave this week for Asheville, N. C., where they

will spend the remainder of the summer. Mr. and Mrs. Ira Ridgdon, Mrs. E. B. Patrick and Miss E. Patrick motored to Lakeland Thursday for the day. Walter Meyer, Miss Helen Meyer and Mrs. C. B. Jones returned to this city Sunday after a week's camping trip at Istokpa, Ga. Mr. Jones joined them Saturday night, and accompanied them home.

W. B. Mitchell returned Thursday night from Asheville, N. C., where he went to join Mrs. Mitchell who is spending the summer there. He also visited Princeton, Ky., where little Miss Estelle Mitchell is the guest of her aunt and uncle, and stopped over for several days on his way back for a visit with his brother, C. H. Mitchell, Jr., in Atlanta, Ga.

Mr. and Mrs. Walter Blackhear, of Jacksonville, arrived Saturday to be the guests of Mr. and Mrs. A. M. Wolfe of this city, formerly of Jacksonville. They will remain until Wednesday, and will be accompanied home by their nieces, Miss Kathryn Blackhear, who has been the house guest of Miss Virginia Wolfe, of Jacksonville, left Sunday for Frankfurt and Lexington, Ky., where they will spend ten days visiting old friends.

Miss Charlotte Varena who has been spending a month in Chicago, the guest of Miss Josephine Wyack, will return to her home in this city on Sunday. G. A. Nash, secretary of the Sebring Board of Trade, spent the week-end in Tampa with Mrs. Nash who is a guest in that city. He will motor there this Saturday, and Mrs. Nash will return with him when they will make their home in this city.

SEBRING GIRL WEBS

PROMINENT CONTRACTOR A social event of this week at Sebring was the marriage Friday evening of Miss Mary Alice Cox, daughter of Mr. and Mrs. J. P. Cox, to Willis Bradford Bryson. The wedding ceremony was performed at the home of the bride's parents on Edgewood Drive S. E. by Dr. H. A. Brown, in the presence of a few friends and relatives, the house being artistically decorated with pink and white flowers.

The bride is a traveling gown of midnight blue crepe, with hat and shoes to match. The ceremony was a very lovely one. Immediately after the ceremony the happy couple left on a honeymoon trip to Daytona Beach where they will remain for a week. Many members of the younger social set of Sebring accompanied them as far as Avon Park, returning later. The bride is a charming young woman whose social talent has added greatly to her popularity. The groom is the son of the late W. B. Bryson Paving Company, and after the completion of their work here will go to Madison where they will make their future home.

MISS SAUNDERS

PARLIAMENTARIAN The Busy Twelve met Monday night at the home of Miss Mary Corneille Saunders was appointed parliamentarian. The committee on constitution and by-laws reported, and their report was accepted, and the constitution and by-laws adopted. A social calendar was presented, and plans made for entertainment throughout the season.

VISITORS HONORED AT DANCE

The home of Mrs. E. W. Swearingen was the scene of a delightful surprise dance on Thursday evening when Mrs. Swearingen entertained, complimenting her young house guests, Miss Mary Redding, Miss Margaret Morrison and Milton Connell.

The reception rooms were thrown en suite and with their decorations of lovely garden flowers formed an ideal setting for festivities of the gay young people.

Refreshment punch was enjoyed all during the evening and at a late hour the hostess served dainty refreshments of fruit, cream and cake.

The guest list included: Misses Mary Redding, Margaret Morrison, Anne and Bobb, Myrtle Clark, Mabel Russell, Beatrice Hase, Carolyn Park, Alta Hase, Erma Mosely, Martha Marsh, Ruby Crumley, Messrs. Dana Crum, Milton Connell, Harry Leary, Dan Finley Hunter, C. R. Ginn, Jr., Hugh Martin, Frank Swearingen, Mark Lane, Ernest Baddy, Melville Ross, Parks Anderson, Ralph La Feve, and "Wal" Scaggs and Buck Enzor of Ft. Meade.

MRS. LANDER HOSTESS

AT FIVE HUNDRED The members of the Five Hundred Club were charmingly entertained Tuesday afternoon by Mrs. Joe Lander. Three tables were arranged in the living room for the games and here beautiful pink and white roses added beauty to the scene and were much admired.

At the conclusion of the play the hostess served dainty refreshments of ice cream and cake.

Those enjoying this lovely affair were: Myrtle Clark, C. P. Anderson, J. B. Rogers, W. P. Kennedy, Chas. Sherman, D. F. Canfield, A. H. Able, Norton Smith, Demas Mandis, J. B. Stringfellow and Miss Ruth Bass.

DELIGHTFUL PARTY

AT RED TOP Mr. and Mrs. Norton Smith entertained a group of their friends Thursday evening at the second of a series of delightful parties which they are giving at their home, "Red Top," overlooking beautiful Lake Ibis.

A delicious supper was enjoyed at 6:30 after which the rest of the evening was spent in social conversation and playing five hundred.

Those enjoying Mrs. and Mr. Smith's gracious hospitality on this occasion were: Mr. and Mrs. P. Kennedy, Dr. and Mrs. H. Able, Mr. and Mrs. Chas. H. Moffett, Mr. and Mrs. Fred Smith, Mr. and Mrs. Earl Hart, Mr. and Mrs. D. DeBatta, Mr. and Mrs. Gilbert Stebbins, Mr. and Mrs. H. H. Hughes, Mr. and Mrs. Joe Lander, Mr. and Mrs. J. B. Stringfellow, Mr. and Mrs. Demas Mandis, Mr. and Mrs. Chas. Sherman.

DUTTON-ROBERTS WEDDINGS

A marriage which took place in Bartow Saturday afternoon of which came as a surprise to their many friends was that of Miss Roma Roberts and J. Lawton Dutton.

Rev. Hillman performed the ceremony

and the young people left immediately for a motor trip to Tampa and points on the west coast.

Mrs. Dutton is the daughter of Mr. and Mrs. W. A. Roberts and is popular with a host of friends.

Mr. Dutton is the son of Mrs. Annie Dutton.

The young couple returned to Avon Park Monday and started housekeeping at the home of Mrs. J. P. Davidson on Forrest Ave.

They have the best wishes of their many friends for a prosperous and happy wedded life.

MISS SWIMMING PARTY

Miss Lucille Able entertained a number of her friends at a jolly swimming party at West Beach last Friday evening. After a dip in the lake the young people went to Miss Able's home where they were served dainty refreshments and enjoyed an evening of music and jollification.

The young people present on this occasion were: Misses Marjorie Lacey, Erma Mosely, Ruth Weeks, Lucille Able, Messrs. Willis Culler, Gordon Skipper and Leonard Francis.

MISS LOIS HART HOSTESS

AT SLUMBER PARTY Miss Lois Hart was hostess to a national and local slumber party at an enjoyable slumber party given at her home on Lake Letta.

The evening was filled with thrills and frolics, beginning with a theatre party, then a trip to the ice cream parlor, and auto ride, a swimming party at 11 p. m. followed by a midnight lunch and late games and dancing which lasted till the wee small hours. At daybreak another swim in the lake was in order and then the girls were ready for the hearty breakfast which awaited them, rendered in a close, happy time which will long be remembered.

Those participating in this jolly affair were: Misses Dorothy Baldwin, Marion Stringfellow, Dixie Marston, Christine Harris, Marjorie Lacey, Gertrude Harris, Katie Bond, Lois Hart, and the perfect chaperone, Miss Edna McKinnis.

W. M. U. TAKES AFRICA FOR SUBJECT TUESDAY MEET

The W. M. U. of the Baptist church met Tuesday afternoon at the church. The meeting was opened by Mrs. T. O. Baldwin, who led the devotion and who presided in the absence of the president.

The following interesting papers were read and discussed: "White Man in Africa," by Mrs. W. J. Epperson; "African Bells," by Mrs. Curtis Langford; "Courtship and Marriage," by Mrs. Shepard; "African Homes," by Mrs. Grull Bakewell; "Black Babies," by Mrs. J. Bond; "Missionary Trail of Africa," Mrs. B. F. Martin; and "Women's Work in Nigeria," by Mrs. W. A. Hatchell.

A short business meeting was held at the conclusion of the program.

SUNDAY NIGHT

DINNER GUESTS Mr. and Mrs. E. G. Todd entertained at a dinner night at their Lake Letta home, Mr. and Mrs. H. A. Winter and Mr. and Mrs. J. D. Raab who leave soon for their summer vacation.

mer vacation. Mr. and Mrs. W. M. Reck were also guests on this delightful occasion.

MEETING OF WOMAN'S CLUB

The Woman's Club held a most interesting and enjoyable session last Friday at Lysdale, the country home of Mrs. H. M. The meeting was well attended and the club had the pleasure of entertaining several visitors.

Miss Mitchell, chairman of the library committee, gave a very encouraging report, stating that there had been forty calls for books, the appreciation of the facilities of the library is growing. She stated that the most evident need of the present is for juvenile books, and requested that club members and their friends contribute such books as they can secure.

The chairman of the rest room committee for July fourth reported that the services of the club on that occasion added greatly to the comfort and enjoyment of visitors, especially mothers with small children who availed themselves of the use of the kiddie cups provided by the Lander Furniture Co.

Mrs. W. Reck outlined plans for a City Improvement Contest which would be conducted by the club. Details will be worked out later and contest will be inaugurated in the fall.

The president announced a membership drive to be begun at once and each member to regard herself as a committee of one to secure new members.

The club has an important work to do the coming year and its mission can be accomplished only by co-operation and support of the women of the community.

and hams. With an investment of \$10,000 in equipment, etc., the plant stands today one of the most modern in the southeast, and associated with the company's cold storage and meat packing house and provision business, offers a Florida made product to all the retail and wholesale buyers branch of the Atlantic Coast Line, the territory being served by huge meat trucks.

R. M. Wade, the general manager of the combined plants, has completed plans also for extending the sausage factory with the advent of fall.

The equipment, all the latest model and all electrically driven includes a silent cutter with knife blades making 1,700 cuts per minute while the meat is whirled by in a rotary meat grinder, a big steamy cooker, cooling vat, grinders, mixers, stuffer, and smokehouse.

"We have spared no pains to equip the plant for efficiency operation," said Mr. Wade, "and this enables us to produce the finest sausage and similar products and deliver them to the markets and grocers in middle south Florida in competition with the 'big four' meat house branches in Florida."

