County Nurse Talks at Rotary on Tuberculosis

Miss Allen Holcomb, Highlands county nurse, spoke to the Rotary club Wednesday on her work in the county, and at some length on the tuberculosis situation in the county and the need of money from sale of Christmas Seals to help needy cases. County health work was organized a year ago last February, and has a generalist program. Principal divisions of the work deal with maternity, tuberculosis, crippled children and midwife cases. There is need of a registered midwife in the Venus section, she said, and she hoped to get one there and at other points in the county where there is no doctor. The American Legion has helped her with the crippled children's work, sending several children to the home at St. Petersburg, she said.

The county will get half of the tuberculosis Seal sale money subscribed in the county, she said. The money is badly needed for the local work. She has handled eight white and five colored cases in Avon Park, she said. Sebring had four white and two colored cases, and Lake Placid had six white and no colored cases. In Avon Park two white and three colored persons have died. In Sebring two white persons have died, and one black was reported in Lake Placid. Some of the other cases are active, some arrested and some have been hospitalized. She stressed the need of work in the colored sections and the importance of preventing the spread of the disease to white homes by negro help. Dr. G. S. McKnight said tests should be made not only for tuberculosis, but also for syphilis.

The next meeting will be held at the school house as a Christmas party for underprivileged children and ice cream and cake will be served them. Santa Claus will distribute candy to them.

Bill Carter's birthday was observed and his biography will be given by Parke Anderson at a later meeting.

Charlie Lanier called attention to the fact that Gilbert Freeman's birthday comes next week, and the club voted to send a wire of congratulations, and at the suggestion of John Francis, a sketch of his life will be sent to Tallahassee club to be read on his birthday. Freeman was the club's first president and one of the founders.

High School Band To Play in Orlando Christmas Parade

The high school band will go to Orlando next Wednesday to take part in the annual Christmas parade. The Avon Park band along with five other bands received invitations to participate and will be entertained while there.

The band will go by bus, leaving here at 10:30 Wednesday morning. They will be served lunch at the Shuffleboard club house in Sunshine park and will use the auditorium opposite for dressing. Stetson University's band will give a concert in the afternoon.

Virgil Still, who has been a patient in a Tampa hospital, following a major operation two weeks ago, will be able to be brought to his home in Avon Park Sunday, his many friends will be pleased to learn.

County Schools to Close For Holidays

Avon Park schools will close for the holidays next Friday, December 16, and remain closed until Monday, January 2.

The Sebring schools will close Wednesday, December 21, and reopen Wednesday, January 4. Lake Placid and DeSoto City will be closed for the same period.

All other schools in the county, both white and colored, will close December 21 and reopen January 2, County Superintendent F. N. K. Bailey said yesterday.

Work on the Avon Park vocational building was started Thursday, Col. Bailey said.

Junior Class To Present Annual Play Thursday

The Junior Class Play, "Polishing Papa," will be presented in the High School Auditorium, Thursday night, December 15, 1938, at 8:00 o'clock.

This play is a three-act comedy and is an uproar from start to finish. The story of the play is centered around "Papa" who is a rich sausage manufacturer. Jane and Arthur, his children, come home from college all set on reforming their Dad and getting him out of the sausage business into something refined like investment banking. But "Papa" is a stubborn customer. He loved to "dunk" his bread in the gravy and wander around the house in his socks and say "ain't". He is very proud of his sausage business.

An English Lord, whom Jane hopes to impress, and Rose Parker, with whom Arthur wants to make a hit, are expected to arrive any time and "Papa" starts the children by inviting his lawyer and an advertising man to dinner. They're sure to talk hogs, and besides, the lawyer is in love with Jane, and American lovers are so tame compared to the foreign variety. But "Papa" makes a success of more than the sausage business; he makes a success of bringing up his children. The method he follows is so original and so funny that the audience will sit entranced as the foolish pair go through all sorts of unexpected situations that finally bring them to their senses and an appreciation of their father and of plain American folks.

