AVON PARK, FLORIDA, SATURDAY, FEBRUARY 4, 1939

SINGLE COPY: FIVE CENTS

School Band To Parade Monday At Tampa Fair

Avon Park's high school band will march in the Gasparilla parade in Tampa on Monday, February 6, and everything is in readiness for the trip. Arrangements for transportation of the entire band will be made in local cars, which will leave Avon Park early Monday morning.

Specific arrangements have been made for the band, upon its arrival in Tampa as follows:
Secure lunch at Madison Drug Company, Madison street, Franklin street. Lunch served through courtesy of the fair association. All bands in the parade are asked to assemble at their proper location before 12:30 p. m., and to report to the marshal of that section of the parade to which they have been assigned as soon as that unit is in place. Be ready to march at 1:00 p. m.

The parade will move south on Franklin street to Lafayette street, west on Lafayette street to Brevard avenue and north on Brevard avenue to the fair grounds. It will move around the south half of the race track and pass in front of the grandstand. Special drills or maneuvers will be put on, after the parade has passed on.

The Avon Park band in their smart red and white uniforms, and headed by their three very attractive drum majors, in snappy new uniforms, namely, Peggy Mandis, Martha McCord, Betty Moffett, will present a fine appearance and a large crowd from Avon Park will attend the fair that day to watch "their band" as it parades by. New music was secured especially for this occasion, and, under the direction and through the untiring efforts of E. L. Roberts, band director, the marches have been memorized.

The Avon Park band will be among those who will put on a special drill in front of the grandstand after the parade. The drum majors, who have been taking special training under the direction of Miss Priscilla Eveleveth of Winter Haven, champion in this line, will put on a drum major's routine, accompanied by the band.

Band members who will make the trip and the instruments they will play are:

Drum Majors: Peggy Mandis, Martha McCord, Betty Moffett.
B flat clarinets: Erle Pabor, Sanford Farr, Francis Skipper, Sybil Bigbie, Frances Porter, Charles Smith, Odell Skipper, Warren McFarland, Josephine Brown, Jimmie Hetherington, Mary Townsend, Vivian Luthy, Jimmie Bradbury, Miriam English, Arthur Gregory.

Alto Clarinet: Betty Touchton.
Saxophones: Nancy Betts, John Giddens, Marjorie Wells, Tommie Lou Greene, Helen Jarrett.
Flute: Charles Shepherd.

French Horns: Edward Sherman, Albert Weston, Powell Skipper, George Gribble.
Bass Horns: Jimmie Heim, Edgar Smith.

Trombones: L. C. Davis, Clyde Jarrett, Fred Kipp, Bob Scheumacher.

Trumpets: Marion Foster, Herbert Todd, Elton Causey, Desmond Roberts, Arthur Crews, George Elwell, Walter Martin, Jack Head.
Baritone: Henry Wild, Solomon Abrams, Reuben Purvis.
Drums: Bootie Roberts, John E. Lamb, Walter Mandis, Charles Lawhon, Howard Johnston.

REBEKAHS TO MEET
Eleanor Seaverns Rebekah Lodge No. 65 will meet Monday night at 8 o'clock at the Odd Fellows hall and will initiate two candidates.

Charlie Zmuda, The Human Bird

Charlie Zmuda, the Polish boy with a smile, will be at the Avon Park airport Sunday afternoon and take part in the First Annual Air Meet, weather and other conditions permitting. He will make the human glide, using the same set of bat wings that the late Clem Sohn used before going to France. Zmuda will be taken to an altitude of about 10,000 feet and then will begin his glide. This act is but one of the many to be offered Sunday afternoon under the auspices of the Avon Park Aviation Club.

Morrison Rates Touchton 7 to 1 In Governor's Race

A. W. "Bill" Morrison, Miami druggist who organized the Touchton-for-governor club, following a poll in which Fred Touchton, Avon Park druggist, was high man in the straw voting of druggists, doctors, dentists and other allied groups, is giving weekly prognostications on how the prospective candidates for governor in 1940 stand. In his first letter issued last week, Morrison stated: "Without a doubt the next governor of Florida will be a comparatively young man, with a lot of pep and vigor. He lists Touchton at 7 to 1, and rates only Pat Whitaker and Mc L. Christie ahead of the Avon Park man."

For the week of February 1, Morrison gives his prognostications as follows:

"A They Appear Today"—
Pat Whitaker, Tampa, 4 to 1.
W. Mc L. Christie, Jacksonville, 5 to 1.

Fred L. Touchton, Avon Park, 7 to 1.

Dan Chappell, Miami, 9 to 1.

W. C. Hodges, Tallahassee, 10 to 1.

Nathan Mayo, Summerfield, 12 to 1.

Jerry Carter, Tallahassee, 15 to 1.

Raleigh Petteway, Miami, 15 to 1.

B. F. Paty, West Palm Beach, 20 to 1.

Harold Coles, Jacksonville, 30 to 1.

Charles H. Crandon, Miami, 30 to 1.

