Mrs. Philip Boardman will return to the crate mill school next year and teach the first three grades. The fourth grade will be taught to the main building. Any parents in the crate mill section who want to send their pupils to the main building next year may do so provided they secure permission from the principal of the school or local trustees before enrolling their boys and girls.

Harold Rowe, who has been employed as coach, comes to Avon Park from the Arcadia high school. He has coached in Arcadia for the past two years and has had this year one of the best football teams in the South Florida conference. Mrs. John Bunting is director.

P. T. A. Hears Splendid Talk by Arthur Wagner

Arthur Wagner, director of vocational training in the Avon Park schools, was the principal speaker at the regular meeting of the Parents-Teachers' association, at the high school auditorium Thursday afternoon. Mr. Wagner gave an enlightening and informative talk as follows:

The extent of the shop program in the school consists of mechanical drafting and general woodwork. The mechanical drafting is general in nature, consisting of architectural, machine, cabinet and sheet-metal drawing. The woodwork is also general. Boys are allowed to make any project in proportion to their ability. Tables, chests, furniture and even boats are made.

The vocational training program in the schools is placed through the D. C. T. course. In this course, the student is given in the business firm of his choice and given training on the job. He studies the related material in school upon his work and ties it up with his job just as he does the work. This gives him a highly technical training as compared to merely graduating from school and then trying to get a job at anything.

The value of shop work for all of the boys who take the course is wide. He gets training that in itself is a valuable education. He gets training in citizenship. The shop is organized so that the boy learns to obey his superior officers, to respect the rights of others and to develop a sense of responsibility.

The superintendent is elected. He has charge of the shop and of all other officers. Four foremen are elected who are in charge of the shop as to safety habits and safety devices used. There is an A. B. C. chairman who has charge of the cleanliness and orderliness of the shop. "Always Be Clean," is his motto. The rest of the students rotate weekly on various duties in the shop. Besides the other training the student gets in shop, he learns to be a handyman about the home. He also learns a hobby he can use to take up his leisure time. For a few, the shop might give fundamental training in the work they may pursue as a vocation, hence, vocational training.

The method of conducting the shop as to expenses, is self-supporting. Each student pays for his own material. Allowance is made for waste. Many students cannot pay for their material and are allowed to make projects for someone else or are assigned to some project to make that will give them training. Each one must make so many projects a term. Next year the plans are to include the seventh and eighth grades in shop work. The new shop building will be moved into within the next few weeks and will be open for inspection then and especially when exhibit day arrives.

The Diversified Cooperative Training program, strictly vocational, is designed for juniors and seniors in high school who do not intend to go to college. Of the students who graduate each year, those who do not go to college are far in the lead of those who go, as to numbers. Definite training (Continued on page eight)

In the play-off three games were necessary to decide the contest. These were played by Vail and Henry of Sebring and Luthye and Lebo of Avon Park. Avon Park won the first game 53-34 and lost the next two 51-12 and 51-23.

After the tournament the guests were served refreshments and many of the guests stayed to the pie and cake walk which was held in the evening.

As a kitchen has been provided in the addition to the club house funds are necessary to equip it with utensils and dishes. More than 35 pies and cakes were donated by the ladies and the walk netted the club the sum of \$27.

Following the walk a free Bingo party was held at which four prizes were given.

Tincanners To Stop in Avon Park Next Year

Avon Park has been designated as one of the meeting places for the Tin Can Tourists of the World, the chamber of commerce was informed here this week by Frank L. Van Epps, royal chief of the organization. The gathering will be held here the week of December 4 to 10, 1939, following the Dade City homecoming and before the assemblage at Arcadia.

Avon Park was officially approved by the executive board in Dade City this week, action following an invitation personally delivered by a committee from the chamber of commerce several days ago.

In his letter, Van Epps stated that cards were being printed to advertise the Avon Park meeting and publicity would be given to this city's camp at the Travers City, Michigan meeting this summer. Van Epps has agreed to officially dedicate the trailer camp at its opening next season.

The Avon Park camp on Lake Verona is being enlarged to accommodate a maximum of 200 trailers, and more ground is available for additional toilet and shower camp on laying out streets in the week and extending water mains. A new pier over Lake Verona is nearing completion, and the club house has been enlarged this year.