The company is already putting out five varieties of sausage, in neat cartons, and the other products will be on the way to customers this week.

In charge of the sausage factory, is A. J. Segear, who for years was manager of the United Markets sausage factory at Tampa and who prior to coming to this state was with a large packing house concern in the Texas cattle belt. He was more than pleased to find the equipment, the local plant has put in for the work, and states he can't conceive of a better equipped plant anywhere.

Dear Miss Flo: When a waiter spills soup on you, it is proper for one to pour it back into the cup? (2) Is it good form to give presents at an engagement party? Thank you. C. L.

It is not correct if you are a woman alone, or with another woman, ask the waiter to bring you another sauce. If you are with a gentleman, ask the gentleman to have the waiter bring you another sauce.

(3) Is it proper if you wish to do so, but is not necessary.

NOTICE
Notice is hereby given that the undersigned person is administrator of the Estate of A. V. Rogers, County of Highlands, State of Florida, deceased, and is now on file in the office of the Clerk of the Circuit Court of the State of Florida, in and for Highlands County, in Chancery.
Mrs. Annie B. Rogers, Complainant, vs. W. E. Agler, et al, Defendants.
To the defendants herein, to-wit: W. E. Agler, Henry E. Ballard and James Dunn, if living, and if dead, to all persons claiming an interest under the said W. E. Agler, Henry E. Ballard and James Dunn, whether as heirs, devisees, grantors or otherwise, and to all persons unknown to Complainant claiming an interest in the following described lands, to-wit: Lots numbers One (1) Two (2) Three (3) and Four (4) in Block "A," in P. E. & Gorman's Subdivision, located in NE 1/4 of NE 1/4 of Lot One (1), Section Twenty-seven (27), Township Thirty-three (33) South, Range Twenty-eight (28) East.
It appearing by sworn bill and affidavit of Complainant's Solicitors filed in this cause that they do not know and have been unable to ascertain whether you are dead or alive, and if alive you are a resident of a state, other than the State of Florida. That your place of residence is unknown to Complainant, service of subpoenas upon whom would bind you, and relief being sought against you in said cause.
This is therefore to require you to be and appear to said bill of Complainant at the office of the Clerk of the above styled Court, at Sebring, Florida, on or before the 1st day of September, A. D. 1924, and in default of such appearance you are notified that the allegations in said bill will be taken as confessed by you.
It is further ordered that this order be published in the Highlands County Pilot, a newspaper of general circulation, published in Highlands County, Florida, for a period of eight consecutive weeks next preceding said appearance day.
Given under my hand and seal, at Sebring, Florida, this 1st day of July, A. D. 1924.

SEBRING ROTARY INSTALLED WITH INSPIRING TALKS

LAKELAND DELEGATION PUTS BABY CLUB INTO ACTION

Sebring's Rotary Club, whose organization was perfected last night, with the aid of ten Lakeland Rotarians, at Hotel Nanteco-wee, where a banquet was served.

The visiting delegation took charge of the program, which was presented during the serving of the delicious repast. The inspiring talks given by those whose Rotary experience was dated back far enough to give a distinct value were interspersed with songs of the Rotary songs, which were set to music and are catchy and clever. The songs were led by Robert Brown, of Lakeland who was also a companion.

F. T. Haskins, president of the Sebring club, gave the address of welcome to the visitors. Dr. Herman Watson, president of the Lakeland Club, talked on Rotary and its relation to the personal, business and community life of the members. He stressed the motto, "Service above Self," and "He profits most who serves best." C. H. Williams, secretary of the visiting club, spoke on Organization. Mr. Williams is the representative of District Governor Ken Guernsey, and his talk on the advantages and requirements of the club, and his own interesting and encouraging to the new organization.

J. S. Jewett, past president of the Lakeland club, spoke on Rotary principles and their application to the everyday life of the Rotarian. He was followed by J. A. Horace Woodall on Attendance, while W. F. Sneed covered the Boys' Work in his talk. One of the entertaining features was a trio, with Walter Botkin, Sidney G. Kennedy and U. W. Iverson, all of Lakeland, as vocalists.

H. E. Sebring, member of the local club, told his famous baseball story, which like the wine of pre-Victorian days, grows better with age. B. L. Laird gave a brief, impromptu talk in a pleasing vein.

The entire program was alive with the spirit of fellowship and co-operation which characterizes Rotary meetings, and showed that this newest club has undertaken intelligently its responsibilities in civic and business life.

The visiting delegation consisted of Dr. Herman Watson, president of Lakeland Rotary Club, C. H. Williams, secretary; J. S. Jewett and Harry Brown, both past presidents of Lakeland Rotary Club; Walter Botkin, J. A. Horace Woodall, W. F. Sneed, Sidney G. Kennedy, U. W. Iverson and Master Robert Brown, companion.

PRESBYTERIAN WOMEN TO MAKE APRONS AND HOUSE DRESSES

The Woman's Auxiliary of the Sebring Presbyterian Church held a delightful all day meeting Wednesday at the home of Mrs. D. D. Lusk on Lakeview Drive. The able direction of the hostess who is chairman of the committee on systematizing the work of the organization, a number of aprons of unusual charm and originality were made, and others prepared for making at the next meeting. It is the intention of the auxiliary to make an apron, a house dress, and other useful articles which they will place on sale from time to time. At the meeting, which was held in the dining room overlooking the lake, it was attentively laid on one long table, with a large basket of roses for a centerpiece. After the business meeting was held, with Mrs. Ira Rignold in the chair, Mrs. H. A. Brown led the devotionals. The meeting was held in the rooming house, with Mrs. William L. Schmitt who are spending the summer in Bushkill, Pa., thanking the members of the Presbyterian congregation for the gift of gold which was sent them for their fortieth wedding anniversary on the 24th of June, was read. Among the presenters were: Mrs. J. G. Nathurst, Mrs. L. P. Coleman, Mrs. H. A. Brown, Mrs. E. B. Patrick, Miss Mrs. Patrick, Mrs. S. T. Grimshaw, Miss Laura Grimshaw, Mrs. Tom Mitchell, Mrs. H. W. Kirby, Mrs. William Werner, Mrs. E. C. Wright, Mrs. D. W. Stevenson, Mrs. Ira Rignold, Mrs. V. V. Horn, the hostesses, Mrs. D. D. Lusk, and two guests of honor, Dr. H. A. Brown, and Rev. W. E. Smith.

TAMPA COUPLE WED

Miss Ethel Dorothy Lawender of Tampa, became the bride of Mr. J. W. Underhill, of the same city last night at Sebring. Rev. S. Langston, pastor of the First Baptist Church of Sebring was the officiating clergyman. The ceremony was witnessed by only a few guests.

Wrong? Or Once Proud Father: "A bouncing baby boy, eh? Well, doctor, I'm a proud and happy father."

Doctor: "But I said twins, sir. You are the father of two."

Proud Father: "Ah, but doc, you can't fool me. I learned long ago to believe only half I hear."

PROGRAM FOR PLAY GROUNDS
Mr. Tom Mitchell, chairman of the Child Welfare Department of the woman's Club of Sebring, has arranged a schedule for the playground. Through the grounds are open every day all year long. Features are planned for certain days. Saturdays at 5 in the afternoon. Mondays at 5 in the afternoon. Tuesdays at 5 in the afternoon. Wednesdays at 5 in the afternoon. Thursdays at 5 in the afternoon. Fridays at 5 in the afternoon. Saturdays at 5 in the afternoon. Sundays at 5 in the afternoon. The playground is open for nine years in charge of the playgrounds of Philadelphia, will conduct a class in athletics for boys over eight years of age. On Thursdays at 4, Mrs. Mitchell will entertain the children with a paper doll party. Each child is to furnish scissors, and the rest of the materials. The class will be held in a girls' class in athletics is being arranged for, and a watermelon eating will be an attractive feature of next week's program.

SEBRING URGED TO VOTE BONDS NEXT TUESDAY

NO BOARD OF TRADE LUNCHEON TO LET EVERYONE HELP

Sebring's bond issue which is to be voted on next Tuesday, in the sum of \$310,000 for public improvements, and the proposed county fair were the chief topics under discussion at the regular noonday luncheon meeting of the Sebring Board of Trade. John R. Van Kleef, of the firm of Wayne E. Stiles and John R. Van Kleef, of Boston, Mass., who is a Sebring property owner, and who maintains his legal residence in this city, was the guest of honor. He was introduced by B. L. Laird, who spoke of the need for correcting the false impressions entertained by many people as to the cost of construction, and of maintenance, and the amount of revenue which would accrue to the city.

Mr. Van Kleef's estimates were made from his wide experience in the building of golf courses. Last year the firm built thirty-five and this year they now have eighteen, under construction, among them the Bear Creek Country Club at Pass Jena Estates, St. Petersburg; the Aldamar course which will be started this fall in connection with the building of the city which is being done by this firm; the course at Davenport, and the town plan for the city subdivision of Indianapolis at Sarasota. Mr. Van Kleef also spoke of the golf courses at Buffalo, St. Louis, New Orleans, Omaha, Neb.; in New York and in the New England States.

His estimates are made with a wide margin, and he told the organization that without doubt they could be shaved considerably. The location of the city which is represented by John A. Taylor of Sebring, ideal, said Mr. Van Kleef, for this purpose. The rolling hills, the chance for water hazards, and the nature of the soil made it well adapted for one of the best golf courses in the state. The aggregate cost of clearing, constructing, grassing and installing a water system a nine-hole course, would be, he estimated, \$35,000 at the outside. This would leave at least \$10,000 for other recreational improvements, which might be included in this park. The maintenance would be approximately \$6,000 a year, and the income from such a course which would be open for play the entire year, would be \$11,500, at the very least. A municipal course in this state last year made \$26,000 over and above all expenses, said Mr. Van Kleef, and he added that in a recent conversation which he had had with John Bradford, National Traveling Secretary of the Recreation and Amusement Association, that gentleman had said that there was not a single municipal golf course in the United States that was not paying big dividends.

Should the bond issue carry, he assured the trade body that it gave the world, his firm would be at work in forty-eight hours, and that the course could be in readiness for play by January 15, 1925.