J. Mark Wilcox, West Palm Beach, 35 to 1.

J. Turner Butler, Jacksonville, 40 to 1.

D. Stuart Gibbs, DeFuniak Springs, 40 to 1.

Chas. F. Coe, Hobe Sound, 45 to 1.

J. T. Also, Jacksonville, 45 to 1.

Lex Green, Jacksonville, 50 to 1.

PARK NOTES

(By C. S. DONALDSON)

SOMETHING ABOUT CACTUS

Winter blooming cactuses are few and not spectacular. We now have two with red flowers that like to remain unopened. One near the front of the Cactus garden is the Nopalea Dejecta, covered now with several hundred flowers. Its specific name comes from its drooping, dejected blades. The other is the Nopalea Cochinchinensis, with heavier blades. Both are fine hosts for the cochineal insect, which are hidden in the little cottony tufts which you will notice scattered over the blades. A touch of the finger on these white tufts makes an indelible red smudge. This red blood furnishes the cochineal dye of commerce, once wholly used for coloring fabrics, now supplanted by the coal tar synthetic colors. Hence, today, cochineal is seldom used except for making lipsticks, so necessary in milady's toilet. However, we have to apply to destroy the cochineal insects on these cactus. The same insects breed freely on the wild cactus growing around Avon Park, called Opuntia Austrina, which have in the spring rich yellow flowers. The thorns on these often go through a hunter's boot. Cattle are fond of the blades, and a range cow will often get one impaled on her nose, which remains there for days. We once moved a bed of these native cactus into the park, but could not control the cochineal insects and had to destroy the cactus. Similar cactus grow wild as far north as Massachusetts. I found a mass of them growing on the top of rocks at Great Falls of the Potomac some ten miles west of Washington. This species the botanists call Opuntia Opuntia, and I brought some of them to our Cactus park, but they did not like our warm climate and did not survive. I have a lot to learn about cactus.

A cactus vine which I brought back from Matecumbe Key trailed over the top of the car has not been happy here, and will need a lot of (Continued on page six)

Dedication And Air Meet Ready For Week End

There was an extensive discussion regarding the large number of animals which are now running at large in the areas where laws prescribed that animals shall be kept under fence, at the meeting of the Highlands County Cattlemen Association at the courthouse last Saturday.

The association adopted a resolution stating that they were much in favor of the enforcement of the laws in all areas covered by the livestock law. The resolution requested that a very short time be given to parties having stock running at large or on other people's leased or owned properties to confine them under fence.

The areas which are affected by this livestock law are as follows:

All of Township 33 South, Range 28 East in which Avon Park is located, except the four sections in the southwest corner. From Avon Park the stock law area extends east to Kissimmee river, then south to Interpoga creek to within a mile and a half of the lake and then south across the new prairie canal and state road 8 to the south east corner of Highlands county at Section 36, Township 38 South, Range 31 East, then running west along the south line of that township to the southwest corner of Section 35, Township 38 South, Range 30 East where it goes north one mile and then extends directly west to the Atlantic Coast Line railroad tracks about a mile south of Historic, then north to the Lake Annie corner and then runs west on Dixie Highway to the Highlands county line, then runs along the county line north from Dixie Highway to the southwest corner of Section 31, Township 34 south, Range 28 East which is due east on that line to the south shore of Lake Jackson where the line goes along the east shore of Lake Jackson up to the north of Lake Sebring, (Continued on Page Four)

Cattlemen Vote To Enforce Law To Fence Cattle

Saturday and Sunday, February 4 and 5, will witness the first annual air meet here as well as the formal dedication of the airport, said to be the finest of its kind and size in the state. Pilots and aviators from every section of Florida have been invited to attend and they will be entertained with a buffet supper and dance Saturday night at the Highland Lakes Casino, and to which the public is invited. Highland Lakes Hotel will be headquarters for the visitors.

Sunday morning the visiting air-men will be given an air ride to points of interest in this section of Florida and plenty of entertainment, starting at one o'clock there will be contests and stunt flying at the airport.

Among the feature events will be smoke aerobatics by Chuck Homes of Tampa who will also have a tri-motored Stinson here Saturday afternoon and passenger flying. Another entrant who has accepted is Dave Putnam of Ft. Pierce, step-son of the late famous aviatrix, Amelia Earhart. He will have with him a Dart Monoplane, the same ship that took second place in the Miami aerobatic contest and first place at Havana.

There will be a photo hunt, a parachute jump and stunt flying by various well known pilots. Many acceptances and promises to attend have been received from aviators and plenty of entertainment and thrills are promised for everyone who attends the meet.

The air meet will start Sunday at 1 p. m. and there will be plenty of parking space. Admission will be 25 cents for adults and 10 cents for children.

Tickets are now on sale for the dance Saturday night at the Highland Lakes Casino. They can be obtained at either drug store or from Nelson Smith and other members of his committee. Early reservations are requested so that full arrangements can be made for the entertainment features.