Plans are under way for installing additional toilet and shower facilities to accommodate the crowd expected next season.

Mr. Bradley and Mr. Gossel played a piano and violin duet, and Dr. A. Stueber concluded the program with the reading of a number of his original poems.

At the business meeting preceding the program, Mrs. E. G. Todd gave an informative report of the institute for clubs of section nine, held recently in Bartow. Others attending the institute were Mrs. Walter Betts, Mrs. E. W. Hart and Mrs. C. E. Lanier.

Movie-Star Stuff

VERO BEACH, FLA.—"If movie stars can affect smoked glasses, I'm just as much of a celebrity as they are, and I guess I can wear 'em, too," muses Napoleon Chim, one of the colony of 300 apes and monkeys which live in the trees of McKee Jungle Gardens here, in a unique group of huge enclosures devised by Waldo E. Sexton to give them "the liberty of the trees" and still keep them from taking Dutch leave.

Art Club Hears Interesting Talk By Dr. Fairfield

The Avon Park Art Club met for the March meeting at 3 o'clock Tuesday afternoon in the club house. The occasion for this change of time was the privilege of listening to a very fine lecture on Fine Arts by Dr. Otho P. Fairfield of Orlando, formerly professor of Fine Arts in Lawrence College, Appleton, Wisconsin.

Dr. Fairfield began his talk by both asking and answering the question, What is Art? He said that the basis of art is always the human mind and that the first fundamental factor is truth. The three basic factors sought by a true artist in any line are unity, harmony and rhythm. Unity, being a condition of oneness. Harmony, a fitting together, or arrangement in order, while Rhythm is movement which is necessary to avoid monotony. A note of humor was introduced when Dr. Fairfield said that he could not help but say that the feminine headgear of today is as ugly as the least artistically.

The chaotic condition of the world today has brought to the surface in art, as in all things, much that is ugly, the stark realism of life being anything but beautiful. However, he predicted

that this is a phase that will pass, as the ugly in starvation diet for the spiritual life of art. The masterpieces of antiquity have the beautiful qualities that endure.

Dr. Fairfield illustrated a number of points in his lecture by copies of different classes of pictures. The first being a conglomeration of material, unrelated and disconnected with a title which referred to a "Pot of Beans." This picture had taken a prize at the Carnegie Internationale this past year. Next a page of beautiful conventional designs. The third picture was a naturalized one of an old cow rubbing her back against a tree. This picture was as natural as the famous animal painter Troyon could make it. The fourth, "Apple Blossoms" by George Inness was an example of the highest qualities of true art. The last picture shown was a mural by Purvis Dechavormas, "St. Genevieve." This beautiful picture was a study in severe horizontal and perpendicular. The proportion was so exquisitely worked out that to see it was a pleasure to remember.

Dr. Fairfield held his audience enthralled for over an hour. It is audience was smaller than it should have been. The club had made this a great meeting, hoping that many people would take advantage of the opportunity to hear so noted a lecturer.

A group of friends from Sebring expressed themselves as well re-

paid for their journey by the fine program.

At the close of Dr. Fairfield's lecture, Mrs. Ten Eyck gave two clever readings, "Da Benta Friend" by Dely and "A Modern Eve," anonymous.

During the social hour light refreshments were served by Mrs. Elliott and Mrs. Yates.

MRS. F. W. KIPP, Publicity Chairman.

Department Officers Visit Auxiliaries

Mrs. Gillian McClure of Apopka, state president of the American Legion Auxiliary, and Mrs. Elliott Moore of Sarasota, sixth district vice president, made their official visits to the Avon Park, Sebring and Lake Placid units on Thursday evening. The three units held a banquet and joint meeting at the Sebring hotel, Sebring.

In addition to Mrs. McClure and Mrs. Moore, distinguished guests present were Mrs. Ola L. Head, Avon Park, department president of the U. S. W. V. Auxiliary and Mrs. Higgins of the Salvation Army and three presidents of the Highlands county units, Mrs. E. W. Hartt, Avon Park, Mrs. Edwin Lewis, Sebring, and Mrs. Fitzgerald, Lake Placid.

