McNicholas Is New Judge In Tuesday Vote

Defeats Sebring In Close Race By 134 Votes

T. A. McNicholas, Avon Park city attorney, was nominated county judge in Tuesday's special primary over Payne Sebring by a majority of 134 votes, in one of the closest elections in years.

The vote stood: McNicholas, 1436; Sebring, 1302.

McNicholas carried both Avon Park precincts by a landslide, receiving a total of 916 votes in his home city to 169 for his opponent. Sebring carried both Sebring precincts, although not by as large a vote. In Sebring, McNicholas received 309 as against Sebring's 756 votes.

Sebring fared better in the south county precincts than did McNicholas, though the Avon Park man carried Venus by nearly two to one, and came within one vote of tying Sebring in the small Brighton precinct, where the vote was 14 to 15.

Sebring carried all other south county precincts, taking Lake Placid 191 to 51; Hicoria 28 to 8; Bassenger 18 to 10; and Sunniland 39 to 25.

A comparatively heavy vote was cast throughout the county, especially in the home town precincts of the two candidates. Comparative figures show that 3528 votes were cast in the May primary as against 2788 Tuesday. Sebring voted nearly its full strength, when 1065 voters went to the polls Tuesday as against 1188 in May. Avon Park did not do as well proportionately. Only 1085 were cast Tuesday, as against 1414 last May. Sebring, which usually casts within about 250 as many votes as Avon Park, fell only 20 short of puting as many in the box as did Avon Park Tuesday. The combined south county voting Tuesday was 588 as against 928 in May, a considerable decrease.

Avon Park factions, usually split in county elections, got together on McNicholas, which more than any other factor, accounted for his election.

The votes were counted quickly and the result was known before 9 o'clock. Avon Park supporters were jubilant over the success of their heavily backed candidate, and put on a small celebration in the down town section. Mayor Covington sat on the fire siren for a full minute in adding a semi-official note to the merry-making, and "Old Man" Belin tripped a few fancy steps along the side walk, picking his partners from the on-lookers.

Somebody invited the boys in for drinks, and free beer and conversation flowed fluently and eloquently for some time.

How They Ran

Precinct	McNicholas	Sebring	Totals

Dr. E. J. Etheredge, DeSoto City, Dies After Long Illness

Dr. E. J. Etheredge, of DeSoto City, former Florida state senator and at the turn of the century a member of the South Carolina house of representatives, died Friday at the Sebring General hospital following a long illness. He was 67 and a native of Edgefield, South Carolina. He came to Sebring in 1913 and three years later founded DeSoto City, near here, serving as its mayor for several terms.

In 1921 Dr. Etheredge was elected legislature from DeSoto county and sponsored legislation which divided that county, from a portion of which Highlands, Hardee, Glades, and Charlotte counties were formed. He served this district as senator from 1923 to 1927. He fathered many temperance measures and was instrumental in the creation of the Istokpoga subdrainage district. He also was active in obtaining highways for South Florida.

The former senator had many fraternal affiliations and was a charter member of Oasis Temple, Order of the Mystic Shrine, Charleston, S. C. He was a graduate of the University of Maryland and a member of Pi Kappa Alpha fraternity. He was a member of the United Lutheran church and for five years was treasurer of the Florida synod. He was a dentist and a past president of the South Carolina Dental association. He gave up his practice here in 1923 to devote his efforts to his large grove interests.

Surviving are his widow and two children, Mrs. Robert Twitty, of Sebring, and Councilman James T. Etheredge, of Jacksonville; also a brother, J. Lee Etheredge of Augusta, Ga., and a sister, Mrs. F. H. Hendrix of Leesville, S. C.

Annual Meeting at Legion Home of C. Of C. Friday Nite

The annual membership meeting of the Avon Park chamber of commerce for the election of directors and officers will be held at the American Legion home Friday night.

A buffet supper will be served at 6:30, followed by a business meeting at 8 o'clock. All holders of membership cards are eligible to vote in the directors' election.

The names of fifteen directors were placed in nomination by the nominating committee, and will be voted upon Friday night. Ten directors are to be selected from the following: J. S. Francis, R. R. Brown, M. V. Pilcher, C. E. Lanier, A. McKee Elwell, J. L. Wells, S. S. Thayer, C. E. Crabtree, W. S. Betts, Frank Costine, E. W. Hartt, Nelson Smith, Chester Yates, O. C. Wilkes, L. D. McGiboney.

Road Committee to Meet Legislators at Arcadia on Monday

At the suggestion of Representative M. C. Whitehurst, a delegation from Highlands county will meet with the road committee of the legislature at Arcadia next Monday afternoon to present this county's preferences on state road building. The legislative committee is on a tour of this part of the state and is getting the views of delegations before making up its recommendations of primary and secondary road building.

W. M. Reck, Lawler Wells and John Hood have been appointed by C. E. Crabtree, president of the chamber of commerce, to meet with a delegation from Sebring, DeSoto City, Lake Placid and other county communities to formulate plans before meeting with the road committee next Monday. The county representatives will meet Friday night for that purpose at the Jacaranda hotel.

Completion of route 19 and upkeep and improvement of state road 8 are the two important items that will be asked by the Highlands delegation, though other road matters will be under consideration, it is said.

John S. Burks, representative of Pasco county, and Senator Locke Kelley of Clearwater will hold hearings in the first congressional district.

Representative Burke in his letter to Representative Whitehurst says:

"Under Concurrent Resolution Number 10, the 1937 Legislature

(Continued on Page Eight)

DeAngueras Leave To Live In Miami

Mr. and Mrs. Ferd deAnguera were here this week and shipped their furniture to Miami, where they will make their future home. Mr. deAnguera stated that he is building a house on Miami Beach and has leased a house in Miami proper. He also stated that he plans to lease a small hotel in Miami which they will operate this season. The deAngueras have been long time residents of Avon Park, and have many friends here who regret the necessity of their leaving.

PORTERFIELDS TO RETURN

The many Avon Park friends of Mr. and Mrs. R. R. Porterfield of Chicago will be interested to learn that they will return here the first of November for the season and will be located at the Walter S. Betts home on Pine Crest road. Mr. and Mrs. Betts and daughter, Miss Nancy Betts, will move to the Covington apartments for the winter.

MOTOR ROUTES TO FAIR

NEW YORK. — Most heavily used arteries of travel into New York during the New York World's Fair 1939 will be Routes 1 and 22 from the South, leading directly to the Holland Tunnel; Routes 1, 22, 2 and 9W from the West, the last two roadways leading to the George Washington Bridge and the Lincoln Tunnel, and the Saw Mill and Hutchinson River Parkways from the North and East.

Council Chops $1000 Off Operating Budget

Touchton Becomes Choice of Medicos For Governorship

Fred L. Touchton, Avon Park druggist and former state senator from Dade City, became the apparent unanimous choice today of the allied medical professions as their candidate for governor in 1940, following the withdrawal on Wednesday of Dr. Russell A. Williams of Miami.

Dr. Williams, a high ranking member of the Masonic order, conferred with Touchton here Thursday and said that he had definitely withdrawn, and pledged full support to Touchton. Doctors, dentists, druggists, veterinarians and nurses of Florida have joined in the movement to select a candidate from one of the allied groups, and represent about 5000 voters, Williams said.

Touchton, high man and Williams, runner-up, in a state-wide poll, were named at a caucus on the lower East Coast last Sunday to enter a run-off in another mail poll to determine a standard bearer who would be backed solidly by his colleagues in the gubernatorial race. Williams' withdrawal leaves the nomination open to Touchton. He said he would give the matter consideration, but it was too early to make a formal announcement.

Dr. Williams is a former dentist but is now state representative of a national pharmaceutical house, and a popular traveling man with the drug trade. He is past grand orator of the Grand Masonic Lodge of Florida and a 33rd degree Mason. He is interested in scientific studies, and holds membership in several national scientific organizations. He announced in Orlando Wednesday that he would not be a candidate for governor "under any circumstances," and confirmed the statement here Thursday.

"Dr. Fred is Pal"

"Dr. Fred is my pal and I am throwing my support to him. He is qualified in every respect and is the logical choice of our groups," Dr. Williams said. "His previous experience in state politics, his outstanding record in the state senate, and his wide acquaintance with political leaders, will give him a decided advantage. The professions should give him solid support," Williams said.

Dr. Williams advised Touchton to make formal announcement now but Touchton said such a move would be premature, and he would await further action by the allied medical organizations.

Invited Here

Mayor M. E. Covington has invited the next caucus to be held in Avon Park, and has received a reply from A. William Morrison, executive secretary of the Pharmaceutical association, thanking him for the invittaion, and advising that it will be taken up with other members of the medical group. Morrison, Miami druggist, instituted the campaign to induce a professional man to seek the governor's chair.

Georgia Endorsement

The county commissioners of Valdosta, in Lowndes county, Ga., met in special session recently and gave their unqualified endorsement to Senator Touchton, eulogized his character and citizenship, every member of the commission signing the endorsement. The letter from Touchton's native city and county was read at the East Coast caucus last Sunday.

Some Salaries Raised But Millage Is Same

The city council cut $1000 off of its operating budget for the coming year, adopted at Thursday night's adjourned session, in spite of the fact that several increases were made to salaries. The total operating budget was set at $30,000. Added to this is the debt service budget of $40,000 making a total city budget of $70,000.

This will be raised with the same millage as set last year, the saving being reflected in a slightly reduced assessment roll, which was also approved at this meeting.

The millage will be:

Territories —	A	B	C
For operating	25	25	—
For bonds	20	20	12

The city attorney's salary was increased from $300 to $600 per year. No fees are allowed to this office as in the past, delinquent tax collections having been transferred from the hands of the city attorney to the city clerk's office.