Mandis Will Head Avon Park Shriners at Tampa Fair

Local and visiting Shriners in Avon Park will participate in Egypt Temple's outstanding annual event, "Shrine Day", Feb. 13, in Tampa, under the leadership of Ambassador Demos Mandis. Mr. Mandis recently received his appointment as ambassador from Avon Park to Egypt Temple by Potentate Henry H. Cole of Tampa.

Plans this year call for the biggest celebration the South Florida Temple has ever attempted, with a parade excelling that of former years, band concerts and stunts on the down town streets, culminating in a visit to the Pan American De Soto Exposition following the parade. Ambassador Mandis will be responsible for Avon Park's musical and marching units and for any stunts that the local group may enter in the morning fun-making or in the big parade.

Henry T. Wray, 77 Dies Friday Night

Henry T. Wray, 77, pioneer settler of Avon Park died at his home here Friday night, following a stroke ten days ago. He came to Avon Park from Rochester, N. Y., with his brother in 1888. He had never married and leaves no immediate relatives. F. E. Wray of Avon Park, a nephew, being the only surviving relative.

ODDITIES AT THE FAIR

NEW YORK—Here are a few of the strikingly unusual things visitors will find at the New York World's Fair 1939:

A parachute tower from which visitors may "bail out" at an elevation of 250 feet and be sure of a "happy landing."

Revolving "magic carpets" from which you may look down as from a height of two miles upon "The City of Tomorrow" inside the 200-foot Perisphere.

A "Tree of Life" carved from the trunk and branches of an elm planted in Connecticut in 1781 by Revolutionary War prisoners.

"Steve Brodie" jumping six times a day from a reproduction of the Brooklyn Bridge.

The most valuable wheat field for its size in the world in full growth.

Five million dollars worth of diamonds, rubies, emeralds and other gems in one glittering display.

The steel-walled bathysphere in which descent has been made miles down in the black depths of the ocean.

"Rocket gun" by which passengers will be shot to the moon, or Mars some day—perhaps.

The model of a human eye so large visitors may enter it and look out upon the Fair's busy scene just as if the eye were doing the looking.

Two hundred blooded cows being milked daily on a revolving platform.

An orange grove transplanted intact all the way from Florida. Automobiles with living drivers in hair-raising collisions and flying somersaults.

The largest opal in the world. An oil well in operation with real drillers in the "cast."

The largest model railroad ever constructed.

Typset—a 44-foot tall dramatizing the contents of the familiar bathroom medicine cabinet.

Displays of rare orchids, renewed every three days by plants flown to the Fair from Venezuela.

The tremendous discharge of 10,000,000 volts of man-made lightning.

A Brazilian exhibit building erected on stilts.

A floor made of cotton.

Ricksha runners from South Africa six and a half feet tall and clad mostly in feathers, horns and beads.

A waterfall cascading from the high roof of a building.

Mural paintings that change their colors while you're looking at them.

Fireworks set to music in related patterns of color and light. A city entirely populated by midges.

An automobile speedway half a mile long on top of an exhibit building.

Mighty snowstorms sweeping down out of a clear Spring sky.

A building turned inside out with its roofbeams on the outside.

Moving chairs traveling around in a building so visitors won't have to walk.

A fight to Venus so real you'll swear you've been there and met the folks.

The tallest mural painting in the world.

A model of New York City so large that the Empire State Building is reproduced 23 feet tall.

A sphere 200 feet in diameter seeming to revolve on jets of water, like the little silver ball in the shooting gallery.

A fountain that sings.

Paintings that have to be destroyed every night and don't appear again next morning.

A "Fountain of the Atom," with electrons and protons dancing around a pulsating shaft of light.

IT'S HERE! The NEW Firestone CHAMPION TIRE

with the NEW Safety-Lock Cord Body and NEW Gear-Grip Tread

Stronger Cord Body
More Non-Skid Mileage

Plus FAMOUS
TRIPLE-SAFE
CONSTRUCTION

FLOYD ROBERTS
1928 National
Race Champion
Champion race drivers, whose very lives and chances of victory depend on tire safety, know the construction and that is why they select and buy Firestone Tires for their racing cars.

FIRESTONE triumphs again! This time with the new Firestone Champion, the tire that sets the safety standards for 1939. This new tire provides a combination of safety features never before built into a tire. It is a completely new achievement in safety engineering.

From the experience gained on the speedways of the world and in the Firestone laboratories, Firestone engineers have developed a revolutionary new type of cord body called Safety-Lock, which provides amazingly greater strength. This outstanding achievement makes possible the use of a thicker, tougher, deeper tread which assures much greater non-skid mileage. Because of this new Safety-Lock Cord body and Gear-Grip tread, the modern streamlined Firestone Champion Tire establishes completely new standards of blowout protection, non-skid safety, silent operation and long mileage.

The Firestone Champion Tire embodies the famous Firestone Triple-Safe construction — you get the exclusive and patented Firestone construction features of Gum-Dipping, two extra layers of Safety-Lock cords under the tread and Gear-Grip tread design. Never in all the history of tire building has there been such a triple-safe combination to protect you against the dangers of blowouts, punctures and skidding.