The guests were seated at the T shaped table, with red, white and blue spring flowers in low bowls, on reflectors, at intervals, and streamers in the same colors, effectively arranged the length of the table against a white background. The attractive place cards were tiny flag pins. Following the banquet, Mrs. McClure gave an interesting address on "Americanism." Corages were presented to the visitors.

Auxiliary members from Avon Park attending the banquet were Mrs. E. W. Hartt, Mrs. John Hood, Mrs. S. Y. Hartt, Mrs. Chas. Sherman, and Mrs. D. G. Perry; those attending the meeting were Mrs. Ruth Clowe, Mrs. J. C. Regadale, Mrs. Walter Martin, Mrs. Floyd Johnson and Mrs. W. H. McCarthy.

BOY SCOUT MEETING

Assembly was blown by Bugler Martin. Dr. Reeves figured out a ceremony for the Avon Park troop to do at the Court of Honor, Tuesday night, and the scouts practiced the service. After that, the patrols fell out, and held discussions about what they would like to do at scout meetings. Following the discussion, taps were blown and the meeting was dismissed.

New Manager Toronto Leafs Ready for Work

Manager Jack Burns, who will pilot the Toronto Maple Leafs through the coming season, arrived Thursday, accompanied by Mrs. Burns. They have been at West Palm Beach and Miami for several weeks.

Burns, who played first base for the Leafs for the past three seasons relieved Dan Howley of managerial duties in mid-season last year when Howley was called into the front office to take charge as general manager of the Toronto club.

Howley and Business Manager Arthur Leman are expected to arrive over the week end, along with newspaper men, radio commentators, cameramen and others.

Frank Reiber, first string catcher, is the first arrival among the players, having come in by trailer with his wife and young son last week. Other members of the squad are expected within the next day or so, to be on hand at the official reporting date, next Wednesday.

LOW DOWN ON JACK

By way of introduction to Avon Park followers of the Toronto team, we present herewith a sketch of the new manager, furnished by the Toronto publicity department:

When Irvin J. (Jack) Burns, new manager of the Toronto Maple Leafs, was drawn in from the outfield one afternoon nine years ago in Brockton, Mass., to replace an injured first sacker, the latter speedily recovered his health but never got his first base job back again.

Instead he went to the outfield. Young Mr. Burns gathered them in far and wide at the initial sack, and thus the left-handed Jack who peacefully replaced Daniel Phillip Howley as field manager of the Leafs in the middle of last year's pennant race began his preparatory work to fulfill his diamond destiny.

Born in Cambridge, Mass., within the frowning shadows of classical Harvard University, the Leafs' new manager was one of eleven children born to parents one generation removed from the sea-girt isle of Ireland's troubled shores. He has five sisters and three brothers still alive. Both parents are hale and hearty. His mother was a Curtin from County Cork. Jack is sure about that, though not so certain of his sire's place of origin.

He thinks it may have been County Mayo, for the old gentleman swung a mean hook to bother some heads, was very good with the foot masher and generally had a way that appealed to his nimble-footed, mischievous offspring.

Jack had three years in high school but bucked at going to Harvard. As he says, he didn't seem to be getting anywhere at school, and getting up to the plate for your cut held vastly more appeal. He broke in at Brockton in the New England league when he was 21, after a spell of semi-pro ball.

His work at Brockton attracted the attention of big league scouts. Boston Red Sox were after him, but the St. Louis Browns beat them to it, and the very next season, he was with Tulsa, a Brownie farm. From Tulsa he was switched to Wichita Falls where he remained for a season before the Browns called him up.

In 1936 Jack was sold to Detroit when Hank Greenberg broke his wrist. He played out the season for Mickey Cochrane. When Greenberg recovered, Detroit sent

him to Toledo, and it was from Toledo that Toronto bought him. He was the most surprised man on the ball club when he was selected as successor to Dan Howley, but he has a burning ambition to make good at his new job.

Jack has only been injured once in his long baseball career. He went after a high foul once in Detroit and heard somebody yell: "Lotus room, Jack!" This caused

him to put on speed and he crashed into the park wall. Four stitches were taken over his eye and he didn't miss a game.