The cast of ten — five boys and five girls — consists of the following:

Mrs. Stevens—Housekeeper for Mr. Smith — Lillian Best.
Marie—A maid — Mary Pardee
Sidney Smith — A rich sausage manufacturer — Jimmy Heim.
Samuel Karmen — An advertising solicitor — Calvin Bryant.
Arthur Smith—The son of Sidney Smith — H. A. Maddox.
Jane Smith—Arthur's sister — Jane Clements.
Dick Brainerd—A young attorney — Odell Skipper.
Rose Parker—The girl whom Arthur loves — Bootie Roberts.
Reginald Dabney — An English Lord — George Elwell.
Peggy Simpson—A friend of the Smiths — Nancy Betts.

Let's all have a night of fun by going to see "Polishing Papa" at the High School Auditorium, Thursday night, December 15, 1938.

IMPORTANT TO YOU!

Would you drive over to Lakeland Monday if you knew there was a check for \$100 waiting for you there? That is the significance to every grower of more than four hundred boxes of fruit in the marketing agreement hearing to be held in the City Auditorium in Lakeland on Monday, December 12th at 10 o'clock A. M. The experience of those states where marketing agreements containing provisions for volume control have been operated as well as the experience in Florida during the time in which volume control was in force here. The United States Department of Agriculture is reluctant to include volume control in a marketing agreement for Florida at this time because of the lack of unity among the factors in the Florida citrus industry.

Volume control is being bitterly opposed by a small minority group of shippers controlling about 15 per cent of the State's product. Every grower in the state of Florida should be in Lakeland Monday morning to show the representatives of the Department of Agriculture that there is an over-whelming demand on the part of growers for this marketing agreement.

Let's block the streets of Lakeland with traffic Monday morning. Fill your car with growers and be there at 10 o'clock.

City Gives Site To Schools For Athletic Field

The city council voted Monday night to donate a block of five acres to Avon Park schools for a new athletic field. The tract, 270 by 600 feet, is located in the southeast part of the city, convenient to the high school, Fairlight street borders the block on the west and Canfield street on the north.

The new field was asked for by the newly formed athletic council, which plans to develop the property. Principal Stanley N. Reeves told the council. J. Paul Garber, local member of the school board and C. Parke Anderson also appeared before the council. Plans are to build a track, a football and diamond ball field and a volleyball court. The field will be fenced with wire, lighting equipment will be moved from Head Field for night football, and permanent bleachers and a dressing room will be built, as soon as money is available for these purposes, Reeves said.

The council appointed C. Parke Anderson and C. S. Donaldson on the new park commission, and left it to them to choose the third member. They will have supervisory powers over the Mall and other city parks.

J. L. Wells was named manager of the municipal airport and Wayne Maynard, assistant manager, for another year.

Singers Wanted For Community Chorus

An invitation is being sent to the pastors of the several churches in Avon Park, requesting that an announcement be made for all singers of the congregation, whether they are in the choir or not, to join the community chorus that will sing Christmas carols in the Mall Christmas Eve, Saturday, December 24, at 7 o'clock.

E. L. Roberts will conduct the carol singing and the glee club of the high school will aid in this chorus.

Any person, either a resident or a winter guest is asked to meet at the high school Tuesday evening, December 13.

Contract Is Let Wednesday For Episcopal Camp

Contract was let Wednesday to J. L. Yewell of Lakeland for the construction of a permanent camp on Trout lake, which will be built this spring by the Episcopal diocese of South Florida. Upward of \$15,000 will be spent on developing the camp on the lakefront site which was donated to the church by J. S. Francis.

The contract calls for work to start not later than January 15, later than April 15. A central dining hall and assembly room and five cabins will be built in the first unit.

The contract was let at a meeting of the permanent camp committee, composed of Rev. H. I. Lottitt, West Palm Beach; Rev. William F. Moses, Lakeland; Rev. M. J. Bram, Sanford; and W. E. Tylander, Fort Pierce. A local committee composed of J. S. Francis, Walter Betts, and Rev. R. I. Brown has been appointed to co-operate with the general committee.