The mayor's salary was increased from $300 to $600.

The combined council salaries were raised from $300 to $400. Councilmen salaries are fixed by law at $2 per meeting.

Discounts and allowances were raised from $200 to $500, to take care of discounts allowed to prompt taxpayers. The actual discounts allowed last year amounted to $540.

The deputy clerk's salary was reduced to $540 from $900 per year, because this employee works only half time. The clerk's salary was reduced from $1800 to $1200 to conform with a resolution passed by the new administration January 1, 1938, and the new office of comptroller was added at $900 per year at the same time. The new salary set up in the city hall costs a total of $2640 as against $2700 last year, a saving of $60 in this department.

A worthwhile saving is shown in the light and water department. This department cost $5000 last year, and was increased to $5200 for the coming year, but for the extra $200 the city will get street lights at $95 a month for the full year, as against only six months' street lighting the past year. Savings in other items makes the extra lighting possible at this low cost.

The ball park appropriation was cut from $500 to $250 this year, the saving being made possible because of the fact that the park was put in first class condition last year, and only a small amount of work is to be done this year to put the field in playing condition.

The parks department was cut from $3460 to $2780, a reduction of $680.

The street and sanitary department was raised $200, from $5000 to $5200.

Accounts payable were reduced $1500 over last year, from $2000 to $500.

The refunding debt service charge remains the same as last year, $40,000.

Sales Approved

At Monday night's meeting the airport hangar and lighting project was approved at a total cost of $20,000. This is a PWA project under the government loan and grant plan of financing, and the loan will be made self-liquidating through the rental of hangar space and night landing fees, according to the proposal. W. J. Heim is engineer for the project and is mak-

NEW TAX APPROACH
(From Ocala Evening Star)

Edgar Waybright, former senator from Duval and sponsor of a sales tax bill in the 1927 session of the legislature, makes some observations on the tax question which seems to fit into what is being said and done looking toward tax revision in 1939.

Declaring that he is glad, now, that the sales tax bill he sponsored did not pass in 1927, Mr. Waybright says that he is convinced that the sales tax principle must, in the interest of the general welfare of the state, be coupled with complete abolition of the ad valorem method of taxing property, Waybright says this:

"We must recognize in a program for equitable tax revision that property as such is a dead thing. In itself it has no value and represents no ability to pay taxes. It is the proceeds derived from the energy and ingenuity applied to the use of property that represents ability to pay taxes. This being true a tax system to be used equitably on ability to pay must be based on the proceeds derived from property. If this principle is adhered to in the revision of our tax structure, then we will have applied the true principles we had in mind originally in promoting the sales tax, and the tax will be just, equitable, collectible and do more to build and develop the economic welfare of the state than anything that has happened since Florida was founded."

As we have stated before, the Futch act and the Murphy act are actual living witnesses to the fact the principle of ad valorem taxation has broken down under constant use and abuse. Non-revenue bearing real estate will not pay taxes.

The Murphy law has made it necessary for drastic changes in our taxation system. Possibily the low dollar redemption act will be the forerunner of an approach to use the sales tax principle as outlined by the former Duval senator.

It begins to look like some such approach to the tax revision problem is in the formative stage. Much of the objection to sales taxes—or the sales tax principle—would be removed if the removal of present real estate taxation is made contingent upon its adoption by referendum vote of the people.

GOOD WORK —AVON PARK

Congratulations to our neighbor Avon Park. Last week the city council gave its tentative approval to five projects totaling $41,978 to be built with PWA and WPA assisance.

Twenty thousand dollars will be used to improve the city's airport. This suggests the thought that our own airport out the Bartow road could well stand the shock of some PWA assistance. There are few things that could be done to put Lake Wales more plainly on the map of more importance than improved airport facilities.—Lake Wales Highlander.

NEW CATTLE MART STARTED

Arcadia, Sept. 23. (FNS)—Construction was started this week on Arcadia's new cattle market with the pouring of concrete for foundations. A large crew of WPA workers are engaged in clearing and improving the 10-acre market site.

Buildings will be in two units, an auction pit and offices and sheds for cattle. When completed, in excess of 1,000 head of cattle can be accommodated at one time in the sheds, pens and runways, officials said. The project is sponsored by the State Marketing Bureau.

Motion . . .

(By L. R. EVERS)

(This is another of a series of articles on "Machines and Things of Motion.")

MUSIC

Music is another form of vibration, and therefore falls under the general heading of motion. Music covers a broad band of frequencies, ranging from about 26 to 4000 vibrations per second, and conforms to the same general laws of contact, reflection and resonance as most other motions.

When you strike low A on your piano, you are immediately surrounded by a slow, rolling, trembling atmosphere of air waves, which you hear and feel. They remind you of thunder, ocean waves in a storm, or the distant roar of cannon. That is the way with music. Each series of vibrations tend to bring us to a certain mood. If our ears and nerves agree with them, or are attuned with them, you immediately associate them with things real or imaginary, with things that have been in our lives, or things we would like to have or not have in our lives.

I will confine my physical notes on music to comparison of a piano, for the reason that from a physical point of view, the piano is by far master of all musical instruments and all human voices. It comes to within a single instrument of covering the frequency range of all musical instruments. The piccolo alone attains a higher note. And to within about a single octave or harmonic of covering all audible sound. The piano is centuries old, is not antiquated today and will not be antiquated tomorrow or a thousand years from tomorrow. The piano, when in good condition and perfect tune, makes no mistakes. It tends to agree with, as well as command, a near perfect singer or another instrument when played near perfection. In explanation, while pressing the loud pedal on the piano, hum forcefully a note and listen carefully. The correct note on your piano will sound the note again. This is an example of the physical phenomenon called resonance. It amounts to this: When one of two objects approximate to each other or physically connected with each other, are set in vibration, the other object, if in the natural vibration period or range of the first, begins to vibrate at exactly the same frequency.

I will now explain how the piano tends to agree with a near perfect voice or instrument. Two objects when physically connected or in close proximity, do not readily vibrate at different frequencies. If their natural beat ranges overlap, one of them will tend to alter itself to agree with the other.

The subject of this article will be continued in next week's story.

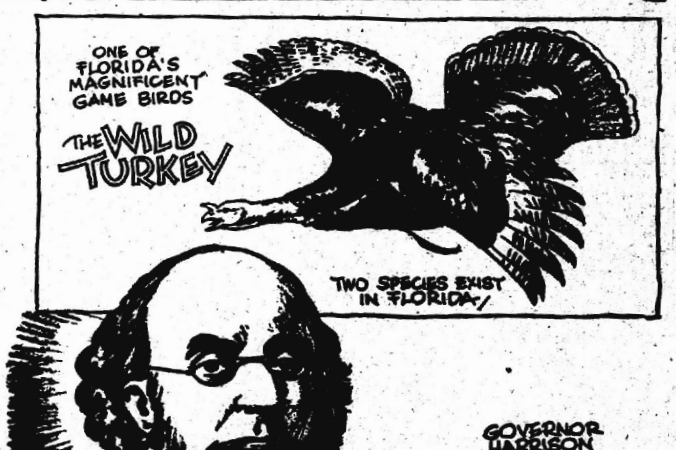
Children Should Not Drive Cars

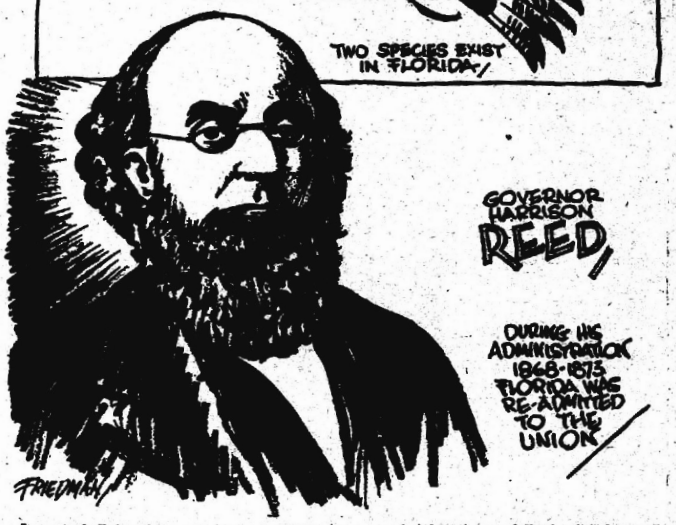
We find that while motorists are driving carefully around schools that it is the children, some who are much under the age of driving that are causing the accidents, stated Asher Frank, director of the Florida Safety Council today.

In Miami three girls were hurt in an accident; the oldest of which was 14 who ran through a traffic light causing the injury of two others in her car, and who are now in custody of the Juvenile court in Miami. What can parents be thinking about, continued Frank, when they let their children who are so young and inexperienced drive cars to school.

Sheriffs, police officers, school boy patrols, and others are doing everything they can to make the people Safety Conscious. Many arrests have already been made because motorists will not stop when buses are being loaded and unloaded. The school patrols have reported motorists running through lines endangering the lives of little children. All this is done so that little Freddie and Mary will come back home from school safely. We now call on the parents to discontinue the practice of letting children drive cars, concluded Frank.

FLORIDA HIGHLIGHTS by KENNETH FRIEDMAN





Largest of all American game birds, the WILD TURKEY reaches a length of about four feet and a weight of twenty pounds. The south Florida species is distinguished from the northern chiefly by its darker cast of plumage, and is considered the typical Florida wild turkey. Though once exterminated over vast areas, this magnificent native bird is now fairly abundant in the larger and more remote swamps due chiefly to the efforts of the State Game Department.