Mr. Van Kleef left this afternoon for St. Petersburg, but will return Sunday to complete other business which he is transacting in this vicinity. In connection with the talk concerning the needs of the tourists, as well as residents, Col. A. E. Lawrence proposed the installation of public comfort stations. The necessity for this has been apparent for some time, and it is apparent that winter visitors asking that something be done to correct this situation, make it imperative that some action be taken. Dr. H. V. Weems, S. R. Hart and Dan Anderson are appointed by the city to serve on a committee to look into this matter. A discussion of the county fair, which has been a subject of much interest to the county, was also held. Mr. Van Kleef said that while there was a great deal of benefit to be derived from it, the county was still too young to undertake it. Col. Lawrence thought that the usefulness of a county fair for newcomers and those unfamiliar with Florida conditions could not be overestimated. Mr. Laird, while agreeing with him, thought that the county fair could have either the county fair or the county exhibit at the South Florida Fair at Tampa, the preference should be given the latter. He advocated the sending of an exhibit to Madison Square Garden also, if that offer was repeated this year, citing the gain in dollars and cents which the county secured by its exhibit. Mr. Canfield endorsed Mr. Laird's remarks, saying that it would be a grave mistake to sacrifice the Tampa exhibit. The sentiment of the board, however, was in favor of a

county fair as well as a county exhibit, and the consensus of opinion was in favor of a central location in the county for this purpose. G. A. Nash, secretary of the local trade body, urged that a definite expression be made, that he made report on the attitude of this organization at the meeting of the county chamber of commerce which is to be held at Lake Starns on Thursday.

Because of the fact that the bond election is to be held next Tuesday, the luncheon meeting was called off for that day. Each maintenance committee constituted a committee of one to help put over this election 100 per cent, at Sebring needs each item on the ballot to meet the needs which will confront the city with the completion of the State Road No. 8, and the Florida Western and Northern Railway, both of which will be consumed this winter.

SEBRING

Mrs. Tom Lawton and Miss Lillian Lawton accompanied Mrs. Laird's mother, Mrs. J. Rozarich to her home in Arcadia Sunday. Dr. and Mrs. O. O. OTHER STATES GETTING RESULTS FROM PUBLICITY

Following are excerpts from a few of the letters received by officials of the Florida Development Board from agencies in other states which finance their state-wide advertising campaigns by subscriptions from business interests:

Californians Inc.; "Raised \$400,000 in 1922 by private subscription. Funds entirely subscribed in San Francisco, but advertising urges people to see all of California. Results of 1923 advertising were so gratifying that at the close of the year a small advertisement was used in the newspapers and one letter sent to the subscribers of the original fund and in less than one week over 20 per cent of the same amount, \$400,000 was re-subscribed."

John P. Seaton, of the State of Maine Publicity Bureau: "I am strongly of the opinion that state-wide advertising is much better than local or individual city advertising for this reason, that every body knows

the names and approximate location of every state in the Union, while very many would not know of local cities."

C. G. Millam, executive secretary of The All Year Club of Southern California: "We are spending this year, in round figures, \$350,000. In our judgment a state wide advertising campaign is far preferable to a campaign advertising the individual city."

H. J. Gray, secretary-manager, Michigan Tourist and Resort Association: "We do not receive any financial assistance from the state all our funds being subscribed privately. Our budget for 1924 is \$100,000. Last year we made a very intensive check on amount of tourist business secured and to the best of our knowledge it amounted to about \$80,000,000. We certainly believe that much better results are secured by this co-operative advertising than is possible from a single community."

Highland County

VOLUME V, NO. 36. AVON PARK, FLORIDA, THURSDAY, JULY 31, 1924 \$2.00 A YEAR IN ADVANCE

MAMI CAPITALISTS IN THE COUNTY

CURTIS-BRIGHT PEOPLE BUY BIG HIGHLANDS TRACT

GET PART OF SICK ISLE FOR COUNTRYMEN'S PARADISE

CURTIS BRIGHT—Thorace Greely's famous advice of a generation ago—"Go west, young man, go west!" is apparently being literally taken at last at Miami, for the past few days have seen the consummation of one of the largest real estate transactions of the year with the Curtis-Bright Company, big Miami developers, invading the Ridge country and its adjacent lands. A solid township bordering the Highlands county two tiers of sections in a township in Highlands county's famous muck bogs and swampy sections in two townships along the western border of Highlands county mark purchases of this concern.

In buying sections 25, 26, 27, 28, 34, 35 and 36 in Township 27, range 32, the Curtis-Bright Company secured a big slice of Sick island, which is a high tract of ground rising out of the boggy mucklands and offers a wonderfully fine site for the proposed hunting lodge which is contemplated by the newcomers.

It is understood that the company, which has a large ranch at Hialeah near Miami, contemplates stocking the range on its new purchases with stock and also leasing its principal way-station for the Miami-Tampa air route on Sick island.

Just south of the holdings outlined, which incidentally will be practically drained by the state road canals and the Indian Trail canal, the Miami-Glades county, while some thirty miles due west they bound the alternate sections in 37-38 and 38-28.

The proposed Tampa-Miami air route has practically been laid out, and it is understood that plans have already been completed for operation this winter.

The Sick Island section affords some of the best hunting to be found anywhere and the new owners are said to be contemplating making the rendezvous there one of the most famous sportsman's resorts in the state, offering as it will direct sixty-minute air service with both Tampa and Miami.

Definite plans for the development are still unannounced, but Mr. Bright hopes to have these ready for announcement within the next few weeks.

SEBRING VOTES BONDS FOR CITY IMPROVEMENTS

PIER, GOLF LINKS AND PAVING AND WATER EXTENSIONS

Sebring freeholders voted with an overwhelming majority Tuesday to secure for their city the improvements which will make it one of the most progressive communities in the south. Though many of the voters were out of the city, each item on the bond election ballot, which that ought to insure the quick sale of the bonds. The extension of the light and water system, for which \$130,000 was asked, carried by a vote of 121 against 3; the street paving, amounting to \$50,000, was voted by 118 to 5; the municipal pier and wharf, costing \$50,000, carried 100 against 13; the sewer, calling for \$30,000, won by a vote of 112 to 7; the municipal golf course, for \$45,000, carried by a vote of 98 to 22. The aggregate sum of the bonds is \$310,000.

During the past week, between thirty and forty bond buyers have made inquiries in person and by letter concerning the bonds. The bonds will be immediately put on the market for sale, and concurrently with the advertising proceedings for their validation will be instituted through a competent engineer at an early date, and the services of a skilled architect will be employed to present plans for the municipal pier. Surveys and specifications for the golf course and recreation park will also be prepared to facilitate its construction. The amount asked for this recreation park, exceeds the estimates furnished by experienced builders, and it is probable that the extra money will be diverted to the establishment of a golf course, tennis courts, and other sports of like nature. A baseball diamond has been mentioned as a possible feature of this recreation park.

The passage of this bond election measure will have many far-reaching ways. The construction of these improvements will bring to the city some \$100,000 in new business.

Texas Company Is Third Oil Concern To Pick Avon Park

Another nail in the tank of nailing Avon Park's flag at the Ridge man-head is being driven with the establishment of the Texas Oil Company's new well station here with three 50,000 gallon storage tanks, smaller tanks, garage, warehouse, offices, etc.

This makes the third of the big oil companies to establish their bulk distributing station in Avon Park, serving all the territory in this section.

George M. Dudley, of the Texas Company, spent the early part of this week here closing the deal for the purchase of a site between the Atlantic Coast Line and the Seaboard Air-line tracks and the placing of part of the equipment which has arrived.

One of the big tanks has just arrived and the stands, the garage, warehouse and other offices are to be built immediately.

AUTO TURNS TURTLE

Mrs. C. P. Turner, Miss Mabel Russell and Mrs. Caroline Graves had a narrow escape when their automobile turned turtle last Wednesday in Fort Meade approaching the Peace River bridge. Miss Russell was driving when the car skidded on the ice and overturned, and about faced. They were returning from Tampa and had the party received more than light bruises.

NEW ROAD CUTS FIVE MILES OFF TRIP TO TAMPA

FORT MEADE MAY BOND TO BUILD BAREAH CUTOFF

About five miles less between Avon Park and west coast points and between Tampa and the east coast via Tampa, will be the new road, if Fort Meade votes its \$50,000 bond issue next month to build the bareah provided being the bareah cutoff which leaves the Fort Meade-Frostproof road about seven miles, on the side of Fort Meade and cutting south and southeast, strikes the Avon Park-Frostproof road about 5 miles north of Avon Park. By the new route it will be only 25 miles to Fort Meade instead of 30 miles as at present.

The bond issue provides a sixteen-foot road over the entire route of the proposed new road and also for widening the present road into Fort Meade, which will mean the practical establishment of this route as the most popular east and west coast route.

Should the Hillsborough county decide to meet Polk county on the new Mulberry cutoff, linking up Polk's new sixteen foot road, between the Tamiami Trail and the Peace River, from Tampa to West Palm Beach by a total of thirteen miles.

The new cutoff, through Avon Park and Fort Meade turns south at right angles just six miles east of the Peace river on the Fort Meade-Frostproof road. Up to this point the present road is to be widened to sixteen feet. The clay road running south at right angles is to be surfaced with asphalt to its present end and new asphalt road built from there through to State Road No. 8, from the Frostproof-Fort Meade road at the northwest corner of Section 2, Township 22, Range 26, the road runs due south three miles, thence due east three miles, then south to the intersection line on the west side of Section 26, Range 27, skirting the northern edge of the bareah settlement. Here it is to be due east for about 2 1/2 miles to the new State Road No. 8, or what it crosses Livingston creek about 4 miles and a half north of Avon Park.

Voting of the bonds by the Fort Meade district and the building of this road will divert hundreds of automobiles through Fort Meade during the tourist season, as many will be hunting the shortest route from coast to coast, and this connection with the State highway linking with the Connors highway is bound to appeal to the tourist in a hurry.

vide work for many artisans who already live here. Every possible opportunity will be taken to hasten the commencement of the work, and an early completion will add much to the assets of the city.

SEVENTH DAY ADVENTIST CHURCH

Elder Loeben of the Tampa District will have a series of services at the Seventh Day Adventist church Friday evening, August 2, and Saturday morning, August 3.

SUGGEST FALLS TO LOCALS WHO BLANK ALTURUS

PAIR OF HURLERS FAIL TO HALT AVON PARK

In a good but one-sided game here Thursday Avon Park won from Alturus 12 to 0, making three straight wins in the league race and also the first shut-out to be scored against the visitors.