Window Guessing Contest Is Staged Friday, Saturday

Avon Park's window guessing got under way here Friday and lasts through Saturday night. Sponsored by the chamber of commerce, cash awards of \$5, \$3, and \$2 are offered as first, second and third prizes to the first three who turn in correct reports on the 15 windows entered in the contest.

These windows have been decorated, and in each window there is some error. Blanks may be secured at both drug stores, and the windows listed from 1 to 15, provide a place for noting the error. Make a complete list and turn it in to the chamber of commerce. The first three received, with correct list of errors, win the prizes.

Mr. and Mrs. Brisco Willis have moved from the Bristol bungalow to their new home on E. Pine St., which they have recently purchased from Dr. and Mrs. Bill Carter.

Worthy Matron Makes Official Visit to Chapter

Mrs. Beatrice Brandon, Worthy Grand Matron of Grand Chapter of Florida, made her official visit to Leigh Chapter, No. 85, O. E. S. on Wednesday. Prior to the meeting, a banquet was held at the Avon Grill, attended by forty-five honored guests. The tables were decorated with greenery with a Star in the emblematic colors, placed in a prominent position.

The meeting was held at the Masonic Temple, where attractive bowls of Christmas flowers were used in the decorations; with an emblematic star hung in both the east and the west.

A beautiful courtesy was extended Mrs. Brandon, when the young girls, Betty Jo Wells, Yvonne Head and Betty Koch, as marshalls, dressed in white Grecian costumes, with knee length veils conducted fifteen young ladies into the room, two of which took their places in the west as pages.

This group were pastel shaded evening gowns with crowns representing each letter in the words, "Faith, Hope, Love". They formed a semi-circle around the station, Martha, with the three younger girls in a triangle. Little Betty Rose Ford, in a green costume, took her place by Martha's chair. This special recognition was given this station, as it was the first ever held by the honor guests in both her local, and grand chapter.

Mrs. Blanche Bennett sang "We'll Love You Always" as the group of girls approached Mrs. Brandon and presented her "Cheer Gifts". "Little Martha" presented her with a certificate of honorary membership in Leigh Chapter. Mrs. Brandon explained the gifts of cheer, which she gives over the state to members, who are ill or shut-in.

The group of girls assisting on the program were Mary Clements, Norma Carver, Winifred Hood, Betty Moffett, Betty Touchton, Martha McCord, Martha McNicholas, Wills McGibbons, Gloria Hughes, Nita Bryant, Marjorie Wells, Peggy Mandis, Mary Carratt.

Mrs. David Stuckey, assistant matron, presented in a novel format, a gift from the local chapter. She was assisted by the five star point officers, Mrs. Janie Hinkle, Mrs. Glenora Reddick, Mrs. Anna Wolf, Mrs. Lena Clements, and Mrs. Anne Johnson.

Mrs. Bennett also furnished the music for the Initiatory Service that followed, when three new members were added to Leigh Chapter.

Mrs. Brandon's address, "The Beautiful Life", was given next, and in her charming and fluent manner, the gracious Worthy Matron greatly impressed all present. The program closed with numbers by The Harpettes, the official glee club from this district. Salad, cakes and coffee were served in the banquet room, after the meeting. About seventy guests attended the meeting, among which were many distinguished guests from out-of-town.

There are 12 district welfare boards in Florida with a combined membership of 103 men and women. All serve without pay, receiving no compensation of any kind for their services although they are reimbursed for actual expenses incurred in the discharge of their duties.

At the invitation of President Harold Coloe of the Florida State Chamber of Commerce, it is my

privilege to serve as your special correspondent aboard "The Florida Resources Special" which brought to the state this week one of the most distinguished groups ever to tour Florida.

Leaving Washington last Thursday, this 16 car special train carried Senators and Congressmen representing 21 states, Governors, high governmental officials, financiers, industrial leaders and big business executives.