Burns says he isn't superstitious, but he doesn't like black cats, won't light three on a match, and touches wood when he thinks the occasion demands it. He doesn't believe umpires should be baited except when they are wrong or blind. He believes a manager

should beef over a decision if he is convinced of error, but thinks a boss who makes a habit of riding umpires is asking for the worst of it.

Jack married his childhood sweetheart from Cambridge and they have an eight year old boy.

G. A. NEWS

The meeting was called to order by the president, Dot Lawhon. We

then sang our G. A. hymn. Then we said our G. A. allegiance. Another song followed. Then a prayer led by our leader. Tommy Lou Greene told us a story about the University at Shanghai, and Pooi to girls' school. We then sang another song. Followed by two more stories. The offering was 28 cents. The minutes of the last meeting and roll were given, then a prayer which closed the meeting.

WHEREVER YOU DRIVE
YOU'RE SAFER
ON NEW
Firestone
CHAMPIONS

The Only Tires Made with the NEW SAFETY-LOCK CORD BODY and NEW GEAR-GRIP TREAD

ON any road, in any car, in any weather, you are safer on Firestone Champion Tires. And here's the reason:

The Firestone Champion Tire is different — entirely new. Designers swept into the discard all conventional tire building patterns. They created a revolutionary new type of cord body — and an amazingly safe, new styled tread design. The result was safety so positive that car manufacturers have adopted the Firestone Champion Tire as standard equipment on their 1939 models — car owners all over the country are proclaiming it the safety sensation of the year.

Stronger Cord Body. The new Firestone Champion Tire is built by an entirely new method in which each and every component part of the tire is locked and interlocked into a super-safe, inseparable unit of amazing strength. This is accomplished first, by the use of a completely new type of tire cord called "Safety-Lock," in which the cotton fibers are more compactly interwoven to assure cooler running and provide greater strength. Then, the fibers in each individual cord, the cords in each ply and the plies themselves, are all securely locked together by a new and advanced Firestone process of Gum-Dipping which provides amazingly greater strength. And greater strength means greater safety.

More Non-Skid Mileage. The new Safety-Lock cord construction provides the extra strength needed for the use of the new, thicker, tougher, deeper Firestone Gear-Grip tread which delivers remarkably longer non-skid mileage. This sensational new tread is called "Gear-Grip" because of its unique design — it has more than 3,000 sharp-edged angles which grip the road with a sure-footed hold to protect against skidding and assure a safe stop.

For your greater safety, whether touring or driving around town, you need the extra protection of the new Firestone Champion Tire — the only tire made that is safety-proved on the speedway for your protection on the highway. Drive in today and let us equip your car with the extra non-skid safety and blowout protection provided in a new set of Firestone Champion Tires.

Mrs. Skipper Attends N. Y. Conference

Mrs. Lola C. Skipper, superintendent of the Girls' Industrial School at Ocala, has recently returned from New York City, where she attended the National Conference of Woman Superintendents of Correctional Institutions. The conference was held in the Hotel Pennsylvania and was attended by approximately 35 women from various sections of the country.

Mrs. Skipper was honored by being asked to appear on a radio broadcast from station WMCA. The program she appeared on was entitled "What Do You Think?" and the topic under discussion was "International Relations." Enroute home, she also visited the New Jersey Home for Girls

in Trenton, N. J., and was the guest of the superintendent while there. After a visit through the Home there, Mrs. Skipper said the Florida institution compares very favorably with the New Jersey Home.

Luncheon Club Has Enjoyable Time

Members of the Wednesday bridge luncheon club were delightfully entertained this week by Mrs. E. P. Loomis at her home at Highland Lakes. Spring flowers, tastefully arranged in a low bowl, formed the centerpiece for the beautifully appointed one o'clock luncheon. During the afternoon, several progressions of bridge were enjoyed, and prizes were awarded to Mrs. Demos Mandis and Mrs. S. S. Thayer.

Miss Wever Hostess To Bridge Club

Mrs. Gwendolyn Wever was hostess on Monday evening at the home of her sister, Mrs. Bill Sachsenmaier, to members of her bridge club at a delightful party. Nasturtiums were used in the attractive decorations in the home.

High score prize was won by Miss Hazel Cameron, and the floating award was given to Mrs. Tom Jones. Enjoyable refreshments of a salad course with coffee were served after the games.