Come in today and equip your car with a set of new Firestone Champion Tires — the only tires made which are safety proved on the speedway for your protection on the highway.

LOWEST FARES IN HISTORY

ALL BUS FARES SLASHED Effective January 15th

FLORIDA MOTOR LINES and its connecting carriers, the Grey-
hound Lines, greet the New Year with drastic reductions in fares
to almost every city and community in the United States and
parts of Canada. Always first to provide the greatest service, the
latest in comfort and convenience, Florida Motor Lines again
leads the way in providing more schedules than ever before at
lower cost for 1939. Fares are reduced to the lowest they have
ever been in history. You can travel for one-fourth the cost of
driving the average small automobile.

A Miss on a Mushroom

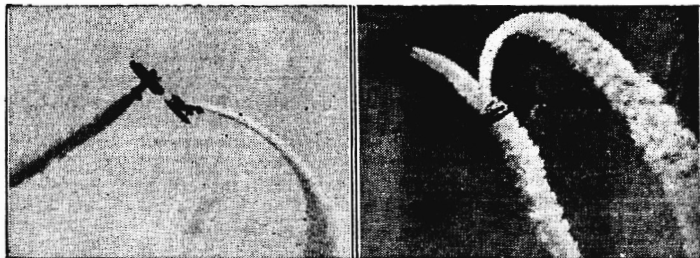

VERO BEACH, FLA.—There's always room for a charming smile, even atop this giant "Mushroom" in McKee Jungle Gardens. The man-made Mushroom, one of two such oddities in the McKee Gardens' eighty acres of exotic plant life, is almost the only sign of artificiality in this lush natural Florida botanical garden which attracts thousands of tourists each season. The lady is Florida-Miss Delores Cook, a frequent visitor in the jungle.

Aerial Dogfight and Sky Writing

Firman Church and Wayne Maynard will be one of the feature acts at the First Annual Air Meet at the municipal airport here Sunday afternoon. Here they are seen in a "dogfight" up in the clouds and those attending are promised some thrilling flying. There will also be smoke aerobatics by Chuck Hones of Tampa.

IT'S HERE! The NEW Firestone CHAMPION TIRE

with the NEW Safety-Lock Cord Body and NEW Gear-Grip Tread

Stronger Cord Body
More Non-Skid Mileage

Plus FAMOUS
TRIPLE-SAFE
CONSTRUCTION

FLOYD ROBERTS
1938 National
Race Champion
Champion race drivers,
whose very lives and
chances of victory depend
on the safety, know the
construction and that is
why they select and buy
Firestone Tires for their
racing cars.

FIRESTONE triumphs again! This time with the new Firestone Champion, the tire that sets the safety standards for 1939. This new tire provides a combination of safety features never before built into a tire. It is a completely new achievement in safety engineering.

From the experience gained on the speedways of the world and in the Firestone laboratories, Firestone engineers have developed a revolutionary new type of cord body called Safety-Lock, which provides amazingly greater strength. This outstanding achievement makes possible the use of a thicker, tougher, deeper tread which assures much greater non-skid mileage. Because of this new Safety-Lock Cord body and Gear-Grip tread, the modern streamlined Firestone Champion Tire establishes completely new standards of blowout protection, non-skid safety, silent operation and long mileage.

The Firestone Champion Tire embodies the famous Firestone Triple-Safe construction — you get the exclusive and patented Firestone construction features of Gum-Dipping, two extra layers of Safety-Lock cords under the tread and Gear-Grip tread design. Never in all the history of tire building has there been such a triple-safe combination to protect you against the dangers of blowouts, punctures and skidding.

Come in today and equip your car with a set of new Firestone Champion Tires — the only tires made which are safety proved on the speedway for your protection on the highway.

PTA To Observe Founders Day, Feb. 7

Founders' Day will be observed with an appropriate program, at the regular meeting of the P. T. A. to be held Tuesday evening, Feb. 10, at the high school auditorium at 8 o'clock. Both parents, and all others interested in the school are cordially invited to attend this meeting. There will be a social hour, following an especially interesting program that is being arranged, and refreshments will be served. Members are urged to note the change in date from Thursday to Tuesday.

Coffee and Tarts Win All Hearts On St. Valentine's Day!

The fairest of fare, fit for any king, is fragrant and steaming hot coffee with heart-topped cherry-filled tarts for St. Valentine's Day. Coffee and tarts are dainty and delicious, but the modern queen knows well that the coffee pot holds the key to any man's heart. So get your man with coffee on St. Valentine's Day, for you can't lose with these winning rules!

Use Enough Coffee: One heaping tablespoon of coffee to each cup of water is the most popular proportion.

Make Coffee Fresh Always: Never reheat coffee; serve it fresh and hot.

Always Scald The Pot: Before using, the coffee pot should always be rinsed in boiling water.