Invited by the Florida State

Chamber of Commerce to visit the state and learn first hand, by personal contact and observation, of its amazing resources and opportunities, this group of notables arrived in Jacksonville last Friday where they were entertained royally, and made acquainted with the industrial and commercial activities of our "Gateway City". Stopping briefly at St. Augustine, they visited the old fort, the Fountain of Youth, Alligator and Ostrich Farm, Marineland and other points

of interest.

Traveling on down the entire length of the east coast, they arrived in Miami Saturday morning and for a two-day period enjoyed the hospitality of the "Magic City"—which included dinners, banquets, sight-seeing tours, golf, fishing and other entertainment.

Swinging back up state again Sunday evening, our guests awoke Monday morning in the heart of the everglades, and were driven by motor bus from Port Myakka to Clewiston, through miles of the rich "glade" trucking area and on to the great cane growing section. At Clewiston, guests of the United States Corporation, they witnessed cane harvesting operations, visited the sugar house and banqueted at the new Clewiston Inn, where they spent the night.

So great was the contrast between the gay colorful playground area of Greater Miami and the busy bustling agricultural and industrial section of Lake Okeechobee that the visitors were astounded. Here was a new and different Florida and all were deeply impressed with the resources and possibilities presented.

Very few of these folks knew of Florida as anything but a winter playground, and this vast bustling agricultural development was a revelation to them. Equally impressive was the entry into the highland lake section and inspection of groves, and packing houses at Lake Wales where a brief stop was made for a visit to Bok Tower.

Arriving at Tampa Tuesday evening, they were guests of the Chamber of Commerce at another banquet and the following morning were taken to visit cigar factories, shipyards, and other industrial activities, to acquaint themselves with the state's great west coast metropolis.

Leaving Tampa, they journeyed to Lakeland for a brief stop to learn of our resources in phosphate, citrus and winter truck production. Then on to Orlando to see with their own eyes the beauty

and charm of interior Florida.

The Florida State Chamber of Commerce has done a masterful job in bringing these representative folks to the state and the benefits to be gained will be felt in many ways.

The twenty-one State Senators and thirty-six Congressmen in the party, including such outstanding figures as Bennett Champ Clark, Sol Bloom, James M. Mead, Robt. F. Wagner, and others, many of whom had never even visited the state before, gained an intimate first-hand knowledge of Florida that will cause them to consider with sympathetic understanding the problems that confront us and enable our own senators and representatives to enlist their support and full cooperation, based on this personal knowledge as a result of this trip.

Business leaders, financiers and others will likewise have an entirely different conception of Florida and a greater personal interest in the state. All of this will make itself felt in more favorable legislation, better business relations, new industries, new money and eventually some of these folks will return to become permanent citizens.

Florida's effort in entertaining this distinguished group will be rewarded and it is to be hoped that other similar groups can be induced to visit us and come to know, understand and love the state as do we who proudly term ourselves "Floridians."

I SHOULD BELONG TO THE CHAMBER OF COMMERCE — Because, it helps create and express sound opinions on questions affecting the welfare of the city and community.

Benefit Bridge Is Delightful Affair

A most enjoyable bridge party was given Tuesday evening at the home of Mr. and Mrs. Earl H. Ware, for the benefit of the Catholic Church in Sebring. Eight tables were in play, with guests present from Sebring, Avon Park, and Wauchula.

The rooms of the home were thrown en suite for the occasion, and in keeping with the season, were tastefully decorated in a Christmas motif, the same theme being noted in the tallies and other bridge appointments.

Rev. Father Cann, winner of the high score prize in contract was given a singing tackettle; Mrs. Roland Droit, second high, received a silk table runner, and Mrs. McDonald of Sebring, winner of the low score award, was presented a box of Cashmere powder. Mrs. Vorena, Sebring, received a guest package of facial tissues and puffs as the winner of high score in rummy; Mr. Hynblower, a fotoria ash tray for his high score in auction, and Mrs. Mansfield was the lucky recipient of the cut prize, a deck of playing cards. Johnny Rohr received the electric wafta iron that was given away during the evening.