Never before or since in the history of Florida was an administration so full of political turmoil and intrigue as that of GOVERNOR HARRISON REED during the reconstruction days following the Civil War. Many of the elder citizens of the state were disqualified from holding office and many negroes were accordingly elected to positions of high responsibility, resulting in bitter feeling, dissension and agitation. It was during this period that the cession of West Florida to Alabama for one million dollars was defeated.

U. S. Investigators Checking Phase of Tampa Gambling

Tampa, Sept. 23. (FNS)—Chairman W. B. Haggerty of the citizens' anti-gambling committee, stated that federal investigators were checking a phase of the Tampa gambling racket and that while he could not at this time make known the nature of the investigation, it was one of importance that might have a far-flung consequence.

Questioned as to how the drive against gambling in Tampa was progressing, Haggerty said that the sale of bolita and Cuba tickets had been materially reduced, particularly in the down town section, and that several gamblers had closed their places of business and left for greener fields.

He stated that nearly 500 new pledges not to gamble for a period of one year had been received by the committee during the past week, and that workers were canvassing the city in an effort to bring the total number of pledges up to 30,000 by the end of the month.

Another Circus To Tampa For Winter Quarters

Tampa, Sept. 23. (FNS)—Floyd King, general agent of Robbins Brothers Circus, in the city this week, announced that Tampa was being seriously considered as winter quarters for the 25-car show, which had definitely given up its old quarters in Rochester, Ind., and is seeking a southern location.

City officials met with representatives of the show and hope to be able to provide suitable grounds and provide other facilities. The circus employs 600 people and if located here would spend considerable money with local merchants for feed, supplies and equipment.

The Royal American Shows have been making their winter quarters in Tampa for several years and their presence here each winter has turned considerable money loose in the community in the purchase of paints, hardware, lumber and other material, while many of the show people make their homes here.

WEST PALM BEACH TO ENLARGE ITS AIRPORT

West Palm Beach, Sept. 23. (FNS)—Enlargement of the municipal airport, Morrison Field, to about six hundred acres, was assured last week when the county commission authorized the purchase of 160 acres of land adjoining the airport. The property was purchased for $32,500 from B. F. Paty and Harvey Warwick.

Wildcat Veterans To Meet in Tallahassee

Veterans of the 81st or Wildcat Division from Alabama-Georgia-Florida will meet in Tallahassee, Florida, October 16-18.

The three days will be filled with entertainment for the Wildcats and their ladies and the program arranged is as follows:

Sunday, Oct. 16, Registration, Hotel Cherokee, 3 p.m. Impressive Memorial services, 6 p.m. Reception for ladies by the Legion Auxiliary.

8 p.m. Smoker and entertainment, Monday Oct. 17 Welcome by the Governor and Mayor and opening session. Noon luncheon by the civic bodies, 3 p.m. Sight seeing trip for visiting ladies, 6:30 p.m. Parade and street carnival.

Tuesday, Oct. 18, business session, fish fry at 7 p.m. and dance at 8 p.m.

Every veteran who served at any time with the 81st division is cordially invited by the committee to attend this Tri-State Reunion. Let us show you "What made the wildcats wild."

Planning Board Secretary Attends Washington Meet

Washington, Sept. 23. (FNS)—George G. Gross, executive secretary of the State Planning Board, is in Washington, attending a nationwide conference of representatives of state and regional planning agencies called by the National Resources committee.

The conference has been called to discuss "The Future of State Planning," in service training for members of the staffs of state and regional planning agencies, designed to provide these organizations with a type of trained technical assistants. The conferences will be held at the office of the National Resources Committee, September 19 to October 1, inclusive.

The informal conferences will be devoted primarily to the discussions of technical procedure for planning, with talks by technicians from federal agencies, experts from private research organizations, and officials of state agencies.

Harold L. Ickes, chairman of the National Resources Committee, is the guiding spirit of the conference.

The tentative program lists the following topics for discussion: land, water, minerals, transportation, industrial and economic organizations, housing, public works, population, welfare and health. Special attention will be directed to the possibilities of planning in the above fields from the standpoint of state and regional agencies. The present and desirable relationships between state agencies and federal agencies will also be studied.

Scenes for Movie Travelogue of State Are Being Taken

Tampa, Sept. 23, (FNS)—Al P. Burgert, assistant photographer for Pathe News and regional staff photographer for Life Magazine, has been filming local scenes for a motion picture travelogue of Florida, in color. It is being produced for Florida Motor Lines, and will be shown throughout the United States and Europe.

The Travelogue will show the three principal gateways of Florida and then start a tour from Jacksonville on the East Coast, up the West Coast and through Central and West Florida. Scenes of historic and picturesque interest will be recorded, to show what Florida has to offer in the way of tourist attractions.

Many requests from schools, colleges, civic clubs, contacting bus and steamship lines for a visual "bird's-eye-view" of the state, led the company to sponsor production of the Travelogue, according to T. B. O'Steen, traffic manager of the bus system.

UNION CONGREGATIONAL CHURCH SERVICES

Dr. Alfred C. Elliott, pastor

Sunday, September 25th: The Sunday School, in charge of Superintendent J. P. Garber, will meet at 9:45 a.m. and at 10 a.m. a Rally Day program of songs, recitations, exercises, etc., will be presented by the members of the Sunday School. It is hoped that all parents will attend and by their presence encourage the officers and teachers of the Sunday School in the important work in which they are engaged.

Morning worship at 11 with sermon by Dr. Elliott, who will speak on "Religion in the Family."

Young People's Pilgrim Fellowship at 6:45 p.m. Henry Wild will lead the meeting and Julian C. Halsema will introduce the topic. Young people are especially invited to join in this hour of fellowship and discussion.

"Man shall not live by bread alone," said Jesus Christ, the greatest teacher who ever spoke from God to man. If man were body only the daily bread might suffice. But man is more than body. He is a spirit, he has a soul, and must needs seek communion with God if he would reach his highest development. The services of the church are a means of spiritual communion with God and, if neglected, impoverish the spiritual life of the individual and lead to serious declension in the national life. Is it not time for our people to turn from the carnival of frivolity in which we have so long engaged and seek the Lord? The homes of America, her educational institutions, her legislative halls, her industries, need the uplifting power of a revived interest in the Christian religion.

Union Church unites with the other churches in inviting the citizens of Avon Park to worship, saying, "Come ye, and let us go up to the mountain of the Lord, to the house of the God of Jacob: and He will teach us of His ways, and we shall walk in His paths, for out of Zion shall go forth the law, and the word of the Lord from Jerusalem."

METHODIST CHURCH SERVICES

C. R. Mingledorff, pastor

A promotion day program awaits your enjoyment at the Sunday School hour, 9:45 a.m. Come and make someone happy.

At 11 o'clock the pastor will preach on "The Three Fold Gospel." There is little beauty and no spirit in an empty pew. Come.

Senior, Intermediate and Junior young people groups meet at 6:30 p.m. A good leader and an interesting program.

At 7:30 p.m. the pastor will bring an evangelistic message especially adapted to present day needs.

Mid-week prayer service Wednesday 7:30 p.m. This service will feature the "Know Your Bible Contest." Forty-three present last time. Let us make it 50 next Wednesday, please.

Help yourself to what we have to offer.

EPISCOPAL CHURCH SERVICES

Holy Communion, 7:30 a.m.

Morning Prayer and Sermon, 11 a.m.

Richard I. Brown, rector.

EPICURES AT NEW YORK FAIR

NEW YORK—The bill of fare available at the New York World's Fair 1939 will provide visitors with a veritable gastronomic trip around the globe. A score of foreign nations will have restaurants in their national pavilions. France, for instance, will offer to the gourmet a canard nantais a l'orange; Belgium is to specialize in Flemish and Walloon dishes, with delicacies cooked in fig leaves; Cpba will have arroz cos pollo; Mexico, tamales, frijoles and baked pig; Rumania, a wide range of game; Russia, blinis and kauka; Brazil, colorful assemblies of tropical vegetables. Did anyone call the waiter?

NEW YORK. — An extensive aviary enclosing a great variety of tropical birds, vivid of plumage and many of them rare to northern eyes, is to be a distinctive feature of the Brazilian exhibit at the New York World's Fair 1939.

Round trip adult fares to—

MIAMI $1.50
FT. LAUDERDALE 1.50
W. PALM BEACH 1.00

Children 5 and under 12 half fare. Tickets good going on all Saturday trains and Sunday morning train; returning leave as late as Sunday night. Tickets good in coaches only. No baggage checked.

Ask Seaboard Agents for Details

There Ain't No More "Marsh Seedless," It's "Florida Seedless"

Lakeland, Sep. 19.—Elimination of the words "Marsh Seedless" from all boxes of seedless grapefruit shipped from Florida, and substitution, instead of the words "Florida Seedless" is urged by the Florida Citrus Commission, according to announcement today by the commission's secretary, E. Glenn Grimes.

"This change was one of the recommendations made by our advertising agency in formulaing our 1938-39 advertising and sales promotion program," Mr. Grimes said.

" 'Marsh' means nothing to the consumer. 'Florida' does. Since nobody seems to object to such a change and everyone consulted agrees to the advantage of substituting the word 'Florida' for 'Marsh,' the commission is hopeful that all shippers will make this change as quickly as possible so that Florida fruit may immediately obtain the full benefits of this added advertising."

Secretary Grimes said that the commission anticipated a 100 per cent favorable response to the suggestion and added that he doubted if any formal step requesting the change would be necessary.

Hon. Nathan Mayo, Commissioner of Agriculture, taking personal charge of citrus inspection work, has been spending considerable time in central and south Florida. Visiting Tampa last week, he appeared in excellent health and expressed satisfaction over the way citrus inspection in functioning.