Keep Coffee-Making Equipment Clean: Always wash your coffee-making equipment with fresh clean water—never in your dish water.

Teaty accompaniments topped with whipped cream (or ice cream if you prefer), the rosy tarts are made with the following recipe:

Valentine Tarts

(Pastry)

1 1/2 cups flour 1/2 teaspoon soda
1/2 cup butter 1/2 cup sugar
1/2 cup milk 1/2 cup shortening
1/2 cup raisins 1/2 cup nuts

1. Cream butter and sugar together. 2. Add flour, soda, and raisins. 3. Roll out in thin sheets. 4. Cut into rounds. 5. Bake at 450° F. for 20 minutes. 6. Serve hot with ice cream or cold with whipped cream sprinkled with chopped pecans if desired.

Marriage of Interest To Many Friends

Of cordial interest and coming as a surprise to their many friends, is the announcement this week of the marriage of Mrs. Lucille Camper, daughter of Mr. and Mrs. Ben Hagan to Russell Chiles, son of Mr. and Mrs. C. B. Chiles. The marriage took place Sunday afternoon in Wauchula, and was witnessed by Mr. and Mrs. Gerald Buchanan.

Mrs. Chiles was an attractive early spring model of thistle crepe with wine accessories. The couple returned to Avon Park, where they will make their home. Mrs. Chiles is connected with her mother in the Jacaranda Beauty Shop, and Mr. Chiles is employed by the Avon Florida Citrus Corporation.

"All Florida" Party Enjoyable Affair

Twelve tables were in play at the "All Florida" benefit bridge party given Friday afternoon by the library committee of the Avon Park Woman's club. The decorations consisted of the colorful flame vine and other Florida blossoms. Scores were kept on tallies in a green and orange design, and the same colors predominated in the scorecards and other bridge appointments. High score prizes were awarded at each of the twelve tables and door prizes were won by Mrs. S. Y. Hartt, Mrs. Stella Frey, Mrs. R. F. Woodson and Miss Olive Knight. Mrs. Hartt as given the book, "Eskels" by a Florida author, Mrs. Frey and Mrs. Woodson, each a basket of tropical fruit and Miss Knight, a decorated pot filled with Florida flowers.

Table prizes were small Florida cactus potted plants. Late in the afternoon, delicious refreshments of fresh coconut cake, coffee and citrus candy were enjoyed. A number of guests joined the players at the tea hour. Mrs. E. G. Todd, chairman of the library committee, was assisted by her committee as follows: Mrs. Blanche Williams, Mrs. S. S. Thayer, Mrs. J. A. Johnson, Mrs. R. R. Porterfield, Miss Alice Davidson, Mrs. G. P. Thayer, Mrs. J. D. Raab.

Delightful Party on Monday Afternoon

The W. M. U. of the First Baptist church entertained at the home of Mrs. L. D. McGiboney on Monday afternoon, with a lovely party, given in honor of Mrs. J. P. Dalton. A pink and blue color motif was selected in all details of the party. Attractively arranged bouquets of early spring garden blossoms decorated the rooms, and the dining table, overlaid with an extra hand-crocheted cloth, had for its centerpiece, a low bowl of pink roses and blue lilies.

Conversations were enjoyed during the afternoon, and the shower of dainty gifts were presented to the honoree in a decorated basket. Delicious refreshments of chicken salad, saltines, stuffed celery, olives and coffee were served.

Those present were Mrs. J. P. Dalton, Mrs. B. F. Martin, Mrs. J. L. Collins, Mrs. David Stuckey, Mrs. E. E. Pinkston, Mrs. S. F. Longbottom, Mrs. Ray Wells, Mrs. Mabel Brown, Mrs. D. B. Bowman, Mrs. M. M. Foster, Mrs. S. J. Pandion, Mrs. Paul McFarland, Mrs. E. C. Weaver, Mrs. Anna Lawhorn, Mrs. J. R. Bennett, Mrs. J. D. Sherman, Mrs. J. E. Crosby, Mrs. Paul Smith, Mrs. C. E. Myers, Mrs. R. H. Lawton, Mrs. Dora Martin, Mrs. Harold Guernick, Mrs. Fred Touchton, Mrs. Frank Costine, Mrs. C. Belin, Mrs. Lena Clements, Mrs. W. W. McFarland.

Hoods Entertain at Delightful Party

A lovely affair of Wednesday evening was given at the home of Mr. and Mrs. John H. Hood, when they entertained members of their bridge club. The Valentine motif was effectively portrayed in the decorations of red roses and white gladioli, and was again in evidence in the bridge appointments and refreshment course.

Scores were kept on dainty heart-shaped tallies, and when they were totaled, Mr. and Mrs. Floyd Johnson were found to be the winners of the high score prize; Mr. and Mrs. Chas. H. Moffett, second high, and Mrs. Lester Armstrong, the floating award. The prizes were in attractive red and white wrap-pings.

At the refreshment hour, the tables were overlaid with red and white covers in a Valentine motif. Delicious refreshments of cinnamon apple pie ala mode, topped with a red cherry, was served with salted nuts and coffee. Punch was enjoyed during the game.