After the games, delicious refreshments of fruit cake topped with whipped cream, and coffee were served to the guests enjoying this delightful evening. Mrs. P. L. Rumpas assisted Mrs. Ware in the hospitalities.

John Clements Is Birthday Host

Mrs. Lena Clements entertained at a most delightful children's party on Saturday afternoon, given in honor of the sixth birthday anniversary of her son, John. The anniversary was spent in playing a variety of games, both indoors and on the lawn.

At five o'clock, delicious refreshments of ice cream and individual cakes were served in the dining room, where the little guests were invited to group around the prettily decorated table. The centerpiece was a miniature Christmas tree, with streamers of red ribbons extending to each place from underneath the tree, and when pulled, were found to be attached to a gray little china Santa Claus, as a favor. Small lighted tapers were on the top of each cake.

John was the recipient of many attractive and useful gifts, which were brought to him by his little friends sharing the occasion with him, who were Betty Rose Ford, Barbara Jolly, Kitty Lou Browne, Lynn Longbottom, Margaret Lawhon, Delores Costine, Betty Jean Sandidge, Marjorie Hetherington, Manson Carter, Norman Todd, Kenneth Amlung, Harry Hood, Jackie Dalton, Devon Gaster, Frank Camp, Jr., Mel Bass, Pete Ragdale. Other guests were John's Sunday School teacher, Mrs. J. P. Dalton, and his school teacher, Mrs. C. L. Johnson. Mrs. Clements was assisted in entertaining by her three daughters, Misses Evelyn, Jane and Mary Clements.

Mrs. Skipper explained the different phases of the work, and made a most enlightening and entertaining talk. The first part of the program was devoted to the singing of Christmas carols, led by Mrs. J. Paul Garber.

During the business session, which preceded the program, and which was in charge of Mrs. Walter Betts, Mrs. Earl W. Hartt gave an interesting report from the recent sectional meeting held in Bartow, which she and a number of other club members attended.

A new member, Mrs. John Bunting was welcomed into the club. During the social hour, the hospitality committee, Mrs. Earl H. Ware, chairman, served delicious refreshments of fruit juice and cookies.

NOTICE TO TAXPAYERS MURPHY LAW EXPIRES

Within less than six months your chance to settle your delinquent state and county taxes under the Murphy Act will be gone.

If you will file application now your settlement under this act will include 1939 taxes, provided there is a tax certificate outstanding against your property that was two years old as of June 9, 1937.

It will be impossible to prepare statements and advertise all the delinquent property in this county before the expiration of the Murphy Act. Those who wait until the last few weeks may be unable to get their tax settlement through.

The taxpayer can realize the full advantage of the law now and nothing can be gained by delaying your application another day.

The Circuit Court of Highlands County recently ruled that, tax certificates bear interest at rate of 3% per annum from date of issue. This means that should some other person advertise your property under the Murphy Act and the oldest certificate is 10 years old, you would have to pay 30% interest if you redeemed your property at time of sale.

If your property is eligible to be advertised and sold, under the Murphy Act I urge you to act at once.

W. Z. CARSON,
Clerk of Circuit Court Highlands County.

the Best of All Florida

WE CAN'T help throwing out our chests when we talk about Central Florida.

Surprise after surprise awaits you—here on the Ridge. Look at those rolling hills—their fruit-laden slopes aglow with orange gold. This is the heart of the world's finest orange groves. Look over there—see that patch of silver. It's a lake. We've got 3,000 of them along the Orange Blossom Trail. And don't miss a boat ride through our tropical canals, or a hunting trip in our forest preserves.

Visit our friendly Ridge cities—not too big, not too small to offer you every type of accommodation and recreation.

Our company is a local company serving this wonderful Ridge section. We produce locally for local consumption. We can't ship our service, like oranges, to Pittsburgh, Detroit or Chicago. Our future is the future of these communities we serve. That's why we want you to have the time of your life here—and come again.