Leads 'Gators

CAPTAIN JIMMY OXFORD

CAPTAIN of the University of Florida's 1938 "Fighting Gators" is Jimmy Oxford, from Leesburg. Jimmy is keen to lead the Gators to a fine record this fall...and incidentally, many who know their football believe this spirited 195-pound athlete has the possibilities of being the greatest center in the South this year. Florida opens its 1938 season Saturday night, Sept. 24, in Gainesville, playing Stetson under the lights of Florida Field Stadium.

AIRPORT AT NEW YORK FAIR

NEW YORK — In North Beach Airport, when its rehabilitation is completed at a cost of $15,000,000, the New York's Fair 1939 will have right at its threshold the finest sea and land terminal in the United States.

Bogart Is Victim Of Boys' Pranks

Humphrey Bogart was the victim of a practical joke perpetrated during the first day of shooting at Warner Bros. studio on "Crime School," in which the boys are cast with Bogart.

The six boys had previously worked with Bogart in the filming of "Dead End," for which they had been brought from New York, where they created the stage roles, and they are fond of him, but they like to show it in their own quaint way—which is to victimize him, if and when possible.

Careful to keep strictly in the background in order to avoid rousing his suspicion, the boys perpersuaded a stage hand to approach Bagart and tell him he was to telephone his home. Bogart, not before the camera at the time, went to the sound stage telephone, which is on a wheeled stand, with a light bulb which flashes when the phone is in use. That's to avoid the sound of bells which are strictly taboo on a movie sound stage.

He unhooked the receiver, started to dial the number, and—with a bang, the light bulb exploded.

It was a flashlight bulb, rifled by those fast-thinking boys from the kit of the still cameraman attached to the company.

Plans are crystalizing throughout the citrus producing area toward the affecting of a marketing agreement under the leadership of the officials of the newly organized Florida Citrus Citrus Growers, Incorporated.

BY HETTIE H. HETHERINGTON. Social Editor—Phone 54.

Lake Byrd Lodge Scene of Party

In observance of her fourteenth birthday anniversary, Miss Martha McNicholas was hostess Friday evening at Lake Byrd Lodge, at a prom and dancing party. Delicious refreshments of punch, sandwiches and cookies were served late in the evening, and the many attractive gifts were opened and admired.

Friends sharing the delightful affair with the hostess were Misses Betty Touchton, Willa McGiboney, Marjorie Wells, Gloria Hughs, Martha McCord, Mary Clements, Betty Moffett, Winifred Hood, Peggy Mandis, Dorothy Welch.

Fred Touchton Jr., Fred Foster, Herbert Todd, Edward Sherman, Albert Wester Jr., Jimmie Bradbury, George and Harry Elwell, Sanford Hartt, Felton Causey, Arthur Crews, Jack Head Jr., Walter Mandis.

Two Are Hostesses To B. P. W. C.

Miss Millie Pearson and Miss Hettie Hundertmark were hostesses Monday evening to the members of the B. P. W. C. at a most enjoyable bridge party. The Customer's Room of the Florida Public Service company afforded a delightful place for the party, where many interesting progressions of bridge were played during the evening. Bouquets of early autumn flowers were placed at vantage points.

High score award, a box of violet soap and perfume, was won by Mrs. Helen Mann, and a container of individual powder puffs was presented to Mrs. Freed Peden, as the floating prize.

After the games, the hostesses served delicious refreshments of lemon chiffon pie and iced tea, to the member of the club present: Miss Margaretha Voght, Mrs. C. A. Clark, Miss Rose Abramson, Miss Kate and Miss Mattie Thompkins, Mrs. Pearl Spink, Mrs. Freed Peden, Mrs. Helen Mann, Mrs. Phillip Boardman, Mrs. Ruth Clowe, Mrs. Olive E. Anderson.

AUXILIARY MONDAY NIGHT

A special get-together meeting of the American Legion Auxiliary will be held Monday evening at 8 o'clock in the social room of the Florida Public Service Company, with Mrs. Ruth Clowe as hostess. All members and prospective members are urged to be present.

Sun Recipes

LEMON SPONGE CUPS

(By Mrs. Roland Droit)

1 cup sugar
2 tablespoons butter
3 eggs
1⅛ cups milk
4 tablespoons flour
pinch salt
5 tablespoons lemon juice
grated rind of one lemon

Cream butter, add sugar, flour, salt, lemon juice and rind. Stir in beaten egg yolks mixed with milk. Fold in stiffly beaten egg whites. Pour into custard cups. Set the cups in pan of water and bake 45 minutes in moderate over (350 degrees). When done each cup will contain lemon custard at the bottom and sponge cake at the top.

LEMON PIE FILLING

(By Mrs. T. H. Hughs)

2 egg yolks
2/3 cup sugar
3 tablespoons flour
1 cup boiling water
grated rind and juice of one large lemon
1 tablespoon butter

Beat the egg yolks, add the sugar water over them, stirring constantar and flour and pour the boiling ly. Add the lemon juice, rind and butter, and cook over hot water (double boiler) until thick. Turn into previously baked crust. Cover with meringue.

Miss Betty Brooks To Be Married

Mr. and Mrs. A. H. Brooks of San Diego, Cal., announce the engagement and approaching marriage of their daughter, Betty Annetta, to Walter Gordon Park, of San Diego, formerly of Auburndale, Florida. The wedding will be an event of Thursday, October 6.

Mr. and Mrs. Brooks and daughter formerly resided in Avon Park. Miss Brooks being a graduate of the high school here. Mr. Brooks was a photographer here for many years, and Miss Brooks assisted him in his work. The family has many friends in the vicinity, who will be interested in the approaching nuptials.

THIRTY MILLION "HOT DOGS"

NEW YORK. — Thirty million frankfurters asd hamburgers will be eaten next year at the New York World's Fair 1939. If strung into a rope, they would reach across the Atlantic from New York to London. The meat in them would fill 187 refrigerated freight cars.

Bridge Supper Delightful Affair

A lovely affair of Wednesday evening was the supper bridge given by Miss Hettie Hundertmark, with members of the Sans Souci club as guests. A daintily appointed supper was served at 7 o'clock in the Jacaranda Grill, with a color motif of orange and yellow predominating.

Following the supper, tables for bridge were arranged in the Customer's Room of the Florida Public Service company, where bowls of Fantasy zinnias and marigolds were placed at vantage points.

High score prize, a pair of silhouette pictures was won by Mrs. Raymond Dilley; second high, a Mexican silk scarf, was given to Mrs. Charles Sherman; the guest prize, two handkerchiefs, was presented to Mrs. Ben T. Stewart, and the travelling award, a set of individual powder puffs and powder box, was the award of Mrs. Freed Peden.

Those enjoying the supper and bridge were Miss Betty Ellen Smith, Miss Mary Key, Miss Alma Harrell, Miss Millie Pearson, Mrs. Charles Sherman, Mrs. Raymond Dilley, Miss Mildred Myers, Miss Elizabeth Green, Miss Iva Phillips, Mrs. Ben T. Stewart, Mrs. Freed Peden and Miss Hundertmark.

Class Party Given Thursday Night

The Banner Class of 12-year-old girls and one hundred per cent pupils of the junior department of the Sunday School of the First Baptist church were entertained at a delightful party at the home of the superintendent, Mrs. David Stuckey on Friday evening.

Games were played and delicious refreshments of hot chocolate, smacks and cookies were served.

Those enjoying the party were Mrs. Harry Walker, Dorothy and Sonny Walker, Eloise Thomas, Patti Rounds, Winifred Demorest and Betty Koch.

FAIR HOUSING

NEW YORK.—Surveys indicate that visitors to the New York World's Fair 1939 will be able to obtain desirable accommodation in any price range. There are 133,334 hotel rooms is the city; hostelries in suburban communities have 50,000 rooms; Y. M. C. A. clubhouses and similar semi-public institutions provide 40,000 and those in apartments and rooming houses add 120,000 more. Thus, the total transient accommodations is 343,334 rooms.

Baptist Society Has Enjoyable Evening

The missionary society of the First Baptist church met at the home of Mrs. S. J. Pendleton Monday evening for the regular monthly program meeting with Mrs. S. F. Longbottom as leader.

The topic for the month, "The States," was given in the form of a quiz drill. A short business session was held by the president, Mrs. David Stuckey.

Later in the evening, Mrs. F. L. Siebert, a valued member, who is planning on moving to Lakeland soon, was the recipient of a shower of dainty handkerchiefs from her many friends present.

Delicious refreshments of ice cream and cake were served to those present who were: Mrs. David Stuckey, Mrs. J. D. Sherman, Mrs. J. H. Dean, Mrs. J. R. Bennett, Miss Mabel Collins, Mrs. R. L. Adams, Mrs. D. H. Bowman, Mrs. W. W. McFarland, Mrs. R. H. Lawhon, Mrs. Paul McFarland, Mrs A. Causey, Mrs. C. W. Pabor, Mrs. Anna Lawhon, Mrs. M. M. Foster, Mrs. J. P. Dalton, Mrs. Durrh Martin, Mrs. J. S. Blackburn, Mrs. J. E. Crosby, Miss Evie Canup, Mrs. C. Belin, Mrs. Otto Skipper, Mrs. J. B. Coen Jr., Mrs. Mark Smith, Mrs. J. L. Collins, Mrs. C. E. Myers, Mrs. B. F. Martin, Mrs. Frank Costine, Mrs. S. F. Longbottom, Mrs. F. L. Siebert and Mrs. I. H. Ford.