Those enjoying the party were Mr. and Mrs. Milford Dilley, Mr. and Mrs. Everett L. Roberts, Mr. and Mrs. Raymond Dilley, Mr. and Mrs. J. Lawler Walls, Mr. and Mrs. Chas. H. Moffett, Mr. and Mrs. Floyd Johnson, Mr. and Mrs. Lester Armstrong and Mr. and Mrs. W. R. Carter.

ART CLUB MEETS FEB. 7

The Avon Park Art Club will meet Tuesday, February 7 at 8 o'clock at the Woman's club house. The subject of the program is a "Number of Things." Responses to roll call will be "my favorite American artist and painting." Hostesses for the evening will be Mrs. G. S. McKnight, Mrs. Wm. Hauptmann and Mrs. Lina Naylor.

Methodist Class Has Enjoyable Party

The Service Seekers Class of the First Methodist church held their regular monthly business and social meeting Thursday evening at the hut, with Mrs. Gertrude Mont-decca and Miss Lauretta Reed as hostesses.

Miss Millie Pearson presided at the business meeting, after which a social hour was enjoyed. Mrs. John Bunting presided in charge of a number of interesting games. Delicious refreshments of lemon meringue pie and coffee were served. The hostesses were assisted in serving by Mrs. Rex A. Reed.

Those enjoying the evening were Mrs. Carson Murphy, Miss Alma Harrell, Miss Elizabeth Green, Miss Sara Browning, Miss Millie Pearson, Mr. and Mrs. John Bunting, Rev. and Mrs. C. R. Mingle-dorf, Guy F. Smith, Luby Rawlings, Thomas Shivers, Raymond Gerrard.

Mrs. Koch Hostess Monday Evening

Mrs. Edgar Koch entertained members of the Monday evening bridge club at her home this week, at a most delightful party. Roses and flame vine formed the effective decorations.

High score prize was won by Mrs. Tom Jones, second high by Mrs. Z. Saxon, and the floating award was presented to Mrs. Richie Green. Dainty refreshments of tuna fish salad, pickled beets, saltines, and coffee were served after the games.

Those enjoying the party were Miss Hazel Cameron, Mrs. Roland Drott, Mrs. Bill Sachsmannier, Miss Gwendolyn Weaver, Mrs. Richie Green, Mrs. Tom Jones, Mrs. Z. Saxon, Mrs. Francis Shockley and Mrs. Koch.

Morrison Rates Touchton 7 to 1 in Governor's Race

(Continued from page one)

H. E. Overstreet, Miami, 50 to 1.

D. C. Coleman, Miami, 50 to 1.

The idea of a young man for Governor still prevails although there are many protests made against the position held last week by Senator Hodges—so many that he is rated at only 10 to 1 this week. Considerable discussion from North Florida about the position held by Dan Chappell, this was balanced by South Floridians who seem to think that this is the time for a South Florida man.

Comment on any candidate is invited and appreciated as odds are based on the sentiment from all over the State.

JUNIOR G. A. MEETING

The meeting was called to order by the vice president, Winifred Demore. We then sang a song. The minutes were given from the last meeting, then the roll, there were only nine present. The offering was 22 cents. Another song followed. Then a prayer led by the leader. Margaret Dilley gave an interesting talk. The leader gave us a mission quiz program. We then had another song followed by another prayer which closed the meeting.

CITRUS JUICE PLANT IN OPERATION NOW

The juice canning plant of Gregg Macky, Inc., is now in active operation Tuesday after the installation of several improved pieces of machinery. Aiming to keep up the high standard of their products, the plant was late in starting this year, as the quality of the juice cannot be at the best at this time of the season.

With the added equipment it will be possible now for them to can the juice in 46 ounce containers, in compliance with the demand for it in such quantities by hotels and restaurants.

The plant has a capacity of 3000 cases a day, and the juice is now being canned and shipped both sweetened and with the natural flavor. These kinds, of course, are being run through the enormous juicers, and are finding a ready market. They go out with the company's attractive labels under the trade name, Sun Sip.

Cattlemen Vote To Enforce Law To Fence Cattle

along the north shore of that lake and then in a northwesterly direction to the southwest corner, Section 30, Township 25 South, Range 28 East which is southwest of Avon Park.

All the land inside of these boundaries which includes the area south to Hicoria is under the stock law, except the area west of Lake Jackson and Lake Spring, a half township west of Lake Francis and Lake Placid, six sections directly south of Lake Placid and an area covering about 1000 acres at least.

In discussing the situation this week, Roscoe Bass, president of the Highlands County Cattlemen's Association stated that stray animals are very damaging to property and have often endangered lives. He further stated that since the law prescribed that animals are to be kept under fence, property owners are protected by enforcement of the law.

Recital to be Given Thursday, Feb. 16

A Song and Dramatic Recital by Edward Brigham of New York City will be given at the Union Congregational church on Thursday evening, February 16 at 8 o'clock. The complete program will be given in next week's paper. Everyone is cordially invited to attend, and to keep this date open, if possible.