The locals all played good ball—only one error being made by them. The scoring started in the second when Hatz gave a base on ball, Phil Ford second and scored on Sherris's single. In the third the boys ran wild and had scored four times when the last out was made. Alturus changed pitchers this inning to see if another man could stem the tide and after the trial by "Hatz" who tried to lose a perfectly good ball every one thought it was nothing but a hot stop the locals however and they continued to pile up the markers. He could not pitch real ball.

Clark showed us again that he could still use the old wing and every one says that he is the best man on the mound that Avon Park has ever had. All the boys play better behind him for one thing and that helps any pitcher.

Most of the spectators wanted to see the visitors score but as the team didn't let that way nothing but home runs were marked up for them, while Avon Park scored in all but the first and fourth frames.

Phil led the sluggers with three hits and Head and Sherman both got a pair.

RECK TEMPORARY HEAD OF COUNTY FAIR AND WORK

REPRESENTATION FROM EVERY PRECINCT—HEAD SECRETARY

Representatives from every precinct in the county will comprise a part of the board of directors of the Highlands County fair under charter provisions framed at a joint meeting of the fair committees of the Highlands County Chamber of Commerce and the Avon Park Board of Trade here, ratified at the board of trade meeting yesterday.

Under the provisions recommended the board of directors will be made up of one representative from each precinct and five trustees. The trustees are to be elected by the men who subscribe to the financing arrangements for the fair, who will raise the funds to buy the site and build the necessary structures.

The first election of officers will be held in October and after that annual elections will be held in March of each year.

Temporary officers selected to lead the board are: F. E. Reck, president; W. H. Woodruff, vice-president; C. R. Head, secretary-treasurer.

The directors elected temporarily are: R. F. Williams, Lake Stearns; Tom Crews, Venus; C. H. Shackelford, DeSoto; B. L. Laird, Sebring and W. H. Woodruff, Avon Park.

The temporary trustees will be C. E. Lanier, B. H. James, H. R. F. Reck, C. R. Head, Gilbert Freeman.

The charter provisions were selected from portions of the charters from the DeSoto county, the Sarasota county, the Manatee county and the Lake county fairs.

Membership is to be open to both residents and winter residents of the county, on provisions to be submitted by the board when permanent organization is effected. The committee suggested that membership be placed at \$1 with an additional fee of life membership at \$20 each. These provisions however are mere suggestions.

Mr. Weaver, who is vice-president of a national county fair in Wisconsin for several years has been added to the board of trade committee by President C. E. Lanier and his experience promises to be a decided

asset to the board.

Rotary Appropriates \$20 for Scouts-Other Societies Are Asked

Rotary placed its final endorsement on the Boy Scout movement here Wednesday when the club voted \$20, one-tenth of the amount needed to secure the local scout's participation in the South Florida Council. This will give the local scout the advantage of supervision of a boy's work, the scout executive for this district and other advantages that accrue from affiliation with a district council.

Herbert Reck explained that the affiliation would cost \$200 for six months and the services of the executive included, and that the local council would be asked to contribute \$100 to the district council.

Other societies asked for similar donations.

Norton Smith, who is chairman of the Rotary Club's boys' work committee is chairman of the local council and C. E. Lanier, who has been elected secretary with J. V. Chapman as treasurer.

W. A. Mar had his returned from the east coast soft pedaled when called upon to discuss conditions at Daytona where he has been rustiesting and the entertainment and the entertainment.

He said the entertainment itself pleased that it just couldn't sing without disturbing the peace of the city.

Smith was instructed to have screens erected in front of the stage and to have the band watching the city and an emergency even if they do not.

Reports on the Beautification League of Avon Park were made by C. E. Lanier, who told of its organization and plans.

LATER'S HEAD BEAUTIFICATION LEAGUE OF PARK

TAKE UP UNIFIED PLAN FOR PLANTING ALONG STREETS AT ONCE

C. E. Lanier will head the city beautification league, governors of the beautification league of Avon Park electing the league as president of the league. The governors represent the Board of Trade, the Board of the Rotary Club, the Board of the Manatee county and the American Legion.

ANDERSON SAYS UNFAIR PRICES HOLD MALL PLAN

ASSAYS WEST END PEOPLE TO TRY AND SECURE EQUITABLE FIGURES

Negotiations in plans for extending the park are at a standstill temporarily, according to Chairman J. P. Anderson, of the mall extension committee, pending efforts to secure equitable prices from holders of some of the lands.

Anderson, Mr. Anderson, A. V. Conley has agreed to donate the necessary land from the front of his five acre lot, W. E. Anderson has agreed to give his acre for \$500 and approximately \$1,000. C. E. Lanier has agreed a willingness to trade a lot of Norton Smith offers his lot at \$500 each.

Ellis West, however, refuses to consider any trade and demands \$5,000 according to Mr. Anderson; Mr. McDaniel demands \$2,000; Mrs. W. A. Lanier demands \$2,000 and J. P. Westworth is demanding \$1,600. The latter two are willing to let a lot of 100 feet and a small cottage demands \$5,000 and refuses any offer.

Check of the city assessment roll shows that the West property is assessed at \$1,200, which on a basis of 50 per cent, which is the record, would be \$600. The property is assessed at \$800; Mrs. Lanier's entire five acre lot assessed at \$700 and the five acre lot of J. H. McDaniel is assessed at \$1,200.

Mr. Anderson has asked residents of the west end of town who will be benefited by extending the mall through that section, to talk the matter over with various property owners and to sign a petition for an agreement for the common good.

It has been pointed out that this west end has been seeking city improvements for years, and that some of the property owners interested have been among those complaining most bitterly about the alleged neglect of this section of the city.

And now, when everybody seems willing to grant what the west end has been asking for, the city, we find some of those who have been the loudest in their complaining to be the loudest in their opposition to a friendly spirit of co-operation.

PECAN PROGRAM FARMERS' AND FRUIT GROWERS' WEEK
If you are a pecan grower and are interested in information that will help you to increase your returns, you should attend Farmers' and Fruit Growers' Week at the University of Florida, College of Agriculture, in Gainesville, August 11-16, specialists of the Florida Experiment Station say.

There will be a special program of interest to pecan growers. B. Donance, pathologist, U. S. D., will discuss pecan scab and other pecan diseases. G. H. Blackmon, pecan culturist of the Florida Experiment Station will speak on pecan varieties, propagation, soils, cultivation, etc., and A. H. Boyer, assistant entomologist of the Florida Experiment Station will give some practical pointers on pecan insects.

Everything is being done to give the farmers just the information that they need and want. Those in charge of arranging the program call special attention to the lectures of J. B. Donance. He will bring the results of several years of investigation that without a doubt will be helpful to the farmers of this state in combating pecan diseases.

This year's meeting will mark the third annual get together of the farmers at the University. Officials are preparing to care for a thousand. It is hoped that farmers will bring their entire families, as there will be something of interest to all. Music and entertainment will feature each day. Board and room can be had in the college dormitories at a dollar and twenty-five cents a day, or just off the campus or up town at reasonable rates. Those who intend to stay in the dormitories should bring their own bed linen and towels.

STATE 1924 LEVY WILL BE 19.35 AS AGAINST 11.1% WHICH OBTAINED LAST YEAR
The Florida tax millage for state purposes for 1924 will be 19.35, four-fifths of a mill lower than it was in 1923, it was disclosed Tuesday by Governor Carey A. Hardee, in a statement fixing the millage for this year at 10% mill as compared with 11 1/2 mill last year.

In commenting on the reduction of the state millage, Governor Hardee said: "I am much pleased that notwithstanding heavy appropriations made by the legislature we are able to reduce the state millage. The millage last year for state purposes was 11 1/2 mill. It has been fixed for this year at 10% mill as compared with 11 1/2 mill last year.

The legislature, authorized an assessment of 7 mills for general revenue alone. But we have been able to reduce this to 5 1/2 mill and still maintain our balances. The balance just now is quite large. This is accounted for by reason of the heavy collections in the late spring and early summer and must be used to tide us over in those periods of the year when receipts are light."

The itemized millage is as follows:

- General revenue, 5 1/2 mill.
- State school tax (constitutional) 1 mill.
- Pension tax, 2 mill.
- State board of health tax, 1/4 mill.
- State board of road tax, 1 mill.
- Prison tax, 1/4 mill.
- Tick eradication tax, 1/4 mill.
- Total, 10% mill.

SUMMER PLANTED LEGUMES GIVE CHEAPER WINTER HAY
Farmers who are expecting to feed milk cows and work stock this winter should, at this time of the year, give some thought as to where their supply of winter hay is coming from. The cheapest hay, according to J. M. Scott, animal industrialist of the Florida Experiment Station, is home grown hay. He says that hay is necessary to livestock maintenance, and is always expensive to buy.

He mentions the following as recommendations for hay crop planting at this time of the year: Some one of the legumes will in the majority of cases be found most satisfactory. Cowpeas planted in the late part of June or early in July will as a rule produce good yields of hay. They should be planted in rows two to two and one-half feet apart and given one or two cultivations.

If it is desirable to sow the cowpea broadcast it is well to mix them with sorghum. One-half bushel of cowpea seed and one-half bushel of sorghum seed to the acre. If the seed are good, should give a good seeding.

Registered seed can also be sown at this season of the year. They are, as a rule, sown broadcast at the rate

of ten to fifteen pounds to the acre and covered lightly.

An additional feature of feeding legume hay, according to some successful farmers, is that the grain ration can be reduced to some extent. This is a market saving.

Also it is a recognized fact that milk cows fed on legume hay produce more milk. This is due in part to the high protein content of legume hay.

Fortune telling is a most fascinating pastime but there are so many ways of telling fortunes and so many reading character that it is hard to say which is most fun. One way of reading character is by telling the bumps on a person's head. This is called phrenology. My, but that's a big word but it isn't quite as big as phrenology, which means the study of the bumps on the face. You can pronounce these two big words if you just say your ph's like f's. The rest is easy.

If you want to tell fortunes get a group of children and pick one of the most observant for your phrenologist. Then blindfold him and have him select one of the group. If he is clever and has a good memory he can recognize his subject by feeling the features and hair and he can describe his subject's character from what he knows about him as the bumps are felt. But better still, if you want to make it funny, have the phrenologist say all sorts of absurd things that will make the children laugh.