Mrs. Park Hostess To Covenant Circle

The Covenant Circle of the Union Congregational church held their regular meeting at the home of Mrs. L. H. Park on Wednesday with Mrs. C. S. Donaldson, president, presiding. Mrs. Blanche Williams led the devotional and Mrs. Max Wild presented the book review on chapters 17-22 of "The Splendor of God." Plans were discussed for entertaining the district meeting of Nov. 8-9.

Mrs. Park served enjoyable refreshments of home made doughnuts and punch to those present who were: Mrs. C. S. Donaldson, Mrs. Blanche Williams, Mrs. Irving Smith, Mrs. F. N. Dexter, Mrs. Max Wild, Mrs. Olive S. Armstrong, Mrs. A. C. Elliott, Mrs. A. E. Hollingsworth.

Sunday School Has Annual Picnic

The annual picnic of the Sunday School of the Union Congregational church was held Saturday afternoon at Lake Byrd Lodge. Swimming in the lake afforded an enjoyable diversion, and a delightful picnic lunch was served.

Missionary Circles Met Tuesday

Mrs. A. C. Wester entertained both circles of the Methodist Missionary Society at her home Tuesday afternoon.

Mrs. I. L. Hall led the devotional and presided over the business session. Mrs. C. H. Pardee acted as secretary. Plans were made for the fall work. The sewing circle exhibited several dresses they have made for underpriviledged children in school. This circle will meet at the home of Mrs. C. H. Pardee next Monday to continue this sewing. A covered dish luncheon will be served at noon. Any member of the missionary society interested in this work is invited to come.

The circles were divided at this time, Mrs. C. H. Pardee to be leader of circle one, and Mrs. I. L. Hall, leader of circle two. It was announced that circle one would meet next month with Mrs. L. M. Orr, and circle two at the home of Mrs. Hayes Maxwell.

Plans were completed for the Fellowship Supper which will be served at the Hut Friday evening in honor of the school teachers who attend the Methodist church. Everyone who worships in the Methodist church is invited to attend this supper.

The ladies present at this meeting were Mrs. I. L. Hall, Mrs. R. A. Garrard, Mrs. T. P. Turner, Mrs. C. H. Pardee, Mrs. L. M. Orr, Mrs. A. McKee Elwell, Mrs. Chas. Harris, Mrs. C.R. Mingledorff, Mrs. J. D. Raab, Mrs. W. S. Rawlings, Mrs. Hayes Maxwell, Miss Furlow Anderson, and the hostess, Mrs. Wester.

Delicious refreshments of pumpkin pie topped with whipped cream were served with iced tea.

Newspaperman Pays Tribute

George E. Sokolsky, the celebrated author and newspaperman, in an article published recently in the New York Herald Tribune, paid splendid tribute to the missionaries in China who are continuing sturdily to do their work in spite of all difficulties and danger. He writes:

"The most significant job done by Americans in China is neither the buying nor the selling of goods. It is so great a work that it is altogether misunderstood by small minds and even smaller hearts. That is the tremendously important and valuable services of the American missionary.

"These men and women have gone to town and village, bringing them not only the many varieties of Christianity, but a new cultural pattern; medicine and hospital and nursing and child welfare; a new conception of social relationship; and a broadening viewpoint.

"I have known the American missionary in China well. He has been my friend. I have lived at his house. He has dined at my table. I know of no human beings who are more self-sacrificing, more loyal to the people among whom they live, more generous and less materially rewarded for an arduous life than most American missionaries. No matter what happens in China, most of them will remain at their posts valiantly laboring for the simple people who love them."

—Publicity Chairman.

BIRTHS AT THE FAIR

NEW YORK.—More than a dozen babies will be born at the New York World's Fair 1939, it is expected by the Fair's Department of Medicine and Public Health. The Deparemtn will be all prepared to deal with these emergencies. Six such babies were born during the Century of Progress at Chicago.

"WALK-IN" HUMAN EYE

NEW YORK.—One of the great "sights" — literally — at the New York World's Fair 1939 is to be the model of a human eye so large that it will permit several visitors to enter it at the same time. It is to look out through its huge lens—the pupil—upon an ever animated part of the Fair Grounds.

80 RESTAURANTS AT FAIR

NEW YORK.—Specifications require a total restaurant seating capacity of 43,200 at the New York World's Fair 1939. There are to be at least 80 restaurants to meet this requirement.

TOMATO JUICE—
The Perfect Come-on To Any Meal

By Dorothy Greig

A FRIEND of mine once referred to the youngsters of today as the "tomato juice generation."

She was not so far off at that, for in the past few years, not only children, but all of us have taken to fruit and vegetable juices—to our great benefit. Tomato juice, for instance, is a rich source of Vitamin C. One glassful a day supplies our needs along that line. It is a good idea always to have several cans of tomato juice chilling in the refrigerator.

But I surmise the real reason most of us drink tomato juice is that we like its garden fresh flavor. For breakfast, just as it comes from the can, it is a tart and stimulating beginning to the day.

For noontime and evening I like to dress it up a bit. Maybe I add ½ teaspoon of lemon juice or ½ teaspoon of onion juice to a cup of tomato juice. Or perhaps 2 tablespoons of cold condensed bouillon to a cup of the juice.

Two of my very most favorite ways are these:

Tomato Juice with Cucumber Lime

1 can (14 oz.) Tomato Juice
½ cucumber (chopped)
½ teaspoon salt
1 tablespoon fresh lime juice

Select a cucumber about 7 inches long. Cut in half, then peel and chop the cucumber finely. Add the chopped cucumber to the Tomato Juice and let it stand in refrigerator for at least one hour. Then strain forcing as much of the cucumber juice through the sieve as possible. Add the salt and fresh lime juice and serve chilled.

Tomato Juice with Celery

1 can (14 oz.) Tomato Juice
½ teaspoon salt
1 cup celery
1 tablespoon lemon juice

Grind the celery in the food chopper; then add to the Tomato Juice and salt. Let chill in the refrigerator for at least one hour. Strain; then add the lemon juice and serve chilled.

A tasty bite to serve with tomato juice are crackers topped with:

Chopped stuffed olives and cream cheese
Cream cheese and minced onion
Mashed sardines, minced parsley and lemon juice
Pimiento cheese and raisins.

Tomato juice is a great "picker-up" when energies lag in mid-morning or mid-afternoon.

Folks You Know . . .

Mr. and Mrs. Jack Head were in Tampa Tuesday.

Mr. and Mrs. Louie Marlin of Tampa spent Tuesday in Avon Park.

Mr. and Mrs. F. L. Siebert and daughter, Alice Marie, spent the day Monday in Lakeland.

J. T. Williford of Orlando spent the past week end at his home in Avon Park.

Neal Trent Jr. of Southern College, Lakeland, spent the week end at his home in Avon Park.

Mrs. Viola Alley of Tampa spent Monday and Tuesday in Avon Park as the guest of Mrs. Letty Dillashaw.

Mrs. Elizabeth Pittman, Miss Helen Pittman and Mrs. C. R. Ginn Jr. were in Tampa for the day Wednesday.

Mr. and Mrs. Ferd deAnguera returned to Miami on Friday after spending several days in Avon Park.

Mr. and Mrs. F. L. Slaughter arrived in Avon Park last week end from Alton, Ill., and will spend the winter here.

Mrs. Daisy Armistead of St. Petersburg is visiting her son and daughter-in-law, Mr. and Mrs. Frank Armistead.

Misses Bessie, Freida and Alberta Garrett and Miss Allie Harden spent the week end in Lakeland with friends.

Miss Elizabeth Ewing and Miss Mary Cody of Babson Park, left Thursday for a few days' visit in Miami, and will return home Saturday.

Mrs. Virginia Cloud and daughter, Miss Frances Cloud, spent Sunday in Bartow with Mrs. H. M. Hargrove and Miss Frances Hargrove.

M. V. Pilcher spent Sunday in Sarasota, and was accompanied home by Mrs. Pilcher and two children, Madge and Jack, who have spent the week with Mr. and Mrs. J. C. Cardwell at their home there.

Mrs. A. O. Kinsey left Wednesday for Jacksonville where she is visiting relatives. She was joined on Friday by her daughter, Mrs. H. Hancock. They will return home Sunday.

The many friends of Mrs. R. I. Harris will be pleased to know that she has returned home from the Municipal hospital in Tampa where she recently underwent another operation, and is recuperating satisfactorily at her home.

Miss Audrey Culbreath of St. Petersburg is the guest of her aunt, Mrs. J. L. Delegal, and of Mrs. Roy Felknor. She will return home next Thursday. Miss Culbreath formerly made her home in Avon Park, and has many friends here, who are pleased at her return visit.

Mrs. F. W. Ames and Miss Doris Cooper of Loughman, accompanied by the former's guest, Mrs. W. G. Conner of DeKalb, Illinois, were guests for the week end of Mr. and Mrs. C. R. Ginn Jr. Miss Aurilla Driggers and Robert Conner of Zephyrhills joined them for the day on Sunday.

Mrs. Blanche Stringfellow of Stuart is the guest of Mrs. Fred Smith and will be in Avon Park until sometime next week. Mrs. Stringfellow, a former resident, has numerous friends here, who are pleased to see her again.

Miss Lila Martin, Albert Martin and J. W. Tuten Jr. were in DeLand on Sunday, where Miss Martin went to enter Stetson University for the fall term. Mr. Martin and Mr. Tuten went on to Daytona for the day.

Births

Mr. and Mrs. Stuart S. Thayer are announcing the birth of a baby girl, who arrived at a Sebring hospital on Monday afternoon. The little lady tipped the scales at eight and one-half pounds, and has been given the lovely name of Tirzah Ann.