Osteen Fireman; Massey Patrolman

Raymond Osteen resigned on Monday as night patrolman, effective February 1, and the city council appointed Robert S. Massey, formerly with the fire department, as his successor. Osteen was then appointed to the fire department position.

Major Wilson Guest Speaker at Rotary

Major C. C. Wilson, British flying ace with 14 German planes to his credit, was the guest speaker at the luncheon meeting of the Rotary Club on Wednesday. Major Wilson is golf pro at the Highlands Lakes hotel.

Something of his life history was revealed to the club by the speaker in an interesting manner, as he told of enlisting at the age of 15 in the British regiment, and of his continued service during the ensuing years in various capacities and of his promotions in the army. Major Wilson stayed in the service until 1922, when he was put on the office's reserve list, an assignment which he still holds.

Vinton E. Dickey, manager of the Highlands Lakes hotel was introduced and spoke briefly.

Mandis Dairy

On Honor Roll

Announcement was made by the State Office at Orlando of the Bureau of Agricultural Economics, that during 1938 Mandis Dairy, Inc., of Avon Park had been placed on the Honor Roll for being one of the thirteen growers in the State who had sent in all reports on crop production and market prices.

Major Amos Tyree of DeSoto City was placed on the list of four growers who received honorable mention as he sent in all but one report.

CAKE WALK POSTPONED

The cake walk to have been given by the American Legion Auxiliary on Saturday evening, February 11, has been postponed until a date to be announced later.

Sans Souci Club Enjoys Evening

Miss Sara Browning was a gracious hostess on Tuesday evening to the members of the Sans Souci Club, at a dessert bridge. The tempting dessert course, consisting of strawberry shortcake, heart shaped cookies and coffee, was served in the Jacaranda Coffee Shop. The place cards, which later served as talismans in the bridge games, were in a dainty heart shaped design, suggestive of the approach of St. Valentine.

Tables for bridge were arranged in the Florida Public Service Company's customer's room. The score pads, pencils and prize wrappings featured the chosen theme of red and white and mints in these colors were placed on the tables during the games.

High score prize, a linen bridge set, was won by Miss Alma Harrell; second high, two novelty china cases was given to Miss Elizabeth Jinks; and the floating award, a brass bridge bell was presented to Miss Hettie Hundertmark.

Club members enjoying the evening were Miss Millie Pearson, Miss Alma Harrell, Miss Iva Phillips, Miss Elizabeth Green, Miss Elizabeth Jinks, Mrs. Raymond Dilley, Mrs. C. B. Ginn Jr., Mrs. Fred Palmer, Miss M. Kay, Miss Janet Cook, Miss Mildred Myers, Miss Hettie Hundertmark, Miss Sara Browning.

Andersons Hosts at Bridge Supper

Mr. and Mrs. C. Parks Anderson entertained members of their bridge club most delightfully on Tuesday evening at the home of Mr. and Mrs. J. Paul Garber. Glad, in lovely shades adorned the party rooms.

A covered dish supper was enjoyed, after which the guests played several progressive games. Mrs. H. E. Keller and Dr. Stanley N. Reeves received high score club prizes, and Mrs. R. R. Porterfield were presented the guest award.

Those enjoying the party were Mr. and Mrs. J. Paul Garber, Dr. and Mrs. S. N. Reeves, Mr. and Mrs. Walter Betts, Mr. and Mrs. H. E. Keller, Dr. and Mrs. D. G. Perry, Mr. and Mrs. Harold Fossum, Mr. and Mrs. R. R. Porterfield, Mr. and Mrs. L. A. Richardson of Chicago, and Mr. and Mrs. Anderson.

SUPPER FEB. 7

There will be a supper at the parish house of the Church of the Redeemer on Tuesday, February 7, beginning at 5:30 o'clock. Public most cordially invited.

PARK NOTES

(Continued from Page One)
lime. It is called *Acanthocereus* Pentagonous, and grows freely in the lower Florida key thickets, where the soil is about half an inch deep on top of lime rock, so naturally it wants a very sweet soil. It is against the pine tree adjoining the Nopalca Delecta. My friend, the departed Dr. Simpson of Miami, says of this vine that "It is perhaps the most dreadful plant torment found growing in Florida." Yet in bringing it out the mosquitos bothered me more than the cactus. However, the natives there called it the barbed wire cactus.

Another prettier cactus I got from the Keys was the Harrisia Simpsonii, its given name honoring Dr. Simpson who discovered it. Specimens are along the curb in the cactus park extension. It is a cylinder about as round as a dollar and hairy. They have not yet fruited for us, but the delicious yellow pears which it bears have been freely borne on one of these cactus in the yard of Mr. James Aitchison, near the East End filling station. It blooms at night.