Cheese Straws for Tid-bits.
Cheese straws are telling for nibble when you are hungry. They are nice, too, for mother to serve with salad when company comes. If she wants 'em real crispy—crunchy and full of flavor, tell her to make them like this:

- 1 cup grated cheese
- 1 cup self-rising flour
- 1 tablespoon butter
- 1 egg yolk
- Paprika

Sift together the flour and one-quarter teaspoonful of paprika and into this work the butter as for biscuit dough. Add the yolk of the egg and mix well. Roll out the dough lightly and roll out a little thicker.

Sick Headache
"I have used Black-Draught when needed for the past 25 years," says Mrs. Emma Grimes, of Forbes, Mo. "I began taking it for a bad case of constipation. I would get constipated and feel just miserable—sluggish, tired, a bad taste in my mouth, and soon my head would begin hurting and I would have a severe sick headache. I don't know just who started me on taking

Thedford's BLACK-DRAUGHT
but it did the work. It just seemed to clean the liver. Very soon I felt like new. When I found Black-Draught to be so good and easy-acting, I began to use it in time and would not have sick headaches."

Constipation causes the system to re-absorb poisons that may cause great pain and much danger to your health. Take Thedford's Black-Draught. It will stimulate the liver and help to drive out the poisons. Sold by all dealers. Costs only one cent a dose. B-104

BOOKLET TO ADVERTISE HIGHLANDS COUNTY GREAT SOON

G. A. Nash, Sebring's new paid secretary of the board of trade, is busy shipping into shape the program for the winter's activities. The need for a new advertising booklet will be met shortly by the publishing of the one which Mr. Nash has just completed, and which was accepted by the board of governors. This will be an attractive folder, printed in colors, and the alluring by the plentiful use of beautiful pictures of street scenes, palm fringed drives, oak shaded lawns, and gorgeous groups of ornamental shrubbery. Many enticing views of Lake Jackson, and numerous well written paragraphs of description and information enliven its pages.

MRS. HAWKINS ENTERTAINS FOR MRS. WEAVER

Mrs. Joe Hawkins was hostess Thursday to a company of ladies, at her home in Sebring, at a bridge luncheon, honoring Mrs. A. I. Weaver of Opelika, Ala., and Mrs. A. Thallberg of Lake Wales, who are the house guests of Mr. and Mrs. Frank Hestley. The table was beautifully laid and artistically decorated with roses, daffodils and ferns, and a delicious luncheon was served. The prize for high score was won by Mrs. Hestley, while the low score went to Mrs. Scott. The house guests were presented with special prizes. The guest list included, Mrs. S. R. Hart, Mrs. C. F. Auslund, Mrs. Samuel Degering, Mrs. Frank Manley, Mrs. J. Weaver, Mrs. H. A. Thallberg, Mrs. E. E. Cook, Mrs. R. O. Baker, and Mrs. Walter Scott.

SEBRING ROTARY HEAR GOLF

THE SEBRING ROTARY CLUB Monday noon discussed golf links at their first regular luncheon. J. Lee Johnson was the speaker. He was required to render a solo, "I'm a Little Prairie Flower," with Dan W. Green, who sang, "Johnnie Van Zandt." Wayne Ellis and John E. Van Zandt, gave a comprehensive talk on golf and their desire to develop a golf course in this city which would maintain its reputation as one of the best in the state.

THE ROTARY INTEREST

The Rotary Club was prevalent all through the week and north that Florida was about to begin an era of unprecedented prosperity. All eyes were turned toward this section and the members were busy in conversation with visitors of the club.

in this direction. Financiers are anxious to be continued by the current of substantial property that is beginning to be felt, and this is the business will of great magnitude in Florida. The completion of the hard road to Sebring, via Avon Park and Frostproof, would, he believed, be of inestimable value to this city.

HAILEY RETURNS

Col. F. N. K. Bailey, the newly elected superintendent of public instruction of Highlands county, passed through Avon Park, returning to Lakeland, City Sunday night from a motor trip through the Carolinas and Kentucky. Mr. Bailey remained for a longer visit with his father in Kentucky, and Col. Bailey will return for his two week visit in Sebring. He is well and in good health, and was glad to be back where the nights were comfortable.

CANT FIND WATER TROUBLE

A. A. Jones of Jacksonville, vice-president of the Layne-Bowles company, has been unable to find the cause of the trouble which has been apparent for some time. Mr. Jones is unable to find the cause, has promised the city to have the pump fixed, and will remove the pump, and either make it right, or sink another well, and replace the pump with one which will give satisfaction. The present pump has brought up quantities of sand and water, and is in a state of disrepair. This is due to the pump itself, or to the pump through the north and east, left Washington, D. C. Monday, en route to Sebring.

FATHER OF MRS. CASSELLS OF VENUS PASSES TO HIS REWARD

S. J. Letson, one of Florida's pioneers, died at 87 years and 5 months, at 10 o'clock Friday night, at the Sebring hospital, from a complication of troubles resulting from old age. Burial will be made at Winter Garden.

S. J. Letson was born February 10, 1837, near Jackson, in Butts county, Georgia, where he grew to manhood. His life extended over a remarkable period of history, all the modern inventions having been perfected during this time.

He had counted among his acquaintances men who had served in every American war, and even back to the Revolution. He served for four years through the Civil War, spending the last year as a prisoner in Alton, Ill.

After the war, he returned to his home in Butts county, Ga., and rebuilt and re-established his plantation on the desolation and destruction that the war had wrought in that section. Shortly thereafter, he came to Florida with his family, and was among the first to see the possibilities of the great jungle-like wilderness.

He was always a man of remarkable vigor, even up to his last illness. He was greatly interested in current events, and was a voracious reader of all subjects.

His active mind kept pace with the times, and he retained every faculty to the last. He was widely mourned. He leaves several sons and daughters scattered over the various sections of the state, among them, Mrs. H. G. Cassels of Venus, who was with him at the time of his death. Interment will be at Winter Garden.

Now for the County Fair.

Let us get this mail extension through while the getting is good.

Beautification of our streets will start increasing values right at the start.

Highlands county's two Rotary clubs are keeping the heart of the Ridge in the limelight.

Gus DeVane is surely making Lake Stearns look like a budding flower garden. That's boy.

Whiteway lights burning all night long would go a long way toward paying a city manager. That's just another reason.

Folks who don't realize the south end of the county is coming, ought to get last week's Pilot and read the interesting array of items from Hicoria.

Folks around DeSoto City are getting ready to "go big" with the first sign of fall. You can trust "Doc" Etheredge and Frank Burch to keep things humming.

Let every producer in the county start right now getting ready to make the Highlands County Fair the biggest county fair in all Florida. We are going to have the finest plant in the southeast to show "our stuff."

Sebring sets Avon Park a fine example in voting \$10,000 bonds for municipal pier, golf links and paving extension.

Some folks say we don't need a city manager. How long would you keep your money in a bank that had no manager—a bank that was managed by a board of directors meeting once a month?

If Lake Stearns and DeSoto City don't think Avon Park appreciates their good will in voting for our county fair just let them start something down there and see how strong we reciprocate.

If those hospitable Venice folks will just put up half as good a show at the county fair as they put up for the politicians a few months ago, they'll make lots of tourists stop, look and live with.

We hope Sebring doesn't abandon his Washington's Birthday festival which had such an auspicious beginning last spring. They can trust the fans going to help 'em make it bigger and better than ever.

Frank Burch's ideas for "greeting signs" at the main entrances to Highlands county, now that we are able to see them and admire them, are far more useful and appropriate than any others we have seen. And we imagine the autoist will appreciate them more.

"Of all shrinking things," says The Tampa Tribune, "probably the most shrinking is the bankroll on one's vacation." All of which leads us to believe that Ed Lambright, just back from the Democratic convention had a day off, leaving the column to write the paragraphs.

How fortunate "Doc" Etheredge was re-elected. He stands for something when our county commissioners send him to Tallahassee to see if we can't get a little speed mixed in with the building of the Stearns-Josephine creek link.

Affording the autoist coming to Florida almost invaluable information, the Southern Trails and Trips (Columbus, Ga.) has reached our exchange desk. It also shows the extension of the Florida Short Route via Avon Park and Highlands county points to the east coast. A deserved tribute is paid to John A. Caldwell in the latest of Barrel and Box, a Chicago container trade paper. It tells of his long effort to build a head for an orange crate that will hold and his final success and gives an interesting resume of his career including the story of his great work in the receivership of the Washburn Manufacturing and Timber Company.

EVEN YOU CAN HELP.

"What can I do?" is a query we often hear from people of Highlands county who feel that they are weak and helpless before the task of building a county or a city. To all who have a willingness to aid in making a greater Highlands county, a greater Avon Park or a Greater Lake Stearns or a greater spot anywhere in the county we counsel, in all sincerity:

"Even you can help." Any man who possesses an acquaintance in the north, a sheet of paper, a two cent stamp and the desire to help in this great work, can do his part.

If every man and woman in Highlands county would personally write inviting at least one man or woman to come to Highlands county this winter, the message of Highlands county would be carried to thousands. And if the individuals would not stop at one, but would write to every acquaintance the message would reach perhaps a hundred thousand people.

And no better advertising can be conceived than this cordial personal invitation, carrying with it an appeal that no printed advertisement could offer.

And you who may be timid, who may fear you can't help, and who really want to help, can create the most substantial advertising fund that has ever urged a favored section in the frozen north.

Now, will you help?

IN THE RIGHT DIRECTION.

Initiation of the movement to line our streets with trees by the board of trade in general and Charlie Lander in particular, stands out in bold relief at a time when Avon Park is bidding for a place of prominence in the world.

It is a noticeable fact that whenever new subdivisions, or a new development, the first thing stressed by the promoter—and the promoter has plenty of them—is the experience with people who buy real estate—is that trees are to be planted and ornamental shrubbery.

If an individual company finds it profitable to plant trees along the highways, certainly a community can make no mistake in doing likewise.

In fact we doubt if any movement inaugurated by the board of trade will receive a more hearty co-operation than this one. It is a movement that need not be expensive or costly. And at the same time it is a movement that begins paying for itself immediately upon the setting of the first plant.

There is only one thing we want to urge upon the Beautification League. It is this—let the work be done well, and let there be some general plan or system in whatever is done.

The great beautification developments at Miami—which lure people from all parts to the city—have been laid out on one general plan. The planting plans are made up in advance, and the work is done in a systematic way. Let us profit by the example there.