Mr. and Mrs. Ewing Brumbaugh and son, former residents, were visiting friends here on Monday.

Mrs. Roland Droit, Miss Gwendolyn Wever and Mrs. Bill Sachsenmaier and small daughter, Eileen, were in Lakeland Monday afternoon.

Miss Elizabeth Jinks and Miss Janet Cook are spending the week end in Winter Haven.

Mr. and Mrs. Freed Peden spent the week end at their camp on Lake Trafford.

Andy Slaughter of Orlando was the guest of C. E. Crabtree Wednesday night.

Mr. and Mrs. Neal Trent were business visitors in Lakeland Monday.

Roland Dilley, son of Mr. and Mrs. Milford Dilley, underwent a tonsil operation at Dr. Touchton's hospital rooms last Saturday morning.

Mrs. N. M. Barwick and two children, Morris and Betty Jane, of Miami have spent the week here with the former's parents, Mr. and Mrs. J. A. Bost.

Mrs. S. S. Thayer and baby daughter, Tirzah Ann, returned from a Sebring hospital Friday. Little Thomas Allen Thayer, who has been visiting his maternal grandparents, Mr. and Mrs. Fred Patterson, in Winter Haven for the past two weeks, will return home Sunday.

Bamboo Decorations For Meeting 3 Years Ago Are Remembered

About three years ago, Mayor M. E. Covington decorated the Methodist church for a meeting of section nine of the Florida Federation of Women's clubs, using bamboo holders for flowers.

This week he had a letter from Mrs. O. C. Schimmel, president of the Polk County federation, telling how they admired the holders and asking him how to cure bamboo for home use. The mayor suggests the bamboo be creosoted, but is not sure. He asked anyone who knows the best treatment to advise him or write Mrs. Schimmel, 825 East Orange street, Lakeland.

Mrs. Schimmel's letter:

"My dear Mr. Mayor: At the June meeting of the P. C. F. W. C. the question of "bamboo" came up —How to cure it for use, in making home articles from it, etc. No one seemed to know and someone spoke up and said, "Ask the Mayor of Avon Park."

"Our next meeting is October 12 and the department of conservation has charge, so it would be very appropriate if I could give out the information or, better yet, if you could give a little talk.

"I know Mayors of thriving towns like Avon Park are busy people but I do hope you will take time to give the women of Polk county a little information on the subject of using bamboo.

"We all admired the flower holders in the church where Section 9 had its meeting."

Mr. and Mrs. Walter Betts are spending the week end with friends in Miami.

AUXILIARY INVITED TO SEBRING SEPTEMBER 25

The local unit of the American Legion Auxiliary is in receipt of a communication from the Sebring unit, asking that they join them in observing Gold Star Mother's day on Sunday, Sept. 25. The observance will be in the form of a tea to be held on the grounds of the Mac-Park hotel Sunday afternoon at 4 o'clock. President Roosevelt has designated Sunday, Sept. 25 as Gold Star Mother's Day.

Seaboard Orange Blossom to Be Diesel Powered

Norfolk, Va., Sept. 23. — The famous East Coast Orange Blossom Special, leader of the Seaboard Railway's fleet of Florida and midsouth trains, is to have the Diesel-electric power this December when it makes its maiden flight, it was revealed today by C. E. Bell, passenger traffic manager. Now, for the first time, electric service between New York and Florida is provided.

The placing into service this winter of the nine new streamlined Diesel locomotives by the Seaboard should result in all train travel records being broken between the north and southeast, Mr. Bell said. Innovation after innovation provided by the line (including the first air-conditioned trains, streamlined motor coach trains, and de luxe reclined seat coaches) has established the progressiveness of this pioneer southern road. The Orange Blossom Specials, one for the West coast of Florida and the other for the East coast, are possibly the best known trains of the south.

The Seaboard has been associated with the southern train service since 1832 when the parent company, the Portsmith & Roanoke was organized and placed in operation between Portsmith and Weldon, North Carolina. Since that time the Seaboard has become one of the leaders in southern transportation. The Orange Blossom Special was first created during the winter season of 1925-26 as a climax to the Seaboard's remarkable Florida line, connecting for the first time the Gulf of Mexico and the Atlantic Ocean with ribbons of steel, giving Florida the only complete railroad system and placing all Florida within rapid communication with the cities of the Atlantic Seaboard.

NEW YORK—A fact not generally known is that most of the Bibles sold in this country are printed in Belgium. Partly on this account, printing is to be displayed in historic fashion in the Belgium building at the New York World's Fair 1939. Art binding, particularly in leather, is a fine craft in Belgium, so many examples of it are to be shown.

Mrs. H. E. Godwin

P.T.A. Honors School Faculty Friday Evening at Jacaranda

Road Committee to Meet Legislators at Arcadia on Monday

(Continued from Page One)

set up a committee of 5 senators and 5 representatives to make an intensive study of the Road System and Program of Florida and to report to the 1939 session its findings, together with any recommendations as to changes which it thought to be for the best interest of Florida.

"The committee has now reached the point in its studies where it becomes apparent that there must be a classification of the state highways based on their relative importance from through travel standpoint from a state wide angle.

"We are attempting to divide the important state highways into two general classifications of primary and secondary and in the first grouping place only those highways which are trunk lines in their nature and run the whole length or breadth of the state.

"The committee is very serious in its effort to bring order out of the present chaotic conditions of Florida's road system and, feeling that the representatives in each of the counties, being roughly posted on local conditions can, and should, play an important part in aiding in evolving this highway system, have decided to ask the representatives and senator of each senatorial district to meet and counsel with them, especially as it might affect roads in the particular county or district.

"Senator Locke Kelley and myself have been delegated to handle the meetings in the first congressional district and would like to have you meet us at Arcadia Monday the 26th at 3 p.m., for the purpose of getting your recommendations as to your county before the committee.

"You are urged to bring along your county commissioners or any others from your county who are interested as it is of prime importance that the committee have all available local data before even commencing the mammoth task which is before us.

"We are depending entirely for our guidance on the representatives and senators and, while this meeting will be open to the public, we ask that you arrange in advance the orderly presentation of your county's situation as limits of time will prevent hearing others than those of your selection."

The annual reception given by the Parent Teachers' Association honoring the members of the school faculty was held Friday evening at the Jacaranda hotel. Guests were greeted at the door by the receiving line composed of Mrs. J. Paul Garber, president of the P. T. A., and Mr. Garber, Col. F. N. K. Bailey, DeSoto City, superintendent of Highland county schools and Mrs. Bailey, Dr. Stanley N. Reeves, supervising principal, and Mrs. Reeves, and all members of the school faculty.

An unusually enjoyable program was given, and was announced by Mrs. R. H. Lawhon. The program opened with a vocal quartette, "Medley of Old Songs" and "Dat Watermillion," by Mrs. T. J. Ward. Mr. and Mrs. Garber and Everett L. Roberts.

A. McKee Elwell gave the address of welcome with the response by Dr. Reeves. Col. Bailey spoke briefly, also.

Mrs. D. G. Perry, accordion, and Mrs. Curtis Lawhon, violin, rendered several delightful numbers, "Beautiful Blue Danube" (Johann Strauss); "From the Second Movement of the Fifth Sonata" (Johann Sebastin Bach); and "Lock Lomond" (Anonymous).

An informal hour, followed the program, and delicious refreshments of individual cakes and punch were served. Lovely bouquets of early autumn blossoms were used very effectively as decorations. A large number of school patrons and friends were present to enjoy the affair.

TURN BACK THE CLOCK

MISS LEE ORGANIST AT THE AVALON THEATRE

Miss Edna Lee, the accomplished daughter of Col. and Mrs. J. M. Lee, will play the magnificent new pipe organ and fotoplayer in the Avalon Theatre in the near future, F. E. Williamson, lessee, announces. Miss Lee is popular in the younger set here and is an accomplished musician.—Highlands County Pilot, Feb. 14, 1924.

FRANCIS AND FOUR CATCH 186 PERCH; FIVE HOURS FISHING

Anti-netting laws don't worry J. S. Francis a bit when he is called upon to feed a multitude. A little thing like feeding the crowds is ordinary—he probably learned the art keeping the Ridge country supplied with Coca-Cola.

One hundred and eight six speckled perch in five hours with a hook and line in Lake Pythias was the haul brought in by Mr. and Mrs. Frances and Leonard and Wilbur Francis and Elmore Cason in time for the Knight Templar fish fry Monday night.

And this catch just went to prove that it is no mere freak of nature or visit of Dame Fortune when he and two others brought back 120 speckled perch Saturday. Both catches were made in the same lake.

The first trip was made in anticipation of the fish fry and the crowd stopped when they thought they had enough. Later, when it became evident that many more would be needed to take care of the crowd that was coming from Frostproof, Sebring and neighboring sections, he and Mrs. Francis went after them and got the 186.—Highlands County Pilot, Feb. 21, 1924.

Mr. and Mrs. Ed Welch, who moved to Punta Gorda several months ago, are moving back to Avon Park this week.—Highlands County Pilot, Jan. 3, 1924.

Miss Beatrice Bass motored to Winter Park and spent the week end visiting her friends and sorority sisters at Rollins College. Mrs. L. M. Marsh accompanied her to Kissimmee.—Highlands County Pilot, March 8, 1924.

Mr. and Mrs. W. S. Rawlings and two children left Wednesday for a summer vacation in their old home in Rectortown, Va. They are motoring through the country and were accompanied by Mr. and Mrs. A. C. West. — Highlands County Pilot, May 1, 1924.

Mr. and Mrs. F. S. Jordon and children left Wednesday in their car for Jacksonville where they will visit the latter's sister, Mrs. S. E. Chapman, during the week end. They will return home Monday.—Highlands County Pilot, May 1, 1924.