Mrs. Tom Glisson Honoree at Party

A delightful affair of Friday evening was the miscellaneous shower given by Miss Helen Tuten and Miss Sybil Bigbie at the home of the latter, in honor of Mrs. Tom Glisson, who, prior to her recent marriage was Miss Lillian Peoples.

Pink radiance roses and gladioli were used in charming arrangement for the party decorations, and featured a color scheme of pink and green. During the evening, a number of interesting games and contests were played, and prize winners were Miss Nancy Betts, Mrs. Frank Andrews, Mrs. Cecil Best, and Miss Chiclie Dykes.

The shower of attractive and useful gifts, both personal and for use in the bride's new home, were presented in a decorated basket. Delicious refreshments of chocolate cake and orange juice were served by the hostesses. Mrs. H. C. Bigbie assisted in entertaining.

Those invited to share the party with Mrs. Glisson were Miss Nancy Betts, Miss Jane Clements, Miss Jean Correll, Miss Chiclie Dykes, Miss Hilda Reddick, Miss Mary Louise Stewart, Miss Nellene Cannon, Miss Lauretta Reed, Miss Nell Williford, Miss Dorothy Dezhong, Mrs. Cecil Best, Mrs. I. M. Peoples, Mrs. J. L. Delegal, Mrs. Frank Andrews, Mrs. Gerald Buchanan, Mrs. Lina Naylor, Mrs. R. L. Franklin, Mrs. C. E. Campbell, Mrs. Ella Hargraves, Miss Minerva Perry, Mrs. Elton Kent, Miss Elizabeth Hetherington, Miss Ruth Fields, Mrs. Adele Causey, Mrs. Cecil Best, Mrs. Durrah Martin, Mrs. Catherine Gill, Frostproof, Mrs. G. L. Peoples, Mrs. Thayer, Mrs. Edward Peoples, Wauchula, Mrs. Lee Durrance, Mrs. C. R. Mingledorf, Mrs. E. A. Delaney.

Spring Party Given By Mrs. Vickery

Entertaining in her usual gracious manner, Mrs. H. A. Vickery was hostess Thursday to members of her bridge club at an enjoyable spring party, featuring a "dinner bridge." The rooms were attractively decorated with early spring flowers, with a predominating color note of yellow and green.

The tempting dessert course, served at one thirty o'clock, consisted of ice cream topped with fresh strawberries, sponge cake and coffee. The place cards, in a flower garden design, later served as tallies in the bridge games. The napkins and other details were in the chosen colors, and favors were pretty yellow and green "peppery" containing a paper cap and a humorous verse. High score prize was awarded to Mrs. William Hauptmann, and low score award was won by Mrs. J. B. Rogers.

Club members and guests enjoying the luncheon and bridge were Mrs. C. B. Bethune of Lynn, Misses, sister of the hostess, Mrs. C. A. Clark, Mrs. Katherine Bristol, Mrs. S. Y. Hart, Mrs. L. E. What Big Luxury Car Costs Even Less Than Last Year?

TAKE A LOOK! New headlights windstreamed in front fenders—13 inches wider apart, closer to road—for safer night driving! Greater visibility in rain, fog, snow and dust! Radiator grille guards, pictured above, at slight extra cost.

TAKE A LOOK! "Tea for Two" is easily possible in this new 27 1/2 larger Dodge luggage compartment! Unlike old "trunk style" compartments, it's completely concealed beneath windstreamed rear assembly!

Priced Even Lower Than Last Year's Dodge!

YOU'd be surprised how many people ask: "How can you sell this bigger, more luxurious Dodge for even less than last year's Dodge?" Honestly, we don't blame them. For never before have Dodge engineers built a Dodge that can compare with this one! If you haven't already inspected it, do so now. Take a Look—that's all Dodge asks! See what a beauty it really is...and what a wealth of new ideas have been packed into it! Take a look at the famous Dodge economy engine, packed with one proven gas- and oil-saving feature after another. Remember, too, that Dodge Dependability means even greater economy in long life and freedom from service!

Then, for the biggest surprise of all, take a look at the price tag. Yes—this big, luxury liner is actually priced even lower than last year's Dodge!