And one more idea—let us make it typical of Florida. For it is Florida which millions come every year, and we must not disappoint them by showing them something else after they have seen the state.

All together, now, on one plan, a beautiful section of Florida here in the Ridge metropolis.

MOVING AHEAD.

When the tourists come back to Sebring they are going to find that the Circle City has taken a great stride forward. Sebring has said by a great majority "we want you" in the most substantial way it can be said—providing something to attract the tourist.

Avon Park speaks louder than words. Truly is Sebring to be congratulated. The golf links, the municipal pier, the new paved streets and the light and water extensions will more than pay for themselves in increased property values. Sebring will be a better town to live in for its big step Tuesday.

All of which leads us to general county improvement.

Will Avon Park match her neighbor?

Will Avon Park do as much, or better?

Or, will Avon Park lag, and allow a neighbor to do all the improving that is done in the county?

Will Avon Park drop behind the procession?

We hardly think so. Certainly we hope not.

A action progresses by competition among communities. The east coast was built up by such competition—competition that saw one town do something, then the other got "one better" and on and on and on. Progress is something like a poker game. You have to raise once in awhile if you want to stay in for the pot.

Sebring is staying—

It is Avon Park's next bet. She must raise, to win.

OUTCAMPING WATER CAMP.

Mark down another victory for the radio. Thousands of good people are now arising at 7 a. m. New York time, lighting their bulbs, taking a deep breath and listening their morning health exercises, each movement to the rhythm of the piano and under the direction of a caustic expert. It is purporting to remove the tissues from the obesity ligaments and build the tissues on an girl who resembles a yard of pump water. Truly are the ways of the radio are mysterious and inspiring.

In the evening hours we have lollied in our easy chairs and listened to the strains of Rubenstein's Melody in F, rendered so delightfully by the Evergreen Bandless Cornet Orchestra. When we have been in more playful mood we have listened to Chicago and listened to inspiring jazz shot through the atmosphere by the Guaranteed Non-Sleepable Roofing Synchroton Quartette. All has been delightful and has stimulated us before we have retired to the land of Nod.

Now we are even prepared for the morning after. If we are numbered among the stylish set we can arise at 7 a. m. and "ret" New York. In a week or two we shall meet each other and say: "My dear, how wonderful you look. What on earth are you doing, you have grown as slender as a fawn. I would never have known you."

Could words be more sublime? Jump to the radio and fill the heart with joy.

HIGHLANDS COMMENT

A Lovely Town.—Tampa Tribune: The Avon Park Board of Trade has signed up 100 new members in a drive. This speaks volumes for the enterprising and progressiveness of that lively town.

Primitive No More.—Geo. S. Mitchell in Leale (Michigan) News: "A few years ago we visited the highlands in the central part of the state and we note a wonderful transformation."

What was then almost wholly a primitive region is now covered by the largest and most productive citrus groves in the state and new ones are being planted. Roger Babson has recently bought a tract of some thousands of acres near the new townsite of Babson Park in Folk county. A fine large body of water called Crooked lake is in this vicinity on the shores of which are built some handsome winter homes by northern people. This region is about the highest and most rolling part of the state. Here we were introduced to the Hon. J. H. Barber, formerly U. S. Senator from the Jackson Patriot, and who still writes its editorials at the age of 86. He told us he had written forty-five editorials the previous week for other newspapers. He appears quite vigorous both mentally and physically, and his fair to "hit and miss" politician. His conversation regarding the past was quite interesting.

Bred in Highlands County.—Tampa Tribune: Emulating the example of its thrifty neighbor, Avon

Park, Sebring has succeeded in organizing a Rotary Club. A Rotary organization means much in the civic and social progress of any community. It is a most encouraging sign of the times that the growing and enterprising smaller towns of Florida are securing Rotary charters and establishing clubs.

The Sebring club was installed by the Lakeland club, Wednesday night, July 27. Haskins is the first president. The personnel is representative of

Sebring's business and professional leadership. It is a notable forward step for Sebring.

AUNT JENNY LEWIS' PLANTATION RECIPES

Martha Washington must have been a right smart cook to have made up that famous Washington Pie but we've got folks here on the farm that can do pretty near as good. Why, when Sally Ann makes her

Washington Pie they surely do smack their lips! Here's her recipe, we tried it lots o' times: Cream a quarter of a cup of fat, add 3-4 cup of sugar gradually, then 2 well beaten eggs. Add 1 1/2 cups of self-raising flour alternately with 1/2 cup sweet milk. Then put in a half spoon of vanilla extract. Bake the mixture in two layers in a wooden tin. Fill with a soft custard or jam and sprinkle powdered sugar over top.

Good Reason
He—I like stuffed olives best.
She—Why?
He—Oh, the dinner guests are not distracted in counting the seeds on others' plates.

Oh, Boy
Little dabs of carmine
And pat-pat—pats of white,
Sometimes make a peach.
More often quite a fright.

Not So Bad
She—Oh, doctor, I've broken my glasses. Do I have to be examined all over again?
Optician—No—just your eyes.

Traffic Cop—Say, jouze! Didn't you see me wave at you?
Lady at Wheel—Yes; if George were here he'd patte you in the eye you fresh thing.

Never Thought of That
Dumb Dan—My, oh, my! I've got an awful cold in my head.
Truthful Sue—Well, that's something.

Temperamental
Vacationist (at "campfire" with guide, first night out)—Gads! Isn't this a wonderful night?
Guide—It's gonna rain to-morrow.
Vacationist—Oh, I don't think it will.

Guide (picking up pack)—Well, I'm quitting.
Vacationist—Quitting? Why?
Guide—Too d—d much argument.

Motorists' Creed
Speeding, speeding, all are speeding,
Getting caught to pay a fine.
This is passing, but we're leaving

PLANTATION RECIPES
Shades of sugar cane! What a time we have supplying husky young appetites with enough "in between" bites. Now as a rule I don't believe in feeding children between meals but when you have a crop of lively humin' jacks around the place like we have 'em 'em 'em. We find one way to appease them until meal time is to give them several little ginger snaps or vanilla wafers. These are not heavy and they're tasty and they nibble while playing. Course we don't buy 'em at the stores! We make 'em ourselves 'em they taste every bite as good (if not better) than those bought at the stores.

Here's the recipe for vanilla wafers. Cream one cupful of butter with two cupfuls of confectioner's sugar, add three well-beaten eggs, and vanilla extract, to suit taste. Stir in just enough softening flour to make a stiff dough that will roll. Roll very thin, cut into rounds, and bake about fifteen minutes in a quick oven.

Snappy Ginger Snaps.
You can bet your bottom dollar the boys are crazy about these when they are made like this: Rub ½ cup butter

STRAWBERRY LEAF-SPOT
APPEARS IN PLANT BEDS
Strawberry leaf-spot, a disease that is likely to show up in plant beds at this season, can be controlled by spraying immediately with 4-4-4 Bordeaux mixture, according to disease specialists of the Florida Experiment Station. Delay means less effective control.

Observations show that the disease first appears as small, deep, purple or red spots on the upper surface of the leaves. These spots rapidly increase in size and at the same time the color of the central portion changes from a purple to a reddish brown. In the later stages the lesions become grayish or whitish in the center. The border remains purple, shading off to a reddish brown coloration toward the healthy tissue. Severely affected leaves turn brown, this discoloration beginning at the tips and causing them to finally shrivel and die.

Experts and experienced growers recommend the setting of only strong healthy plants on well drained soil and the removal of all diseased leaves as the best general means of control for leaf spot. The disease depends largely on moisture for spreading and is likely to severely infect plant beds during this wet season. If it appears in the plant bed this spray is essential to strong healthy plants.

together with ½ cup fat, also 1 cup brown sugar, a cup of molasses and a well beaten egg. Stir ten minutes of ginger, one of cloves and one of cinnamon together, with enough self-rising flour to make a stiff dough, and add this to the first mixture. Add additional flour or hot water until the dough gets to the right consistency for rolling out real thin. Place in buttered tin. Let this stand ten minutes and then bake in a moderate oven.

I mind the first time I made cream biscuits how the folks raved over 'em. Why I felt just as puffed up as the biscuits over the praise they gave me. But my cream biscuits did "rise" beautifully and they had such firm tender crumb and such delicious "tasties." Well, cream biscuits are easy to make if you have the right ingredients. The way I do is to sift two cups of a good, reliable self-rising flour into a mixing bowl with enough sweet cream to mix. I mix this firm enough to handle and roll the dough pretty thin. Then I brush one biscuit with melted butter and place another on top of that and brush the top with soft butter or milk. I have my oven real hot, 'cause that's the secret of successful biscuits. You all will love cream biscuits they're so tender and delicious.

It's Easy to Make.
The little bride on the farm next to ours was asking me the other day for a good recipe for plain sponge cake so I told her as how I thought this one was about as good as any I know. Maybe you'd like to try it: I beat the yolks of six eggs then

slowly add a cup of sugar, 3 table-
spoons of hot water and some vanilla
extract. Add to this a cup and a half
of self-rising flour and stir until
white, the eggs beaten stiffly
into in last tin in a slow oven.

Somehow, I feel successful
if I can burn as quickly if
they are placed in a pan of warm
water which has been allowed to
come to a boil and then cooled first.

YOU NEED NOT FAIL

Tom Rice, presently wealthy head of the Rice Research Laboratories, Inc., of Chicago, was born of extremely poor parents in a squalid hut on the banks of the Kansas River, in Topeka, Kansas, 44 years ago. His father was a cripple and his mother, a consumptive, was the bread-winner, making her living by taking in washing. Tom first attended a local school, conducted by a poor but intelligent neighbor. He learned to read and write when he was eleven. His days were spent in clam dig-

ging and the carrying to and fro of laundry. Five miles from his home was a second-rate public library. By special permission he was allowed to enter the library at 6 in the morning, and on Sundays, before he was eighteen he had read 27 books on electrical engineering and when he was twenty he was the owner of a small electric shop, which he built in the backyard of his home. There he worked out electrical problems for city contractors and became a house wiring expert before he was twenty-five. When he was twenty-eight, his father having died, he bought a costly home in the suburban section

of Topeka, where he installed his mother and two sisters, giving them many luxuries. He invented an exhaust valve for a brake-shoe on electric trolleys that brought him \$30,000, and with this money he established his present research laboratories on State street, Chicago. To-day he employs fifteen expert engineers and a large corps of men and women assistants and his personal wealth is said to be six figures.

