FOR COUNCIL

Voters and Citizens of Avon Park:

I hereby announce my candidacy for member of the City Council of the City of Avon Park, Fla.

It was my pleasure to serve three consecutive terms—all during the lean years of the early thirties, when it was difficult to find money to run the City Government and to satisfy creditors.

While we are not in lean years, we are in difficult years, and I am offering my services to the public again.

As a councilman, some said I was "tight" with the City's money; I wanted to know where it went, and what for whether or not we got value received. Well, I am still that way.

I stand for a progressive administration; for all public improvements that property owners are able and willing to stand; for honest registrations and for the integrity of the ballot.

If you elect me, I will serve you to the best of my ability and will be as fair to foe as to friend.

Sincerely,

S. J. Pendleton

3RD WAR LOAN DRIVE

-FOR INVASION

Put a circle around the date—Thursday, September 9th: For that's the day the 3rd War Loan Drive starts.

On that day, you will be asked to go the limit to back our valiant fighting men. You will be asked to do your share in the greatest invasion the world has ever seen. Answer your country's roll call!

Your part is to back this invasion by investing in at least one EXTRA \$100 War Bond in September. That's the addi-

tion to your regular War Bond purchases. Invest more than \$100—a lot more—if you possibly can.

The job is big. Everyone must do his full share if we are to put this drive over the top.

War Bonds are the safest investment in the world. For your own sake, for your Country's sake, put every spare dime and dollar in War Bonds during the 3rd War Loan Drive.

Keeping On the Go With the USO

Four new hostesses from Avon Park were in attendance at the regular Tuesday night dance. The young ladies were the Misses Margaret Harper, Hilda Reddick, Doris Reddick, and Lillian Kelley. They are always happy to see in attendance at our affairs young ladies from Avon Park, and I am asking once again for more ladies to attend our dances. Most of our Junior Hostesses come from the outlying districts of Brewster, Bartow, Wauchula, and Frostproof and there is a definite lack of Junior Hostesses from here. Serving as Senior Hostess was Mrs. S. S. Thayer. Sgt. J. M. McDaniel and his 15 piece Hindrick's Field orchestra played music for the dancers, featuring songstress WAAC Corp. Mary Taylor. Serving as the Snack Bar were Mrs. G. S. McKnight and Miss Verna Heum.

We are now showcasing our feature movie both on Monday and Wednesday nights. This week we are showing the Paramount movie, "Take a Letter Darling" featuring Fred MacMurray as the secretary and Rosalind Russell as the boss. Having seen the show a year ago, I consider it one of the prize comedies of the year. I am extending a most cordial welcome for your attendance either on Monday or Wednesday nights.

Labor Day afternoon we accepted the invitation of Colonel Guy L. McNeil and attended the review at the Bombing Range. We used the new road and was quite enthusiastic about it. I expect now that a definite bus schedule will be maintained. Also, due to the new road, we should have a greater influx of service personnel to the city. Thus, we are expecting more use and attendance at our USO Club.

A recent visitor at the Club was Mrs. J. Huber, Assistant Director of the USO Salvation Army Club located in Lakeland.

FOR COUNCIL

I hereby announce my candidacy for member of the City Council, subject to the city election, to be held September 14.

In doing so, I realize the problems and needs which exist in Avon Park, as I formerly served a two year term on the council.

I have only one promise to make. That is, if elected, I will serve the people of Avon Park to the best of my ability.

I will appreciate your vote and support.

CHURCHES OF CHRIST SCIENTIST
"MAN" is the subject of the sermon which will be read in the Churches of Christ, Scientist, throughout the world on Sunday, September 5.

The Golden Text is: "Mark the perfect man, and behold the upright: for the end of that man is peace" (Ps. 37:37).

Among these citations which comprise the Lesson-Sermon is the following from the Bible: "But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things

which God hath prepared for them that love him. But God hath revealed them unto us by his spirit. For what man knoweth the things of a man, save the spirit of man which is in him?" (1 Cor. 2:9-11).