The most important cactus we have is the *Cereus Peruvianus*. Some one familiar with this park will have to point it out to those interested. It comes from Peru and was so rare that it took me several years to locate one. This species grows taller than any other in the world, specimens having reached nearly 100 feet. Also correct is the fact that the world's largest cactus is the Suwarow, or *Cereus Giganteus*, of the Western deserts. It does not grow so tall as the Peruvian, but has huger girths. I tried one of these here but it would not stand our moist climate, unless under glass.

Next to the Peruvian cactus is a handsome large *Cereus Beagous*, which I brought as a baby from Key West. It may have bloomed but I have not seen it in flower here. At Key West this species was growing against residences, and standing erect some

FLORIDA ISLANDS THAT FLOAT!

ON ORANGE LAKE, NEAR GAINESVILLE, MANY ISLANDS COVERED WITH LUSCIOUS FRUITING AND INHABITED BY FLORIDA WILD LIFE, FLOAT AROUND LIKE ISLANDS.

40 feet. Its 18 inch snow white flower is the largest I have seen on a cactus.

A similar cactus nearby — just to right as one enters the main collection is the *Cereus Jamacaru*, which in summer bears white flowers ten inches across. It comes from the moist forests of Brazil. The most popular columnar cactus

has here been the *Cereus Gaerulescens*, its bluish cast calling to mind the cerulean blue of the skies, hence its given name. One we moved into the park from the colored quarters weighed several tons and took many men to handle.

There are many more species in this collection, but this is enough about cactus for one time. I write

this column with misgivings, hoping that the results will not be disastrous such as followed my last column in the Sun. Calling attention to those rare and valuable cactus *Euphorbias* in the center of this little park seemed to cause covetous persons to butcher these plants badly by taking cuttings. In taking the matter over the Park Commissioners expressed the sentiment that the local citizens should continue to have such seeds, cuttings and slips from the Mall that could be spared, but that there should be a more orderly procedure. At Commissioner Anderson's suggestion Saturday afternoon is now appointed as the time for persons wanting these to see Superintendent Smith. It is also hoped that the youngsters will discontinue cutting their initials all over the cactus blades, the century plants, etc., which badly disfigures them. The Mall has been generous with the Arboretum at Highlands Hammock in supplying seeds, etc. Plenty of cooperation is needed in this topey-turvy world.

Marking the plant life in this section is most needed so that visitors may know what they are examining. They were all marked once before, but the boys destroyed the labels. If there could be some assurance that this would not be repeated we will again tag this big collection, and at no expense to the city.

NOTICE TO TAXPAYERS MURPHY LAW EXPIRES

Within less than six months your chance to settle your delinquent state and county taxes under the Murphy Act will be gone.

If you will file application now your settlement under this act will include 1939 taxes, provided there is a tax certificate outstanding against your property that was two years old as of June 9, 1937.

It will be impossible to prepare statements and advertise all the delinquent property in this county before the expiration of the Murphy Act. Those who wait until the last few weeks may be unable to get their tax settlement through.

The taxpayer can realize the full advantage of the law now and nothing can be gained by delaying your application another day.

The Circuit Court of Highlands County recently ruled that, tax certificates bear interest at rate of 3% per annum from date of issue. This means that should some other person advertise your property under the Murphy Act and the oldest certificate is 10 years old, you would have to pay 30% interest if you redeemed your property at time of sale.

If your property is eligible to be advertised and sold, under the Murphy Act I urge you to act at once.

W. Z. CARSON,
Clerk of Circuit Court Highlands County.

"Snow White" Film Feature Ranks as Ace Attraction

"Snow White and the Seven Dwarfs," Walt Disney's gorgeously produced musical feature-length animated picture in technicolor, was launched with a notable world-premiere at the Carbay Circle theatre in Los Angeles shortly before last Christmas, followed thereafter with a record breaking run at the New York's world-famed Radio City Music Hall and has become the sensation of motion picture entertainment. It has taken its place in the front ranks of important film attractions. It will be shown at the Park theatre next Thursday, Friday and Saturday.

In production for three years, and costing a million and a half dollars, "Snow White" is expected to establish a standard for future animated features in much the same manner that "The Birth of a Nation" influenced the epic cycle that followed.

The Disney picture is a drastic departure from previous technique in the animated field, in that living credible beings have been created in the persons of Snow White, the seven dwarfs, the queen, the prince and other characters in the famous Grimms' phantasy. In addition, the art treatment departs radically from cartoon expression. An illusion of depth has been added through the use of the multi-plane camera, an invention perfected by Disney technicians. This new camera treatment makes three-dimensional figures out of characters drawn in a two-dimensional medium.

Added interest attaches to the eight musical numbers in the feature, the outstanding one being "Hi-Ho," a marching song sung by the dwarfs.

The story relates the adventure of a beautiful young scullery maid whose youth and charm arouse the envy of a wicked Queen, who plots in various ways to get rid of her forever. How the Queen nearly succeeds after seeking out Snow White in the latter's refuge among seven kindly dwarfs, and how the little heroine is finally rescued by her Prince Charming is pictured with exquisite artistry and humor combined.