RECK TEMPORARY HEAD OF COUNTY FAIR

(Continued from Page One)
factor in making a successful fair. Co-operation from all sections of the county was pledged the Highlands County Fair. Thursday's sessions of the Highlands County Chamber of Commerce when President E. J. Etheredge named a committee of five to act in conjunction with the committee of the Avon Park Board of Trade in formulating a basis for county wide membership in the governing body of the fair. The action was taken upon invitation of a committee from the Avon Park board which told of plans for a fair, the culmination of close to a year of painstaking investigation and study of the problem. The fair, which is to be incorporated, is to be held probably on Lake Angelo between Avon Park and Sebring, and just off State Road No. 8.

The county chamber has been considering fostering a fair, but with no public funds available, the Avon Park business men have undertaken to finance the fair and with a complete plan, under which none of the cost will reach the county treasury, asked the county chamber to co-operate in making the fair the biggest possible and a credit to the county, as the plan planned will be.

There was considerable discussion when the matter was brought up, and every angle was brought out. County commissioners stated there were no county funds available and the Avon Park committee pointed out that none would be needed. Incorporation proposed, in the notice printed in this week's Pilot, calls for a non-profit organization. The Avon Park committee explained that it was proposed to make membership in the organization county wide, with representatives from various communities on the governing body which will control the policy of the fair itself. The financing is to be done by large development interests in the county in co-operation with Avon Park merchants.

The Tampa fair committee feels that the county fair will be a tremendous asset to its work in getting an exhibit ready for the Tampa fair. The chamber asked the county commissioners to send one to Tallahassee Saturday to see if the state road department can get the contractors who are building the Stearns-Josephine Creek line to use some "pen." They are building 200 feet of road per week on a five mile job specified for completion by Dec. 1. At the present rate it will be three years before completion.

Chairman William King named President Etheredge of the chamber of commerce, who is also state senator.

Publicity plans were discussed and papers will be sent all interested inquiries.

"Steak o' baking regular biscuits tonight try roll the dough out square about half an inch thick. Then cream a tablespoon of butter and add to it two tablespoons of peanut butter and spread on the biscuit dough. You can roll it up like a jelly roll and then slice it before baking. Raisins or fruit in the mixture make it good too, and you'll be surprised how glad the folks will be at just this little change in the menu."

FAMOUS BLONDE HAS RED-BROWN HAIR—SHOWS LOBBED THREESIES IN "THE ARAB"

Since Alice Terry, the Metro picture, "The Arab," is seen at the Avon theatre next Thursday, Miss Terry will be revealed as a dark-haired beauty. And the hair is her own!

"The Arab" gives truth its opportunity. And, instead of being piled high in golden waves, as picture-goers remember it in "Scaramouche," "The Prisoner of Zenda" and other picture successes, it is bobbed!

It is because her hair was bobbed that Miss Terry wore a wig in her other pictures, which emphasized romantic rather than modern styles. The blonde was selected to harmonize with the star's fair skin and violet eyes.

It was Mr. Ingram who determined that the wig should be abandoned for the production of "The Arab." Like all those who know her, the producer felt that she was much more beautiful in her own natural color.

Miss Terry Against It. But Miss Terry objected. She felt that picture-goers who learned to love her as a blonde might not be satisfied with the Auburn-haired substitute. And then she pointed out that, as an American mission girl, she would not be likely to have bobbed hair.

The discussion lasted all the way to Tunis in Northern Africa, where Mr. Ingram and Miss Terry went to screen the picture. And there the first American woman they met was an American missionary, whose hair was bobbed.

Miss Terry capitulated and the blonde wig was abandoned.

JULY WET MONTH BUT IS COMPARATIVELY COOL ALSO

It has been a wet July on the Ridge, according to Weather Observer William King, of the local U. S. Weather bureau station, but a comparatively cool one. Rainfall total for the month is 12.17 inches and the warmest day was only 95.

The minimum temperature for the month was 69 with an average for the month of 81.

If the city beautification league is going to keep up with the Canfield and the county beautification commission it will have to hang along.

Every man owes something to his home town. Maybe it's a tree for the park; maybe it's his service in the work. Why not all of us hang up?

The Nation's Business graph now shows only a slight increase in Florida. Miami and these far south Florida sections in the "white" of good business.

It isn't near as hard to sell the goods as it is to sell the man. Man comes here, says many folks, with the world going on his back. He takes a look at the goods and then he takes a look at the man who sells them.

The Nation's Business chart didn't show it, but it's true. With \$50,000 a month being spent here by the railroad and \$100,000 a month being spent here by the tractor for labor and local supplies, business is good.

LET US HAVE MORE!

Despite the fact that several members of both the Sebring and the Avon Park bands are away for the summer, neither city is suffering, and to a fine spirit of good fellowship, spirit of cooperation, the cities owe their thanks. Emulation of the example generally would be entirely proper. For the two cities are the twin cities of a wonderful example of the famous principle of "United we stand, divided we fall."

It is doubtful if either community has ever enjoyed better concerts than those of the past few weeks. The Friday concert in Sebring and the Tuesday concert here.

We haven't noticed any signs of "old days" among these young fellows who are giving their time to amuse and make the time pass pleasantly for the people of the twin cities. Perhaps they are too busy being enjoyed by the others to "think among themselves."

We can conceive of no better example of the benefits of cooperation than the work of the two bands. With that fine spirit of help, Tuesday night, folks had a vivid picture of what can be accomplished when Avon Park and Sebring "stick" together.

One can imagine what would happen if these bands got together on the same platform with about the same discord that has been noted in previous days between the two towns. Such a picture in your mind is the true picture of community progress under the stress of discord.

Let us try for the same results that our bands have already attained.

HE LIVES ON!

He is not dead "who lives in the heart he leaves behind" was never more truly spoken than when we uttered them as we learned of the passing of James Gilbert Gallimore.

That he has passed on to that greater sphere is Hartow's great loss, who knew him, the great gain of all but it has been the great gain of all who knew him, that he lived. For none could know him without being a better man for the friendship, and as he passes on he needs must leave planted upon our memories the images of those kindly deeds, friendly words and of the helpful man who planted them there.

He will be missed here in the smaller sphere, where many learned to love him. But by the measure we miss him, surely measured his welcome to the greater life ahead.

All in well.

NO SERVICE, NO PAY!

Under a contract stipulating that Avon Park's water system was to be made such that no water would receive a second class fire insurance rating and with that express understanding, the city council ordered a number of new fire hydrants installed.

Now, the Florida Public Service Corporation has installed the fire hydrants, and with no sign of insurance-reducing equipment available or completed begins sending the council a bill for fire hydrants which are all to intents and purposes useless.

The city council has referred the bill to headquarters calling attention to the intention of the council to live up to its contract when the company completes its part of the deal.

It is well done, gentlemen of the council.

It is a fact that mere installation of hydrants is not what the city contracted for. We contracted for fire protection of that quality which would bring insurance reduction.

Instead of giving us that, the company's feeding us lake water, seldom if ever has enough pressure to fill a bathtub under fifteen to twenty psi, not to mention enough pressure to fight fires, and so far as the public can see is making little if any progress towards remedying conditions.

Undoubtedly the company is trying to remedy conditions. We believe they are. That is only fair.

But, the company has no right to expect compensation for efforts that are unsuccessful. It would be folly to pay any man for just trying to do something.

The basis of compensation, should always be accomplishment.

We are glad the council is ready to pay when it gets something to pay for.

IT ISN'T YOUR TOWN, IT'S YOU

Summer vacations should bring the folks back home with a broader vision, greater health, and a firmer appreciation of the old home town.

Every man and woman secretly nurses in the mind the vision of a town that would be most desirable. These visions through the winter months and then when holiday time comes around they make a dash for change. But they will leave their ideal

surrounding, only to find as a rule that they have found nothing particularly new. Right then they should realize that the kind of town they really want can be had right where they have their real estate investment. If they only set to work to make it so. As the good verse says, "It's a knock at yourself when you knock your town; it isn't your town 'TIS YOU."

Real towns are not made by apathetic existence in them. They are not built by jealousies nor by ruinous competition. Prosperity and happiness are fruits of a constructive spirit, the result of every one working for the same end, no one dodging a fitting responsibility. The persistent activity of a half dozen unselfish men, backed by ideas, can raise a town from the dead. Sean and life in any community simply reflect the character of its residents. Indifference is the besetting sin of American community life. You and your neighbor can make this town the best little town on earth if you put yourselves into it. Remember it isn't your town 'TIS YOU.

HOW TO FIGURE YOUR BONUS

Washington, Aug. 7.—It is easy for World War veterans to find out how much insurance they are entitled to from the Government if they follow the simple, computing, method used by the Veterans' Bureau. Directed and issued by the Veterans' Bureau, this is an explanation of how to include the 25 per cent increase.

The increase of 25 per cent should not be added to the number of days of foreign service. The service credit is multiplied by the factor. The factor was compiled by Gen. Hines and is the official method given by the Bureau.

Gen. Hines gives the following directions for the use of the factors:

Allow \$1 per day for each day of home service.

25¢ factor at age of 27, \$250.50.

Deduct \$60 from this sum.

Multiply the balance by the factor opposite the age (nearest birthday) shown in the table below.

The result will be the amount of the adjusted service certificate.

As an example:

Age at date of issue, 27.

Home service, 175 days.

Overseas service, 110 days.

One hundred and seventy-five times 60, times \$1, equals \$115.

One hundred and ten times \$1.25 equals \$137.50.

Adjusted service credit, \$252.50.

25¢ factor at age of 27, \$250.50.

Service credit, multiplied by 252, equals \$639.33.

\$639.33 is the adjusted Service Certificate.

To compute your bonus use the table of factors as to age as compiled by the Veterans' Bureau.

HIGHLANDS COMMENT

Avocadoes Too, for Avon.—Florida Growers; E. T. Reux and A. J. Peacock of Plant City, have acquired a 600-acre tract near Avon Park and will develop avocadoes.

Another Ridge Links.—Patrick Growers, Jolly Hill Grove & Fruit Company of Davenport, Fla., plans construction of an 18-hole golf course after plans of Wayne E. Siles, and John F. Van Kleek, Golf and Landscape Architects, both of Boston, Mass.