Mr. and Mrs. Ray Rutherford returned Wednesday from their honeymoon trip to Dunellon, Gainesville and other points of interest in that part of the state.—Highlands County Pilot, July 3, 1924.

Friends of Mr. and Mrs. R. H. Lawhon are welcoming them back from their wedding trip. They had a very delightful motor trip to North Carolina.—Highlands County Pilot, August 14, 1924.

Mr. and Mrs. W. T. Hall, Miss Ruth Hall, Miss Lois Wood, and a little boy, Frederick Wild, left Thursday for a visit to various points including Tampa, Bradenton and Sarasota.—Highlands County Pilot, Aug. 14, 1924.

FOOD FOR 250,000 DAILY

NEW YORK—As many as 250,000 hungry sightseers can be accommodated in comfort for one or more repasts during the day or night at the New York World's Fair 1939 in the 80 restaurants which are to dot the grounds.

NOTES FROM UNIVERSITY

University of Florida.—When the final check-up is made the end of this week, university officials expect approximately 1,000 new students. Frosh started their collegiate careers Tuesday morning by hearing President Tigert, and have spent the balance of this week in learning about the many aspects of college life.

A week from this Saturday comes Florida's first football game. It promises to be a gala affair in Gatorland for two reasons, first, night football makes it debut on the campus, and secondly, Stetson University will make its greatest all-time bid to defeat Florida. Athletic officials believe the game on Saturday night, September 24, beginning at 8:15 o'clock, will attract the largest opening-game attendance in the university's history.

Making a hit: Some years ago Eli Katz, then a student in the University of Florida, organized a dance band to play local engagements. The outfit was good, began to receive many invitations. Known as the Florida Clubmen, the band composed of 14 university students decided to take to the road under leadership of Dean Hudson, none other than Marion E. (Bud) Brown, West Palm Beach. The All-Florida U outfit has been making records and playing some of the outstanding places in the country and is considered today one of the better dance bands.

Preparations are being made for another great Homecoming at the university on November 11-12. Forty-five chartered alumni clubs will send delegates to the alumni meeting, and elect officers for the first time under the new set-up. L. C. Crofton, Titusville, is president of the Association this year, which has enjoyed one of its best years. H.L. (Tom) Sebring, circuit judge, is vice-president. Judge Sebring, a former coach here, authorized the reorganization plan which has been so favorably accepted throughout the state. Alumni members receive a ticket to the homecoming football game with Maryland, a ticket to the barbecue and brunswick stew, and a subscription to the Alligator, the university weekly newspaper. Crofton's report at homecoming will show a very fine year.

SENATOR PEPPER TO SPEAK IN LAKE COUNTY OCTOBER 18

Leesburg, Sept. 23. (FNS)—Senator Claude Pepper, now in Europe but expected to return later this month, is scheduled to speak before the Lake County chamber of commerce at their annual meeting October 18. The meeting will be held at Lakeside Park, Mineola-Clermont. President Harold Colee of the Florida State Chamber of Commerce is also scheduled to address the meeting.

Chevrolet Automovie Makes Return Visit

Once again, on Thursday, Sept. 29, the Chevrolet Automovie, a complete sound motion picture theatre on wheels, will bring its interesting and unusual program to Avon Park.

Many of our citizens have already attended previous showings of this theatre and have expressed a great deal of satisfaction with the program. This new show with a complete new program is educational and entertaining and, of course, every member of the family is heartily welcomed. There is no charge for admission.

The new program includes another technicolor cartoon, a Paul Revere safety picture, as well as two very educational short subjects.

The show will start at 7:30 p.m. in the Mall near the band stand.

SEED OYSTERS SOWN

Jacksonville, Sept. 23. (FNS)—WPA officials announced this week that a total of 87,480 barrels of seed oysters has been distributed along the coast line of 12 counties in the $400,000 oyster rehabilitation project sponsored by the State Conservation Commissioner.

Work is now in progress in Nassau, St. Johns, Volusia, Brevard, St. Lucie, Indian River, Lee, Charlotte, Levy, Wakulla, Bay and Okaloosa, officials said, and stated that work would begin shortly in Hillsborough, Pinellas, Manatee and Sarasota counties.

Chain stores of the nation cooperating with Florida growers of citrus fruits, vegetables and other products, fresh and canned, paid more into the state than was spent by Floridians in chain store store purchases, according to the figures recently released by the National Association of Food Chains. While some chain store money may leave the state, officials point out that the money invested here in the purchase of Florida products during the year offsets this many times over.

The average salary paid in the state welfare districts the past fiscal year was $90.22 per month, executives being included.

Hon. Lex Green recently informally announced that he would be a candidate either for the United States Senate, running against Senator Charles Andrews, or for Governor of the state.

On June 30, the end of the fiscal year, the State Welfare Board reported that 12,227 applications for Old Age Assistance were pending.

Youth— eager, confident, courageous. Youth—that is the hope of the world of tomorrow stands at the crossroads today. Millions of young men and women in many lands who speak a varied language, practice various customs, yet all share the same hopes, desires and ambitions: Success, Peace, Happiness.

Accepting the leadership of its elders, adopting false doctrines as truths, this glorious youth of our world of today has been led to the brink of disaster just as in 1914 the youth of the world blindly followed a similar path.

Then, as now, old men at council tables could not agree. The evil forces of greed and hate, malice and envy, so filled their hearts there was no room for reason. The message of "Peace on earth, good will towards men" to them was but an empty phrase. Calling themselves "Christians" and professing a faith in God, they nevertheless gave no heed to the greatest of all commandmnts, "Love one another," and placing their own ability and wisdom above that of their Creator, they took up arms to shatter the peace of the world and give free rein to death and destruction.

They called it "war to end war"; a war to "make the world safe for democracy." How well they FAILED is evidenced by the pitiful plight of the world today. The lesson that was paid for with the lives of over eight million youths, that filled the hospitals of the world with over twenty million wounded, that brought anguish and heartache to countless millions and left property destruction and debts totalling billions, seems still unlearned.

With the armistice came again the old men to sit about the council table, bringing with them even deeper greed and hate, to draw new maps, take reprisals, and re-shape a war-torn world of their own creation.

Twenty-four short years have passed only to find the flames of greed, hate, envy and malice leaping hungrily to destroy the world's new crop of youth and turn into smouldering ruins the fruits of rehabilitation and progress. Old men —stubborn, defiant—nursing their own ambitions, determined to have their own way, fan the old flames as they feverishly teach the younger generation to march and shoot. Nations of the earth pile up armaments in a vain effort to match the mountain of hate and fear that these same armaments engender.

From London, Berlin, Rome Paris and other European centers, radios on short wave pour out this or that story. Censored dispatches bring us this or that picture to influence our minds and win our sympathy. Lies, truths and half truths are flung at us with clamors for an expression from America. Senator Pittman, a member of our Foreign Relations Committee, reminds us that we are obligated to support the Czechoslovaks.

Just as in 1914, the stage is again being set to bring America into the conflict. Stop and listen to street gossip and you find those who contend that another war will bring prosperity. You find others who bitterly denounce this country or that and by their heated argument give evidence that they have already chosen sides and think we should prepare to take part in the conflict.

This is a time when every American should stop and think. Do we wish to again send the flower of our American youth to Europe battlefields? Do we want to send billions of dollars, sorely needed at home, to be used for the destruction of life and property in foreign lands?

Peace is a precious thing and we should do our utmost to safeguard it. Let us center our minds and efforts toward maintaining not only the peace of America, but the peace of the world, by refraining from taking sides in this dispute. Let us unite in a petition to God that our leaders be given the wisdom and intelligence to meet this crisis and that America's influence be brought to bear in the preservation of peace, rather than used to bolster this or that side in its quest for war.

YOUTH, not only of America but throughout the world, if it but knew how futile is war and how great the cost, would unite in an effort to bring about a moral and spiritual rearmament of nations that would forever banish this curse from the face of the earth.

AN EVEN (?) TRADE

An editor friend tells us the following true incident: For years the editor had given a certain organization a liberal amount of space for club news, announcements and items of a similar nature. One day the editor learned that the head of the organization had placed a $17 printing order with a job shop.

"How did you come to give that other shop that printing order?" the editor demanded of the club president. "Why didn't you give us a chance at it?"

"Well, I'll tell you," said the club president in all seriousness. "We've been giving you all our news for several years, so we decided it was only fair to divide our business and let the other fellow do our printing." — Okanogan (Wash.) Independent.

HEALTH SAFEGUARDS

NEW YORK.—Facilities for attending to every medical emergency, from a finger-scratch to childbirth, will be provided at the New York World's Fair 1939. There are to be 10 first aid stations on the grounds, a large corps of physicians and surgeons, nearly 100 nurses, 10 motor ambulances and a mobile X-ray truck to speed to the scene of any accident.

Red Devils Prepare For Next Week's Opener at Pahokee

The Red Devil football team is swinging into its final preparations for its opening game at Pahokee on September 30.

The Red Devils are lighter than last season. The average weight of the starting backfield will be more than that of the line.

In the backfield, Coach Wagner is trying to convert a tackle, Henred representative to the Florida ry Wild, 195 pounds, into a fullback. In the line, a first-year player, Malcolmn Crews, 206 pounds, is being tried for center. The end and guard positions will be filled easily but the two tackle berths are as yet undetermined.

C. W. (Lefty) Merriwether will not be available for football this year as he has signed a contract with the New York Yankees to play class D baseball. The contract will not permit him to play football.

Considerable drill on both offense and defense is scheduled this week.