The Lesson-Sermon also includes the following passage from the Christian Science Textbook, Science and Health with Key to the Scriptures, by Mary Baker Eddy: "God is the Principle of man, and man is the idea of God. Hence man is not mortal nor material. Learn this, O Mortal, and earnestly seek the spiritual status of man, which is outside of all material selfhood" (p. 476-477, 11:22).

Overseas Xmas Gifts Must Be Mailed Early

The Christmas shopping season is here — even though the weather is still warm. Mailing of gifts for Army and Navy personnel overseas must begin by September 15, if many of the men and women in our armed services are not to be disappointed; and September 15 is less than a month away.

Christmas gifts may be mailed by parcel post to Army men and women overseas only between September 15 and October 15. After the latter date, such parcels may not be mailed unless a written request from the soldier for the article is presented with each parcel. No soldier should have to ask for a Christmas gift, so gifts must be mailed on time. The Navy also urges that gifts be mailed between September 15 and October 15.

Reasons for the early mailing dates are: The vast distances that

the parcels must travel to our men at war fronts and overseas the world over, from one location to another which means forwarding of mail and numerous additional time, the necessity for giving preference to reinforcements, munitions, medicine and food, allotment of shipping space, and often means that the shipment of gifts must wait. And it is urgent that gifts be delivered to the men in TIME FOR CHRISTMAS, to keep their spirit high.

The only way to insure good disappointment for the fighting men is to buy at once and mail early — mail your gifts as soon as possible after the September 15 starting date.

Those who have relatives or friends in the service should remember that we have fighting men in Alaska, Greenland, Iceland, England, Sicily, far-separated regions of Africa, the Near Eastern countries, Australia, many of the South Pacific islands, India, China, South America, and other areas.

Weeks are required for a ship to reach many of these stations. There can be no assurance that

the first ship sailing for any of these locations will have space available to carry Christmas parcels. Gifts may have to wait until virtually needed supplies and equipment have been shipped, to assure victory and to save the lives of our men. If the parcels are not mailed early, that delay may prove to be just enough to prevent their arrival by Christmas day, with consequent disappointment to the men who are offering their lives for their country and ours.

Mail of all kinds is vital to the spirit of fighting men. Every officer who has inspected our Army and Navy postal facilities overseas has reported that thousands of fighting men disregard mess call when it conflicts with mail call, and get their letters first. Officers at our large military and naval stations report that the spirit and efficiency of their men receive a distinct lift when mail is distributed, and that a delay in mail service caused a decided letdown in spirit with a consequent letdown in efficiency.

A disconsolate soldier or sailor who thinks he has been forgotten at Christmas obviously is not at his best. So the gifts MUST be mailed on time so that they can arrive on time.

Rules for Christmas mailing to the fighting forces overseas were made public in June for the guidance of early shoppers. They include:

The parcel must not exceed five pounds and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas parcel" so that it may be given special attention to assure its arrival before December 25.

Not more than one parcel may be mailed in any one week to the same member of the armed forces or in or behalf of the same mailer.

The parcel must be well and strongly packed in a container of metal, wood, strong fiber board, or similar material, then wrapped in strong paper and tied with string. The cover should be such that it can be opened readily for inspection. The contents should be packed tightly.

Perishable goods, such as fruits, may spoil, are protected by toxicants, inflammable materials, such as matches or lighter fluid, poisons, and anything that may damage other mail also are prohibited. Gifts enclosed in glass should be substantially packed to avoid breakage. Sharp instruments, such as razors and knives, have their edges and points blunted so that they cannot cut through the coverings and injure postal personnel or damage other packages.

Since the armed forces are being plentifully supplied with food and clothing, the Army and Navy recommend against these as gifts. Addresses must be written clearly and completely. In addition to the return address of the sender, a parcel for an Army man should show the name, rank, Army serial number, branch of service, organization, Army post office number, and name of post office through which the parcel is routed. A typical address for an Army man:

Private John R. Doe (Army serial number)
Company F, 16th Infantry
A. P. O. 810, co Postmaster
New York, N. Y.