Getting Ready for Fall.—Florida Growers' Union building activity is manifest in Haines City this summer. Many new houses and several business houses are being rushed to completion. It is to be available for the influx of tourists in the fall.

There Is a Row.—Florida Growers' Union was established last week with the opening of the Pine March Fruit Company sausage factory. The new concern will manufacture all kinds of sausage, minced ham, liverwurst, and bologna.

Will Accomplish Much.—"Welcoming the new, said secretary of the board of trade to Sebring. A. Nash was the main object of the Tuesday luncheon meeting of the organization. He was elected by the board of trade to the position of secretary. This is a matter for congratulation. A secretary devoting his entire time to this work will accomplish a great deal for the town.

Welcomes Millionaire Investors.—Florida Times-Union: The DuPonts, millionaire munition manufacturers, are to try their hand at a new industry, according to the Avon Park Pilot. In speaking of the venture of these far-reaching business men, the Pilot said: "The DuPonts are not just men of money, they are men of ideas. As an example, see the DuPonts, the Coleman DuPont, Delaware millionaire, and his son, Frank V. DuPont, have become associated with him here in an eighty-acre citrus and avocado development on the Palmetto creek road, just east of the city limits. The elder DuPont, long interested in the plant industry, is now in a casual way, has been spending part of the winter on the big citrus tract near Sebring. It is said that sixty acres of the tract have been set aside for citrus and avocadoes, principally Valencia and pineapple groves, and the stand is one of the healthiest looking new plantings in Florida."

True to Form

Bilkins: (In golf club dressing room) "Well, Andy—I could tell you were a married man, even if I didn't know you but recently were ditched. No longer any home for your socks."

Andy: "Yes—that's right—one of the first things Grace taught me was to mend 'em."

Atta Boy, Chief

Brighton: "How about the new Chief of Police? Do you think he will be able to stop gambling in this town?"

Shively: "Well—I hear he wants to bet \$1,000 that he does."

Now You Tell One

Voices Over Phone: "Dr. Watkins, your dentist is ill, so your appointment for this afternoon will have to be postponed."

G. Kate Glee: "Oh—I'm sorry!"

Truthful Tot

Old Gentleman: "Who do you love best?"

Little Tot: "Mother."

Old Gent: "Then who?"

Little Tot: "Oh—Grandma."

Old Gent: "Well, when does your daddy come home?"

Little Tot: "I dunno—I go to bed at eight o'clock."

How It Happened

First Aid Group: "How did it happen—how did it happen? Tell us!"

Motator: "Well—(hic) you see it was fish way—(hic) I was coming down this road—(hic) not faster than 12 or 15 miles an hour—(hic) when what did I see coming, but a big concrete culvert—(hic) so I turned out to let it pass—(hic) and that's all—(hic)."

BRIDGE FOR AVON

PARK MATRON

Mrs. Henry Wolcott Kirby entertained two tables of bridge Wednesday in honor of Mrs. W. W. Jones of Avon Park who is moving to Kissimmee where Dr. Jones is now located.

Garden flowers made the home attractive, and the afternoon was delightfully spent. At five o'clock refreshments were served in the dining room, the beautifully laid table having a centerpiece of lovely, colorful flowers. The guest list included: Mrs. E. O. Baker, Mrs. Joe Hawkins, Mrs. Samuel Dugan, Mrs. Basil Bowden, Mrs. H. P. Ballou, Mrs. Ira Dillon, Mrs. E. B. Tait, and the honoree, Mrs. W. W. Jones.

Seems to me the time has come for "viewing with alarm" when we spend more on elections than it takes to buy a farm. They've banded old John Barleycorn, and drive the dope away, but the campaign contribution crook is on the job to stay.

It ain't no use to grumble at the way elections go, when we practice rank dishonesty, and praise it, we know! These campaign contributions enter makes a voter feel that we'd pass a law to stop 'em, if we didn't love to steal!

I reckon ideas differ on the prevalence of crime, but I'll say that the epidemic let about election time. . . . Of course, the Press exposes—at the smelly round tables in—let it's mighty high impossible for honest men to win!

The campaign contribution is the power behind the throne, but the feller it is spent on is the man to let alone; if political promoters could be landed in the pen, we might see a ticket that's composed of worthy men!

Save the surface and you save it. Pee Gee Mastic Paint

Has Resisted the Elements for Over 50 Years

Pee Gee Mastic Paint has been saving surfaces for more than half a century—adding protection while beautifying—acting as a buffer to the ravages of wear and weather.

Zinc is its backbone, a high percentage being used—clean pure sublimed white lead—round together in genuine time-tested oil. This successfully resists the elements, does not crack, peel or chalk off. It is a preservative, an unrelenting foe to decay.

Save and beautify your home with Pee Gee Mastic—the standard for more than half a century.

A THREE-WORD SPEECH. FARMER'S DAY. CREAM FOR RAILROADS. WALL STREET'S TRINITY.

John W. Davis means to hold the short speech record, a wise, almost pious resolution. He will "accept" his nomination in only four thousand words of talk.
Great moderation and self-control, you say. Yet in thirty-one verses of the first and two verses of the second chapters of Genesis the Bible describes the creation of earth and everything on it. And the whole thing, including the rest on the seventh day, is told in about ONE thousand words.

For brevity and beauty, candidates, editors, and especially advertisement writers should study the Bible, especially Genesis, Job, Isaiah, and the Sermon on the Mount. Any Presidential candidate might make an acceptance speech pleasing to 90 in 100 in three words, as follows: "MEN ABOVE DOLLARS."

Salesmen are pouring into the Northwest farming districts to sell goods that farmers will soon be selling, thanks to high prices for wheat.
Rocks are being up, especially railroad stones, that has importance for everybody. It means that intelligent observers see good times ahead.

"Railroads seem to be the 'lambs' of our Government, and it remembers the injunction 'Feed my lambs.'"

Recently, when the farmer was practically bankrupt, dozens of banks in the Northwest closing their doors, etc., it was suggested that railroads might reduce freight rates, at least on farm products.

But with wheat going up, the Interstate Commerce Commission says the value of farm crops will increase a thousand million dollars this year. Therefore, NO reduction in freight rates.

The cream, off the top, must go to the railroads.
Suppose the farmers, for a change, are getting a decent price for their crops. The question involved is: Are the railroads charging too much? not what is the farm making.

Great and fashionable Trinity Protestant Episcopal Church, standing at the top of Wall Street, publishes this report:
Last year's income, \$2,148,681.
Present assets of that little band of followers of the lowly Nazarene, \$13,329,053.
You note, "Carried to renewal account, \$198,752."

The young man (see Matthew, 19th Chapter) that "went away sorrowful" after being told, "Sell that thou hast and give to the poor," probably sits in Trinity's congregation, if there is anything in the resurrection theory.
Think of one Episcopal church keeping on and thirteen millions of undied assets, while scores of the Episcopal clergy, miserably underpaid, struggle to make ends meet.

The world hears with amazement of two French fliers setting a new "duration mark" staying up 37 hours 49 minutes 10 seconds. Put this clipping away for your great-grandchildren. They will see a round a world machine, coming down perhaps once a year for complete overhauling, landing passengers from smaller machines above Paris, London, Yokohama, Bombay, New York, "All out." And the trip all the way around will be made in twenty-four hours—only 1,000 miles an hour.

There NEVER comes a time when a human being is of "no use to the world."
The Greek philosopher, ninety years old, that killed himself because he stumbled on leaving his class, made a mistake. He should have said: "I may stumble, but I shall go on teaching."

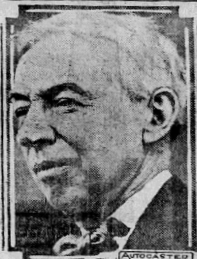

Every one can be valuable to the community and the world.
The other day in New York I saw a woman who had been blind for years. She was crying for her child. She said she had nothing more to live for. She said she was blind. I said to her: "I must, as long as I have my eyes, do something for the world. That's worth a good deal to the world."

ENEMIES CONTROLLING THE NEW CITRUS APHIS
The new citrus aphis continues to decrease in numbers over most of the state, although in a few sections and groves it seems to be increasing. However, it has not entirely disappeared anywhere and it is quite possible that with the coming of drier and cooler weather in the fall the aphids will become aphis.

This decrease in numbers of the aphids seems to be entirely due to the activities of the enemies. In addition to the lady beetles and syrphids which have been doing good work for some weeks, the dragon flies are now appearing. One

which has recently been found, may, according to Dr. J. G. Rehn, be one of the Florida Ex. element. It is a small, green, winged insect, and other aphids we have found a number of a special kind of bacteria. In addition, a wasp-like insect has been bred out by the Department of Entomology.
It would seem that the growers probably will have a respite from this pest for the remainder of the rainy season at least. However, growers should prepare to resume their active control measures in the fall.

New Davis Manager

Clem L. Shaver, of West Virginia, was the choice of John W. Davis, as the new Chairman of the Democratic National Committee, to direct his campaign for election.

TRIO ARRESTED FOLLOWING BURNING OF BARN CLOSE TO DESOTO CITY LAST WEEK
Cline Welch, Frank Welch and Doc Gaudin, of Sebring, are in the county jail following the burning of a barn and growing implements near Desoto, Fla., last Thursday night.

According to Sheriff Robert H. Hancock, the boys were taken to being responsible for the fire, but claim it was accidental. They say according to the sheriff, that they were in the barn taking gasoline and oil and it is a fire in the garage. They claim it spread and they put it out but started another fire which spread too rapidly to be extinguished.

The sheriff says he has recovered tools stolen from the repair outfit of the tractor which was in the barn.

A FIERY STORY OF DESERT LOVE

THE ARAB

Rex Ingram's
Alice Terry
and Novarro
Production

Screened in Algeria and Tunis, with Thousands of Bedouin and Berber Tribesmen in tremendous scenes of the assault on the Mission, desert scenes, and the rescue of the mission by Tribesmen of the Sheikh, who has learned to love Alice Terry.

Rex Ingram brings together Stars he created and introduced to the screen in THE FOUR HORSEMEN, SCARMOUCHE, THE PRISONER OF ZENDA

The Missionary's Daughter came to teach—but she was taught—to love. If you have contributed to foreign missions, you will see here something of what your missionaries have to face.

Muslims howling for Christian blood are thwarted by one in whose veins run the blood of a thousand shells. Burning sands, flying love—and the torch of faith makes another Ingram picture stand out supreme as