Florida Shorts

By FLORIDA NEWS SERVICE

The Marsh Hen is the first victim of the Florida hunting season and guns began to crack in marshes and on lake shores September 15 and will remain open until November 30. The season on most game does not open until Nov. 20.

Condition of Governor Fred P. Cone was reported as much improved by his attending physician, Dr. Dan Cone of Jacksonville. Visits from intimate friends were permitted last week.

America's most beautiful fire station will be constructed in Miami Beach at a cost of $78,000 with the aid of a WPA grant. The structure will be located at the edge of the Municipal Golf Course, corner of Dade boulevard and Pine street.

Dr. Fred Touchton Elected President Of Brotherhood

The Associational Brotherhood of the Orange Blossom Association met at the First Baptist church Friday evening, September 16, with laymen and pastors present from the Wauchula, Sebring and New Hope churches present. The Brotherhoods of the Wauchula and Sebring churches have been organized since the last quarterly meeting, and were admitted into full membership of the Associational Brotherhood, at this time.

Following a delicious supper, served by the ladies of the church, the program for the evening was put on by the retiring president, C. D. Noland, and election of officers was held.

Dr. Fred L. Touchton, Avon Park, former state senator, was elected president of the Associational Brotherhood; Rev. Grainger, Wauchula, vice president; and Rev. Fred Simmons of the New Hope church, secretary and treasurer.

Those taking part on the program were Rev. Garland, pastor of the First church, Wauchula; Rev. R. C. Floyd, of the First church, Sebring; Rev. J. H. McClelland, pastor of the New Hope church; Col. F. N. K. Bailey, DeSoto City, of the Sebring church; and J. S. Blackburn, of First church, Avon Park. Music was furnished by the church orchestra with Mrs. E. C. Wever, director. The guest speaker for the evening was Hugh F. Latimer, Jacksonville, state secretary of the Brotherhood.

The next associational meeting will be held at the First Baptist church in Wauchula Friday evening, Dec. 16.

John Hood Made Commander of Highlands Legion

John Hood was elected commander of Highlands post, American Legion at the annual election of officers Wednesday night.

Other officers elected were: Demos Mandis, senior vice commander; W. H. McCarthy, junior vice commander; A. McKee Elwell, finance officer; Rev. C. R. Mindledorff, chaplain; and Howard Maddox, sergeant at arms. The office of adjutant is appointive, and will be filled by the new commander.

Joint installation of officers with the Auxiliary is planned at a near distant date. The Auxiliary elects Monday night.

The post went on record as favoring the adoption of an amendment to the state constitution making it mandatory for the legislature to raise revenue to meet the appropriation of state-aid for free public schools. The proposed amendment has the endorsement of the state department committee on education. It will put the responsibility on the legislature to provide adequate revenue for the schools and will diminish uncertainty and eliminate the necessity of forcing friends of our public schools to go before each session of the legislature for the purpose of financing our schools. The amendment will be voted upon at the general election in November.

The new commander announced that the annual membership drive would start October 5, with the selection of two teams, which would compete in a campaign, the losers to furnish a feed for the winners. The purpose of the drive is to have 100 per cent membership paid up by October 30.

After a discussion of an Armistice day celebration the matter was referred to Ben Stewart and Ed Welch who are to report at the next meeting.

Hauptmann Gives Views of Causes European Trouble

Wm. Hauptmann gave Rotarians his views on the Czechoslovakian situation Wednesday and traced causes leading up to the European crisis, temporarily averted by the British-Franco "sell out" which allows Hitler to partition the republic.

Going back to Charlemagne, first great ruler of Europe, he said the first big mistake was made when Charlemagne divided Europe among his three sons, and started something that has never been settled.

Czechoslavakia was created as a republic following the world war and is made up of a mixture of many nationalities, which were a part of Austria-Hungary and under the rule of the Hapsburgs for 300 years or more, he reminded his audience. These people were never under the rule of the Hohensollerns, and if they "go back" to Germany, they will go back for the first time in their history, he said.

No story is one-sided, however, and unfortunately some of the Germans in the Sudeten territory have legitimate grievances, he said. They have been denied certain privileges and freedoms which have brought on discord and subsequent rebellion.

The settlement of the Sudeten trouble, and its annexation to Germany will not end Hitler's desire for more territory. Roumania, parts of Poland and other adjoining countries will be next in line, he stated.

Whatever the causes or the effects of the present trouble, one thing is certain, he pointed out, and that is, it is none of our business. We must watch propaganda from Europe that President Roosevelt or any other American is the proper person to settle it. Only God knows how these things will come out, and they will have to look to God to settle their differences, he declared.

Birhday greetings were extended to Rev. A. C. Elliott and Harry Price. Parke Anderson read a biographical skietch on "Parson" Elliott. Price's biography will be given by Walter Betts next week.

Visitors were F. T. Haskins of Sebring, A. B. Cannon of Frostproof and T. A. McNicholas of Avon Park.

Highlands Filling Station Operators To Be Park Guests

Highlands county filling station operators and their employees, and the families of both, will be among the hundreds of service station men in the Scenic Highlands and nearby towns who will be guests at picnics to be held at Highlands Hammock at 1 p.m. on October 27 and November 3. The Florida Forest and Park Service will be hosts at the picnic.

Personal invitations to attend were extended this week to operators and employees in the Avon Park area by a member of the hammock's publicity bureau.

The purpose of the picnics is to acquaint the gas station fraternity with the attractions at the hammock so they can intelligently answer questions from tourists about the park and so impress them that they will visit it.

Luncheon will be served to the visitors, after which they will be taken on a trip through the park, accompanied by guides who will show them the various attractions in the virgin forest.

COUNCIL CHOPS BUDGET $1000

(Continued from Page One)

sition in its final form for submission.

At Thursday night's session the council approved the sale of the north half of lot 8, block 33, section 33, known as the Saggus house, to J. A. Bost.

Sale of two lots on the Mall at the corner of Verona avenue was approved to W. E. Morgan of Fort Meade for $300, with the provision that he make improvements to the amount of $2500.

Sale of lot 3, block 73, section 22 to Mrs. Harriet P. Smith was approved. The city relinquished its claim in the property for $50.

Boy Scouts at Work On Forestry Project

The Boy Scouts spent Saturday afternoon at Scrub lake where they began work on their forestry project, and started work on cleaning the ground for the camp site. They were treated to a hamburger supper, prepared by the entertainment committee composed of Demos Mandis, Chester Yates, C. Parke Anderson and Everett L. Roberts.

All scouts are asked to meet at the scout room Saturday afternoon at 2 o'clock to go out to the camp for further work on the grounds. They will be brought back to town about 5:30 o'clock.

"OULD SOD" OF IRELAND

NEW YORK. — A small island outside the shamrock-shaped pavilion being erected at the New York World's Fair 1939 by the Irish Free State is likely to become a shrine for the many Irish-Americans in this country who have not seen the old country for years. The isle is to be an exact duplicate in relief of Irgland. Lakes and rivers will be filled with water brought from such famous spots as the River Shannon and the Lakes of Killarney. The soil itself will come from the fields in the counties of Eire, veritable bits of the "ould sod."

TREASURE 5000 YEARS FROM NOW

NEW YORK. — Five thousand years from now, archeologists will dig deeply into the grounds of the New York World's Fair 1939, unearth a metal cylinder 7 feet in length and discover within it a "cross-section" of today. Scientists are busy now assembling the varied contents of thi receptacle, to include miacroscopic books, small articles of every day use and motion picture film which will tell people of the 70th century how those of the 20th looked, dressed and behaved.

RAINBOW COLORS AT FAIR

NEW YORK.—The main transverse thoroughfare of the New York World's Fair 1939 is called Rainbow Avenue. Its name comes from the unique color and lighting scheme. Buildings on the right of the Theme Center will, by day, be blue. The color will merge into purple toward the Central Mall, where it will swing into red. Toward the left, red will turn to orange and on the far left yellow is to predominate. Colored floodlights are to carry out teh same color scheme at night.

Strength During

MIDDLE LIFE

Strength is extra-important for women going through the change of life. Then the body needs the very best nourishment to fortify it against the changes that are taking place. In such cases, Cardui has proved helpful to many women. It increases the appetite and aids digestion, favoring more complete transformation of food into living tissue, resulting in improved nutrition and building up and strengthening of the whole system.

Citrus Growers Getting Results Officers Report

Local citrus growers met in the club house in Donaldson Park Tuesday night and heard their representative E. G. Todd report on the state meeting of Florida Citrus Growers, Inc., in Clearwater last week, and President Earl W. Hartt tell of some of the work already accomplished by the organization.

The successful fight of growers to uphold the 10 per cent juice increase for maturity tests was listed as one of the major accomplishments of the growers. An injunction, knocking out an increase in transportation costs on fertiliser materials, amounting to about $200,000 annually, was named as another beneficial piece of work.

Secretary Parke Anderson said that a rough draft of the marketing agreement would be in the hands of the local association within a week.

C. A. Reneger, soil technologist of Babson Park, gave an interesting talk on fertiliser efficiencies and water culture experiments.

Looking for a tire bargain? This husky Goodyear R-1 offers you all top quality features . . . center-traction grip . . . Supertwist Cord plies . . . handsome streamlined design . . . with 12% heavier tread for longer mileage. And the price is pleasant news!

GOODYEAR S-3 ALL-WEATHER

Stepped up to give longest wear for today's drivers!

GOODYEAR SPEEDWAY

With "Lifetime Guarantee." Quality—at a real low price! AS LOW AS $5.95

REGROOVING

a smooth tires skid — and skidding causes accidents. Have your smooth tires regrooved with an All-Weather non-skid tread design and drive in safety!