The address on a parcel for a Navy man should include the name and rank or rating of the addressee, the Naval unit to which he is assigned and the Navy number assigned thereto, or the name of his ship, and the fleet post office through which the parcel is routed. A typical Navy address:

John M. Jones, Seaman first class,
U. S. Navy
Naval Air Station
Zany 199 (one nine nine)
c/o Fleet Post Office
San Francisco, Calif.
Lieutenant Roger W. Doe,
U. S. Navy
U. S. S. Minnesota
c/o Fleet Post Office
San Francisco, Calif.

CEILING ON CABBAGE SEED

Inflated prices for cabbage seed will be rolled back this week under an OFA order — the first price ceiling on vegetable seed of any kind. The regulation freezes the price of each seed at the highest price he sold cabbage seed during the period of Feb 15 to May 16, 1943. That particular period was chosen by OFA because a nationwide check disclosed prices during that time was generally fair.

HERE IS THE BUS REPORT

Two weeks ago, I promised the people of Avon Park that I would make a report on the bus business of the city. Here it is, in the form of an operating statement, prepared by City Auditor A. Gilbert Lester, certified public accountant.

Since the report was made the city has acquired two additional buses, making a total of nine buses operating between the city and the Bombing Range. This equipment represents an investment of \$35,000, all of which is paid for, with the exception of one of the last two buses, and the cash is in the bank to pay for that one.

In the past two or three weeks, you have

probably heard a great deal about efficient bus management. The bus business simply amounts to this: The City has \$35,000 worth of buses, less depreciation, with money in the bank to pay all bills.

Now that the buses have been paid for, and we are beginning to operate over the new road, we can expect to put some cash into the city treasury.

The city council anticipates that the buses will make a profit of \$30,000 this coming year, and this amount has been deducted by the council, in making up the budget, and every taxpayer in the city will benefit in this saving.

STATEMENT OF BUS OPERATIONS, DEC. 1942 TO JULY, 1943

RECEIPTS (226,520 Miles of travel) 57,482.47

Expenses:

Salaries

Manager . . . \$ 425.00

Others 13,079.10

Gas, Oil and Repairs 10,144.82

Railroad Commission Tax (177,980 Miles) 1,779.80

Taxes and Licenses 794.00

Miscellaneous Expenses 442.98

Total Expense 26,665.70

Net Profit (Before Depreciation) 30,816.77

NOTE: (By Auditor)

The above figures include revenue due the City and unpaid and also unpaid bills due by the City at 7-31-43.

The investment the City has in seven buses amounts to \$27,056.62. Therefore the profit shown exceeds such cost and indicates very satisfactory operations. All the buses have been fully paid for.

The buses have traveled over a quarter million miles — or a distance equal to ten times around the world — and over the worst road any bus line ever attempted to run over. With all the difficulties of getting started. With bad roads. With help scarce and uncertain. With bus parts almost unobtainable. With the few skilled mechanics overworked to keep the buses running. With all of these handicaps, we are pleased to report that your City Bus Line CAME THROUGH. It is running every day, rain or shine. And it is making money for the city.

As manager of the bus system, I do not take all of the credit for this showing. The council has given me fullest cooperation. Ray Wells is due the thanks of the people of this town for having faith enough in the city to buy these buses without requiring the city

to make a dollar down payment. It turned out to be good business, and he got his money for everything he sold the city. But WITHOUT HIM, THERE WOULD VERY PROBABLY NOT HAVE BEEN A BUS LINE. I appreciate the assistance of all the boys who are working to keep the buses rolling. The city has had splendid cooperation from the Army, which filled in with GI transportation when it had to be done to keep the soldiers coming into town. All garages have been cooperative, and have been good to lend a hand when needed.

Study this statement. I am willing to let it speak for itself. You be the judge on the kind of bus management you have had.

E. A. DeLANEY