P. T. A. Hears Splendid Talk by Arthur Wagner

(Continued from page one)

must be given these while in high school so that they may more easily obtain a job upon graduation. In the Avon Park school, there are some students in automechanics, radio service, office work, store work, etc. As an example of how the student works; he goes into the garage and works three hours each afternoon on the job, on some car or other work there. The next morning he checks his chart and lists what he did the day before. He then is assigned to his highly technical books on that operation and studies the theory behind the job he did and ties it up with the job.

Most of the employees say they are well pleased with the trainees and the improvement they are making. They should make good in their occupation.

The student gets credit for his training and may graduate and get his diploma as any other student. Should he decide to go on to college, he may do so anyway as credits are accepted by the state department.

A visit to the new vocational building at this time was postponed until its completion, and until the equipment is moved and placed in the new location.

Miss Lillian Bennett played two enjoyable instrumental solos, "The Grasshopper Parade" (Chester Nordman) and "Elfin Ballet" (Frances Terry).

In the business meeting held, following the program, the time of the regular meetings was changed from 3:30 to 3:15 o'clock.

Splendid reports were heard from the chairmen of various

standing committees. Mrs. J. M. McCord, membership chairman, reported a total membership this year of 203.

A nominating committee composed of Mrs. W. C. Touchton, Miss Mildred Myers and Mrs. M. M. Foster was named to report at a later meeting, on officers for the ensuing year.

In the room count, Miss Mary Key's room won the award for the high school, and Miss Rosalie Clausen's fourth grade for the elementary grades.

Mrs. Miller Passed Away on Friday

Mrs. Helen B. Miller, aged 69 years, passed away on Friday afternoon at 4:30 o'clock, following an illness of several months. Funeral services were held Sunday afternoon at 3 o'clock from the Stephenson Funeral home, with the Rev. Fr. Richard I. Brown, rector of the Episcopal Church of the Redeemer, officiating. Services at the grave in Bougainvillea cemetery, where interment followed, were in charge of the Order of the Eastern Star of Punta Gorda, of which the deceased was a member, assisted by members of Leigh chapter, Avon Park.

The deceased was born August 18, 1869 in Boston, Mass., but had made her home in Florida since early girlhood, with the exception of a few years, after she was married. She had made her home for some time in Punta Gorda, and moved to Avon Park within the past year, and resided on Forest avenue. Her husband, Capt. Nicholas Butler has been a patient at a hospital on Staten Island, New York for the past three and a half years. She had planned to affiliate with the Episcopal church, and the Eastern Star. During her short residence here, she has made a number of devoted friends.

In addition to her husband, she is survived by one sister, Mrs. Alice Corum of Punta Gorda, and two nieces, Mrs. J. T. Lamb, Avon Park and Mrs. George Bickley of Tampa.

Magic of Light Exhibit To Be Shown at Wales

On next Tuesday, March 14, the Florida Public Service company and General Electric will be joint hosts at an unusual party for the citizens of the Ridge at the high school auditorium, in Lake Wales. The occasion will be the only showing in this section of General Electric's now famous "Magic of Light" exhibition. Included in the dramatic program as presented by E. M. Horton and M. E. Olson, of Atlanta, Georgia, will be the introduction of "Black Light" and practical demonstrations of Fluorescent, Sodium Vapor and Mercury Vapor light sources. There is no one in the Southeast better qualified to unveil the secrets of light than Mr. Horton and Mr. Olson. Both are talented graduates of the world's most famous illumination institute at Nela Park, Ohio.

Advance notices indicate that the show will be as exciting as it is educational. On display will be seen the "Midget Sun," the largest and smallest lamps in the world, the "Magic Eye" and the miniature school classroom exhibit. These amazing demonstrations of the wonders of light and their application to every day existence will be of immeasurable interest to educators, school children and citizens. More than two tons of equipment make up the visual display which is to be exhibited in only ten of Florida's more important centers.

All residents of Lake Wales, Haines City, Avon Park and Frostproof are invited by the Florida Public Service Company to attend free of charge. The forthcoming performance, the only one on the Ridge, will be held at the high school auditorium in Lake Wales, Tuesday, March 14. Guests may look forward to an evening filled with surprises, crammed with entertainment and loaded with valuable information.
